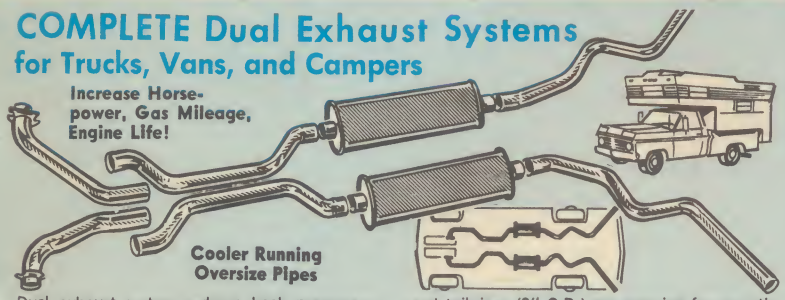
COMPLETE Dual Exhaust Systems for Trucks, Vans, and Campers



Dual exhaust system reduces back pressure — engine breathes more efficiently, delivers more power, top performance, economy. System bolts on to stock exhaust manifolds — **no cutting or welding required.** Exhaust pipes (2-1/4" O.D.) and tailpipes (2" O.D.) are oversize for smoothest exhaust flow. Tailpipes exit at side, behind rear wheel. Complete with brackets, clamps, and instructions. **Less mufflers:** choose glass pack or stock type (see below).

- **Lightweight Only 10 lbs.**—16" wide, 14" long, 10" high.
- **No Installation, Easy to Use**—just set on car floor, adjust legs over hump, fill with water, plug in and adjust louvers as desired. Can also be used in home, office, or motel by using transformer shown below. Mechanical features include: heavy duty 2,800 RPM motor, 2 blower wheels (each 4" deep x 2" wide) that deliver over 550 CFM. Slosh-proof water tank holds 2 gallons of water for approximately 4 hours of cooling. Pump cannot rust or clog and circulates 3 gallons of water per minute. Noiseless nylon bushings. For all 12 volt systems.

77-0081Y—. . . . . Each **$49.95**

POWER OPERATED ANTENNA

SENSATIONAL LOW PRICED SPECIAL!

CUSTOM-FIT ELECTRIC FOR ALL 12 VOLT SYSTEMS

ONLY 19.98

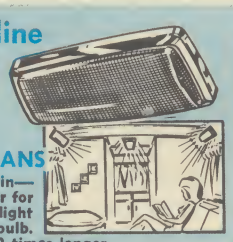
FRONT OR REAR MOUNT
- **3 section staff extends to 40" — lowers to 1"**
- **Staff has non-glare satin finish—conforms to all safety standards**

Compactly designed for easy front or rear infender mounting in any car or truck having 16" clearance under fender.
- **Heavy duty motor and clutch for trouble free service**
- **Adjustable rocker type mounting base fits all fender contours**

Same type antenna as used in expensive luxury cars at a fraction of the cost. Have full automatic control of your antenna from inside your vehicle. A flick of the dash mounted switch automatically raises or lowers staff quickly and effortlessly. Staff lowers to 1" . . . prevents theft, vandalism or breakage when entering car wash, garage or drive-in with low clearance. Ready to install . . . nothing else to buy. Color coded wires for simple hook-up.

89-4164U— . . . . . Each **$19.98**

Quartz-Iodine INTERIOR LIGHTS for TRAILERS, CAMPERS & VANS



- **Low battery drain—1/3 use of power for 3 times more light than ordinary bulb.**
- **Last up to 2-1/2 times longer.**

New type halogen bulb gives improved interior trailer lighting without increasing drain on battery. Handsome fixture has chrome housing, clear lens. 8-1/2" wide x 4" high x 1-1/2" deep.

88-5137P—6 Volt
88-5138Y—12 Volt. . . . . Each **$14.98**

REPLACEMENT BULBS FOR ABOVE.
88-5139W—6 Volt
88-5140U—12 Volt. . . . . Each **$3.59**

EXTRA DEEP Well Thin Wall SOCKET SET

8 PC. SET 3/8" DRIVE CHROMED STEEL

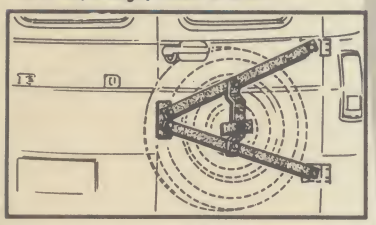
Extra deep thin wall sockets eliminate the need for open end wrenches in most cases. Use with any 3/8" drive attachment to clear bolts up to 2" long. Socket sizes: 13/16", 3/4", 11/16", 5/8" 9/16", 1/2" 7/16" 3/8".

88-7034X— 1-Set **$7.19**

VAN REAR DOOR TIRE CARRIERS

SWINGS with Door

Fit Ford, Dodge, Chev. & GMC



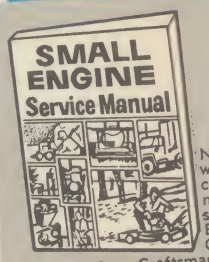
Extra strength bolt-on bar steel construction. Mounts on rear door—eliminates front mounting and interference with cooling system. Swings open and shut with door—never in way. Easy 4-hole, 4-bolt installation — hinge bars attach to door with perfect alignment of counter sunk and bored holes. Black finish. Each

17-8634R—All Ford & Dodge Vans. **$22.98**
17-8635W—All Chev. & GMC Vans

TIRE LOCK. Compact. Locks rigidly in place. Cannot rattle or swing from side to side. With 2 keys. Enamelled.
75-3133W—. . . . . Each **$3.98**

See Index for tire covers.

SMALL ENGINE REPAIR MANUAL



New 11th edition of the world's most popular air-cooled engine service manual. Very High Temperature Enamel for Exhaust Systems

Resists rust, corrosion and carbonization. Designed and tested for the missile and space industry to withstand temperatures up to 1200°F—will dry tack-free in 15 minutes. Will not bake off or discolor. Easily cleaned with soap and water. Choice of 13 colors. Available in 12 oz. aerosol spray can, or 4 oz. can. Contents of 4 oz. container can be sprayed, brushed or dipped on part desired (must be thinned 50-50 with enamel thinner). Contents of thinned 4-oz. can of enamel will coat one set of manifolds, headers, or exhaust pipes. With easy-to-follow instructions.

Dress up and preserve exhaust systems and manifolds at less than 1/3 the cost of chrome plating, aluminizing, or porcelainizing.

12 oz. Aerosol Spray Cans.

STOP BURNING OIL!
Engine Overhaul

With Armor-Plating Action-Rejuvenates Any Gasoline or Diesel Engine in 60 Seconds!

- **Quiets valve lifters.**
- **Ups power 40%.**
- **Saves costly repairs.**
- **Restores oil pressure.**
- **Hushes noisy motors.**

Engine Overhaul contains a long chain molecule which works in combination with motor oil so as to improve its film thickness under tough conditions of motor operation. Flows onto bearings, valve, cylinder and piston surfaces, protecting them with a self-lubricating, wear-resistant protective film. Saves your motor oil—saves your motor.
17-8288U—Per Quart Can **$1.95**

KAR-LIFE Super Power BATTERY with the SEALED-IN CHARGE

EXCLUSIVE 10 YEAR WARRANTY*

- Triple protection against overcharge.
- Stay stronger longer.
- Have high water reservoir for extra protection.
- Retain charge when not in use.
- Have improved recuperative ability.
- Have extra "live" starting power.

KAR-LIFE batteries have premium quality capillary action type separators, extra water capacity for less frequent filling, new premium hard rubber case that prevents shock and vibration (same type as used in heavy duty commercial batteries). Filled and fully tested at the factory.

6 and 12 VOLT FOR ALL CARS

Silver-Cobalt coats the battery grids, protecting them from corrosion. Grids last longer—the battery performs better—stays stronger longer.

Bare unprotected steel rusts. Coated steel resists rust. Unprotected battery grids corrode. Silver-cobalt grids resist corrosion.

You actually get **300%** more resistance to overcharge — greater resistance to undercharge with a Kar-Life battery (based on SAE minimums). These two factors alone account for 80% of all battery failures. Countless tests have proven that Kar-Life batteries give **greater life expectancy** — more years, more miles of service than ordinary batteries.
The amazing Silver-Cobalt grid lining gives Kar-Life batteries the ability to resist overcharge and discharge up to **5 times longer** than ordinary batteries. A Kar-Life battery always retains enough strength to start a car even when it hasn't been used in some time.

KAR-LIFE IS THE BATTERY WITH EXTRA RESERVE POWER, EXTRA-LONG LIFE

Kar-Life batteries are designed and engineered to exceed car manufacturer's requirements and SAE specifications. You get an extra-powerful battery that is built to handle with ease all the additional electrical equipment on late model cars, such as heater, defroster, radio, air conditioning, extra lights — and still have plenty of fast starting power.
You can always be sure that your Kar-Life battery retains sufficient starting power long after ordinary batteries are completely dead, because the Silver-Cobalt coated plates seal the charge in the battery. This coating prevents corrosion and sulfation of the grids—results in your Kar-Life battery staying stronger longer, gives it years of added life and service. With Kar-Life batteries, there is no need for initial filling and possible spilling of dangerous acids. All Kar-Life batteries are filled and tested at the factory—each and every battery is guaranteed factory fresh, full of extra "live" power.
Kar-Life batteries have greater recuperating ability. Even after it has been run down by excessive use, the Kar-Life battery will recuperate in a few moments, and will turn over the engine easily, quickly.

WHEN ORDERING BE SURE TO STATE EXACT YEAR, MAKE AND MODEL OF CAR.
55-0216W—6 Volt.
55-0217U—12 Volt.
Not Mailable—Available at our store only.

* KAR-LIFE BATTERIES CARRY A 10-YEAR SERVICE POLICY.
We guarantee to the original purchaser that if a Kar-Life battery becomes unserviceable (not merely discharges) under normal passenger car service, anytime within one year of the date of purchase, it will be replaced FREE OF CHARGE. Anytime after the first year and within ten years of the purchase date, all adjustments will be on a pro rated basis computed on the number of months battery has been used.

FRONT OR REAR REPLACEMENT FENDERS to fit VOLKSWAGEN "Beetle"

DUPLICATE OF ORIGINAL REAR FENDERS — Fits 52-72 Volkswagen **21.49**

FRONT FENDERS — Fits 55-66 Volkswagen **26.95**

Replace rusted or damaged original fenders on your Volkswagen "Beetle" with these perfect-fitting duplicates. Constructed of heavy gauge steel and prime coated, all ready to paint to match your car. Bolt on—no drilling or fitting necessary. Add years of service to your Volkswagen, add dollars to trade-in value. Rear fenders fit all 1952-72 "Beetle" cars, front fenders fit 1955-66 models. Head and tail lamp assemblies not included.

Keeps Your Windshield Clear for Safer Driving DEFLECTOR SHIELD

Deflects Bugs, Gravel, Dirt, Dust, Snow, Slush, Salt, Grime Over the Top of Your Car or Truck!

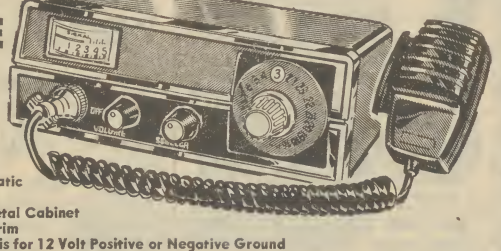
10-3778W— . . . . . Each **8.19**

Install It Yourself and Save

Economy DC Powered 23 Channel

MOBILE CB RADIO



- **Built-in Automatic Noise Limiting**
- **Sleek Black Metal Cabinet with Chrome Trim**
- **Floating Chassis for 12 Volt Positive or Negative Ground**
- **Free FCC License Application Form**

Built-in automatic noise limiting circuit filters static, interference. PA switch on channel selector for public address. Convenient illuminated VU-meter shows relative strength of signals transmitted and received. Built-in automatic modulation control circuit. Volume, on/off, and variable squelch controls. Solid state circuitry. Circuit fuse protects components from voltage overload. Maximum legal 5 watt input, maximum legal 4 watt output. 2 amp low current draw. Front plug-in microphone jack. Rear panel features external speaker jack, antenna connector, PA jack, and directly wired powercord. Metal cabinet with black and chrome plated ABS space age plastic faceplate. Size: 6-1/2" wide x 8-3/4" long x 2-1/4" high. With built-in speaker, detachable dynamic microphone and coiled cord, all crystals, instruction manual, mounting brackets, and FCC license application form. For all 12 volt DC positive or negative ground systems. Special antenna required, see antennas, this page.
03-9139U— . . . . . Each **$119.50**

CARBURETOR CLEANER INJECTOR

Removes power-robbing gum and varnish deposits from internal carburetor parts in 15 minutes — without dismantling carburetor or disconnecting gas line. A clean carburetor helps improve gas mileage and increase power in minutes, helps eliminate hard starting and stalling. This patented carburetor cleaner injector can do in 10 to 15 minutes what used to take hours and save you the expense of removing and rebuilding or replacing the carburetor. To use, fill injector with any good carburetor cleaner (available at auto supply stores). Then, following instructions in included booklet, within minutes the injector's surging action removes all dirt and contaminents from the carburetor's internal passages, jets, bleeds, and pumps. Works by itself once metering starts. No need to hold over engine. No other tools required. Works on most cars made in the last 25 years.
17-9269T— . . . . . Each **$3.79**

COIL SPRING COMPRESSOR

for McPherson Struts

Permit quicker, safer removal and installation of springs when repairing struts. Set of 2 compressors maintain spring curvature, which is necessary to seat springs. Adjust to fit any size McPherson strut spring.
88-7517A—
1-Set . . . 1 Set **$11.98**

SAFETY MIRROR

Eliminate blind spots! 2-1/2" x 3" mirror with suction cup mounts anywhere on windshield, may be quickly and easily re-positioned as desired. Also doubles as vanity mirror. Plastic body with swivel base. Arm extends 1-1/4".
88-7462P— . . . . . Each **$2.49**

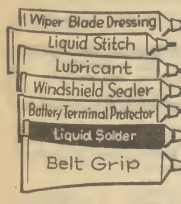
NEW and "HOT"

CAR CARE and MAINTENANCE KIT

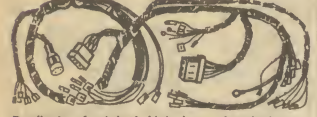


7 Handy Pocket Size 1½ Oz. Tubes

Kit supplies 7 important "emergency" chemicals, yet is compact enough to fit in glove compartment! **(1) Wiper Blade Dressing.** Restores old blades to increase visibility, end streaking, prevent icing, prolong blade life. **(2) Liquid Stitch.** Permanently mends fabrics and vinyl in minutes; stitches invisible. **(3) All Purpose Lubricant** with Silicone. Waterproofs, insulates, protects moving parts. Eliminates friction and noise. **(4) Windshield Sealer.** Transparent, waterproof sealer ends leaks, drafts, noise. Bonds to glass, wood, metal, and rubber. **(5) Battery Terminal Protector.** Prevents power loss and breakdown due to terminal corrosion. Insures solid contacts for fast, all-weather starts. **(6) Liquid Solder.** Mends tin, aluminum, wood and enamel quickly, easily. No heat required. **(7) Belt Grip.** Restores efficiency and power to all belt driven equipment. Just a few drops will prevent slippage, squeaks, breakdowns.

17-9344U— 1-Kit **$4.95**

CUSTOM FIT REPLACEMENT WIRING HARNESS for HONDA



Duplicate of original. Help keep electrical components operating at peak efficiency by replacing worn, frayed, defective wiring. Complete wiring harness set consists of color coded, properly sized wires and insulated male and female clips. When ordering, please be sure **your** Honda model and frame number correspond **exactly** to our listing. Custom fit the following Hondas only.

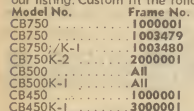
BICENTENNIAL WHEEL COVERS for American & Imported Cars



Colorful, patriotic way to customize your car! Sparkling chrome plated rim offsets alternating red, white, and blue panels. Center hub features stately American eagle and American flags on contrasting white ground. Positive grip ring mounting assures tight fit.

18-2862A—For 13" wheels
18-2864X—For 14" wheels
18-2866B—For 15" wheels
All Numbers 1-Set of 4 **$23.95**

TANK MOUNT TOURING BAG for All Motorcycles

Mounts on gas tank for easy access! Straps on in minutes with heavy duty nylon webbing and D-rings. Foam mounting pad protects tank, keeps bag firmly in place. Rugged, weatherproof black Naugahyde® with heavy duty rustproof zipper. 12 1/2" long x 9" wide x 5" high.

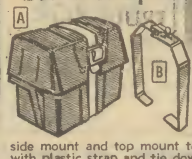
02-1541P— Each **$10.98**

PRESSURIZED CABLE OILER for Motorcycles

Eliminate hard pulling controls—prolong cable life. Easy-to-use tool lubricates (using oil) and cleans (using solvent). No need to remove cables from bike. Simply (1) disconnect cable from control lever, (2) place split hose (included) around end of cable housing, (3) insert cable into oiler, (4) fill chamber with oil or solvent, and (5) pressurize chamber by slowly depressing plunger, allowing oil or solvent to flow through cable.

02-1553N— Each **$3.49**

Box & Strap for Auxiliary Batteries



A **Battery Box.** Protects auxiliary battery on RV's, vans and trucks. Unbreakable polypropylene box won't corrode, rust, dent, crack or peel. Accepts both side mount and top mount terminals. Complete with plastic strap and tie down. 9x10x12-in.

17-9260B— Each **$4.98**

B **Battery Security Strap.** Rugged 2-pc. steel strap has snap lock—can be padlocked (lock not included). Zinc plated. Fits all battery boxes with approximate dimensions of 9x10x12-in.

17-9261P— Each **$5.98**

CUSTOM 4 SPEED SHIFTER with REVERSE LOCKOUT for ALL VOLKSWAGEN BEETLE and GHIA

Delivers faster, shorter, more accurate shifts. Specially designed thumbbutton "T" handle eliminates necessity of pushing down shift lever to engage reverse. Spring loaded, heavy duty steel construction; triple chrome plated shift lever. Simple bolt-on installation—replaces stock shifter perfectly. Complete with illustrated instructions. Fits all Type I Beetle, and Karmann Ghia.

87-9783Y— Each **$35.95**

GRILLE SHELL for 1948-52 MG TC and TD

Chrome plated brass shell is duplicate of original.

99-7303T—Each **$149.95**

MOTORCYCLE REPLACEMENT SPOKE AND NIPPLE SETS

5.98

Custom fit duplicates of original spoke sets. Replace bent, broken, weak spokes with these custom fit, cadmium plated spoke and nipple sets. Rust and tarnish resistant. Sold in complete sets for front or rear wheel. All sets are sized, threaded, and angled to fit as original equipment. See index for spoke wrench and/or wheel rims.

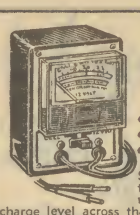
DUAL FUNCTION BATTERY ANALYZER



- Tests Battery Charge
- Tests Battery Cells
- Easy-to-Read Meter

Solid-state, all-in-one dual tester quickly and accurately measures battery charge level across the posts **and,** with a flick of the dual-function test switch, analyzes battery cells.

DUAL-RANGE METER:
Tests charge level on wide-scale meter over an expanded voltage range of 11 to 14 volts D.C. for greater accuracy. Meter face has convenient Low-Normal-High color bands. For 12 volt batteries only.
Tests cells of any battery. Special scale expansion gives 10 times greater accuracy than ordinary zero center cell testers. Heavy duty cadmium plated probes may be placed directly into the electrolyte of 6, 12, 24 and 36 volt battery systems. Meter is overload protected and always reads "positive" even if probes are reversed in the cells. Easy-to-understand diagnostic information, included, shows how to tell defective or failing batteries from good ones. Compact tester is 4" x 2-7/8" x 2-1/2".

17-9441Y— Each **$23.98**

RUBBER, Vinyl, Leather CLEANER, RESTORER and FINISH

CLEANER

A superb cleaning product for finest leather, vinyl, rubber, plastic, wood, metal, Plexiglas, acrylic, and chrome finishes. Just spray on and wipe off with a damp cloth. Deep-cleans vinyl tops, car upholstery, interior, and exterior, floor mats, all rubber moulding, tire side walls, luggage, furniture, all types of sporting gear. Excellent for preparing rubber, vinyl and leather surfaces for Restorer and Preservative in this listing. 16 oz. spray top container.

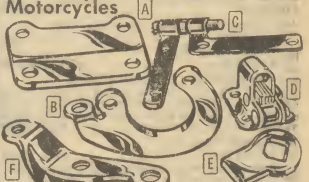
12-2349N— Each **$2.39**

RESTORER and FINISH

Preserves and protects . . . penetrates beneath the surface to become part of the material. Not just a coating or dressing that temporarily covers up damage; but a special polymer finish whose molecules are chemically formulated to entwine themselves around damaged rubber, vinyl, or leather molecules to actually become part of the surface—restoring it, strengthening it. Protects against further damage from sunlight, ultra-violet rays, pollutants, and just plain aging. Seals out moisture, dirt and other agents that cause deterioration, and leaves a soft lustrous finish; makes materials easier to clean. Non-toxic, non-flammable, eliminates static electricity, completely safe for use on all rubber, vinyl, and leather materials. **Excellent for restoring rubber or leather on antique cars**—preserves and protects new cars rubber, vinyls and leathers—both interior and exterior. Has 100's of uses . . . on your automobile as well as all rubber, vinyl and leather materials around the home. Easy to apply: just spray or wipe on, let dry, wipe to lustrous finish with clean cloth. Available in 8 oz. spray bottle, 16 oz. bottle and money-saving gallon size.

12-1454U—8 oz. Each **$2.79**
12-2332A—16 oz. Each **$.39**
12-1455A—Gallon Each **27.95**

CHROME PLATED STEEL PARTS for Harley Davidson Motorcycles



Stronger than original, replace original parts perfectly. **Show-quality** chrome plated.

A **Headlight Bracket.** Used on **FX** and **XLCH** when extended front end is used. Lowers headlight for easy adjustment. Supports any stock or custom headlight.

02-1577U— Each **$4.49**

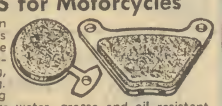
01-1794W— ..... Each **$7.79**

B **MALTESE CROSS.** Chrome plated housing with red lens, has license light 4-1/4" high x 4-1/4" wide x 2-3/4" deep.
01-1606B— ..... Each **$6.59**

LIGHT BRACKET AND LICENSE HOLDER. For cycles without light/license bracket.
01-1607P— ..... Each **$5.98**

FRONT DISC BRAKE PADS for Motorcycles



Replace worn disc brake pads and eliminate fading, grabbing, swerving, and squealing. Long wearing brake pads are water, grease and oil resistant. Superior, rivetless construction—lining is integrally molded to steel plate for longer wear, increased surface area, and less rotor scoring. Fit front wheel only on the following motorcycles:

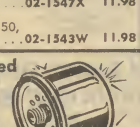
NEW! Chrome Plated SPIN-ON OIL FILTER

for All Honda 4-Cylinder Motorcycles



Makes oil changing easier and cleaner; also ends bolt thread stripping common to these models. Chrome plated finish blends with engine accessories. Filter housing is shorter than the original, yet has a larger filter area for longer life and increased engine protection. Shorter length also permits installation of custom pipes and oil coolers. Large sealing area insures leak-free operation. Pressure relief valve insures proper oil flow even if filter is clogged with dirt. Can be replaced in less than 30 seconds. Fits all Honda 4-cylinder bikes.
02-1564B— ..... Each **$4.98**

ALL STEEL LOWERING KIT

for Honda, Kawasaki and Yamaha Motorcycles

Get that chopper look without losing the comfort of conventional styling! Kit lowers bike about 2-1/2 inches, still retains use of your existing shocks. All steel construction—3/16" thick steel mounting bracket is heli-arc welded to 5/8" solid square steel bar. Easy bolt-on installation — no drilling, welding, or cutting necessary. Mounts over original lower shock mount. Available in black or chrome plated finish. Complete with instructions and all necessary hardware and spacers.

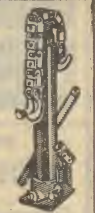
Automatic Transmission SEALER

Avoid Expensive Teardown
Instant Sealer forms its own pliable coating to build up worn or cracked seals and **stop leaks.** Will also seal minor housing cracks and line leaks. Eliminates engine racing due to slipping clutches or lazy shifting. 7 fl. oz. jar.
12-2352R— ..... Each **$2.98**

HYDRAULIC 3 TON BUMPER & UTILITY JACK

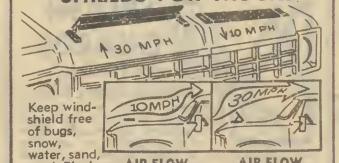


Use to raise cars and trucks effortlessly, or to push, pull or lift anything weighing up to 6000 lbs. Extra wide hook prevents damage to chrome bumpers. Low height 24-3/4". Hydraulic lift: 17" Maximum height: 41-3/4". 8-9/16" low hook. 38-3/4" high hook. Jack has provision for utility chain and hook for extra low 3" lift. 22" handle included.
17-9373T— ..... Each **$49.95**

FLOATING LANTERN

Reliable light source in all weather . . . ideal for on-the-road emergencies, great for camping, boating. Lightweight, rugged housing with sealed lens, reflector and switch. 6 volt battery included.
88-7388X— ..... Each **$4.98**

"POP UP" DEFLECTOR SHIELDS FOR TRUCKS



Keep windshield free of bugs, snow, water, sand, mud. Black 3" high

AIR FLOW AT 10 MPH — AIR FLOW AT 30 MPH

Anodized tempered aluminum shields attach to front of hood, lay flat at low speeds. At approx. 30 mph, air pressure causes the shields to rise, creating a low pressure area on top of hood in front of windshield. Air flow, along with bugs, snow, etc., is diverted away from windshield and up over the cab. Complete with rugged black vinyl mounting brackets, screws, and rubber mounting bracket pads for easy, permanent installation. Fit the following trucks:

Year, Make, Model	Stk. No.
69-76 Chevrolet, Blazer, Suburban and 1/2, 3/4, 1-ton pickups	17-9266R

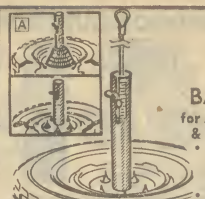
OUR MOST VERSATILE WHEEL BALANCER for All Trucks, RV's & Passenger Cars



- Balances ANY Wheel, large or small (exc. closed center hubs)
- Balances by centerhole or lug-hole method
- Includes both center-hole cone head Ⓐ and lug-hole head Ⓑ
- Uses plumb-line principle with sensitivity adjustment for MAXIMUM ACCURACY

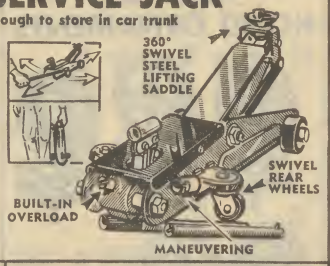
Easy-to-use wheel balancer does not need to be leveled. Simply hang chain, cable or rope (not included) from overhead hook in your garage, carport or basement and attach balancer. Wheel is in balance when cable is in center of balancer tube. Made of sturdy die-cast aluminum with stainless steel cable and S-hook. Balances ALL wheels (exc. closed center hubs).
17-9271R— ..... Each **$54.95**

STEREO POWER AMPLIFIER For Your Car Radio or Tape Player

Increases the power of your car radio or tape player by 25 watts! Amplifier reduces distortion while clarifying sound beyond the capability of your present unit. Pushbutton on/off control. For all 12 volt negative ground vehicles with speakers of 4 or 8 ohm impedance. 4-1/8" wide x 1-1/8" high x 6-3/8" deep.
03-9164B— Each **$29.95**

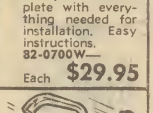
PORTABLE 3000-LB. CAPACITY HYDRAULIC SERVICE JACK

- Big 3000-lb. capacity, yet compact enough to store in car trunk
- Lifts from 5 to 15-1/2 in.
- Lifts from front, side or rear
- Top-quality construction



Weighs just 38 lbs.—can be hand carried. Ideal for car and truck owners, garages, service stations. Hardened and ground piston and ram with quick action release valve. Maneuvering socket, front roller-bearing wheels, and rear swivel ball-bearing wheels for easy positioning of jack. Hydraulic unit has cast aluminum base. Steel lifting saddle swivels a full 360°.
Lifts front, side or rear of any vehicle up to 6000 lbs. Built-in overload protection, for safety. 24-1/2" long x 10-1/2" wide—stores in trunk. Complete with 30" handle and instructions.
89-9780B— ..... Each **$109.98**

GALLEY HAND PUMP with FAUCET for Recreational Vehicles



Corrosion-proof pump provides fast water flow for non-pressurized systems. Lock feature eliminates need to prime before use. Chrome plated brass spout and lever; black plastic handle. 3/8" hose connection.
17-9350A— ..... Each **$12.95**

ILLUMINATED GAUGE KITS

1-5/8" diam. gauges have black faces with white numerals and red indicators. Vacuum gauge's dial is color coded. Black housings can be adjusted to desired angle; mount on dash or center console. Instructions included.
A **Ammeter.** Reads —60 to +60.
88-7381B— ..... Each **$5.98**
B **Oil Pressure.** Reads 0-80 lbs. With installation kit.
88-7382P— ..... Each **$8.39**
C **Vacuum.** Reads 0-30 in. With installation kit.
88-7384W— ..... Each **$8.39**
D **Water Temperature.** Reads 100°-220°F. With installation kit.
88-7383Y— ..... Each **$9.59**

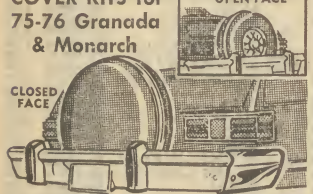
RUSTPROOF STAINLESS STEEL SPLASH GUARDS with Flexible, Bonded Safety Edge

Flexible plastic strip is permanently bonded to all edges to prevent cut fingers when installing guards or servicing car. Choose Black or White edging to contrast with gleaming, rustproof stainless steel. Extra wide 13" L x 6-3/4" W guards accommodate wide oval tires, fit all cars
17-9345A—With Black safety edge. 1-Pr. **$3.49**
17-9346R—With White safety edge. 1-Pr. **3.69**

STOP Car or Truck Theft! TIME DELAY Auto-'n-Truck PROTECTOR

Protector allows would-be thief to drive only a short distance, then stops the engine cold by shorting the ignition. Thief cannot re-start motor without knowing your secret! Protector installs in minutes and is easy to use—just pull knob when you leave vehicle. If engine is started by anyone not knowing how to operate protector, time delay element will burn out (and must be replaced), thereby preventing theft. Complete with easy-to-follow instructions.
17-9355P— Each **$3.79**
Replacement Time Delay Element for above.
17-9356Y— 1-Pkg. of 5 **$2.49**

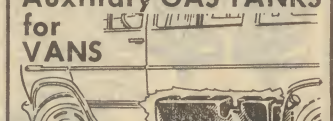
CONTINENTAL WHEEL COVER KITS for 75-76 Granada & Monarch



- Add up to 40% more trunk space
- Retain 5 mph impact requirement
- Heavy gauge steel construction

Add class to your car while increasing trunk storage area up to 40%! Cover kits come in choice of closed face, or open face for displaying wire or mag wheels. Ready-to-prime-and-paint heavy gauge steel with rust-resistant coating. Stainless steel trim ring has provision for lock (lock not included). Bumper hydraulic cylinder extensions (included) keep 5 mph safety bumpers fully operational. Kit comes complete with all brackets and hardware, provision for filling gas tank. Double chrome plated bumper extensions, and instructions. Bolt-on installation; minor drilling required. Fits 75-76 Ford Granada and Mercury Monarch. Shpg. wt. 50 lbs.
99-7301X—Closed face cover
99-7302N—Open face cover 1-Kit **$219.95**
Note: Shipped from California.

Auxiliary GAS TANKS for VANS



Fit 70-76 Chevrolet, GMC, Dodge, Ford & Plymouth

- Carry Up to 22 Extra Gallons of Gas
- Outside Wheel Well Filling System
- Complete With Sending Unit

High density polyethylene tanks are up to 100 lbs. lighter, yet are equal in strength to 7-gauge steel van tanks! 1-piece seamless construction won't rust or leak. Switch for 4-way valve mounts inside cab—lets you divert gas flow from auxiliary to original tank. Use gas in auxiliary tank first; when gas is depleted, use 4-way valve to switch to regular tank's supply (which registers on your fuel gauge). Installs easily on driver's side in one hour or less—no holes to cut, no body work needed. Complete with hose, zinc coated hardware caps, mounting hardware, and instructions. Fit the following 70-76 vans:
22 Gallon Tank for Long Wheel Base. Size: 53" long x 11-1/2" high x 11-1/2" wide.
19-6995UE—Fits Ford, Dodge & Plymouth
19-6996BE—Fits Chevrolet & GMC
Shpg. wt. 26 lbs. 1-Kit **$99.95**
15-Gallon Tank for Short Wheel Base. Size: 35" long x 11-1/2" high x 11-1/2" wide.
19-6997P—Fits Ford, Dodge & Plymouth
19-6998Y—Fits Chevrolet & GMC
Above Numbers 1-Kit **$89.95**
6-PORT VALVE AND FUEL RETURN KIT. Required for all 73-76 Chevrolet and GMC with 454cc engines and 350cc engines that have two fuel lines between fuel tank and fuel pump. (3 lines on fuel pump also indicates return fuel system).
19-8292U— 1-Kit **$21.95**

EARLY CAR AUTO REPAIR MANUAL for 62-68 American Cars, Bronco, Scout and Jeep®

Complete, comprehensive time-and-money saving manual explains how to fix almost any part on most American cars from 1962 through 1968, including Buick, Cadillac, Chevrolet, Chrysler, Dodge, Ford (including Bronco), IHC Scout, Jeep®, Lincoln, Mercury, Oldsmobile, Plymouth, Pontiac, and Rambler. Detailed trouble shooting section helps you quickly identify source of malfunction. Individual sections describe specific models in depth for easiest, quickest repair. Crammed with photos, drawings, and specifications. 1,444 pages.
16-5862P— Each **$13.95**

CUSTOM FIT TOURING SADDLE SEAT For Kawasaki and Honda

Saddle style front section and rear passenger seat combination make this an extra-comfortable, touring buddy seat. Deeply padded, 32-oz. Naugahyde® cover has sculptured, stitched-down diamond pattern . . . rich looking, long wearing. Won't peel or crack. 2-in. thick rebond foam filler is glued and stitched in place to prevent shifting. Protective rubber edging. Rotproof thread . . . 16-gauge cold-rolled steel frame . . . Front section 16-in. long, rear section 11-in. long. Overall size: 27-in. long, 4-1/2-in. high x 8" wide at end, 8-in. wide at nose, 12" wide at saddle, 6-in. high saddle back. Complete with all necessary mounting brackets to bolt to original hinge brackets, and instructions. Custom fit the following motorcycles:

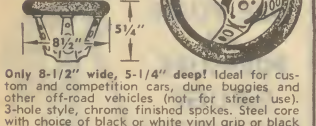
Faster, Easier to Use! MAGNETIC CASTER and CAMBER GAUGE

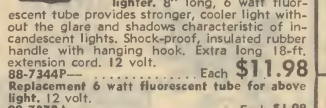
Similar to gauges used by professional mechanics, but at a fraction of their cost. Faster, easier to use because it's magnetic. Gauge measures caster and camber angles in minutes within 1/8 degree accuracy using just one precision level. Three powerful Alnico® magnets include metal "keeper" plates; simply place them on magnets when gauge is not in use and magnets retain their holding power indefinitely. Gauge is made of aluminum and vinyl coated steel. Complete with alignment chart and instructions.
17-9272X— Each **$41.95**

EXTRA MINI STEERING WHEEL



Only 8-1/2" wide, 5-1/4" deep! Ideal for custom and competition cars, dune buggies and other off-road vehicles (not for street use). 3-hole style, chrome finished spokes. Steel core with choice of black or white vinyl grip or black foam grip. Pre-drilled mounting holes. See index for mounting kits.
17-9347X—Black vinyl grip. Each
17-9348N—White vinyl grip. **$11.98**
17-9349T—Black foam grip.

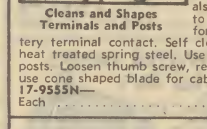
12V FLUORESCENT TROUBLE LIGHT



COOLER OPERATING THAN INCANDESCENT

Operates off 12 volt cigarette lighter. 8" long, 6 watt fluorescent tube provides stronger, cooler light without the glare and shadows characteristic of incandescent lights. Shock-proof, insulated rubber handle with hanging hook. Extra long 18-ft. extension cord. 12 volt.
88-7344P— ..... Each **$11.98**
Replacement 6 watt fluorescent tube for above light. 12 volt.
88-7372A— ..... Each **$1.98**

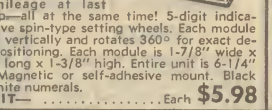
BATTERY TERMINAL & POST CLEANER



Cleans and Shapes Terminals and Posts

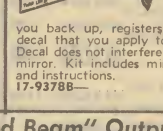
Specially designed tool not only cleans cable terminals and battery posts but also RECUTS them to a round 8° taper for maximum battery terminal contact. Self cleaning blades are heat treated spring steel. Use smaller blade for posts. Loosen thumb screw, reverse handle, and use cone shaped blade for cable terminals.
17-9555N— Each **$3.65**

3-in-1 MILEAGE MINDER



Record mileage at start of trip, mileage when you change oil, and mileage at last tune-up—all at the same time! 5-digit indicators have spin-type setting wheels. Each module adjusts vertically and rotates 360° for exact desired positioning. Each module is 1-7/8" wide x 2-1/4" long x 1-3/8" high. Entire unit is 6-1/4" long. Magnetic or self-adhesive mount. Black with white numerals.
88-7371T— ..... Each **$5.98**

TRAILER BACKING AID



Easy-to-use system makes it easier to back up and park all kinds of trailers.

Directional flag attaches with suction cup to rear side of trailer, and, as you back up, registers between guidelines of decal that you apply to your rear-view mirror. Decal does not interfere with normal use of your mirror. Kit includes mirror decal, parking flag and instructions.
17-9378B— 1-Kit **$5.98**

Auxiliary SHOCK ABSORBER MOUNTING KIT for 1965-76 FORD 1/2 thru 1-Ton PICKUPS and VANS

Easy-to-install kit lets you mount an extra pair of shock absorbers to front twin I-beam suspension of Ford pickup or van to give you all of these handling and performance advantages:

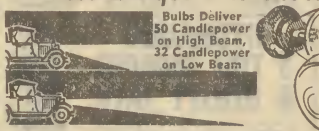
- Reduces sway in strong winds and on sharp turns
- Reduces scissoring action on dips and bumps
- Controls "tipping" on sudden stops
- Insures better weight distribution for more stable braking . . . keeps tires firmly on the road
- Cuts down unusual tire wear, increases tire mileage
- Helps keep front end in alignment longer, lengthens life of front end parts
- Perfect solution to handling problems of camper equipped vehicles

Kit consists of two heavy duty steel brackets, all necessary hardware and easy instructions for mounting the auxiliary shock absorbers to the chassis of your pickup or van. Kit uses regular 65-73 Ford pickup shock absorbers (see below). No special tools required for installation. For the following Ford 2-wheel drive pickups and vans:

Year, Model	Stk. No.	1-Kit
65-70 F100 & F250 Pickups	87-9784W	$35.95
65-74 F350 Pickups	87-9785T	39.95
66-70 E100, E200 Econoline Vans	87-9787R	44.95
66-74 E300 Econoline Vans	87-9788X	47.95
71-76 F100, F150, F250 Pickups	87-9786A	38.95
71-(Early) 75 E100, E200 Econoline Vans	87-9789N	46.95
75 (Late) 76 E300 Econoline Vans	87-9835W	47.95
75 (Late) 76 E100, E150, E200 Econoline Vans	87-9834R	47.95

Shock Absorbers for Use with Above Kit.
85-2805Y— ..... Each **$5.99**
Coil Spring Stabilizers for Use with Above Kit. Recommended for optimum performance. Insert into front coil springs to restore springs to normal height
87-9790T— ..... 1-Set of 4 **$4.98**

Get 50 Candlepower "Sealed Beam" Output from these Antique & Classic HEADLIGHT BULBS!



Keep your antique car lights original. Have powerful, safe, modern lighting without converting using sealed beams. These prefocused 6-volt bulbs replace old-style bulbs perfectly. 50/32 candlepower bulbs (50 CP on high beam, 32 CP on low beam). Fit all 6-volt, prefocused, double filament applications.
88-7310A— ..... Per Pair **$5.98**

Oil Your Air Conditioner When You Add Refrigerant

OIL CHARGE for automotive air conditioner compressor adds oil without removing the compressor. When refrigerant leaks from your air conditioning system, oil is lost also. Avoid compressor damage and save costly repairs—replace oil when you recharge refrigerant. **OIL CHARGE** contains 2 oz. of 525 viscosity oil and 2 oz. refrigerant. Use with regular charging equipment.
17-8954A— Each **$1.25**

2-PC. STEEL CONTINENTAL TIRE CARRIER KIT FOR VANS & PICKUPS

Fits Chevrolet, Dodge, Ford, GMC, Plymouth Vans and Trucks and Volkswagen Bus. Continental style carrier gives a neater appearance, protects against tire theft. Easily installed on existing front or rear spare tire carrier. 19-ga. deep drawn steel, ready to prime and paint. Attractive stainless steel trim ring. Integral lock provision secures spare tire and cover. Accepts tires up to 9" cross section width. See index if you do not already have a spare tire carrier. Shpg. wt. 25 lbs.

GAS TANK SEALER

Repair Rusted Gas Tanks Permanently

Excellent for all old, rusted tanks—ideal for antique and classic cars where replacement tanks are not available. To use, remove fuel from tank and ventilate thoroughly. Remove tank from vehicle, then remove parts that could become clogged by sealer (sending unit, float, etc.) Pour sealer into tank, then slosh liquid to cover entire inside of tank. Let tank air dry 24 to 72 hours, then re-install in vehicle. One-quart can will repair one automobile gas tank.

17-9775R— ..... Each **$9.95**

MOBILE COFFEE MAKER for RV's, Trucks & Cars

Enjoy a cup of hot coffee, soup, or chocolate from your dash in just 10 seconds. Ideal for 12 volt cars, trucks, RV's and boats. Kit consists of dispenser with drain, hot water heater, 2-quart water tank, 4 cups, and 2 cupholders. 4" x 5" x 5-1/2" wood-grained aluminum dispenser mounts on or under dash or sink. Patented electric hot water heater with temperature control valve heats water to approx. 180°F in seconds; hooks up to 12 volt battery, uses same intermittent power as the starter and recharges after each use (with engine on). 100-oz. hi-density polyethylene tank with pump holds 20 cups water; installs anywhere under hood. To use, just pour your favorite coffee, soup, or chocolate mix in cup, push button to dispense hot water, and stir! Complete with all necessary wiring, tubing, hardware, and instructions. Shipped from California.

Bolt-On STEEL BODIES & BODY PARTS for JEEP®

ALL BODIES and BODY PARTS CONSTRUCTED of HEAVY GAUGE STEEL

• REPLACE RUSTED, DENTED PARTS • MAKE YOUR JEEP® LOOK LIKE NEW

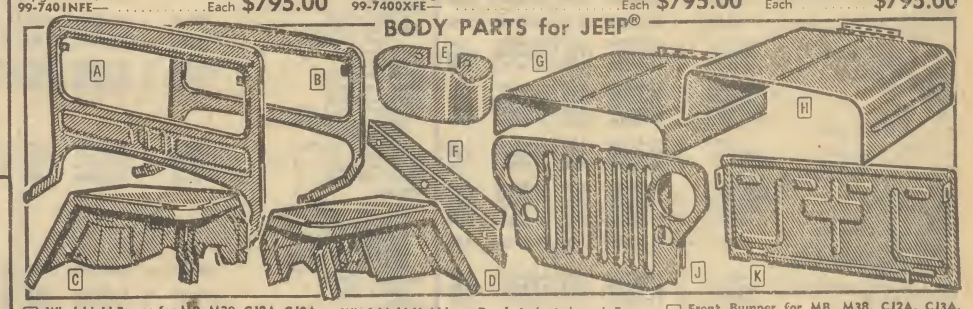
Bodies and parts are duplicates of original (except where noted) and are factory primed, ready to paint. All body parts have mounting holes and original contours and lines. All bodies are 1-piece construction up to firewall, and include fenders, hood, grille, windshield frame (glass not included), windshield rubber, glove box, floor tool box, dash cutouts, and mounting bolts. All bodies and parts shipped truck or rail from California.

A Body for M38, CJ2A, CJ3A. Duplicate of original on M38, CJ3A; Replacement on CJ2A (windshield frame is 1-piece instead of 2-piece original design): Consists of body shell, two fenders, hood, grille, windshield frame, and tailgate. Shpg. wt. 400 lbs.
99-7401NFE— ..... Each **$795.00**

B Body for MB. Replacement body, not a duplicate. One-piece windshield instead of original 2-piece design. Body consists of body shell, two fenders, hood, grille, and windshield frame. Floor is not cut out for gas tank; tank may be relocated under front seat, or floor can be cut to fit tank. Non-functional tailgate. Shpg. wt. 400 lbs.
99-7400XFE— ..... Each **$795.00**

C Body for CJ3B. Duplicate of original. Body consists of body shell, two fenders, hood, grille, windshield frame, and tailgate. Shpg. wt. 400 lbs.
99-7402TFE— Each **$795.00**

BODY PARTS for JEEP®



A Windshield Frame for MB, M38, CJ2A, CJ3A. Duplicate of original on M38, and CJ3A models. Replacement for MB or CJ2A models (frame is 1-piece instead of 2-piece original design). Frame less glass. Shpg. wt. 32 lbs. For gasket and holddown brackets, see below.
99-7407BFE— ..... Each **$115.00**

B Windshield Frame for CJ3B. Duplicate of original. Frame less glass. Shpg. wt. 30 lbs. For gasket and holddown brackets, see below.
99-7408PFE— Each **$115.00**

Rubber Gasket (not shown) to fit between windshield and cowl. Prevents abrasive metal-to-metal contact; keeps out wind and rain. Fits MB, M38, CJ2A, CJ3A, CJ3B.
99-7409YF—Shpg. wt. 2 lbs. . . Each **$5.98**

Windshield Holddown Brackets (not shown). Fasten to dashboard and windshield to hold frame in upright position. Fit MB, M38, CJ2A, CJ3A, CJ3B. Shpg. wt. 2 lbs.
99-7410WF— 1-Kit **$6.98**

C-D Front Fenders for MB, M38, CJ2A, CJ3A. Duplicates of original. Drilled mounting holes, pre-punched flange holes—ready for easy installation. Shpg. wt. 20 lbs. each.
99-7405WFE—Left front
99-7406UFE—Right front . . . . Each **$62.95**

E Rear Bumperette for MB, M38, CJ2A, CJ3A, CJ3B. Duplicate of original. Fits left or right side.
99-7414YF—Shpg. wt. 4 lbs. . Each **$14.50**

F Front Bumper for MB, M38, CJ2A, CJ3A, CJ3B. Duplicate of original. **$22.00**
99-7413PF—Shpg. wt. 15 lbs. Each

G Hood for MB, M38, CJ2A, CJ3A. Duplicate of original, complete with hinge **$79.95**
99-7403AFE—Shpg. wt. 40 lbs. Each

H Hood for CJ3B. Duplicate of original, complete with hinge. **$89.95**
99-7404RFE—Shpg. wt. 46 lbs. Each

J Grille for MB, M38, CJ2A, CJ3A. Duplicate of original on M38, CJ2A, and CJ3A. Replacement for MB (must use later model headlights). Shpg. wt. 20 lbs. **$54.95**
99-7411UFE— ..... Each

K Tailgate for M38, CJ2A, CJ3A, CJ3B. Duplicate of original. **$36.50**
99-7412BFE—Shpg. wt. 18 lbs. Each

ONE STOP SHOPPING

MOTORCYCLE TRAVEL TRUNK

Hi-impact polyethylene trunk holds 2 full-face helmets plus small items. Overlapping rain lip and inner neoprene gasket provide weather-tight seal. Hinged, locking lid with 2 keys. Includes tie-downs and mounting hardware. Fits all flat motorcycle luggage racks. 14-1/4" long x 19-1/2" wide x 11-1/4" high.
02-5890X—Black
02-5891N—White ..... Each **$34.98**

TRAILER BEARING KITS

Protect your trailer and its valuable cargo, prevent breakdowns. Replace worn, unsafe trailer wheel bearings quickly, easily. Kit contains new bearings and bearing races, grease seal, dust cover, and easy-to-follow instructions. For all trailers—camping, boat, snowmobile, etc. Order 1 kit per wheel—for correct kit, measure diameter of spindle.

For all 1" diam. straight spindles.
85-4109T— 1-Kit **$6.99**

For all 1-1/4" diam. straight spindles.
85-4110A— 1-Kit **$7.99**

HAND HELD ENGINE ANALYZERS

- **Accuracy within ±2% with Precision Jeweled D'Arsonval Movement**
- **For all 6 or 12 Volt Positive or Negative Ground Systems**
- **Test the Following: Engine RPM, Cam Dwell, Points, Spark Plug Wires**

These analyzers enable you to check out weak cylinders, valves, or bad spark plugs, plus correct hard-starting and prevent point burnout. These compact, easy-to-use instruments perform most functions for a complete major tune-up—quickly pay for themselves in the money you save!

A IGNITION ANALYZER. Large 3" x 2-3/8" color coded scale with dual dwell scale of 15° to 45° and 20° to 60°. Idle tachometer with dual range—0 to 1200 RPM for 8 cylinder vehicles and 0 to 1600 RPM for 6 cylinder vehicles. Ohmmeter resistance range, 5000 ohm mid scale; continuity testing of electrical wiring system plus good/poor ignition point indicator range. Tough plastic housing. Complete with color coded leads and complete instruction manuals for basic tune-ups and ignition system trouble shooting. Uses one 9 volt battery (not included).
17-9676R— ..... Each **$18.95**

B ENGINE AND TUNE-UP ANALYZER. Deluxe analyzer has 3" x 2-3/8" color coded scale with dual RPM scale reading 0 to 1200 RPM and 0 to 1600 RPM, a dual cam dwell scale reading 15° to 45° and 20° to 60° PLUS a 0 to 16 volt scale, a 0 to 60 amp scale, and a point resistance test scale. Tough plastic housing. Complete with heavy duty shunt, long wire leads, and complete instructions for basic tune-up and ignition system trouble shooting. Operates off car battery.
17-9677X— ..... Each **$22.50**

MOTORCYCLE BATTERIES

H-D Motorcycle Batteries Give Extra Reserve Power, Extra-Long Life!

H-D BATTERY 18 MONTH (LIMITED) WARRANTY

4 month free replacement. We will replace this battery at no cost to original owner if battery fails to hold a charge during the free replacement period. After 4 months we will replace the battery, charging a pro-rated amount since purchase, based on the current regular selling price. Batteries should not be returned without writing to us in advance for instructions.

Designed and engineered to exceed the original equipment specifications for your bike. These extra-powerful, extra-long-life batteries are built to give dependable service under all conditions, easily handle extra electrical equipment, and still have plenty of reserve power for quick starting every time. Durable plastic battery case construction protects against shock and vibration. Clear, see-thru case has indicator marking for quick check of acid level inside battery. Case cover permanently sealed and leakproof. Complete with instructions for filling, charging, installation and maintenance of battery. **All batteries shipped dry. Electrolyte not included. Must be filled before using.**

STANDARD BATTERY

Long life batteries meet original equipment specifications, deliver dependable servive. See-thru plastic case has indicator markings to check acid level. Sealed case cover. **All batteries shipped dry. Electrolyte not included. Must be filled and charged before using. Instructions included.**

STANDARD BATTERY 12 MO. (LIMITED) WARRANTY

2 month free replacement. We will replace this battery at no cost to original owner if battery fails to hold a charge during the free replacement period. After 2 months we will replace the battery, charging a pro-rated amount since purchase, based on the current regular selling price. Batteries should not be returned without writing to us in advance for instructions.

Heavy Vinyl Coated Fabric SEAT COVERS

for Jeep® and Other 4 WD Vehicles

FRONT OR REAR LOW AS **49.95**

- CUSTOM FIT
- CHOICE OF TAN OR DENIM BLUE

Similar to original cotton duck seat covers for Jeep®, but BETTER because these seat covers (1) wear longer, (2) clean easier, (3) look better! Heavy vinyl impregnated cotton fabric will give years of rugged, dependable hard wear—vinyl treatment makes covers easy to clean too. Double stitched seams and bonded fabric backing for added strength. Available in Tan or Denim Blue. Each cover is custom cut for each model to assure proper fit. Hog rings, pliers, and instructions included. When ordering, **State Make, Year, Model and Stock Number.** Available only for models listed. Shipped from Colorado. Shpg. wt. 6 lbs.

Rear Deck LUGGAGE RACK for All Cars

- **Permanent mount**
- **Heavy nickel chrome plated**
- **Large 16" deep x 39-1/2" wide**

Smart sports car styling, practical large capacity! Luggage rack fits any trunk with minimum dimensions shown above. Supports a load so heavy that the deck will "give" before the rack! Rails are 16-ga. round tubing; bed is 18-ga. rectangular tubing. Hi-impact nylon mounting brackets and plugs eliminate rust between rack and deck. Mounts are designed to fit any contour and rack is assembled for easy custom installation. Approx. 2-1/2" deck clearance. With instructions and hardware.

19-8312P— . . . . . Each **$34.95**

VAN STRIPING KIT

Specially designed stripes can be easily cut and fit to desired length for unique custom look! Colors change from end to end for dynamic visual effect.

Two 9-1/2 foot long x 2-3/4 in. wide stripes in kit.

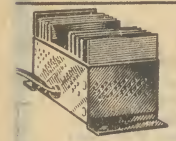
POWER CONVERTER

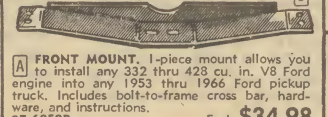


24, 36, & 48 Volt to 12 Volt DC

Designed for trucks, boats and buses—ideal for CB mobile radio installations. Use 12 volt equipment in your 24, 36, or 48 volt vehicle. Converter is voltage regulated; delivers approx. 6 amps at 24 volts, 3-1/2 amps at 36 volts, and 2 amps at 48 volts. Size: 3" wide x 5" high x 5" long.

17-9795X— . . . . . Each **$47.95**

CHANGE-OVER MOTOR MOUNTS for 53-66 Ford Pickup Trucks



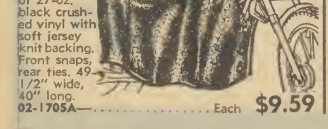
A FRONT MOUNT. 1-piece mount allows you to install any 332 thru 428 cu. in. V8 Ford engine into any 1953 thru 1966 Ford pickup truck. Includes bolt-to-frame cross bar, hardware, and instructions.

37-6858B— . . . . . Each **$34.98**

B REAR MOUNT. Allows you to mount C4 or C6 Ford automatic transmission into any 1953 thru 1966 Ford pickup truck when installing any 332 thru 428 cu. in. V8 Ford engine. Mounts in channel of frame or under frame—no welding required.

37-6859P— . . . . . Each **$21.98**

Protective COVER for Motorcycles



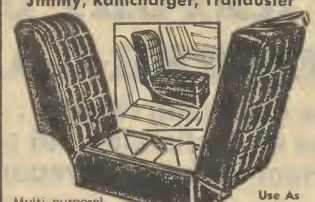
Protects seat and gas tank from rain, snow. Made of 27-oz. black crushed vinyl with soft jersey knit backing. Front snaps, rear ties. 49-1/2" wide, 40" long.

02-1705A— . . . . . Each **$9.59**

SATISFACTION GUARANTEED or MONEY BACK

MIDDLE SEAT with Storage

Fits Blazer, Bronco, Jeep®, Jimmy, Ramcharger, Trailduster



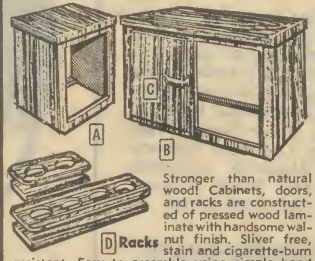
Multi-purpose! Provides seating for a third person up front, doubles as a cooler or console. Installs between the front seats. Black Naugahyde® with cushiony 5" thick foam rubber padding. Fiberglass cooler insert. D.O.T. approved. 27" deep x 10" wide x 25" high. Shipped from California. Shpg. wt. 17 lbs.

Use As Cooler or Console

99-7565UE—Blazer and Jimmy
99-7566BE—Bronco
99-7567PE—Dodge Ramcharger
99-7568YE—Plymouth Trailduster
99-7569WE—Jeep® all CJ series
Above Numbers . . . . . Each **$99.95**

Deluxe CABINETS

for Vans, Campers, RV's & Boats



Stronger than natural wood! Cabinets, doors, and racks are constructed of pressed wood laminate with handsome walnut finish. Sliver free, stain and cigarette-burn resistant. Easy to assemble using simple hand tools. Hardware and instructions included. Cut-out for ice box is 20-1/2" high x 17-1/2" wide. (See index for ice box).

A **Ice Box Cabinet Without Door.** 24" high x 21-3/8" wide x 17" deep. If desired, order door below C to use as storage cabinet instead of ice box cabinet.

19-8274B— . . . . . Each **$34.95**

B **Ice Box Cabinet with Door and Storage.** 24" high x 36-3/8" long x 17" deep. Unit comes with 1 door and antique brass plated hinges, screws, and pull. If you wish to use as storage cabinet exclusively, order extra door below.

19-8275R— . . . . . Each **$69.95**

C **Door Only** to fit cabinets above. 21" high x 19" wide. Includes antique brass plated hinges, screws, and pull.

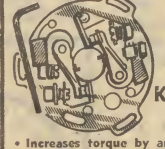
19-8276X— . . . . . Each **$9.98**

D **Racks** to hold 2 or 4 glasses. 2-glass rack is 3" high x 8-1/2" long x 4-1/2" deep. 4-glass rack is 3" high x 16-1/2" long x 4-1/2" deep.

19-8277N—2-glass rack . . . . . Each **$11.98**
19-8278T—4-glass rack . . . . . Each **18.98**

MAGNETO-LIKE PERFORMANCE BREAKER PLATE

for Honda & Kawasaki 4-Cyl. Motorcycles



- **Increases torque by an amazing 1,500 RPM!**
- **Lasts up to 4 times longer than stock ignition components • Replaces stock ignition plate in minutes—no modification or additional wiring required.**

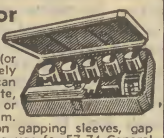
Motorcycle breaker plate delivers same magneto-like performance of automobiles, but at a fraction of the cost! Enjoy easier starts, faster warmups, longer plug and ignition life, and increased gas mileage.

Never have condenser failure again! No-fail electronic grade condenser has larger capacity and higher voltage rating than old "tin can" condenser.

Tune your bike in less than half the time! Only 2 micrometer precision adjustments required. No need for feeler gauge or dwell meter. Gap is automatically and continuously adjusted for any timing setting.

02-1778Y—For all vertical 4-cyl. Honda
02-1779W—For 900Z1 & KZ900 Kawasaki
Above Numbers . . . . . Each **$17.98**

IGNITION POINT GAP GAUGE KIT for ALL U.S. CARS



Set ignition points (or spark plug gap) accurately on any 46-74 American car in less than a minute, without rotating engine or finding high spot on cam. Kit includes 5 precision gapping sleeves, gap gauges, and dial-a-gap gauge for 57-74 General Motors cars w/peak-a-boo distributor.

75-1025W— 1-Kit **$8.98**

Add Panoramic Side View Vision CONVEX MIRROR HEAD

for Trucks, RV's, and Motor Homes

Replace your ordinary side view mirror head with panoramic convex mirror. Eliminates blind spots, increases side and rear visibility for safer driving. Clear glass mirror; protective vinyl gasket. 10-5/8" x 5-1/8" overall. Ball joint bolt and nut mount. Attach to your present mounting bracket.

88-7610U— . . . . . Each **$8.49**

FRESH WATER TANK

for Vans, RV's and Boats

Virtually indestructible white polystyrene tank hold 5 gallons fresh water. 3/8" diam. x 14" long plastic tube allows easy hookup to galley pump. Easy-fill openings, handy carrying handle. Compact size: approx. 11" x 11" x 13" high.

17-9791W— . . . . . Each **$10.98**

12 Volt RV FAN for Gas, 3-Way, & Electric REFRIGERATORS

2600 RPM motor and 3" diam. blades move 5 cubic ft. of air per minute to help your RV refrigerator run cooler, more efficiently. Fan installs at base of refrigerator coils and forces hot air away from rear of box. Blades are hi-impact ABS plastic. Compact unit is 3" x 3" x 4" overall. Includes on/off switch with indicator light. Low draw—only 1/4 amp. Easy to install—adjustable mounting bracket and instructions included. 12 volt.

12-2362Y— . . . . . Each **$11.98**

TRIANGULAR SAFETY REFLECTOR

- **Easily seen day or night**
- **Folds for storage**

Both sides of triangle have red reflectors for night visibility and orange fluorescent plastic material for day visibility. Folds to a compact 1-1/4" x 4" x 18".

88-7644T— . . . . . Each **$4.79**

AIR FILTER KITS for Honda, Kawasaki, Suzuki, and Yamaha Motorcycles

Pre-assembled filter with wire mesh screen has special paper element that needs no oil. Black rubber mounting hardware.

Choice of chrome plated or black rubber top. Clamps included. Kit contains filter for each carburetor. Custom fit the following motorcycles with stock carburetors:

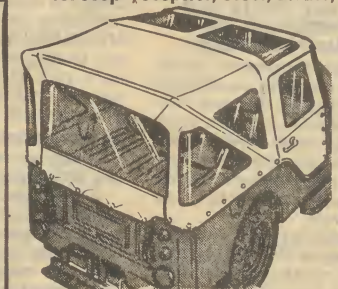
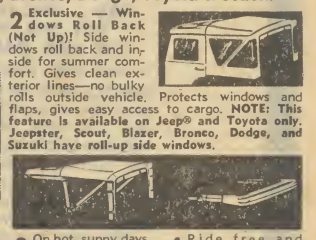
4-Way Convertible Top with SUN ROOF

for Jeep®, Jeepster, Scout, Blazer, Bronco, Dodge, Toyota & Suzuki



1 Use with the top and sides down for snug protection from rain, snow, cold. Wards off wind, dust too!

2 **Exclusive — Windows Roll Back (Not Up)!** Side windows roll back and inside for summer comfort. Gives clean exterior lines—no bulky rolls outside vehicle. Protects windows and flaps, gives easy access to cargo. **NOTE: This feature is available on Jeep® and Toyota only. Jeepster, Scout, Blazer, Bronco, Dodge, and Suzuki have roll-up side windows.**



3 On hot, sunny days, roll both sides and back out of the way for maximum ventilation. Heavy duty fabric top with tinted windows wards off sun's rays.

4 Ride free and breezy with top completely down . . . and you don't loose any space in back with top folded down.

- **NEW—large roof windows of tinted vinyl for even greater visibility and comfort! A safety "must" for construction areas. • CUSTOM TAILORED for each model listed. 1-piece design assures snug fit—always. • Extra heavy duty flexible vinyl coated preshrunk fabric gives long life and good looks. • Choice of Black or White, each with black interior**

Deluxe top is finest of its kind on the market! Electronically sealed seams and windows give snug, year round weather-tight protection and comfort. Wraparound windows are durable .040 clear vinyl—approved in all 50 states for perfect visibility. Roof windows are tinted to filter harsh sun rays. Extra wide, removable doors feature curved, zipper windows that roll out of the way, store neatly. Rear window rolls up to store neatly inside. Covered zipper keeps cold air out, heat in.

Adjustable bow release bracket lets you raise or lower top in minutes—easiest of all tops to handle! Exclusive QUICK LOCK TOP ATTACHMENT (exc. on Chevrolet Blazer where top snaps to windshield frame)—a ridged plastic lock is electronically sealed to the top and fits into groove on windshield for weather-tight seal without pushing, snapping or threading. Complete with all hardware and easy installation instructions.

Note: ♦=Doors Not Included

REPORT ON
THE MILES-PER-GALLON GAUGE

If those endless lines at the gas pump return . . . if gas rationing looms in the future . . . if gas prices start climbing out of reach . . . this could be the most important automotive report you'll ever read.

By John Mulhaney

For as long as most of us can remember, cars have been operated with five basic instruments.

And all those long years, the "sixth instrument"—the one gauge we needed most of all to save gas—was simply left off our dashboards by the carmakers.

That all-important device is a MILES-PER-GALLON GAUGE—an instrument driven directly by the engine vacuum which shows on a dial the miles we are driving for every gallon of gas we burn.

The "sixth instrument" which tells the driver exactly when he is wasting gasoline, and what to do about it every mile he is on the road!

WHAT'S AN ENGINE-DRIVEN VACUUM GAUGE?

Well, smart motorists who have installed one wouldn't drive to the corner grocery without it.

Even the smallest airplane wouldn't fly around a cow pasture without a vacuum gauge, and the big planes have dozens.

Big overland trucks depend on them; so do tractors, farm equipment, boats!

And no racing car would even run up to the starting line without one.

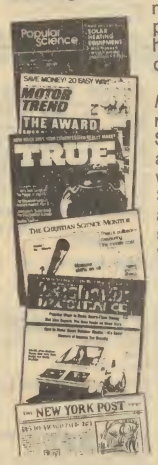
Over 25 years ago, when gasoline cost about 26¢ a gallon at the pump, in one year alone over 1 million cars equipped with the gauge were able to get a remarkable increase in gas mileage.

Yet, it wasn't until 1964 that a few new car models were released by the major car companies which could achieve a 25% increase in gas mileage. Then—without saying anything more about it—the car companies simply dropped the gauge. Until now!

YES . . . THE GAS CRISIS HAS PUT THE PRESSURE ON THE CAR MANUFACTURERS!

In fact, the "sixth instrument" could quickly become standard equipment on new cars. Because, this year, for the first time, urgent pressure from the gas crisis has made Ford, Chrysler, General Motors and American Motors—all four major car companies—offer vacuum-driven devices as optional equipment.

Why the vacuum gauge? Because all the experts agree that the vacuum gauge is the one device that can save gasoline! Practically every magazine and newspaper in the country has published articles on it.



In the *New York Post*, January 1, 1974, respected economist Sylvia Porter wrote about gas savers and what really works. She reports: "One is a comprehensive shop manual. This will make it possible for you, if you're at all handy, to keep your car in proper tune. Another is a 'vacuum gauge' which will tell you when you are applying more gas pedal pressure than you need to, consistent with the most economical operation of your car'."

Popular Science for *March*, 1975, devotes an entire important article to this amazingly versatile instrument. Read it—starting on page 110.

The list of important publications which have cited the vacuum gauge is long . . . The Connecticut Motorist, *True Magazine, Motor Trend, Field & Stream*, The Christian Science Monitor, Elks Magazine, *Scientific Monthly, The Wall Street Journal, Speed Age* . . . and many more.

HOW THE MILES-PER-GALLON GAUGE WORKS TO SLASH 25% FROM YOUR GASOLINE BILLS

Engineered into every automotive engine is a direct link between the pressure in the car's intake manifold and the amount of fuel burned per mile.

The MILES-PER-GALLON GAUGE shows the difference between atmospheric pressure and the air inside the intake manifold on a dial on your dashboard.

As engineers will tell you, the fuel-to-air ratio of an automotive engine is ideal when you are using 15 parts of air to 1 part of gasoline. The secret is knowing when your engine maintains an economical ratio. The MILES-PER-GALLON GAUGE tells you exactly what is happening—monitors your driving so that *you* operate by instrument, like an airline pilot, instead of by instinct.

As an example . . .

If you are an average driver, you buy 600 gallons of gas per year.

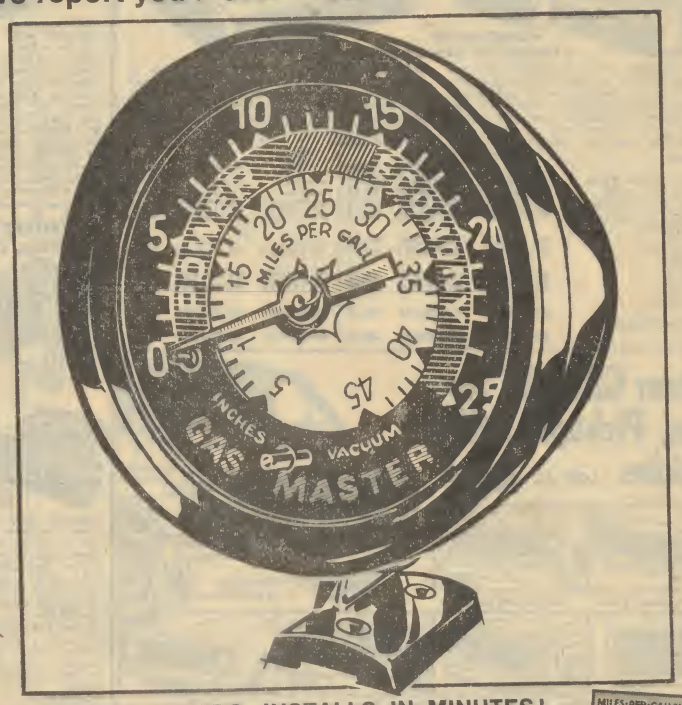
If you can increase your mileage by 25%, you will SAVE $80.00 or more per year, every year.

But gas savings and money savings are only part of the benefits. The important thing is that you will be able to travel further on the same amount of gas. You'll keep right on going about your business while your neighbor's car is parked in the garage without gas!

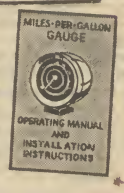
In fact, if you are now driving 15,000 miles a year, you will be able to drive 18,000 miles on the same amount of fuel. Or consider an everyday thing like driving to work.

If you drive 20 miles each way, that's 40 miles and let's say you burn 2 gallons of gas on the round-trip. With the MILES-PER-GALLON GAUGE on your dashboard, you will be able to slash that to just 1½ gallons of gas . . . and that's more than enough gas saved to take your family on a much-needed two-week driving vacation!

Remember that too—with the MILES-PER-GALLON GAUGE monitoring every family members' driving—the savings in gasoline can be impressive.



FITS ALL CARS—INSTALLS IN MINUTES!



The MILES-PER-GALLON GAUGE was designed and engineered to fit all cars — and it installs easily and quickly, using only simple hand tools. Again we urge you to read the March, 1975 edition of *Popular Science Magazine*. You'll learn a good deal about the gauge, and the article explains exactly how to install the instrument. Complete instructions for installation also come with the MILES-PER-GALLON GAUGE, along with operating instructions.

HELPS HEAL "SICK" ENGINES

The MILES-PER-GALLON GAUGE also gives you a daily health report on the condition of your engine—warns you in advance of deterioration—tells you when a simple adjustment made immediately could save you costly repairs later on. You can actually check 31 conditions, and make 16 minor adjustments to keep your car running smoother, and a lot longer. Simple instructions tell you all you need to know—and even a pre-teenager can learn to detect when a healthy engine becomes "sick".

OUR RESPONSIBILITY—TO MAKE THE MILES-PER-GALLON GAUGE AVAILABLE TO YOU NOW

Yes, our customers have made it possible for us to become the world's largest automotive specialty house. We owe you a real debt of gratitude.

We believe the MILES-PER-GALLON GAUGE can make a real contribution to relieving the energy crisis — and we know what it will do for you in gas savings and in helping to keep your car going further on the gasoline available.

We believe that with the MILES-PER-GALLON GAUGE, you'll be able to slash your family gasoline bills a full 25%. You'll be able to start and go in traffic . . . drive in hot and cold weather . . . climb hills and negotiate difficult mountain roads . . . cruise at speed on the highway . . . all at the most economical, gas-savings speeds.

If you compare our Vacuum Gauge to the one offered on the 1975 models by the manufacturers you'll find only our Gauge was engineered with the miles-per-gallon feature. You'll also find out that the cost of our unit is 2 or 3 times less than new car manufacturers unit.

MILES PER GALLON GAUGE
88-7303W . . . . . EACH 14.95

2" ILLUMINATED TACHOMETERS

D'Arsonval meter movement gives extremely accurate readings from 0 to 8000 RPM. 0 adjustment and shift indicator features. Internally illuminated tachs are completely self-contained and fully transistorized; solid state circuitry provides greater shock-and-vibration resistance. For all 4, 6 or 8 cylinder vehicles with 6 or 12 volts, positive or negative ground. Complete with all mounting hardware and installation instructions. Mount in dash by cutting 2" diam. hole, or mount under dash using one of under-dash panels (see Index, "gauges").

A **17-9680A**—90° dial . . . . . Each $18.95
B **17-9681R**—270° dial . . . . . Each 24.95

D.C. TIMING LIGHT

Check engine timing, check for worn distributor parts and proper function of mechanical or vacuum advance. Hooks up to car battery for strong, dependable power. Xenon strobe bulb produces extra bright light. Pre-focused lens produces brightest possible beam. Light is internally protected against incorrect hookup. Transistorized circuitry—light can't shock or burn out. No moving parts to wear or fail. Tough, impact-resistant leather-like grained plastic housing is balanced for easy handling. Complete with cable, clamps, spark plug adapter, and instructions.

17-9691Y— . . . . . Each **$17.98**

AIR VENTED RIDING BELT

"Breatheable" Mesh Material

Form fitting, 4-buckle belt with 7-oz. leather stiffeners provides maximum support and protection to lower back and kidneys. Constructed of mesh material for "breatheable" comfort and coolness. Binding reinforced on top and bottom. 7 inches wide.

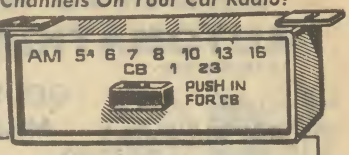
Now—Bring in All 23 CB Channels On Your Car Radio!

CB CONVERTER

Monitors All 23 CB Channels

Only **29.99**



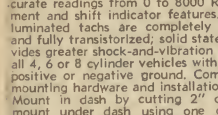
- **No License Required**
- **No Additional Antenna Needed**
- **Brings in All 23 Channels with the Same Quality Reception as Standard CB Receiver—at a Fraction of the Cost!**
- **Mounts Under Dash in Just 15 Minutes • Fits All American and Imported Cars and Trucks**

Simply press the button on this compact converter and turn the dial of your car radio to the desired CB channel. Listen in to any of the 23 CB channels, including Emergency Channel 9 for weather, road hazards and detours, and truckers channel 19. Radio pushbuttons can be used to pre-set your favorite CB channels.

High quality reception—equal to standard 2-way CB radio. Converter's input and mixer stages use two dual gate MOS FET's for optimum sensitivity, high gain, low noise. Frequency stability is assured by zener regulation. After installation, the antenna trimmer in the radio may be peaked to favor either radio or CB operation as desired. Can also be used by CB radio owners as an auxiliary unit to monitor one channel and have conversation on another channel if desired. Permits monitoring of emergency channel or weather channel and still be able to talk on the CB unit. **Easy to install.** Converter installs between the antenna and the radio's antenna terminal. Converter operates off negative ground 12 volt car battery. Because the current drain is low, the converter may be connected to any convenient +12 volt source whether it is controlled by the ignition switch or not. Complete, ready to mount under dash. 4-5/16" wide x 1-13/16" high x 2-5/8" deep.

03-9159B— . . . . . Each **$29.99**

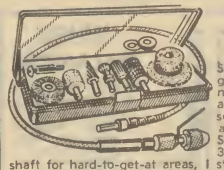
TIRE RIM LOCK for Motorcycles



A "must" for street and off-road when using low air pressure. Polyurethane coated metal lock with metal stem secures tire to rim—keeps tire from slipping off rim, prevents air stem from pulling out of tire. Complete with bolts. Drilling required.

Tire Size	Outside Rim Width	Stk. No.	Each
2.50-3.00	2-1/4" (WM1)	02-1775U	$1.79
3.25-3.50	2-1/2" (WM2)	02-1776B	1.89
4.00-4.60	2-7/8" (WM3)	02-1777P	1.99

11-PC TOOL SET With Flexible Power Shaft



Fits 1/4" and 3/8" Drills

Sand, polish, grind, and burnish with this accessory tool set for 1/4" and 3/8" drills. Set includes 36" flexible shaft for hard-to-get-at areas, 1 stone, 3 rotary files, 1 rasp, one 2" wire wheel, one 2" grinding wheel, one 3" cutting wheel, and arbor set in plastic storage box.

88-7596N— 1-Set **$19.98**

OVERLOAD SPRINGS for HEAVY DUTY SHOCK ABSORBERS

Specially designed for use with heavy duty shock absorbers. Improve cornering and overall stability . . . increase road clearance . . . eliminate bottoming. Unique calibrated design (1) softens the ride, and (2) increases load carrying capacity by more than 1500 lbs. Constructed of tough, oil tempered spring steel with enamel painted finish. Easy to install over all rear and/or front heavy duty shock absorbers, up to and including 1-3/16" diameter piston size. Will NOT fit standard type 1" shock absorbers.

87-9837B— 1-Pair **$11.95**

CB MONITOR

Listen to CB Channels Thru Your Car Radio!

Allows you to listen to any of the 23 Citizens' Band channels on your conventional car radio! Just push monitor button, tune in desired CB channel, and enjoy quality reception—listen to emergency channel 9, trucker channel 19, etc. Installs under dash. No additional antenna needed. Monitor operates off 12 volt negative ground car battery, or may be connected to any ± 12 volt source. Approx. 4-3/8" wide x 1-3/4" high x 2-5/8" deep. License not required.

03-9175Y— . . . . . Each **$24.95**

DUAL CIGARETTE LIGHTER SOCKET

Use one receptacle as a cigarette lighter, use the other for electric shaver, emergency light, any accessory with cigarette lighter adapter plug! Ideal for cars and trucks, especially convenient for RV's and campers. Mounts under dash or as desired. Black vinyl coated metal panel with chromed bezels. Easy to install; mounting hardware and instructions included. For 12 volt positive or negative ground systems.

88-7578T— . . . . . Each **$8.39**

SATISFACTION GUARANTEED or MONEY BACK

Save on Precision Testers! Perform Scientific Electronic Tests and Precision Tune-Ups with Easy-To-Use, 2-In-One

ONLY 11.98 TACH-DWELL TESTER

Easy-To-Follow Instruction Booklet FREE with Every Tester

Saves Time, Money and Gas!

Use On ANY American or Imported Car or Truck

MAKE MANY TESTS WITH THIS UNIT, INCLUDING:

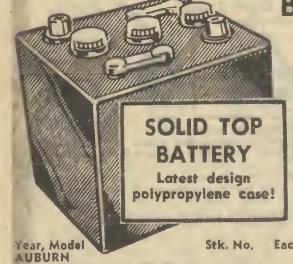
- **Full tests of points, distributor components and connections, plugs, wires, and other ignition system parts**
- **Test for proper cam dwell angle to assure full intensity of spark**
- **Test for weak cylinders, faulty valves**
- **Test for proper air-fuel mixture**

KEEP YOUR CAR IN PERFECT CONDITION AT ALL TIMES

The Tach-Dwell Tester is two instruments in one. You have a **Tachometer** and a **Dwell Meter**, each with 2 easy-to-read, color-coded scales. With the many versatile tests that can be conducted with this instrument combination, you can easily detect and correct most of the problems in your engine's primary ignition and fuel-mixture functions. Not only is the **Tach-Dwell Tester** a combination of two different instruments, but both operate **from the same simple connection**—simply clip one lead to the distributor terminal on your coil and the second lead to ground. The complete series of tests can then be made without once changing connections. You simply use one switch to move from one test to another, following the easy-to-use instruction manual included. Factory calibrated. Tester is Zener stabilized with a high-accuracy moving magnet meter. There are no relays, batteries or other moving parts to wear out. Extra long, sure-grip, color-coded leads are oil and gas resistant. Rugged, contoured, black plastic housing and large, easy-to-read meter. **(NOTE: Not Returnable for Refund or Credit).**

88-7615T— Each **$11.98**

BATTERIES for 1919-1941 CLASSIC and VINTAGE CARS



SOLID TOP BATTERY
Latest design polypropylene case!

All batteries feature power packed full size plates that provide longer life at full power. All are designed to give longest use and lowest discharge rate when not in use.

Latest design polypropylene case. Shockproof posts have lead bushings molded directly into 1-pc. cover for extra strength. Cover is thermo-welded to case to eliminate leakage and corrosion.

When ordering, State Type of Car, Year, Model, Number of Cylinders, and Our Stock Number. Not mailable. Available at store only.

36 MONTH (LIMITED) WARRANTY

90 day free replacement. We will replace this battery at no cost to original owner if battery fails to hold a charge during the free replacement period. After 90 days we will replace the battery, charging a pro-rated amount since purchase, based on the current regular selling price.

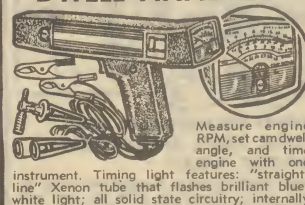
• Combination DC POWER TIMING LIGHT and TACH-DWELL ANALYZER



Measure engine RPM, set cam dwell angle, and time engine with one instrument. Timing light features: "straight-line" Xenon tube that flashes brilliant blue-white light; all solid state circuitry; internally protected against incorrect hookup; trigger switch. Tach-dwell analyzer features: compact, extremely accurate D'Arsonval movement; easy-to-read meter with color coded dual scales—measures cam dwell from 20° to 60° and from 15° to 45°—tach reads from 0 to 3200RPM and from 0 to 7400 RPM. 0 adjustment feature. Unit is complete with instructions and leads with color coded clamps. Operates on all 4, 6, or 8 cylinder engines, 6 or 12 volt, positive or negative ground ignition systems.

17-9662R— . . . . . Each **$39.95**

ELECTRIC GLUE GUNS

BOND PERMANENTLY IN 60 SECONDS WITHOUT CLAMPING!

A **Deluxe Trigger Operated Model.** Trigger control feeds glue sticks mechanically. Preset thermostat assures proper temperature. Aluminum melting chamber; heat-resistant phenolic handle. 5 foot cord. 8" long x 2-1/4" wide x 7" high. 110-120 volt, 60 cycle AC. 160 watt. With three, 4-inch non-toxic, odorless glue sticks. **UL Listed.**

17-9705W— . . . . . Each **$11.95**

Extra Glue Sticks for above. 4" long. Box of 27. Non-toxic, odorless.

17-9706U— 1-Box $3.49

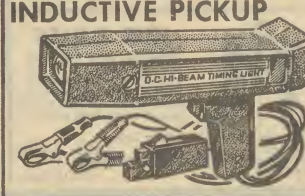
B **Thumb Operated Model.** Thumb controls glue flow. Built-in automatic ball check valve provides instant cut-off of glue flow when thumb pressure is released. 5 ft. cord. 110-120 volt, 60 cycle AC. UL listed.

17-9707B— . . . . . Each **$6.49**

Glue Sticks for above. 1-3/4" long. Non-toxic, odorless. Box of 60.

17-9708P— 1-Box $3.29

DC POWER TIMING LIGHT with INDUCTIVE PICKUP



Deluxe timing light lets you time engines easily, accurately. Inductive pickup means you just clip lead onto spark plug wire and go to work! No need to remove spark plug wires for hookup; no shock hazards or burned fingers. Does not take away electrical energy from ignition system; won't affect idle speed.

"Straight line" Xenon tube flashes brilliant blue-white thru precision, prefocussed lens. Advanced all solid state circuitry. Trigger activated. Timing light is internally protected against incorrect hookup. Hi-impact leather-grained plastic housing. For all 4, 6, and 8 cylinder, 6 or 12 volt engines.

17-9692W— . . . . . Each **$35.98**

ECONOMY MODEL with inductive pickup feature. Trigger switch. ABS plastic housing. With color coded leads and instructions.

17-8988R— . . . . . Each **$29.95**

BALANCE AND STABILIZE WHEELS AUTOMATICALLY WHILE YOU DRIVE!

STABILIZER DISC

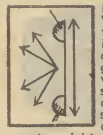
GET THOUSANDS OF EXTRA MILES FROM YOUR TIRES!

Stabilizer Installs as Fast and Easily as Changing a Tire! No Special Tools or Skills Needed

Properly balanced wheels give longer tire, brake, and shock absorber life. Conventional wheel balancing is done in the garage and never under actual road conditions — which change constantly. Therefore, shop balanced wheels are actually out of balance most of the time! These Automatic Stabilizers balance your wheels as you drive—even sensitive radial tires and hard-to-balance truck tires. You get a more comfortable ride without annoying, tiring wheel shimmy and vibration. Your car or truck handles and tracks better with surer, safer control on curves and in sudden stops. Gives you early detection of worn front end parts, reduces maintenance costs, ends tire switching. Stabilizers last the life of the vehicle, and can be switched from one vehicle to another.

Centrifugal force and gyroscopic principles combine to give you a space-age system of automatic wheel balancing and stabilization.

- **No More Vibration or Shimmy! Enjoy a Smoother, Safer Ride— Better Tracking, Stability, Control**
- **Increased Tire and Gas Mileage, Longer Brake Life**
- **Wheels Never Have to be Balanced Again!**



How It Works: The Automatic Wheel Stabilizer's hollow ring is filled with thousands of balancing weights suspended in a viscous fluid. As a wheel rotates and generates energy, these counterweights react to natural gyroscopic principles and automatically shift and adjust to compensate for any imbalance. As road conditions and speed change, the counterweights quickly and continuously respond . . . and your wheels are automatically balanced and stabilized at all times!

EASY TO INSTALL

INSTALL IN MINUTES. No special tools or skills required. Install behind each wheel in 3 easy steps: (1) Remove hub cap, unscrew wheel lugs and remove wheel, (2) Place wheel balancer over projecting studs, (3) Replace wheel, lugs and hub cap. That's all there is to it! Self lubricating, self adjusting—never need servicing. Once installed, tires will never have to be balanced again!

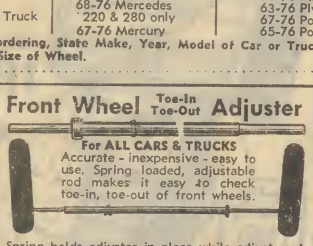
The GREASE FITTING KIT That Detroit Left Off!

- **Prevent Front Suspension Wear for 'Greaseless' Cars**

Save time and money—enjoy smoother riding comfort. Complete set of grease fittings that replace grease plugs on late model vehicles. Permit necessary lubrication of such vital moving parts as tie rods, ball joints, idler arms. Helps eliminate premature wear and replacement. Insure smooth, easy riding front suspension operation. Easy to install—kit services front suspension on all cars originally equipped with grease plugs. Kit contains 20 fittings—enough to service complete system, including ten 1/4-28 thread straight fittings; five 1/4-28 45° fittings; five 1/4-28 thread 90° fittings and proper installation tool.

73-0916R— 1-Kit **$7.49**

Front Wheel Toe-In Toe-Out Adjuster



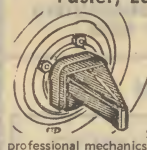
For ALL CARS & TRUCKS

Accurate - inexpensive - easy to use. Spring loaded, adjustable rod makes it easy to check toe-in, toe-out of front wheels.

Spring holds adjuster in place while adjustment is being made. With instructions.

74-6486W— . . . . . Each **$6.98**

Faster, Easier to Use! MAGNETIC CASTER and CAMBER GAUGE



Similar to gauges used by professional mechanics, but at a fraction of their cost. Faster, easier to use because it's magnetic. Gauge measures caster and camber angles in minutes within 1/8 degree accuracy using just one precision level. Three powerful Alnico® magnets include metal "keeper" plates; simply place them on magnets when gauge is not in use and magnets retain their holding power indefinitely. Gauge is made of aluminum and vinyl coated steel. Complete with alignment chart and instructions.

17-9272X— . . . . . Each **$41.95**

UPPER CONTROL ARM GREASE FITTINGS

FOR 61-75 FORD PRODUCTS

Specially designed for Ford front ends. Fit 61-75 Comet, Cougar, Fairlane, Falcon, Maverick, Montego, Mustang, Torino and Thunderbird. Solve front end squeak permanently where upper control arm grease fittings were eliminated by Ford. Kit includes all grease fittings and installation tool for tight places. No cutting required. Instructions included.

15-3214X— 1-Kit **$7.49**

HIGH PRESSURE ONE-HAND GREASE GUN

Cartridge and bulk loading light-weight hi-pressure gun develops 27" of vacuum—draws grease into cylinder with tremendous force. Positively eliminates air pockets. Large unique double port greatly improves cold weather handling of greases. Newly designed plunger minimizes cartridge "hang-up."

75-1312Y— Each **$8.49**

ALL PURPOSE LITHIUM GREASE CARTRIDGE. For use in 75-1312Y, 75-3280N grease guns. 14-oz. cartridge.

75-1592N— . . . . . Each **89¢**

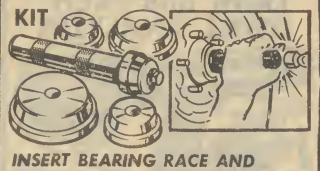
CASTER & CAMBER GAUGE

Caster Correction — Camber Correction

Eliminates costly turntable—because of its light weight, anyone can use it easily, accurately. This lightweight alignment gauge makes it possible for anyone to measure caster and camber angles in minutes. Weighs about 8 oz. and uses only one precision level to obtain an accuracy of better than 1/8 degree. Has no moving parts, magneto, or light beams. Made of aluminum and steel. Complete with alignment chart, easy instructions. Fits any size wheel.

52-0341N— . . . . . Each **$21.98**

WHEEL BEARING DRIVER KIT

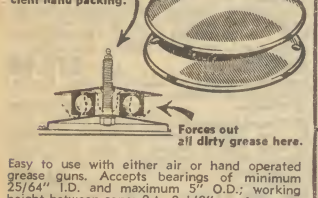


INSERT BEARING RACE AND FRONT WHEEL GREASE SEALS QUICKLY, EASILY

Insert wheel bearing on the first try! Driver kit helps reduce damage to both race and axle housing. Turn discs over to drive seals. Five disc sizes fit most standard wheel bearings. In heavy duty vinyl pouch.

15-3730B— 1-Kit **$15.98**

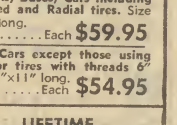
ROLLER and BALL BEARING GREASE PACKING TOOL



Easy to use with either air or hand operated grease guns. Accepts bearings of minimum 25/64" I.D. and maximum 5" O.D.; working height between cones 0 to 2-1/8".

15-3724N— . . . . . Each **$9.49**

ALIGN-A-MATIC WHEEL Alignment GAUGE



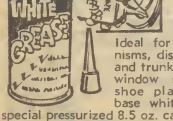
For Standard — Radial — or Wide Belted Tires. Gauge recorder and camber indicator. Easy to use ONE MAN operation. Now you can check toe-in/toe-out and camber on all trucks, buses or cars up to 32,000 lbs. regardless of tire size. Exclusive design enables Align-A-Matic to cancel out all defective and distorted camber indications to achieve accurate toe-in and toe-out readings. Perfect alignment check regardless of defective caster and/or camber conditions. Made for years of trouble free service. Heat treated aircraft aluminum, no adjustments, self-compensating. **For all Trucks, Buses, Cars including those using Wide Belted and Radial tires.** Size 1-1/2" x 5-1/2" x 14" long.

75-2485A— . . . . . Each **$59.95**

For all Trucks, Buses, Cars except those using Wide Belted, Radials or Tires with threads 6" wide or wider. Size 1"x5"x11" long.

52-0334P— . . . . . Each **$54.95**

PRESSURIZED WHITE GREASE



- **NO MESS**
- **NO WASTE**

Ideal for gear shift mechanisms, distributor cams, hood and trunk hinges and latches, window mechanisms, brake shoe plates, etc. Lithium base white grease comes in special pressurized 8.5 oz. can that keeps grease and propellant separate to prevent dilution. Extension nozzle reaches into tightest, hard-to-get-at places.

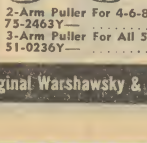
17-9343W— . . . . . Each **$2.49**

SCREW-TYPE HUB PULLER

Pulls all 4 and 5 stud hubs. Efficient, easy-to-use steel puller fits 4" to 5-3/4" diameter bolt circles—makes hub and drum removal quick and easy. Compact.

88-6847 T— . . Each **$16.98**

HUB PULLER



Make rear hub and drum removal easy . . . a "must" tool when pulling a wheel. Pulling screw of hardened steel, 3/4" square head adjusts easily with wrench.

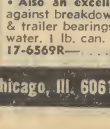
2-Arm Puller For 4-6-8 Bolt Circles

75-2463Y— . . . . . Each **$15.95**

3-Arm Puller For All 5-hole Bolt Circles

51-0236Y— . . . . . Each **$10.95**

LIFETIME Wheel Bearing Grease



For Cars, Trucks & Boat Trailers

- **One packing lasts life of car.**
- **High stability—will not break down or bleed.**
- **Also an excellent all-purpose grease.** Insures against breakdown due to friction. Ideal for boat & trailer bearings . . . prevents rust even in salt water. 1 lb. can.

17-6569R— . . . . . Can **$1.98**

Balance Wheels Quickly, Easily, Accurately with this Heavy-Duty Precision WHEEL BALANCER

For Cars, Including Compacts, Station Wagons and Imported Cars

Balanced Wheels . . 1. Give a safer, smoother more comfortable ride.

2. Help prevent front end wear and damage.

3. Reduce uneven tire wear — increase tire life.

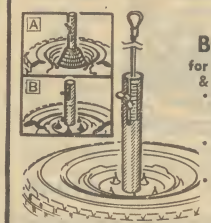
Ruggedly built, precision accurate balancer has large self-centering tapered sliding spider. Centers any size wheel, even wheels with out-of-round center holes, instantly and automatically without adjustment by the operator. Ideal for balancing wheels when changing to or from snow tires, when installing new tires. Built-in circular spirit level insures precise wheel balance. Free moving bubble checks wheel balance in all directions. Free-swing pendulum assures maximum sensitivity of balance. Built-in features include: sturdy machined wheel support, larger and heavier base, as well as extra high stand. Approx. 12" high. Strong welded steel construction throughout. Fits all cars except Porsche, Peugeot, Renault, Volkswagen, and other cars with closed center wheel hubs.

Can be used on Volkswagen, Saab, and other imported cars with large center holes by adding wheel balancer adapter 75-2423B, below. **Will be repaired or exchanged only. Cannot be returned for credit or refund.**

74-2997W— . . . . . Each **$23.95**

82-0601W—**Replacement Bubble Level** Ea. **$2.49**

WHEEL BALANCER for All Trucks, RV's & Passenger Cars



- **Balances ANY Wheel, large or small** (exc. closed center hubs)
- **Balances by centerhole or lug-hole method**
- **Includes both center-hole cone head A and lug-hole head B**
- **Uses plumb-line principle with sensitivity adjustment for MAXIMUM ACCURACY**

Easy-to-use wheel balancer does not need to be leveled. Simply hang chain, cable or rope (not included) from overhead hook in your garage, carport or basement and attach balancer. Wheel is in balance when cable is in center of balancer tube. Made of sturdy die-cast aluminum with stainless steel cable and S-hook. Balances **ALL** wheels (exc. closed center hubs).

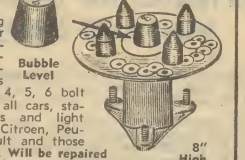
17-9271R— . . . . . Each **$54.95**

WHEEL BALANCER for All Cars & Mini Trucks

NO ADAPTERS NEEDED. Balances all Wheels Including Those With Closed Center Hubs. Heavy-duty, extremely accurate balancer handles all types of wheels on American and Imported cars, and mini-trucks (LUV, Courier, etc.). Quality construction of die-cast aluminum with tempered steel pivot. Five centering heads with multiple-slot adjustment permit exact centering of wheel for the most accurate, precise balancing. Accommodate wheels with 3,4,5,6 or 8 lug holes. Bubble-type gauge gives extremely accurate readings. With instructions. **Will be repaired or exchanged only. Cannot be returned for credit or refund.**

17-8958B— . . . . . Each **$44.95**

WHEEL BALANCER



- **Portable**

Has leveling screws for use on uneven surfaces. 4 centering heads handle any 4, 5, 6 bolt wheels. For all cars, station wagons and light trucks exc. Citroen, Peugeot, Renault and those listed below. **Will be repaired or exchanged only. Cannot be returned for credit or refund.**

52-0237N— . . . . . Each **$11.95**

For Alfa-Romeo, Audi, BMW, Capri, Fiat, Ford Anglia, Cortina and Pinto, Lotus, Mazda, Mercedes, Morgan, Porsche, Sunbeam, Toyota, Triumph, Volkswagen & Volvo.

75-3353P— . . . . . Each **$19.49**

WHEEL BALANCER for Cars & Light Trucks

- **Lightweight and portable**
- **Pays for itself in just 2 jobs**
- **Built-in level indicator and leveling screws**

Get a safer, more comfortable ride. Help prevent front end wear and damage, increase tire life. Has the top features of balancers costing much more. Ruggedly made of lightweight, chrome-plated steel with leveling screws in base for balancing on uneven surfaces. Stands 10½" high. For all cars, station wagons, Jeeps® and light trucks with wheel center holes up to 6" diam. (including Volkswagen 4-bolt wheels) exc. Peugeot, Renault and Citroen. Will accommodate Volkswagen 5-bolt wheels and Porsche with Adapter 75-2423B. **Will be repaired or exchanged only—not returnable for credit or refund.**

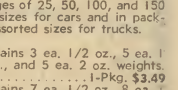
75-2442B— Each **$16.98**

WHEEL BALANCER ADAPTER

Adapts Volkswagen, Porsche and Saab Wheels to ALL cone balancers. For use with our numbers 74-2997W, 75-2442B.

75-2423B— Each **$3.69**

WHEEL BALANCE WEIGHTS for CARS and TRUCKS



Accurate lead weights with tempered spring steel clips. In packages of 25, 50, 100, and 150 weights of assorted sizes for cars and in packages of 50 or 100 assorted sizes for trucks.

FOR CARS

Package of 25. Contains 3 ea. 1/2 oz., 5 ea. 1 oz., 12 ea. 1-1/2 oz., and 5 ea. 2 oz. weights.

17-8667R— 1-Pkg. **$3.49**

Package of 50. Contains 7 ea. 1/2 oz., 8 ea. 1 oz., 22 ea. 1-1/2 oz., 5 ea. 2 oz., 4 ea. 2-1/2 oz., and 4 ea. 3 oz. weights.

17-8668X— 1-Pkg. **$6.98**

Package of 100. Contains 14 ea. 1/2 oz., 15 ea. 1 oz., 45 ea. 1-1/2 oz., 10 ea. 2 oz., 8 ea. 2-1/2 oz., and 8 ea. 3 oz. weights.

17-8669N— 1-Pkg. **$14.49**

Package of 150. Contains 21 ea. 1/2 oz., 23 ea. 1 oz., 67 ea. 1-1/2 oz., 15 ea. 2 oz., 12 ea. 2-1/2 oz., and 12 ea. 3 oz. weights.

17-8670T— 1-Pkg. **$21.98**

FOR TRUCKS. Weights fit all rims, on tube-type up to 7:50-20, on all tubeless type up to 8.0. Fit all pickups and campers with truck type (■) rims from 3/4 to 1 ton. Pickups with passenger car type (♦) rims use regular passenger car weights listed above. On some wheels weights are installed on inside rim.

NOTES ■Truck rim is 3-piece (inner, outer, and locking rim). ♦Passenger car rim is 1 pc.

Package of 50. Contains 7 ea. 2 oz., 7 ea. 3 oz., 15 ea. 4 oz., 13 ea. 6 oz., and 8 ea. 8 oz. weights.

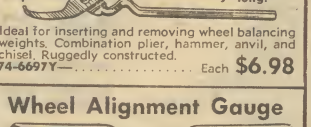
17-8671A— 1-Pkg. **$28.98**

Package of 100. Contains 14 ea. 2 oz., 14 ea. 3 oz., 30 ea. 4 oz., 26 ea. 6 oz., and 16 ea. 8 oz. weights.

17-8672R— 1-Pkg. **$54.95**

SAVE Largest Selection

Wheel Balancing Weight Tool



Ideal for inserting and removing wheel balancing weights. Combination plier, hammer, anvil, and chisel. Ruggedly constructed.

74-6697Y— . . . . . Each **$6.98**

Wheel Alignment Gauge

For All American and Import Cars, Trucks and Buses

Keeping wheels aligned properly makes steering easier, safer — adds extra miles of service to tires. Pays for itself in a short time.

Lightweight, Portable — Use almost anywhere —in the garage, on the street, or even with vehicle on jacks or lift.

Fast and Accurate — Indicates exact toe-in or toe-out to a fine degree . . . wheels can be aligned to exact factory specifications in just minutes. Built-in level assures identical reading front and back of wheel.

Easy to Use—Anyone can easily and accurately test wheels for alignment . . . easy-to-read gauge indicates exact degree of alignment . . . adjusts to any width tread. Collapsible for easy handling and storing. With instructions.

19-2207Y— . . . . . Each **$27.98**

Flange Type HUB & AXLE PULLER

FOR CARS AND LIGHT TRUCKS USING FLANGE TYPE REAR AXLES.

Bolt circle range from 4-1/2" to 5-1/2". Four slots in steel casing allow puller to be used on 4, 5, and 6-bolt or stud designs. Complete with 5-1/2 lb. slide hammer with sliding area of 18". Overall length of shaft: 22". Cadmium plated. Also used as regular hub puller.

74-3133X— . . . . . Each **$27.95**

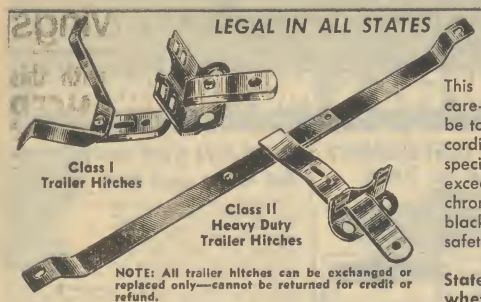
CLASS I and II CUSTOM FIT TRAILER HITCHES



NOTE: All trailer hitches can be exchanged or replaced only—cannot be returned for credit or refund.

This complete line of trailer hitches gives you safe, care-free towing with the right hitch for the load to be towed. It is important to select the class hitch according to the gross loads and trailer tongue loads specified. Easy to install. Legal in all states. Meets or exceeds S.A.F standards. All-steel construction with chrome plated drawbar and exterior hardware, flat black undercarriage to blend with car frame. With safety chain bracket.

IMPORTANT — HOW TO ORDER
State Make, Year, Model, 2- or 4-door and whether Passenger Car or Station Wagon.

FOR AMERICAN and IMPORTED CARS & TRUCKS

CLASS I TRAILER HITCHES

For gross loads to 2000 lbs. and trailer tongue loads to 150 lbs. Designed to custom fit each make and model of car and truck listed. Ideal for towing small boats, camping trailers, and utility trailers within above specified gross weight limits.

CLASS II HEAVY DUTY TRAILER HITCHES

For gross loads to 3500 lbs. and trailer tongue loads to 250 lbs. Designed and engineered for towing medium sized boats, vacation trailers, and large utility trailers within above specified gross weight limits. Extra heavy duty 5/8" x 2-1/2" drawbar and heavy duty undercarriage parts.

NOTE: Both Class I & Class II Hitches will accommodate trailer balls with either 5/8" or 3/4" bolt. All trailer hitches can be exchanged or replaced only—cannot be returned for credit or refund.

CLASS I HITCHES FOR IMPORTED CARS AND TRUCKS

♦The hitches for these models have been specially designed with an easy removable draw bar. Removal of the draw bar when vehicle is not trailering does not require any tool and will allow the energy absorbing bumper system to operate should impact take place.

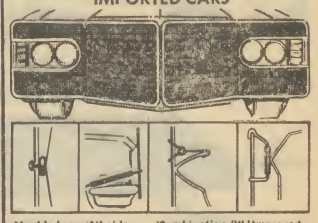
FULL FRONT BUG SCREEN and GRAVEL GUARD for AMERICAN and IMPORTED CARS



Moulded protector keeps screen away from hood.	All side springs are covered by plastic pipe.	Combination 'V' clips and eye hooks hold screen securely.	Improved bracket for fastening to hood.

Sturdily built spring steel frame holds rustproof fiberglass screens. All exposed metal parts are galvanized or cadmium plated. Provides complete front end protection from gravel or bugs.

State Make, Year, Model of Car, and Stock No.
♦ Not available for 66-70 models with bumper guard installed as optional equipment.

EVERYTHING FOR YOUR VEHICLE IN THIS CATALOG

CUSTOM FIT WRAP AROUND SPOILER AND FENDER FLARE KIT For Vans & Mini Pickups

5-Pc. Fiberglass Kit gives your van or truck a Custom Look with a Big Bonus . . . Improved Handling, Performance, and Gas Mileage! Latest one piece look! Expertly designed front fender flares and spoiler wrap around front end and meet for a clean 1-pc. look. Spoiler is aerodynamically designed to improve traction and stability for better handling and performance. Improves gas mileage by cutting wind resistance, improving air flow, and deflecting air through radiator for a cooler running engine. Chevrolet, Dodge, Ford and GMC vans feature ducted front spoilers for maximum cooling of front brakes. Mini pickups have nonducted spoilers. Fender flares (approx. 3" wide) add custom width to front and rear fenders, let you use larger, wider tires.

All pieces are heavy duty, hand laminated fiberglass with white gelcoat finish.

Easy to install— spoiler bolts on, flares bolt on, pop rivet, or mold in. No cutting required.

NOTE: Shipped from Calif. Can be used as is or painted to match.

BLACK OR WHITE CUSTOM FIT FIBERGLASS VAN SPOILERS CHOICE WITH OR WITHOUT DUCTS

Easy BOLT-ON INSTALLATION

- **Aerodynamically designed to improve traction and stability for safer handling and maximum performance**
- **Cut wind resistance—get better gas mileage**

Aerodynamic spoilers increase traction and stability by diverting the air flow to create an effective down force. This improved air flow increases performance and save on gas. Hi-strength, hand laminated fiberglass has a smooth, ready-to-use finish in choice of black or white. Can be painted to match if desired. Available in flat, non-ducted style or with air ducts for maximum cooling of front brakes. All mounting hardware and instructions included for easy bolt-on installation.

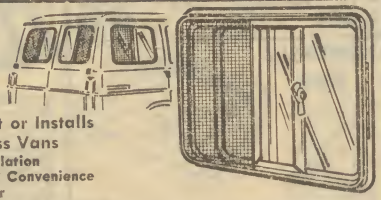
SLIDING WINDOW for ALL VANS



Replaces Original Equipment or Installs in Side or Rear of Windowless Vans

- **With Aluminum Screen for Ventilation**
- **Locks from Inside for Safety and Convenience**
- **Available in Smoke Tint or Clear**
- **D.O.T. Approved—Meets All Safety Regulations**

Replace existing stationary windows with sliding windows . . . or install in windowless vans and enjoy natural light and ventilation. Window panes "float" on hi-density foam to prevent cracking or leaking. Silicone treated vinyl tracks allow smooth opening and closing. Aluminum screen provides insect-free ventilation.

Heavy gauge one-seam extruded, anodized aluminum frame is lightweight, rust resistant. Use existing rubber gasket when replacing existing windows. If installing in windowless van, order rubber gasket below. **Note:** Sizes shown are FRAME OPENING. Shpg. wt. 15 lbs.

SLIDING REAR WINDOW for PICK-UP TRUCKS

- **Custom fit for your pick-up**
- **Replaces original perfectly**

Allows easy access to camper, ideal for air circulation in cab. Self-locking for security with heavy duty aluminum frames. Glazed with clear tempered safety glass. D.O.T. approved. Simple to install—remove old window and lace in, using existing rubber gasket. All welded construction. ♦1967 Chevrolet fits windows 58" long x 12-1/2" high at longest points only. **State Year, Make, Model and Stk. No.** Fit the following (See El Camino below)

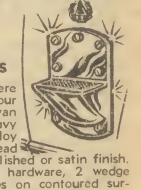
67-76 Chev.♦	67-76 GMC	73-76 R'chero
72-76 Courier	62-75 In'nat'l	67-76 Toyota
67-76 Datsun	73-76 LUV	67-76 Willys
67-76 Dodge		Jeep® Pick-ups only
67-76 Ford	73-76 Mazda	

55-1946XE—Shpg. Wt. 22 lbs. Each **$54.95**

19-8101XE—68-72 El Camino and GMC Sprint
19-8202XE—73-76 El Camino and G.M.C. Sprint
Each **$79.95**

Sliding rear windows like above except glazed with smoke tinted safety glass. D.O.T. approved. Fits: 73-76 Chevrolet, 73-76 Dodge, 73-76 Ford, and 73-76 G.M.C. **only.**
55-1972TE—Shpg. wt. 22 lbs. Each **$62.95**

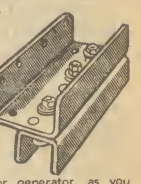
TOE STEPS for Vans, Trucks, and RV's



Handy toe steps mount where needed, help you reach your windshield, truck bed, or van roof rack with ease. Heavy strength cast aluminum alloy with nonslip pyramid tread step surface. Choice of polished or satin finish. Complete with mounting hardware, 2 wedge blocks for mounting steps on contoured surfaces, and instructions. 3" x 4" x 6" high.
Polished Finish.
15-4361N— 1-Pair **$14.95**
Satin Finish.
15-4362T— 1-Pair **13.95**

DUAL BATTERY CHARGING SYSTEM

for Campers, Trailers and Boats

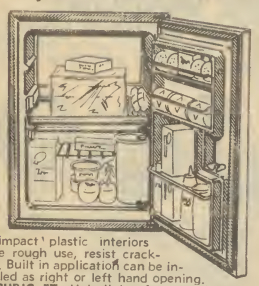


Solid State System automatically protects and charges your dual battery system from the vehicle's alternator or generator, as you drive. When parked, current is drawn from the auxillary battery only—starting battery always stays charged. Automatic control switch rated at 120 amps. Easy to install.
13-1557T— . . . . . Each **$10.98**

INDEX AND ORDER BLANKS—SEE BACK PAGES M.

SELECTED PARTS & ACCESSORIES for VANS,

Fully Insulated Ice Boxes

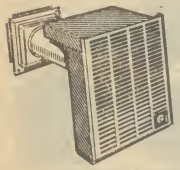


Hi-impact plastic interiors take rough use, resist cracking. Built in application can be installed as right or left hand opening.

4 CUBIC FT. Unicellular foam-insulated shell. Vinyl coated shelves. Extra heavy ice tray holds 75 lbs. of ice. Coppertone door has spring latch. With drainage hose. Frame: 21-1/2" wide, 27-5/8" high, 19-3/8" deep.
19-9798R— ..... Each **$47.95**

2.5 CUBIC FT. Coppertone door holds 35 lbs. of ice. Frame: 20-1/2" high, 17-1/2" wide, 15-1/4" deep.
17-9712B— ..... Each **$35.98**

10,000 and 15,000 BTUH Input LP GAS WALL FURNACES for recreational vehicles



Design approved by American and Canadian Gas Associations. Includes automatic bulb-type thermostat and safety shut off valve. Neutral color beige front grille panel. Compact—takes small space. Uses outside air for combustion. Easy access to thermostat and pilot light. Each heater is self contained unit including vent, vent tubes, screws, operating and installation instructions for complete installation.

10,000 BTUH Input (7,000 BTUH Output.) Front panel size 20-3/4 x 16-1/8 in. Cutout 21-1/8 x 15-3/8 in. Depth 16 to 26 in.
19-6138A— ..... Each **$89.95**

15,000 BTUH Input (10,500 BTUH Output). Front panel 24-3/4 x 20-1/8 in. Cutout 24-5/8 x 19-3/8 in. Depth 16 to 26 in.
19-6139RE— ..... Each **$99.95**

Automatic Blower Kit. (Not shown) converts above heaters to forced air systems. Works on both 110v A.C. or 12v D.C. Installs easily inside furnaces.
19-6140X— ..... Each **$44.95**

COMPACT 12 VOLT REFRIGERATOR for Vans, Motor Homes, Campers, Boats

Ideal refrigerator for vehicles and boats because it requires no leveling or venting through an outside wall! **1.5 Cubic Ft. Capacity**

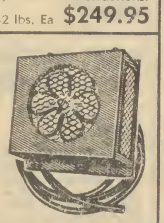
Unit features complete separation of lubricant and freon, permiting (1) greater flexibility of installation and (2) constant refrigeration AT ANY ANGLE.

12 volt DC compressor is permanent magnet rotary piston type. To conserve space, compressor is not located in refrigerator. Locate in any position and as far as 6 feet away from refrigerator! Coiled copper tubing and mounting bracket included. Compressor is 6-1/4" x 6-1/2" x 11-3/4".

Other features include: thermostatic control; polyurethane insulation; freezer (approx. 3-1/4" h x 10"w x 8-1/2" deep); ice tray; and adjustable chrome plated shelf. Cabinet and door trim are anodized aluminum. Interior and door liner are high-impact polystyrene. Wood grain finished door opens left to right; hinged on right side; security latch.

Low amp draw—only 2.0 per hour average. Refrigerator can be operated on 110/115 volts AC by using a converter (refer to index and see models No. 15-3419B and 15-3420P.) Overall dimensions: approx. 21" high x 19" wide x 13-1/2" deep. Rough-in dimensions: approx. 20" high x 17-3/4" wide x 11-1/2" deep. 1.5 cubic ft. capacity. Complete with instructions. Shipped from Indiana.
99-7370BE—Shpg. wt. 42 lbs. Ea **$249.95**

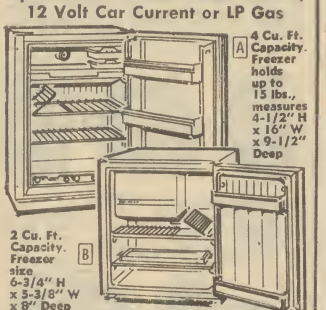
COMPACT HOT WATER HEATER for RV's, Pickups, Vans & Buses



19,500 BTU heater is only 11-5/8" x 10" x 4-3/4" deep — mounts under or behind seat or on firewall. 3-spd. fan circulates up to 165 cfm of 150° air thru side vents for even, fast heat distribution. Steel construction with wrinkle-finish black enamel. Complete with 16-ft. rubber hose for radiator hookup and hardware. 14 volts. 5.2 amp draw. For 12 volt only.
54-1038U— ..... Each **$79.95**

Compact 3-Way Powered REFRIGERATORS

Operate on 115 Volt House Current, 12 Volt Car Current or LP Gas



A **4 Cu. Ft. Capacity. Freezer holds up to 15 lbs., measures 4-1/2" H x 16" W x 9-1/2" Deep**

B **2 Cu. Ft. Capacity. Freezer size 6-3/4" H x 5-3/8" W x 8" Deep**

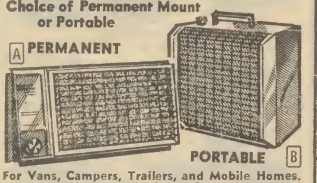
Perfect for RV's, Campers, Home or Office. Both refrigerators feature fingertip electric/gas switchover and interlock. Safety system prevents turning electric "on" when gas is already "on". Piezo self-generating electric gas burner ignition completely eliminates the need to replace flints, worn out spark wheels, leaky batteries and matches. Quick-connecting gas hookup conveniently located in rear of unit. Additional features include: thermostatically controlled cooling unit with controlled defrosting; airtight insulated freezer with ice tray; polyurethane foam insulation; reversible door hinges; travel door lock; vinyl coated racks and shelves; magnetic door gasket; side vent and service door.

A **4 Cubic Ft. Capacity Refrigerator.** Over 6 sq. ft. of shelf area plus across-the-top freezer that holds up to 15 lbs. Flip-up shelf for extra bottle and tall carton storage. Installs easily on a wall or under a counter. Wood-tone finished door. 30-7/8" high x 21-9/16" wide x 24-7/8" deep.
19-6915BE—Shpg. wt. 106 lbs. Ea. **$339.95**

B **2 Cubic Ft. Capacity Refrigerator.** Ideal as a free-standing unit for office and home because top and sides are finished in white enamel. Wood-tone finished door. Flip-up shelf for extra bottle and tall carton storage. 22-5/8" high x 19-1/2" wide x 17-1/2" deep.
19-6914NE—
Shpg. wt. 63 lbs. ..... Each **$259.95**

FLAMELESS HEATERS

Choice of Permanent Mount or Portable



A **PERMANENT**

PORTABLE B

For Vans, Campers, Trailers, and Mobile Homes. Provide safe, flameless heat. Catalytic heaters' infra-red rays direct the heat to exact desired area. Hazard free—wind won't blow heaters out. All have safety shut-off valve; wall and ceiling mount have automatic safety shut-off valve. All operate on low pressure w.c. 11" and include mounting hardware and instructions for easy hookup to your present L.P. gas system.

A **WALL OR CEILING MOUNT CATALYTIC HEATERS.** Available in 5000 and 8000 BTU. **Note:** To operate off 1 lb. dispensable bottle, order adapter 15-3247X below. To operate remotely by itself from large LP bottle (10 lbs. or more), order 15-3248N below.

5000 BTU Catalytic Heater. Size..8-1/4" high x 14-3/4" wide x 5-1/2" deep.
15-3235B— ..... Each **$54.95**

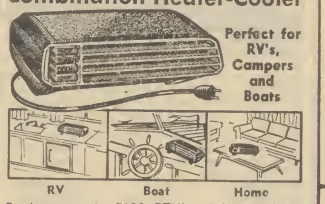
8000 BTU Catalytic Heater. Size: 11-1/4" high x 15-3/4" wide x 5-1/2" deep.
15-3236P— ..... Each **$69.95**

Adaptor (not shown) for use with 1 lb. bottle.
15-3247X— ..... Each **$14.98**

Adaptor (not shown) for use with large bottles.
15-3248N— ..... Each **$14.98**

B **PORTABLE 5000 BTU CATALYTIC HEATER.** Similar to above but can be moved from one area to another—garage, tent, cabin, etc. 10" high x 13" wide x 9" deep. Equipped with adaptor to operate off 1 lb. disposable bottle (not included).
15-4365W— ..... Each **$49.95**

Combination Heater-Cooler

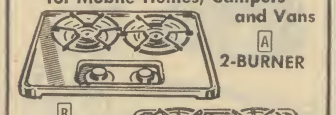


Perfect for RV's, Campers and Boats

RV Boat Home

Produces up to 5120 BTU's of instant heat. Powerful blower distributes heat quickly and evenly. More efficient and economical than radiant heaters. **Thermostatically controlled.** Use as a room heater, a window defroster or defogger, even a clothes or hair dryer. Helps start car in cold weather. Can defrost a refrigerator or thaw a roast. Push fan button only to use for cooling or defogging. Four pushbuttons: Hot (1500 watts); Warm (750 watts); Fan; Off. Streamlined, unbreakable plastic casing with woodgrained panel. Dust-free bottom air intake. Cool running, with safety shutoff. Can't shock, burn hands, or start fires. Runs on 115 volt AC house current.
15-3640T— ..... Each **$36.98**

Compact LP GAS STOVES for Mobile Homes, Campers and Vans



A **2-BURNER**

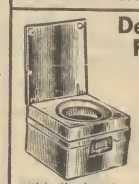
B **3-BURNER**

Units feature heat reflecting polished aluminum burner collars for faster, steadier cooking. Self locking shut-off valve prevents burner accidentally turning on from vibration. Recessed burner knobs. Self rimming — drops into countertop with no additional trim required. Hold-down clips prevent rattling. Rugged steel construction with stain-resistant brushed chrome finish. All sizes approximate.

A **2-Burner Stove.** Rough-in size: 17-1/8x 11-13/16x3-5/8-in. Actual size: 18-5/8x 13-1/2-in. wide.
17-9234X— ..... Each **$35.95**

B **3-Burner Stove.** Rough-in size: 19-1/8x 15-1/4x3-1/2-in. Actual size: 20-1/2x17-in. wide.
17-9235U— ..... Each **$41.95**

Deluxe PORTABLE Flushing TOILET



Completely self-contained, with recirculating sanitary system. Lightweight, sturdy plastic. To flush, simply pull lever, which inverts bowl . . . pump high pressure plunger, then return bowl to upright position . . . a thorough, aircraft-type sanitation system that takes place entirely within the housing. No mess, no spills. To empty, just unscrew plug in back. 5 gallon tank capacity, two gallon fresh water charge. 12" high x 17-1/2" wide x 20" deep. Snaps shut, with carrying handle. Order chemical below.
75-3287P—Gold ..... Each **$69.95**
75-4491X—White ..... Each **$69.95**

Compact Portable Flushing TOILET

Lightweight toilet is a completely self-contained, recirculating system. Reusable 25 times, then drain from back outlet without mess or spill. Easy to recharge. Attractive molded polypropylene plastic unit has drain cap and flush handle. Tight fitting cover has molded-in carrying handle, fastens to bowl with 3 hinge-clamps. 13" diam. x 13" high.

12-1612X—Deluxe Flushing Toilet. **$49.95**
12-1613N—Same as above, but does not have flushing feature . . Each **$39.95**

CHEMICAL for use with above toilets.
12-1614T— ..... 1-Pkg. of 12 **$5.95**

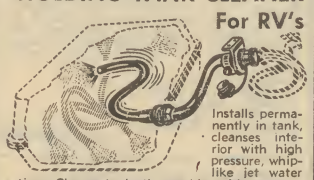
WASTE WATER TANKS for RV's

5 OR 10 GALLON CAPACITY

F.D.A. approved. Meet all State Health and campground regulations against draining onto ground or into an open container. Completely portable, collapsible polypropylene plastic containers have special control valve to prevent spill when hose is disconnected for emptying. 48" hose connects to any standard 3/4" male (garden hose) drain terminal. Nylon hose couplers included. Compact—store in 12" x 12" x 8" space.

15-4351W—2 tanks; holds 10 gal. 1-Set **$12.98**
15-3406R—1 tank; holds 5 gal. ..... Each **$6.98**

HOLDING TANK CLEANER For RV's

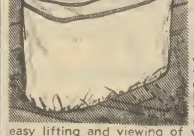


Installs permanently in tank, cleanses interior with high pressure, whip-like jet water action. Cleans tank thoroughly without your having to touch it. Stainless steel, spring loaded check valve cannot clog or hold open. Operates from garden hose. Drilling required to install. Instructions included.
15-3670P— ..... Each **$11.98**

3-IN-1 UNIVERSAL POWER CONVERTER

Transforms 12 volt DC negative or positive polarity to 6, 7.5, or 9 volt DC. Save on small batteries by using your car or truck battery to power transister radio, tape player, calculator, etc. Just plug converter into cigarette lighter, set polarity switch to negative or positive, and select proper plug. Four universal plugs fit majority of DC powered accessories. Rugged 2-pc. plastic construction with 5-1/2 ft. lead wire. Rated voltage 12 volt DC ± at 300 MA.
88-7586W— Each **$5.98**

BUTANE TANK COVERS

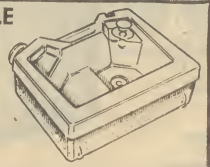


Heavy duty, weatherproof, waterproof off-white color vinyl covers hide and protect tanks. Rustproof brass zipper for easy lifting and viewing of valves. **For double tanks.**
82-0970N—20 lb. tanks. . . . Each **10.98**
82-0971T—30 lb. tanks. . . . Each **11.49**
82-0972A—40 lb. tanks. . . . Each **12.98**

RV LP GAS REGULATOR with Adjustable Vent Cover

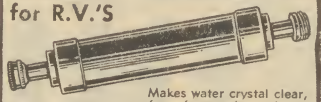
Single or double tank hook-up regulator for even gas flow. Adjustable vent cover allows regulator to be mounted in any position. U.L. listed. 3/8-in. F.P.T. outlet; 1/4-in. F.P.T. inlet. Provides 180,000 BTU per hour at 10 p.s.i. inlet pressure.
17-9231T— ..... Each **$5.98**

PORTABLE SINK



Mount it permanently in minutes . . . take it down just as quickly and carry it with you! High-impact molded plastic with carrying handle, double-acting pump and built-in drain. Approx. 19" x 14" x 7" with 5-gallon capacity. Instructions.
10-4050R— ..... Each **$12.98**

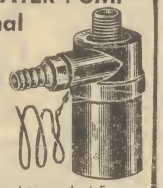
WATER FILTER SYSTEM for R.V.'S



Makes water crystal clear, free from odors, detergents, algae, chlorine taste, hose taste, rust, dirt, sulfur smell and cloudiness. Easy to install —just attach to garden hose, then to R.V. or boat. Lasts 1 to 2 seasons. 12"x2"x2"
12-2150X— ..... Each **$11.98**

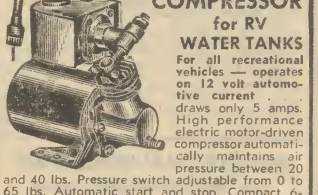
SAVE on Many Items

ELECTRIC WATER PUMP for Recreational Vehicles



Quiet, trouble-free water pump has no wearing parts. Pumps 2-gals. per minute. Mini-size: only 4-1/4" long x 1-1/2" diam. Mounts directly to water tank or in water line. For single faucet hook-up. Can be run dry without damage or burn-out. 12 volt D.C., drains only 1.5 amps. Use 16-ga. wire. IAPMO approved
12-1673R— ..... Each **$13.98**

Deluxe AIR COMPRESSOR for RV WATER TANKS

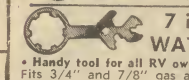


For all recreational vehicles — operates on 12 volt automotive current . . . draws only 5 amps. High performance electric motor-driven compressor automatically maintains air pressure between 20 and 40 lbs. Pressure switch adjustable from 0 to 65 lbs. Automatic start and stop. Compact 6-1/4" high x 6-1/4" wide x 5-1/8" deep, weighs only 5-3/4 lbs., including motor. Designed for quiet, reliable performance. No V-belts or pulleys to wear or break. Rubber mounting grommets for vibration-free installation.
75-2929Y— ..... Each **$54.95**

L.P. GAS BOTTLE LOCK

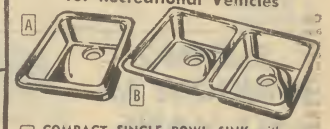
Guard your gas supply! Mechanism is secured to tanks' center support by a threaded nut and lock (2 keys included). Easy to install — theft-proof. Heavy duty cast steel construction. Fits all gas bottles. **Note:** must be used with **double** gas tanks **only.**
12-2267R—Ea. **$4.79**

7 in 1 LP GAS WATER WRENCH



• **Handy tool for all RV owners!**
Fits 3/4" and 7/8" gas and water flair nuts. 1-1/8" and 7/8" nut fittings on gas and water pressure caps. 1/2" and 7/16" pigtail fittings. Center fits square valve stems. Heavy duty steel construction.
82-0664U— ..... Each **$3.49**

STAINLESS STEEL SINKS for Recreational Vehicles



A **COMPACT SINGLE BOWL SINK** with one 2-inch strainer. 15-1/2" x 12-3/4" overall. Bowl size 13-1/4" x 11 x 5-in. deep. Requires 14-3/4" x 12" cutout. Sizes are approximate. Self rimming.
15-3802R— ..... Each **$23.95**

B **COMPACT DOUBLE BOWL SINK** with two 2-inch strainers. 24-3/4 x 15-1/2" overall. Has two 13-1/4" x 11 x 5-inch deep bowls combined in a single unit. Requires 23-1/2 x 14-1/2" cutout. Sizes are approximate. Self-rimming.
15-3803X—
Each **$35.95**

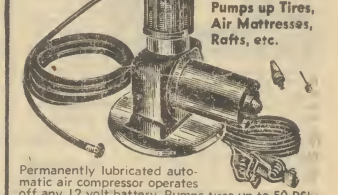
GALLEY HAND PUMP with FAUCET for Recreational Vehicles

Corrosion-proof pump provides fast water flow for non-pressurized systems. Lock feature eliminates need to prime before use. Chrome plated brass spout and lever; black plastic handle. 3/8" hose connection.
17-9350A— ..... Each **$12.95**

ELECTRIC WATER PUMP for Recreational Vehicles

Automatically provides 2-1/2 gallons per minute at free flow. Built-in safety features include automatic shut-off to protect against motor burn-out and built-in check valve to protect against back pressure. Freeze-proof and life-time lubricated. Low amp draw: only 5 amps at full flow. Lifts water up to 10 feet—lets you mount it above tank or in remote location. Self-priming. Can be dry run indefinitely without damage. Runs off 12-volt converter or battery. 5-1/4" wide x 7-1/2" deep x 5-3/4" high.
82-0872T—
Each..... **$49.95**

12 VOLT BATTERY OPERATED AIR COMPRESSOR



Pumps up Tires, Air Mattresses, Rafts, etc.

Permanently lubricated automatic air compressor operates off any 12 volt battery. Pumps tires up to 50 PSI. Use as portable unit or as permanent mount. With 12-ft. hose and 6-ft. battery leads fitted with spring loaded clamps, plus air chuck and needle. Also for inflating air mattresses, footballs, basketballs, rubber rafts, etc.
75-3159A— ..... Each **$42.98**

PORTABLE ELECTRIC AIR COMPRESSOR

Operates from Your Car's Cigarette Lighter!!

• **Small enough to store in your trunk—**
• **Compact! Self-contained! Lightweight!**
• **Plugs into any 12 volt cigarette lighter**

This rugged unit does it all . . . in the back yard, on camping trips, in the garage! Compact and lightweight enough to carry and use anywhere. 10-ft. cord, 27-in. rubber hose with thumb connector for all valve stems and 4 adapters all store inside unit! Pumps 70 psi, .8 CFM at free flow, but draws only 9 amps from car battery—that's less than your outside lights! Piston compressor never needs oil. Hi-impact plastic case.
83-0623R— ..... Each **$34.95**

Self-Contained Hoses Fit Inside Unit!

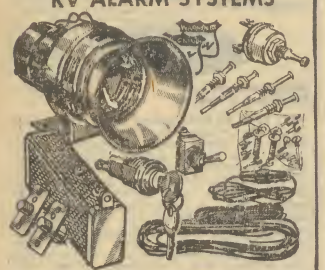
Inflates Tires, Air Jacks, Beach Toys, Load Levelers, Footballs, Air Mattresses, Pressurizes Your Trailer's Water.

SATISFACTION GUARANTEED or MONEY BACK!

CAMPERS, TRAILERS & MOBILE HOMES

SENSATIONAL VALUES

RV ALARM SYSTEMS



Complete 2-way system—motion detector guards against tow-away attempts . . . door and window switches guard against forced entry. Separate on/off switch allows use of one or both. Loud 85-decibel police type siren sounds when system is triggered . . . continues to blast until shut off with key. Self-tapping alarm switches install easily. Operates off existing vehicle power supply or separate 12-volt battery. Complete with everything for installation, including hardware, in-line fuse, two keys, easy instructions and window decals.

74-6727T	10 amps	6.3 amps	**$4.59**

B **8 Volt to 6 Volt Reducer.** Designed especially for headlights drawing 16 to 20 amps.
74-6728A— . . . . . Each **$6.49**

AUXILIARY BATTERY TRAYS for Vans and Pickup Trucks

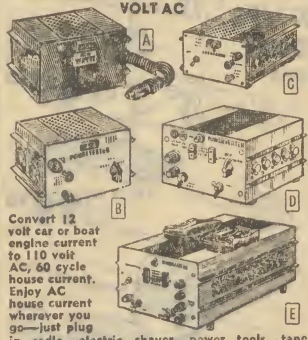
• **Open end design holds any size battery**

Protect auxiliary battery from bumps and jars. Complete with all hardware for safe, secure, under the hood installation. Also ideal for extra batteries in campers. For the following vans & pickups.

Year, Model	PICKUPS	VANS
67-72 Chev. & GMC	12-1764W	
70-76 Chev. & GMC	—	17-9130X
73-76 Chev. & GMC	12-1765T	—
72-76 Dodge	12-1766A	—
67-76 Ford	17-9129R	—
75-76 Ford	—	17-9129R

Above Nos.
Each **$9.50**

POWER CONVERTERS
TRANSISTORIZED 12 VOLT DC to 110 VOLT AC



Convert 12 volt car or boat engine current to 110 volt AC, 60 cycle house current. Enjoy AC house current wherever you go—just plug in radio, electric shaver, power tools, tape recorders, stereos, even 110 volt TV sets, etc. into converter. Use to operate 2-way CB radios and communication systems without interference.

• **Choice of 100, 200, 350 or 500 watt models.** No moving parts to wear out. Quiet—will not interfere with radio or appliances in operation. Can be used for two hour periods before starting engine. Not to be used with refrigerators, air conditioners, compressors, heaters, toasters, fry pans, irons, coffee pots, or similar appliances. **For 12 volt negative ground systems only.** All units with instructions.

A **100 WATT CONVERTER.** Plugs into cigarette lighter. Fits in palm of hand, stores in glove compartment—only 6-1/2" x 5" x 3-1/2". Input: 10 amps maximum at 13 volts. Output: 115 watts intermittent, 100 watts continuous—powers 11" TV set, tape recorder, etc. With 26" cord, plug.
74-6104N— . . . . . Each **$46.95**

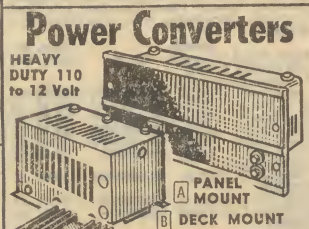
B **200 WATT CONVERTER.** Continuously delivers 200 watts, intermittent use up to 220 watts. Ruggedly constructed, shock resistant. Exclusive power boost circuit permits higher power surge for short jobs (such as starting small appliances, tools, etc.) 5" x 5" x 3-1/2".
13-1731U—
Each **$66.95**

C **350 WATT CONVERTER.** Like 13-1731U above. Input amps with no load: 4-1/2. Output: 385 watts intermittent, 350 watts continuous. Ideal for 24" black/white or 12" color TV, 3/8" drill, etc. 3-1/2" x 6-1/2" x 9".
75-2797R—
Each **$99.95**

D **500 WATT CONVERTER.** Delivers 500 watts continuously and 550 watts intermittently. Also has built-in 10 amp battery charger, polarity protection and overload pilot light. Will work on all uses show above, plus large color TV, 1/2" drill, vacuum cleaner and several items at one time. 5" x 9-1/2" x 9".
15-3625U— . . . . . Each **$152.95**

E **1000 WATT CONVERTER.** Delivers 1000 watts continuous. Will work for all uses shown above plus added features. Equipped with special frequency control and will hold at 60 cycles constant. Video tape equipment, recorders and Hi-Fi is controlled at proper speed. Excellent for frequency sensitive equipment. Equipped with pilot light, polarity protection and circuit speakers. 5"H x 9-1/2"W x 17"D.
17-8987A— . . . . . Each **$379.95**

Power Converters



HEAVY DUTY 110 to 12 Volt

A **PANEL MOUNT**
B **DECK MOUNT**
C **BATTERY CHARGER**

U. L. approved fully automatic converters. Provide 12 volt D.C. power to operate R.V. accessories when vehicle is connected to 115 volt A.C. power. An electronic sensor automatically switches from battery to converter power when 115 volts AC power is applied. Easy-to-follow instructions included. Choose panel mount or permanent deck mount.

A **Panel Mount Converter.** 12 volt and 115 volt circuit breakers safeguard against power overload on all circuits. Convenient utility outlet for 115 volt.
Input 2.0 amps AC, output 10 amps DC.
15-3418U— . . . . . Each **$44.95**
Input 3.0 amps AC, output 15 amps DC.
15-3419B— . . . . . Each **$54.95**

B **Deck Mount Converter.** 12 volt automatic reset circuit breakers safeguard against power or temperature overload.
Input 3.5 amps AC, output 20 amps DC.
15-3420P— . . . . . Each **$59.95**
Input 5.0 amps AC, output 30 amps DC.
15-3421Y— . . . . . Each **$79.95**

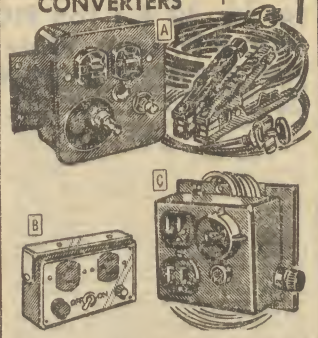
C **Automatic Battery Charger. Must be used with above or any other 110V to 12V converters only.** Automatically charges battery each time you plug into 110 volt "city power" until full charge—then shuts itself off. Protects against overcharge. Maximum charge 12-14 amp—trickles to 1-1/2 amp. Size 2" x 4" x 6". With instructions.
15-4363A— . . . . . Each **$19.98**

REAR FLAP for Vans, RV's

Protects Rear Door and Sill From Rust

Guard rear door and sill from rust caused by salt spray, gravel, mud, water and snow. Tough, flexible flap is not affected by the elements—withstands temperature to —40°F. Easy to Install—all necessary hardware and instructions included. Approx. 49" x 8".
19-6784B— . . . . . I-Kit **$18.98**

Electric Power CONVERTERS



A 12 volt automobile alternator can deliver 35 to 60 amps of current at 110 volts when engine is operating at 2000 R.P.M. or more. At 110 volts and 35 amps you will get about 3000 watts or equivalent of burning 30-100 watt light bulbs. A Portable Saw, Electric Drill, Chain Saw or Impact Wrench draws less than 15 amps so 2 tools can be used at one time. Converters will not shorten life of alternator. Instructions included. Cannot operate induction motors without brushes such as washing machines, refrigerators, air conditioners, pumps, etc.

A **DELUXE POWER CONVERTER KIT.** Mini 20-amp circuit breaker protects your alternator, tools and appliances from damage by power surges. Pilot light indicates when engine RPM is high enough to produce 110 volts. Includes cables for jump-starting cars and light duty welding. With 6-ft. self-locking throttle control cable, and dual outlet. Can use two power tools. Also includes instructions on how to build a portable home generator using the power converter.
13-1542N—Fits all Delco, Ford, Chrys. products. Alternators, Mini Trucks, Toyota, Datsun, LUV, Courier, Mazda and all import cars with Bosch alternators.
13-1543T—Fits all AMC, Jeeps and Tractors using Motorola alternators.
Each **$41.95**

POWER CONVERTERS. Similar to A but without cables or throttle control! With weatherproof covers and splashproof box.
17-9710W—Fits same as **13-1542T** above
17-9711U—Fits same as **13-1543T** above
Each **$23.95**

B **ECONOMY POWER CONVERTER♦.** Compact (4" x 2-5/8") rugged plastic case, with pilot light and universal mounting bracket.
13-1730W— . . . . . Each **$14.50**

C **POWER CONVERTER.** Fits all General Motors Ford and Chrysler product Alternators. Operate 110 volt products from your car. Truck or Boat. Run power tools, lighting fixtures, etc. Provides up to 15 amps at 2000 R.P.M. engine speed. Not for use with Motorola Alternators. With instructions. See index for throttle control.
15-3631Y—
Each **$14.98**
♦Not to be installed on American Motors, Jeep® (with Motorola alternator) 72-76 Delco, Ford & Chrysler Products or engines with internal transistorized voltage regulator.

CRANK-OPEN SUNROOF for All Vans and Pickups

Extra Large Size—17" wide x 36" long. Lets in extra light, ventilates the interior. Bubble sunroof cranks open as desired from inside of vehicle, or easily detaches entirely to provide open-air roof hatch. D.O.T. approved, smoke tinted tempered Plexiglas® in heavy duty anodized aluminum frame. Weatherproof. Includes Interior garnish, gasket, putty and instructions. Fits all Chevrolet, GMC, Dodge, Ford and Plymouth vans and all Chevrolet, GMC, Dodge, Ford, and I.H.C. 1/2 and 3/4 ton pickups.
15-4372B— . . . . . Each **$89.95**

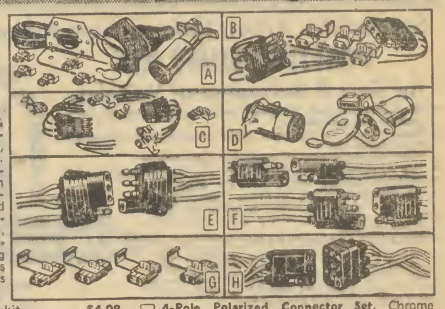
6 VOLT TO 12 VOLT POWER CONVERTERS

For use with tape players, radios, etc. Especially designed for use on cars and trucks that have 6 volt negative ground electrical systems. Step up power to 12 volt negative ground. Permit use of later model electric accessories. Both units shut off automatically when not in use. With instructions.

A **6 Volt Negative to 12 Volt Negative Converter.** 3-amp. output. Satin black steel case. 2-1/4" x 2" x 3". (Order 2 converters to step up 6 volt positive to 12 volt negative).
10-4364U— . . . . . Each **$14.50**

B **Converter/Inverter.** Converts 6 volt negative to 12 volt negative or 12 volt positive to 12 volt negative. 3-amp output. Size: 3-3/4" x 3-1/4" x 2-1/4".
12-1381R— . . . . . Each **$16.98**

WIRING KITS for Pickups, Camper & Trailer



A **Trailer Light Connector & Mounting Kit.** 4-pole connector for ground, tail light, stop light and license light. 5-pole connector adds electric brakes to comply with new laws, plus additional auxiliary lighting. Chrome plated tension-type contacts, plastic coated color-coded wire. Self-insulating splice connectors eliminate wire cutting and stripping. Bracket bolts to hitch or car frame; no holes to cut.
75-1096X—4-pole connector kit **$4.98**
75-2890Y—5-pole connector kit **5.79**
75-3042R—6-pole connector kit **6.49**

B **4-Pole Flat Connector Kit.** Complete 4-way wiring kit with 5 feet of wiring and hardware. Male connector (trailer side) has 12" wire leads. Female connector (towing vehicle side) has 48" wire leads. Include 3 non-stripping splice connectors for all connections.
13-1531Y— . . . . . I-Kit **$2.50**

C **Trailer and Trunk Harness Wiring Kit.** Connects trailer lights to car. Operates trailer stop lights, tail lights and turn signals. Quick-connect/disconnect terminals and snap-on insulators eliminate cutting, stripping and splicing of wire. Includes connectors, neoprene thermoplastic cable, 20 feet of trailer wire, 4 feet of trunk wire, and instructions.
75-2254A— . . . . . I-Kit **$4.89**

D **4-Pole Polarized Connector Set.** Chrome plated die cast housing. Split brass contacts molded in high impact cycolac insulators. Mounting holes 1-3/4" on centers.
12-2186A— . . . . . I-Set **$3.19**

E **4-Pole Flat Connector Set,** 12" long wires on male and female sides.
12-2192R— . . . . . I-Set **$1.29**

F **Pole Flat Connectors,** 12" long wires on male and female sides.
12-2190T—2 pole . . . . . I-Set **89c**
12-2191A—3 pole . . . . . I-Set **$1.15**

G **Splice Connector Kit.** Contains 4 authentic "3M" non-stripping splice connectors for use on cars, trucks, boats and trailers.
12-2198W— . . . . . I-Kit **69c**

H **6-Pole Square Connector.** 12" long wires on male and female sides.
12-2193X— . . . . . I-Set **$2.10**

Trailer & Camper LIGHT KITS

Legal for all trailers under 80" width. For boat, snowmobile or cycle trailers, and campers. Class "A" trailer and trunk harness has color coded wire for easy installation. Split Y trailer harness has two wires running from connector plug down each side of trailer to rear lamps. Side marker lamps easily connected. No jumper wires required. Shock-absorbing lamps have corrosion-proof bodies and rugged circuitry.

A Complete kit includes 7-in-1 left lamp with license window, license plate bracket, 6-in-1 right lamp, 2 amber flange-mount reflector/marker lamps, 25-ft. split trailer harness, 4-ft. trunk harness; all necessary clips and connectors and installation instructions.
82-0685R— . . . . . I-Kit **$14.39**

B Complete kit includes 6-in-1 left and right wrap-around rear lamps, 2 amber flange-mount reflector/marker lamps, 16-ft. split trailer harness, 4-ft. trunk harness, all necessary clips, connectors and instructions.
82-0684B— . . . . . I-Kit **$13.39**

BOAT TRAILER LIGHT KIT

Permanent mount kit includes two combination stop-tail-turn signal lights with double filament bulbs, pigtail extensions, and clear license illuminator; set of three wiring harnesses; plus license bracket. Hardware and instructions.
75-2964N— . . . . . I-Kit **$10.98**

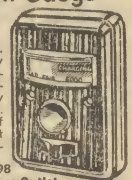
Use Your Present Imported Car Tail Light System When Towing U.S. Trailers

LIGHT CONVERSION KIT

Eliminates having to install extra light and wiring when towing a trailer with an imported car.

Solid state electronic device redirects current from the 3 lights or filaments on each side of Imported cars to the 2 filaments on each side of U.S. trailers.
83-0672W— . . . . . Each **$11.98**

Battery Condition Gauge with Power Outlet



For RV's, vans, cars, trucks. Tells at a glance if battery is charged, charging or discharged. Power outlet accepts any 12V accessory with cigarette lighter plug. 4" x 3" panel has on/off switch, gold trim and walnut inlay. 2-wire hookup. Instructions.
12-2142U— . . . Each **$11.98**
Like Above but without Power Outlet
12-2143B—Gauge only . . . . . Each **$10.98**

110 VOLT TO 12 VOLT POWER CONVERTERS

Convert regular 110 volt AC house current to 12 volt D.C. current. Play radio, tape player or use any auto accessory in your home or motel.
Delivers 5 amp constant, 7 amp, surge power. Built-in indicator lights up when converter is on. Circuit breaker protected (no fuses necessary). With on/off switch and universal stereo plug. 5" x 5-1/4" x 4".
12-1380A— . . . . . Each **$22.50**

BATTERY CHARGING SYSTEMS

For RV's, Trailers, Campers, Vans, Boats, & Farm Vehicles with Two and Three Battery Setups.

Battery isolator automatically charges auxiliary battery as you drive. Protects car battery from discharging and drawing power when auxiliary power is used. Creates a self-contained electrical system, converts alternator or generator into a safe, controlled, fast charger. Each battery receives the proper charge for its specific need.

A **HEAVY DUTY SOLID STATE SYSTEM.** Specially developed rectifiers and heat sink allow maximum heat dissipation without mechanical attachment. Eliminates shorting problems. Charges in half the time of standard system below. 50 amp circuit breaker included in all units except model 15-3469X (not required). With instructions for easy installation. UL approved.

TWO BATTERY HOOKUPS

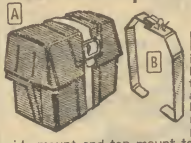
With Alternators	Stk. No.	Each
Delco, Ford & Chrysler Prod. with up to 70 amp alternators and 1975 & up Jeep® and American Motorcars . . .	75-2925W	$14.95
Delco, Ford & Chrysler Prod. with up to 120 amp alternators . . .	15-3469X	34.95
With Motorola alternator on up to 1974 American Motors cars, Jeep® & 73-75 I.H.C. without red terminal plate on back of alternator . .	15-3467A	21.95
Volkswagen vans w/alternator	15-3468R	21.95

THREE BATTERY HOOKUPS

Delco, Ford & Chrysler Prod. **15-3105X 27.50**
TERMINAL INSTALLATION KITS (not shown) for installing above battery charging systems. Include terminals, connector and other hardware.
15-3470N—For models 75-2925W, 15-3467A & 15-3468R . . . . . I-Kit **$5.49**
15-3471T—For model 15-3469X . . I-Kit **7.98**
15-3472A—For model 15-3105X . . I-Kit **6.59**

B **STANDARD SYSTEM.** For 12 volt only. 30-amp capacity with 30-amp circuit breaker. Polarity warning light assures proper installation, prevents damage. With instructions.
75-2924R— . . . . . Each **$12.98**

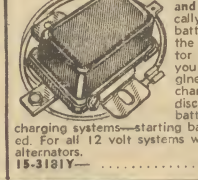
Box & Strap for Auxiliary Batteries



A **Battery Box.** Protects auxiliary battery on RV's, vans and trucks. Unbreakable polypropylene box won't corrode, rust, dent, crack or peel. Accepts both side mount and top mount terminals. Complete with plastic strap and tie down. 9x10x12-in.
17-9260B—
Each **$4.98**

B **Battery Security Strap.** Rugged 2-pc. steel strap has snap lock—can be padlocked (lock not included). Zinc plated. Fits all battery boxes with approximate dimensions of 9x10x12-in.
17-9261P—
Each **$5.98**

DUAL BATTERY CHARGING SYSTEM



For Campers, Trailers and Boats. Automatically charges your dual battery system from the vehicle's alternator or generator as you drive. When engine is turned off, charger automatically disconnects auxiliary battery from engine's charging systems—starting battery stays charged. For all 12 volt systems with up to 50 amp alternators.
15-3181Y— . . . . . Each **$8.98**

INDEX AND ORDER BLANKS—SEE BACK PAGES

SELECTED PARTS & ACCESSORIES for VANS,

Get Positive Action Shifting From Automatic Trans with POSITIVE SHIFT KIT for Cars & Recreational Vehicles

- Eliminates sluggish shifting—increases response in both upshifts and downshifts.
- Helps reduce transmission high temperatures—increases transmission life.
- Maintains automatic operation for daily driving.
- Easy to install in 1-1/2 hours or less with ordinary tools.

HI-PERFORMANCE SHIFT KIT for street and strip. Produces clean, positive, lightning-fast shifts for "wheel spinning" acceleration. Complete with all gaskets, special valve body plate, and instructions.

RECREATIONAL VEHICLE SHIFT KIT. Designed specifically for motor homes, campers, vans, tow cars, taxis and police cars. Produces quick, clean shifts. Eliminates sluggishness—increases gas mileage! Complete with all gaskets, special valve body plate and instructions.

(Note: not designed for hard, harsh shifts like the Hi-Performance Kits above).

Auxiliary SHOCK ABSORBER MOUNTING KIT for 1965-76 FORD 1/2 thru 1-Ton PICKUPS and VANS

Easy-to-install kit lets you mount an extra pair of shock absorbers to front twin I-beam suspension of Ford pickup or van to give you all of these handling and performance advantages:

- **Reduces sway in strong winds and on sharp turns**
- **Reduces scissoring action on dips and bumps**
- **Controls "tipping" in sudden stops**
- **Insures better weight distribution for more stable braking . . . keeps tires firmly on the road**
- **Cuts down unusual tire wear, increases tire mileage**
- **Helps keep front end in alignment longer, lengthens life of front end parts**
- **Perfect solution to handling problems of camper equipped vehicles**

Kit consists of two heavy duty steel brackets, all necessary hardware and easy instructions for mounting the auxiliary shock absorbers to the chassis of your pickup or van. Kit uses regular 65-73 Ford pickup shock absorbers (see below). No special tools required for installation. For the following Ford 2-wheel drive pickups and vans:

Year, Model	Stk. No.	I-Kit
65-70 F100 & F250 Pickups	87-9784W	$35.95
65-74 F350 Pickups	87-9785T	39.95

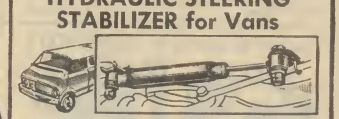
66-74 E300 Econoline Vans	87-9788X	47.95
71-76 F100, F150, F250 Pickups	87-9786A	38.95
71-(Early) 75 E100, E200 Econoline Vans	87-9789N	46.95
75 (Late) 76 E300 Econoline Vans	87-9835W	47.95
75 (Late) 76 E100, E150, E200 Econoline Vans	87-9834R	47.95

Shock Absorbers for Use with Above Kit.
85-2805Y— . . . . . Each $5.99

Coil Spring Stabilizers for Use with Above Kit. Recommended for optimum performance. Insert into front coil springs to restore springs to normal height.
87-9790T— . . . . . I-Set of 4 $4.98

CUSTOM FIT HYDRAULIC STEERING STABILIZER for Vans



- Completely eliminates steering wheel road shock caused by rough roads, ruts, rocks, chuck holes and other road hazards that deflect front wheels.
- Makes vehicle handle with same stability as power steering. No dangerous sudden turning out of front wheels.
- Eliminates shimmy, stabilizes steering mechanism. Doubles steering system parts life. Saves tire wear.
- Enjoy safer, more comfortable driving. No need to fight steering wheel.
- With all mounting hardware and instructions.

Custom fit for the following vans:

CHEVROLET & GMC
64-75 1/2 thru 1 ton vans

DODGE
46-71 1/2 thru 1 ton vans w/I-beam axle
71-75 model 100, 200, 300 vans w/independent suspension

FORD
50-75 1/2 thru 1 ton delivery, Falcon, & Econoline vans

INTERNATIONAL
46-75 1/2 thru 1 ton vans & curb vans w/ I-beam axle

PLYMOUTH
74-75 1/2 thru 1 ton Voyager vans

When ordering: State Make, Year, Model, and our Stk. No. NOTE: On 71-75 Chevrolet/GMC and 1971 Dodge vans state whether I-beam or independent suspension. On 69-75 Ford vans state whether single or twin I-beam axle.

Each **$21.98**

SUPER COOLING Stainless Steel FANS for Heavy Duty Car, Light Truck and RV Use

Lightweight Super-Fan! Deep-contoured blades bite off big chunks of air at slow engine speeds, to handle the big cooling jobs . . . air conditioning, trailer pullers, hard-working light trucks, campers, motor homes, off-road vehicles, heavy traffic. At high speeds, blades flex and "feather" to cut engine drag, reduce noise and increase power. Easy to install, replaces original fan perfectly. No alteration to fan hub. **Note:** cars with free-wheeling, thermatic clutch type fans require 2" spacer—see below.

67-76 Bronco	60-76 Dart	60-74 Olds & F85

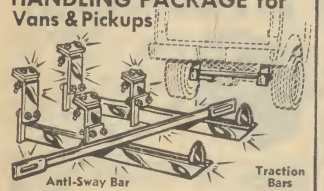
2" SPACERS
37-4193W— . . . . . Each $3.29

Heavy Duty PERFORMANCE HANDLING PACKAGE for Vans & Pickups



Significantly improves handling, traction and roadability of your van or pickup. Prevents wheel hop and spin; adds more traction and power to rear wheels. Helps equalize traction to both rear wheels to stop rear breakaway. Helps eliminate roll and sway in heavy cross-winds and cornering; prevents front end dive. Helps stop uneven tire wear and squeal. Gives your van or pickup an overall balanced feel. Kit consists of one pair of heavy duty steel traction bars in gleaming chrome plated finish, one extra-heavy duty steel, chrome plated anti-sway bar, all necessary mounting hardware, and instructions. Easy bolt-on installation; no holes to drill, no special tools needed.

KIT FOR VANS. For all Chevrolet, Dodge, Ford, GMC, and Plymouth vans.
19-8106W— . . . . . I-Kit **$59.95**

KIT FOR PICKUPS. For all Chevrolet, Dodge, Ford, and GMC 1/2 ton pickup trucks (except mini pickups) with leaf spring rear suspension.
19-8107U—
I-Kit **$59.95**

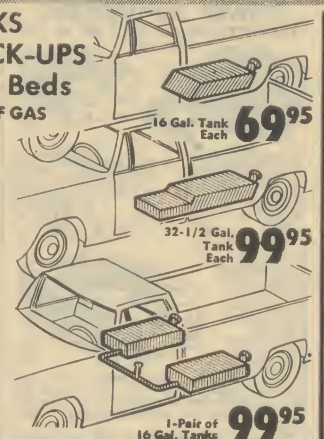
TRACTION BARS ONLY from above kits. Fit all Chevrolet, Dodge, Ford, GMC, and Plymouth vans and all Chevrolet, Dodge, Ford, and GMC 1/2 ton pickups (except mini pickups) with leaf spring rear suspension.
19-8103T— . . . . . I-Pair **$35.95**

INSIDE-OUTSIDE THERMOMETER

See-thru housing lets you read temperatures inside and outside of RV's, mobile homes, cars and boats. Easy-to-read miniature gauge gives accurate readings from —30° to +120° F. Easy, self-adhesive window mount.
15-3230T— . . . . . Each **$2.98**

AUXILIARY GAS TANKS for 1/2, 3/4 & 1 Ton PICK-UPS with 8 ft. Long, Wide Beds

CARRY UP TO 40 EXTRA GALLONS OF GAS



Easy to install, high-density polyethylene tanks are strong as steel but only half the weight. Can't rust or leak. Extra safe—explosion proof. Strong, lightweight, blow-molded polyethylene tanks are equal in strength to 7-gauge steel. Leak proof, because gas enters and leaves from top of tank. Switch for 4-port valve mounts on driver's side of cab floor—lets you divert gas flow from auxiliary tank to original tank. ("Off" position prevents gas flow entirely.) Use gas in auxiliary tank first; when gas is depleted, use 4-port valve to switch to tank's supply (which registers on your fuel gauge). Sending units available for 73-76 models only. Order below. (Included with 32-1/2 gal. Chev. & GMC tanks) All tanks can be used with tire chains or oversize tires. Easy to install—takes only one hour per tank (only 11 out-of-sight holes to drill). No need to remove slide-in campers or caps, or cut side panels—filler tubes are located in rear fender wells. Tanks come complete with galvanized steel support bands; zinc coated bolts, in-line fuel filter, neoprene hose and instructions. **Tanks will not fit pick-ups with 6-1/2 ft. long beds. Available only in sizes and models shown.**

20 Gallon Single Tank. Fits 63-72 Chevrolet and GMC, 63-72 Ford, 66-71 Dodge; 34" long x 18" wide x 10" high. Shipped parcel post.

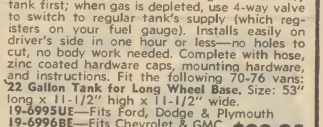
19-8294P—Use with 19-8291W. . . . Kit **$11.95**

Auxiliary GAS TANKS for VANS



Fit 70-76 Chevrolet, GMC, Dodge, Ford & Plymouth

- Carry Up to 22 Extra Gallons of Gas
- Outside Wheel Well Filling System
- Complete With Sending Unit

High density polyethylene tanks are up to 100 lbs. lighter, yet are equal in strength to 7-gauge steel van tanks! 1-piece seamless construction won't rust or leak. Switch for 4-way valve mounts inside cab—lets you divert gas flow from auxiliary to original tank. Use gas in auxiliary tank first; when gas is depleted, use 4-way valve to switch to regular tank's supply (which registers on your fuel gauge). Installs easily on driver's side in one hour or less—no holes to cut, no body work needed. Complete with hose, zinc coated hardware caps, mounting hardware, and instructions. Fit the following 70-76 vans:

22 Gallon Tank for Long Wheel Base. Size: 53" long x 11-1/2" high x 11-1/2" wide.
19-6995UE—Fits Ford, Dodge & Plymouth
19-6996BE—Fits Chevrolet & GMC
Shpg. wt. 26 lbs. . . . . I-Kit **$99.95**

15-Gallon Tank for Short Wheel Base. Size: 35" long x 11-1/2" high x 11-1/2" wide.
19-6997P—Fits Ford, Dodge & Plymouth
19-6998Y—Fits Chevrolet & GMC
Above Numbers. . . . . I-Kit **$89.95**

6-PORT VALVE AND FUEL RETURN KIT. Required for all 73-76 Chevrolet and GMC with 454cc engines and 350cc engines that have two fuel lines between fuel tank and fuel pump. (3 lines on fuel pump also indicates return fuel system).
19-8292U— . . . . . I-Kit **$21.95**

FIBERGLASS ENGINE COOLING FAN for VANS, R.V.'s PICKUP TRUCKS

75% Lighter, 9 Times Stronger than Original

Gives greater cooling capacity at low speeds, when your engine needs it most. **Feathers at high speeds like an airplane propeller,** to reduce drag and power loss. Gives faster acceleration, higher top speeds, better gas mileage, and easier starting in any weather. Engine runs smoother and quieter, fan belt lasts longer. Install in minutes, no special tools needed. **For the following 6 and 8 cylinder pickup trucks.**

55-76 Chev.	55-76 Ford	56-76 Intern'l

No-Lead Upper Fill Necks. For all 75-76 vehicles requiring no-lead fuel.
99-6587BF— . . . . . Each $2.99

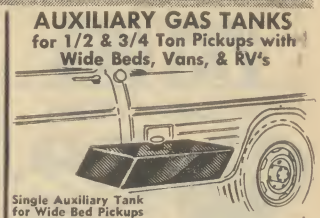
PASSENGER CAR AUXILIARY GAS TANK

20 Gal. Capacity

Mounts inside car trunk, occupies about the same space as a "two suiter" suitcase. Ideal for RV towing, commuters and travelers. Welded 14-ga. steel construction. Interior baffle prevents sloshing. Plastic lined to prevent rust and corrosion. No gas odor in trunk—tank vents to outside. Kit includes everything necessary to install, including gas line and fittings, all parts for tying into evaporative emission control system, electric selenoid valve for "flick of a finger" switching from one tank to another, fuel sending unit for tie-in to vehicle gas gauge, and detailed installation instructions. Approx. 12-3/4" high x 21" wide x 22" long. Measure for sufficient flat installation space before ordering. Holds approx. 20 gal. Fits **only** cars listed below.

99-7091UFE—For General Motors cars
99-7092BFE—
For Ford & Chrysler cars . . . . Ea. **$149.95**
Shipped from Colorado. Shpg. wt. 60 lbs.

AUXILIARY GAS TANKS for 1/2 & 3/4 Ton Pickups with Wide Beds, Vans, & RV's



Single Auxiliary Tank for Wide Bed Pickups

Carry up to 28 extra gallons of gas. Heavy duty 14-ga. steel, plastic-lined tanks with all welded seams and outside fillers with locking access doors. Steel baffles prevent sloshing. Large diam. fill necks for no-waste filling. Rustproof. All 73-76 tanks accommodate evaporative fuel emiss on system (when required) and include emission line and connections. Complete with layout trim plate, fittings hose clamp, gas cap, holddown locks, brackets, fill pipes, instructions. Tanks include selector valve (electric dash mount for 73-76, manual for pre 1973) to switch from original tank to auxiliary. 4-way leak-proof nylon brass valves allow instant switching. ♦Left side only. ■Right side only with rear filler tube. • All tanks for 1973-76 vehicles have approx. 10% less capacity than indicated when vehicle is equipped with evaporative fuel emission system. See How to Order, below. Average shipping weight: up to 18 gallon capacity, 55 lbs.; up to 21 gallon capacity, 75 lbs.; up to 28 gallon capacity, 80 lbs.

Above Numbers . . . . . 1-Set of 4 **$23.95**

HEAVY DUTY TIE DOWNS

Ratchet Wheel Buckle
Spring Loaded Keepers

Rated over 6,500 lbs. Used by major airlines to hold heavy cargo in place. Perfect for securing dune buggies or race cars to trailer. Ratchet wheel buckle, hooks, and spring loaded keepers are 4130 heat treated steel, heavily cadmium plated for rust resistance. 2" wide, abrasion-resistant nylon webbing.
15-4120N—6 ft. long . . . . . Each **$19.98**
15-4121T—8 ft. long . . . . . Each **20.98**
15-4122A—10 ft. long . . . . . Each **21.98**

REAR DECK PARCEL HOLD DOWN

Keep small items from sliding off parcel shelf and hitting passengers sitting in back seat. Strong elastic bands are strung through plastic mounting plates, which screw into rear shelf.
88-7520N—
Each **$3.59**

SAVE on Many Items

TOW ROPE

Lightweight strong polypropylene will not rot, shrink or mildew. Hooks have plastic tips to prevent scratching. 12 ft. long. Attaches easily to car frame.
TOUGH POLY-PROPYLENE
88-7346N—6000 lb. test . . . . . Each **$5.95**
88-7347T—10,000 lb. test . . . . . Each **8.49**

CAMPER LEVELS

Save time—level quickly when you park. Insure efficient operation of refrigerator and other appliances. Hi-Impact case with bubble attaches permanently to camper. Add a second pair on opposite corner of vehicle to eliminate twist. Extra pair inside vehicle aids in parking.
75-3310P— 1-Pair **$1.98**

TRAILER LEVEL

TAKES GUESSWORK OUT OF LEVELING. Get positive leveling from your car. Level mounts on front of trailer, in full view from driver's seat. Large curved tube level with 3/4" diam., stainless steel ball indicator. Large calibrations show where and how much wheel blocking is needed. Rugged, hi-impact corrosion-resistant construction. Some drilling required.
12-1543U— . . . . . Each **$13.98**

SOLID STATE ELECTRONIC BRAKE CONTROL

For all Single, Double, or Three Axle Trailers with Electric Brakes
Better than hydraulics because you never have to bleed them . . . plus you get solid state electronic reliability. Operates off brake light switch —automatically delivers controlled current to allow smooth, synchronized stopping of trailer and tow vehicles. The longer the brake pedal's held, the more current is delivered. Adjust to various driving conditions with just a turn of a knob. Red indicator light shows unit is operating properly. Illuminated manual braking bar for independent application of trailer brakes in emergencies. Easy under-dash mount—no hydraulic connections or external resistors—just five wire hookups. Instructions included. 6-1/2 x 5 x 1-3/4 in. high.
For 1 to 2 axles to 9000 lbs. trailer wt.
12-2093R—
Each **$39.95**
For 2 to 3 axles to 18,000 lbs. trailer wt.
12-2095IX—
Each **$54.95**

TRAILER JACKS

TRAILER TONGUE JACKS. Manually operated "hide-away" jacks fold up out of the way when not in use. Provide up to 6" height adjustment. Permanent mount—must be welded.

A **2400-lb. Capacity Tongue Jack with Swivel Base.** 4" diam. base prevents sinking into mud or soft ground.
75-1628X—11" to 17" high . . . . . Each **$7.19**
75-1630T—15" to 21" high . . . . . Each **9.49**

B **400-lb. Capacity Tongue Jack with Wheel.** Double ball-bearing, 4" diam. wheel swivels 360°. Can also be mounted to trailer corners to provide side movement for parking or storing.
75-1793R—15" to 20" high . . . . . Each **$15.98**
75-1795U—19" to 24-1/2" high . . . Each **16.98**

TRAILER JACK STANDS
Level trailer or camper and provide a solid, stable foundation while it is parked.

C **8000-lb. Capacity Jack Stands.** Lightweight. Heavy Duty. Rigid high alloy aluminum with 1-pc. base, pressure cast for high tensile strength. Self-aligning round plate for larger support area. Adjustable from 11" to 17" high, with screw threading full length. Sliding handle for maximum leverage. Removable screws for easy storage. 2000-lb. capacity per jack, 8000-lb. total capacity. Sold in **Set of 4.**
12-1664Y— . . . . . 1-Set of 4 **$17.98**

D **6000-lb. Capacity Jack Stands.** Solid steel zinc-coated jack screw lifts out for compact storage. **400% more pad area** than most factory-furnished stationary jacks. **Sold in SET OF 4**
75-2095Y—Adjust 12" to 18" 1-Set of 4 **$11.98**
75-2096W—Adjust 10" to 15-1/2" 1-Set **$11.98**

QUICK LIFT TRAILER JACK

Set jack—then drive your car forward or backward to roll jack up to lift position—no strain, no work!
Sturdy, cast aluminum jack, safety-tested to lift 4,000 lbs. For use on mobile homes, camp trailers, boat, utility and farm trailers. Use with round or square axles. For axles having 8" to 16" wheels.
75-3312W— . . . . . Each **$12.98**

TRAILER TONGUE JACK

2000 lb. Capacity

Hydraulic self-retracting feature eliminates cranking

Eliminate tedious cranking when adjusting trailer tongue. Hydraulic, self-retracting jack has positive safety valve and automatic up position lock—no thumb screw to tighten or loosen 2000 lb. capacity, 15" ram travel. Easy installation—1-3/4" outside tube diameter needs no enlarging of mounting hole. Bright rust resistant zinc plated. With instructions.
15-3274A—
Each . . **$64.95**

GRADE & TILT INDICATOR

For Cars, Trucks, Campers, Pickups, Jeeps®, Tractors, Farm or Road Building Equipment, and Boats. Indicates degree of grade or tilt. Handy device warns you when your vehicle is in danger of tipping over on hillsides, sharp curves, or steep grades . . . can save your life. Dual dial indicates degree of left or right tilt (0° to 60°) or up or down grades.

A Handsome Gray plastic housing with bright finish hardware. Easily installed on dash or window moulding.
17-8835B— . . . . . Each **$10.98**

B **Grade-O-Meter.** Mounts to any flat surface with self-adhesive back, or to curved surface with self-tapping screws provided. Instruction sheet tells you how to figure tip-over angle. Size: 2"x4"x3/8" thick.
10-1322N— . . . . . Each **$5.49**

GRADE INDICATOR

Smartly styled, color coded gauge shows percentage of incline and decline . . . warns you when your vehicle is in danger of tipping over on steep grades. Also indicates cant of vehicle during acceleration and braking. Great for cars, RV's, trucks, campers, road building equipment and boats. Rich textured black case with chrome trim. Self-adhesive base. Approx. 3-1/2" high x 2-1/2" wide x 3-1/2" deep.
88-7521T— . . . . . Each **$23.98**

HYDRAULIC LIFT JACKS for Campers

- 4 Ton Lifting Capacity Per Set
- 4 Jacks Per Set

Lifts from ground level to approx. 8" clearance above truck bed. Jack is constructed of aircraft quality tubular aluminum for lightness and strength. Gold anodized for corrosion-free long wear. Hydraulic unit has 1" delrin piston, 1-1/4" aluminum hollow bar cylinder and a 36" ram. Hardware and instructions included. 4 jacks and 2 handles in set. Wt. 100 lbs.
19-8199AE—Shipped from Chicago
99-6669YFE—Shipped from Calif. 1-Set **$199.95**

POST JACKS for CAMPER TRAILERS

- Full 36" Lift
- Zinc Plated
- Heavy Duty Tubing

"Quick-Klick" Post Jack For campers up to 2500-lbs. and up to 10-ft. long. Set of 4 jacks, one handle and all hardware. A few strokes at each jack and your camper is up and free of your pick-up truck. Handle provides full or semi-automatic raising and lowering. Drops freely to the ground with safety catch release. Auto-lock drop tube assembly has fully keyed inner tube to keep spring loaded lock dog and punched holes aligned during jacking. Automatic safety prevents accidental drop. Nylon bushings for effortless operation.
99-4911WFE—
Shpg. wt. 100 lbs. 1-Set **$99.95**
NOTE: Shipped from Nebraska.

CAMPER LIFT JACKS

- Swing legs fold for easy storage
- 2400 lbs. total capacity

Non-mounted camper jacks have wide, sturdy tripod bases, can be used on all camper covers, caps and shells up to 10-1/2 feet long. Adjust to 8" above truck bed; can lower camper completely to ground. 4:1 reduction ratio eases lift. Removable pully unit allows winch to be rotated for easy access to camper. 3/16" galvanized aircraft cable, heavy-walled pipe for vertical pole, heavy 30" padded angle lifting arms. Bright zinc plated post for rust resistance. With instructions. Set includes 2 jacks. Shpg. wt. 75 lbs.
19-8200XE—Shipped from Chicago
99-6670WFE—Shipped from Calif.
1-Set **$89.95**

Pickup Camper STABILIZERS

Improve handling and steering, get a more comfortable, safer ride.
Reduce bounce and sway. Rubber insulated ball joints. Rubber cushion pads protect truck finish from scratching. Includes mounting hardware (see below for heavy duty mounting brackets for Chevrolet and GMC.)

A **Self-Storing.** At each permanently to camper overhang, swing up and lock out of the way for storage. Chrome plated for rust resistance. Adjust in length 15" to 35".
75-2922T— 1-Pair **$37.95**

B **Permanent-mount.** Similar to above, but without swing-away feature. Adjust 12" to 33".
75-2921N— 1-Pair **$34.95**
Economy Stabilizers. Similar to 75-2921N, but with non-glare silver enamel finish.
13-1787W— 1-Pair **$26.95**

C **Mounting Brackets** for Chevrolet and GMC 1973 and up. Chrome cowl plates. With instructions.
15-3623R— 1-Kit **$8.95**

HOW TO BUILD LOW COST MOTORHOMES

Filled with facts, hints and easy-to-understand instructions. Tells you about the different used buses available . . . how to select the one for your needs . . . where to find it. Then shows how to begin the conversion, how to make the necessary patterns, build cabinets, dinettes, etc. Full information on ranges, water and space heaters and other appliances. Also suggestions on maintenance, operation and supply sources. 100's of photos, drawings, and plans. 281 pages.
16-3343W—
Each **$7.95**

Glide-Out Step for Pick-Ups

Glides out smoothly when you open cab door, to give you a safe, handy step-down. Locks snugly under chassis when door is closed. Neoprene support. Sturdy step has perforated non-slip surface that will not retain water. Tough, corrosion resistant aluminum finish. Easy to install, on either side.
For following pick-up trucks:
13-1554P—66-72 Chevrolet and GMC
13-1616X—73-76 Chevrolet and GMC
13-1617N—72-76 Dodge
13-1553B—66-72 Ford
13-1615R—1973-76 Ford
15-3104P—69-75 International
Each **$17.98**

SWING STEP for ALL PICKUP TRUCKS

FOLDS UP

Allows safe, easy access to pickup bed. Swings into truck when not in use; adhesive pad prevents rattling. Heavy duty 3/4" square tubing of zinc plated, 14-ga. steel. Mounts to tailgate easily—only minor drilling required. Hardware and instructions included.
15-4072Y— . . . . . Each **$17.95**

CAB STEP FOR VANS

17-9161B—Fits 75-76 Ford Vans & Club Wag.
12-2338Y—Fits 70-76 Dodge & Plymouth Vans.
Above Numbers . . . . . Each **$9.98**

CAB STEPS FOR TRUCKS

Sturdy steps have non-slip surfaces. Easily install on cab underside.

A **Deluxe Step.** Sleek-styled, no rust anodized aluminum. Reduces entry step approx. 8 in. Includes hardware. Fits 67-76 Chev., Dodge, Ford & GMC pickups, Blazer, Jimmy, Bronco, Ramcharger, and Trailduster. 9" wide.
15-3103B— 1-Pair **$11.98**

B **Economy Step.** Zinc-plated steel. Fits 68-76 Chev., Dodge & GMC pickups.
12-1626X— . . . . . Each **$4.19**
Same as above, for 68-76 Ford Pickups.
12-1627N— . . . . . Each **$4.19**

TRUCK STEP-UP

Unload or load your pick-up from the side. Polished cast aluminum step-up makes it easy to get in and out of bed.
12-2082B— . . . . . Each **$10.79**

TRAILER BACKING AID

Easy-to-use system makes it easier to back up and park all kinds of trailers. **Directional flag** attaches with suction cup to rear side of trailer and, as you back up, registers between guidelines of decal that you apply to your rear-view mirror. Decal does not interfere with normal use of your mirror. Kit includes mirror decal, parking flag and instructions.
17-9378B— 1-Kit **$5.98**

BACK-UP ALARM

for Cars, Trucks, RV's, Campers & Vans with Back-Up Lights

Helps prevent accidents! Alarm automatically sounds a loud, intermittent beep when vehicle is shifted into reverse gear—warns children and pedestrians of impending danger. Durable, vibration proof, weatherproof construction. Easy to install in trunk or under rear of vehicle. For 12 volt systems.
17-9168X— . . . . . Each **$8.49**

STEP FOR PICKUPS, VANS & 4 WHEEL DRIVE VEHICLES

Have easier, safer footing when entering or leaving your vehicle. Non-rust step is lightweight, heavy duty cast aluminum, rib reinforced for even greater strength. Bright finished non-slip surface. Easy to install; simple drilling required. With hardware and instructions. Fits driver or passenger side.

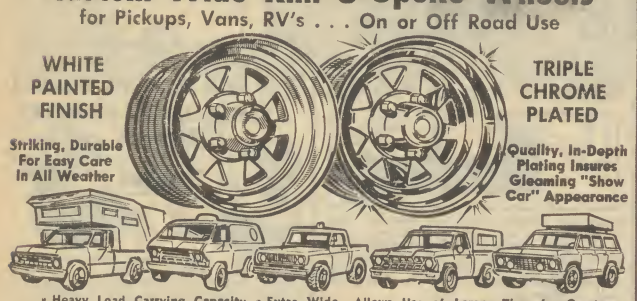
Custom Wide Rim 8 Spoke Wheels

for Pickups, Vans, RV's . . . On or Off Road Use



• Heavy Load Carrying Capacity • Extra Wide—Allows Use of Larger Tires for Greater Stability and Control • All Steel Construction.

All wheels feature heavy duty steel 8 spoke center welded into hi-impact, all steel rims . . . ideal for even the most demanding on and off-road use. Wheels fit both disc and drum type brakes, 2 and 4 wheel drive vehicles, tubeless or tube type tires. Rear mounting pad is machined to insure proper alignment. Constant tightness of lug nuts is maintained by hollow contoured "Torque-Ring" around bolt circle flange area. Complete selection of chrome nuts and chrome caps, available for all size wheels, including open end cap for 4 wheel drive vehicles. **Important: See How to Order, Below.** For the following:

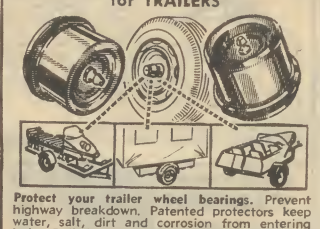
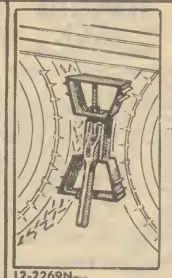
Wheel Bearing Protectors

for TRAILERS



Protect your trailer wheel bearings. Prevent highway breakdown. Patented protectors keep water, salt, dirt and corrosion from entering hubs. Built-in fitting lets you grease hubs and bearings from outside. Built-in pressure relief system keeps hubs full of grease under pressure at all times. Prevents grease seal from popping out or leaking. With watertight neoprene gasket and instructions. Easy to install on all trailers—camping, utility, boat, snowmobile, etc. For correct size measure diameter of existing dust cap.
85-3382X—For 1-3/4" Dust Cap **I-Pair**
85-2169R—For 1-15/16" Dust Cap
85-3383N—Replaces 2-1/4" Dust Cap **$4.98**

TANDEM WHEEL BRAKE



For RV trailers & trucks with tandem wheels. Keep tandem trailers from creeping, rolling. To use, place brake between wheels and lock by pulling down handle. If "bind" is too tight or too loose, simply adjust nut on the adjustment bolt. Heavy duty steel. Includes provision for padlock. Fits distance between tires 3 to 4-1/2 in.
12-2269N— . . . . . I-Set of 2 **$34.95**
Fits distance between tires 5 to 6-1/2".
12-2360B—
I-Set of 2 . . . . . **$49.95**

DUAL TIRE INFLATOR

for RV's and Trucks

Eliminate searching for truck stops—now inflate side-by-side tires from **any** service station air chuck. Dual-tire inflator with special adaptors converts any single air chuck to double chuck in seconds; push to inflate inside tire, pull to inflate outside tire. With instructions.
15-3659T— . . . . . I-Kit **$4.98**

REAR END LIFT KIT for Vans & Pickups

For all vans and pickups with rear leaf springs. Raises rear of vehicle 1-1/2 to 4-1/2-in. Increases and maintains weight transfer; gives additional tire clearance. Reduces rear wheel hop. Kit includes one pair of heavy ductile iron lift blocks and all necessary mounting hardware, with instructions. Raises rear of van or pickup 1-1/2-in. To raise rear end even higher, see additional lift blocks listed below.
87-9781B— . . . . . I Kit **$23.95**
Extra Lift Blocks for above kit. Each pair of lift blocks raises rear of van or pickup an additional 1-1/2-in. (maximum lift 4-1/2-in.).
87-9782P— . . . . . I-Pa **$11.95**

WHEEL COVERS

for Chevrolet, Ford & Dodge Mini Homes, Vans and Pick-Up Trks.

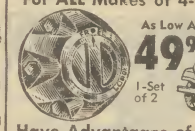
4-WHEEL to 2-WHEEL SELECT-O-DRIVE HUBS

For ALL Makes of 4-Wheel Drive Vehicles



As Low As **49.95** I-Set of 2

Have Advantages of Both 4-Wheel Drive and 2-Wheel Drive

• More useful engine power!
• More miles per gallon!

• Less tire and bearing wear!
• Makes steering easier and safer!
• Reduces costly repairs to front end drive!
• 100% performance—even in mud or snow!

With these hubs installed on front end drive you can quickly change (by merely hand turning dial) from 4 wheel drive to 2 wheel drive or from 2 wheel to 4 wheel drive. Use 2 wheel drive for easier, faster going on highway—for ordinary use. With Select-O-Drive in 2 wheel drive position, front end becomes a free wheeling unit . . . eliminates unnecessary drag. Sold in sets of 2 complete with instructions for easy installation.

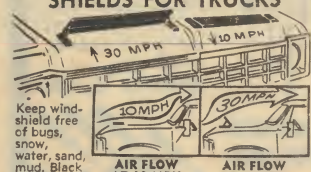
"POP UP" DEFLECTOR SHIELDS FOR TRUCKS



Keep windshield free of bugs, snow, water, sand, mud. Black 3" high

AIR FLOW AT 10 MPH — AIR FLOW AT 30 MPH

Anodized tempered aluminum shields attach to front of hood, lay flat at low speeds. At approx. 30 mph, air pressure causes the shields to rise, creating a low pressure area on top of hood in front of windshield. Air flow, along with bugs, snow, etc., is diverted away from windshield and up over the cab. Complete with rugged black vinyl mounting brackets, screws, and rubber mounting bracket pads for easy, permanent installation. Fit the following trucks:

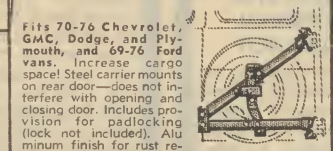
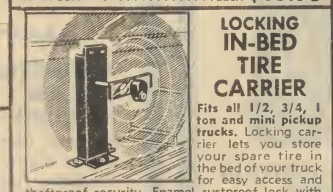
VAN SPARE TIRE CARRIER



Fits 70-76 Chevrolet, GMC, Dodge, and Plymouth, and 69-76 Ford vans. Increase cargo space! Steel carrier mounts on rear door—does not interfere with opening and closing door. Includes provision for padlocking (lock not included). Aluminum finish for rust resistance. Fits right or left hand doors; some drilling required. Complete with instructions. For spare tire covers—see index.

17-9700X— . . . . . Each **$15.98**

LOCKING IN-BED TIRE CARRIER



Fits all 1/2, 3/4, 1 ton and mini pickup trucks. Locking carrier lets you store your spare tire in the bed of your truck for easy access and theftproof security. Enamel rustproof lock with two keys. Mounting hardware included. Carrier sizes: for domestic pickups, 20-1/2" long x 3" wide; for mini pickups, 16-1/2" long x 3" wide.

75-3348P—For domestic pickups.

75-4478U—For mini pickups (Courier, Datsun, LUV, Mazda, & Toyota).

Above Numbers . . . . . Each **$9.50**

SIDE MOUNT SPARE TIRE CARRIER for Pick-Up Trucks

Perfect for pick-ups with campers—carries spare tire on side of truck. Enameled steel. Easy to install.

19-7554Y— . . . . . Each **$10.99**

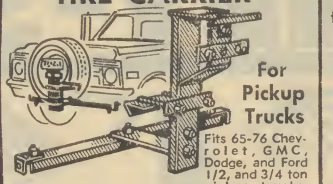
SPARE TIRE LOCK

Fits Chevrolet, Ford, & GMC Pickup Trucks

Fits original equipment under-truck spare tire carriers. Heavy duty laminated padlock is plastic coated to protect against mud, snow, moisture. 2 keys included.

19-4117A— . . . . . Each **$5.49**

FRONT FRAME MOUNT TIRE CARRIER



For Pickup Trucks

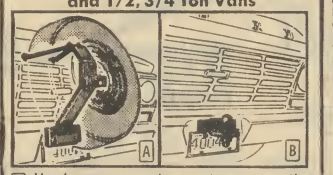
Fits 65-76 Chevrolet, GMC, Dodge, and Ford 1/2, and 3/4 ton pickup trucks. Weight of tire and wheel rests on **both frame and** bumper for a vibration free ride. Mounts away from grille to permit unrestricted air flow to cooling system, thus preventing overheating. Includes license holder. Can use stud lock. Constructed of heavy duty steel with rust resistant, plastic-based aluminum finish. Easy to install clamps to top of bumper, bolts to frame. No drilling or welding required. With hardware and instructions. See index for tire cover and lock.

15-3686W—2 bolt tire mount Each **$24.95**

15-3688B—3 bolt tire mount Each **$27.95**

FRONT SPARE TIRE MOUNT and FRONT SPOT HITCH

For 1/2, 3/4, & 1 Ton Pickups and 1/2, 3/4 Ton Vans



A Here's an easy way to mount your spare tire up front where it belongs. Weight of tire rests on bumper, not on grille. Mount extends out approx. 5" to prevent damage to grille. Permits air to flow through radiator to prevent engine over-heating. This heavy duty mount is constructed of strong, brightly finished aircraft aluminum. Has built-in license plate adapter. Theftproof lock with 2 keys included. Can be removed and transferred from truck to truck. Easily installed in minutes. Fits all 57-76 Chevrolet and GMC, 70-76 Blazer, 52-76 Dodge, Camper Special and Vans, Ramcharger, 52-76 Ford (including Econoline; 53-75 International (exc. Scout), 75-76 Plymouth Trailduster Voyager.

19-4878U—2 bolt tire Mounting . . Each **$23.95**

◆**19-5546W**—3 bolt tire Mounting Each **25.95**

◆Meets California Vehicle Code.

B **FRONT SPOT HITCH.** Complete with 1-7/8" ball. Can be used with or without tire carrier listed above. Makes the job of parking a trailer or placing a boat trailer in or out of the water a "cinch." Does away with blind spot maneuvering. Fits trucks listed above.

19-4879B— . . . . . Each **12.98**

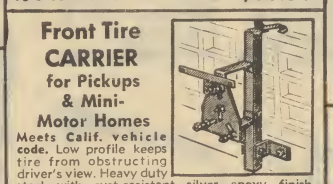
FRONT TIRE CARRIERS

for ½ & ¾-Ton Pick-Ups, Vans & Station Wagons

Heavy duty steel plate. Easily installed at any angle to allow for any bumper or grill. 3-position lock-in settings allow for extended bumper or grill. Easy 4-bolt installation — 2 bolts go through bumper plate and license plate holes . . . 2 bolts attach under hood.

75-3158T— . . . . . Each **$16.98**

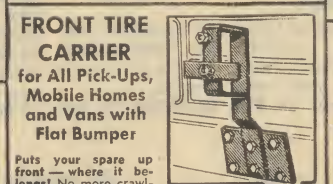
Front Tire CARRIER for Pickups & Mini-Motor Homes



Meets Calif. vehicle code. Low profile keeps tire from obstructing driver's view. Heavy duty steel with rust-resistant silver epoxy finish. Special brackets for mounting at any angle. 3-bolt wheel mounting. Complete with separate license plate holder.

82-0858B— . . . . . Each **$17.98**

FRONT TIRE CARRIER for All Pick-Ups, Mobile Homes and Vans with Flat Bumper



Puts your spare up front — where it belongs! No more crawling under bed to get at your spare. Front mount gives better road handling, makes it easier to check or inflate spare. Strong steel construction with rust-resistant black enamel finish. Easy to install—only two holes to drill.

12-1753R— . . . . . Each **$14.49**

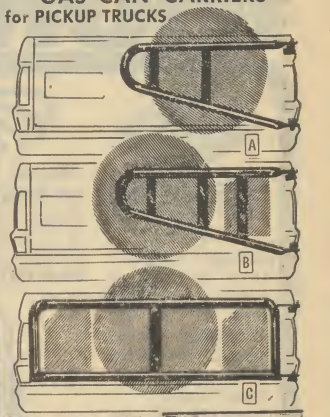
TIRE LOCKS for OUTSIDE MOUNTED SPARE WHEELS

Locks wherever spare wheel is mounted with stud and nut. With 2 keys. Enamel rust-proof finish.

75-3133W—

Each **$3.98**

Swing-Away TIRE and GAS CAN CARRIERS for PICKUP TRUCKS



Carrier swings away for easy access to rear door or tailgate. Mounting brackets for back corner of vehicle backed by heavy steel plates inside to provide additional strength and support. Constructed of steel tubing and heavy 11 ga. steel plate with black enamel finish. Contains safety latch to prevent carrier from swinging open when vehicle is stopped or in motion. With mounting hardware, instructions.

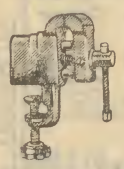
Mechanic's All-Purpose FUNNEL
Add oil, transmission fluid, gasoline — anything that pours—without spilling. Polyethylene. 18½" long.
04-0222W Ea. **99c**

SPRAYER
Sprays all liquids, light oils, cleaners, insecticides. Easy trigger action with adjustable nozzle for fine, medium or jet spray. 16-oz. container.
04-0035B Ea. **99c**



UTILITY VISE
1-1/2" jaw. 2 steel guides align jaws.
04-0089R Ea. **99c**

MUFFLER PATCH
36" x 2" heat-bonding chemical fiberglass strip.
04-0016B Ea. **99c**

BATTERY FILLER
For use with water or acid — corrosion-proof for long life. 6-oz. rubber squeeze bulb and polyethelene stem. Store anywhere.
04-0132X Ea. **99c**

MINI COMPASS
Suction cup mount. Free floating—reads in any position. No adjustment necessary.
04-0020U Each **99c**

COTTER PIN SET
144-pcs., assorted sizes. With remover tool.
04-0030T Set **99c**

OIL FILTER REMOVER
For all filter cartridges. Heavy duty, with extra-wide band. Won't crush or strip.
88-7216P Ea. **99c**

Heavy Duty HOSE REPAIR
2" x 15' tape repairs several radiator, air conditioner, etc. hoses.
04-0021B Ea. **99c**

SHEET METAL SCREW ASSORTMENT
Self-tapping, assorted sizes. Plated.
04-0131R Set **99c**

Vinyl Coated OIL SPOUT
Leakproof, neoprene lined, heavy gauge steel spout. Sharp cutter. 8" long.
04-0217W Ea. **99c**

GREAT BUYS 99¢ YOUR CHOICE

6 FOOT PUSH PULL RULE
72" long, retractable type rule fits in your pocket. Flexible steel ½" wide tape has 1/16" markings.
04-0186T Ea. **99c**

6 FOOT FOLDING WOOD RULER
Folding maple ruler has metal friction points. Clear, exact markings.
04-0147N Each **99c**

SNAP FASTENER PLIERS
Quickly and easily fasten snaps to cloth or plastic. Complete with 8 sets of snaps.
88-7220B Set **99c**

BATTERY POST and TERMINAL CLEANER
Keep battery in top shape! Screw top plastic brush holder & case.
88-7300B Ea. **99c**

RUBBER MALLET
16-oz. rubber head. 12" hardwood handle.
88-7004P Ea. **99c**

TUBING BENDER
Bend up to 5/16" brass, copper, aluminum fuel, brake lines, etc.
04-0015U Ea. **99c**

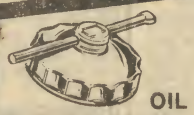
BATTERY TESTER
Unbreakable Tenite. Floating balls indicate cell charge.
04-0001U Ea. **99c**

6" CONTOUR GAUGE
Reproduces any shape it is pressed against. For linoleum tile, metal or wood working.
04-0097B Ea. **99c**

STEEL WASHER KIT
Rustproof zinc plated. 7 sizes.
04-0126R Set **99c**

LAWN MOWER SHARPENER
Fits any electric drill. Easy to use — sharpens any rotary blade.
04-0090X Ea. **99c**

PENCIL-TYPE TIRE GAUGE
Keep tires properly inflated — save gas, add 1000's of miles! Handy pocket size ... gives accurate readings from 5-50 lbs. Chrome plated.
88-7219U Ea. **99c**



OIL FILTER WRENCH
Ideal for filters located in hard-to-reach areas. Press-fit design allows easy removal of filter without adjusting. Can be used with included slide bar or with any ratchet wrench. Heavy gauge steel.
04-0172T Ea. **99c**

101-PIECE SPRING ASSORTMENT
Tempered music wire. Compression, torsion & extension springs, assorted sizes.

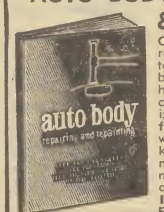
NOTE: FOR OTHER MANUALS—SEE INDEX

AUTO BODY REPAIRING & REPAINTING



Covers all phases of body repairing—use of modern tools and equipment, step-by-step procedure for handling typical jobs. Includes chapter on customizing and building using fiberglass. Ideal for those who need fundamental knowledge—also for body men who desire to know more, and do-it-yourself car owners. 232 pages.
16-5062X— Each **$6.40**

SHEET METAL MANUAL

Information and techniques for making effective repairs on late model auto bodies. Begins with the basics—an explanation of the properties of auto body sheet metal and the tools used to repair it. The book then describes the various types of collision damage and shows in step-by-step procedures the most efficient methods of repair—including shrinking, filling, and straightening. 398 pages with over 300 illustrations.
16-5307W— ..... Each **$9.95**

INDEX AND ORDER BLANKS—SEE BACK PAGES

CHILTON'S TRUCK REPAIR MANUAL

for Light and Medium Trucks Up to 2½ Ton

Easy-to-follow — covers maintenance, repair and servicing of:

CHEVROLET TRUCKS VANS & BLAZER 65-74 DODGE TRUCKS & VANS 65-74 FORD TRUCKS, BRONCO & ECONOLINE 65-74 GMC TRUCKS, VANS & JIMMY 65-74 INTERNATIONAL TRUCKS, SCOUT & TRAVEL ALL 65-73 JEEP® TRUCKS 64-73

MORE THAN 1200 PAGES—Thousands of Illustrations, Diagrams and Specifications. Covers electrical (alternators, generators, starters, ignition trouble shooting), Brakes (air, disc, hydraulic power). Diesel Engines (Cummins, Ford, GMC, Perkins). Gasoline engines, Carburetors (Carter, Ford, Holley, Rochester, Stromberg), Exhaust Emission Controls, Manual and Power Steering, Front Axles and Suspensions, Transfer Cases, Rear Axles (Chevrolet, Eaton, Timken, Spicer), Manual Transmissions (Clark, Dodge, Fuller, GM, International, New Process, Spicer, Warner), Automatic Transmissions (Allison, Dodge, Ford, GM).

16-5811X— ..... Each **$18.00**

DIESEL FUNDAMENTALS & REPAIR MANUAL

Written for the beginner in easy-to-understand language. Covers fundamentals of design, classification and construction. Covers lubrication, exhaust, filtering, cooling and governing system with special emphasis on fuel injectors and ignition systems. Illustrations. 324 pages.

16-5623W—
Each **$9.95**

MODERN WELDING GUIDE

Comprehensive book provides up-to-date coverage of entire welding field. Enables anyone to start training on any of the various types of welding. Covers multitude of processes, including aerospace and other industries. Ideal for beginners and welders who want to increase their skills. 712 pages with over 1,370 illustrations.

16-5063H— ..... Each **$10.95**

ARC WELDING Fundamentals

Takes you step-by-step thru the basic fundamentals of welding. Questions and activities at the end of each chapter let you evaluate your own progress. Over 300 illustrations and diagrams. 128 pages.

16-5624U—
Each **$4.80**

Flat Rate MANUALS for Motorcycles Small Engines!

For mechanics and garages — give realistic time allowances and rates.

FOR MOTORCYCLES. Covers over 200 models of all popular makes. Specific breakdowns for tuneups, fuel and ignition systems, suspension and much more. 88 pages.

16-5614N— ..... Each **$4.95**

FOR SMALL ENGINES & CHAIN SAWS. Over 1200 models of over 40 popular makes. 84 pgs.

16-5615B—
Each **$5.95**

Small Gas Engine Manual

Covers two and four cycle engines, rotary engines, fuel systems, carburetion, lubrication, tune up on small gas engines used on mowers, outboards, chain saws, snowmobiles. 232 pages. Over 400 illustrations.

16-5899B— Each **$6.96**

Tilt-Bed TRAILER PLANS

Build It Yourself!

Easily build either of these lightweight tilt bed trailers. Fully tested, professional design. Plans include detailed drawings, specifications, photos, material list and assembly instructions.

TANDEM AXLE 10,000 lb. capacity. Hauls any car with up to 160" wheel base. Overall size: 233" long x 95" wide. Runner width: 22".

16-520BW—
1-Set **$7.50**

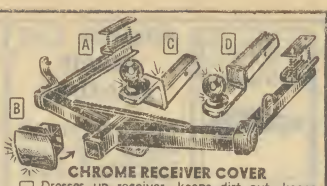
SINGLE AXLE 4,000 lb. capacity. Hauls any car up to 100" wheel base. Overall size: 112" long x 95" wide. Runner width: 18".

16-5759Y— 1-Set **$5.99**

SATISFACTION GUARANTEED or MONEY BACK

BOLT-ON RECEIVERS

for Class III Trailer Towing



CHROME RECEIVER COVER

B Dresses up receiver, keeps dirt out, keeps dirt out when not towing.

17-9176P— ..... Each **$3.79**

A Easy to install—NO WELDING NECESSARY. Capacity: 7,500 lbs. gross load, 750 lbs. tongue weight. Meets or exceeds S.A.E. standards. Bolts to car frame. Removable for easy storage when not in use. Heavy steel construction combines tubing and channel parts to form rugged frame—resists twisting or surging. Safety chain plate built-in. Parts may be adjusted to allow for car frame variations. Structural parts concealed under car. When ordering, State Year, Make, Model and Stock Number.

CHROME BALL MOUNTS (C AND D SHOWN ABOVE)

Gross load rating 3500 lbs. towing and 300 lbs. tongue load. Fits receiver openings 2" x 2" I.D. and 3/4" ball bolts. Balls not included (see index). Measurements shown are with ball on mount.

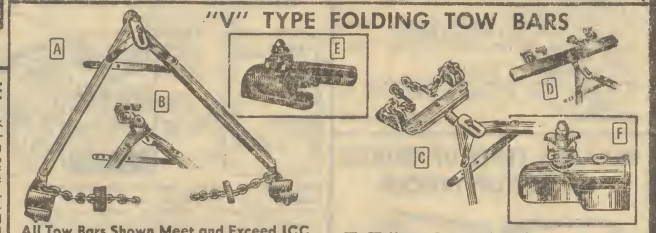
C **Reversible Ball Mount for Different Lifts.** Max. lift 5 in.; max. drop 1-1/2 in.

17-9157B— ..... Each **$7.98**

D **Straight Ball Mount.** Maximum lifts 2-3/4 in.

17-9174N— ..... Each **$9.98**

"V" TYPE FOLDING TOW BARS



All Tow Bars Shown Meet and Exceed ICC Strength Requirements up to 5000 lbs.

A **3 Point Hookup Tow Bar.** Weighs only 34 lbs. Has these plus features: adjustable reinforcing bar. Fits all 2" balls. Malleable 1-pc. coupler with positive safe locking device. Can be padlocked to prevent theft. Yoke design for wider spread fits in or outside of grille guards. Adjustable chain jaws fit all bumpers. Movable upper bumper clamp permits fast installation. Dual grooved lower bumper clamp assures safe hookup.

19-2221R— ..... Each **$69.95**

B **3 Point Hookup Tow Bar.** Same as above, but for use without hitch or trailer ball. Has detachable front jaws for easy hookup, safe towing.

19-2222X— ..... Each **$74.95**

C D **Heavy Duty 4 Point Hookup Tow Bars.** Same as above but heavier construction with 4-point hookup—designed for safer continuous towing. With draw beam headers (attach to two points on any size or shape bumper).

C **Tow Bar with 13" Beam.**

19-4039T— ..... Each **$94.95**

D **Tow Bar with 36" Beam.**

19-4040A— ..... Each **$99.95**

E **Coupler Adapter** for tow bars A and B. Use on 1-7/8" and 2-1/8" balls.

19-4163A— ..... Each **$27.95**

F **Coupler Adaptor** for tow bars C and D only. Use on 1-7/8", 2", or 2-1/8" ball for 3 point hookup instead of 4 point.

19-4162T— ..... Each **$27.95**

Tow Bars for Compact Cars and Utility Vehicles

Meets or exceeds S.A.E. standards. For gross loads to 3500 lbs. and trailer tongue loads to 250 lbs. Perfect for towing small car behind motor home, camper or car. Secures to car frame. Takes only minutes remove—brackets may be left on car. Entire unit die-formed steel for maximum strength—sturdy steel arms bolted together. No drilling or welding required. Gray baked enamel finish. Coupler included. See index for 2" ball. ♦Do not tow for long distances.

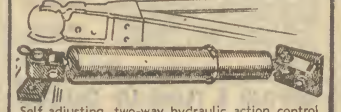
TRAILER SWAY CONTROL

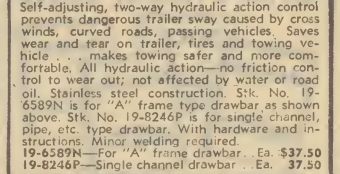
For All Class I, II, III Hitches



Self-adjusting, two-way hydraulic action control prevents dangerous trailer sway caused by cross winds, curved roads, passing vehicles. Saves wear and tear on trailer, tires and towing vehicle . . . makes towing safer and more comfortable. All hydraulic action—no friction control to wear out; not affected by water or road oil. Stainless steel construction. Stk. No. 19-6589N is for "A" frame type drawbar as shown above. Stk. No. 19-8246P is for single channel, pipe, etc. type drawbar. With hardware and instructions. Minor welding required.

19-6589N—For "A" frame drawbar . . Ea. **$37.50**
19-8246P—Single channel drawbar . . Ea. **37.50**

TRAILER STABILIZERS



Positive control for all cars and pickups towing trailers. Prevent fishtailing, help control jackknifing, reduce tire wear. Easy instructions included, no welding required. **HYDRAULIC STABILIZERS.** Sealed hydraulic unit never needs adjusting, stays dust free. Does not affect ground clearance, backing or turning. Plated for rust resistance. Hand disconnect—no tools needed. Fits all "A" frame and straight tongue trailers with standard hitches. **Use single stabilizer for trailers up to 3500 lbs., double stabilizer for trailers up to 6000 lbs. For standard tongue-type auto and pickup truck trailer hitches (except with ball recessed into bumper well).**

85-2337B—Single 1-Kit **$29.95**
85-2338P—Double 1-Kit **57.95**

For all pickup trucks with ball recessed into bumper well.

85-2339Y—Single 1-Kit **$29.95**
85-2340W—Double 1-Kit **57.95**

For all equalizer-type hitches.

85-2341U—Single 1-Kit **$29.95**
85-2342B—Double 1-Kit **57.95**

CB HEADPHONES

Fit all CB units. Engineered for clearer, sharper citizen's band radio reception. Headphones feature automatic level limiting circuit to prevent "blasting" or "overload" from nearby transmissions. Impedance matched circuits for excellent CB voice clarity. 300-4000 Hz frequency response. Comfortably cushioned, adjustable headband. Complete with mini plug and 6-ft. coil cord.

A **Headphone only** for excellent CB radio listening response.

03-6446W— ..... Each **$23.95**

B **Headphone with Microphone and Remote Switch** for excellent CB radio listen-AND-talk response. Remote control push-to-talk switch lets you operate microphone without taking your hands off the steering wheel. Switch can also be clipped to belt. 200 ohm, fully adjustable boom microphone.

03-6447U— ..... Each **$47.95**

CB RADIO AIR SUSPENSION EXTERNAL SPEAKER

Delivers a superior sound not achieved in built-in transceiver speaker! Weather-resistant sealed external speaker features air suspension construction for greater clarity and better response with less interference. 3" diam. with 3-oz. ceramic magnet. Acoustically designed, hang-on housing is high-impact ABS plastic with chrome and black grained finish. Fully adjustable mounting base provides greatest degree of mounting flexibility. 8-ft. cable assembly with standard miniature plug; prewired. Speaker can be used with all CB and SSB transceivers in cars, trucks, campers, vans, tractors and boats.

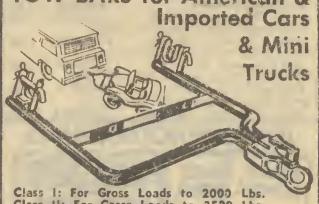
03-5452U— ..... Each **$5.98**

CB INDOOR/OUTDOOR PA SPEAKER

For use with any CB or SSB transceiver as a paging and public address extension speaker. 5", fully weatherproofed speaker has 8 ohm impedance, 400-12,000 Hz response. 10-ft. 2-conductor lead with standard miniature plug; prewired. Anodized metal housing with 90° swivel brackets. Instructions and mounting hardware included. For transceivers in cars, trucks, campers, vans, RV's, boats and base stations.

03-6451W— ..... Each **$15.95**

TOW BARS for American & Imported Cars & Mini Trucks



Class I: For Gross Loads to 2000 Lbs.
Class II: For Gross Loads to 3500 Lbs.
Tow bars are constructed of heavy wall 1-1/2" tubular steel with enamel finish. Coupler balls not included—See Index. Class I tow bars use 1-7/8" ball; Class II tow bars use 2" ball.

FOR VOLKSWAGEN. Easy to attach or detach. Use existing holes; no welding or drilling. Attach to axle on Beetle and Dune Buggy; attach to frame behind bumper on Super.

Model	Class I	Each	Class II	Each
Beetle Dune Buggy	19-7755AE	$29.95	19-8118AE	$32.95
Super	19-7755AE	29.95	19-8118AE	32.95

Bus, Camper, Metro	19-8185PE	34.95	19-8186YE	39.95

FOR COMPACT CARS AND MINI TRUCKS. All tow bars listed below may be adapted to fit all of the following: Toyota, Datsun, Pinto, Capri, Vega, Gremlin, LUV, Courier, Subaru, and other compact cars and mini trucks. Drilling or welding required for installation.

19-8120XE—Class I tow bars . . . . Each **$34.95**
19-8121NE—Class II tow bars . . . . Each **37.95**
19-8122YE—Heavy Duty Class II bars Ea. **42.95**

SALT-RUST INHIBITOR

Attaches to Garden Hose

Stops & Neutralizes Corrosive Action Of All Salts

Only 2.49

Penetrates through mud and dirt to protect metal surfaces. No need to pre-wash underside of car. Simply secure cannister to garden hose and spray, using **cold** water. Contents of cannister are sufficient for about 20 minutes of continuous spraying, depending on water pressure and temperature. One salt-rust inhibitor will cover underside of any size car.

88-7016U— ..... Each **$2.49**

GUTTER MOUNT CB ANTENNA

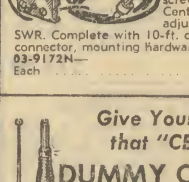
for Cars, Vans, and Pickups

Flips to horizontal position for low clearances. Easy to install—clamps to rain gutter in minutes by tightening two screws. No holes to drill. Center loaded 42" whip adjusts to obtain lowest SWR. Complete with 10-ft. coaxial cable, PL259 connector, mounting hardware, and instructions.

03-9172N—
Each **$25.95**

Give Your Vehicle that "CB Look"

DUMMY CB RADIO ANTENNA



Give your car, truck or van that popular "CB look" with this low cost, easy to install CB antenna. Combination trunk or roof mount. For trunk mount, simply clamp to deck lid. For roof mount, just drill one 3/8" hole. Antenna complete with stainless steel 36" whip, spring loaded base to prevent whip damage, and brackets to mount on deck lid or roof.

03-9170R— ..... Each **$11.98**

CB RADIO LOCK MOUNT

Protect That Valuable CB Radio!

Remove CB unit from vehicle in seconds, or lock it in place for anti-theft protection! Specially designed for CB units, the lock mount is composed of two sliding, locking, chrome plated brackets (key included). One bracket is permanently mounted and wired into vehicle's electrical system, speakers and antenna. The other bracket is permanently mounted to CB radio and wired into its circuit. When brackets are joined, electrical contact is made automatically. This system permits easy slide-out removal and replacement without awkward plugs, pigtails or wires. Choose from 2 models.

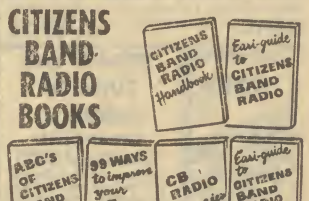
DELUXE CB LOCK MOUNT. Completely prewired with coaxial antenna cable and connector, antenna coaxial jack, external extension speaker lead with mini plug, PA speaker lead with mini plug, all electrical wiring for CB unit, and easy-to-follow instructions.

03-6449P— ..... Each **$11.98**

ECONOMY CB LOCK MOUNT. Similar to above, but without external speaker lead and plug or PA speaker lead and plug.

03-6450Y— ..... Each **$10.98**

CITIZENS BAND RADIO BOOKS



Easy-to-understand text and photographs and drawings provide comprehensive information about CB radios, from the very basics to servicing and improving your own CB.

CITIZENS BAND RADIO HANDBOOK. Fourth edition. Covers latest equipment and operating procedures, transmitter and receiver circuitry, antennas, mobile and fixed installations, and servicing. Plus Canadian CB radio information. Appendices include the complete Part 95 of the FCC Rules and Regulations. 192 pgs.

16-5864W— ..... Each **$4.95**

EASI-GUIDE TO CITIZENS BAND RADIO. Discusses Citizens Radio Service, FCC rules and regulations, types of CB equipment, shopping for your CB, licensing, installation, operating and maintenance. 144 pgs.

16-5865T— ..... Each **$2.95**

ABC'S OF CITIZENS BAND RADIO. Third edition. This revised edition recaps basics of licensing, equipment, installation, operation, and troubleshooting, plus a chapter on single sideband and a new chapter on accessories, including meters, testers, lightning arresters, microphones, more. 96 pgs.

16-5866A— ..... Each **$2.95**

99 WAYS TO IMPROVE YOUR CB RADIO. Second edition. Using this guide, prior knowledge of electronics is NOT needed to improve your CB radio. Six sections cover antennas, interference suppression, general maintenance, accessories for the station, operating techniques, and various activities and programs concerning the Citizens band. 128 pgs.

16-5867R— ..... Each **$2.95**

CB RADIO ACCESSORIES. Discusses antenna system accessories, performance indicators, audio system accessories, power supplies and sources, interference prevention, vehicular noise suppression, and receiving accessories. 96 pgs.

16-5868X—
Each **$2.95**

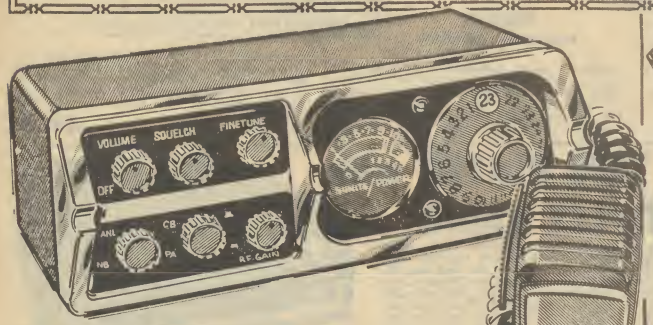
EASI-GUIDE TO CITIZENS BAND RADIO FOR TRUCKERS. Also applicable to motorhomes and large campers. Discusses who can use CB and for what purposes, how the FCC handles rule breakers, how and where to get your CB rig, licensing, installation, and operation. 128 pgs.

16-5869N—
Each **$2.95**

CITIZEN'S BAND TWO-WAY RADIOS

IMPORTANT INFORMATION ABOUT CB RADIO

No special skills or knowledge are needed to operate a Citizens' Band (2-way) radio. However, an FCC license is required. You must be a U.S. citizen over 18 years of age and pay a $4.00 (subject to change) fee. No test is required. License is valid for 5 years and can be renewed. Members of the licensee's immediate family who live in the same household may also operate the CB radio.



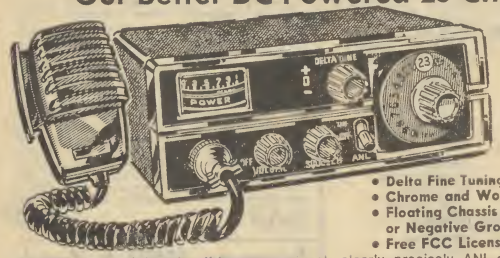
Our Best DC Powered 23 Channel Mobile CB Radio

- RF Gain Control • Fine Tuning • Noise Blanker
- Chrome and Wood Grain Cabinet
- Floating Chassis for 12 Volt Positive or Negative Ground
- Free FCC License Application Form

RF gain and fine tuning controls give precise, sharp reception. Noise blanker switch for eliminating engine noise. ANL switch for automatic noise limiting. CB/PA selector switch for public address hookup. Large, illuminated, easy-to-read VU-meter shows relative strength of signals transmitted and received. Illuminated modulation and receiving indicators. Built-in automatic modulating control. Volume, on/off, and variable squelch controls. Solid state circuitry. Circuit fuse protects components from voltage overload. Maximum legal 5 watt input, maximum legal 4 watt output. 2 amp low current draw. Plug-in microphone jack on side panel. External speaker jack, PA jack, antenna connector, and directly wired power cord on rear panel. Walnut grain cabinet with black and chrome plated ABS space age plastic faceplate. Size: 7-1/4" wide x 9-1/4" long x 2-5/8" high. With built-in speaker, detachable dynamic microphone and coiled cord, all crystals, instruction manual, mounting brackets, and FCC license application form. For all 12 volt DC positive or negative ground systems. Special antenna required, see antennas, this page.

03-9141P— ..... Each **$189.95**

Our Better DC Powered 23 Channel MOBILE CB RADIO

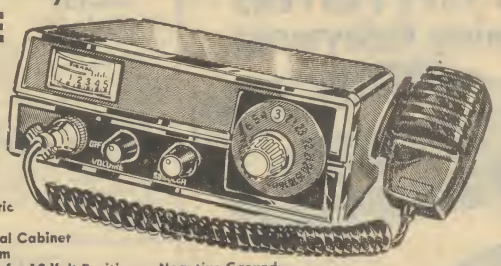


- Delta Fine Tuning
- Chrome and Wood Grain Cabinet
- Floating Chassis for 12 Volt Positive or Negative Ground
- Free FCC License Application Form

Delta fine tuning brings in off-frequency signals clearly, precisely. ANL switch for automatic noise limiting. PA position on channel selector for public address. Large, illuminated, easy-to-read VU-meter shows relative strength of signals transmitted and received. Built-in automatic modulation control circuit. Volume, on/off, and variable squelch controls. Solid state circuitry. Circuit fuse protects components from voltage overload. Maximum legal 5 watt input, maximum legal 4 watt output. Low 2 amp current draw. Front plug-in microphone jack. Rear panel features external speaker jack, PA jack, antenna connector, and directly wired power cord. Walnut grain cabinet with black and chrome plated ABS space age plastic faceplate. Size: 6-1/2" wide x 8-7/8" long x 2-1/4" high. With built-in speaker, detachable dynamic microphone and coiled cord, all crystals, instruction manual, mounting brackets, and FCC license application form. For all 12 volt DC positive or negative ground systems. Special antenna required, see antennas, this page.

03-9140B— ..... Each **$149.95**

Economy DC Powered 23 Channel MOBILE CB RADIO



- Built-in Automatic Noise Limiting
- Sleek Black Metal Cabinet with Chrome Trim
- Floating Chassis for 12 Volt Positive or Negative Ground
- Free FCC License Application Form

Built-in automatic noise limiting circuit filters static, interference. PA switch on channel selector for public address. Convenient illuminated VU-meter shows relative strength of signals transmitted and received. Built-in automatic modulation control circuit. Volume, on/off, and variable squelch controls. Solid state circuitry. Circuit fuse protects components from voltage overload. Maximum legal 5 watt input, maximum legal 4 watt output. 2 amp low current draw. Front plug-in microphone jack. Rear panel features external speaker jack, antenna connector, PA jack, and directly wired powercord. Metal cabinet with black and chrome plated ABS space age plastic faceplate. Size: 6-1/2" wide x 8-3/4" long x 2-1/4" high. With built-in speaker, detachable dynamic microphone and coiled cord, all crystals, instruction manual, mounting brackets, and FCC license application form. For all 12 volt DC positive or negative ground systems. Special antenna required, see antennas, this page.

03-9139U— ..... Each **$119.50**

SATISFACTION GUARANTEED or MONEY BACK

In Dash 23 Channel MOBILE CB Radio with AM/FM/MPX Radio and 8 Track Stereo Tape Player

A COMPLETE COMMUNICATIONS CENTER IN YOUR DASH! CB radio features 23 crystal controlled channels (all crystals included), automatic noise limiting, variable squelch, standby switch, modulation and receiving indicator lamps, special filtering, microphone with coiled cord, channel selector, volume and on/off controls. 5 watt input, 3.8 watts nominal RF output. Low 2.5 amp draw. FCC license application form included.

Combination AM/FM multiplex radio and 8-track stereo tape player features volume, balance, tone, and on/off controls, manual tuning, channel selector, local/dis. switch, and program indicator. 4-8 ohm impedance. Low current draw—only 1.5 amps. Built-in AFC locks in FM signal—won't drift from frequency. Solid state integrated circuitry. 2" high x 7" deep x 7-1/4" wide. With instruction manual. 12 volt DC negative ground.

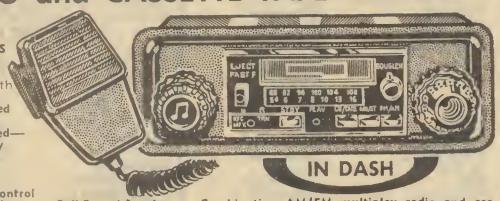
MOBILE CB RADIO with AM/FM/MPX RADIO and CASSETTE TAPE PLAYER



A COMPLETE COMMUNICATIONS CENTER IN YOUR DASH!

Unit is loaded with features, including:

- 23 crystal controlled channels
- All crystals included—nothing else to buy
- Dependable solid state circuitry
- Built-in speaker
- Variable squelch control
- Detachable microphone • Full 5-watt input
- FCC approval & FCC license application form

Citizen's band 2-way radio features all of the above, plus automatic noise limiting, transmit/receive indicator lights, stand-by switch, channel selector, volume and on/off controls, and coiled microphone cord. Variable squelch control reduces static and interference. 5 watt input (the maximum allowed by law). 3.8 watts nominal RF output.

Combination AM/FM multiplex radio and cassette stereo tape player features volume, balance, tone, and on/off controls, manual tuning, channel selector, stereo/monaural switch, and AM/FM switch. Built-in AFC locks in FM signal—won't drift from frequency. Tape player has fast forward button and manual eject.

Unit is 2" high x 7" deep x 7-1/2" wide. Complete with instruction manual. 12 volt DC negative ground.

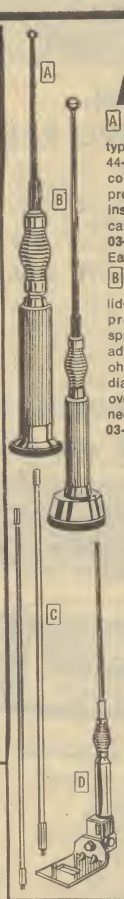
AC/DC Powered 23 Channel Base Station

- No Adapters Needed
- Dual Conversion Superheterodyne Receiver
- High Level Modulation Transmitter
- Free FCC License Application Form

Dual conversion superheterodyne receiver tunes in all 23 channels with excellent sensitivity, selectivity, and adjacent channel rejection. High level modulation transmitter has maximum legal 4.0 watts nominal RF output power. Maximum legal 5 watts input. Large lighted S/RFO meter has easy-to-read scales for monitoring receiving signal strength and relative output power. Large, illuminated channel selector dial plus TX light. Fully variable squelch controls static and interference for quiet receiver standby operation. Voume, on/off, and push-to-talk controls. More than 3 watt PA audio output. Jacks for microphone, antenna, and external speaker. Solid state circuitry: 20 transistors, 15 diodes, 1 I.C. Front mounted built-in speaker delivers clear sound. Power cords included for both 115 volt AC (U.L. listed) and 12 volt DC. No adapters needed. Contemporary black cabinet with brushed metal faceplate and rich walnut finished sides. Size: 4-3/8" high x 12-3/8" wide x 8-5/8" deep. With dynamic, push-to-talk microphone and coiled cord, all crystals, instruction manual, and FCC license application form.

03-9142Y— ..... Each **$184.95**

Special CB ANTENNAS



A Roof Mount Antenna. Base loaded omni-directional type. Rustproof stainless steel 44-in. mast, spring, and loading coil. Antenna rod adjusts for precise SWR. Snap-in mount installs in 3/8-in. hole. Includes cable with PL-259 connector.
03-9143W—
Each **$21.95**

B Trunk Mount Antenna. Base loaded. Clamps onto trunk lid—no drilling required. Rustproof stainless steel mast, spring and loading coil. Rod adjusts for lowest SWR. 52 ohms impedance. Base is 3-in. diam. x 1-1/2" high. 45 in. long overall. Cable with PL259 connector included.
03-9144U—Each **$21.95**

C Twin Phased Antenna for Trucks. Pair of 42" white fiberglass masts with rust resistant plated hardware. Standard 50 ohms impedance. Includes cable with solderless coaxial connections and PL259 connector. Choose mirror or gutter mount.
Mirror Mount.
03-9145A—1-Pr. **$42.50**
Gutter Mount.
03-9146R—1-Pr. **$42.50**

D Folding Antenna for Campers and Trailers. Adjustable bracket allows easy top or side mount on any flat surface. Rugged, weatherproof stainless steel tapered whip is spring mounted. 45" long. Coil loaded with standard 50 ohms impedance. Includes 25-ft. coaxial cable with PL259 connector.
03-9147X—
Each **$35.95**

2-WAY MOUNT CB ANTENNA only 19.98

Mounts on roof or trunk lid. Antenna rod adjusts to obtain lowest SWR. Rustproof stainless steel mast; spring loaded base. 43-1/2-in. overall. Cable complete with prewired PL259 connector. Clamps to trunk lid—no drilling required. Snap-in roof mount installs in 3/8-in. hole. All mounting hardware and instructions included.
03-9162W— ..1-Kit **$19.98**

COMBINATION 3 BAND CB/AM/FM ANTENNA

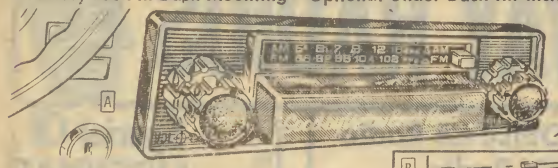
Replaces original cowl mount antenna. 48" center loaded stainless steel whip adjusts for lowest SWR. Included coupler provides exact matching of CB and AM or AM/FM radio. Complete with all connectors, mounting hardware, and instructions. Fits 7/8" to 15/16" mounting hole.
03-9171X—
Each **$42.95**

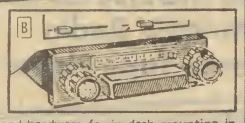
TWIN PHASED STAINLESS STEEL CB ANTENNAS for Trucks, Vans & RV's

52" center loaded stainless steel whips adjust for lowest SWR. Twin antennas come with aluminum mounts and stainless steel bolts—attach to horizontal or vertical mirror mount bars. Factory tuned phasing harness includes 9-ft. coaxial cable from each antenna plus 14-ft. feed cable with all connectors.
03-9173T— 1-Kit **$43.50**

OUR GOOD TAPE PLAYER/RADIO COMBINATIONS

Factory Look In-Dash Mounting—Optional Under Dash Kit Included!





A 8-TRACK with AM/FM STEREO RADIO

A complete entertainment center for your car or truck! Features controls for tuning, tone, volume and balance. Delivers 4.5 watts RMS per channel. Automatic and manual track change. AM/FM/FM stereo multiplex radio has slide rule tuning, pushbutton selector switch, FM stereo indicator light, smoked glass dial. AFC locks in stations. Adjustable shafts. Includes universal faceplate and hardware for in-dash mounting in most domestic cars. Faceplate adapter and mounting kit lets you install under dash on all cars, boats and trucks. Size: 6-7/8" x 1-7/8" x 5-7/8" deep. Speakers sold separately—see below and index.

03-9112A— ..... Each **$78.88**

B CASSETTE with AM/FM STEREO RADIO

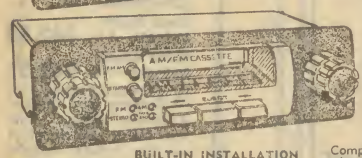
Custom Styled—includes everything for factory installed look. Side loading cassette with fast forward, tone control, power-on light, and front access antenna trimmer. Allows custom in-dash installation with face plate included. Fits most domestic cars in-dash. Includes additional under-dash mounting kit for installation in all cars, trucks, boats and campers. All mounting hardware and instructions included. For use in all 12 volt negative ground vehicles. Speakers sold separately—See below and index. **State make, year and model of your vehicle.**

03-9121B— Each **$99.95**

OUR BETTER CUSTOM IN-DASH 8-TRACK or CASSETTE STEREO TAPE PLAYER with AM-FM MULTIPLEX RADIO

LOW AS **89.95**

- **Solid state circuitry**
- **Full range tuning and tone controls**
- **8-Track has channel indicator lights**
- **Cassette has fast forward, cartridge eject**



BUILT-IN INSTALLATION for a Custom In-Dash Look

Now! Enjoy fully automatic, full stereo 8-track or cassette tape play, plus high quality AM/FM multiplex radio reception—all from these new combination units that custom fit your dash. 8-track tape player has color-coded indicator lights; channels change automatically or manually. 5-watt output per channel. Cassette tape player features pushbutton eject, fast forward and rewind; fully adjustable shafts. Full-band radio has manual tuning, on/off, volume, balance and tone controls. Custom black grained face has chrome trim and knobs. Size 6-7/8" x 6-1/2" x 1-7/8". Complete with all necessary mounting hardware, wire and instructions. Easy to install—no alterations necessary. See Index for stereo speakers.

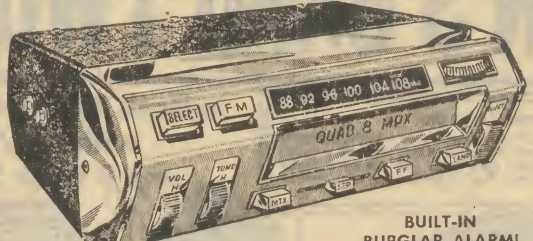
8-TRACK QUADRASONIC TAPE PLAYER with FM STEREO MULTIPLEX RADIO Only 99.95



4 Entertainment Units In One . . . Loaded With Extra-Quality Features!

8-TRACK QUADRASONIC TAPE PLAYER:
- **Electronically "splits" 8 track stereo into 4 parts—simulates Quadrasonic sound reproduction.**
- **Fast Forward advances tape to desired selection.**
- **Digital Track Indicator Light.**
- **Slide Balance—for precision fine adjustments.**
- **Automatic Program Repeat • Eject Button.**
- **Tape Reading Lamp—lights up when tape door is opened.**

FM STEREO QUADRASONIC MULTIPLEX RADIO:
- **Electronically "splits" regular FM Stereo broadcasts into 4-channel like reception.**
- **Built-in AFC—locks in station, prevents "drift."**
- **Extremely Sensitive—produces sharp stereo sound.**
- **Stereo Indicator Light shows multiplex broadcast.**
- **Slide-Rule FM Dial with precision thumbwheel tuning.**

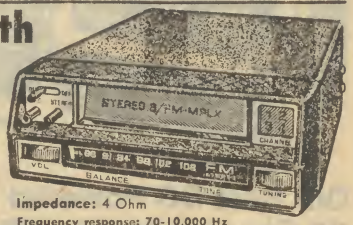
BUILT-IN BURGLAR ALARM!

Frequency response: 70-7,000 Hz
Impedance: 4 ohm per channel.
Voltage: 12 volt D.C. neg. ground
Transistors: 24. **Diodes:** 9
Cross Talk: better than 30 db
Channel Balance: within 1.5 db
Recommended Speaker Impedance: 4-8 ohm.

Powerful long-life, instant playing SOLID STATE circuitry with 24 transistors and 9 diodes. Handsome satin finish face plate, black case . . . 7-1/2" wide x 3" high x 8-3/4" deep. Black FM dial with white numerals. Dustproof tape door. Built-in Burglar Alarm blows car horn continuously if an attempt is made to steal tape player. Complete with all mounting hardware, wire harness, and instructions. For use on any 12 volt negative ground system. Speaker not included—order any 4 or 8 ohm speakers from this catalog.

03-9057Y— ..... Each **$99.95**

8-Track STEREO TAPE PLAYER with FM STEREO MULTIPLEX RADIO



Stereo Combination gives 8-track tape play or quality FM Stereo Multiplex Radio enjoyment. Switches from one to the other, instantly. Powerful output for both tape and radio operation. Solid state integrated circuitry with 25 transistors gives instant play and long life. Roller action volume, balance, tone and tuning controls. 8-Track Stereo Tape Player—starts instantly when tape cartridge is inserted, stops when it's removed. Changes programs automatically or manually; light shows program being played. Dustproof, flip-away tape cartridge door. **FM Stereo Multiplex Radio**—extremely sensitive circuit has FET tuner for more selective FM multiplex reception beyond normal range. AFC locks in station, prevents drift. Illuminated slide rule tuning dial. With stereo station indicator light, radio on/off switch, AFC and stereo/mono controls. Compact 2-3/4" high x 6-3/4" wide x 7-7/8" long unit mounts almost any place under dash or on console. Black with burnished aluminum trim, styled to complement modern car interiors. With all mounting hardware and instructions. Speakers not included. Operates on any 12 volt neg. system.

03-9060B- ..... Each **$69.95**

Impedance: 4 Ohm
Frequency response: 70-10,000 Hz
Voltage: 12 volt neg. D.C.
Transistors: 24 plus 1 FET
5 watt output RMS per channel

Deluxe Custom In-Dash 8-TRACK STEREO TAPE PLAYER and AM-FM STEREO RADIO

Choice of Manual or Pushbutton Tuning

- **Solid state circuitry**
- **7 watt output • 8 transistors**
- **8-track channel indicator light**
- **FM stereo indicator light**
- **With instruction manual**

Combines the finest stereo 8-track play and AM/FM stereo radio reception. In-dash installation discourages theft, meets insurance requirements for comprehensive coverage. Dial-indoor styling, AM/FM slide switch, local/distance switch. On/off, volume, tone, and balance controls. 4 or 8 OHM speaker impedance. 8 transistors—6 integrated circuits. Automatic or manual track change. Chrome and black finish. Complete with all necessary mounting hardware, wire, and easy-to-follow 15 page instruction manual. See index for stereo speakers. **Note:** Slight alteration necessary on import cars. **Note:** Due to limited face space, pushbutton model does not have channel indicator lights. Overall size: 7-1/8" wide x 9" deep x 2-1/8" high.

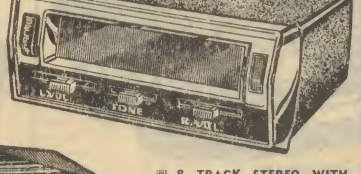
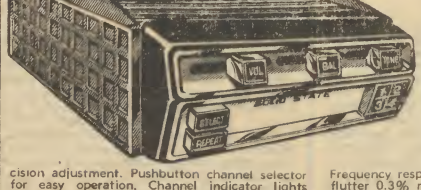
8-Track Stereo TAPE PLAYERS for Your Listening Enjoyment

A ECONOMY 8-TRACK



Stereo reproduction at a low, low price! Two separate volume controls balance channels accurately. Pushbutton channel changer. 2-1/8" x 5-5/8" x 7-1/4". Black chrome trim. Flip-up cartridge door. Includes mounting hardware, wiring harness and instructions. Speakers not included—order any 8 ohm speakers from this catalog. For all 12 volt negative ground systems.

03-9134N— ..... Each **$32.98**



B 8 TRACK STEREO WITH BUILT IN SPEAKERS

Clean, compact styling with no sacrifice in sound quality! Built-in 3"x5" speakers give rich, resonant sound reproduction without the bother and expense of installing separate speakers. **Loaded with quality features:** Walnut grained cabinet, chrome and black satin finish speakers. Slide volume, balance and tone controls for precision adjustment. Pushbutton channel selector for easy operation. Channel indicator lights show at a glance which channel is playing. Manual repeat pushbutton. Stereo jack lets you use built-in speakers or auto speakers if desired. A great unit!

Specifications: 6 transistors, 14 watt output. Frequency response 100 to 7,000 Hz. Wow and flutter 0.3% max. Cross talk 400 db. between tracks. 4/8 ohm speakers. Dimensions: 9-1/4" wide x 6-1/2" long x 2-1/4" deep. Entire unit weighs only 5 lbs. including speakers. 12 volt negative ground.

90-2823U ..... Each **$44.95**

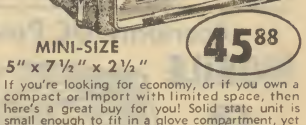
Mini-Matrix QUADRASONIC 8-Track STEREO PLAYER

- **Includes built-in burglar alarm**

Measures only 2-3/8" high x 4-7/8" wide x x 6-1/16" long—fits almost anywhere in your car! 4-channel matrix quadrasonic electronically "splits" 8-track into 4-channel sound. Dependable solid-state circuitry—gives long life, instant warm-up. Powerful peak output drives up to 6 speakers! Automatic and pushbutton channel selectors. Digital program indicators illuminated from behind smoked glass. Fast-forward control. Program repeat button. Recessed tone, balance, and volume slide controls. Tape lamp for easy identification of cartridge at night. Handsome jet black finish with chrome trim and controls, dustproof slip-up tape door. Includes mounting hardware, wire harness and instructions. Less speakers—order any 4 or 8 ohm speakers from this catalog. For any 12 volt neg. ground system.

03-9059U— ..... Each **$54.95**

Economy MINI 8-Track STEREO TAPE PLAYER



MINI-SIZE
5" x 7⅛" x 2½"

45.88

If you're looking for economy, or if you own a compact car Import with limited space, then here's a great buy for you! Solid state unit is small enough to fit in a glove compartment, yet powerful enough to drive up to 6 speakers! Other quality features include:

- **10 transistors, 1 diode, 4 thermistors**
- **70-7,000 Hz frequency response**
- **Automatic and pushbutton channel selection**
- **Recessed tone, volume and balance controls**

Jet black finish, chrome trim. Channel indicator lights. Complete with mounting kit, wiring harness, instructions. For all 12 volt negative ground systems. Order any 4 or 8 ohm speakers from this catalog.

03-9038Y— ..... Each **$45.88**

CASSETTE TAPE PLAYER

Low price, yet loaded with features! Under-dash mount cassette player boasts separate slide controls for volume, tone, and balance . . . plus eject button, fast forward, and pilot light. Black vinyl case with chrome and brushed aluminum face.

03-9109X— ..... Each **$39.95**

CUSTOM-FIT

AM-FM MULTIPLEX STEREO RADIO

Only **89.95** Less Speakers

This unique unit encompasses features never before obtainable in a car radio to produce TRUE **MULTIPLEX STEREO SOUND REPRODUCTION!** Check these features:

- **Solid state construction**
- **Full 5 watt RMS output per channel, 10 watt per channel peak**
- **Full range multiplex stereo**
- **Dual Channel push-pull audio output**
- **3 FM & 2 AM Quick-Set Pushbuttons**
- **Stereo Indicator light**
- **Automatic Stereo Changeover**
- **Automatic Gain and Frequency Controls**

Custom design will enhance interior of any car. Radio has illuminated tuning dial. Balanced reception is provided with automatic frequency control. Two high fidelity audio amplifiers incorporate sophisticated negative feedback loops. Overall size: 6-1/4" wide x 6-1/2" deep x 2" high. For 12 volt negative ground systems. **For vehicles not listed order Universal Under Dash Model listed below. Speakers not included—Check selection below.**

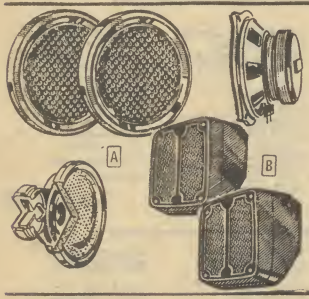
STEREO SPEAKERS



A **Powerful Vinyl PADDED SPEAKERS with oversize magnets** give faithful sound reproduction, full-range response. Acoustically padded grille gives new rich sound. Full 5-1/4" diameter matched stereo speakers flush-mount on rear shelf, in doors, kick panels, or under dash. Complete with mounting hardware, wiring, harness and easy instructions.
With 24 oz. Magnet Circuit and Tweeter
03-9043Y— 1-Pair **$14.98**
With 12 oz. Magnet Circuit
03-9016U— 1-Pair **$11.98**

B **VINYL PADDED DECK MOUNT SPEAKERS with 12 oz. magnet. 116 watt capacity.** Each unit contains a 5" round speaker with an air suspended cone. Reversible face for flush mount. Handsome leather grained case with soft, black acoustically padded grille. Complete with hardware, wiring harness and instructions.
03-6380X— 1-Pair **11.98**

Mini-RADIOS

ONLY **29.95**

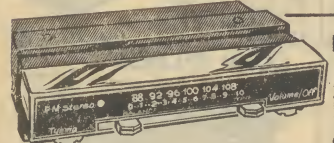
Extra small! Ideal where available space is a problem. Easy to install. AM radio and AM-FM radio include speakers with universal mounting board.

AM with SPEAKER

AM RADIO 4-3/8" wide x 5-1/4" deep x 1-3/4" high. Manual rotary tuning and volume controls. 4 watt output. Chrome and black face. Complete with speaker, mounting hardware and installation instructions. For all 12 volt positive and negative ground vehicles.
03-9114X— . . . . . Each **$29.95**

AM-FM with SPEAKER

AM-FM RADIO. 6-1/8" wide x 5-1/8" deep x 1-1/4" high. Manual rotary tuning and volume controls, plus slide control for tone. 5 watt output. Chrome and black face. With speaker, mounting hardware and installation instructions. For all 12 volt positive and negative ground vehicles.
03-9115U— . . . . . Each **$59.95**



FM MULTIPLEX

FM MULTIPLEX RADIO. Same features as AM-FM radio plus slide control for balance as well as tone. Stereo indicator light. With mounting hardware and instructions. For 12 volt negative ground only. Speakers sold separately. See Index.
03-9135B— . . . . . Each **$59.95**

8-TRACK STEREO TAPE PLAYER

Features individual volume and tone slide controls for each speaker! Pushbutton channel selector; 10 watt output per channel. Handsome black leather-grained case with black and chrome face. Complete with flip-up door, channel lights, and all mounting hardware. Speakers not included. (See Index). Size: 2-3/8" high x 7-1/4" wide x 7" deep.
03-9110N— . . . . . Each **$44.95**

SOLID STATE ALL-TRANSISTOR

UNDER DASH RADIOS Complete with Speakers

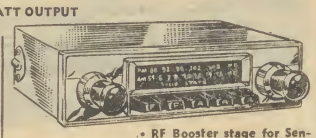
AM/FM PUSHBUTTON RADIOS

• 10 WATT OUTPUT

58.95

- **Superheterodyne circuit**
- **Built-in AFC to Prevent Station Drifting**
- **Our BEST Pushbutton AM/FM Universal Radio.** Has high sensitivity for long range reception, trouble-free solid state chassis for instant play—low battery drain. Powerful peak output, built-in noise suppressors eliminate interference. Black leather grained face plate, with large illuminated non-glare tuning dial. On/off volume and variable tone controls, instant pushbutton and manual tuning. 6-1/4" wide x 2" high x 5-1/8" deep. Includes 5" x 7" wide range full fidelity external speaker, mounting hardware, and instructions. For all 12 volt negative ground systems.

03-0001N— . . . . . Each **$58.95**



47.95

- **RF Booster stage for Sensitivity and Selectivity**
- **Built-in AFC to Prevent Station Drifting**
- **GOOD AM/FM Pushbutton Universal Radio.** All-transistor, solid state performance. 6-watt power output equal to original equipment. Universal mounting fits under dash. 20 tuned circuits increase sensitivity. Easy-set pushbuttons for station and band selection. Compact 6-1/2" wide, 5" deep and 2" high. Black and chrome safety knobs. With 5" x 7" external speaker, wire, hardware, instructions. For all 12 volt neg. ground systems.

03-0346U— . . . . . Each **$47.95**

AM PUSHBUTTON RADIOS

34.50

- **Super heterodyne circuit**
- **7 silicone transistors**
- **RF booster stage for sensitivity, selectivity**
- **Instant playing**

Our BEST Pushbutton AM Radio. All solid state. 5 pushbuttons, plus manual tuning knobs. Illuminated dial. Black vinyl trim plate. 6-1/4" x 3-3/4" x 1-1/4"—compact for easy under-dash installation. 5" x 7" external speaker, hardware, instructions. 12 volt neg. ground.

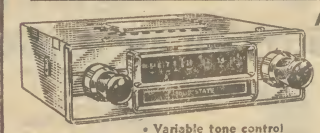
03-0865T. . . . . Each **$34.50**

28.95

- **Solid state chassis**
- **Instant playing**
- **Low battery drain**
- **ECONOMY AM Universal Pushbutton Radio.** Features 5 easy-set buttons plus manual tuning. On/off and volume controls. Black vinyl trim plate. 6-1/4" wide x 4" x 2" high. Complete with 5" x 7" full fidelity speaker, hardware and instructions. 12 volt neg. ground only.

03-0024X. . . . . Each **$28.95**

AM MANUAL RADIO



24.95

- **Variable tone control**
- **Built-in speaker**
- **Antenna trim knob adjusts sensitivity for maximum peak performance**

Fine quality AM radio designed to give excellent reception. Compact size 6-1/2" wide x 5-1/4" deep x 1-7/8" high . . . install in or under any dash. Instant playing 6 transistor, 3 diode solid state construction for maximum station selection. Automatic volume control. Black and chrome knobs. Calibrated easy-to-read dial. Complete with wide range speaker, hardware, fuse, external suppressors and instructions. For 12 volt negative ground.

03-0864W— . . . . . Each **$24.95**

FM MULTIPLEX MINI-SIZE RADIO

PUSHBUTTON

Installs Neatly Under Dash

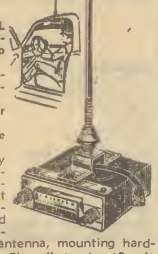
Gives full, rich Stereo Sound! Features solid-state integrated circuitry and automatic frequency control, 5 easy-set buttons, plus balance and tone controls. Includes adhesive mounting strips and "Y" connector to use with existing car antenna. Can be optionally hooked up to AM radio (with automatic turn-off when FM is in use). Easily installed — no drilling required. Components: 4 IC's, 5 transistors, 4 diodes. Output: max. 5 watt x 2/4-8 ohm. Size: 6-1/4" wide x 1-3/8" high x 6-1/4" deep. For all 12 volt negative ground systems.

03-9137Y— . . . . . Each **$69.95**

ROOF MOUNT AM MANUAL

TRUCK RADIO

Only **39.95**



- **SOLID STATE — ALL TRANSISTORIZED instant warm-up — no tubes to burn out**
- **External noise supressors reduce outside interference**
- **Illuminated vernier slide-rule tuning dial**
- **Built-in 27" spring base antenna, speaker**

This radio plays instantly when switched on. Complete with automatic volume control and perfect blend tone control. Full-view precision calibrated dial. Fits all roof contours. Furnished with antenna, mounting hardware and instructions. Fits all trucks 12-volt negative ground.

03-1087T. . . . . Each **$39.95**

CUSTOM FIT IN-DASH RADIOS for DATSUN & TOYOTA

Complete with 5" x 7" External Speaker

- **Solid State All Transistor—Instant Warmup**
- **Choice of AM Manual or AM Pushbutton**

Easy to install, Custom Radios look and fit like original equipment. Fully illuminated non-glare dials have slide rule tuning, colored pointers. Full controls, including on-off-volume, tone, tuning. 6-watt peak power. Built-in suppressors eliminate interference. Complete with speaker and instructions. **Fit all 65-75 Datsun and all 67-75 Toyota. When ordering, please state Make, Year Model of Datsun or Toyota car or truck, and Stock Number.**

03-6089U— . . . . . Each **$5.49**

CUSTOM FIT FOR 67-75 VOLKSWAGEN BEETLE CARS. 3-SECTION TOP MOUNT. Duplicates original as used on 67-75 Volkswagen exc. Fastbacks, Squarebacks and convertibles. Beautifully chrome plated steel. Extends from 1" to 30" with 40" lead cable. Can also be used on 58-66 Volkswagen cars exc. Fastback, Squareback, and convertibles as top mount installation.
89-4083W— . . . . . Each **$5.49**

VW Replacement Antenna
Duplicate of original, Fits 67-75 Beetle
03-6429B— . . . . . Each **$3.59**

Now—Convert Your 2-Channel Stereo to 4-Channel Stereo! QUADRASONIC ADAPTER

for Car Stereo Tape Players and Muliplex Radios

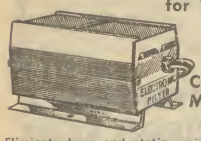
LOW AS **8.49**

Adapter splits your 2-channel stereo into 4-channel stereo to surround you with true Quadrasonic sound! Converts and synthesizes your present system with addition of 2 speakers — no need to modify existing system such as 8-track player, cassette player or FM multiplex radio. Picks up output power of your amplifier and reverses it by 50%. Front speakers reproduce normal phase—rear speakers reproduce the 50% reversed phase at the same time—giving you 4-dimension stereo sound! Easily installed under dash with all mounting hardware, pigtail leads and instructions.
03-9138W—Converter for use with speakers of your choice . . . . . Each **$8.49**

03-1432A– Converter with two 3" x 5-1/2" speakers in wedge-shaped housing for surface mounting. Includes wiring harness and hardware.
1-Kit **$13.98**

ELECTRONIC FILTER

for 12V Radios and Tape Players In Vans, Campers and Motor Homes



Eliminate hum and static, enjoy interference-free reception from your sound equipment with this solid state electronic filter. For use with power which has been converted from 110V AC to 12V DC, or direct-from-battery 12 volt power. Filters pulsating D.C. from power converter only. Easy to install, complete with instructions.
15-3403W—
Each **$15.98**

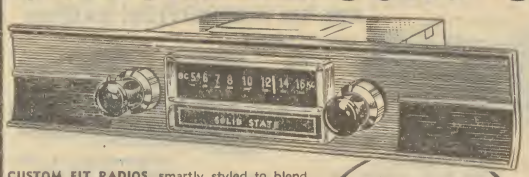
STATIC SUPPRESSOR KIT

For All AM-FM Radios

Completely eliminates static and noise caused by engine, generator or ignition. Can be installed in minutes. Set includes: 8 suppressors for plugs; 1 for coil; 1 for generator; set of suppressor springs for hub caps; copper straps for grounding motor and wheels.
17-7208T— 1-Kit **$5.98**

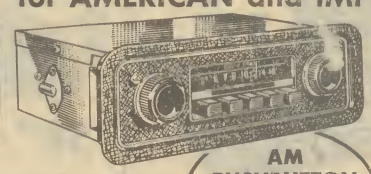
Custom-Fit Solid-State All Transistor RADIOS

for AMERICAN and IMPORTED CARS and TRUCKS



CUSTOM FIT RADIOS, smartly styled to blend perfectly with your dashboard. Look, fit and perform like original equipment radios. Solid-state circuitry gives instant warmup. Illuminated, easy-to-read slide-rule tuning dials, with black and chrome safety knobs. Automatic volume and tone controls. Built-in static and interference suppressors where needed. Complete with custom-fit full fidelity speaker, all mounting hardware and easy instructions.

AM MANUAL 32.95



MANUAL and PUSHBUTTON . . . pushbutton radios have 5 quick-set selector buttons, plus manual tuning. Manual radios have built-in speaker.

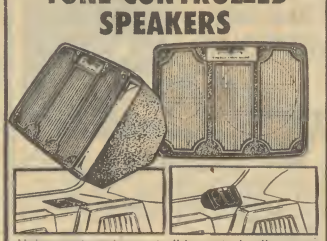
Above Numbers . . . . . Each **$3.59**

SATISFACTION GUARANTEED or MONEY BACK

TONE-CONTROLLED SPEAKERS



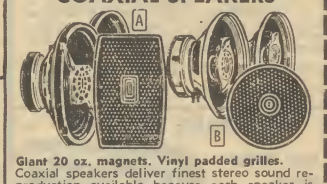
Unique external-mount slide controls allow precise stereo sound reproduction! Each housing contains two speakers—5" round woofer and 2" round tweeter. Changeable for 4 or 8 ohm impedance to match any radio or stereo unit. 30 watt peak capacity. Removeable face allows mounting in rear deck, door panels, or kick panels. Mounting hardware and wiring included.
03-6379R— 1-Pair **$23.98**

BALL-TYPE STEREO SPEAKERS

MOUNT ANYWHERE

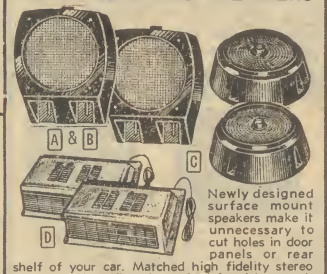
4-1/2" ball shaped speakers mount on doors, rear panels, package shelf and in tight spaces where larger speakers can't. 2-1/2" diam. speakers with 7 oz. ceramic magnets give true stereo reproduction. 8 ohm impedance. Adjustable swivel base mounting bracket, louvered face plate, black hi-impact plastic housing. With wire and mounting screws. For all cars, trucks, campers, trailers, and boats.
03-6438T— 1-Pair **$14.98**

Each Speaker is Actually 2 In 1! COAXIAL SPEAKERS



Giant 20 oz. magnets. Vinyl padded grilles. Coaxial speakers deliver finest stereo sound reproduction available because each speaker is actually two speakers in one. 5-1/4" round speaker has a 2" tweeter and 6" x 9" oval speaker has a 3" tweeter, each mounted coaxially. Each speaker has its own independent magnet for greater frequency response. Cloth rolled air suspension cones for smooth base response. Output: 25 watt for round, 20 watt for oval. Sold in pairs complete with black vinyl padded diffuser grilles, mounting hardware, and wire.
A **03-9161Y—** Oval Speakers 1-Pair **$35.98**
B **03-9160P—** Round Speakers 1-Pair **$29.98**

STEREO & RADIO SPEAKERS



Newly designed surface mount speakers make it unnecessary to cut holes in door panels or rear shelf of your car. Matched high fidelity stereo speakers. Magnificently crafted for rich, sound-chamber effect. Speakers have hi-impact plastic housings, shielded ceramic magnets. All necessary wire, hardware and instructions included for easy mounting.

A Matched pair of 5" speakers provides excellent tone range in any location. Black leather grain finish with chrome bead around grille opening.
10-2612Y— 1-Pair **$8.49**

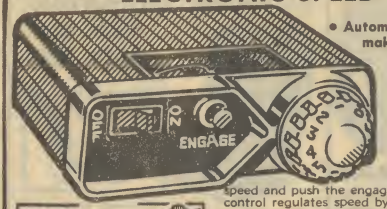
B Same as A, but with 4" speakers and dependable V magnet. No chrome trim.
10-2611P— 1-Pair **$5.95**

C Beautiful pair of 5" round speakers that produce life-like sound at every audible level. Styled in black leather-grain finish and chrome trim, with spun aluminum convex disc recessed in center.
10-2613W— 1-Pair **$9.95**

D Four Speaker Stereo System. Each contemporary styled housing contains two speakers. 3" x 5" oval (Woofer) and 2-3/4" round (Tweeter). Low profile black and chrome wedge housings are acoustically designed and fully enclosed (baffled) for the most life-like sound reproduction possible. Install anywhere inside the car. Speaker housing size: 6-3/4" x 10" x 3-1/2".
10-3673U— 1-Pair **$16.95**

STEREO SPEAKER WIRE KIT. Contains 20-ft. of insulated copper wire, pre-assembled wire leads and connectors.
10-2615A— 1-Kit **$1.19**

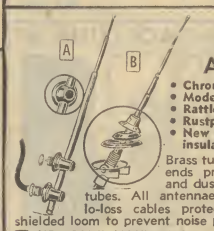
ELECTRONIC SPEED CONTROL



- **Automatically maintains preset speed to make long trips more comfortable, less tiring**
- **Improves gas mileage**
- **Easy to install on cars, trucks, vans, and RV's with automatic transmission**

Electronic speed control does the footwork—you just use your hands and eyes! Easy to use—just dial desired speed and push the engage button. That's all there is to it. Speed control regulates speed by electronically monitoring engine RPM. Braking automatically disengages unit. Vehicle will return to preset speed after acceleration. Maintains pre-set speed—even up and down hills. Kit consists of a control unit and a throttle servo. No cumbersome speedometer cables or vacuum hoses. Easy to install. Mount the control under the instrument panel, mount throttle servo under the hood, connect cable to accelerator shaft and connect wires. With illustrated instructions.
75-4476Y— 1-Kit **$109.95**

AUTO AERIALS



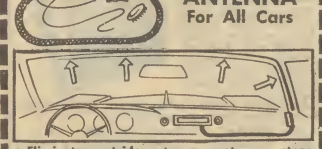
- **Chrome plated**
- **Modern design**
- **Rattleproof**
- **Rustproof**
- **New sturdy bakelite insulators**

Brass tubing tapered on ends prevent moisture and dust from entering tubes. All antennae supplied with lo-loss cables protected by heavy shielded loom to prevent noise pick-up.

A **SIDE COWL MOUNTING** **Each**
17-0753N—4 Section: extends to 100" **$8.49**
17-0706T—4 Section: extends to 72" . . . **6.98**

B **FENDER & COWL MOUNT. With New Improved Special Variable Angle Mount.** Pivot permits angle mount to conform with any contour. Various angle settings require only simple adjustment.
17-0704Y—3 section: extends to 55". Ea. **$3.89**
17-0707A—2 section: extends to 46". Ea. **3.59**
17-0703P—1 section: extends to 30". Ea. **3.19**

INSIDE—WINDSHIELD ANTENNA For All Cars



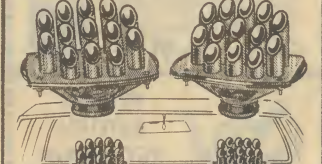
- **Eliminates outside antenna mast . . . stops theft and breakage**
- **Gives crystal-clear AM/FM reception**
- **Easy to install**

This new antenna adheres to the edge of your windshield on the **INSIDE** of the car. Clear transparent antenna tape will not crack, yellow or dry out in severest winter or summer weather. With lead-in cable and cap for fender antenna cavity. Permanently joined molded flexible connections. Easy instructions.
03-6441X— . . . . . Each **$2.59**

Rear Mount ANTENNA

4-section antenna extends from 16" to 57". Antenna and base chrome plated. 16 ft. of lead cable included.
10-0486R— 1-Kit **$8.49**

PIPE ORGAN SPEAKERS



They LOOK like they sound great . . . and they do! Beautiful chrome plated plastic organ style pipes with full range 6" x 9" heavy duty 10-oz. magnet speakers. 4-8 Ohm impedance, 10 watt maximum output per speaker. Frequency resonant to accent high tones and the lows with full, rich sound.
12-1623U— 1-Pair **$29.95**

FLUSH MOUNT STEREO & RADIO SPEAKERS

6x9 Speakers—8 Ohm, 18-Watt Output

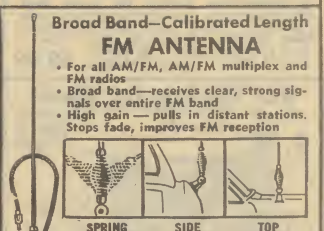
6 x 9 SPEAKERS. A totally new concept in rear sound with full range weatherproofed speakers that feature a booming 10.2 oz. ceramic magnet—plus a high compliance floating cone with tweeter. Full 1" exended range voice coil.

A **Stereo Speaker Set.** Includes two total range 6" x 9" matched speakers, two high-styled chrome and black plastic grilles with mesh lining and 20' stereo wire.
17-8578Y— 1-Set **$22.95**

B **Stereo Speaker with Switch.** Includes 6"x9" speaker, pre-wired fader control switch, contemporary chrome and black plastic grille, and all necessary wire and hardware.
17-8579W— . . . . . Each **$11.98**

Broad Band—Calibrated Length FM ANTENNA

- **For all AM/FM, AM/FM multiplex and FM radios**
- **Broad band—receives clear, strong signals over entire FM band**
- **High gain — pulls in distant stations. Stops fade, improves FM reception**



Add to your listening enjoyment by installing this high gain, broad band antenna on your car or truck. Lets you receive stations from more than 60 miles away . . . actually "adds" new stations to your radio! Calibrated length, 1-pc. solid stainless steel shaft has no slip joints to lose conductivity. Gives improved reception over built-in and sectional antennas. Bounce back spring mounting withstands severe shock—eliminates replacement of broken staffs. Easy to install. Adjusts to any angle for top or side mounting anywhere on car. With 52" braided copper shield coaxial lead-in cable and instructions. For use with all FM and AM radios.
03-6168W—
Each **$8.49**

4 Section KEY LOCK ANTENNA

Universal top mount. Chrome plated, 4-section antenna extends to a total of 31-1/2", 46" antenna wire lead with rubber sealing grommet extends 8" below fender. Lock (with 2 keys) guards against theft.
04-0227N— . Each **$3.98**

Eliminate Signal Fade From Your Windshield Antenna —Bring in More Stations

NEW TRANSISTORIZED ANTENNA BOOSTER

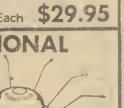
Increases signal, eleminates fading of stations. Gives long-range reception to car radios with built-in windshield antennas. Easy to install — plugs in between lead cable and radio.
10-4480Y—
Each. **$6.89**

Rabbit Ear TV ANTENNA for ALL Cars

Now get perfect reception all the time. Rabbit ears allow for maximum adjustment to get the sharpest possible picture. Complete with everything needed for installation. Easy instructions.
82-0700W—
Each **$29.95**

OMNI-DIRECTIONAL ANTENNA

For Vans, Campers, Mobile Homes, Boats



- **FOR TV & AM/FM RADIO**

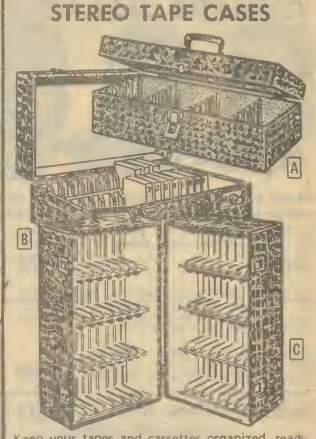
Pulls in those hard-to-reach long wave stations . . . gives superb reception on TV (including UHF/VHF) and AM/FM radio. Stainless steel antenna feelers. Only 5" high flush mounted. Includes 15 ft. of 75-ohm coaxial cable, and two 75/300 ohm baluns. Easy to install.
17-8045Y— . . . . . Each **$45.50**

POWER CONVERTERS

Transforms 12 Volt to 9, 7-1/2, 6, or 4-1/2 Volt

Plugs into cigarette lighter receptacle . . . lets you use your car or truck battery power, instead of small batteries. Always gives you full power . . . transistorized regulated circuit assures constant voltage. Special adapter has 3 plugs and polarity reversing feature, for use with any tape recorder, portable radio.
88-6179A—12 volt to 9 volt.
88-6178T—12 volt to 7-1/2 volt.
88-6177N—12 volt to 6 volt.
88-6176X—12 volt to 4-1/2 volt. Each **$5.98**

8 Track and Cassette STEREO TAPE CASES



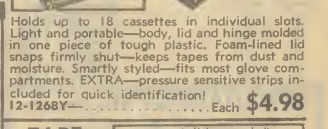
Keep your tapes and cassettes organized, ready to use—or ready to carry. Custom cases feature individual compartments and tight-fit lids to keep tapes free of dust, moisture. Black alligator leatherette with hi-pile red velvet flocked interior. Sturdy wood frame.

A **Economy Style.** Choice of sizes. Non-locking latch prevents accidental opening.
24-Tape Case. 7"x7-3/4"x18".
10-3672A— . . . . . Each **$8.49**
15-Tape Case. 7"x6-1/2"x14".
10-2922A— . . . . . Each **$6.95**
10-Tape Case. 7"x6-1/2"x10".
10-2923R— . . . . . Each **$5.49**
30-Cassette Case.
17-8942W— . . . . . Each **$6.95**

B **Locking Cases.** Hand-stitched, slim-styled cases hold 30 tapes or cassettes. 2-locking latches on tape case. 1-locking latch on cassette case. With two keys.
Tape Case. 17-1/2"x13-1/2"x5-1/4".
10-4287X— . . . . . Each **$10.95**
72 Tape Case. 15"x11"x4".
10-4288N— . . . . . Each **$9.49**

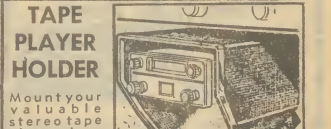
C **Deluxe Case.** Same quality features as B, but holds up to 72 tapes! Not available for cassettes. 16"x9"x10".
90-2902W— . . . . . Each **$21.49**

CASSETTE HOLDER



Holds up to 18 cassettes in individual slots. Light and portable—body, lid and hinge molded in one piece of tough plastic. Foam-lined lid snaps firmly shut—keeps tapes from dust and moisture. Smartly styled—fits most glove compartments. EXTRA—pressure sensitive strips included for quick identification!
12-1268Y— . . . . . Each **$4.98**

TAPE PLAYER HOLDER



Mount your valuable stereo tape player where you can reach it instantly. Over-hump mounting eliminates vibration—prolongs life of tape player. Dura-gloss black finish blends with any car interior. Easy to install. Fits cars with center hump. Size: 8-3/4" x 8-1/2" x 7-3/4".
03-6437N— . . . . . Each **$9.59**

Battery Powered Portable INTERCOM SYSTEM

Solid State Transistorized

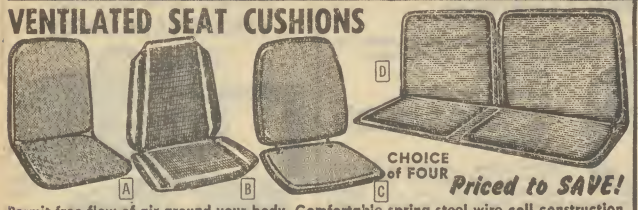
Use this communication system anywhere . . . it's battery powered, needs no electrical outlet. Ideal for RV's, house trailers, and garage-to-house relays. Set includes one master unit with on/off and call/talk switches, and one remote unit. Complete with 50-ft. cable. Uses 4 penlite batteries (not included, see below).
88-7191N— 1-Set **$12.98**
Penlight Batteries for Above (Requires 4)
90-2385U— . . . . . Each **25c**

RAYON FELT SPARE TIRE COVER

Rich charcoal gray needled one-piece cover with elasticized edges fits perfectly. Keeps trunk and articles clean. Muffles loose tire "clunk." Fits 14" and 15" tires.
83-0748U— . . . . . Each **$5.99**

INDEX AND ORDER BLANKS—SEE BACK PAGES

VENTILATED SEAT CUSHIONS



CHOICE of FOUR — *Priced to SAVE!*

Permit free flow of air around your body. Comfortable spring steel wire coil construction retains cushion shape. Resist scuffing, won't mildew. Will not interfere with seat belts.

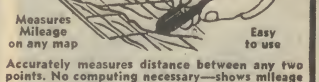
HOW TO ORDER SEAT COVERS

PAYMENT MUST BE MADE IN FULL TO FACILITATE HANDLING.

Each seat cover is custom tailored to fit your original truck, van, Jeep®, or other 4 Wheel Drive vehicle seat. Please give the following information on your order.

1. Specify Stock Number, Year, Make, Model and Series of Vehicle and Color desired.
2. Specify type of seat—bench or bucket.
3. Specify for front or rear seats.
4. When ordering single bucket seat cover specify passenger or driver's side.
5. For models not listed above, specify all above information, plus seat length and width in inches from seam to seam. Supply photo of seat, if possible.
6. On rear seats, state length and width of seat and backrest.

Map Mileage Measurer



Accurately measures distance between any two points. No computing necessary—shows mileage on easy to read gauge. Saves gas—saves money. Precision made—fits into pocket or purse. Just set scale to scale of map, run wheel along route on map—read accurate mileage shown by pointer thru magnified window of gauge.
16-0102W— ..... Each **$3.59**

CRUSHED VELVET SEAT COVERS

Custom Tailored for American Cars

Seat yourself in rich, velvet-soft luxury! Plush seat covers are similar to the newest seat covers on expensive luxury cars—and each cover is custom tailored for each make and model of car for perfect fit. Insulate and protect seats—covers stay cooler in summer, warmer in winter. Fabric is made for extra strength and wearability and treated for soil-resistance and stain repellency. Foam backed for extra comfort and to keep covers from slipping or wrinkling. Cover for front seat covers ENTIRE seat—front AND back. No tools necessary for installation—sewn-in elastic straps and hooks give tight, perfect fit. Available for all types of seats, including hi-back buckets and bench seats (except 60-40 divided front seat). Choice of the following colors: Black, Brown, Blue, Red, or Gold. **See How to Order below.**

Genuine and Synthetic Fur Seat Covers

FOR ALL AMERICAN & IMPORTED CARS WITH BUCKET SEATS

HOW TO MEASURE

The ultimate in luxury for bucket seats! And check the functional features of these unusual dress-up covers: (1) "breathable" feature makes seats more comfortable in hot sticky weather—cozy and warm in cold weather; (2) deep nap adds cushiony effect; one-piece construction covers backrest and cushion—easy to install or remove.

GENUINE FUR SEAT COVER. Super luxurious natural hide, genuine lamb fur with a deep texture that never mats down. Uniquely tailored cover in natural shape with elasticized tie-down straps. Natural beige color. **See How to Order Below.**

SYNTHETIC FUR SEAT COVER. Luxurious high pile "fur" in a fluffy blend of acrylic and modacrylic fibers. Color: Wheat Beige. Completely washable for easy care! Elasticized tie-down straps. **See How to Order Below.** Measure bucket seat (see illustration above) to determine which size is best for your car. **Note:** after measuring, add an additional 4 inches to length measurement. **Important:** Sizes 20"x45" and 22"x54" are for cars with no headrests or with adjustable or removable headrests. Size 20"x60" is **only** for cars which have the high rise, built-in headrests.

Sizes available in synthetic fur:
10-4943N—Approx. 20"x45" long . Each **$11.95**
10-4944T—Approx.22"x54" long . . Each **11.95**
10-4945P—Approx. 20"x60" long . . Each **13.95**
Size available in genuine fur: approx. 22"x45" long. Overall measurements vary slightly, depending on each animal skin.
10-4946Y— ..... Each **$32.95**

Foam Backed Nylon Stretch Seat Toppers

Comfortable, protective toppers fit front or rear solid cushion or bucket-type seats perfectly — foam cushioning holds toppers firmly in place.

5 handsome colors. Protects you from cold, heat, or static shock — does away with clothing drag when sliding in or out of car.

Protect original upholstery, enjoy comfortable seating when you add these foam cushioned nylon toppers to your car. Water-repellent, resist oil, machine-washable, and easy to clean. Available for all cars, American or Imported.

Headlining and Upholstering TOOL

Ideal for stuffing headlining in channel above doors and for stuffing upholstering materials into tight places. Easy to use around curves and near corners. Blunt edge of blade cannot damage material.
74-6537W— . . . . . Each **$2.29**

REPAIR DAMAGE TO VINYL FABRIC IN MINUTES!

MATCH GRAIN and COLOR

Repair Hard Tops, Convertible Tops, Car Seats, Door Panels, Dash Padding — PLUS!

PERMANENT REPAIR. Permanently restores, regrains, resurfaces vinyl—and you can't tell it was ever repaired . . . the repair is invisible! Both surface grain and fabric color can be matched—in minutes. Not a patch or glue—but a permanent weld!

ANYONE CAN DO IT—Just refer to the simple and complete color chart included to determine the shade you want—yellow, red and blue are the three primary colors, and from these, all colors are made. Then follow the complete step-by-step, illustrated repair instruction manual included for a professional job—simply apply heat from the special 110 volt heating iron—included in kit—and you have a completed repair, **Hundreds of uses.** Repairs anything made of vinyl.

DELUXE MASTER KIT—Contains enough material for approximately 40-50 repairs on an ordinary burn, hole, rip or tear. Includes 8 automotive matched colors. 1 jar each of: White, Black, Dk. Brown, Red, Blue, Gold, Silver and Yellow. Includes heating iron, backing material. 1/2 pint of cleaner. 1/2 pint of clear dressing, package of graining paper, color guide, spatula and instructions, (For kit less iron—see below).
17-9731B—
1-Kit **$17.95**

REPAIR KIT LESS IRON—Same as above but without special heating iron. Use home electric iron.
17-9732P— 1-Kit **$11.95**

STANDARD KIT—Consists of 5 colors (Black, White, Blue, Yellow, Red), 1/2 pint cleaner, 1/2 pint clear dressing, graining paper, spatula, instructions and iron.
17-9736A— 1-Kit **$14.49**

ECONOMY KIT—3 colors (Black, White, Gold), graining paper, spatula, instructions.
17-9733Y— 1-Kit **$4.79**

FROSTED FUR-LIKE REAR SHELF MAT

White frosted "fur" over shelf mat's rich base color creates an exciting variation of color! Practical too—mat reduces glare and absorbs heat. Plush, longwearing synthetic fur is over 2 inches long. Insect proof, dirt resistant, and non-allergenic; machine washable and dryable. Can be easily trimmed to fit any rear shelf. Available in 15" or 20" width x 60" length.

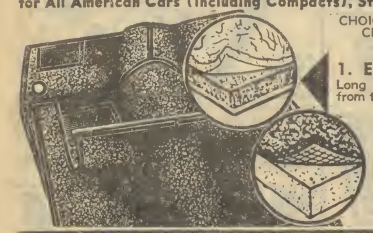
Custom Tailored AUTO CARPETS
WITH EASY-CLEAN HI-PILE LOOP WEAVE
for All American Cars (Including Compacts), Station Wagons & Trucks Thru ¾ Ton



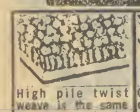
CHOICE OF 2 LUXURIOUS UNDERPADDINGS CEMENTED TO COVER ENTIRE CARPET
(Not shipped in two pieces)

1. EXTRA-THICK JUTE FELT. Long lasting, 36" wide—covers entire carpet from top-to-bottom, side-to-side.

2. EXTRA-SOFT ½" FOAM. Thick plastic foam provides excellent insulation and noise-proofing, non-allergenic, mold-proof, fire resistant.

Deluxe hi-pile twist weave, custom styled front and rear replacement carpets are quality-made of 100% polypropylene fabric. Custom tailored and detailed, with sewn-in contours for perfect fit on floor curves and center hump. With matching-color rubber heel plate and dimmer switch grommet. Both jute and foam underpadding are fully cemented to carpet back.

Shipped from New Jersey.



High pile twist weave is the same as carpeting in the home. Gives long, extra long wear — easily cleaned.

Completely bound on all edges with supported leatherette in attractive matching or contrasting colors.

Large color selection permits matching color scheme of car interior or smart contrast effect.

VINYL FLOOR MATS

Full and Twin

Choice of Clear or Transparent Tinted Colors!

- **FULL WARRANTY for as long as you own your car!♦**
- **Purest Virgin VINYL remains soft and pliable at all temperatures . . . won't fade or discolor**
- **Thick, deep-ribbed, skid-proof design**
- **Attractive high embossed custom center crest**

Protect new carpets, renew old interiors. Pure virgin vinyl mats stay soft and pliable always, yet are made thick and tough to withstand hard treatment. Deep molded ribs add safety and comfort. Hundreds of vinyl cleats on underside prevent sliding and bunching, hold mats firmly to floor contour. Impressive high-rise custom center crest distinguishes these mats from the ordinary. All mats are washable and will not fade or discolor.

Full-width and Twin-Mats fit all cars. Easily trimmed to fit smaller Compact, Sports and Imported Cars without changing appearance of mats. Available in Clear, or Black, Blue, Gold, Green and Red Tints. Specify color desired, and Stock Number.

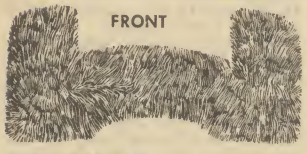
CLOUD-SOFT FUR-LIKE AUTO CARPETS

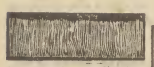
Enjoy Incomparable Door-To-Door Beauty, Luxury!

Deluxe Throw Carpets For Front & Rear Of All Cars

FRONT



REAR



Man made acrylic fur has 3/4" hi-pile nap, and latex-impregnated back. Non-allergenic, flame-resistant; moth, mildew and skid-resistant. Machine washable and fade proof.

LOOK AND FEEL LIKE REAL FUR CUSTOM TAILORED FOR CARS LISTED 7 FABULOUS COLORS Black, Brown, White, Red, Gold, Dark Blue and Green

Cover floor area from door-to-door, including center hump. Full 3/4" deep hi-pile nap gives a feeling of luxury. Striking colors are perfect for matching or contrasting with car interiors. Made by skilled fur craftsmen, these fur-like carpets are custom tailored to fit perfectly—no alterations required. Non skid latex-impregnated back keeps carpet firmly in place without wrinkling or curling, slipping or crawling.

Fur-Like Rear Shelf Carpet. Like man-made fur carpets described above. Large enough to fit most rear shelves — can be easily trimmed to exact fit with scissors or razor blade. Machine washable. Choose from 7 lavish colors: Black, White, Gold, Red, Green, Brown, or Dark Blue. Size 12" x approx. 60". **State Color.**
55-0940A— . . . . . Each $6.99

Economy Fur-Like Rear Shelf Carpet. Same features, colors as above, except lighter weight.
55-0941R— . . . . . Each $5.99

INDEX—SEE BACK PAGES

RUBBER, Vinyl, Leather CLEANER, RESTORER and FINISH

CLEANER

A superb cleaning product for finest leather, vinyl, rubber, plastic, wood, metal, Plexiglas, acrylic, and chrome finishes. Just spray on and wipe off with a damp cloth. Deep-cleans vinyl tops, car upholstery, interior, and exterior, floor mats, all rubber moulding, tire side walls, luggage, furniture, all types of sporting gear. Excellent for preparing rubber, vinyl and leather surfaces for Restorer and Preservative in this listing. 16 oz. spray top container.
12-2349N— ..... Each **$2.39**

RESTORER and FINISH

Preserves and protects . . . penetrates beneath the surface to become part of the material. Not just a coating or dressing that temporarily covers up damage; but a special polymer finish whose molecules are chemically formulated to entwine themselves around damaged rubber, vinyl, or leather molecules to actually become part of the surface—restoring it, strengthening it. Protects against further damage from sunlight, ultra-violet rays, pollutants, and just plain aging. Seals out moisture, dirt and other agents that cause deterioration, and leaves a soiled lustrous finish; makes materials easier to clean. Non-toxic, non-flammable, eliminates static electricity, completely safe for use on all rubber, vinyl, and leather materials. **Excellent for restoring rubber or leather on antique cars**—preserves and protects new cars rubber, vinyls and leathers—both interior and exterior. Has 100's of uses . . . on your automobile as well as all rubber, vinyl and leather materials around the home. Easy to apply: just spray or wipe on, let dry, wipe to lustrous finish with clean cloth. Available in 8 oz. spray bottle, 16 oz. bottle and money-saving gallon size.
12-1454U—8 oz. ..... Each $2.79
12-2332A—16 oz. ..... Each 5.39
12-1455A—Gallon ..... Each 27.95

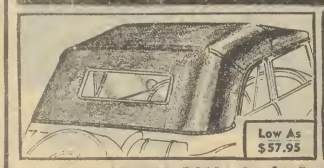
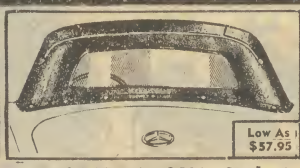
HOW TO ORDER ABOVE. Available for American Cars Only. State Make, Year and Model of Car, whether 2 or 4-doors, Color of Combination Desired and Stock No. Shipped from New Jersey.

Tailored-to-Fit CONVERTIBLE TOPS for IMPORTED and AMERICAN SPORTS CARS



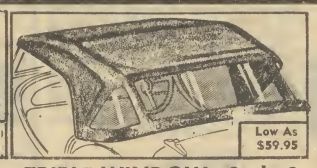
SMALL WINDOW—Style 1

Top has fabric back curtain. If car manufacturer supplied sewn-in plastic window, new top will be supplied this way. If your car has glass and frame, use glass and frame from old top. (Glass and frame not supplied.)



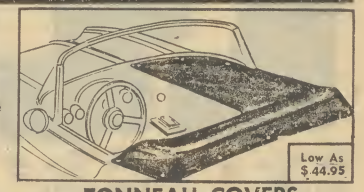
LARGE WINDOW—Style 2

Complete with single, crystal-clear, flexible plastic window, which is as large as entire rear curtain area. Folds down with top. Fully tested and approved for use in all 50 states. Sturdily constructed for years of service.



TRIPLE WINDOW—Style 3

Three windows same size and shape as original, electronically welded for all-weather protection. Made of heavy duty, clear, flexible plastic — folds down with top. Zipper included only wherever original. Tested and approved for use in all states.



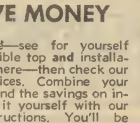
TONNEAU COVERS

Available to match all new tops listed on this page. Center zipper lets you open just the driver's side or entire front seat. Complete with all necessary hardware and fittings for exact-fitting installation.
NOTE: On 68-75 models, specify if car has factory installed headrests.

DO IT YOURSELF AND SAVE MONEY

Shop and compare—see for yourself what a new convertible top and installation costs you elsewhere—then check our sensational low prices. Combine your savings on the top and the savings on installation by doing it yourself with our easy-to-follow instructions. You'll be amazed at the difference!!

HOW-TO-DO-IT INSTRUCTIONS WITH EACH TOP



Specialized instructions for each make and model of car are included with every top. They are easy to follow, show step-by-step procedure for installing top on your car. Makes it easy to do the job yourself—saves the cost of outside installation. No special tools or knowledge required.

Precision Tailored CONVERTIBLE TOPS

Order style number shown and listed for your car, see style illustrations above. No. 1 Small Window Style, No. 2, Large Window Style. No. 3 Triple Window Style. See How to Order below.

QUALITY FEATURES

Vinyl tops have electronically welded, exterior deck seams and heavy duty interior sewing for all weather protection.

Protected by the new Crazy Clean FINISH! It's TOUGH! Easy to clean with any household cleaner.

Choice of 3 Qualities

All Shrinkproof
Each Warranted In Writing!

3-PLY FABRIC-LIMITED (36 month) WARRANTY

Heavy duty fine weave fabric with a lustrous beautiful appearance. This top fabric quality is equal to or better than fabric top used as original equipment on the most expensive imported cars. This fabric is absolutely waterproof because two layers of cotton fabric are bonded together with high tenacity live rubber in the center. Then both outside and inside layers are treated with Miracle "S" for complete water repellency. Carefully tailored, heavily double stitched at points of strain with weather-resistant thread. Color: Black—with Black inside, or Tan on both sides. Tops are available for all American and Imported sports cars listed above.

Style	Stk. No.	Price

FINE WEAVE VINYL PLASTIC

LIMITED (60 MONTH) WARRANTY

Lustrous pinpoint vinyl plastic coated surface has an attractive fine grain. Equal in quality and weight to tops used on most expensive imported cars. Electronically welded seams won't open, make these tops duplicate in appearance to original equipment. Colors stay bright, resist spotting, easily washed with ordinary household cleaners or soap. Complete with scientifically developed Miracle "V" permanent water repellency that keeps underside of top new looking indefinitely. Lighter in weight than our Best Vinyl tops, but are an outstanding value at these low prices. Colors: White, Black, Blue, or Green with Black inside; Black or Tan with Tan inside. For all American and imported sports cars listed above.

Style	Stk. No.	Price

Tire Cover	79-2144P	12.99

BEST SUPER VINYL PLASTIC

LIMITED (66 MONTH) WARRANTY

This top will be furnished in the same design (leather grain or pinpoint grain) as the original top from manufacturer. Tough, extra heavy duty vinyl-coated surface makes the super vinyl plastic top the finest available anywhere at this fantastic low price. Lustrous grained vinyl finish looks like original equipment. Heavy duty original-type zippers, where original equipment. Felt seals, fasteners and snaps match original perfectly. Available in your choice of "locked-in colors" and color combinations. Combinations: White, Black, Blue, Green with Black inside; Black or Tan with Tan inside. Be sure to specify colors desired, inside and out. Locked-in colors stay bright, new looking longer—resist dirt and spotting, can be made to look like new again with any ordinary household cleaner or soap. New, improved electronically welded, seam construction eliminates thread rotting and opening of seams. Scientifically constructed with miracle "Y," a permanent water repellent, which keeps interior always looking new. One of the finest tops you can buy! Simple, easy-to-follow, instructions are included with every top. Available for all American and Imported cars listed above.

State make, year, and model of car, color choice and stock number with order.

Style	Stk. No.	Price

All These CONVERTIBLE TOPS Are Easy To Order —Here's How

See Index for Additional Side Curtains.

All Tops, Tonneau Covers, Sun Roofs and Tire Covers are supplied complete, ready to install. Cars with headlinings on Volkswagen and Jaguar do not have to be removed to install new tops. Headliner not included. State on your order the following information:

1. Specify car make, year, model or series.
2. Specify style and stock number of item.
3. Specify color, both outside and inside.
4. Specify body style, passenger capacity, and whether door glass rolls up or if side curtain is used.
5. For MG model TD only—specify if your car has a 2 or 3 bow top frame.
6. Austin Healey Sprite, MG Midget, MGB—specify if fold-down or removable top.
7. Important: Specify if car has headlining. This is part of the car and is not supplied with new top (except on 1960 Alfa-Romeo Guilietta Spyder and Super Spyder).
8. When ordering Tonneau Cover, Side Curtains, or Tire Cover—supply same information requested on items 1 through 4. (For Tire Covers, be sure to specify tire size.)

All tops and pads are shipped Parcel Post from New Jersey, New York or Ohio.

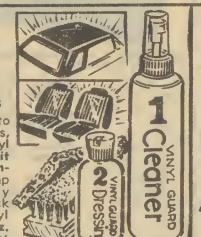
LIMITED WARRANTY

If, within the duration of the Warranty, the top fails due to shrinking or a defect in workmanship or material, we will replace the top charging you a prorated price of a new convertible top for each full month from the date of purchase based on the original purchase price and the length of the Warranty period. This Warranty does not cover fading of the top, discoloration, scratching or cracking of the plastic windows or labor charges.

SATISFACTION GUARANTEED or MONEY BACK

VINYL CARE KIT

Cleans and Preserves Vinyl Tops & Interiors



Renews vinyl auto tops and interiors, boat interiors, vinyl household items. **Kit contains: 8-oz. cleaner** with spray pump dispenser, specially formulated to lock and remove vinyl oxide residue; **2-oz. dressing** with turret dispenser to preserve vinyl and retard vinyl oxide build-up. Dries quickly with no lap marks or streaks—attractive satin sheen finish lasts for months. Also includes **brush** to aid in removal of deep stains, soil and wax, and **cellulose sponge** for application of dressing.
17-9135W— 1-Kit **$3.69**

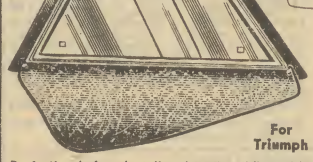
DELUXE COAT HANGER

Hangs onto existing car coat hook, holds up to ten garments. Heavy gauge steel.

04-0171N— ..... Each **99c**

DUAL SLIDING SIDE WINDOWS for Imported Sports Cars

Custom Fit for Hardtops and Convertibles



For Triumph

Perfectly designed, tailored-to-fit sliding side windows . . . easily installed in minutes! Mount on original bracket location. Windows set on individual tracks—slide open or closed easily with plastic control knobs. Easily adjusted to suit driver or passenger. Premium quality, rigidly constructed. Windows made of heavy duty hi-impact, crystal-clear Plexiglas—will not cloud up or discolor; approved for use in all 50 states. Heavy aluminum frames have chrome-like finish for additional beauty. Frames have rubber weatherstripping throughout, which combined with custom-fit construction, keeps car interior dry during most inclement weather—no leaks, no wind whistles. With fittings, illustrated step-by-step instructions. Fit hard tops and convertibles on following cars: Avg. Shpg. Wt. 13 lbs.

State Make, Year, Model of Car, and Stock No. (For TRIUMPH—see ordering information below.)

ORDERING INFORMATION FOR TRIUMPH TR2, 3 & 4 ONLY: 1. Dual sliding side windows for Triumph are furnished with flap (see above illustration.) Flaps are constructed of heavy duty black vinyl that withstands all weather conditions. 2. Some 56-58 Triumph models have two metal side curtain retaining plates attached to each door which permit side curtain brackets to be wedged into plates without bolts. These are **wedge type** curtains. All other 56-63 Triumphs have **regular spring type** side curtains. **State wedge or regular spring type when ordering.** Shipped from Wisconsin.

Custom Tailored WOOD DASH PANELING KITS

Give Your Car Interior That Distinctive Look By Dressing Up Your Dash

Custom genuine walnut trim. Each kit is designed to add that touch of elegance only genuine wood gives. Kits are fabricated of finest grade walnut—precision cut to 1/86th of an inch and then cemented to strong flexible backing. This procedure enables wood to fit any contour, provides maximum strength and resiliency. Wood is hand rubbed for added richness with costly finishing oil. Each kit is designed for perfect fit—no alterations required. With easily applied adhesive and applicator, plus installation instructions. Average Shpg. Weight 14 oz. NOTE: All dash kits marked with (♦) also contain cover for glove compartment door.

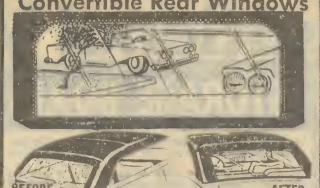
74-3687B—w/metal screw . . . . . 1-r kg. **$5.49**

RESTORE COLOR to LEATHER

Easily brush or spray-on this amazing flexible finish. Restores new life and color to faded, soiled leather and vinyl plastic upholstery, panels, headliners, convertible tops, rubber floor mats. Perfect for cars, trucks, boats, home and outdoor furniture, awnings, luggage—hundreds of uses. Not a paint. Fast drying. Covers with same color or new color, in a thin, pliable coating that preserves original grain of material. Fadeproof, won't scuff, chip or peel. Dirt cannot penetrate, not affected by mildew, salt, beverage spills.

Convertible Rear Windows



- **Complete window assembly, ready to install.**
- **Window made of clear, tough flexible plastic with choice of fabric or vinyl plastic material.**
- **Folds down with top.**

Tailored to fit each car perfectly. Not a complete top, but a rear curtain only. Perfect for replacing broken, scratched or discolored rear windows. Complete with trim, tacks, trim tips, heavy duty zipper wherever original and easy-to-follow step-by-step instructions. Approved for use in all 50 states.

CHOICE OF MATERIALS

Fabric. Two layers of cotton bonded together with high tenacity live rubber in center, water repellent inside and out.

Vinyl Plastic. Tough heavy duty vinyl coated surface is up to 40% heavier than original. Colors stay bright. Easy to clean. Water repellent inside and out.

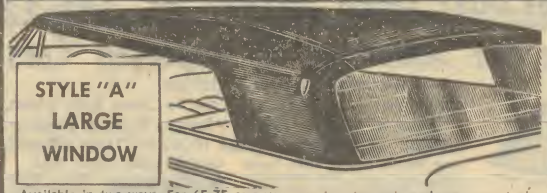
Tailored-to-Fit CONVERTIBLE TOPS



STYLE "A" LARGE WINDOW

Available in two ways. For 65-75 cars you may buy top only and use present glass window, or buy a complete top with plastic rear window. Better than original. Double stitched, electronically sealed seams. Heavyweight mildew-proof vinyl grain. All fasteners and trim as required are included. Heavy duty zippers. Windows fill entire back curtain area, fold down with top. Crystal-clear plastic windows are tested & approved in all states, won't crack or cloud.

HEAVY DUTY CONSTRUCTION

Scientifically designed and engineered for perfect fit and years of service. Supreme Vinyl Plastic tops and Best Super Vinyl Plastic tops are made with the new, Improved DH-909 heavy duty electronically welded deck seams, eliminates thread rot and opening of seams. Duplicate in appearance to current original equipment of Cadillac and other expensive convertibles. Waterproof, shrink proof construction—tops have easy-to-operate zipper on rear curtain: if original top so equipped. Trim has long lasting weatherproof thread.

SUPREME VINYL PLASTIC LIMITED 48 MONTH WARRANTY

Vinyl plastic coated surface tops that duplicate original equipment in grain, lustre, and appearance—equal in quality and weight to even those tops used on the most expensive convertibles. New DH-909 heavy duty electronically welded deck seams eliminate thread rot, opening of seams, and is just like original equipment tops used on Cadillac convertibles. Colors stay bright, new-looking, resist spotting, can be quickly washed with ordinary household cleansers or soap. Tops are made with scientifically developed Miracle "V" permanent water repelency to keep interior new-looking indefinitely. Warranted not to shrink. Lighter in weight than our Best Super Vinyl tops, but an outstanding value at these low prices. Colors: White, Black, Blue, Green, Maroon with Black inside, Black or Tan with Tan inside. Available for all 41-75 cars listed above.
(A) Large Window Style with Complete Window for all Cars.
79-2158P— . . . . . Each **$64.95**
(A) Large Window Style without Window for 65-75 Cars. Use present window assembly.
99-5971R— . . . . . Each **$54.95**
(B) Small Window style without Window for All Cars. Use your present glass window assembly.
79-2157B— . . . . . Each **$59.95**

ECONOMY PLASTIC TOPS LIMITED 36 MONTH WARRANTY

Made to give satisfactory service at a minimum cost. Outside vinyl plastic surface has a grained appearance similar to tops on current model convertibles. Easy to install. Colors: White or Black—with Black inside.
Available for 49-75 Buick, Cadillac, Chevrolet, Ford, Mercury, Olds. or Pontiac; 49-72 Plymouth or Dodge.
Type (A) Large Window. With complete window.
79-2171T— . . . . . Each **$37.95**
Type (B) Small Window. Without frame, glass.
79-2185T— . . . . . Each **$49.95**

BEST SUPER VINYL PLASTIC LIMITED 60 MONTH WARRANTY

This fine top with its lustrous pinpoint grained vinyl finish is just like the most expensive tops used on convertible models of Cadillac and Lincoln Continental. Tough, heavy duty vinyl coated surface is 20% heavier than our supreme vinyl plastic top. Colors stay new and bright, resist dirt and spotting, can be easily washed to look like new again with ordinary household cleanser or soap. Improved heavy duty DH-909 electronically welded seams eliminate thread rot, opening of seams, and is similar to seams used on Cadillac and Lincoln Continental convertible tops. Miracle "Y," a permanent water repellency, is added to keep the interior always looking new. Warranted not to shrink. This is your best buy in a convertible top! Colors: White, Black, Blue, Green, Maroon with Black inside, Black or Tan with Tan inside. Available for all 41-75 cars listed above.
(A) Large Window Style with Complete Window for all Cars.
79-2160W— . . . . . Each **$69.95**
(A) Large Window Style without Window for 65-75 Cars. Use present glass window assembly.
99-5972X— . . . . . Each **$59.95**
(B) Small Window Style without Window for All Cars. Use your present window assembly.
79-2159Y— . . . . . Each **$64.95**

LOW PRICED SPECIAL CONVERTIBLE TOPS

Here is a serviceable top at the lowest possible price! Constructed throughout of 100% waterproof fabrics. Install It Yourself and Save • Sensational Values

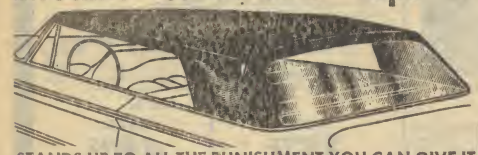
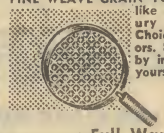
Lifetime Convertible Tops for American & Imported Cars



- Full Warranty Against Shrinking
- Stay New-Looking Longer. Easy To Clean, Keep Clean.
- Choice of Window Styles: — Large, Triple or Regular.

CHOICE OF TWO WEAR-LIKE IRON PATTERN GRAINS

FINE WEAVE GRAIN TOPS. Looks like latest luxury car tops. Choice of colors. Save more by installing it yourself.



LEATHER-LOOK GRAIN TOPS. Super strong-built to take it. Stay new-looking longer. Easy to clean and keep clean.

STANDS UP TO ALL THE PUNISHMENT YOU CAN GIVE IT

FINE WEAVE GRAIN TOPS stay new looking indefinitely. Leave your car out in the rain, snow and sleet month after month. Let the desert sun broil down day after day. Even if you live near salt water (your top's worst enemy) the top still remains fresh and new looking. We can warrant this wonderful top FOR AS LONG AS YOU OWN YOUR CAR because of its rugged construction, because of its long wearing qualities. You can wash this top every day of the week if you wish—its colors will continue to sparkle and look like new. Rinses clean and jewel-like with clear water or detergents. Adds greatly to the value of your car.
COLORS: Oyster White, Satin Black, Evening Blue, or Spring Green—all with Velvet Black inside. Also Satin Black with Tan inside.

LEATHER LOOK GRAIN TOPS are similar to those used on the most expensive imported convertibles and each top is fashion-styled for your particular make and model of car. These vinyl tops are grained to look like leather and are a duplicate of the style of the original equipment.
COLORS: Sicilian Flat Black (no-sheen) outside—Black inside: Venetian White (no-sheen) outside—Black inside.

• Full Warranty Against Shrinking

These great looking convertible tops are made with heavy duty fabrics that are so strong we warrant them for as long as you own your car. They stay bright and new looking longer than any other top we sell. They will not shrink, no matter how long they are on the car. They are treated with Miracle "S" Silicon for longer service. They are as easy to wash as the rest of the car and are super-colorfast in any climate, under any weather conditions. Deck seams are electronically welded in the same style and appearance as tops on the most expensive convertibles. Rear curtain is equipped with heavy duty easy-to-operate zipper construction, where supplied as original equipment. Crystal clear plastic window. For all American cars. "Imported cars supplied wherever original." **NOTE:** On 65-75 convertibles with original glass rear windows, replace plastic window supplied with these tops and insert original window.

FINE WEAVE AND LEATHER GRAIN LIFETIME CONVERTIBLE TOPS ARE AVAILABLE FOR THESE CARS:

All tops shipped by Parcel Post from Ohio, New Jersey or New York. Average shipping weight 15 lbs.

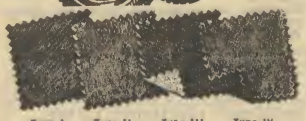
Custom-Fit CAR COVERS

TAILORED TO FIT ANY AMERICAN OR IMPORTED CAR EVER MADE

CHOICE OF 4 FINE PRE-SHRUNK, WASHABLE FABRICS

Tailored to the exact dimensions of YOUR car . . . washable . . . mildew-resistant . . . pre-shrunk. Protect your car against all kinds of weather—snow, ice, sun, dirt, smog, tree sap, windblown sand or grit. Protect it at home—or as you travel. Stays pliable in below zero weather.
All covers are tailored to the exact dimensions of **your car.** All covers have identical fine construction—only the fabrics differ. All covers have elasticized front and rear construction, plus nylon tie-down cords for positive fastening in high winds. All edges and eyelets reinforced for long wear; all seams double stitched. Special iron-on antenna hole reinforcement. Fabrics will not crack or discolor-pre-shrunk before coating so cover will always retain shape.
TYPE I—Green Cotton Drill. Soft, breathable. Water-repellent. Machine Washable.
TYPE II—Silver Cotton Drill. Same quality as above, but treated with DuPont Hypalon live rubber coating. 100% waterproof. Wipes clean with soap and water, or garden hose. Silver color reflects heat.
TYPE III—Tan Cotton Flannel. Napped on underside for extra protection to finish. Breathable. Water-repellent. Machine Washable.
TYPE IV—Our Very Best Quality! Tan cotton flannel like in Type III—but treated with DuPont Hypalon live rubber coating to make it 100% waterproof. Napped on underside for fine finishes. Wipes clean with soap and water, or garden hose.
HOW TO ORDER: State Stock No., Make, Year, Model, Body Style (2 or 4 dr., Conv., Station Wagon, Hardtops or Transporter.) Shipped from California.
NOTE: Because we have more than 1600 patterns, we cannot list all cars. While we use a common stock number for those cars not listed, we do not use a common pattern—the cover you receive will be to the exact dimensions of your car.
Shipping Weights: Type I—10 lbs. **Type II**—12 lbs. **Type III**—12 lbs. **Type IV**—15 lbs.



Type I—WATER-REPELLENT cotton drill.
Type II—WATERPROOF cotton drill.
Type III—WATER-REPELLENT cotton flannel-napped on underside.
Type IV—WATERPROOF cotton flannel—napped on underside.

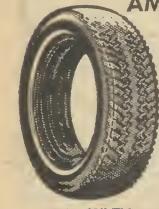
STEEL BELTED TUBELESS RADIAL TIRES

For the BEST RIDE POSSIBLE for AMERICAN COMPACT and IMPORTED CARS



With 3/8" Thin Line Whitewall

SUPERIOR CONSTRUCTION OF TWO FULL WIDTH STEEL BELTS OVER POLYESTER RADIAL BODY MEAN THE FOLLOWING FOR YOU:

- **Longer Tread Life.** Steel belted radial construction redues tread squirm and heat build-up — the principal causes of wear and tire failure.
- **Top Traction and Control.** Steel belts protect against punctures and cuts. Underneath, radial polyester body permits sidewall to lean into turns for safer, more positive cornering, while tread stays flush to the road.
- **More Comfort and Safety.** Radial tires steer with less effort, flexible sidewalls absorb road shock. No side-to-side veering as with conventional tires. Easy rolling radials mean less driving fatigue.
- **Better Mileage and Economy.** Easier rolling, quicker stopping, cooler running, shape retaining wide tread radial tires **actually take you MORE miles MORE safely on LESS gallons of gas.** You really can't afford to be **without** them!

Note: Prices include Federal Excise Tax. Shipped from Chicago, Ill. Payment must be in full to facilitate handling.

Radial Size	Replaces	Stk. No.	Shpg. wt. lbs.	Each
155x12"	6.00x12"	99-6792YF	14	$39.50
145x13"	5.50x13"	99-6793WF	12	39.98
155x13"	6.60x13"	99-6794UF	14	41.79
165x13"	6.00x13"	99-6795AF	17	42.89
175x13"	6.50x13"	99-6796RF	18	45.98
165x14"	6.00x14"	99-6797XF	18	43.98
175x14"	6.95x14"	99-6798NF	19	48.50
155x15"	5.60x15"	99-6799TF	18	43.98
165x15"	6.00x15"	99-6804AF	18	47.50
185x15"	7.35x15"	99-6805YF	24	54.98

Note: No. 1 For very best performance we recommend radial tires on all four wheels. **No. 2** If only two radial tires are used, they must be mounted on rear axle. Radial tires are so radically different in performance that they should not be mounted opposite conventional tire.

LIMITED (42,000 mile/ 42 month) WARRANTY

These new tires are warranted for 42,000 miles or 42 months (whichever occurs first) against defects in workmanship and materials, normal road hazards, premature tread wear, when installed on passenger cars and station wagons except taxis. Does not apply to usage for racing or tires which are run flat or damaged in any other way except those noted above. If tire fails during the warranty period we will replace it at a prorated charge based on original selling price for number of months owned or number of miles used. Tires should not be returned without writing to us in advance for instructions.

ONE-PIECE CAST ALUMINUM WHEELS

Lightweight, Strong, Safe! Wide Rim Widths Put More Rubber on the Road

14" or 15" Diam.—6¾" or 8½" Wide Rims

Make your car a standout in any crowd, with these smart, competition-styled wheels for drag strip or street. Light wheel weight and wide rims for wide tires give you maximum acceleration ... lower E.T.'s ... faster safer cornering! One-piece construction meets SEMA 5-1A specs. Quality manufactured for greatest strength, safety and straight, true tracking. Cooling slots add braking efficiency. Deluxe, bright finish centers and rims.

Complete with chrome hub covers and chrome lug nuts.

For the following cars. ♦State Right or Left.

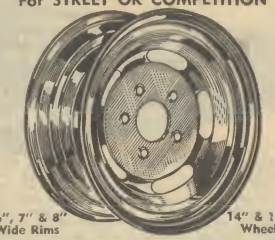
Steel Dish Slotted WIDE CHROME WHEELS For STREET OR COMPETITION



6", 7" & 8" Wide Rims — 14" & 15" Wheels

Transform your car into the most beautiful thing on wheels when you add a set of these sparkling steel dish wheels. Fabricated of hi-strength, sheared hot roll carbon plate steel to exacting specifications. ⅜" thick steel center section is precision aligned and circumferentially welded into position to provide minimal lateral runout. All joining surfaces are carefully welded to aircraft specifications — no spot welds or flimsy rivets. Corrosion resistance is assured with automated triple plating. Bright nickel and a brilliant ultra-heavy blue sapphire chrome plate provide a finish that withstands the most rugged conditions. Quality engineered and tested for maximum performance and durability. Wheels can be used with tubeless or tube type tires. Fits disc and drum type brakes. Be sure to check tire clearance. Available in 6", 7", or 8" wide rim size, with 5 bolt holes.

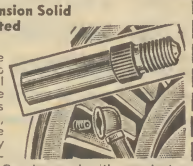
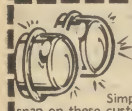
Valve Stem Extension Solid Brass-Nickel Plated



Standard valve stems are hard to reach when full wheel covers are used. With this extension added, tires can easily be inflated. Simply threads onto present valve stem. Can be used with cap locks.
15-0258X—1-1/4" long.
17-6567T—3/4" long. .... 1-Set of 4 **$1.69**

Chromed WHEEL DUST CAPS

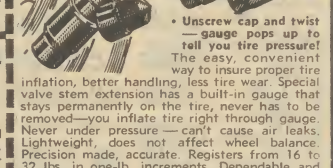


1-3/4" Diam. SNAP-ON COVERS

Simply remove old dust caps and snap on these custom chrome plated steel caps. Rust resistant. Fit front wheels of all cars (except those with front disc brakes).
88-7357B— 1-Pair $1.49

Convenient Shopping from this Catalog

POP-UP TIRE GAUGE & VALVE CAP COMBINATION



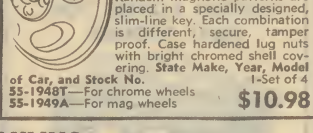
- **Unscrew cap and twist — gauge pops up to tell you tire pressure!**

The easy, convenient way to insure proper tire inflation, better handling, less tire wear. Special valve stem extension has a built-in gauge that stays permanently on the tire, never has to be removed—you inflate tire right through gauge. Never under pressure—can't cause air leaks. Lightweight, does not affect wheel balance. Precision made, accurate. Registers from 16 to 32 lbs. in one-lb. increments. Dependable and rugged, to withstand rough road pounding.
17-8592R— **$3.59**
1-Set of 4

Valve Stem Extension with Built-In Tire Gauge. Similar to above; registers 16-36 lbs. Fits any valve stem.
82-0785X— ..... 1-Set of 5 **$3.50**

MAGNETIC WHEEL LOCKS for Chrome or Mag Type Wheels

Guard Custom Wheels Against Theft



New concept in wheel locks!. Random magnetic patterns are placed in a specially designed, slim-line key. Each combination is different, secure, tamper proof. Case hardened lug nuts with bright chromed shell covering. **State Make, Year, Model of Car, and Stock No.** 1-Set of 4
55-1948T—For chrome wheels

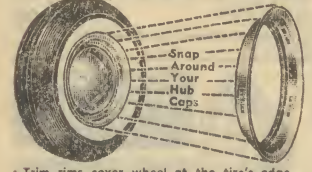
CHROME WHEEL TRIM RIMS PLATED For 14" and 15" Wheels



- **Trim rims cover wheel at the tire's edge.**
- **Smart-looking addition to your wheels where hub caps or baby moon caps are used.**
- **Exclusive designed fasteners for secure installation.**

Covers unsightly part of wheel that is left in view when hub caps or "baby moon" caps are used. Gives the appearance of a 2-pc. wheel cover—adds a custom look to any car. Easy to snap on around caps—fit all popular cars. Cannot be used with full wheel covers.

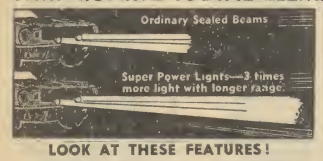
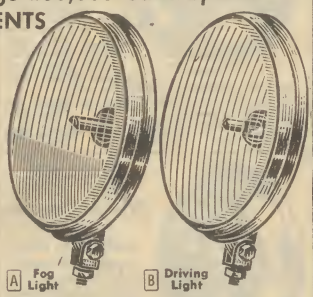
DRIVING and FOG LIGHTS For ALL CARS

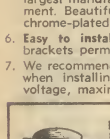
SUPER POWERFUL Long-Range 260,000 Candlepower With QUARTZ IODINE ELEMENTS





LOOK AT THESE FEATURES!

1. **Combination of specially designed fluted optique lens and latest design Quartz Iodine element** provide super powerful illumination for both driving and fog lights.
2. **Develop 3 times more light power** than ordinary sealed beam type bulbs.
3. **Last up to 2-1/2 times longer** than ordinary sealed beam bulbs. Quartz Iodine element easily replaced in case of burn out.
4. **Compact, ultra-slim design** — only 2-3/8" deep—fits in narrowest spaces—even fits between bumper and grill.
5. **Superior Quality.** Made by one of the world's largest manufacturers of fine lighting equipment. Beautifully chrome-plated steel body, chrome-plated brass rim. Full 6" diam.
6. **Easy to install.** Fully adjustable mounting brackets permit easy positioning of light.
7. We recommend use of light relay (see below) when installing these lights to insure full voltage, maximum illumination.



REMOTE CONTROL LIGHT RELAYS. For all driving and fog lights. Insure maximum power. Easily installed, with instructions.

SINGLE RELAY—For use with one or two driving or fog lamps. If horns to be used on circuit, order twin relay below.
89-4688B—12 Volt
89-4687U—6 V. Ea. **$5.98**

TWIN RELAY—For use with one fog and one driving lamp or two fog and two driving lamps.
88-4102N—12 Volt
88-4101X—6 V. Ea. **$7.98**

FOG LIGHT. Choice of yellow or clear beam. Increases visibility, safety in fog, rain or snow. Provides a wide angle, fan shaped beam of powerful light. Sharp 90° cut off beam angle eliminates most back glare and stray light. Lets you see farther ahead, more of the road in bad weather. Provides excellent visibility on curves and roads, illuminates curbs and markers.

Fog Light with Yellow Beam

"OPTIQUES" with Symmetrical Light HEADLIGHT BULBS

for ALL Cars and Trucks with single or quad sealed beam bulbs.

French "Optiques" give twice the driving light of ordinary sealed beam bulbs. You see more, you see farther at night.

- **Brighter, more wide-spread low beam, lights up more of the road—does not interfere with oncoming drivers**
- **Brighter, more powerful high beam lights up the road with a penetrating hi-intensity beam . . . enables you to see farther ahead, more clearly than with other headlight bulbs**

Eliminates over-driving headlights. "Optiques" have a recuperator system that makes full use of normally diffused light, giving far greater light intensity. New type reflector, specially designed element cuts down headlight dazzle, and unique fluted lens give blazing bright light. Bulb easily replaced in case of burn-out — no need to replace whole headlamp.

5-3/4" HEADLAMPS FOR ALL QUAD HEADLIGHTS. 12 Volt.
89-0158P—.....1-Set of 4 **$29.98**
89-0297W—Set of 2. For high or low beam.
1-Set.....$15.59
REPLACEMENT BULB FOR ABOVE.
89-0160W—12 Volt.....Each $2.39

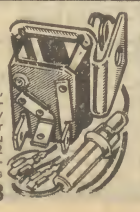
DUAL HEADLIGHT RELAY

Insures maximum brightness of both high and low beams. Precision built. Each circuit protected by a separate fuse.
42-0392A—6 Volt.
42-0002W—12 Volt.....Each **$7.49**

SINGLE HEADLIGHT RELAY

Fused type relay. Increases intensity of headlight beam.
42-0393R— 6 Volt.
42-0279P—12 Volt.....Each **$4.98**

HEADLIGHT CUT-OFF SWITCH



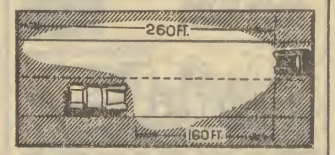
Prevents dead batteries, prevents battery drain. Cut-off switch automatically turns off headlights and/or parking lights when you turn off ignition. Fits all 12 volt negative ground vehicles. Do-it-yourself diagrams included.
17-9206N—Each **$6.98**

TWIN FILAMENT H-4 HALOGEN HEADLIGHTS for AMERICAN & IMPORTED CARS

Replace Original Perfectly

- **Converts headlights for safer, brighter lighting . . . lets you see 3 times farther!**
- **Unique 15° horizontal elevation throws beam 260 ft. on the right and 160 ft. on the left — won't blind oncoming cars (see graph at right)**

Update your present inadequate headlights with a pair of hi-intensity greater candlepower quartz-iodine bulbs—the greatest invention since the tungsten bulb. 3 times stronger than ordinary sealed beams, yet last up to 2-1/2 times longer. **Tested and proven in international races and rallies!** Newly developed quartz-iodine elements produce a piercing, thin-line hi-intensity beam far ahead of your vehicle. Element continues to burn even if lens is broken. Easily replaceable in case of burnout.



88-6161R—For all single 7" sealed beams.....1-Pair **$33.50**
88-6164T—For all dual 5-3/4" sealed beams (low beam only)....1-Pair **$33.50**

REPLACEMENT LENS & REFLECTOR.
88-6162X—For 7".....Each $8.50
88-6165P—For 5-3/4".....Each 7.29
REPLACEMENT H-4 HALOGEN BULB.
88-6163N—.....Each $8.49

HALOGEN H-1 HEADLIGHTS

Similar to higher powered H-4 listed above but with single filament. Custom fit for all cars & trucks with 5-3/4" Quad Headlights & 12 Volt Systems.
88-0002A—Low Beam.....1-Pair $26.50
89-1716U—High Beam.....1-Pair 26.50

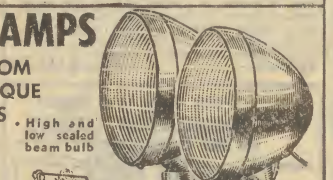
REPLACEMENT ELEMENT FOR ABOVE. H-1 SYSTEM 12 Volt
89-1718P—High or Low Beam.....Each $6.98
REPLACEMENT LENS, REFLECTOR ASSEMBLY (H-1)
88-3813Y—Low Beam.....Each $6.98
88-3812P—High Beam.....Each 6.98

7" Chrome HEADLAMPS

for ALL DUNE BUGGIES, CUSTOM SHOW CARS, HOTRODS, ANTIQUE CARS, TRUCKS AND TRACTORS

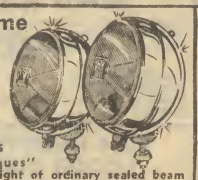
- **Meets Federal Department of Transportation requirements**
- **Bullet shaped 7-3/16" diameter x 6" depth**

Built to take the rough, tough treatment of cross-country travel night after night. Gleaming chrome plated lamps add a custom look to any vehicle. Easy to adjust single bolt ball mount. With hardware.
75-2585Y— 6 Volt.
75-2586W—12 Volt.....1-Pair **$35.95**



• High and low sealed beam bulb

5¾" Chrome OPTIQUE HEAD LAMPS with High & Low Beams



- **French "Optiques" give twice the light of ordinary sealed beam bulbs!**
- **For dune buggies, custom cars, trucks, RV's**

Much brighter, safer than old-style headlamps. Gleaming chrome finish adds a custom touch. Bullet shaped 5-3/4" diameter x 7" depth. Universal single bolt, swivel mounting base.
88-6882P—12 volt
88-6883Y—6 volt.....1-Pair **$35.98**

Polished Aluminum HEADLIGHT BRACKETS

For Customizing . . . installing headlights on frame of any car where fenders are removed.

Airplane wing type design mounts headlights at just the right angle and height. Highly polished cast aluminum. For both sides.
74-3153N—.....1-Pair **$17.98**

Extra Bright HEADLIGHTS for TRACTORS

Rugged, bright light—ideal for working fields or driving on highways. High and low beam, built-in parking light. Specially designed light element, fluted lens and polished reflector produce a light far brighter than ordinary sealed beam bulbs. Black enameled body shell and rim. 5-3/8" diameter with 5" lens. Universal single bolt, swivel mounting base makes it easy to install. For tractors with 12 volt system.
89-0162B—.....Each **$10.98**
REPLACEMENT ELEMENT FOR ABOVE.
89-0160W—.....Each $2.39
REPLACEMENT LENS & REFLECTOR ASSEMBLY
88-3814W—.....Each $8.49
WIRING AND SWITCH KIT. For above headlight. Consists of 25-ft. 14 gauge plastic covered wire and illuminated rotary type switch.
12-2215Y—.....1-Kit $3.15

RHEOSTAT DIMMER for Quartz-Iodine Driving Light

Control intensity of quartz halogen lights from your dash! 5 position switch—use full power for normal conditions, lower positions for variable fog conditions, and lowest position for thickest fog to lessen dazzle and blindness. Complete with under-dash mounting bracket, insulated terminals, and easy-to-follow instructions. Choose dual or single lamp control.
88-7323U—Dual lamp control
1-Kit.....**$14.98**
88-7324B—Single lamp control
1-Kit.....**$10.98**

CHROME PLATED RECTANGULAR HEADLIGHT SHIELDS

FOR ALL CARS AND TRUCKS

Change the shape of your plain, conventional round sealed beam bulbs!

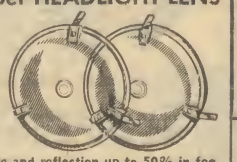
New-look rectangular shape shields are available for 7" single headlights and for 4-light, quad style 5-3/4" headlights. Easy to install.
17-8981U —For 7" sealed beam bulbs.
17-8980W—For 5-3/4" sealed beam bulbs (order 2 pair if you wish to cover all 4 lights)
Above Numbers.....1-Pair **$2.98**

HEADLIGHT DELAY SWITCH

AUTOMATIC SAFETY DEVICE FOR ALL CARS & TRUCKS

Discourage would-be assailants, avoid obstacles in your path. Timer switch automatically turns off headlights and/or parking lights 45 seconds after ignition switch is turned off. Provides safety lighting, also prevents battery drain if you forget to turn off your lights. Fits all vehicles with 12 volt systems. Do-it-yourself installation instructions
17-9203X—
Each.....**$17.95**

CLIP ON Amber HEADLIGHT LENS



Convert Headlights to Amber Driving Lights for Improved Vision & Safety!

Reduces glare and reflection up to 50% in fog, rain or snow. Easily installed, easily removed. Fits all standard sealed beam lights. Use on headlights, spotlights, road or fog lights. Heavy gauge plastic. Single headlights and all 7" lamps.
74-6098R—.....1-Pair
Quad headlights and all 5-3/4" lamps.
74-6099X—.....1-Pair **$3.59**

LIGHTS-ON ALARM

Reminds You to Turn Off Your Lights

Automatic reminder signal helps prevent battery failure caused by lights left on while vehicle is parked. Alarm starts buzzing as soon as ignition switch is in "off" position and continues to buzz until lights are turned off. Signal can be controlled manually should parking lights be required. Made of hi-impact plastic—completely sealed. Size: 3" long x 1⅜" high x 1¼" deep. Easily installed on or under dash. With instructions.
75-2250R—.....Each **$4.79**

TOGGLE SWITCH

Two terminal, two position on-off mounting stem: 3/8" diameter. All brass, bright finish
16-0026X—.....Each **99c**

TAIL & STOP LIGHT LENSES for ALL Cars

Save from 30 to 50% on these new break-resistant plastic tail lamp lenses. Replace cracked or broken expensive original equipment tail lamp lenses at a fraction of the cost. All lenses are of acrylic plastic in bright ruby red color that will not become dull.

FLUSH MOUNT BACK-UP LIGHT KIT

For All cars Not Equipped With Back-Up Lights Provides wide angle of bright light when backing up—increases rear vision, helps prevent nicks and dents to bumper and body when parking. Also warns pedestrians car is backing up. Manually controlled by combination toggle switch with on/off light. Ultra-slim, flush mount stainless steel lights look like factory installation. Lamp size: 4⅜"×2"×⅞" deep. Easily installed on rear deck lid or apron—sealing strip forms to body contour—eliminates water or dirt leaks, cushions lamps. Only 2 holes have to be drilled for each light. Kits include: lights with bulbs, toggle switch with on/off light mounted in chrome plated panel, wiring and instructions. With two lights, or one light. For all cars or trucks.

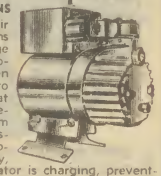
HORN SHIELDS

Decorative Protection

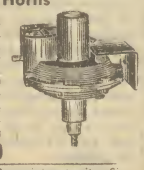
Decorative shields prevent insects, spray, gravel, other foreign material from entering horns. Quality stainless steel, buffed and polished to a high shine. Heavy gauge stainless steel spring clips. Three sizes to fit all air horns with 4", 5" or 7" bells.
15-4095R—Fits up to 4" bell 1-Pair **$12.95**
15-4096X—Fits 5" bell Each **9.45**
15-4097N—Fits 7" bell Each **10.95**

HEAVY DUTY Electric Compressor FOR ALL AIR HORNS



Electrically operated air compressor — maintains air pressure in storage tank at all times. Automatically operates when pressure is reduced to 110 lbs. shuts off at 140 lbs. Much more dependable than vacuum unit since constant pressure is maintained. Operates off of battery, runs only when generator is charging, preventing battery drain. Lightweight, compact—size: 3"x6-1/2"x6".
10-4488A— Each **$94.95**

VACUUM AIR HORN COMPRESSOR Works On All Air Horns

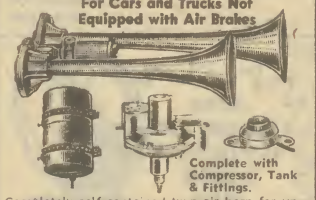


Fully automatic in operation. Builds up 90 to 100-lbs. pressure to tank. Easily installed. Compressor is driven by engine vacuum, similar to windshield wiper — operates only when pressure drops in tank. Complete with rubber bushing mounting bracket.
17-8272Y Ea. **$27.50**

AIR STORAGE TANK. 140 cu. in. capacity. Size: 5" x 7". With mounting brackets.
10-3452Y— Each **$11.98**

TWIN AIR HORNS

For Cars and Trucks Not Equipped with Air Brakes



Complete with Compressor, Tank & Fittings.

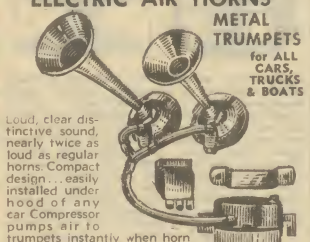
Completely self-contained twin air horn for underhood installation on cars and small trucks. Emits a piercing blast that can be heard for long distance. Kit consists of twin satin aluminum finished horns, 13½" and 10" long; solenoid switch for air control mounted on horns; air compressor, complete with bracket, 5" x 7" air reserve tank and bracket, electric control switch, nylon hose, fittings, clamps and detailed instructions for easy installation.
10-3467W— 6 Volt
10-3468U—12 Volt Each **$71.98**

REPLACEMENT SOLENOID SWITCHES FOR AIR HORNS ABOVE.
15-2899W— 6 Volt
10-3700P— 12 Volt Each **$15.59**

Economy Horn Kit. Consists of 11-1/4" & 8-1/2" black ABS Plastic Trumpets horns. 5x7 Air Tank, Compressor, hoses, fittings and instructions. 12 Volt system.
15-1695R— 1-Kit **$56.95**

POWERFUL TWIN TRUMPET ELECTRIC AIR HORNS

METAL TRUMPETS for ALL CARS, TRUCKS & BOATS



Loud, clear distinctive sound, nearly twice as loud as regular horns. Compact design . . . easily installed under hood of any car. Compressor pumps air to trumpets instantly when horn button is pressed. Bright metal twin trumpets are 6-3/8"x 8-3/8" long. Kit consists of trumpets, compressor, relay, fittings, and instructions. Wire not included—order 12 and 16 gauge primary wire—see index.
89-0573P—6 Volt.
89-0574Y—12 Volt 1-Kit **$23.98**
Selector Switch for above lets you choose regular horn sound or overpowering blast of dual trumpets. Easily mounts under dash.
89-0627U— Each **$2.49**

REPLACEMENT SOLENOID SWITCH FOR ABOVE FREON HORNS.
15-2897P— Each **$15.59**

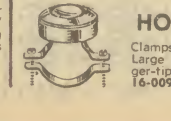
12 VOLT Electric AIR COMPRESSOR for All Air Horns

High performance electric motor driven air compressor automatically maintains air pressure in storage tank at all times. Compact, lightweight; designed for quiet reliable performance. Adjustable switch. Factory set at 80-110 lbs. pressure. Pumps 400 cubic inches of air per minute. Operates off vehicle's battery—draws only 5 amps. Easy to install. With rubber mounting grommets for vibration-free installation. 14 amp fuse and holder. 6-1/4" high, 6-1/4" wide, 5-1/8" deep. Weighs only 5-1/2 lbs. For 12 volt only.
75-0905P— Each **$59.95**

ELECTRIC COMPRESSOR for Air Horns

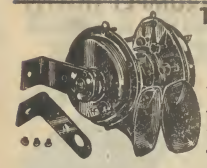
Has surge up to 50 lbs. per square inch. 6 volt has 15 to 20 lbs. PSI continuous and 12 volt has 22 to 25 lbs. PSI continuous air pressure. Provides instant pressure—air storage tank is not required. Transforms present horn into dynamic, penetrating, really loud horn. Note: when horn is held for long blast, pressure will drop. Bolts to fire wall or fender well. Power supplied from battery. Size: 4-3/4" high x 3" wide. Ideal for any car, light truck or boat. Easy to install. **NOT RETURNABLE FOR REFUND OR CREDIT.** Will be repaired or replaced only
89-0605P— 6 Volt
89-0606Y—12 Volt Each **$17.98**

UNIVERSAL HORN BUTTON



Clamps on steering column. Large plastic button for finger-tip control.
16-0097Y— Each **89c**

TURNPIKE & CITY HORNS



THE LOUDEST HORNS OF ITS TYPE ON THE MARKET TODAY!

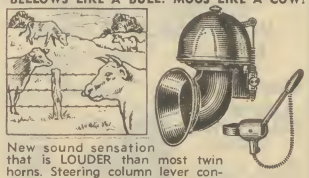
BULL HORN and CATTLE CALLER HORN

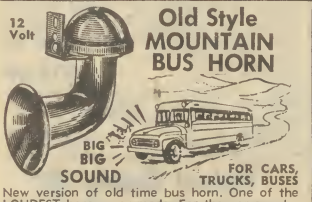
BELLOWS LIKE A BULL! MOOS LIKE A COW!



New sound sensation that is LOUDER than most twin horns. Steering column lever controls tone from moo of cow to full bellow of bull. Sounds loud or soft as desired. So realistic . . . farmers and ranchers have used this horn for years to call cattle. Red enamel finish. Size: 8"x5"x6-1/2". Easily mounted—control, mounting hardware, and instructions included. Also use as fog horn.
17-8266P— 6 Volt.
16-0100P—12 Volt . . . . . Each **$20.50**

FOOT OPERATED HORN CONTROL. All parts to convert above steering column control to floorboard mounting, for operation with left foot. Specially designed for cattle caller horn.
15-1033T— 1-kit $4.79

12 Volt Old Style MOUNTAIN BUS HORN



BIG BIG SOUND

FOR CARS, TRUCKS, BUSES

New version of old time bus horn. One of the LOUDEST horns ever made. For the person who wants a horn with a BIG sound—perfect replacement for horns used on buses. Black enamel finished steel housing, cast aluminum projector. Universal mounting bracket. Size: 8" long x 5" wide x 10" high.
10-1374W— . . . . . Each **$25.98**

"Beep Beep" HORN for ALL 12 Volt Cars & Trucks

An exciting, different sounding horn that attracts attention, makes your car stand out from all others. Emits a loud, clear, high pitched "BEEP-BEEP" everytime. Finished in 2-tone red-and-black enamel. Size: 5½" in diameter. With universal mounting bracket, 10-ft. wire, horn button, steering column clamp and instructions.
15-1925P–Ea. **$9.50**

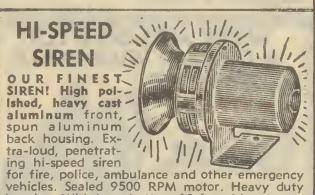
MINI ELECTRONIC YELPING SIREN

Completely electronic—no moving parts of motor to burn out. Siren delivers alternating high and low sounds. Compact, fits easily in tight areas—only 2" deep with 3-1/2" diam. face. Chrome finish. For 6 or 12 volt cars, trucks, motorcycles, boats. Complete with 2-hole mounting bracket.
88-7377P— . . . . . Each **$11.98**

European Style POLICE INTERCEPTER SIREN

Dynamic, dual-tone siren alternates one very high and one very low tone—produces same unique sound of European sirens. Solid state electronic components; no moving parts or motor to burn out. Low current drain—only 3/4 amp. Fully enclosed, weather-resistant housing is 6" long x 5" high; 5" diam. bell. For all 12 volt cars, trucks, recreational vehicles, and alarm systems. Complete with horn button, wire, screws, and instructions.
17-9379P— . . . . . Each **$23.98**

HI-SPEED SIREN



OUR FINEST. **SIREN! High polished, heavy cast aluminum** front, spun aluminum back housing. Extra-loud, penetrating hi-speed siren for fire, police, ambulance and other emergency vehicles. Sealed 9500 RPM motor. Heavy duty housing. With horn button, 10-ft. cable, mounting bracket and bolts. 6" high x 7" long x 5¼" wide For 12 volt systems.
10-4450A— . . . . . Each **$21.98**

SIREN BURGLAR ALARM KIT

ONLY 21.50

for All 6 or 12 Volt Vehicles

- High pitched siren sounds if any door, trunk, or hood is opened when alarm is set
- Easy set key lock mounts on outside of body
- Emergency siren legal in all states exc. Calif.
- Easy do-it-yourself installation

Here's low cost, foolproof protection for your vehicle and valuables! Complete system burglar-proofs all doors, trunk lid and hood. Key locks and unlocks alarm system from outside of vehicle. Anyone opening doors, trunk or engine compartment sets off the loud, high-pitched siren. Only you can shut it off. May also be wired to emergency brake or convertible top, if desired. Window decals included state your vehicle is protected. Complete kit includes all-metal siren with weather sealed motor, relay, switch with 2 keys, 6 door switches, 2 switch brackets, all necessary wire, terminals, screws and instructions.
15-2744U—6 Volt
15-2745A—12 Volt 1-Kit **$21.50**

BELL TYPE BURGLAR ALARM (Not illus.) For all 12 volt vehicles. Loud, 85 decibel bell carries more than 100 yards. Tamper-proof outside lock switch. Complete with bell, fuse, lock and 2 keys, four door-hood-trunk switches, wiring, terminals and instructions.
82-0672X— 1-Kit **$16.79**

SAVE on Many Items

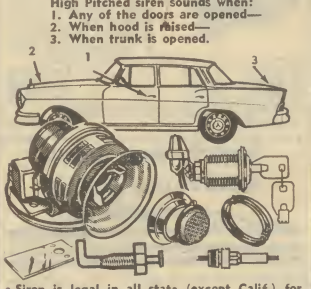
AUTO BURGLAR ALARM KIT

Fits ALL CARS and TRUCKS

Automatically protects your car or truck 24 hours a day from theft or tampering. Guards hub caps, tires, radio, battery, tools, luggage, personal items. Automatically blows horn intermittently when anyone disturbs vehicle. Simply set on-off switch (that attaches to dash) when leaving car. Upon contact, alarm scares thief away. Can be installed on any truck or car (including imported) in minutes. With switch, wiring and instructions. **NOTE: If vehicle does not have horn relay, one must be added.** See index for horn relays.
88-7195 W . . . . . Each **$4.98**

STOP THIEVES! Protect Your Car & Valuables with a BURGLAR ALARM with SIREN for all 6 or 12 Volt Cars Station Wagons & Trucks

High Pitched siren sounds when:
1. Any of the doors are opened—
2. When hood is raised—
3. When trunk is opened.



- Siren is legal in all state (except Calif.) for emergency
- Pick-proof keylock mounts on outside of car
- Easy do-it-yourself instructions

Completely burglar-proofs your car or truck. Siren sounds when any door, trunk, or hood is opened. May also be wired to emergency brake to protect convertibles with top down. Pick-proof lock mounts flush on outside of body, sets or silences alarm with turn of key. Complete system—includes siren, relay, key-lock with cover, 2 security keys, 6 switches, 2 switch brackets, wire, terminals, inline fuse, screws, security window decals, instructions.
15-3097W—12 Volt 1-Kit **$23.98**

ELECTRONIC SIREN Burglar Alarm System

YELPING

100% solid state alarm sounds at any voltage drop—activated dome, hood, trunk, brake, starter or generator light will set it off! Yelping siren sounds like latest police sirens—sure to be noticed by cruising police cars. Easy to install on cars, trucks, campers, trailers, etc. Complete with hood and trunk switches and brackets (for vehicles without hood or trunk lights), pre-wired switch lock, built-in dust cover, 2 keys, wire, hardware, instructions and decals.
10-4778N— . . . . . Each **$32.50**

AUTO ALARM TIMER

Solid State. Works in conjunction with all burglar alarm systems. Two minute timer allows siren, bell or horn mechanism to operate for approximately two minutes and then automatically resets alarm system within the vehicle in case of re-entry. Stops battery drain or dead battery. With instructions. Easy to install.
10-4768W— . . . . . Each **$9.59**

AUTO BURGLAR ALARM KIT

fits All 6 and 12 Volt Systems

Guards hub caps, tires, radio, battery, tools, personal items. Automatically blows horn intermittently when vehicle is disturbed. Alarm can be adjusted from highly sensitive (activates with light movement, such as hub cap tampering), to low sensitive (activates when entire car is slightly moved). Simply set on-off switch when leaving vehicle. Switch installs in minutes under dash, in glove box, under grill or bumper. Complete with wiring and instructions. **NOTE: If vehicle does not have horn relay, one must be added. See index for horn relays.**
88-7196U— 1-Kit **$3.49**

STOP Car or Truck Theft! TIME DELAY Auto-'n-Truck PROTECTOR

Protector allows would-be thief to drive only a short distance, then stops the engine cold by shorting the ignition. Thief cannot re-start motor without knowing your secret! Protector installs in minutes and is easy to use—just pull knob when you leave vehicle. If engine is started by anyone not knowing how to operate protector, time delay element will burn out (and must be replaced), thereby preventing theft. Complete with easy-to-follow instructions.
17-9355P—
Each. **$3.79**
Replacement Time Delay Element for above.
17-9356Y— . . . . . 1-Pkg. of 5 **$2.49**

NOW! "YELPING" SIREN with Alternating HIGH-Low Sounds

Completely Electronic — No Moving Parts Similar to latest Police and Fire Dept. sound. Constant sound creates immediate attention, "yelps" high-low tones alternately. Completely electronic, no moving parts or motor to burn out. Made of heavy, anodized, weather resistant aluminum. Low current drain—only 3/4 amp. **In car or truck**—use by itself or in alarm system. **In the home**—can be mounted outside and hooked up to any alarm. 5" long x 5-1/2" high. With button, wire. For 6 or 12 Volt.
17-8598W— 1-Kit **$29.98**

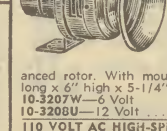
EXTRA LOUD HI-SPEED ELECTRIC SIREN

Same heavy duty type siren as used by hundreds of fire and police departments, ambulances and other emergency vehicles
- Sealed motor housing
- Precision balanced rotor
- Push button control

Accelerates to a high, loud, constant penetrating pitch. Motor housing is sealed water tight for trouble free service. Precision balanced rotor. Mount in any position, inside or outside of vehicle. With mounting bracket, screws, wire, and push button. Black enamel finish. Size: 6-1/2" long x 5" wide x 5-1/2" high.
17-8264M—12 volt . . . . . Each **$23.98**

ELECTRIC SIREN. Like above, but plugs into 110 volt AC outlet. Perfect for burglar or emergency alarm in home, garage, shop, etc.
10-3662B— . . . . . Each **$29.95**

EXTRA LOUD SIREN



High speed electric siren has an extra loud penetrating sound that is audible for long distance. Perfect for use on emergency vehicles, boats, etc. Can also be used as a burglar alarm. High RPM motor is sealed for trouble free service. Precision balanced rotor. With mounting bracket. Size: 8" long x 6" high x 5-1/4" wide.
10-3207W—6 Volt
10-3208U—12 Volt . . . . . Each **$22.39**

110 VOLT AC HIGH-SPEED SIREN
Same features as above, except works on 110 Volt AC. Perfect for use as a burglar or emergency alarm in home, garage, etc.
10-3209B— . . . . . Each **$23.98**

VACUUM WINDSHIELD WIPER MOTORS for 1935-56 Cars and Trucks

Perfect fitting replacements for original wiper motors. Have improved valving for more power, less stalling. Heavy duty construction for long life. Easy to install—with mounting instructions. For the following cars and trucks.
Important—state Make, Year and Model of Car or Truck, Body Style, whether open or closed, (and where two wipers are used—state Driver or Passenger Side) and Stock No.

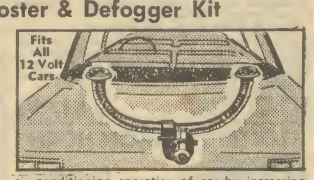
REAR WINDOW Defroster & Defogger Kit

Enjoy the convenience and safety of clear rear vision, regardless of weather. This compact, efficient kit clears rear windows fast—defrosts and defogs them quickly, efficiently. **State laws require clear vision to the rear.** High defrosting capacity—over 50 cu. feet of warm air per minute. Recessed adjustable louvers direct warm air where needed—do not interfere with rear vision.
Easily installed in trunk, out of sight, at the back of the rear seat. Does not interfere with spare tire or luggage space. Dash switch controls defroster operation. Improves heating and



air conditioning operation of car by increasing air circulation. Kit includes heavy duty motor, defroster hoses, adjustable louvers, switch, wiring, templates, and installation instructions. Fits all cars, (except station wagons, convertibles, and rear engine cars) with 12 volt ignition systems.
54-0834X— 1-Kit **$24.98**

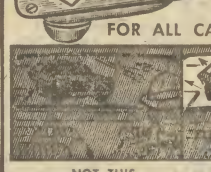
AUTO FAN

Front or Rear Mount

Defogs Windshield or Rear Window for Better Vision, Safer Driving

Powerful, yet quietly operating fan defogs in minutes—circulates air inside car or truck. Does away with fogged or steamed windows that could cause accidents. Keeps glass free of moisture. With universal mounting bracket for mounting on dash or rear deck shelf. Has variable height adjustment. On-off switch can be easily mounted under dash. With hardware, wire, and easy instructions. For all 12 volt systems.
10-3441A— ..... Each **$9.49**

HI-EFFICIENCY Rear Window DEFOGGER

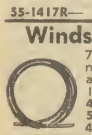


FOR ALL CARS and TRUCKS

NOT THIS — BUT THIS

Drive safely! Defogger clears entire rear window of fog, ice or snow . . . after initial warm-up of car interior. For summer and winter use. Powerful fan also improves circulation of heater and air conditioning. Fan, motor and attractive leather grained plastic covered housing fit flush in rear shelf. Easy to install. Under-dash switch and instructions.
10-3008Y — 6 Volt
10-3009W—12 Volt. Each **$19.98**

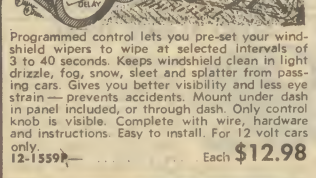
Windshield Wiper Hose



7/32" inside diam. Flexible rubber, noncollapsible, oil and heat resistant. Fits all cars and trucks from 1935 to date.
43-0206B—3 ft. length. Ea. **79c**
50-FT. LENGTH
43-0207P— ..... Each **$6.98**

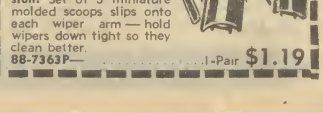
WINDSHIELD WASHER HOSE
Finest rubber. Will not kink, collapse or break. Heat and oil resistant. 7-1/2 foot lengths.
75-1260R—1/8" I.D.
75-1261X—5/32" I.D. ..... Each **$1.19**

WINDSHIELD WIPER DELAY CONTROL



Programmed control lets you pre-set your windshield wipers to wipe at selected intervals of 3 to 40 seconds. Keeps windshield clean in light drizzle, fog, snow, sleet and splatter from passing cars. Gives you better visibility and less eye strain — prevents accidents. Mount under dash in panel included, or through dash. Only control knob is visible. Complete with wire, hardware and instructions. Easy to install. For 12 volt cars only.
12-1559P— ..... Each **$12.98**

WIPER AIDS GIVE YOU A CLEARER WINDSHIELD



No more rain-blurred vision! Set of 3 miniature molded scoops slips onto each wiper arm — hold wipers down tight so they clean better.
88-7363P— 1-Pair **$1.19**

2-SPEED REAR WINDOW DEFROSTER & DEFOGGER for All Cars & Trucks

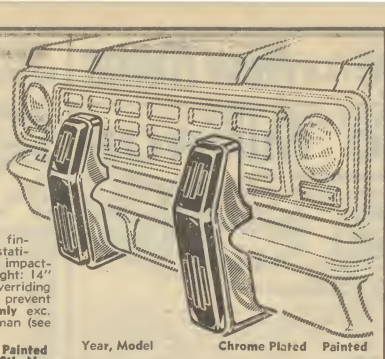
FLUSH MOUNT

Adjustable Flow

- **Adjustable air deflector permits mounting anywhere on rear shelf, for full width visibility.**
- **Powerful "squirrel cage" type blower—quieter, more efficient than conventional fan type.**

End dangerous rear-window fog-up . . . drive with full rear window vision all the time. 2-speeds, controlled from dash-mount control switch. High speed clears window fast . . . and quiet-running low speed keeps window clear. Ideal for year-round use—increases heater and air conditioner efficiency for greater rear seat comfort. Fits flush in rear shelf—does not block vision. Complete with 15-ft. power supply cord and dash-mount switch. Easily installed. Fits all 12 volt vehicles.
12-1419X— ..... Each **$29.98**

CUSTOM FIT RUBBER FACE BUMPER GUARDS for TRUCK and VAN



Bumper stock steel guards in choice of finishes: chrome plated or white electrostatically painted same as O.E.M. 3/4" thick impact-absorbing black rubber faces. Massive Custom Fit Rubber Faced BUMPER GUARDS

Only $22.95 PAIR

FOR ALL POPULAR 68-76 CARS

Check These Deluxe Features Which Make These Bumper Guards Superior:
- Heavy Bumper stock steel
- Glistening chrome plating
- Custom contoured to fit exactly
- 3/4" thick impact absorbing black rubber face
- Give protection over and under . . . prevents dents, and nicks.
- 3" to 4" higher—larger and heavier than other bumper guards.

PAY FOR THEMSELVES MANY TIMES OVER THESE 3 BIG WAYS
1. Save You Costly Front and Rear Repair Bills
2. Outlast The Lifetime of Your Car
3. Increase Your Car's Trade-In Value.

Give your car complete front and rear end protection. Car rental companies have found that these guards keep their cars looking better longer . . . and they get more for their cars when they trade them in! Guards project above and below bumper to prevent over-riding and under-riding. Thick impact-absorbing rubber face prevents metal-to-metal contact between bumpers when parking or backing up—extend 3" out in front of bumper so that they receive initial impact. Simple to install—clamp on in a jiffy—no drilling required, except one 7/16" hole to be drilled when installing guards on some Buick rear bumpers and Oldsmobile front and rear bumpers. Shpg. wt. per pair 11 lbs. **Note: When Ordering State Make, Year, Model, Front or Rear, If Bumper has Rubber Strip, and Stock Number.**

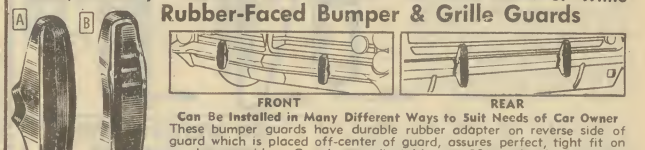
Protect, Beautify Front and Rear of Your Car with Black or White Rubber-Faced Bumper & Grille Guards



FRONT REAR

Can Be Installed in Many Different Ways to Suit Needs of Car Owner
These bumper guards have durable rubber adapter on reverse side of guard which is placed off-center of guard, assures perfect, tight fit on any bumper ridge. Guards are adjustable over 30° angle of arc, can be installed with forward or reverse tilt, with long or short end up, perpendicular to bumper, and even parallel with bumper.

Protect your car just like expensive import models do. Just install a pair or four of these chrome plated bumper and grille guards fitted with 1" thick white or black rubber cushions for maximum shock absorption.
Prevent over-riding, under-riding of bumper caused by difference in height of bumpers on standard American cars, compacts, imported cars. Give you protection in front of bumper to keep other cars away . . . protect grille, lights, trunk lid, and flush fenders.
Rubber-faced bumper guards are of chrome plated heavy gauge steel for extra strength. Complete with rubber adapter for perfect fit. 9 1/2" high, can be installed to suit your particular needs as described above—only one hole to drill. For the following cars, front and rear:

64-73 B'cuda	60-69 Corvair	62-63 Meteor
57-73 Buick	67-73 Cougar	64-73 Mustang
62-73 Buick Special	62-73 Dart	58-73 Olds.

Why Spend $50.00 to $100.00 RUST PROOF YOUR OWN CAR NOW

Do it yourself for **$10.95**

Protect your investment, increase resale value . . . and no need to spend big money doing it. Rust and corrosion-proof your own car. It's easy and economical with this complete kit. Prevents new cars from rusting and being eaten up by road chemicals. Stops rust and corrosion on older cars. Your car will look new longer and bring more money when you trade or sell. **Kit contains two different formulas, for complete protection of inside and outside car body areas: Formula "A"**—Three 14 oz. aerosol cans—"fogs" when sprayed through wand into inner cavities, thus covering all critical metal areas and seams. Includes 3 wands with spray heads and 10 body plugs for resealing access holes. **Formula "B"**—Two 15 oz. aerosol cans—is sprayed directly onto exterior metal portions of your car—forms a tough, abrasion-resistant coating after curing.

Both formulas actually penetrate metal surfaces to lock out rust and corrosion from water, salt, road tar, and air pollutants. Kit contains more than enough coating formula for even largest size passenger cars. **Protects entire car body—including all of these areas:**

- **Inside door cavities**
- **Front and center posts**
- **Rear post & quarter panel**
- **Rocker panel and rear fender quarter**
- **Headlight areas**
- **Trunk**
- **Under hood**
- **Wheel wells**
- **Underbody**

With step-by-step instructions.
10-4851P— 1-Kit **$10.95**

2 Gallon Container of Rustproofing/Undercoating for Spray Gun or Brush on Application.
10-5068P— 1-Container **$21.95**

BLACK OR WHITE VINYL SPLASH GUARDS

For Pick-Ups, Vans, Campers

Durable vinyl splash guards protect vehicle finish from road splash, gravel and tar kicked up by wheels. Ideal for vehicles hauling boats or trailers. Fit both front and rear fenders. Accommodate wide wheels and tires. Mounting screws included. Easy to install.

10-4226N—Black
17-8586A—White 1-Pair **$4.79**

Convenient Shopping from this Catalog

RUSTPROOF YOUR OWN CAR IN 2 HOURS AND SAVE $$$ Auto RUSTPROOFING KIT

DELUXE KIT—Includes:

- **2 qt. cans of rustproofing**
- **1 aerosol can of rust-proofing**
- **1 spray gun (for external application)**
- **One 17" wand (for internal application)**
- **1 extension for aerosol**
- **Twenty 3/8" cap plugs (for covering access holes)**
- **1 half pint can of solvent cleaner**
- **Step-by-step instruction booklet**

Rust cuts years off the life of your car—stop it **NOW!** Yes, protect your investment, increase resale value . . . just a few dollars and 2 hours of your time will do it! Rustproofing kit protects new cars from rust, stops rust and corrosion on older cars. Special rustproofing coats all critical metal areas—outer surfaces and inner cavities—to seal against corrosion from salt, water, road tar, and air pollutants. One kit contains more than enough material to rustproof even the largest passenger car. Following the included step-by-step instructions, you can rustproof all these areas of your car in about 2 hours: doors, pillars, under hood, headlight area, trunk, wheel wells, rockers, fender beads, behind rear fender and trim.

10-4983A— 1-Kit **$17.95**

Each Pair Contains 3 MILES of 4-PLY NYLON For Strength! Heavy Duty Splash Guards For All Trucks, Trailers

Specially formulated rubber impregnated with 4-ply nylon withstands any weather—from 50° below zero to +175°. Guards will neither soften or harden. Mount easily through extra heavy molded pre-punched holes—so strong that **No Brackets are Needed.**

EPOXY PAINT for FIBERGLASS, METAL or WOOD

First epoxy-acrylic in marine finish formula . . . best for automotive finishes because of its extra strength, gloss retention. Adheres to almost any surface: fiberglass, wood, metal, masonry.

- Retains color—non-chalking, non-yellowing
- Retains gloss—dries faster and tougher
- Flexible—resists abrasions, impacts, and heat

Quart covers approximately 100 sq. ft. Quart consists of one pint paint, one pint of hardener, which are mixed equally when used.

Now...SUPER FLAKE

A Real METAL FLAKE Job In Spray Cans It's Easier . . . and Saves You $$$$$!

All-new, superior metal flaking process lets anyone do a professional 3-step flake job for a fraction of the usual cost! **Super Flake** is not an iridescent . . . but real epoxy coated aluminum flakes blended with shimmering Diamond Dust to produce a deep sparkling 3-dimensional metal flake finish. It's easy as **1-2-3!** First spray on the base coat . . . then the metal flakes. Finish off with the clear protective top coat. Base color and giant metal flakes reflect through the clear, deep top coat. Kit includes everything you need to do a complete flake job: 3-13 oz. aerosol cans—base color, matching color metal flakes, clear top coat, and sandpaper. Use on cars, motorcycles, bicycles, helmets, models . . . any interior or exterior. Use on metal, fiberglass or wood.

MINI PICKUP TRUCK SIDE MOULDING KIT

ORIGINAL EQPT. STYLING

Extra Deep!

Wood grained mouldings of high-impact ABS plastic give your mini pickup factory-type luxury styling and protection at low cost. Protective bonded acrylic surface coat makes mouldings easy to keep clean and new looking. Resists weathering, abrasion, road salt, gas, oil, cleaning solvent. Factory type installation: original equipment-type fasteners included. Drilling required. Shipped from California. Shpg. wt. 6 lbs. For the following mini pickup trucks:

99-7199NF—Chevrolet LUV 72-76 . . . 1-Kit
99-7198XF—Datsun pickup 73-76
99-7197RF—Ford Courier 72-76 . . . **$39.95**

BODY and ROCKER PANEL RUST PREVENTATIVE

Rustproofs inside where rust begins. Special rustproofing oil compound protects bare metal surfaces, silences body squeaks, lubricates door and window mechanisms. Exclusive nozzle for accurate applications inside blind holes. Apply through water drain holes. 15-oz. aerosol can.
17-8010B— 1-Can $2.98
GALLON CAN for Spray or Brush-on.
17-8011P— 1-Can $11.49

Spray-On Undercoating & Sound Deadener

Spray undercoating is a rust and salt corrosion preventative, plus a sound deadener.
- **Sound deadens and undercoats fenders, quarter panels, mufflers, etc.**
- **Covers weld, joints, dust holes.**

Dries in 15 or 20 minutes. Covers water leaks and cracks in hard-to-reach places. 22 oz. aerosol can. (Approx. 3 cans needed to fully protect average car.)
17-7507Y— 1-Can **$1.89**
RUBBER-LIKE UNDERCOATING — Approx. 4 cans needed to protect average car. 16-oz. Spray.
17-3322W— 1-Can $1.69

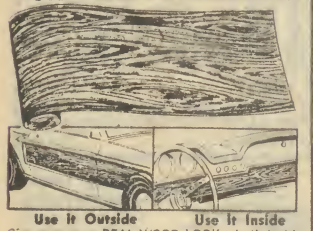
SPRAY UNDERCOATING with SPRAY GUN ATTACHMENT

Protect underbody from rust, corrosion, stone damage. Easy to apply—dries in only 30 minutes. Will not harm rubber bushings or brake lines. One can does largest car.

DO IT YOURSELF AND SAVE!

GIVE YOUR CAR LASTING PROTECTION! Complete kit includes 32 oz. aerosol can of undercoating and pistol grip spray gun attachment for easy, even application. **NOTE:** Moving or rotating parts should be masked before spraying.
88-6988N— **$10.98**
1-Kit

WOOD GRAIN CUSTOMIZING KIT



Use It Outside **Use It Inside**

Give your car a REAL WOOD LOOK—both inside and out! Authentic-looking wood grains imprinted on heavy-weight vinyl . . . permanent weatherproof, long lasting! Easy-to-do—comes with sticky-back pattern paper to cut a perfect fitting pattern. Has adhesive back for easy installation

8" Wide x 8' Long Wood Grain Kit.
13-1714Y— . . . . . Per 1-Kit **$4.99**
12" Wide x 8' Long Wood Grain Kit.
13-1715N— . . . . . Per 1-Kit **$5.99**
18" Wide x 8' Long Wood Grain Kit.
13-1716T— . . . . . Per 1-Kit **$6.99**

PUSH-ON ROCKER PANEL SETS

It's so easy! No need to remove old panel. Simply remove the scuff plates, then . . . just fit the new panel over the old worn panel—Presto! Car looks like new again. Easily installed without special tools—no welding, brazing or cutting.

These custom fit push-on rocker panels are precision formed of heavy gauge steel and cover entire length of old rocker panel. Paint to match and the job is done. Restores the appearance and trade-in value of your car. **Sold in pairs for both sides. Custom tailored for cars below.**

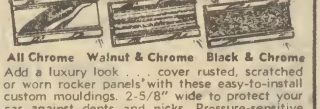
SIDE SKIRT MOULDING KIT to fit All Cars with Rocker Panels up to 6 ft. Long

Scuff-proof, flexible plastic moulding with chrome top bead won't tarnish or deteriorate . . . looks great and helps protect your car from scratches.

Self-adhesive backing holds permanently. Black flexible moulding conforms to rocker panel contours . . . protects from scrapes, scratches, nicks. Set includes two 6-ft. lengths of moulding, cutter and instructions.
88-6231P— 1-Set **$23.98**

SELF-ADHESIVE VINYL ROCKER PANEL MOULDING

Choice of 3 Styles

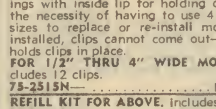


All Chrome **Walnut & Chrome** **Black & Chrome**

Add a luxury look . . . cover rusted, scratched or worn rocker panels with these easy-to-install custom mouldings. 2-5/8" wide to protect your car against dents and nicks. Pressure-sensitive adhesive backing installs in minutes—no drilling. Unaffected by weather and chemicals—won't come loose. Choice of 3 permanent colors, all with chrome borders.

82-0859P—Black Center
82-0860Y—Walnut Center
82-0861W—Chrome Center
Each . . . 15 ft. roll **$21.98**

MOULDING CLIPS

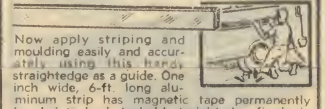


for All 1/2" to 4" Wide Mouldings

Use these clips for side and rocker panel mouldings with inside lip for holding clips. Eliminate the necessity of having to use 4 or 5 different sizes to replace or re-install mouldings. Once installed, clips cannot come out—spring action holds clips in place.
FOR 1/2" THRU 4" WIDE MOULDINGS. Includes 12 clips.
75-2515N— 1-Kit **$3.79**
REFILL KIT FOR ABOVE, includes 24 clips.
75-2516T— 1-Kit $5.49

Apply body trim quickly, accurately with

MAGNETIC STRAIGHTEDGE



Now apply striping and moulding easily and accurately using this handy straightedge as a guide. One inch wide, 6-ft. long aluminum strip has magnetic tape permanently bonded to back to hold straightedge firmly in desired position.
19-8247Y— Each **$17.98**

FENDER WELL MOULDING for All American & Imported Cars

17-9585B—34-ft. kit 1-Kit **26.98**

- **Self-adhesive backing for easy, permanent installation**
- **Choose 20-ft. kit (two 10-ft. lengths) or 34-ft. kit (two 17-ft. lengths)**
- **Choice of 3 styles**

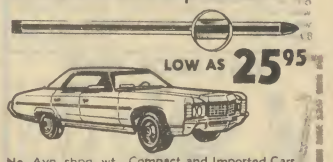
New, wider vinyl mouldings give a custom look, protect against scratches. Permanent—adhesive backing is not affected by weather or road chemicals. 20-ft. kits consist of two 10-ft. lengths . . . are designed for imported cars and compact and sub-compact American cars. 34-ft.

CUSTOM-FIT CLIP-ON MOULDING KITS

Stainless steel with vinyl center . . . for American annd Imported Cars

- **Sparkling 7/16" wide moulding—protects and beautifies your car**
- **Not a stick-on moulding—attaches securely with spring-type clips**
- **Available for all cars—even those not originally equipped with moulding**

All Kits are custom-designed and do not duplicate original factory-installed moulding. Black vinyl strip is rolled into stainless steel moulding in a special factory process . . . will not separate, even if sideswiped. Will not dent or mar, protects both your car's finish and moulding. Complete Kit—includes mouldings for both sides of car, all mounting clips, and instructions. **State Make, Year, Model, Number of doors and Stock**



LOW AS **25.95**

No. Avg. shpg. wt., Compact and Imported Cars, 4 lbs.; full size cars, 5 lbs. **NOTE:** Some kits are not mailable.

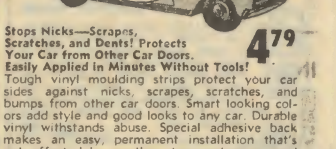
KIT A—20-ft. length for compact American or

FLEXIBLE VINYL PROTECTIVE MOULDING

LOW AS **4.79**



Stops Nicks—Scrapes, Scratches, and Dents! Protects Your Car from Other Car Doors. Easily Applied in Minutes Without Tools!

Tough vinyl moulding strips protect your car sides against nicks, scrapes, scratches, and bumps from other car doors. Smart looking colors add style and good looks to any car. Durable vinyl withstands abuse. Special adhesive back makes an easy, permanent installation that's not affected by weather, temperature or road chemicals. Follows shape and contour of any car. Available in 2 lengths to fit every car.
Kit A. 20-ft. length. For compact American or

Quality Merchandise at Low Prices

Enameled Venetian Blinds

FOR ALL CARS

Reflect sun rays and heat back out of the car. Specially designed polished aluminum bracket positions each slat at different angle, giving driver full rear vision. Venetian blinds have eleven "S" shaped plastic slats. Neutral color enameled slats harmonize with all interiors. Easily installed—new attaching method eliminates drilling and screws. 56" wide. Adjusts to fit rear windows up to 20" high.
16-0092R— . . . . . Each **$12.98**

NO DRAFT VENT

Fits 72-76 Comet, Maverick, Pinto and Vega

- **Contoured, tinted safety glass**
- **Mounts on door**

Add what Detroit left off! Sport vent acts as a side-window air deflector/ventilating system to control air flow inside car when windows are open. Deflects wind, bugs, cigarettes at both low and high speeds. Lets you lower windows in all weather and keep out unwanted breezes from both front and rear seat areas. Contoured, tinted safety glass; heavy chrome plated, die cast frame. Installation requires some drilling.
10-4881X—
1-pair . . **$25.98**

AIRFOIL DEFLECTORS

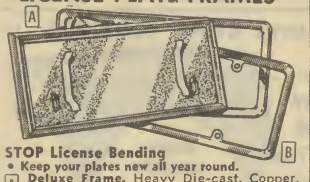
Stop Wind Roar and Drafts in Late Model Cars!

Put back what Detroit left off — and enjoy a quieter, smoother ride. Easy-to-attach deflectors for cars without vent windows, reduce wind resistance and roar with windows open or closed. 18" x 2-1/4" silver anodized aluminum deflectors fit all 69-76 hardtops and sedans without wing vent windows and 73-76 station wagons without door window frames.
82-0818W— 1-Pair **$5.98**

LICENSE FRAMES

Protect license from bending
Chrome die cast
State Stk. No. and motto.
Each. . **$1.69**

LICENSE PLATE FRAMES



STOP License Bending
- **Keep your plates new all year round.**

A **Deluxe Frame.** Heavy Die-cast. Copper, nickle and chrome plated. Full size steel backplate with plastic front lens. Anti-rattle springs. Fits recessed plate brackets.
12-1669X— . . . . . Each **$3.89**
B **Economy Frame.** Chrome plated die-cast.
12-1670N—

STAINLESS STEEL TAPE FOR REPAIRS AND CUSTOMIZING

160,000 lbs. per sq. inch tensile strength. So strong and indestructible, this tape can do repair jobs that **last forever!** Can't corrode, because it's pure **stainless steel.** Acrylic adhesive **actually grows stronger with age!** Waterproof and grease resistant. Withstands temperature from —30° to +250° F.! Accepts paint and patching compounds. Or use as is for bright trim that stays shiny and sparkling forever, as only stainless steel can!
2 inch x 10 ft. roll.
12-2339W— . . . . . Each $2.59
2-inch x 20 ft. roll.
15-3820A— . . . . . Each $4.95

HERE ARE JUST A FEW USES FOR THIS MIRACLE TAPE . . . YOU'LL THINK OF MANY MORE!
- **Repair rusted, corroded car bodies and trim**
- **Add as custom trim on cars, trucks, motorcycles**
- **Seal mufflers and pipes**
- **Seal heating & air conditioning ducts**
- **Repair eaves, gutters, storm-doors**
- **THOUSANDS OF OTHER USES!**

Keeps Your Windshield Clear for Safer Driving

DEFLECTOR SHIELD

Deflects Bugs, Gravel, Dirt, Dust, Snow, Slush, Salt, Grime Over the Top of Your Car or Truck!

- **Sparkling-clear 1/8" Plexiglas shield is strong, durable, practically invisible**
- **Custom made for each car or truck**
- **Solid, quiet, secure fit**
- **Quickly and easily installed**

Beautifully designed shield keeps windshield clear for perfect vision. Protects windshield and hood from damage. With rust proof, polished aluminum bolts and screws. NOTE: Not recommended for use on convertibles or cars equipped with hood scoops. For the following cars or trucks:

Custom Fit Stainless Steel Door Visors

Let you keep windows partially open to:
- **Allow fresh air to enter car for greater driving comfort, while keeping out rain, snow, sleet and sun glare**
- **Prevent window fogging**
- **Increase air conditioning efficiency**

These stylish, custom door visors are made of stainless steel so they'll never rust or corrode. Easy to install. **Note:** These door visors are custom fit for vehicles with framed door windows. Visors listed for specific vehicles will **NOT** fit other makes and models. Do **NOT** order visors for hardtop models (exc. 63-64 Dodge Dart 2-dr.), or if your vehicle is not listed as they will not fit.

4-PIECE SET FOR 4-DOOR SEDANS, STATION WAGONS AND TRUCKS

Set consists of four custom-fit visors. Fit front and rear doors of 4-door Sedans, Station Wagons and trucks.

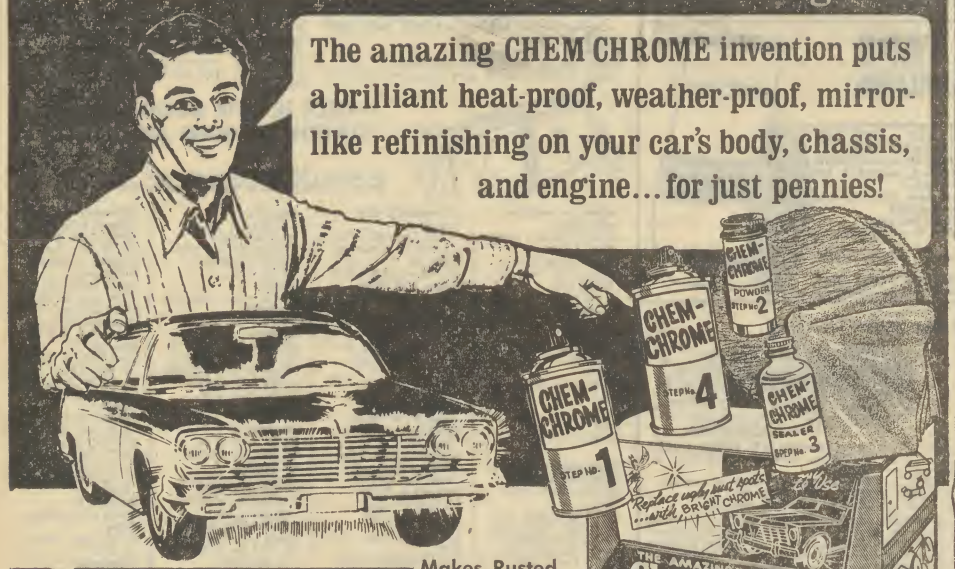
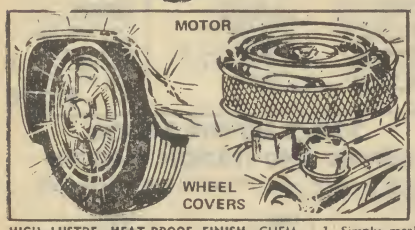
Now Make Your Car GLITTER and GLEAM Again!



The amazing CHEM CHROME invention puts a brilliant heat-proof, weather-proof, mirror-like refinishing on your car's body, chassis, and engine... for just pennies!



Makes Rusted, Pitted, Worn Bumpers & Guards, Grillework, Wheel Covers, Body Trim— All Your Chrome—SHINE BRIGHT AGAIN!

DO IT YOURSELF FOR PENNIES

Save $$$! The days of high-priced re-chroming are over! With this amazing invention, you, yourself, can put a brilliant CHEM-CHROME reflective surface anywhere—put a bright, shiny look every place where there is rust—take out blisters and make rusted, pitted, worn out auto parts SHINE BRIGHT AGAIN! Sparkle up any part of your car—make unsightly trim or ugly grillework glitter again.

HIGH LUSTRE, HEAT-PROOF FINISH. CHEM-CHROME produces a durable, high-luster, heat-proof finish that has all the handsome reflective qualities of genuine chrome electroplating. **EASY TO DO—AT HOME.** Most bumpers, grillework and body trim are made of steel—on top of the steel is a layer of nickel or chromium. The trick is to make that top layer gleam again. This you can do with CHEM-CHROME, right in your own garage—out in the street—in your own backyard. Just 3 simple steps:

1. Simply mask off area around object to be CHEM-CHROMED. (No masking required for things like hooks, handles, etc. which can be easily removed.)
2. Spray base coat included, then cover area with amazing CHEM-CHROME formula. New surface will blend right in with undamaged metal.
3. Spray area with final finishing liquid. It's as simple as that—just 1-2-3!

HAS MANY APPLICATIONS. In addition to auto parts, you can CHEM-CHROME refinish plumbing parts, toasters, washing machines, appliances, tableware, tools, cutlery—the list is endless. Save money putting a mirror-like surface on metal frames, outdoor grilles, door knobs, locks, office machines — practically anything.

COMPLETE KIT—Comes with all sprays, powders and solutions, with complete easy-to-follow, step-by-step, illustrated instructions.

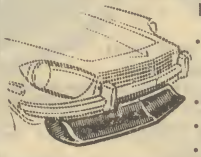
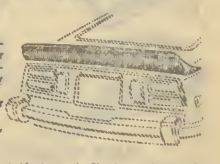
Custom Fit Hand Laminated Fiberglass

FRONT and REAR SPOILERS

IMPROVE PERFORMANCE ADD CUSTOM STYLING



- **Aerodynamically designed to improve traction and stability for safer handling and maximum performance on the street, highway or strip**
- **Cut wind resistance—get better gas mileage**
- **Hi-strength fiberglass with smooth, hand laminated finish**
- **Easy bolt-on installation**



Aerodynamically designed spoilers exert an effective down force to increase traction and stability—keep small cars stable in crosswinds. Improved air flow improves performance and saves on gas.
Constructed of **hi-strength, hand laminated** fiberglass with a smooth, high gloss black finish.

May be painted if desired. Sleek, racing style front spoilers are available in non-duct style, or with air ducts for maximum cooling of front brakes. Complete with hardware and instructions. **Custom fit the following cars. State Make, Year, Model, and Stock Number.**

CHROME GRILLE CROWNS

Get That Custom Luxury Car Look!

- **A custom look for your grille that out-classes the Rolls or Mark IV!**
- **Custom fit for your car—screws on easily! Custom instructions included!**
- **Increase your car's resale value**
- **Heavy gauge steel, triple chrome plated to a brilliant sheen!**

Even if you can't afford a Rolls or a Lincoln Mark IV, you can own a car with a grille that looks every bit as prestigious. These easy to install, **custom fit** crowns require no cutting or welding, and are complete with hardware and instructions. **When ordering State Year, Make, and Model.**

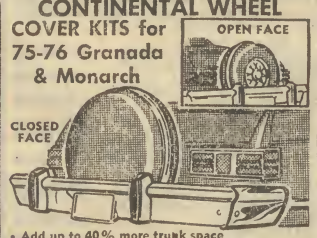
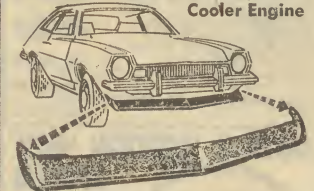
CONTINENTAL WHEEL COVER KITS for 75-76 Granada & Monarch



- **Add up to 40% more trunk space**
- **Retain 5 mph impact requirement**
- **Heavy gauge steel construction**

Add class to your car while increasing trunk storage area up to 40%! Cover kits come in choice of closed face, or open face for displaying wire or mag wheels. Ready-to-prime-and-paint heavy gauge steel with rust-resistant coating. Stainless steel trim ring has provision for lock (lock not included). Bumper hydraulic cylinder extensions (included) keep 5 mph safety bumpers fully operational. Kit comes complete with all brackets and hardware, provision for filling gas tank. Double chrome plated bumper extensions, and instructions. Bolt-on Installation; minor drilling required. Fits 75-76 Ford Granada and Mercury Monarch. Shpg. wt. 50 lbs.
99-7301X—Closed face cover
99-7302N—Open face cover 1-Kit **$219.95**
Note: Shipped from California.

Custom Fit FRONT SPOILER for Greater Driving Stability and Cooler Engine



Fits Popular American Compacts
- **Quick, easy bolt-on!**
- **Includes hardware!**

Not only adds to appearance—it's functional! Aerodynamic design keeps front end down at high speeds, gives greater control. Deflects air through radiator for cooler running engine. Black finished, tough hi-impact plastic needs NO finishing, but may be painted if desired. With hardware and instructions. Custom fits 67-73 Camaro; 68-73 Chevy II; 70-73 Comet & Maverick; 67-70 Mustang; 68-72 Nova; 70-73 Pinto; 70-71 Torino; 70-73 Vega. **State Make, Year, Model of car and Stk. No.**
55-1651T— . . . . . Each **$23.98**

TWO-PIECE REAR DECK SPOILER

The aerodynamic design of this rear deck air foil deflects air upward and pushes body downward for maximum street or strip performance Special, horizontal 2-piece construction of hand laminated light weight fiberglass, reinforced to retain shape. (See index under "Fiberglass Kits" for quick, easy bonding of these 2 pieces). Primed, ready to paint. With hardware and instructions.
For Cars with deck lids 50" wide or less. (Airfoil size: 52" long x 8" wide x 3-1/2" high).
19-6635W— Each **$47.98**
For Car with deck lids wider than 50". (Airfoil size: 60" long x 8" wide x 3-1/2" high).
19-6636U— Each **$51.98**

TAMPER PROOF

ELECTRIC HOOD LOCK

- **Hidden push-button switch releases hood only with IGNITION KEY**

"ON" . . . no other keys needed!
- **Foolproof protection for expensive engine parts and accessories.**
- **Fits all American cars.**

This electric hood lock really foils thieves, because it ties-in with your car's ignition system. Hood cannot be opened unless ignition key is turned to "on" or "accessory" position. Then pushbutton switch, hidden in grille, must be pushed before hood can be opened with regular latch release. Lock complete with switch, solenoid, all hardware, and instructions. Easy to install. Fits all 12 volt cars and trucks.
75-2520N— 1-Kit **$8.49**

Custom TRUNK LIDS

Add luxury continental styling to your car! Apply fiberglass trunk lid "skin" directly over existing stock lid (no need to replace original). Covers lid completely. Gray gelcoat finish requires only light sanding before painting. Complete with special adhesive, all necessary bolts, and easy step-by-step instructions. **Shipped from Illinois.**

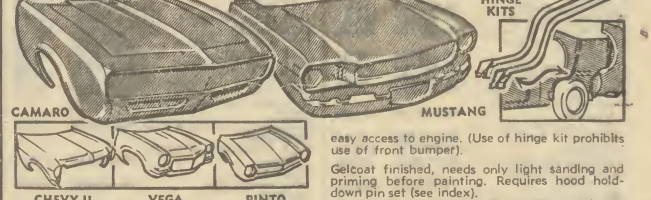
One-Piece FIBERGLASS FRONT ENDS

for Camaro, Chevy II, Mustang, Pinto & Vega



LIGHTWEIGHT for Increased Performance . . . RUGGED to Absorb Drag Strip Stress and Strain! Solid one-piece fiberglass front ends weigh less than stock, improve strip or street performance. Carefully designed to align perfectly with stock body. Headlight and grille areas may be cut out and made functional if desired for street use. Original chrome accessories may also be used. Included hinge kit accessories may also be used. Included hinge kit with mounting arms and brackets allows entire front end to be raised for easy access to engine. (Use of hinge kit prohibits use of front bumper).

Gelcoat finished, needs only light sanding and priming before painting. Requires hood hold-down pin set (see index).

HOOD & IGNITION LOCK SYSTEM FOR ALL CARS

Here is a foolproof system against the car thief. It locks both the hoods and ignition system for double-barreled protection.

LOCKS HOOD POSITIVELY—It takes a cutting torch to get at the locking mechanism—a chain cutter to cut through the cable. And still hood will not release!!!
SHORTS OUT IGNITION SYSTEM. Stays shorted out even if wires are cut. Absolutely cannot be "hot wired"!
EASY TO LOCK—Simple push-button engages a fool proof lock system. Unlocks with keys supplied. Thousands of key combinations prevent thieves from unlocking this system.
EASY TO INSTALL—Anyone can install this system with just a small drill and a screwdriver. All mounting hardware is included. **There is nothing else like this lock system on the market at any price! Order now!!**
75-2962R Each **$14.50**

DASH HOOD LOCK

INSIDE CONTROL

LINED and UNLINED NYLON RACING TEAM JACKETS

OFFICIAL STYLING — BEAUTIFUL COLOR with Colorful Custom Emblems

EXCLUSIVE TAILORED FEATURES

You get more for your money these 5 big ways:

1. **Spun polyester nylon is colorfast, resistant to oil and grease stains.**
2. **Extra durable jacket features look-tight stitching with 38% more stitching per inch.**
3. **All stress points (pockets, underarms, etc.) are bar tacked for extra strength.**
4. **Fitted with color coordinated Talon nylon zipper—snag-proof, rustfree, washable.**
5. **Reinforced mandarin collar insures smooth fit, long wear, freedom from wrinkles.**

Durable oxford textured nylon jackets come in attractive colors with smart-looking racing stripe trim, featuring official custom styled embroidered emblems on front. Jackets have full zipper front, mandarin collar, drawstring closing at waist, and two pockets—large front "Over-Flap" type pocket and sleeve pocket — plus windbreaker styled sleeves. Long wearing nylon fabric is completely washable, water- and wind-resistant. Available in following car names and colors:

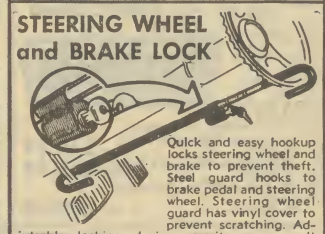
STEERING WHEEL PULLER

Also removes gears, pulleys, flanges, or any part with tapped holes. For all American cars except Rambler. Pulls steering wheel without damage to shaft threads. Main frame 3-3/4" long, tapped 1/2"-13, screw is 4-3/4" long and hardened for long use. With 3 pairs of cap screws, sizes 5/16"-18, 5/16"-24, and 3/8"-16. All are 3-1/2" long.
88-7029X— Each **$2.98**

STEERING WHEEL and BRAKE LOCK

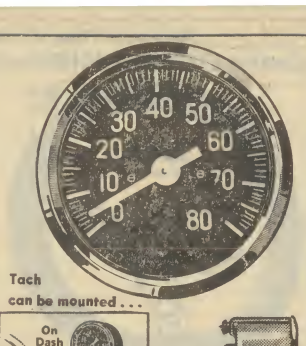


Quick and easy hookup locks steering wheel and brake to prevent theft. Steel guard hooks to brake pedal and steering wheel. Steering wheel guard has vinyl cover to prevent scratching. Adjutsable locking device permits use on all vehicles. Built in lock, 2 keys. Stores under seat.
88-7170R— ..... Each **$6.98**

GENUINE LAMB'S WOOL STEERING WHEEL COVER

Laces On For All American & Imported Cars. Deep-piled lamb's wool provides a positive grip, lessens vibration and fatigue, and absorbs moisture. Allows a safer, more comfortable grip in all weather. Eliminates the need for driving gloves. Lace on to wheel.
88-7152X—Fits 15" to 16" outer diam. wheel
88-7153N—Fits 16-1/2" to 18" outer diam. wheel
Above Numbers ..... Each **$10.98**

ILLUMINATED 250° Extra-Wide Sweep Dial 1-pc. TRANSISTORIZED TACHOMETER for ALL CARS and TRUCKS with 12 Volt System

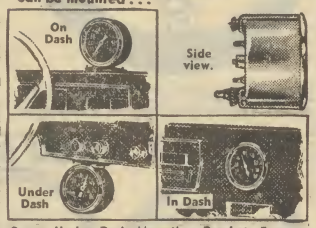


- **Manufactured by one of the world's leading instrument manufacturers.**
- **Compact 1-pc. Design.** Factory calibrated gauge and transmitter are combined into one easy-to-install unit. Eliminates installation and wiring of separate transmitter.
- **Extra-wide 250° Full Sweep Linear Scale Dial.** Reads from 0 to 8,000 RPM. 100 RPM graduations are evenly spaced over entire scale for fast, accurate, at-a-glance reading.
- **Highest Quality Silicon Transistors.** Not affected by temperature variations.
- **Exceptionally Fine Meter.** Withstands strong vibrations—does away with flutter and bounce to give extremely accurate readings.
- **Easy to Install.** Only simple wiring required after installation in, on or under dash.

Tach has black face with easy-to-read, large white numerals and pointer, fully illuminated for night driving. Sealed housing with chromed front bezel. 3-1/8" diameter face, 2" deep from back of bezel to back of case. With in dash mounting bracket. Also can be mounted on or under dash with special mounting bracket listed below. Easy to follow instructions included. For all 4, 6, or 8 cyl. cars and trucks with 12 volt negative ground system.

89-3967A—8 cyl.
89-3968R—6 cyl.
88-5765Y—4 cyl. . . . . Each **$29.98**

Tach can be mounted . . .



On or Under Dash Mounting Bracket. For use with above tach.
89-3969X— . . . . . Each **$1.99**

CUSTOM TACH HOUSING FOR ABOVE TACH

Now . . . give your tach that "custom" look! Special housing lets you mount tach on or below dash, or on console. Has swivel adjustment for proper positioning and maximum visibility—can be locked in position. Sturdy steel construction with attractive-looking black wrinkle finish. Easy to install.
88-3883A— . . . . . Each **$7.19**

ILLUMINATED TACHOMETERS 90° or 270° Sweep Dial

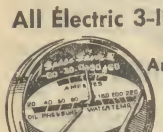
0-8000 RPM tachometers feature extremely accurate D'Arsonval movement and fully transistorized, solid state circuitry. Shift indicators and 0 adjustment. 2" illuminated faces; sturdy black plastic housings. For all 4, 6, and 8 cylinder, 6 or 12 volt, positive or negative ground vehicles. Complete with mounting hardware and instructions.

A **17-9670B**—Tach with 90° sweep. . . . . Each **$21.50**
B **17-9671P**—Tach with 270° sweep. . . . . Each **27.50**

MAGNETIC TACHOMETER and SPEEDOMETER

Tachometer indicates 0-9,000 RPM—speedometer records up to 160 MPH. With indirect lighting windows, panel mounting brackets. Use with standard tach and speedometer cables; both units have standard .104 sq. drive 5/8"-18 in. internal thread. 3" diam. face.
43-01128—9,000 RPM Tach. . Each **$39.50**
16-0013N—160 MPH Speedometer . . . . . Each **$27.50**

All Electric 3-IN-1 GAUGE

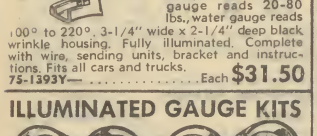


Oil Pressure & Ammeter & Water Temperature

MOUNTS ON OR UNDER DASH, OR ON STEERING COLUMN.
- **Fast, true readings.** Easy to read numerals and pointers on contrasting background. Ammeter reads —60 to +60, oil pressure gauge reads 20-80 lbs., water gauge reads 100° to 220°. 3-1/4" wide x 2-1/4" deep black wrinkle housing. Fully illuminated. Complete with wire, sending units, bracket and instructions. Fits all cars and trucks.

75-1393Y— . . . . . Each **$31.50**

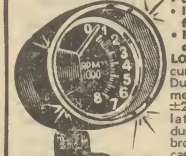
ILLUMINATED GAUGE KITS



1-5/8" diam. gauges have black faces with white numerals and red indicators. Vacuum gauge's dial is color coded. Black housings can be adjusted to desired angle; mount on dash or center console. Instructions included.

A **Ammeter.** Reads —60 to +60.
88-7381B— . . . . . Each $5.98
B **Oil Pressure.** Reads 0-80 lbs. With installation kit.
88-7382P— . . . . . Each $8.39
C **Vacuum.** Reads 0-30 in. With installation kit.
88-7384W— . . . . . Each $8.39
D **Water Temperature.** Reads 100°-220°F. With installation kit.
88-7383Y— . . . . . Each $9.59

SIDEWINDER TACHOMETER



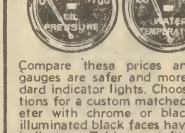
- **0-8000 RPM**
- **Illuminated 2-3/4" face**
- **For all 4, 6 & 8 cyl. cars and trucks**

LOW PRICE for this accurate solid state tach! Dual-jeweled D'Arsonval meter accurate within ±2%. Zener diode regulated. Sealed against dust and moisture. Unbreakable black cycolac case. Deep-set non-glare dial for better visibility.

Complete with all mounting hardware and easy instructions. For 12 volt negative ground systems.
83-0512U—8 cylinder
83-0513B—6 cylinder
83-0514P—4 cylinder . . . . . Each **$14.29**

ILLUMINATED GAUGES Choice of Chrome or Black Bezel

LOW AS **2.59**



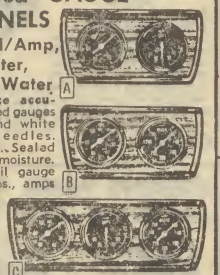
Compare these prices anywhere! Dependable gauges are safer and more accurate than standard indicator lights. Choose your own combinations for a custom matched look! 2-1/16" diameter with chrome or black bezels. Non-glare, illuminated black faces have white numerals, red indicators. Tubing and fittings included. Order mounting panels below.

OIL PRESSURE GAUGE—Mechanical 0-80 lbs.
88-6912N—Chrome bezel.
88-7432T—Black bezel. . . . . Each **$4.79**
WATER TEMPERATURE GAUGE—Mechanical 100°-220° Fahrenheit.
88-6913T—Chrome bezel.
88-7433A—Black bezel. . . . . Each **$7.19**
AMMETER—Reads —30 to +30 Amps.
88-6910R—Chrome bezel.
88-7430X—Black bezel. . . . . Each **$2.59**
AMMETER—Reads —60 to +60 Amps.
88-6911X—Chrome bezel.
88-7431N—Black bezel. . . . . Each **$2.59**

MOUNTING PANEL

Fits 2-1/16" gauges above. Polished chrome. See index for other mounting panels.
43-0325P— . . . . . Each $1.69

Illuminated GAUGE PANELS

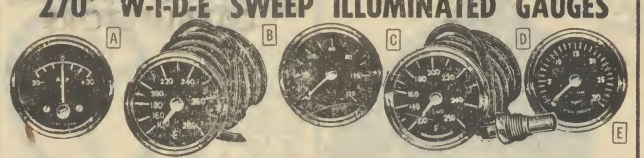


Choices: Oil/Amp, Oil and Water, Oil, Amp & Water

HI-Performance accuracy. Illuminated gauges with black and white faces, red needles. 2-1/16" diam. Sealed against dust, moisture. 270° sweep oil gauge reads 0-100 lbs., amps read 60-30-0-30-60, 270° water gauge reads 100°-250° F. Black wrinkle finished panels with teak inlays. With fittings, instructions.

A **Oil and Amp Gauges & Panel.**
13-1723A— 1-Kit **$13.19**
B **Oil and Water Gauges & Panel.**
13-1724R— 1-Kit **$18.98**
C **Oil, Amp and Water Gauges & Panel.**
13-1725W— 1-Kit **$23.98**

CUSTOM DELUXE MATCHED 270° W-I-D-E SWEEP ILLUMINATED GAUGES



Fast-reading 270° wide-sweep scale with evenly divided graduations and center dial indicator needle (except ammeter). 2" diameter gauges have black face dial with white numerals, markings and pointer. Zinc plated housing with convex glass and chrome bezel.

Light mounted inside case provides soft non-glare illumination. Easily mounted in dash (requires cutting 2" hole for each gauge) or can be mounted under dash by using gauge mounting bracket—see Index. All gauges complete with necessary fittings, tubing, and instructions.

A **AMMETER.** Reads —30 to +30 amperes. Needle dampened to eliminate flutter for extremely accurate reading.
88-0005U— . . . . . Each **$10.98**

B **OIL TEMPERATURE GAUGE KIT.** Mechanical operating. Indicates 100° to 280°F. Works off oil pan . . . no connections to block. Threaded oil pan adapter (requires soldering to pan).
88-0010U—For front engined cars and trucks . . . . . Each **$24.98**

C **OIL PRESSURE GAUGE KIT.** Mechanical operation. Indicates 0-120 lbs.
88-0009W— . . . . . Each **$19.98**

D **WATER TEMPERATURE GAUGE.** Mechanical gauge indicates 100° to 250°F. With cylinder head adapter (radiator hose adapter also available—see below).
88-0006B—For engines in front. Ea. **$28.98**

TOP RADIATOR HOSE ADAPTER for use with above water temperature gauges.
88-0008Y— . . . . . Each **$4.39**

E **VACUUM GAUGE KIT.** Indicates 0" to 30" of engine manifold vacuum. Also useful as driving gauge and for tune-ups.
88-0012P— . . . . . Each **$19.98**

STEWART-WARNER AUTOMOTIVE GAUGES WITH CHOICE OF CHROME OR BLACK BEZEL

Heavy duty precision gauges have jeweled mechanisms and indirect lighting slots. 2-1/16" dia. cases with chromed or black, step cut bezels. Black face with white markings. Front marking. All electric gauges except ammeter and alternator require sending units or floats below.

ELECTRIC GAUGES
With CHROME BEZEL—6 and 12 Volt

AMMETERS
16-0012X—reads —30 to +30 amps . Ea. **$10.49**
43-0108P—reads —60 to +60 amps . Ea. **11.98**
AMMETER with direct lighting.
10-0125T—reads —60 to +60 amps . Ea. **10.49**
OIL PRESSURE GAUGE. Registers 0 to 80 lbs.
74-1991P—6 volt . . . . . Each **18.98**
74-1992Y—12 volt . . . . . Each **17.95**
OIL TEMPERATURE GAUGES
74-1994U—100° to 270°, 12 volt . Each **16.39**
74-5537X—100° to 325°, 12 volt . Each **16.39**
WATER TEMPERATURE GAGE
74-1996R—100° to 240°, 12 volt . Each **16.39**
FUEL LEVEL GAGE. Registers E-1/2-F
74-1997X—6 volt . . . . . Each **18.98**
74-1998N—12 volt . . . . . Each **17.95**

MECHANICAL GAUGES WITH CHROME BEZEL

Same as above, except mechanically operated.
OIL PRESSURE GAUGE. 0-100 lbs. pressure
43-0117A— . . . . . Each **$15.39**
FUEL PRESSURE GAUGE. Registers 0-30 lbs.
74-5539T— . . . . . Each **18.98**
Installation Kit for Mechanical Pressure Gauges.
75-3145P— 1-Kit **2.99**
WATER TEMPERATURE with 60" tubing.
43-0119X—reads 60°F to 240°F. . . . Each **20.39**
OIL TEMPERATURE GAUGE with 60" tubing
43-0122A—reads 100° to 270°F. . . Each **21.59**
VACUUM GAUGE. Reads 0-30 inches vacuum.
43-0121T— . . . . . Each **17.95**
LIGHTING KIT FOR ALL ABOVE GAUGES.
74-0720U— 1-Kit **1.79**

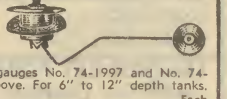
ELECTRIC GAUGES
with Black Non-Reflective BEZEL 12 volt (Require sending unit)

AMMETER
75-3360N—reads —60 to +60 amps . Ea. **$8.25**
VOLTMETER
75-3361T—10 to 16 volts . . . . Each **12.59**
WATER TEMPERATURE GAUGE
75-3365U—reads 100° to 280°F . . Each **11.98**
OIL PRESSURE GAUGE
75-33668—registers 0-80 lbs. . . . Each **11.98**
LIGHTING KIT FOR ALL ABOVE GAUGES
74-0720U— 1-Kit **1.79**

MECHANICAL GAUGES WITH BLACK NON-REFLECTIVE BEZEL

Same as above, except mechanically operated.
WATER TEMPERATURE GAUGE
75-3362A—reads 140° to 275°F . . Each **$15.98**
OIL PRESSURE GAUGE
75-3363R—registers 0-80 lbs. . . . Each **10.50**
VACUUM GAUGE
75-3364X—reads 0-30 inches . . . Each **11.50**
LIGHT KIT FOR ALL ABOVE GAUGES
74-0720U— 1-Kit **1.79**

GAS TANK FLOATS



For use with gauges No. 74-1997 and No. 74-1998 listed above. For 6" to 12" depth tanks.

Arm Float	Each
75-3079A—Swings left. 6 volt	$9.49
75-3080R—Swings right. 6 volt	9.49
75-3081X—Swings left. 12 volt	8.49
75-3082N—Swings right. 12 volt	8.49

ELECTRIC CLOCK

Mounts In Or Under Dash
- **Jewelled movement — luminous numerals**
- **Anti-magnetic—shockproof**
- **For 6 or 12 volt**

Same precision clock as used on expensive European sports cars! Easy-to-read, with black face, red hands and luminous white numerals. 2" diam. case with 2-1/16" diam. bezel.
88-5786U— . . . . . Each **$29.98**

BLACK METAL UNDER DASH BRACKET
88-5078W— . . . . . Each $2.49

AMMETER WIRING HARNESS

Makes ammeter gauge installation easier and safer. Includes 2 pre-cut wires with crimped terminals, bolts, nuts and instructions to install all ammeters into any ignition system (except rear engine cars).
74-6415N— 1-Kit **$4.98**

Stewart-Warner GAUGES

for Cars, Trucks, Tractors or Industrial Use

Complete with mounting brackets, easily adaptable to any type of installation.

INSTALLATION KIT for mechanical fuel and oil gauges. Includes 6 ft. tubing, brass fittings and instructions.
75-3145P— 1-Kit **$2.99**
LIGHTING KIT FOR ABOVE GAUGES
74-0720U— 1-Kit **$1.79**

SENDING UNITS

FOR ELECTRICAL GAUGES for use with electrical water and oil pressure gauges listed above.

Sending Units for Water or Oil Temperature Gauges. 1/8" pipe thread size for late 63-65 Ford 6 and 8, Ford Truck, Lincoln, Mercury, T'bird, 1965 Comet, Falcon and Mustang, 64-66 Chrysler products and 65-73 Rambler.
10-0146R—12 volt . . . . . Each **$5.50**

1/4" pipe thread size for 54-Early 63 Ford, Mercury, Lincoln, 53-63 Chrysler Prod., 58-64 Rambler, 58-64 Stude., 60-64 Comet and Falcon.
74-2000R—12 Volt . . . . . Each **$5.50**

3/8" pipe thread size for 32-57 & 66-75 Ford 6 and 8, 58-60 Edsel, 32-57 & 66-75 Mercury and Lincoln, 66-75 Comet, Falcon & Mustang.
74-2002N—12 Volt . . . . . Each **$5.50**

1/2" pipe thread size for all 62-75 G.M. cars, 55-57 Studebaker with electric gauges.
74-2004A—12 Volt . . . . . Each **$5.50**

SENDING UNITS for Oil Pressure Gauge. 1/8" pipe thread for all cars.
74-2006W—12 Volt . . . . . Each **$12.49**

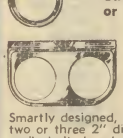
SENDING UNITS for Differential Temperature gauges. 1/2" pipe thread for all cars.
74-5541R—12 Volt . . . . . Each **$6.79**

ILLUMINATED ELECTRONIC FUEL and WATER GAUGES

For All 12 Volt Systems

Easy-to-read gauges feature 1-3/4" diam. black face with white numerals and indicator, chromed bezel and indirect lighting slot. Use 2-1/16" inside diam. panels (see Index). Electric fuel level gauge registers E, 1/4, 1/2, 3/4, F. (Requires gas tank float—see Index). Electric water temperature gauge registers 130, 170, 190, 230, and 290°F. (Requires sending unit—see Index). For 12 volt negative ground systems.
83-7217Y—Fuel level gauge . . . Each **$10.98**
88-7218W—Water Temp. gauge . . Each **$10.98**

GAUGE MOUNTING PANELS



Choice of All Chrome or Chrome with Black Walnut Insert

Smartly designed, 3 dimensional panels for one, two or three 2" diameter gauges. Formed steel, easily bolted under dash.

ALL CHROME
74-6897U—1 hole panel . . . . . Each **$.98**
74-6898B—2 hole panel . . . . . Each **1.49**
74-6899P—3 hole panel . . . . . Each **3.89**

CHROME with BLACK and WALNUT INSERT
74-6902B—1 hole panel . . . . . Each **$1.29**
74-6906T—2 hole panel . . . . . Each **1.95**
74-6910N—3 hole panel . . . . . Each **4.69**

Complete! Illuminated 1, 2, 3 or 4 GAUGE KITS

LOW AS **2.98**

DON'T GUESS ABOUT YOUR OIL PRESSURE, WATER TEMPERATURE OR GENERATOR OR ALTERNATOR OUTPUT. Flashing indicator lights show only that these systems are working—these gauges give **exact** readings. Choose oil/amp or oil/amp/water kit. 2" diam. illuminated gauges with black dials, white numerals, chrome or black bezels. Chrome mounting panels come with simulated wood and black vinyl self-adhesive overlays for optional custom look. Includes all fittings and instructions for 6 or 12 volt.

DUAL GAUGE KIT. Ammeter reads —60 to +60, mechanical oil gauge 0 to 80 lbs.
88-6740P—Chrome Bezel.
88-7410R—Black Bezel. 1-Kit **$5.98**

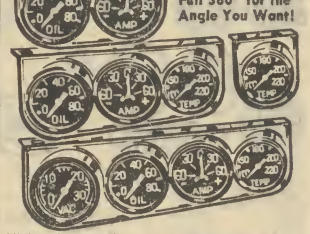
TRIPLE GAUGE KIT. As above, plus mechanical water temperature gauge with 0 to 220°F reading.
88-6741Y—Chrome Bezel.
88-7409A—Black Bezel. 1-Kit **$13.98**

4-GAUGE KIT. As above, plus 0-30 in. vacuum gauge.
88-7407N—Chrome Bezel.
88-7408T—Black Bezel. 1-Kit **$19.98**

SINGLE GAUGE KITS. As above, but sold individually.

Gauge	Chrome Bezel	Black Bezel	Each
Ammeter: reads —60 to +60	88-7411X	88-7412N	$2.98
Oil Pressure: reads 0 to 80 lbs.	88-7413T	88-7414A	5.39
Water Temperature: reads 0 to 220°F	88-7415Y	88-7416W	8.39
Vacuum: reads 0 to 30 in.	88-7417U	88-7418B	5.98

Complete! Illuminated Adjustable 1, 2, 3 or 4 GAUGE KITS



Tilt Tubes Adjust Full 360° for the Angle You Want!

Highly chromed tilt tubes and panel; black faces with white numerals and bright red indicator needles for at-a-glance readings. Choice of chrome or black gauge bezel. Pressure-sensitive black leather grain and walnut woodgrain overlays give you a choice of custom luxury looks. Complete with fittings and instructions.

TWIN GAUGE KIT. —60 to +60 ammeter and 0-80 lbs. oil pressure.
88-62498—Chrome Bezel.
88-7419P—Black Bezel. 1-Kit **$11.98**

TRIPLE GAUGE KIT. Above gauges plus 100°-220° water temperature gauge.
88-6250P—Chrome Bezel.
88-7420Y—Black Bezel. 1-Kit **$17.98**

4-GAUGE KIT. Above, plus 0-30 in. vacuum gauge.
88-6251Y—Chrome Bezel.
88-7421W—Black Bezel. 1-Kit **$24.98**

SINGLE GAUGE KITS. As above, but sold individually.

Gauge	Chrome Bezel	Black Bezel	Each
Ammeter: reads —30 to +30	88-7422U	88-7423B	$5.98
Oil Pressure: reads 0 to 80 lbs.	88-7424P	88-7425X	8.39
Water Temperature: reads 100° to 220°F.	88-7426N	88-7427T	8.39
Vacuum: reads 0 to 30 in.	88-7428A	88-7429R	5.98

DIGITAL THERMOMETER

Numerals appear and disappear in different colors as temperature changes! Colors range from tan to green to blue. Numerals register from 66° to 86°F—normal indoor range. Black and woodgrain plastic housing has magnets for mounting on metal surfaces, self-adhesive mount for all other surfaces. 1-1/4" high x 1-1/2" wide x 4-1/4" long.
88-9231X— . . . . . Each **$8.49**

GENUINE LEATHER GEAR SHIFT BOOT

- **For American and Imported Cars with Manual Floor Shifts**
- **Choose Black, Tan or Red**

Soft yet rugged leather boot is designed to withstand heat, cold, and hard use. Wears longer than synthetic vinyl or rubber boots. Will not crack or discolor. 8" long; 5-1/4" bottom diameter. Bright chrome finished collar has 1/2" inside diam. opening to fit all 1/2" O.D. gear shift shafts.

		Each
88-7149T—Black leather		
88-7150A—Tan leather		**$9.98**
88-7151R—Red leather		

Hi-RISE SINGLE QUAD MANIFOLDS

Gain Up to 40 HP over factory installed single quad cast iron manifolds
Gain Up to 20 HP over factory installed single quad aluminum manifolds

- **Hi-rise equa-flow construction gives ram injection effect for constant acceleration — no hesitation or fade-outs**
- **Delivers full fuel charge to each cylinder—no flat spots**
- **Special plenum chamber eliminates starved cylinders—results in more horsepower from idle thru top ends, smoother idling and low speed performance, maximum top end performance**

Engine operates at maximum efficiency throughout the entire RPM range, resulting in more horsepower and improved performance. Ideal for city, street or competition use. Made of top quality cast aluminum — precision engineered and machined for perfect fit.

Important: Some modifications to accelerator linkage and gas lines may be necessary. Manifolds are guaranteed against defects in workmanship and materials and will be replaced only. Not returnable for credit or refund. Above manifolds are designed to accept all regular Holley and Carter AFB carbs. **Note:** Check hood clearance, see Index for scoops.

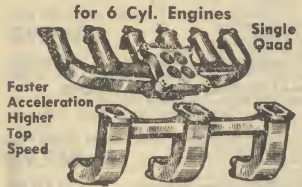
SINGLE QUAD or 3-2 BBL MANIFOLDS

for 6 Cyl. Engines



3-2 Barrel

Engine operates at full capacity at all speeds. Precision engineered cast aluminum (except when indicated by ♦—these are manufactured from tube steel). Quad style manifolds accept all quad carburetors except 1150 CFM Holley, spread base Holley or Quadrajet carburetors. 2-Barrel manifolds accept all Holley 2-barrel carbs including 500 CFM style—See Index for carburetors.

■Complete with progressive linkage.

SINGLE TO DUAL Carburetor ADAPTER

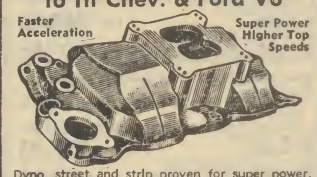
for All 4-Cyl. Willys Jeep®

Get performance equal to special street and competition manifolds. Mount high performance Holley Bug Spray carb (below) or any 2-bbl. carb with 3-1/4" x 1-7/8" mounting base to all 4 cyl. Jeep® manifolds. Also fits all other 2-5/8" manifold bases. Complete with mounting studs.
14-1016R— Each **$9.49**
CARBURETORS for use with above adapter. Holley Bug Spray. Flows 300 CFM.
73-13B8P— Each **$65.95**

Single to Dual Carburetor ADAPTER

Permits use of a Stromberg 94, 97, 48, small or wide base 2GC, or tri-power carburetors on any single throat carburetor manifold having 2½" to 3⅛" bolt centers. With gaskets, stud, screws, nuts, washers and instructions.
73-0563R— Each **$8.95**

Gain Up To 20 HP! SINGLE QUAD Hi-Rise MANIFOLDS to fit Chev. & Ford V8



Dyno, street and strip proven for super power, higher top speeds. Exclusive equa-flow plenum chamber design provides continuous, unrestricted flow of fuel-air mixture to each cylinder without interruption, channeling or oscillation. Eliminates starved cylinders and flat spots. **Engine operates at full capacity thru-out entire RPM range.** Not a drop of gas is wasted! You get vibration-free smooth performance, and power. Precision engineered cast aluminum. Fits perfectly. Will accept all regular Holley and Carter AFB single quad carburetors and Holley 3 barrel. See below for recommended carb. Also see Index for other carbs. **Note:** Check hood clearance. See Index for hood scoops. **Important:** Some modification to accelerator linkage and gas lines may be necessary. Manifold is guaranteed against defects in workmanship and materials. Will be replaced only. Not returnable for refund or credit.

Fits 57-76 Chevy II, Camaro, Chevelle and Corvette with 283, 307, 327, 350 V8 eng.
37-4614A Each **$72.95**

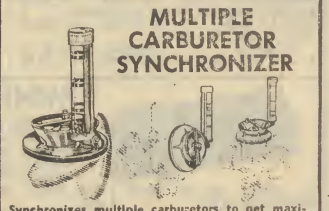
Fits 62-76 Ford, Comet, Cougar, Fairlane, Falcon, Meteor, Mercury, Montego, Mustang & Torino with 221, 260, 289, or 302 V8 eng.
37-4615Y Each **$72.95**

RECOMMENDED CARBURETOR FOR ABOVE MANIFOLDS. Holley R-1850—flows 600 CFM. 1-1/4" primary, 1-5/16" secondary.
73-0495U Each **$87.50**

EGR VALVE ADAPTER KIT FOR ABOVE MANIFOLDS. Allows retention of EGR Valve on 1973 Chevrolet & Ford products when using manifolds listed above.

73-76 Chevrolet	37-6461N
73-76 Ford	37-6462T
Above Numbers	1 Kit $31.95

MULTIPLE CARBURETOR SYNCHRONIZER



Synchronizes multiple carburetors to get maximum horsepower and economy.
Gauge that accurately and quickly synchronizes any multiple carburetor set-up. Balances all side-draft or downdraft carburetors, regardless of position. Permits maximum efficiency for which multiple carburetors are intended. Easy to use, easy to read—no tools required except screwdriver to adjust carburetors. Adjustable to any position so it can be used in close quarters.
FOR ALL CARBS EXCEPT 4-BBL.
73-2119Y— Each **$11.98**

Quad to Dual & Dual to Quad CARBURETOR ADAPTERS for ALL Cars & Trucks

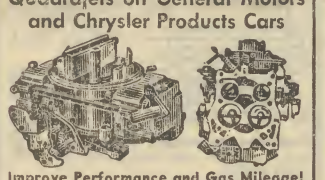
Adapts all 57-75 Ford Prod. carbs to fit any quad manifold and adapts any quad carb. to fit 57-75 Ford Prod. 2-bbl. manifold. Precision machined of high quality cast aluminum.

74-5833P—Adapts any quad carb to fit all 57-75 Ford Prod. V8 2-bbl. manifold. Each **$10.75**

74-5834Y—Adapts any 57-75 Ford Prod. V8 2-bbl. carb. to fit any dual manifold. Each **$10.75**

For all Other Cars and Trucks. Adapts any 4-bolt dual throat carburetor to fit any quad manifolds or any quad carburetor to fit any dual (4-bolt) throat manifolds.
73-0953B— Each **$9.55**

Bolt-On HOLLEY Spread-Bore CARBURETORS for Replacement of 65-74 Quadrajets on General Motors and Chrysler Products Cars



Improve Performance and Gas Mileage!
HOLLEY "DOUBLE-PUMPERS"—One accelerator pump for primary, one for secondary. Secondary pump works only when mechanical secondary venturi opens. Assures positive fuel flow, eliminates engine starving and flooding. Gives you **all the gas you need . . . at any speed, under all conditions.**
2/3 Large Fuel Bowl Capacity—keeps fuel cooler for easier hot-starting.
Get all the latest Holley advantages, in a direct bolt-on replacement for the Quadrajet carburetor. New, small primary/large secondary Holley carburetors **improve performance without a manifold change.** Famous Holley float design, metering system, double pumps, large-capacity bowl designs, divorced automatic choke and mechanical secondaries, automatically give you faster acceleration—better gas mileage—and all-around superior engine performance.
No modifications needed to install on engines originally equipped with Quadrajet carburetors. Will also bolt onto any other Quadrajet manifold (accelerator linkage modifications may be necessary, except on cars listed below.) Available in 650 CFM model and two 800 CFM models.

For the following cars:
84-0419A—68-70 V8 350 eng. 650 CFM. $119.95
84-0419A—68-71 V8 400, 430, 455 engine, 650 CFM 119.95

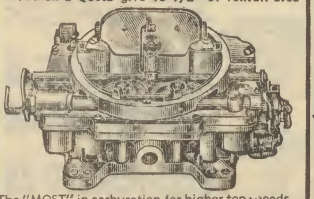
■Single Accelerator Pump. Vacuum Secondary.

4-Barrel "Daytona Special" COMPETITION AFB CARBURETOR for

Single & Dual Quad Manifolds: Extra Large Venturi
—two on a QUAD give 13-1/2" of venturi area



The "MOST" in carburetion for higher top speeds, faster acceleration, increased power, lower ET on the strip. Comparable to carburetors used on those HOT Dodge and Plymouth 426 ram manifolds. Have 1-11/16" primary and secondary throttle bore; main venturi: 1-7/16" primary, 1-9/16" secondary. 610 cubic feet per minute air volume. Special built-in metering system lets more fuel into engine when under heavy load. Will not flood out during tight turns. Have manual choke. Replaces any AFB original type carburetor. Minor alterations may be necessary to change linkage or fuel line. If this carburetor is used to replace dual barrel carburetor, see Index for proper adapter. Made by one of the world's largest manufacturers of fine carburetors.

73-2245A— Each **$74.95**
CARTER AFB RACING CARBURETOR
For Faster Acceleration—Lower "ET"
Fits all quad manifolds made to accept AFB Carter carburetors. Replaces any AFB original type carburetor. If used to replace dual barrel carburetor, see Index for proper adapter needed.
74-5813B—Outright Each **$79.95**

Low Profile AIR CLEANER

2½" High—6⅜" Diam. For All Quad Carbs

Chrome plated. Small diameter allows installation where space is limited. Polyurethane foam filter gives full air flow. Filter can be cleaned and reused.
73-1046U Each **$5.95**
REPLACEMENT ELEMENT FOR ABOVE.
73-1047B Each $2.35

LARGE VENTURI—VOLUME AIR FLOW QUAD & 3-BBL. CARBURETORS

Choose the carburetor best suited for your needs, from the same equipment selected by top winners at Daytona, Atlanta, Darlington, and Langhorne. Built with extra-large venturi for maximum air flow, power packed bolt-on performance. Can be adapted to fit your manifold. See Index for adapters.

Holley Mfg. Co.	Air Flow *C.F.M.	Primary Venturi Diam.	Secondary Venturi Diam.	Throttle Bore	Stk. No.	Each

Holley 2-bbl. Carburetors

500 and 650 CFM for Street and Competition

- **Hand choke**
- **High capacity 50cc accelerator pump**
- **NASCAR center pivot float race bowl**
- **Three manifold vacuum ports**
- **Automatic transmission kickdown lever**

500 CFM: 1-3/8" venturi diam., 1-11/16" throttle bore diam. AHRA record holder. Dyno tests on a 2B9 Mustang proved a 20 HP increase over a stock carburetor! Bolt-on replacement for all Ford Product V8 engines with 2-bbl. manifolds. Adapter required for most GM and Chrysler engines—see below.
73-1283T— Each **$63.95**

650 CFM: World's largest 2-bbl.! 1-7/16" venturi diam., 1-3/4" throttle bore diam. Easy bolt-on replacement for all V8 engines with 2-bbl. manifolds. Throttle linkage designed for Ford, GM and Chrysler. A Holley manifold adapter is required for most GM and Chrysler engines—see at right.
73-1972A— Each **$99.95**

ADAPTERS FOR ABOVE CARBURETORS
To adapt above carburetors to GM, Chrysler Products and American Motors cars 283 thru 327 V8 engines.
73-1284A—For manifolds with 2" x 3-3/4" bolt pattern Each $6.55
73-1632A—For manifolds with 1-7/16" x 3-1/4" bolt pattern Each $6.55
Adapts above carb. to 62-74 Chev. 6 cyl.
73-1458A— Each $10.79
Adapts above carburetors to all quad manifolds.
73-1973R— 1-Kit $19.95

QUAD (4-Bbl.) RACING CARBURETOR with

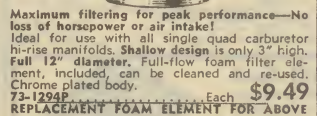
EXTRA-LARGE VENTURI for Single and Dual Quad Manifolds

Over 12 square inches of venturi area—equal to eight Stromberg 97 carburetors.
Best for: • **FASTER ACCELERATION** • **HIGHER TOP SPEEDS** • **LOWER E.T.**
Rear barrels feature vacuum controlled butterfly valves that open only at high speeds. Will not flood out in turns. Special built-in metering system lets more fuel into engine when under heavy load. **This new carb. has same specifications as popular 409 Chev. AFB carb.** Ideal for single or dual quad manifold installations. Replaces any AFB original type carburetor. **Minor alterations may be necessary to change linkage or fuel line.**
If above carburetor is used to replace dual barrel carburetor, see Index for proper adapters. **Sold outright. No exchange necessary.**
73-2246R— Each **$79.95**

AIR CLEANER FOR PINTO & MUSTANG II

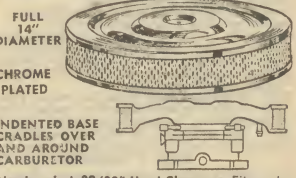
9" Diameter, Chrome Plated
Fits 2000 & 2300cc Engines. Free-breathing, nonrestrictive custom air cleaner gives maximum air flow. Low profile—only 3" high.
84-0480T—w/paper element
84-0481A—w/foam element Each **$8.49**
REPLACEMENT ELEMENTS FOR ABOVE.
84-0482R—Paper
84-0483X—Foam Each $3.55

Super-Flow AIR CLEANER



Maximum filtering for peak performance—No loss of horsepower or air intake!
Ideal for use with all single quad carburetor hi-rise manifolds. **Shallow design** is only 3" high. **Full 12" diameter.** Full-flow foam filter element, included, can be cleaned and re-used. Chrome plated body.
73-1294P Each **$9.49**
REPLACEMENT FOAM ELEMENT FOR ABOVE
73-1633R Each $2.39

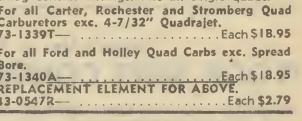
Super Low Profile AIR CLEANER



Needs only 1-29/32" Hood Clearance. Fits under all hoods. More than 1" lower than most low profile air cleaners. Created for maximum engine performance . . . dyno-tested! With replaceable, non-restrictive paper filter element and smog control fittings. Fits all single quads.
For all Carter, Rochester and Stromberg Quad Carburetors exc. 4-7/32" Quadrajet.
73-1339T— Each $18.95
For all Ford and Holley Quad Carbs exc. Spread Bore.
73-1340A— Each $18.95
REPLACEMENT ELEMENT FOR ABOVE.
43-0547R— Each $2.79

HI-PERFORMANCE 14" Diameter AIR CLEANER

for Manifolds with Single 2 or 4-bbl. Carburetors



Extra low profile air cleaner with non-restrictive treated paper filter element for maximum engine performance and protection. **Only 2¼" high**—fits under hoods with limited clearance. Chrome plated top and bottom, plus rustproof, non-chafing, coated metal exterior wrap adds to overall good looking appearance.
For Single Carburetor Manifolds Only.
73-1038A—For 4-bbl. carb w/single stud mount.
73-1039R—For 2-bbl. carb w/2-5/8" neck stud mount Each **$14.50**
REGULAR 3-1/8" HIGH AIR CLEANER.
73-0829U—For 4-bbl. carb w/single stud mount.
73-0830B—For 2-bbl. carb w/single stud mount. Each **$11.95**
REPLACEMENT ELEMENTS FOR ABOVE.
73-1040X—Fits 2-1/4" Each $3.89
73-0843N—Fits 3-1/8" Each $3.89

SLIP-ON CHROME PLATED COIL COVERS

Gleaming covers slip on perfectly—no cutting or drilling. Steel. Fit any standard size coil. Less bracket.
17-4314B— Each **$1.39**
Above, with mounting bracket.
12-1483T— Each $2.49

FOUR SPEED COMPETITION FLOOR SHIFT

Converts Original or Replacement 4-Speed Floor Shift Transmission to Extra Fast Dual Pattern Shift

Kit includes Shifter, Flat Chrome Shift Handle with T-knob, and Complete Parts Installation Kit with Do-It Yourself Instructions. **Short Stroke, narrow gate, spring loaded for lightning-fast competition shifting. Custom Fit—Shifter bolts directly to transmission. Pre-shaped Heavy Duty 7/16" Shift Rods.** Faultless performance—all parts heat treated and case hardened for long wear. Precision engineered for perfect fit. Fits Muncie, Borg-Warner, New Process and Ford Products 4-Speed transmissions in following cars:

66-69 B'cuda	65-73 Cougar exc. 390 & up V8	64-73 Mustang exc. 390 & up V8
65-68 Buick Spec., S'lark, Gran Sport	66-69 Dodge Dart, Chrgr, Coronet, Super Bee	64-68 Olds. 442, F85, Cutlass
67-69 Camaro	63-67 Falcon	65-69 Plym. Belv., GTX, Roadrunner
60-64 Chev.	62-73 Fairlane, Torino	60-64 Pontiac
68-70 Chev.	61-65 Ford	59-64 Stude. Hawk
64-73 Chevelle	61-65 Mercury	64-68 Temp., GTO
64-70 Chevy II, Nova	68-73 M'nt'go	66-69 Valiant
63-65 Comet V8		
63-74 Corvette		

State Make, Year, Model, Make of Transmission (Borg-Warner, Ford, Muncie, New Process), with or without console and Stock No.
55-1713A— 1-Kit $59.95

FULL ("OWNERSHIP DURATION") WARRANTY

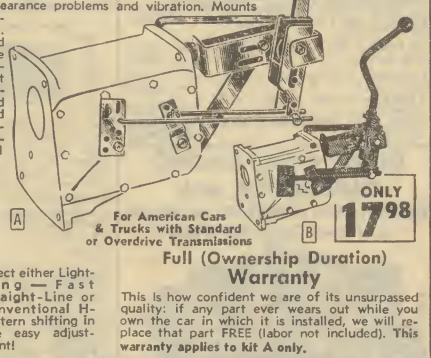
The TOUCH-n-GO Kar-Life Automatic Transmission Floor Shift Conversion Kit is warranted to last for the life of your car, while you own and drive it. If any part wears out while you own the car in which it is installed, we will replace the part or the entire unit FREE (labor not included). Warranty is only valid providing parts or unit have not been subjected to abuse or neglect.

Straight Line or H-Pattern

FLOOR SHIFT CONVERSION KITS

ONLY **22.98** Complete with Full (Ownership Duration) WARRANTY

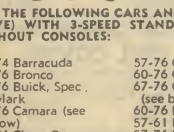
THE FASTEST GET-AWAY EVER! COMPLETE—NOTHING ELSE TO BUY Loaded with exclusive features! Reverse safety lock makes it impossible to shift into reverse by error! Heavy duty spring loaded selector pin allows lightning speed shifting—won't break under severest strain. Shift pattern and tension quickly adjust to suit driver. Low profile 3-point mounting brackets eliminate floorboard clearance problems and vibration. Mounts to rear of transmission to eliminate shift handle hitting dash. Heavy duty 3/8" diam. plated steel shifting levers are machine bent for non-flex, non-twist action. 2-way self-aligning pivot box. Includes shifter, all installation parts, chrome floor plate and accordian boot, chrome curved handle with bakelite knob, complete easy step-by-step instructions. **Easy to install** in only 1 hour with ordinary tools.



For American Cars & Trucks with Standard or Overdrive Transmissions

ONLY **17.98**

CHOICE OF SHIFTING PATTERNS



Select either Lightning — Fast Straight-Line or Conventional H-Pattern shifting in one easy adjustment!

Full (Ownership Duration) Warranty

This is how confident we are of its unsurpassed quality: if any part ever wears out while you own the car in which it is installed, we will replace that part FREE (labor not included). **This warranty applies to kit A only.**

FOR THE FOLLOWING CARS AND PICK-UP TRUCKS (EXCEPT CAB OVER ENGINES AND 4-WHEEL DRIVE) WITH 3-SPEED STANDARD TRANSMISSIONS WITH OR WITHOUT OVERDRIVE AND WITHOUT CONSOLES:

64-74 Barracuda
66-76 Bronco
64-76 Buick, Spec., Skylark
67-76 Camara (see below)
49-76 Chev. Car
55-76 Chev. Truck

55-76 Ford Truck
55-76 GMC Truck
70-76 Maverick
51-76 Mercury
60-76 Meteor
64-76 Mustang (see below)
56-60 Olds
65-73 Olds, F85, Cutlass
57-76 Plymouth
58-76 Pontiac
64-76 Tempest, GTO, LeMans
60-76 Valiant (see below)

A **DELUXE KIT with Warranty.** Triple chrome plated heavy duty racing style flat shift lever. Satin finished walnut knob with recessed spun aluminum discs. Some cutting required on Plymouth and Dodge compacts.
85-2088A— 1-Kit **$22.98**

DELUXE SHIFTER FOR 60-76 CAMARO, COUGAR, FIREBIRD, MAVERICK, MUSTANG, VALIANT WITHOUT CONSOLES.
87-7691N— 1-Kit **$28.98**

B **QUALITY KIT.** Triple chrome plated steel shift lever with bakelite knob
87-7913T— 1-Kit **$17.98**

ECONOMY FLOOR SHIFT CONVERSION KIT For Chevrolet and Ford Cars & Trucks with 3-Speed Standard or Overdrive Transmission

- **Narrow H Pattern for Faster Get-Away, Better Car Control**
- **Spring loaded shift mechanism gives fast positive shifting thru gears**
- **Heavy steel plate**

3/8" control rods won't bend or flex under toughest use. 3/8" spring steel shift pin for fast, sure shifting without wear. Heavy mounting brackets for solid, flex-resistant installation. Easily installed. Consists of shifter unit with mounting brackets and instructions. See listings below for gear shift lever, knob and boot.

BLACK KRINKLE CAST Aluminum Valve Covers

For V8 Chevy, Ford and Chrysler Products Rich, black krinkle finished die cast aluminum valve covers are deep finned for fast and efficient heat dissipation. Solid construction helps eliminate annoying valve train noise. Built-in baffles control internal oil splash. Covers have gasket lips where necessary and knock out plugs for installation of stock pollution control devices.

Hi-Performance Heavy Duty
MAIN & ROD BEARINGS for V8 ENGINES

- **Maintain constant oil pressure under extreme racing conditions or street use**
- **Minimize flexing, seizing at high speeds and under peak loads**

Ideal for use in racing or street engines. Carry crankshaft loads far in excess of original bearings adapted to racing use. Have super fatigue strength, conformability, and corrosion resistance at high temperature. Sold in complete sets. **State Make, Year, Model of Car, Cu. Inch Disp., Size Desired, and Stock No.**

Increase Compression Ratio — Gain Up To 25 More Horsepower
Check These Low Prices — Save Up To 50% and More On These
HIGH COMPRESSION and HIGH PERFORMANCE PIN FITTED PISTON & RINGS LOW AS 47.95 Per Set of 8 Pistons

Designed for maximum power and performance for normal street driving at minimum cost.

Easiest way to raise compression, give your engine a big power boost. Replace standard stock pistons, no alterations or boring of block, no expensive milling or filling of cylinder heads. Heads of piston scientifically engineered for maximum performance. Available in standard size (no boring required) for increased compression ratio as listed. .030 & .060 oversizes are also available (boring of block required) if even more of an increase in compression and horsepower is desired. All pistons precision made of aluminum, pin fitted, ready to install. Matched and balanced in sets for smooth performance. Rings not included. Order Super or Chrome Super Hi-Speed expander type rings listed with pistons.
When ordering: State Make, Year, Cubic Inch Displacement, Size of Piston and Rings required (Standard, .030 or .060) and Stock Number.

57-66 CHEVROLET, CHEVELLE, CHEVY II with 283 engine. Bore size 3-7/8"
- Increase Compression Ratio up to 10.5:1
- Increase Horsepower from 170 HP to 195 HP

Set of 8 pistons.
37-3901T— 1-Set **$64.95**

High Performance CAMSHAFT KITS

Increase horsepower for faster acceleration, higher top speeds, better over-all engine response! All components matched for superior performance and trouble-free service. Kits include cam, lifters, springs, and instructions with complete specifications for easy set up. Kits work with stock pushrods and stock valve spring retainers. **NOTE:** Solid lifter kits must be used with adjustable rocker arms. Hydraulic lifter kits, unlike many others, do not require an adjustable valve train. Replace original hydraulic cam and lifter perfectly.

CHECK THESE COMPONENT FEATURES: ... **CAMSHAFT.** Latest hi-performance grinds on new billets, manufactured to rigid specifications for tolerance, hardness, quality. Each cam coated with "Lubrite" to minimize scuffing during break-in, assure long life.

LIFTERS: Designed by factory racing experts to give superior performance under heavy duty and high RPM use. Hydraulic lifters have anti-pump-up feature for smooth performance up to 7000+ RPM. Solid lifters can run even higher! Full metering design provided for these engines that require precision oil flow to the rocker arm assembly. Cast of special hardenable iron. Machined to within one one-millionth of an inch. **SPRINGS:** Fit stock cylinder heads without machine work or special tools or parts. Allow for high valve lift without coil bind. Give adequate pressure for stable valve/cam relationship. Inner spring removes harmful harmonic oscillation from primary spring. Manufactured from superior materials for long life under extreme heat and load conditions.

HYDRAULIC ANTI-PUMP-UP VALVE LIFTERS

Performance Engineered for Competition Engines. These dyno and drag strip proven lifters eliminate pump-up to improve engine performance at all RPM's. Control proper rocker arm geometry throughout the entire speed range. Protect against push rod and rocker arm failure, eliminate tappet noise, reduce lifter wear. For use in high performance engines and must be used with an adjustable valve train.

Hydraulic VALVE LIFTERS for 55-75 CHEVROLET PRODUCT CARS

• Improve engine performance

Built to withstand high speeds, rough use. Eliminates excessive pump-up during valve spring surge. Controls rocker arm geometry throughout entire speed range. Reduces tappet noises, eliminates lifter replacement. Must be used with an adjustable valve train. Fit 55-75 Chev., Chevy II, Chevelle, Camaro and Corvette V8.

Competition Clutch Sets & Heavy Duty Clutch Plates

Vibration-free, static-balanced heavy duty clutch and pressure plate assembly is perfectly matched for positive chatter-free action, lower E.T.'s. Made of ferralic ductile steel—outlasts, out-performs regular cast iron pressure plates. Sets tested to be explosion-proof up to 15,000 RPM. Minimum foot/pound pressure is 3200 for positive drive, best ET. All new parts, including heavy duty springs, fingers, and other hardware. Selected covers and plates remanufactured to original specifications. Facings are bonded and riveted to carrier, or of custom pyro-torque construction like original. Built to OEM specs with new double spring cushion hubs to eliminate chatter and shock loads. Test out to 10,000 RPM at 550°.

ULTRA HI-PERFORMANCE COMPETITION CLUTCH SETS

Performance proven, competition tested, all new complete clutch assembly. Built to perform regardless of grueling punishment, and come back for more. Lets you safely unleash all the power and speed you need. Check these features:

- **Matched and balanced for vibration-free, chatter-free action.**
- **Pressure plate hi-burst to 15,000 RPM.**
- **Clutch plate exceeds burst test of 12,000 RPM at 500°F.**
- **Hi-speed throwout bearing included.**
- **Meets SEMA, NHRA, AHRA specs.**

New pressure assembly has chrome vanadium steel springs engineered for constant pressure—eliminates spring pressure fade. Ductile iron pressure plate withstands fragmentation and is blow-up proof. Heavy duty eye bolts for long, tough use. New heavy duty clutch plate is spring loaded for smoother clutch engagement. Has high spin woven material facing bonded to aluminum material and then riveted to plate to dissipate heat. All new clutch bearing has nylon material races. Reduces wear—withstands high temperature and high RPM

Hi-Power—Hi-Speed Cams for Hydraulic or Solid Lifters

Precision ground using new cores, on the latest type cam grinders to create maximum performance lobe configurations. Foundry hardened for longer, trouble-free high speed performance. Bearing surfaces mirror polished and closely inspected for size. Complete with timing specifications for easy set-up.

Cams for use with hydraulic lifters—use with original hydraulic valve lifters, rockers and push rods. Enjoy the smooth, quiet hydraulic valve action which requires no adjustments or re-setting.

Only 29.95

Faster Acceleration, Increased Horsepower, Gives Higher Top Speed

Cams for use with solid lifters—use with stock or hardenable iron lifters (see Index). **Do not use chilled steel lifters.**

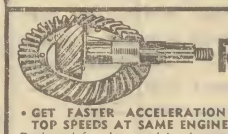
ACCELERATION—DRAG—HI-SPEED RING & PINION GEAR SETS for CARS and TRUCKS



• **GET FASTER ACCELERATION OR HIGHER TOP SPEEDS AT SAME ENGINE RPM.** Designed for drag and track competition, these gear sets enable you to get more out of your car . . . faster ET on the strip, higher speeds on the track without increasing engine speed. Available in a wide variety of ratios for competition use. Use higher ratios than your present gears for faster acceleration.

• **GET MORE Z-I-P FROM YOUR CAR WITH THESE COMPETITION GEAR SETS.** Use lower ratios than your present gears for higher top speeds. Fit perfectly. Drag and track racing places 10 to 100 times the torque on the differential for which it was originally designed. **NOTE:** Gears are brand new, made of best material available to highest manufacturing standards. However, we cannot warranty any parts used in competition.

55-64 CHEVROLET and 55-62 CORVETTE exc. CHEVY II and CHEVELLE. Replaces 3.08, 3.36, 3.55, 3.70.

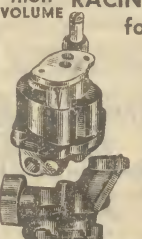
HIGH VOLUME RACING OIL PUMPS for 55-75 CARS



Insures proper Lubrication at ALL speeds

Wider, longer gears in these pumps assure adequate lubrication thruout engine at high speeds — helps reduce engine wear, protects expensive racing and stock engines. Cast iron pump body for longer, trouble free life. Replace original pump perfectly. Pumps less screen assembly.

Fits 55-75 Chevrolet, Chevy II, Chevelle, Camaro and Corvette V8 exc. 396, 427 engine. Increase oil pressure up to 50 lbs., oil volume up to 30%. For 55-57 Chev. See note below.
37-2629A— ..... Each **$23.98**

NOTE: When installing on 55-57 Chev. V8 intermediate shaft listed below is used.

INTERMEDIATE SHAFT for 55-57 Chevrolet V8
37-2630R— ..... Each $1.98

Fits 63-74 Chevrolet, Chevy II, Chevelle, Camaro 6 Cyl. High volume pump.
37-6246P— ..... Each **$22.98**

Fits 65-75 Chevrolet, Chevy II, Chevelle, Camaro and Corvette V8 396, 427 engine. Increase oil volume up to 22%.
37-4333Y— ..... Each **$22.98**

Fits 58-75 Comet, Cougar, Falcon, Ford, Mercury, and Mustang 332 thru 428 V8 engines without vacuum pump.
37-4268W— ..... Each **$21.98**

Fits 58-75 Chrysler, Dodge, Dart, DeSoto, Plymouth & Valiant V8 350 thru 440 exc. 360 engines. Extra pressure pump.
37-4334W— ..... Each **$23.98**

Fits 62-75 Comet, Cougar, Falcon, Ford, Meteor and Mustang with 221, 260, 289, 302 V8 engines. Increase oil pressure up to 80 lbs., oil volume up to 25%. Includes intermediate shaft.
37-4002R— ..... Each **$22.98**

Fits 63-75 Pontiac, Tempest and Firebird 326, 389, 400, 421, 428 V8. Increase oil pressure up to 50 lbs., oil volume up to 30%.
37-4210Y— ..... Each **$21.98**

CHANGE-OVER MOTOR MOUNTS For JEEP® Install a Chevy V8 Engine in your Jeep®

Update your Jeep® vehicle for more power, better all-around performance. Strongest, improved cradle type mount is designed expressly for Chevrolet V8 to Jeep® conversions. Complete—ready to use without modifications. Mounts at front of engine—gives full clearance for exhaust system and front differential. Allows use of stock Chevrolet fuel pump—no expensive electric pump to buy. Strong 1/4" steel plate construction. Complete with instructions for installing Chevrolet V8 265 thru 350 cubic inch engines with 6" diameter crankshaft pulley into the following Jeep® vehicles:

Year, Model	Stk. No.	I-Kit
41-73 Jeep® Universal includes CJ and Military Series	37-6643Y	$46.95

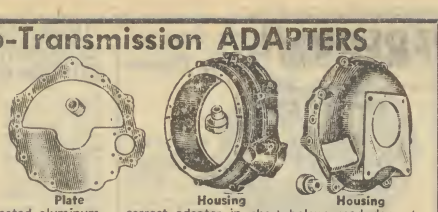
CORVETTE V8 OWNERS HANDBOOK

Really 2 books in 1, this handbook covers everything about the Corvette V8, from 1955 to 1962 including 327 engine. Covers specifications, maintenance, engine tuning, chassis, and the fiberglass body. Its maintenance, repair, and finish plus all RPO's, fuel injection, 4-speed transmission, limited slip differential, and competition preparation. 432 pages includes nearly 1,000 photos, charts, drawings and tables.
16-5355N— ..... Each **$6.00**

Corvette Handbook. Covers all models 63-73. Covers everything from minor service to complete overhaul. 350 pgs.
16-5840W— ..... Each **$9.00**

Engine-to-Transmission ADAPTERS

Get More Horsepower, Faster Acceleration, Higher Top Speed! ... Install a Larger, More Powerful Engine In Your Car or Truck



Housings are made of heat treated aluminum, plates are made of heat treated aluminum or steel. Pilot bearings or bushing adapters included where necessary. Choice of adapter housings with or without rear steel mounting plates. Mounting plates simplify installation even more —add extra support, strength and rigidity. All numbers with F suffix after stock number are shipped from California factory. Payment must be made in full to facilitate handling. To find correct adapter in chart below: read down to find engine, then across to find car or transmission that engine is to be combined with. **Fit standard transmissions only (not for automatic transmissions) of cars and trucks listed.** Average Shipping Weight 12 lbs. wo/Plate; 22 lbs. w/Plate. **State Make, Year, Model, and Cu. In. Displacement of Engine—Also State Make, Year, Model of Car or Truck, Type of Standard Transmission and Stock No.**

ADAPTS THESE ENGINES TO FIT THESE STANDARD TRANSMISSIONS

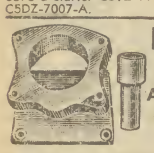
SPECIAL NOTES FOR ABOVE

1. Must use powerglide housing #3751080 on engine to retain stock starter mounting. Must use 56-61 starter and flywheel.
2. Bolts to block. Must use 55-61 Starter and flywheel.
3. Adapter bolts to block. Must use 1962 and up V8 starter and flywheel.
4. 1965 and up engine must use same year starter and flywheel.
5. Adapter also fits Ford "B" block indy engine with 5-bolt housing.
6. Adapter also fits Mustang "289" engine but must use Fairlane 4-speed flywheel C5DZ-6375-B starter C5TZ-11002-A and starter plate C5DZ-7007-A.
7. Must use 61-64 Pontiac starter #1107270.
8. For all Jeeps® with 906203 mainshaft (1-1/8" x 9-1/2"). Adapter can be installed in other Model Jeeps by changing mainshaft. Order our stock No. **88-3665B, Each $14.98.** For IHC Scout—Must be equipped with or changed to 906203 mainshaft and 906200 cluster. Order our Mainshaft No. **88-3665R, Each $14.98,** Cluster No. **88-3662R, Each $29.95.** Can also be installed in Jeeps® w/T98 4-speed transmissions by using spacer ring adapter—our stock No. **87-7389W, Each $14.98.** Will not fit Willys 6 cyl. w/overhead cam engines or Jeeps® Wagoneer models.

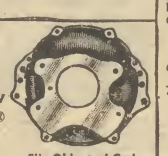
ENGINE ADAPTER KITS for WILLYS JEEP®



Fits Ford, Merc., Chev. and Pontiac

Adapts the powerful V8 engines below for easy installation in WILLYS JEEP®

- 49-54 Cadillac
- 51-73 Mercury
- 49-73 Ford
- 55-73 Chevrolet
- 49-73 Oldsmobile
- 58-73 Pontiac



Fits Olds. and Cad.

These kits make it easier and less costly to install OHV engines into any Jeep® listed below. Adapter plate kit for Chevrolet, Ford, Mercury and Pontiac consists of heavy duty aluminum transmission adapter plate, pilot bushing, and instructions. Bell housing kit for Cadillac, Chevrolet and Olds consists of aluminum bell housing, pilot bushing adapter, and instructions. All parts precision machined to fit perfectly. Eliminates the headache of having special adapters.

12 to 6 VOLT ELECTRICAL CONVERSION KIT

For use when installing 12 volt conversion engines in 6 volt cars. Eliminates costly changeover of generator, starter. Eliminates resistors, special batteries, etc.

Newly installed engine retains its 12 volt starter and generator. Lights and all possible accessories are also on 12 volts. Other accessories such as instruments, radio, heater motor, etc., which are complicated and expensive to replace or convert individually, are operated from 6 volt system activated by a special constant duty relay. Kit includes special terminal, relay, wiring diagram and bulb cross index. Instructions cover wire sizes, polarity, overdrive, flashers, etc.
74-1230T— ..... Each **$10.99**

Engine Swapping

Recently revised "how-to-do-it" book about engine swapping. Covers late model OHV engines with step-by-step method of installing them into older cars and compacts. Includes information on installing Cadillac into Ford, Chevrolet into Ford, Chrysler into Ford, and Chevrolet into Studebaker, and late Chevrolet into early Chevrolet, etc. Lists all electrical circuit changes, information on adapters, engine weights, suspension and chassis data. 103 pages include lots of photos.
16-5023R— ..... Each **$2.00**

COIL SPRING SPACERS

Easily installed with just a hammer.
85-2719A— 1-Set of 4 ... **$1.49**

SATISFACTION GUARANTEED or MONEY BACK

EXTRA HI-LIFT COIL SPRINGS

for Competition, Street, or Strip

- For front or rear—raises car 3 to 4 inches
- Solves tire clearance problems when oversize tires are used
- Provides positive increased weight transfer for competition on street or strip
- Improves traction for faster acceleration
- Easy to install—replace original perfectly

Heavy gauge high tempered steel springs are of 1-pc. construction. Maintain lift, will not sag.

EXTRA HI-LIFT LEAF SPRINGS

- HIGH ARCH Rear Springs Give 2" to 4" Extra Lift over Original Springs
- PROVIDE Extra Clearance Needed when using oversize tires
- IMPROVE Traction—Reduce sway
- Heavy Gauge Spring Steel construction
- REPLACE Original Springs perfectly

♦ Corvette is transverse suspension. Sold each.

HIGH PERFORMANCE

SOLID MOTOR MOUNTS

- For Chevy V8 & Dodge, Plymouth 340 Engines
- Prevent Costly Damage to Headers, Clutch & Transmission

1-piece solid motor mounts anchor engine firmly to the chassis to prevent movement under hard acceleration Super-strong 3/16" thick steel mounts eliminate the need for chains or torque straps. End clutch linkage movement and shifting problems caused by worn out or broken stock rubber mounts.
37-6691X—For 58-68 Chevy V8 ..1-Pair **$11.95**
37-6692N—For 69-75 Chevy V8 ..1-Pair **11.95**
37-6693T—For 68-73 Dodge, Plymouth 340 ..... 1-Pair **11.95**

SATISFACTION GUARANTEED or MONEY BACK

Chrome or Cadmium Plated SUPER REAR-END LIFT KITS

Raise Rear End of Car 5½ to 10 Inches

- Increase rear tire clearance — positively solve tire clearance problems when oversize tires are used.
- Increase weight transfer — give competition performance.
- Improve traction for faster acceleration on street, strip or track.
- Give car that racy, custom "Drag Strip" appearance.
- Easy to install, adjustable to the height you want from 5½ to 10 inches.
- Choice of chrome or cadmium plated—add to appearance—resist rust and corrosion.

Kit consists of four heavy duty 3/8" steel shackles with special hardened 6-point aircraft bolts, nuts and lock washers—choice of chrome or cadmium plated. Height is adjustable from 5-1/2 to 10 inches. Instructions included for simple, easy installation on following cars with leaf springs:

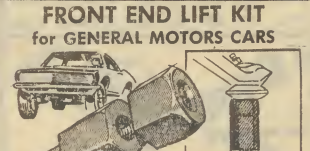
64-74 B'cuda	57-75 Cougar	68-75 Javelin
41-57 Cadillac	60-75 Dart	49-75 Lincoln
67-75 Camaro	40-61 DeSoto	70-73 M'rick
66-75 Charger	40-75 Dodge	49-64 Mercury
49-54 Chev.	58-60 Edsel	64-75 M'tang
55-57 Chev. (see below)	61-71 F'lane, Torino & Montego	51-60 Olds.
62-75 Chevy II	60-70 Falcon	71-75 Pinto
40-75 Chrysler	67-75 F'bird	41-75 Plym.
60-75 Comet	49-64 Ford	49-57 Pontiac
53-62 C'vette		55-75 T'bird
		60-75 Valiant

Chrome Plated
87-7423T— 1-Kit **$12.98**
Cadmium Plated
87-7383R— 1-Kit **$7.95**
Kit For 55-57 Chevrolet Cars.
87-7388Y—Cadmium plated 1-Kit **$8.98**

FRONT END LIFT KIT for PINTO

Raises front end two inches to improve handling and to provide extra clearance needed for oversize tires. Lifts and stabilizes for a more overall balanced suspension. Improves acceleration, deceleration, reduces side-sway for safer ride control.
Ductile iron construction. Kit includes all necessary hardware and illustrated step-by-step instructions. Fits all 71-76 Pinto (except station wagon).
87-9792R— 1-Kit **$11.95**

FRONT END LIFT KIT for GENERAL MOTORS CARS

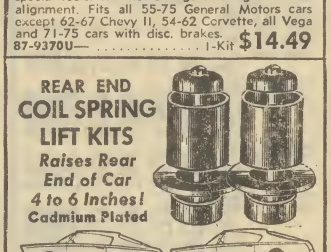


- Exceeds SEMA 9-1 Specs
- NHRA and AHRA Accepted

Ball joint spacer type lift kit allows up to 6" front end lift under acceleration, resulting in maximum weight transfer for lower ET's and better traction. Car will remain at stock height when standing still. Precision engineered, made of rugged high strength steel for performance and safety. Quick, easy bolt-on installation requires no welding, cutting, drilling, grinding, or special tools. Will not change existing front end alignment. Fits all 55-75 General Motors cars except 62-67 Chevy II, 54-62 Corvette, all Vega and 71-75 cars with disc. brakes.
87-9370U— 1-Kit **$14.49**

REAR END COIL SPRING LIFT KITS

Raises Rear End of Car 4 to 6 Inches! Cadmium Plated



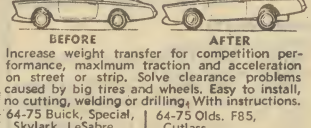
Increase weight transfer for competition performance, maximum traction and acceleration on street or strip. Solve clearance problems caused by big tires and wheels. Easy to install, no cutting, welding or drilling. With instructions.

64-75 Buick, Special, Skylark, LeSabre	64-75 Olds. F85, Cutlass
64-75 Chevelle	58-64 Pontiac
65-75 Chevrolet	64-75 Tempest, LeMans, GTO Judge
71-75 El Camino	71-75 Vega
71-75 Monte Carlo	
1965 Ford	

87-7634N— 1-Kit **$9.98**

Mini TRACTION BARS

ALL Chrome

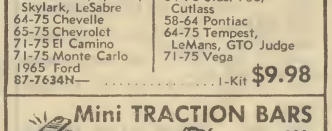


Fits All Cars with Leaf Springs

- Stops wheel hop, spring wrap-up
- Improves weight transfer and traction

Chrome plated high quality steel for maximum strength. Allows full tire clearance, even with slicks. Easy bolt-on installation. Complete with hardware.
85-2243B— 1-Pair **$17.98**

MOTOR MOUNT CUSHION and INSTALLATION KIT



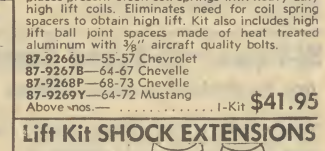
Absorbs vibration! Always install new cushions when making an engine conversion. Fit most conversions requiring single bolt motor mount. Kit consists of rubber cushions, washers, bolts, nuts and cotter pins for right and left side.
37-4192Y— 1-Kit **$7.98**

Front End Super Lift Kit for CHEVROLET, CHEVELLE & MUSTANG

- Adds up to 8" lift to your front end over stock specifications.
- Gives maximum weight transfer to rear of car for faster acceleration.

Achieve the weight distribution necessary for best E.T. in drags or sprints. Engineered to give you unbelievable weight transfer and handling under acceleration. Maintains longer lift under acceleration before bottoming out. Stabilizes cornering and maneuverability. Replaces present stock coil springs with heavy duty high lift coils. Eliminates need for coil spring spacers to obtain high lift. Kit also includes high lift ball joint spaces made of heat treated aluminum with ⅜" aircraft quality bolts.
87-9266U—55-57 Chevrolet
87-9267B—64-67 Chevelle
87-9268P—68-73 Chevelle
87-9269Y—64-72 Mustang
Above nos.— 1-Kit **$41.95**

Lift Kit SHOCK EXTENSIONS & STUDS



A "must" for installing lift kits. Can be used with all shocks, including air shocks and shocks with overload springs. Set services 2 shock absorbers. Easy to install.

A **3-inch extension** for bar pin mounted shocks. Durable lightweight cast aluminum. Hardware included.
85-1205B
1-Set **$5.95**

B **Extensions** for all stud mounted shocks, front or rear. Bright cadmium plated steel.
85-0985P—Up to 2" extension 1-set **$2.49**
87-8976R—Up to 4" extension 1-set **$3.69**

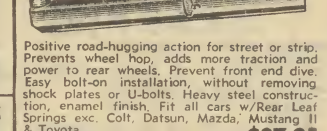
C **3 Inch Extension** for rear shocks on all 62-71 Chrysler, Dodge and Plymouth cars.
87-8818T— 1-set **$7.29**

D **Shock Studs.** For easy stock and custom installations. 5/8" diam. stud shank fits all eye type shock mountings. Cadmium plated.
87-8977X— 1-set **$3.98**

Your Satisfaction is Our Goal

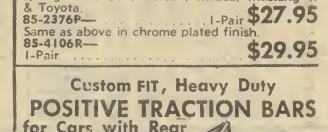
Heavy Duty Traction Bars

Legal for new NHRA stock classes



Positive road-hugging action for street or strip. Prevents wheel hop, adds more traction and power to rear wheels. Prevent front end dive. Easy bolt-on installation, without removing shock plates or U-bolts. Heavy steel construction, enamel finish. Fit all cars w/Rear Leaf Springs exc. Colt, Datsun, Mazda, Mustang II & Toyota.
85-2376P— 1-Pair **$27.95**
Same as above in chrome plated finish.
85-4106R—
1-Pair **$29.95**

Custom FIT, Heavy Duty POSITIVE TRACTION BARS for Cars with Rear Coil Springs



- Eliminate wheel hop —spring distortion —improve weight transfer
- Cut up to a full second off your ET.

Get positive traction for rear coil spring suspension. Keep rear end housing stable under acceleration, putting more weight on rear wheels. Also act as sway bar to improve road handling and braking. With hardware and instructions.
Bolt-On Type. Replace stock control arm completely. Fit all Buick Special, Skylark & Gran Sport, Chevelle, Olds F85 and Cutlass 442, Pontiac Tempest and GTO.
85-1762B— 1-Pair **$46.95**
TRACTION BAR FOR VEGA
85-2249R— 1-Pair **$25.95**

Hi-Performance Quality Tuned HEADERS

- Dyno-Tested & Tuned
- Up to 20% More H.P.
- Custom Made to Fit Your Car or Truck or Van
- Street Hook-Up Extensions Included

COMPETITION TUNED—for high performance on street or strip. Dyno-tuned to give maximum power increase . . . faster acceleration, lower E.T. . . . higher top speed . . . improved, smoother idle. **Custom Designed for Perfect Fit**—Manufactured to fit WITHOUT FRAME OR BODY ALTERATIONS. Easy bolt-on installation—no cutting or welding required.

Self-Scavenging 4-Tube Design—Tuned tube lengths use column inertia of departing exhaust gas to relieve back pressure and allow faster intake of fuel/air mixture to cylinders during acceleration. Smoother flow of exhaust gas will help engine run cooler and give better gas mileage. (Because of extreme variance in engine mounting positions we cannot assure fit on any engine swap.

ONLY **67.95** Complete

COMES COMPLETE WITH STREET HOOK-UPS, BOLTS, GASKETS, AND INSTRUCTIONS. Will fit all cars below as noted ♦ Will not fit air conditioning. Shipping weight 40 lbs.

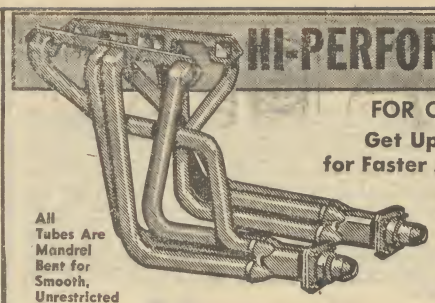
HI-PERFORMANCE TUNED HEADERS



All Tubes Are Mandrel Bent for Smooth, Unrestricted Exhaust Flow

FOR CARS, TRUCKS & RECREATIONAL VEHICLES

Get Up to 20% More Horsepower AT THE WHEELS for Faster Acceleration, Lower ET'S and Higher Top Speed!

THESE TUNED STEEL TUBE EXHAUST HEADERS GIVE YOU MORE POWER PER DOLLAR THAN ANY OTHER SINGLE MODIFICATION

Reduce power-robbing back-pressure—let your engine "breathe" easier for better operating efficiency, a fantastic power increase and improved gas mileage.

Dyno-Tuned and Competition Proved! Tested scientifically, on the latest engine dynomometer equipment—then proved on racing cars to give a winning power increase!

All Tubes, Flanges, Collectors & Extensions Are Heli-Arc Welded—Extensions With All Headers!

CUSTOM MADE to fit your car perfectly! Less work to install. Scientifically tuned to give the maximum power increase on your car. **HEAVY DUTY CONSTRUCTION** to meet the rigid standards and demands placed on racing headers. Each Tube runs individually from header flange to collector. Heavy gauge steel tubing is "mandrel" bent on the latest equipment for smooth flowing, turbulence-free bends. Each pipe is jig-checked for perfect accuracy, before being heli-arc welded into place, to assure proper fit on your engine.

FULLY FINISHED PORTS are hand ground to perfectly match flange plates and the configuration of the exhaust port. Flange plates are checked to be warp-free and completely smooth for proper gasket seal.

COMPLETE—Headers include everything you need for installation and hook-up to your stock exhaust system. Street hook-up extensions, gaskets and bolts are included.

All headers are under 1 chassis design except where otherwise stated.

♦ Will not fit cars with air conditioning.

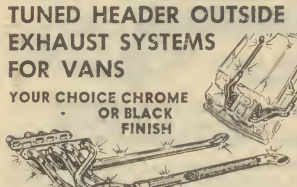
TUNED HEADER OUTSIDE EXHAUST SYSTEMS FOR VANS

YOUR CHOICE CHROME OR BLACK FINISH



Complete matched, equa-length tuned systems for both sides of van. Combine the great looks of outside exhausts with the high performance of tuned headers! Side pipes fill entire area between front and rear tires for a sleeker, lower look, yet do not interfere with ground clearance. Side pipes are 3-1/2" O.D. Primary header tubes; Chevrolet and Ford, 1-3/4"; Dodge 1-5/8". Systems are designed to fit vans with or without all power options. Complete with pair of headers, side pipes and slip-on mufflers, hardware and instructions. Choose show chrome or black finish.

DUAL SIDE PIPE KIT for ALL Cars, Trucks & Vans

Everything you need in one kit!

Give Your Vehicle the Appearance of Tuned Chrome Exhaust Headers and Side Pipes at a Fraction of the Cost!

Fully chromed inlet pipes feature one functional 2" inlet and three "dress-up" tubes welded to a big bore collector that revolves to permit wide range of applications. Side pipe assembly features heavy duty glass pak mufflers with six-sided louvred core for improved tone and power. Exit pipe is triple chrome plated, angle cut for good looks and directional latitude. Polished chrome heat shield has slotted design for efficient heat dissipation. Each kit includes all necessary parts for both sides of vehicle. For all cars, trucks and vans.

Diameter	Length	Stk. No.	I-Kit
3"	65"	29-1058U	$144.95
3"	75"	29-1059B	149.95
3"	85"	29-1060P	154.95

Glass Packed BULLET SHAPED MUFFLER BLANKS

Complete mufflers without inlet or outlet nipples—designed for use in custom set-ups where muffler case can be welded directly to pipes. Chopped strand fiberglass packing will not burn, settle, or blow out. Heavy 14 gauge casing. Straight-thru construction eliminates back pressure, increases horsepower and gas mileage. Has deep mellow tone. See index for connectors and tubing.

- Replace hard-to-get mufflers
- Perfect for custom installation

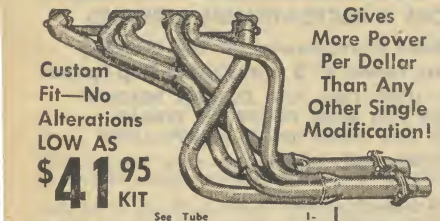
DUAL TUNED HEADERS for 4, 6, V6 Cyl. Cars, Trucks, Vans

Get up to 30% MORE HORSEPOWER! BETTER GAS MILEAGE! SMOOTHER RUNNING ENGINE!



Custom Fit—No Alterations LOW AS $41.95 KIT

Gives More Power Per Dollar Than Any Other Single Modification!

Dual headers are a "must" for 4 & 6 cyl. engines, as these engines are equipped with only one exhaust manifold which limits engine operating efficiency and results in sluggish performance. These headers can restore lost power and performance by letting your engine "breathe" better, operate more efficiently. The results: improved acceleration when you need it, better gas mileage and a cooler running engine. In fact, these headers are the best investment per dollar spent you can make to increase the performance of your 4 or 6 cyl. car or truck. Maintain or improve the economy of your 4 or 6 cyl. engine while boosting performance. You can gain up to 30% more H.P. over stock equipment with a well tuned or slightly modified engine. Precision engineered headers come in tuned lengths with mandrel bends for smooth exhaust flow and maximum power. Heli-arc welded of heavy steel with flanges made to exact thickness of stock exhaust manifold. This permits installation of any stock or modified intake manifold, using stock hardware and only one stock gasket, without shims. Headers are custom fit for each application for easy installation. Kit includes headers, street hookups, gaskets, hardware and instructions. Shpg. wt. per set: 4 cyl. cars, 23 lbs., 6 cyl. cars, 30 lbs.

Notes: (1) Will not fit cars w/factory air conditioning.
(2) For cars with alternators only.
(3) These Headers are designed to be used with the 1951 or 55-57 front engine mounts.
(4) For car with starter located under manifold only
(5) V8 Belihousing—starter at oil pan level
(6) Starter located on driver's side.
(7) Starter located on passenger side.
(8) Single outlet header.
(9) With smog fittings.
(10) Will not fit cars with power steering or power brakes.

Tuned EXHAUST HEADERS for Recreational Vehicles and Pick-Ups

- **Easy bolt-on installation**
- **Custom fit**

Dyno-tested—road proven! Allows your engine to "breathe" better—gives increased power and performance. Improves gas mileage. Lets engine run cooler at all speeds. Gives easier, more powerful hill climbing—faster acceleration and passing. Custom-fit, no cutting or welding. Complete with gaskets and hookups to present exhaust system. (For converting single exhaust systems, see Index for mufflers and dual side tailpipes).

TUNED HEADER OUTSIDE EXHAUST SYSTEMS for CAMARO, CHEVELLE, CHEVY II and CORVETTE

Two Slip-In Mufflers Quickly Convert System for Street or Strip

Complete matched, equa-length tuned system for both sides of car. Combine the great looks of outside exhausts with the high performance of a tuned header system! Precision heli-arc welded from heavy gauge steel tubing, mandrel bent for smooth, unrestricted exhaust flow. Equa-length tuned header tubes give maximum power. Side pipes provide adequate ground clearance. This is a true racing system that is easily converted for street use by merely slipping the low-restriction mufflers into the side pipes. System complete with pair of headers, side pipes and slip-in mufflers, complete hardware and instructions. Avg. shpg. wt. 95 lbs. Choice of 2 finishes, for the following cars without air conditioning:

DUAL HEADER EXHAUST SYSTEM

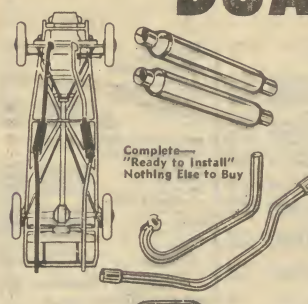
Hi-Performance! Fits ANY V8 Headers on ANY Vehicle

Connectors bolt onto **any headers—no welding necessary!** Bendable connections ahead of the mufflers and easy-to-install tail and side exit pipes allow easy installation on **any** vehicle. Bullet shaped, straight-thru glass packed mufflers reduce back-pressure to increase performance, give a low, mellow tone. Reducers included to fit all collectors.

21-2733R—Fits all V8 Headers ..... I-Kit **$47.95**

Easiest, Fastest & Simplest Way to Increase Horsepower & Gas Mileage

Install a DUAL EXHAUST SYSTEM



Complete— "Ready to Install" Nothing Else to Buy

NO OTHER ACCESSORY CAN DO SO MUCH FOR SO LITTLE!

- **Improve Acceleration and Engine Performance**
- **Reduce Back Pressure**
- **Increase Horsepower Up to 20%**
- **Increase Gas Mileage Up to 10%**

Installing a dual muffler system improves performance — eliminates congestion in single crossover exhaust pipe, muffler and tailpipe. Gives you two separate exhaust systems.

DUAL SET Less Muffler. Consists of one dual side head (exhaust) pipe, one dual tailpipe where needed, clamp and plug set and instructions. If mufflers other than those shown below are desired, order set less mufflers. See Index for muffler wanted from our large assortment.

DUAL SET with two Fiberglass Packed Mufflers. Consists of one dual side head (exhaust) pipe, tailpipe (where needed), clamps, plug set, two bullet fiberglass packed mufflers, and detailed instructions. Straight-thru mufflers have special perforated inner core and long strand chopped fiberglass packing . . . effectively mute harsh exhaust tones without causing back pressure. Gives deep non-offensive tones. Heavy gauge steel case and end caps for durability.

A SINGLE EXHAUST "ROBS" YOUR ENGINE OF ITS FULL POWER

With a dual exhaust system, back pressure is reduced to a minimum — engine breathes more efficiently, delivers more power, top performance and economy. Exhaust gases and heat are scavenged from system more quickly, engine heat is reduced even when towing trailer.

w/PB = With Power Brakes; wo/PB = Without Power Brakes; SW = Station Wagon. Approx. shpg. wts.: Kits less mufflers, 20 lbs; Kits with muffler, 42 lbs.

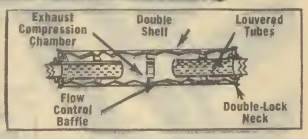
High Performance STRAIGHT-THRU MUFFLERS

Baffle Type

Straight-thru baffle design insures minimum back pressure and increased horsepower at the wheels, added gas mileage plus longer engine life. Louvered tubes pack gases into steel baffled chambers for fast scavenging action. Exhaust gases are compressed in chambers and form a static buffer which dampens vibration and dissipates excessive sound — maintains deep low tone. Flow control baffle provides stability and tone, especially at high R.P.M.'s.

Double shell is made of 18 gauge steel and zinc coated to seal out rust and corrosion — can't chip or flake — muffler lasts for the life of the car. Heads are spun for tightest seal. Swinging head — 30° pivotal pipe ends permit perfect alignment to exhaust and tail pipe. Insures permanent leakproof connection.



FULL (OWNERSHIP DURATION) WARRANTY. We warrant these mufflers never to leak, change tone, blow out, rust or burn out for as long as purchaser owns car on which muffler was originally installed, or will be exchanged FREE (not including installation costs).

Fits the following American cars and trucks:

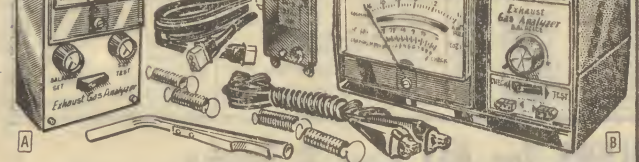
Do-It-Yourself & SAVE

Exhaust GAS ANALYZERS



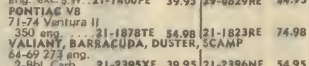
- **Diagnose Carburetor Problems**
- **Determine Best Carburetor Setting for Maximum Efficiency**
- **Establish Best Fuel/Air Ratio for Most Economical Operation**
- **Operate Off Vehicle Battery—Ideal for Road Testing**
- **Solid State Circuitry**
- **For All Gas, Propane, and Butane Engines**

Easy-to-read color coded ratio scales allow you to test idle mixture, accelerator pump, power valve, air cleaner, main metering, jet/air leaks, float adjustment, choke setting, and all settings and adjustments in ignition control systems. Complete with sensor unit, pickup hose, clamps for battery hookup, tailpipe clamp, and instructions.

A **Mini Exhaust Analyzer.** Only 6" high x 3-1/2" wide—small enough to fit in glove compartment. Tailpipe pickup and sensor assembly convert exhaust gas into an electrical signal for safe, fumeless, in-car readings of exhaust system. Measure carbon monoxide output and define carburetor problems. Works on both single and dual header systems. Dual range 11 to 16 lbs. air/fuel for gasoline and LP gases and 0 to 9% CO. Runs off vehicle or independent battery, 12 volt positive or negative ground only.
17-9678N— . . . . . Each **$49.95**

B **Deluxe Exhaust Analyzer.** Large 6" D'Arsonval meter provides readings for all necessary adjustments and settings of the carburetion and emission control systems of all internal combustion engines—while driving or in the garage. Measure carbon monoxide output and define carburetor problems. Tailpipe pickup and sensor assembly convert exhaust gas into an electrical signal for safe, fumeless, in-car readings of exhaust system. Pre-heated coil in tailpipe pickup provides instant electric meter readings. Self-test function insures pinpoint accuracy. Works on both single and dual exhaust and header systems. Dual range 11 to 16 lbs. air/fuel for gasoline and LP gases and 0 to 9% CO. Works on all 6 and 12 volt, positive or negative ground systems.
17-9679T— Each **$59.95**

HI-PERFORMANCE MUFFLER



for 63-75 CORVETTE

- **Improve Performance, Top Speed, Gas Mileage**
- **Eliminate Back Pressure**
- **Bullet Shape Straight Thru Design**
- **4" Diameter Large Case**

Full 2" diameter perforated inner core—one end rides free in sleeve for contraction and expansion—prevents pullaway from muffler ends. 14 gauge, seamless tubular case with swedged down ends. Packed with indestructible fiberglass, withstands tremendous heat—won't burn, settle or blow out. Gives a deep mellow tone. Mounting hardware included. Replaces original perfectly.

63-72 w/2" exh. pipe:
22-3586R—Left side.
22-3585A—Rt. side.
63-72 w/2-1/2" exh. pipe:
22-3584U—Left side.
22-3583W—Rt. side.

22-4682N—Rt. side.

Above Numbers. . . . . Each **$15.49**

Glass-Pack Muffler Blanks

FOR CUSTOM INSTALLATION

Indestructible fiberglass packed—will not burn, settle or blow out. Large 3-1/2" diam. gives a deep, mellow tone—straight construction eliminates back pressure—increases horse-power and gas mileage. Connections on both ends are 1-3/4" and extend 2". Use 1-7/8" muffler clamp (see index). For universal installations just clamp any size or shape pipe required on each end.

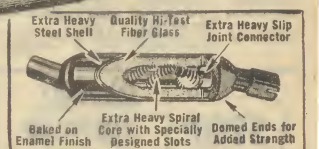
22-0451R—18" . . . . . Each **$7.95**
22-0452X—21" . . . . . Each **8.49**
22-0453N—26" . . . . . Each **8.98**

High Performance Bullet Mufflers

GUARANTEED FOR LIFE OF CAR!♦

STRAIGHT-THRU DESIGN WILL NOT CHANGE TONE!

HI-DENSITY FIBERGLASS PACKED. SOLID TUBE CASE—Available in 3", 3½" and 4" Case diameter.



Here it is! THE BIG, BIG SOUND! Large diameter seamless case super bullet-shaped muffler with the "cool" sound of the "seventies." Special slotted non-clogging straight-thru core is radial saw cut design for maximum sound control, yet puts out a low, distinctively powerful tone. Muffler is packed with long strand fiberglass that won't blow out or lose its deep mellow tone. Contains a binder, that under heat, bonds itself to case and core. In doing so, fiberglass holds its position in muffler, giving lifetime tone and wear. Super-strong 14 gauge steel case gives real hi-performance and long life—you get more speed and power with better gas mileage and engine performance. Back pressure is reduced to a minimum. Domed ends for added strength—no weak spots to burn out. Custom fit for your car or truck—replace original muffler perfectly. **State Make, Year, Model, Cubic Inch Displacement of Engine, Single or Dual Exhaust, Left or Right Side, Front or Rear and Stock No.** Avg. shpg. wt. 8 lbs.

FULL (OWNERSHIP DURATION) WARRANTY

We warrant these mufflers never to leak, change tone, blow out, rust or burn out for as long as original purchaser owns car — or will be exchanged FREE (not including installation costs).

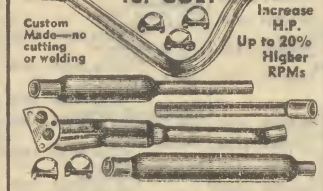
MUFFLER SYSTEM for VEGA

- **Increase acceleration, power, mileage**
- **Reduce engine heat, back pressure**
- **Prestigious appearance**

Hi-performance extractor replaces power-robbing stock muffler system. Gives more efficient exhaust scavenging, reduces back pressure. Bullet type muffler is 23" long with 3" diam. case and 1-3/4" diam. louvered core. Tailpipe mandrel bent for smooth exhaust flow. Big custom chrome box tips. System mounts below center rear of car. Easy to install. Complete with hardware and instructions. Fits all Thru 1974 only.
21-1881X— I Kit **$29.95**

Hi-Performance EXHAUST for COLT



Custom Made—no cutting or welding

Increase H.P. Up to 20% Higher RPMs

- **Increase M.P.G.**
- **Improve Performance—Reduce Back Pressure**
- **Cooler running engine — longer engine life**

New dyno-tuned exhaust and muffler set—easiest way to add "kick" to your car! Bullet-shaped mufflers are fiberglass packed, straight-through type. Radial cut cores for heat scavenging action—give deep, mellow tone. All pipes mandrel bent for smooth, unrestricted exhaust flow. Simple bolt-on installation. Kit complete with manifold extender headpipe, muffler, resonator, hardware. For Dodge Colt with 1600cc eng.

INDEX AND ORDER BLANKS—SEE BACK PAGES

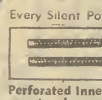
SILENT POWER MUFFLERS with Full

FULL (OWNERSHIP DURATION) WARRANTY

Silent Power Mufflers are Warranted for the life of the car as long as original purchaser owns car upon which Muffler was installed. Should Muffler fail, it will be replaced free of charge, excluding labor cost.

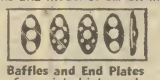
PERFECT FIT—EXACT REPLACEMENT OF ORIGINAL

Every Silent Power Muffler is tailored to fit the make and model of car on which it is to be installed.

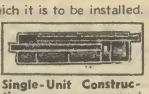


Perforated Inner Tubes control pressure, dampen sound

Hermetic Sealing guarantees safe, leakproof operation.



Baffles and End Plates of special, high quality steel.



Single-Unit Construction assures rugged dependability.

Look At All These Superior Features — No Other Muffler Offers So Many!

Designed and engineered for today's high compression, high speed engines. Gives you power-packed performance — yet is as silent as a kitten — **for the life of your car!** Specially designed inner tubes and sound chamber control pressure and dampen sound without sacrificing extra power, speedy acceleration. **Double wrapped alloy coated heavier gauge steel outer shell is rust resistant — prevents corrosion, assures long life. Hermetic sealing and overall integrated construction are so superior that this muffler carries a Full Warranty for as Long as You Own Your Car or Truck. Corrosion-Resistant Alloy Coated Steel Shells. All Silent Power muffler shells are coated with an alloy comprised of aluminum, zinc, cadmium and lead elements. This alloy coating seals out rust-producing moisture, resists corrosive action of exhaust gases — can't chip or flake off. State Make, Year and Model of Car, Cu. Inch Disp. of Engine, Single or Dual Exhaust, Whether for Right or Left Side, Whether for Front or Rear.**

♦Welded assembly—includes pipe

★ Requires extension pipe from muffler to manifold—see Index for exhaust pipes.

† Requires extension and tail pipes for installation (see Index.) Frt=Front, Rr=Rear, L=Left Side, R=Right Side. Dual Exhaust mufflers fit left and right side unless otherwise noted.

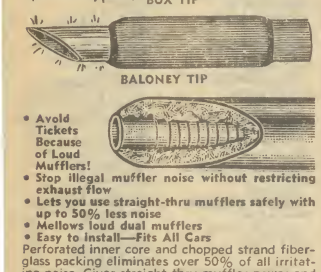
STOP *ILLEGAL MUFFLER NOISES*

Install the Noise Reducing

"RACKET BUSTER"

Fiberglass-Packed Chrome Tip Bullet Exhaust Extension



- Avoid Tickets Because of Loud Mufflers!
- Stop illegal muffler noise without restricting exhaust flow
- Lets you use straight-thru mufflers safely with up to 50% less noise
- Mellows loud dual mufflers
- Easy to Install—Fits All Cars

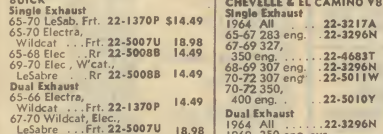
Perforated inner core and chopped strand fiberglass packing eliminates over 50% of all irritating noise. Gives straight-thru muffler power and pep without ear-splitting, illegal noise. "Racket Buster" exhaust extension is 16" overall length with 10" long x 3" diam. bullet muffler. Triple-chromed tip, heavy gauge steel shell. Packing will not settle or burn out. Works on all exhaust systems—single or dual. Includes bracket, hanger, clamp, reducers. Easily installed — no cutting or alteration of tailpipe necessary.

FIT ALL TAILPIPES FROM 1-3/4" THRU 2-1/4" O.D.

24-1563Y—Baloney Tip . . . . . Each $8.49

24-1564W—Box Tip . . . . . Each $10.98

QUALITY BIG BRUTE MUFFLERS for ALL Cars & Trucks



LOW PRICED!

Duplicate of original — exact fit

Here is a replacement muffler at a low, low price! Designed to give you good service at a minimum price. Big Brute Replacement Mufflers have electronically welded seams, double wrap steel shells, and no-clog baffles. Will fit both sides on duals unless otherwise shown. See Index for Silent Power Lifetime Mufflers. **State Make, Year and Model of Car or Truck and Stock No.** Rr=Rear, Frt.=Front

Very High Temperature Enamel for Exhaust Systems

Choose from 13 colors

In spray cans and 4-oz. cans.

For Exhaust Systems, Headers & Manifolds

Dress up and preserve exhaust systems and manifolds at less than 1/3 the cost of chrome plating, aluminizing, or porcelainizing.

Resists rust, corrosion and carbonization. Designed and tested for the missile and space industry to withstand temperatures up to 1200°F—will dry tack-free in 15 minutes. Will not bake off or discolor. Easily cleaned with soap and water. Choice of 13 colors. Available in 12 oz. aerosol spray can, or 4 oz. can. Contents of 4 oz. container can be sprayed, brushed or dipped on part desired (must be thinned 50-50 with enamel thinner). Contents of thinned 4-oz. can of enamel will coat one set of manifolds, headers, or exhaust pipes. With easy-to-follow instructions.

12 oz. Aerosol Spray Cans.

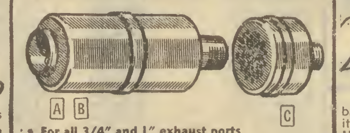
MUFFLER REPAIR KIT

Permanent heat proof seal for any muffler, exhaust or tailpipe. Avoid costly replacements with permanent, easy-to-apply repair kit... no scraping, buffing or cleaning required! Simply cut asbestos tape to required length, apply special epoxy hardener and wrap around. Also ideal for rusted metal body parts, leaky gas lines, tanks, etc. Contains 3" x 12' roll of tape and 4 oz. bottle of hardener.
12-1260N— 1-Kit $2.49

SMALL ENGINE MUFFLER



- **For all 3/4" and 1" exhaust ports**
- **Reduce noise** • **Arrest sparks**
- **Prevent excess back pressure**

Small engine muffler is ideal for lawn mowers, snow blowers, go-karts, stationary engines, etc. 18-gauge steel mufflers have perforated baffles for maximum efficiency. Choice of styles to fit your particular engine.

[A] Threaded 1/2" pipe tapered to fit 3/4" exhaust ports. 4-3/4" long, 1-1/2" diam.
24-1536U .... Each 1.25

[B] Threaded 3/4" pipe to fit all 1" exhaust ports. 6-1/2" long, 2-1/4" diam.
24-1586R .... Each $1.98

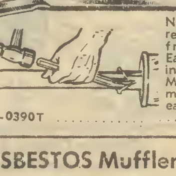
[C] Threaded 1/2" pipe to fit all 3/4" exhaust ports. 2-1/2" long x 2-1/2" diam.
24-1587X .... Each $1.25

Exhaust Pipe END SHAPER

Rounds pipe in or out. Repairs crushed, bent or flared pipes easily. Removable handle for reshaping pipe ends with curves or other obstructions.
82-0719W— .... Each $9.98

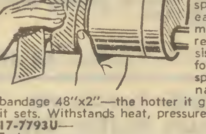
SAVE on Many Items

Muffler Removing Tool



Necessary tool for removing rusted, frozen mufflers. Easy to use even in tightest places. Makes removal of mufflers faster, easier.
51-0390T .... Each $3.59

ASBESTOS Muffler Bandage



Wrap-around repair permanently fixes muffler splits and bursts easily. No removal of muffler required. Consists of strip of foil, 48" wire, and specially impregnated asbestos bandage 48"x2"—the hotter it gets, the harder it sets. Withstands heat, pressure, vibration.
17-7793U—
Each $1.39

Muffler & Pipe Expansion Tool

Muffler ends and pipes warped by heat and dented by clamps are easily restored to round shape in seconds—makes it easy to fit new tail pipe or exhaust pipe. Simply insert tool and turn with wrench... tool does the rest. Sturdily made for lasting use. Fits 1-5/8" thru 2-1/4" I.D. pipes.
51-0380U—Each $6.95

MUFFLER SEAL

Repairs Leaking Muffler and Pipes

NO TOOLS—NO DISMANTLING—GAS TIGHT
Prevents carbon monoxide from entering car. Flows around openings and remains permanent. Apply with fingertips right from can—hardens, sets like a weld. 6-1/2 oz. can.
16-0074X— .... Each $1.69

Shine-Like-Chrome CERAMIC COATING For Exhaust Systems

Withstands High Temperatures—up to 1600° F. Easy-to-apply coating that buffs to a gleaming shiny chrome-like appearance, and will not discolor. Prevents heat oxidation, rust, corrosion of exterior exhaust system parts. Not affected by gas, alcohol or soap—dissipates heat rapidly. Dresses up and preserves exhaust system at less than 1/3 the cost of chrome plating, aluminizing, or porcelainizing. Coat outside of headers, manifolds, exhaust pipes, collector pipes . . . all other exhaust system parts. Also excellent for coating inside of new headers and pipes before mounting—stops rust and corrosion on the inside. Coating withstands temperatures up to 1600° F.—air dries in 15 minutes and is heat cured within 375° F., easily within the operating temperature range of exhaust system. Coating is water-soluble, requires no thinning—easy to apply—just spray, brush, or wipe on. 4-oz. bottle coats approx. 15 sq. ft. Instructions.

16-0115Y— .... 4 oz. bottle $2.49
16-0263W— .... 8 oz. bottle $4.25

Zinc Rich COLD GALVANIZING COMPOUND

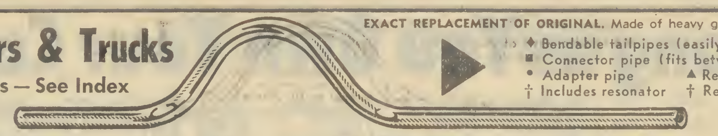
Forms a 95% Pure Zinc Film — Equal to Hot Dip or Better

- **Stops rust cold—actually heals scratches**
- **Electro-magnetically fuses itself to iron, steel, aluminum for lasting protection**
- **Ideal for automotive bodies, farm equipment, boats, fences, down spouts, etc.**

Actually fuses itself to metal—becomes a part of it. Lasts for years wtihout attention. 95% pure zinc rich compound completely stops rust deterioration and heals small scratches with galvanic action. More convenient than hot dipping—easier to use, easier to paint, and more resistant to cracking when metal is bent. Highly resistant to pollutants, water, acid, salt, road chemicals. Meets or exceeds MIL-P-26915A, MIL-T-26433, MIL-P-21035, MIL-P-46105 and Preece test specifications. Blends well with hot-dip coating. Just spray on 16-oz aerosol can.
12-1667A—
Each $2.95

TAIL PIPES for Cars & Trucks

for Imported Car Tail Pipes — See Index



EXACT REPLACEMENT OF ORIGINAL. Made of heavy gauge steel with electric welded seams.

- ♦ Bendable tailpipes (easily formed to fit chassis of your car)
- ■ Connector pipe (fits between front and rear muffler).
- ● Adapter pipe ▲ Replaces resonator
- † Includes resonator † Resonator pipe

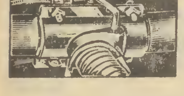
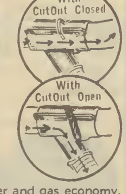
Get More Power, Higher Speeds, & Better Gas Mileage WITH AN

EXHAUST CUTOUT For All Cars and Trucks

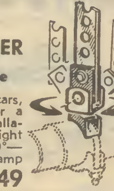




Dash Control increases power, adjusts tone while you drive. Gives you two exhaust systems in one: (1) WIDE OPEN EXHAUST system for the open road and country driving when you want more speed, more power and gas economy. (2) CLOSED QUIET EXHAUST for city and restricted areas. Cutout has extended outlet for use with flexible tubing or exhaust pipe, where auxiliary pipe is desired. Heavy gauge steel all welded construction—strengthens exhaust pipe. Completely mechanical—no springs to break or fail. New deep valve seat below pipe level assures tight leakproof seal when closed. Angled outlet permits free exhaust flow. Complete with bolts, insulating asbestos, and 5 ft. dash control cable.

24-1626T—Fits exh. pipes up to 2". Each $4.49
24-1627A—Fits exhaust pipes 2-1/8" to 2-1/2" diam. Each $4.49
Cast Iron—Fits pipes 1-3/4" to 2-1/4".
24-1628R—(Welding necessary) Each $9.98

HEAVY DUTY TAILPIPE HANGER



Universal Swivel Type

Fits ALL applications—cars, trucks, RV's, buses — for a permanent exhaust installation. Swings left and right 45°, bend, and turns 360°—all at the same time. Clamp not included.

24-1625N— Each **$2.49**

Chrome Clamp & Bracket Assembly

For Special Mounting of Extensions, Tips, Tailpipes, Truck Stacks, etc. Gleaming Chrome Plated.

24-0059Y—For 1-3/4" O.D. pipe.
24-0060W—For 2" O.D. pipe. Each **$4.49**

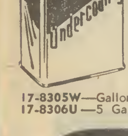
Stop Muffler Rust-Out with Aluminum Muffler Coat

ALUMINIZE YOUR MUFFLER AND TAILPIPE. ADD UP TO 33-1/3% MORE LIFE TO YOUR EXHAUST SYSTEM. CUT REPLACEMENT COSTS.

Not a paint, but a fast-drying, plastic silicone coating. Muffler Coat treated mufflers withstand 1200F temperatures; meet 250 hour salt spray tests; resist weather, water, petroleum solvents and chipping. 15-oz. can is sufficient for treating complete dual exhaust system.

17-5613W— 1-Can **$2.99**

Undercoating & Sound Deadener

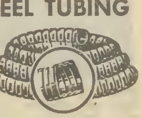


- **Eliminates squeaks, rattles, reduces noise.**
- **Protects frame and underside of body and fenders against rust, corrosion, salt**
- **Non-toxic mastic**

Can be sprayed or brushed on. 5 gallons of undercoating covers the average car.

17-8305W—Gallon Can $7.49
17-8306U—5 Gallon Can $29.95

GALVANIZED FLEXIBLE STEEL TUBING



Strong, versatile tubing can be used in a hundred different ways. Interlocking construction prevents kinking—will not unwind. Items with (E) suffix not mailable—shipped via truck or express.

Stainless Steel FLEXIBLE TUBING

- **Completely corrosion-proof, heat - resistant, and rustproof.**
- **Ideal for custom exhaust systems, side pipes, or dual set-ups.**
- **Best for air blowers, suction or exhaust ducts.**
- **Finest quality chrome and nickel alloy stainless steel in standard or heavy duty gauges.** Extra-strong interlocked construction that won't kink or unwind. Lasts indefinitely, no matter how it is used. Available in 5, 10, or 25 ft. lengths (allow extra length for bends). (See index for end clamps.)

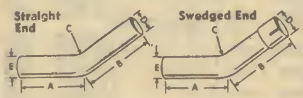
MANDREL BENT & STRAIGHT TUBING

Ideal for use when making custom exhaust systems. Can be used with any type header or header flange kit. Made of heavy 18 gauge steel.

Choice of mandrel "S" bend, 45° and 90° elbows, 180° U-bends, or straight tubing.

45° Mandrel Bent Tubing



WITH STRAIGHT END—Same inside and outside diameter at both ends.

Lgth. A	Lgth. B	Radius C	Diameter ID D	Diameter OD E	Stk. No.	Each

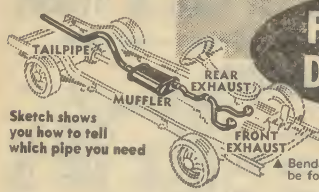
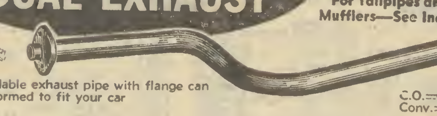
INDEX AND ORDER BLANKS—SEE BACK PAGES M



Sketch shows you how to tell which pipe you need

FOR SINGLE or DUAL EXHAUST



▲ Bendable exhaust pipe with flange can be formed to fit your car

For Tailpipes and Mufflers—See Index

EXHAUST PIPES & CROSSOVER

Be safe—replace rusted or blow out pipes and keep deadly exhaust fumes out of your car or truck. Pipes are made of heavy gauge steel with electrically welded seams for greatest protection. Highest quality replacement exhaust and crossover pipes will give you long service. Made to exact factory specifications.

PIPES for CARS and TRUCKS

FOR SINGLE or DUAL EXHAUST

Make sure your car meets current pollution and emission control standards . . . avoid tickets! All are formed and shaped to fit each car perfectly . . . making installation easy. Pipes with suffix "E" in stock number are NOT MAILABLE due to size. Exhaust and cross-over pipes will be shipped via Freight or Express, whichever is cheaper.

exhaust system. Each exhaust and cross-over pipe is "tailor made" to fit car listed.

Hi-Perf=High Performance
L.=Left
P.F.=Powerflite
P.G.=Powerglide
R.=Right
Rr.=Rear

FIX ANY CAR!

NEW 1976 EDITION

Now...whether you're a beginner or an expert mechanic, you can lick any auto repair job!

Giant CHILTON AUTO REPAIR MANUAL

- *SPECIFIC CAR SECTIONS CONTAIN SPECIFICATIONS AND REPAIR PROCEDURES FOR INDIVIDUAL MAKE AND MODELS OF CARS*
- *UNIT REPAIR SECTIONS COVER BRAKES, CARBURETORS, CHARGING & STANDING SYSTEMS, DASH GAUGES, DIAGNOSTIC CHARTS, ELECTRONIC IGNITION SYSTEMS, EMISSION CONTROLS, ENGINE REBUILDING, ENGINE TUNE-UP AND TROUBLE SHOOTING, FRONT END ALIGNMENT, MANUAL AND POWER STEERING, MANUAL TRANSMISSION, POWER BRAKES.*
- *PROGRAMMED SECTIONS FOR THE DO-IT-YOURSELFER ON ENGINE TROUBLE SHOOTING AND REBUILDING, AS WELL AS EASY-TO-FOLLOW, FAULT-FINDING DIAGNOSTIC CHARTS*

This up-to-date repair manual is complete on every practical aspect of American and Volkswagen automotive maintenance, service and reconditioning. Tells you WHAT TO DO—then shows you step-by-step HOW TO DO IT! Two all new special sections are included: Emission control section shows how to troubleshoot and test all types of emission control systems (now standard on every automobile) . . . PLUS a non-technical discussion on the Wankel Engine, including diagrams and comparison with the present piston-type engines.

OVER 1400 PAGES, 2700 ILLUSTRATIONS . . . COVERS ALL AMERICAN CARS AND VOLKSWAGEN 1969 THRU 1976

Thousands of Illustrations, Diagrams and Exploded Views Like These Let You FIX CARS Better Than You Ever Thought You Could—The Professional Way—Even If You Never Fixed A Car Before!

SHOWS AND TELLS YOU HOW

to fix all of these Parts of a Car . . . and More!

PAYS FOR ITSELF IN TIME AND MONEY SAVED

Here, in one volume, is all the up-to-the-minute help you'll need to make every auto tune-up and fix-up job as simple as can be. When you use this manual, it's like having an expert mechanic standing beside you, telling you exactly how to locate the trouble, and then, in quick, easy steps, how to fix it. There's no guesswork, no wasted time, and you're right the first time. You don't need a lot of training experience. You get it at a glance, in how-to-do-it pictures so ingeniously located in the text that you read and see what to do at the same time. This manual is tops for beginners because it makes everything so amazingly clear, even if you've never touched a repair job before! The work-saving Time Savers, the mistakes to avoid, the tools to use—it's all here so that you can do it yourself the quick way, the easiest way, the right way. This marvel of a manual is designed for the man who wants to have a sweet-performing, safe-performing car.

FIX IT FAST—FIX IT EASY WITH STEP-BY-STEP INSTRUCTIONS

This manual enables you to perform any repair function on any American car made within the last 8 years. Here are just a few of the jobs it helps you to perform:

- **Everyone will appreciate the chapter on Test gauge Hook-Ups for engine diagnosis, carefully illustrated to make electrical tests easy (plus illustrated meter hook-ups for complete engine diagnosis).**
- **New diagnostic charts help you pinpoint problems, possible causes, proper remedies.**
- **Special extensively revised sections on Electronic Ignition, Drive Axle, and Charging and Starting systems . . . in easy-to-understand language.**
- **Includes a new chart method of engine identification to acquaint every mechanic with power plant to car model involved. Important because engine identification today—is a "must."**

Additional information features include a mechanic's data page; a pushing or towing chart for automatic transmission cars; how to make emission systems adjustments (smog control); and firing order charts.

There are almost 600 pages of out-of-the-car reconditioning procedures on the following car components: Steering Geometry (Alignment Troubles); Alternating Current Generators; Drive Axles; Brakes, Hydraulic (Including Disc Brakes, Power Brakes); Carburetors (Including Specifications); Clutches; Standard Transmission Reconditioning; Engine Diagnosis; Various Dash Instruments and Gauges; Generators and Regulators; Starter Systems; Steering Gears (Manual and Power); Transistor Ignition, etc. You will appreciate the **step-by-step "remove and install" procedures** . . . complete instructions for every type of parts replacement. Information on **all the new models is an integral part of this manual, including all the latest specifications. Every new innovation is covered in the Chilton Manual.**

ALMOST 7 LBS. OF INFORMATION 11" x 8¾" ACTUAL SIZE

This newly revised and enlarged Chilton Auto Repair Manual covers all repair and maintenance details on American cars plus Volkswagen, from 1968, including all makes and models of:

Ambassador	Duster	Monterey
American	Fairlane	Monza
AMX	Falcon	Mustang
Apollo	Firebird	Nova
Astre	Ford	Olds. & F85
Barracuda	Galaxie	Olds. Toronado
Belvedere	Granada	Olds. Omega
Buick Spec.	Grand Prix	Pinto
Buick	Grandville	Plymouth
Cadillac & Eldorado	Gran Sport	Polara
	Gremlin	Pontiac & GTO
Camaro	GTX	Rambler
Caprice	Hornet	Rebel
Catalina	Imperial	Riviera
Century	Javelin	Roadrunner
Challenger	Jeep®	Satellite
Chevelle	LeMans	Skyhawk
Chevrolet	Lincoln	Skylark
Chevy II	Continental	Starfire
Chrysler	Mark III, IV	Swinger
Comet	LTD	Tempest
Corvette	Marlin	Thunderbird
Coronet	Matador	Torino
Cougar	Maverick	Toronado
Cutlass	Mercury	Valiant
442	Monaco	Vega
Dart	Monte Carlo	Ventura II
Demon	Montego	Volkswagen
Dodge		

An outstanding feature of this Manual is the numerous **tried and tested Chilton Time Savers. These are short-cut tips and counsel from experience-wise mechanics.** These methods frequently save more than an hour compared to factory time and are a valuable addition.

ENJOY TROUBLE-FREE ECONOMICAL MOTORING

It's easy to maintain the peak car performance that means better, safer, less costly driving. Chilton's Auto Repair Manual is the fix-your-car book that makes the tough jobs easy and the easy jobs a "cinch". This manual has been published continuously since 1926 and is accepted by all the automobile experts. Its cost is low and you'll get it back many times over in money you no longer have to spend on maintenance and repair. Order this marvel of a manual now and after completing your very first repair job, you'll be glad you did.

CAR ECONOMY GUIDE

Suggests hundreds of money-saving ways to help you make your car run better, look better, last longer. Shows how to apply common sense to car care to avoid "sucker" repairs and prevent trouble before it happens. Can help you substantially increase gas mileage and get better all around performance. Includes engine tuneups and service checks you can do yourself. Enables you to get more pleasure, performance, mileage and economy for your motoring dollar. Illustrated with photos and drawings. 186 pages.
16-5815Y— . . . . . Each **$2.95**

MARINE SERVICE MANUALS

OUTBOARD MOTOR SERVICE MANUALS

VOLUME I—Covers Motors Less than 30 HP. Fully illustrated. Contains service details about motors manufactured from 1960 thru 1972. Includes complete listing of components and service needs for: Apache, Buccaneer, Chief, Chrysler, Clinton, Commando, Commodore, Elgin, Eska, Evinrude, Gale, Hiawatha, Johnson, McCullough, Mercury, Mono, Neptune, Peerless, Scott, Sea Gull, Sea King, Sears, Sovereign, Sprite, Tecumseh, West Bend, Wizard and Yamaha. 237 pages.
16-5600U— . . . . . Each **$7.95**

VOLUME II—Covers Motors 30 HP and Higher. Contains information on motors manufactured from 1955 thru 1972. Outlines testing procedures, timing techniques, and installation of individual parts. Includes complete listing of components and service needs for these motors: Bearcat, Buccaneer, Chrysler, Commodore, Elgin, Evinrude, Fisher-Pierce, Gale, Homelite, Johnson, McCullough, Mercury, Scott, Sea King, Sears and West Bend. Also covers 66-72 solid state transistorized ignition systems used by Chrysler, Johnson, Evinrude and Mercury. 304 pages, fully illustrated.
16-5601B — . . . . . Each **$7.95**

INBOARD-OUTDRIVE SERVICE MANUAL. Contains every needed service detail about motors manufactured thru 1972. Covers Chrysler, Crusader, Eaton, Evinrude, Grayarine, Johnson, Mercruiser, Outboard Marine Corp., Volvo and West Bend. 197 pages, fully illustrated.
16-5602P— . . . . . Each **$7.95**

Small Tractor Service Manuals

Covers up-to-the minute repair facts, specs, tear-down and reassembly procedures for Compact Tractors. Contains basics of repair and preventative maintenance from manufacturers service manual, blue prints, service bulletins and field service reports. With countless close-up photos, hundreds of "exploded view" drawings.

VOL. I. Covers the following small Tractors, with Air cooled engines less than 14 H.P.

Allis-Chalmers	J.I. Case	Ford
AMF	John Deere	Gilson
Ariens	Eggineering	Graugly
Bolens	Products	Homelite
		Husky

Engine Section Covers. Briggs & Stratton, Kohler, Onan, Tecumseh, Wisconsin. 260 pages.
16-5809A— . . . . . Each **$5.49**

VOL. II. Covers the following small Tractors with air cooled engines less than 14 H.P.

Cub Cadet	Massey-Ferguson	Western Auto
International Harvester	Minn-Moline	Wheel Horse
Jacobsen	Pennsylvania	White
MTD	Simplicity	Yard Man

Engine Section Covers: Briggs & Stratton, Kohler, Onan, Tecumseh, Wisconsin. 272 pages.
16-5810R—
Each **$5.95**

Reupholster, Renew the Easy Way with Auto Refinishing Coat

PUSH BUTTON SPRAY

- **Brightens, Freshens Faded, Soiled Surfaces**

Complete Satisfaction on Every Purchase

Get the ride of your life!

NEW GAS FILLED SHOCK ABSORBERS

New concept in suspension keeps tires in constant contact with the road for the best car handling and smoothest ride!

Gas shock absorbers use an airless combination of pressurized N2 nitrogen gas and viscous fluid to provide exclusive adjusting and stabilizing action. Pressure against the fluid and the lack of air space in the shocks prevents aeration and foaming, thus eliminating fade. The **automatically adjusting double action** meets all road surface conditions. Because these shocks keep your car's wheels in consistent contact with the road, you'll experience (1) better control and safer driving, (2) a more comfortable, cushioned ride, and (3) increased tire life and better operating economy.

FULL (OWNERSHIP DURATION) WARRANTY

An exchange of shock absorbers will be made (not including installation costs) if gas shock absorbers wear out while original purchaser owns the car on which shocks were originally installed.

HOW IT WORKS

The new gas shock absorber consists of a single tube design, with no air space. The upper portion of the working chamber contains all-weather fluid kept under constant pressure by the nitrogen gas in the lower portion of the working chamber. A patented floating dividing piston separates the fluid and the gas and moves up and down, in direct relationship to the shock absorber movement, constantly adjusting and compensating as road conditions change. Overall result: the best ride of your life!

SHOCK ABSORBERS with BOOSTER SPRINGS FOR FRONT & REAR of Cars and Station Wagons

No More Drag, Sag, Roll, Sway or Bottoming out

Only **23.95** Per Pair

Provides extra load capacity yet insures a smoother, level ride with improved stability. Relieves pressure on springs, rear axle, front end parts. Shock absorbers are better double action type—see index for best. Kit contains pair of shock absorbers and springs plus mounting hardware. Replaces original perfectly. **Fits Front on the following cars and trucks. ♦ Dust Covers must be removed on these cars.**

Heavy Duty Front or Rear Shock Absorbers with Overload Springs

Only **31.95** Pair for Cars, Station Wagons

Prevent this with "Ride Levelers"

Without "Ride Levelers" With "Ride Levelers"

Scientifically designed and calibrated for your car or truck. Heavy duty shock absorbers have variable rate, tempered coil helper springs that automatically adjust to load conditions. Light spring action for light loads . . . heavy spring action for heavy loads. Springs are pre-set, will not sag after long use. With rubber sleeve for quiet operation . . . no rattles, squeaks.

- **Provide up to 750-lbs. of extra load carrying capacity with normal car comfort. Keep car or truck level with or without heavy loads.**
- **Stop sag, bottoming and side sway. Especially recommended for cars with air conditioning.**
- **STABILIZE FRONT OR REAR . . . provide safer, more comfortable ride under all road and load conditions.**
- **Increase spring life . . . assist weak, sagging springs. Improve steering, cornering, control.**
- **Easy to install—fit in place of original.**

FRONT SHOCK ABSORBER HELPER SPRINGS

Install Over Present Shocks Give New Life to Tired, Sagging Springs . . . No Special Tools Required

Restore height of front end, enable shocks to operate in their full travel limits. Stop front end sag, sway, bottoming, and excessive tire wear—make steering easier. Give a safer, controlled ride with improved cornering and roadability. Easily installed over present shock absorber. Made of oil tempered spring steel. Weather-proof epoxy coated. For best results shocks should be in good operating condition.

Fits following cars and light trucks except those with heavy duty shocks. State Make, Year, Model and Stock No., when ordering.
♦ Dust Covers must be removed.

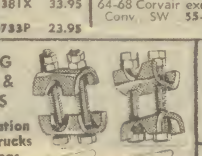
COIL SPRING ADJUSTERS & STABILIZERS



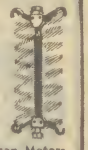
For All Cars, Station Wagons, Light Trucks with Coil Springs

Lower or Raise Coil Springs up to 2¼"— Quickly, Easily

- Boost sagging coil springs, restore car level.
- Lower Rear End for that low slung look.
- Raise Front End to improve rear wheel traction.
- Lower both Front 'n Rear for a low, low look.
- Stabilizes spring action for a truly smoother and a much more comfortable ride.

One required for each spring.
87-7218X. . . . . 1-set of 2 **$2.49**

One-Piece Coil Spring COMPRESSOR



- **Easiest and fastest to use—turn just one nut to compress spring**
- **Safest—can't slip off . . . requires no U-bolts**

Aircraft-quality steel has 10,000-lb test tensile strength. Use with ratchet or air tool. Ideal for spring assemblies which can be reached only from center of coil.

For all American cars except American Motors, 1971-76 Ford Thunderbirds and all Ford Fairlanes, Falcons and Mustangs.
15-3737X— . . . . . Each **$34.98**

For All American Motors cars, 1971-76 Ford Thunderbirds and all Ford Fairlanes, Falcons and Mustangs.
15-3738N— . . . . . Each **$32.98**

SERVICE—QUALITY SATISFACTION

COIL SPRING COMPRESSOR for ALL CARS

- **Makes it safer, easier to remove and install front coil springs.**
- **Can also be used to insert coil spring spacers.**
- **Speedy, time-saving tool.**

Maintains proper spring curvature necessary to seat springs. All other coil spring jobs are a cinch with this efficient tool. Tensile strength tested to withstand 4,200 lbs. — an important safety factor. Set of 3 compressors can be quickly adjusted to fit any coil spring. Fit all cars except Rambler.

74-5226X . . . . . Set of 3 **$17.98**

SATISFACTION GUARANTEED or MONEY BACK

INDEX AND ORDER BLANKS—SEE BACK PAGES

Outstanding Features Improve Your Car's Handling and The Ride

REPLACE SHOCK ABSORBERS IF YOUR CAR . . .

- Has been driven more than 20,000 miles without replacing shocks
- Bounces excessively over bumps, sways on curves
- Shimmies, wobbles, fights your efforts to steer
- Nose-dives on sudden stops
- Has "cupped" tire tread wear

Here's how to test for shock absorber wear . . .

1. **BUMPER TEST.** Push either bumper up and down until car body bounces. Then release bumper. If car body bounces more than twice by itself, shocks should be replaced.
2. **OIL LEAKAGE INSPECTION.** Look for oil on outside of shock absorber tubes. Even a small leak means shocks should be replaced, because a shock absorber will not operate efficiently unless properly filled with oil.
3. **WEAR INSPECTION.** Look for broken mountings and brackets, worn rubber bushings and damaged tubes. Worn or damaged shocks should be replaced at once.

NOTE: ALWAYS REPLACE SHOCKS IN PAIRS.

BEST... 7.99 Each
Heavy-Duty Shock Absorbers Fully Warranted for as long as you own your car!

- **Big 1-3/16 inch, oversize piston gives greater car stability and control • 20% more fluid capacity—more than 40% greater compression and recoil area than our O.E.R. and Better Shocks.** Heavy-duty shock absorbers with all of the seven outstanding features above—**plus** extra oversize capacity for the demanding driver. Big 1-3/16-inch diameter piston has greater resistance to road impact, vibration and sway—gives a better ride with more control. Built to resist all of the forces that can take your car's wheels off the road. Best for high speed turnpike driving—best for bumpy, curving, uneven road surfaces, safer for all driving conditions. Hardened steel piston and chrome plated piston rod are built to give long, hard service. Corrosion-resistant steel body. Coil spring compression, independent replenishing valve, and premium all-weather fluid combine with all of our other outstanding features to give these shocks the ultimate in ride-smoothing, road-holding super-performance. . . . . Each **$7.99**

FULL (OWNERSHIP DURATION) WARRANTY
An exchange of shock absorbers will be made (not including installation costs) if Best Shock Absorbers wear out while the original purchaser owns vehicle on which shocks were originally installed.

1. O-Ring pressure control piston seal reduces foaming and air-oil mixing to prevent shock absorber fade.
2. Premium all-weather fluid gives a consistently comfortable ride in all climates and temperatures
3. Spring loaded, multi-lip piston rod seal keeps fluid in, dirt out
4. 100% coil spring compression valving gives uniform fluid flow, long-life shock efficiency
5. Independent replenishing valve responds instantly to rebound to give better steering control and a more comfortable ride. Reduces tire scuffing. Cuts damaging heat build-up in shocks.
6. Mirror-smooth cylinder wall reduces friction and wear, improves shock absorber performance.
7. Hydraulic rebound stop cushions with oil to prevent topping-out on the extension stroke. Guards against shock and vehicle damage.

O.E.R. SHOCK ABSORBERS Full (25,000 mile) Warranty 4.49 each

- **Equal performance of original equipment shocks**

Original Equipment Replacement shocks have 1-inch piston, give smooth ride at a low, economical price. Includes installation bushings and hardware with instructions. **For American Cars and Chev., Ford, Dodge, GMC light (1/2, 3/4 ton) trucks. Specify make, year, model of car or truck and stock no.**

55-1812A—Front
55-1813R—Rear . . . . . Each **$4.49**

For our better shocks, see at right.

FULL (25,000 mile) WARRANTY
An exchange of shock absorbers will be made (not including installation costs) if O.E.R. shock absorbers wear out within the warranty period.

Better Shock Absorbers Full (40,000 mile) Warranty 5.99 Each

Better than original equipment. Restores new car ride, stops swaying, rolling and pitching. Prevents costly tire and suspension parts wear, protects springs. Compensates for suspension wear on older cars. **Premium shock absorber feature at a low price!**

- Hardened steel piston rod, 1-inch zinc piston
- Steel body resists rust and corrosion
- Long-wearing piston rod seal keeps fluid in, dirt out
- All weather fluid lessens effect of temperature, gives better all-around performance
- O-ring piston seal assures positive 2-way action through scientifically calibrated control valves

Includes installation bushings and hardware with instructions. **Order from chart below.**
Each **$5.99**

FULL (40,000 mile) WARRANTY
An exchange of shock absorbers will be made (not including installation costs) if Better Shock Absorbers wear out within the Warranty period.

Install and Remove In Seconds! MAGNETIC MOUNT CB ANTENNA

No holes to drill! Magnetic mount antenna adheres instantly to metal surfaces (vinyl tops too). Removes quickly for theft protection, car wash, or easy transfer from one vehicle to another. Top loaded, 18" fiberglass whip element; chrome plated 3" diam. mounting base. Cap included to protect fitting when whip is removed. Complete with coaxial cable and PL259 connector plug. 18" long.
03-9168T— . . . . . Each **$23.98**

TURN SIGNAL CANCELLER for Motorcycles

Automatically turns off signal lights at a preset time after you turn them on. Time interval may be set anywhere from 10 to 45 seconds. Canceller draws only 0.036 amps if turn signal switch is left on. (Canceller does not turn switch to off position). Solid state construction—all parts sealed in epoxy. Easy to install—only 3-color-coded wires to connect. Works on all 12 volt negative ground systems only. Instructions included. Size: 1-5/8" x 1-1/8" x 7/8".
02-1761U—
Each **$15.59**

WOOD PANELING KIT for ALL Van Interiors

Give the rear area of your van a warm, finished look with rich wood paneling! Custom pre-cut, highest quality 3/16" grained paneling comes in choice of light walnut or dark walnut finish, each beautifully antiqued. All panel edges are trimmed with harmonizing vinyl for a professional touch. Install with self-tapping antique hardware (included). Drilling required.
Kit includes full headliner from front windshield to rear of van and side panels from rear of driver's compartment to rear of van, including rear side door(s) (where needed), and rear door(s). Installation instructions included. See Important Ordering Information below.

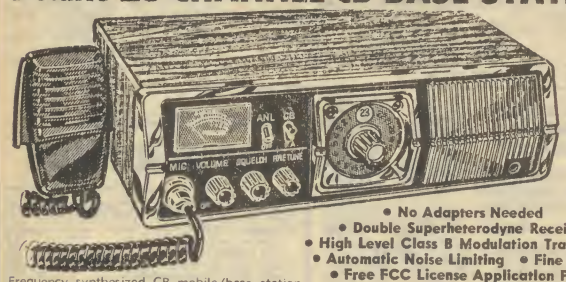
Shipped from California. Ship. wt. 75 lbs.

AC OR DC POWERED Deluxe 23 CHANNEL CB BASE STATION



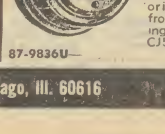
- **No Adapters Needed**
- **Double Superheterodyne Receiver**
- **High Level Class B Modulation Transmitter**
- **Automatic Noise Limiting • Fine Tuning**
- **Free FCC License Application Form**

Frequency synthesized CB mobile/base station transceiver tunes in all 23 channels with excellent sensitivity, selectivity, and adjacent channel rejection. Maximum legal 4.0 watts nominal RF output; maximum legal 5 watts input. Built-in automatic noise limiter circuits reduce static and interference; can be manually operated if desired. Fine tuning control allows you to clearly tune in a station transmitting slightly off frequency. Continuously variable squelch control for quiet stand-by operation. Illuminated S/RFO meter has easy-to-read scales for monitoring receiving signal strength and relative output power. Illuminated channel selector dial. Separate transmit and receive indicator lamps. Solid state circuitry: 24 transistors, 17 diodes, 1 IC. 3" dynamic 8 ohm speaker. Built-in PA operation system. Jacks for microphone, antenna, external speaker, earphone. Power cords included for both 115 volt AC and 12 volt DC. No adapters needed. Handsome walnut vinyl finish cabinet with black and bright finished faceplate. Size: 4" high x 12-1/4" wide x 10" deep. With dynamic 500 ohm microphone and coiled cord, all crystals, instruction manual, and FCC license application form.
03-9174A— . . . . . Each **$239.95**

REMOVE BURRS FROM METAL . . . FAST!

Easy-to-use deburring tool has shape-conforming swivel metal head that allows easier removal of burrs from metal surfaces. Head detaches and stores in plastic handle.
88-7550B—
Each **$5.98**

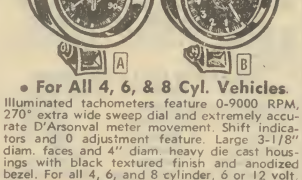
BRAKE DRUM for JEEP®



New 9" brake drum for Jeep® vehicles—replaces original perfectly. Fits front or rear of the following: M38, M38A1, CJ3B, CJ5, CJ6.
87-9836U— . . . . . Each **$17.95**

270° WIDE-SWEEP TACHOMETERS

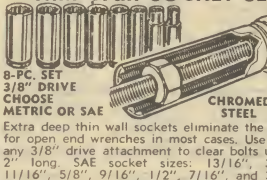
LARGE 3-1/8" DIAM. FACES IN 4" DIAM. HEAVY DIE CAST HOUSINGS



- **For All 4, 6, & 8 Cyl. Vehicles.**

Illuminated tachometers feature 0-9000 RPM, 270° extra wide sweep dial and extremely accurate D'Arsonval meter movement. Shift indicators and 0 adjustment feature. Large 3-1/8" diam. faces and 4" diam. heavy die cast housings with black textured finish and anodized bezel. For all 4, 6, and 8 cylinder, 6 or 12 volt, positive or negative ground vehicles. Complete with all mounting hardware and installation instructions.
Ⓐ **17-9673W**—Tach
Ⓑ **17-9674U**—Sidewinder Tach Ea **$37.50**

EXTRA DEEP Well Thin Wall SOCKET SET



Extra deep thin wall sockets eliminate the need for open end wrenches in most cases. Use with any 3/8" drive attachment to clear bolts up to 2" long. SAE socket sizes: 13/16", 3/4", 11/16", 5/8", 9/16", 1/2", 7/16", and 3/8". Metric sizes: 10, 11, 12, 13, 14, 16, 17, 19, and 21mm.
88-7034X—SAE set 1-set **$8.49**
88-7603R—
Metric set 1-Set **9.59**

HEAVY DUTY—Front or Rear . . . . . Each $7.99

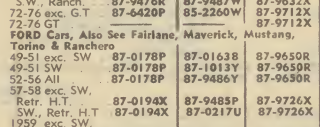
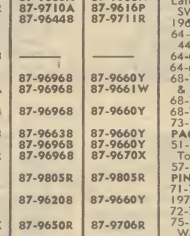
FUEL TANK REPAIR KIT



• Permanent Repair • No Tank Draining
• No Tank Removal • No Welding • Do It Yourself and Save $ on Costly Repair Bills

Mend pinholes, cracks, rustout, any size hole up to 1 inch diameter! Repair fuel tanks, radiators, crankcases, transmission covers. PERMANENT—repair kit consists of resins reinforced with fiberglass tape—will not dissolve or soften in gasoline, oils or water—won't rust or corrode. FAST—complete repair can be done in 20 minutes. SAFE—no flame or heat required to make repair. EASY TO APPLY—use temporary mastic sealer to stop leak and wipe damaged area clean. Mix contents of tube and plastic pouch together and apply epoxy-impregnated patch to damaged area with brush. Patch will "take" in temperatures as low as 15° or as high as 110°F. Kit contains: mastic stick, resin, fiberglass tape, sandpaper, tube squeeze key, brush, and instructions.
17-9709Y— . . . . . Each **$7.49**

PORTABLE PARTS CLEANER

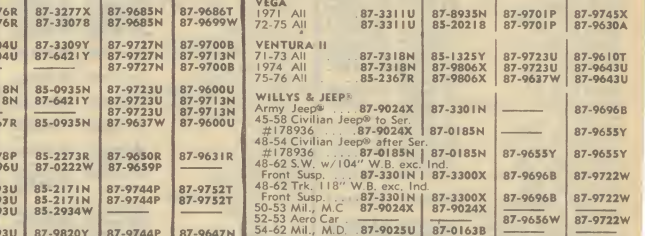


• Big basin handles large parts—fits any 15-gal. drum
• Lightweight
• Rustproof
• Heavy duty pump recirculates solvent at the rate of 170 gal. per hour

UL listed 110 volt pump continuously draws solvent from drum through nozzle, filters it, and returns it to drum. Cleaning nozzle can be hand-held or left in fixed upright position. 28" x 17" x 7" basin features an easy-to-clean filtered drain and hinged top that doubles as a self-supporting "splash board." Lowering top automatically releases cleaning nozzle from fixed upright position. Constructed of rugged polyethylene — resists chemicals, can't rust. Weighs only 15 lbs. Complete with 6-ft. 3-wire cord and instructions. Use with any non-flammable cleaning solvent. Drum (not included) is usually available free of charge from any service station.
17-9776X— . . . . . Each **$94.95**

Take Along Your Own "AIR SUPPLY" Wherever You Go!

Portable 12-Volt AIR COMPRESSOR



• Operates from 12 Volt Cigarette Lighter
• Inflates Tires, Beach Toys, Air Mattresses
• Pressurizes Fresh Water on RV's, Boats
• Only 7-3/8" x 6" x 3-1/2"—Stores in Trunk

Inflate tires, etc, and pressurize fresh water systems effortlessly with this compact, portable electric air compressor. Concentrated power—delivers up to 60 lbs. of pressure. Produces .35 cubic feet of air per minute on a free flow basis. Uses only 2-1/2 amps—won't drain battery. Requires no lubrication. Has quick connector for easy attachment without loss of air. Nozzle adapter for inflatables. Compact size and durable plastic case—easy to store and carry along. Operates from cigarette lighter socket of 12 volt car or truck battery. Complete with 10-ft. electrical cord & 2-1/2' neoprene hose.
17-9735T— . . . . . Each **$23.98**

Only **23.98**

5-SPOKE MAG STYLE SPORT WHEELS

Gleaming triple chrome plated finish and quality construction make these wheels tops in looks and performance! 5-spoke center is cast from highest grade aluminum alloy, then welded to heavy steel rim for maximum strength, safety, and true tracking. Meet SEMA 5-1A specs. Wheels can be easily balanced with regular clip-on wheel weights. Wheels fit disc and drum type brakes and can be used with tube or tubeless tires. Be sure to check tire clearance. For the following cars:

58-76 AMX	73-76 Dart	64-76 Mustang
70-76 Bar'cuda	55-76 Dodge	V-8
61-76 Buick	64-76 El Camino	74-76 Monarch

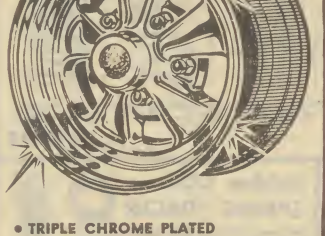
14" & 15"	10"	55-2131N	94.75



• TRIPLE CHROME PLATED
• FIT 14" AND 15" WHEELS

CHROME WHEEL LUG NUTS for above wheels only. **State Make, Year, Model of Car, and Left or Right Side.**
55-2132T— . . . . . 1-Set of 5 $5.49
CHROME HUB COVER for above wheels only.
85-4072T— . . . . . Each $2.79

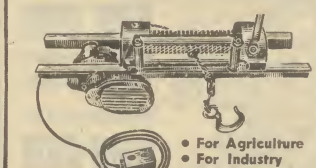
EARLY CAR AUTO REPAIR MANUAL

for 62-68 American Cars, Bronco, Scout and Jeep®

Complete, comprehensive time-and-money saving manual explains how to fix almost any part on most American cars from 1962 through 1968, including Buick, Cadillac, Chevrolet, Chrysler, Dodge, Ford (including Bronco), IHC Scout, Jeep®, Lincoln, Mercury, Oldsmobile, Plymouth, Pontiac, and Rambler. Detailed trouble shooting section helps you quickly identify source of malfunction. Individual sections describe specific models in depth for easiest, quickest repair. Crammed with photos, drawings, and specifications. 1,444 pages.
16-5862P— Each **$13.95**

4-Ton Electric WINCH

for TRUCKS or STATIONARY USE



• For Agriculture
• For Industry
• For Construction

Heavy duty fingertip control winch for Jeep®, Blazer, Bronco, Scout, all other 2 and 4 wheel drive trucks, tow vehicles, tractors and other farm equipment mounting, or for stationary use. Perfect for time-saving, trouble-free loading or unloading of heavy equipment . . . for service station or garage tow purposes.
• 4-ton rated capacity—stall point: 11,500 lbs.
• Mounted clutch control for free spooling
• Positive fingertip remote control—forward—off—reverse
• Self-locking—holds load until power is applied
• Can be mounted in front or rear of vehicle
• Heavy duty motor with solenoids—wired and mounted on motor
• Line speed: 4,000-lb. load @ 8-ft. per minute

Includes winch, 4-way guide roller, cable and hook. 8" drum includes 150-ft. of 5/16" cable. 12 volt only. **Specify Make, Model of Vehicle if for truck.**
99-2960NFE—Shpg.wt. 120 lbs. Ea. **$529.95**
Shipped from Calif or Ohio (whichever is nearer) by truck or express.

Install It Yourself and Save

HEAVY DUTY DOUBLE ACTION SHOCK ABSORBERS for TRUCKS & VANS

Check Wander and Side Sway

Check Front-End Pitch on Fast Starts and Stops

Smooth Out the Chuck Holes and Dips

Save Wear and Tear on Moving Parts

Check "Mushy" Ride On or Off Roads

Give Better Traction on Washboard Roads

FULL (OWNERSHIP DURATION) WARRANTY
An exchange of shock absorbers will be made (not including installation costs) if shocks wear out while the original purchaser owns the vehicle on which shocks were originally installed.

Replace Original Shocks To Eliminate:
- Bottoming or hitting roof after striking bumps or holes
- Excessive or uneven tire wear
- Bouncing, dipping and sidesway on curves
- Dangerous front wheel shimmy
- Hopping and spinning rear wheels
- Front end dive and pitching

These extra heavy duty shocks will outperform original equipment. Larger than standard shocks and designed to give safe, sure control under any conditions. Give your truck a better ride on rough or smooth roads, on straight or curved roads. Enjoy added comfort, safety and stability at all speeds—greater ease of handling. Have better control of your truck or camper at all times without side-sway and wander, without nose-diving when you stop suddenly. Easy to install—complete with bushings—nothing else to buy!

Why Double Action Shock Outperform Original Shocks
PISTON ROD—Ground and lapped to smooth finish.
MULTI-LIP SEAL for positive sealing.
STEEL-TIGHT CONSTRUCTION — Trouble-free, tamper-proof.
PISTON COMPRESSION VALVE — Provides full bore fluid control on compression stroke at all velocities.
EXCLUSIVE PISTON SEAL—Eliminates fluid bypass at piston on both rebound and compression strokes.
CYLINDER END COMPRESSION ORIFICE AND VALVE — Control rod-displaced fluid and supplement piston compression valve. Coil spring controlled.
REPLENISHING VALVE — Permits return of rod displaced fluid to inner cylinder.

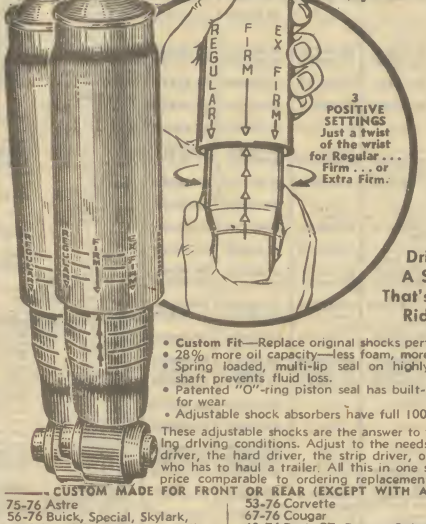
The Original Warshawsky & Co., 1916 S. State St., Chicago, Ill. 60616

Adjustable SHOCK ABSORBERS Actually 3 Shocks In One!

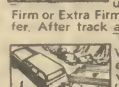


Adjust to 3 Different Settings . . . For Top Performance!

Average Driving. After thousands of miles, ride may soften. Adjust from Regular to Firm. Should it happen again, adjust to Extra Firm. Good for 100,000 miles—we warrant ♦ it!

For the Competition Driver. Going to the track, adjust shocks to Regular. At track leave front at Regular, adjust rear to Firm or Extra Firm for weight transfer. After track adjust to Regular.

For the Driver Trying to Make Time. He needs less roll, less sidesway, better cornering power, quicker stopping. Firm adjustment is ideal for him.



For the Camper. When hauling extra firmness prevents rear-end sag, "bottoming out," and sidesway. Adjust to Firm or Extra Firm. After your trip, re-adjust.

Today's Driving Demands A Shock Absorber That's Adjustable to Riding Conditions

- **Custom Fit**—Replace original shocks perfectly.
- 28% more oil capacity—less foam, more positive action
- Spring loaded, multi-lip seal on highly polished steel shaft prevents fluid loss.
- Patented "O"-ring piston seal has built-in compensation for wear
- Adjustable shock absorbers have full 100,000 mile warranty♦

These adjustable shocks are the answer to today's demanding driving conditions. Adjust to the needs of the average driver, the hard driver, the strip driver, or the vacationer who has to haul a trailer. All this in one shock—and at a price comparable to ordering replacement shocks!

Check These Extra Wear, Heavy Duty Construction Features

FULL 100,000 MILE WARRANTY
If adjustable shock absorbers wear out within the warranty period, they will be exchanged at no charge (installation cost not included).

CUSTOM MADE FOR FRONT OR REAR (EXCEPT WITH AIR SUSPENSION) OF THE FOLLOWING AMERICAN CARS AND TRUCKS:

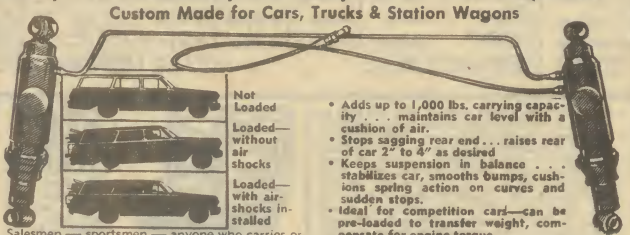
AIR-ADJUSTABLE SHOCK ABSORBERS

Carry Extra Loads Safely with "Body Lift" & "Load Compensator"

Custom Made for Cars, Trucks & Station Wagons



- **Adds up to 1,000 lbs. carrying capacity . . . maintains car level with a cushion of air.**
- **Stops sagging rear end . . . raises rear of car 2" to 4" as desired**
- **Keeps suspension in balance . . . stabilizes car, smooths bumps, cushions spring action on curves and sudden stops.**
- **Ideal for competition cars—can be pre-loaded to transfer weight, compensate for engine torque.**

Salesmen — sportsmen — anyone who carries or tows extra loads in his car or station wagon needs these air-adjustable shock absorbers. Quick and easy to adjust at any service station —control the car level and regulate riding comfort regardless of load. Compensate for heavy loads that cause dangerous out of balance condition of suspension parts and loss of control and ride comfort. Easy to install—fit in original shock position, no alterations to mounting brackets. Both left and right shocks fill thru single inlet to insure equal support to both sides. Sold in pairs—complete with fittings and tubing to fit rear of cars, station wagons & trucks listed below:

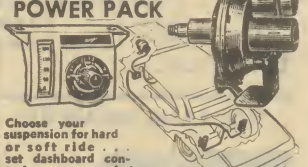
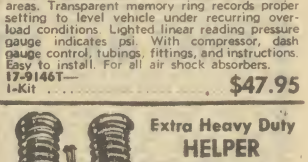
55-0991U—For rear only
1-Pair **$47.95**

AIR CONTROL SHOCK ABSORBER POWER PACK

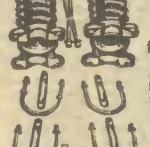


Choose your suspension for hard or soft ride . . . set dashboard control . . . power pack does the rest!
Adjust your air shock absorbers as you drive for a more comfortable ride! Power pack with dash mounted control valve lets you adjust air pressure in the shocks as you drive to compensate for load and road changes. And once you set the pressure, the power pack does the thinking for you—constantly maintains a residual pressure in shocks at all times. High-pressure pop-off feature prevents shocks from being over-inflated when driving in high jolt areas. Transparent memory ring records proper setting to level vehicle under recurring overload conditions. Lighted linear reading pressure gauge indicates psi. With compressor, dash gauge control, tubings, fittings, and instructions. Easy to install. For all air shock absorbers.
17-9146T—
1-Kit **$47.95**



Extra Heavy Duty HELPER SPRINGS for Cars & Trucks

Don't let heavy loads break or weaken the springs.
- **1500 lbs. Extra Capacity**
- **Extra Buoyancy**
- **Extra Strength, Safety**



Fits all rear cars, station wagons, 1/2 and 3/4-ton pick-ups. Heavy duty cast aluminum base with all U-bolts, special brackets. 100% universal. Easy to install.
85-2720R—
1-Pair **$14.49**

SLIDE HAMMER PULLER for All Gears, Bearings & Seals

Versatile 27" long 3 jaw puller includes adapter for use with 2 jaws. Jaws can be reversed for "inside" and "outside" pulling jobs. Removes tight fitting, hard-to-get-at parts. Cadmium plated alloy steel. 2 jaw spread: inside—1-1/4" to 3-3/8"; Outside—1" to 4-1/2". 3 jaw spread: inside—1-15/16" to 4-3/4", outside—1-1/2" to 4-1/2"
75-2560A— Each **$41.95**

Rubber COIL SPRING SPACER

Fit front and Rear Coil Springs of All Cars.
Absorb Road Shock—Give a Car That Air Suspension Ride.
Specially processed moulded rubber spacers conform to coil spring seats perfectly—prevent coil springs from shifting. Will not squeak or settle. Available in 2 thicknesses for leveling car.
87-0801X—3/8" thick $1.99
16-0168X—9/16" thick $2.19

MANY NEW ITEMS CHECK EVERY PAGE!

LEAF SPRINGS for CARS & TRUCKS

Replace springs when car leans excessively or bottoms when riding on bumpy roads, or if rear end sags. New springs should be installed in pairs, as paired springs distribute the weight equally for a more level ride—steering is easier, safer, and you have complete car control. Made of the toughest SAE alloy steel, oil tempered and heat treated to insure uniform strength and spring action. Feathered edges and proper silencing inserts for smooth, quiet action. New springs carry double the warranty of original replacement parts—see How to Order page. **HD = Heavy Duty, SW = Station Wagon, Lf = Leaf.**

Load Control HELPER SPRINGS

For CARS and STATION WAGONS with Rear Leaf Springs

[A] ADJUSTABLE

Add up to 1500 lbs. Extra Capacity

[B]

Add up to 2000 lbs. Extra Capacity

These single leaf helper springs help eliminate rear end sag and bottoming caused by overloading and weak rear leaf springs. Helps end forward pitch, brake-dive and dangerous sway. Leveling action prevents body roll-over on curves. Improves traction, stabilizes car for a smooth, safe, comfortable ride at all times . . . even when carrying heavy loads or pulling a trailer! Increases life of tires, springs, and shock absorbers. Restores springs to original arc. Provides added clearance for large tires and custom wheels. Complete with instructions and brackets for easy installation. **Fit the following American cars and station wagons with rear leaf springs:**

AMERICAN CARS

[A] **ADJUSTABLE LOAD CONTROL HELPER SPRINGS.** 3 easy adjustments for light, medium or heavy loads—up to 1500 lbs. extra capacity. Also equalize sagging rear leaf springs. Made of 3/8" tempered spring steel with molded nylon bumpers to provide noiseless shock absorbing action. Easy clamp-on installation, no need to remove U-bolts or springs. Fit all 1-3/4", 2", or 2-1/2" wide rear leaf springs on cars and station wagons above (exc. ♦). **State Make, Year, Model, Stock No.**

87-5964Y— 1-Pair **$12.98**

♦For Camaro, Chevy II, Nova, and Firebird only.

87-9502B— 1-Pair $10.98

1000 lb. Extra Capacity Adjustable Helper Spring for lighter loads. Tempered spring steel. Fit all above except Camaro, Chev. II, Nova, and Firebird.

87-5962B— 1-Pair **$11.49**

♦For Camaro, Chevy II, Nova, and Firebird only:

87-9501U— . . . . 1-Pair$11.49

[B] **EXTRA HEAVY DUTY FULL-LENGTH HELPER SPRINGS. Increase load carrying capacity up to 2000 lbs.** Distribute and equalize the load to both front and rear of your car's rear leaf springs. Rubber cushioned at each end for quiet operation. Easy to install. Fit American cars and station wagons with rear leaf springs, listed above.

87-8441U— 1-Pair **$17.98**

IMPORTED CARS & TRUCKS

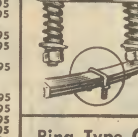
1000-lb. extra capacity adjustable helper springs. Custom fit the following cars with rear leaf springs:

54-63 Anglia	48-68 Morris Minor, 1000
58-68 Austin Healey 100-6, 3000	65-75 Opel
59-75 Austin Healey Sprite	All Simca Aronde, P60, P.N.
65-75 Datsun exc. 240Z	61-68 Sunbeam
55-67 Hillman Minx	65-75 Toyota all exc. Celica
51-65 Jaguar XK120, 140, 150	All Triumph TR4, Spitfire
All MG1600, MGB, Midget	

State Make, Year, Model and Stock Number.

55-1100A— . . . . 1-Set$14.49

SPRING CLIP



Keeps spring leafs in position without binding for smoother, quieter spring action. Eliminates rattles, snapping and clicking. Replaces original clamps perfectly.

16-0171A—Fits 1-3/4"
16-0169N—Fits 2" Each
16-0170T—
Fits 2-1/2" **$1.79**

Ring Type Coil Spring Stabilizer

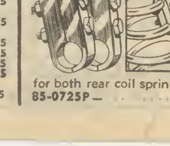
- **Restores car height**
- **Reduces front end dive, prevents bottoming**

Made of nylon reinforced natural rubber—follows the natural curve of the spring. Easy to install. Instructions included.

WITHOUT INSTALLATION TOOL. Set of 2.
85-2750W— 1-Set **$4.95**

WITH INSTALLATION TOOL. Set of 2.
85-2749Y— 1-Set **$7.49**

REAR COIL SPRING LIFTERS



Cure rear end sagging—add new life to tired springs. Non-slip permanent lock springs reduce side sway, tire squeal—prevent uneven tire wear. Efficient, durable, silent, easy to install. Set of 4 for both rear coil springs.

85-0725P— 1-set **$3.59**

Front & Rear HEAVY DUTY BOLT-ON ANTI-SWAY TORSION BAR

for Campers, Trucks, Vans and Motor Homes

Get maximum stability and sway control, roadability and handling. Maintains safe, level ride at all speeds, and on curves. Help prevent:

- **Wheel hop spin**
- **Tire squeal and wear—understeering**
- **Rear breakaway—helps equalize traction**
- **Loss of control in high winds or turbulence**

Easy clamp-on installation—no special tools required. No holes to drill—full frame and chassis strength is retained. Kit includes heavy duty bars, clamps, plus all parts and instructions.

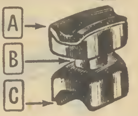
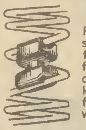
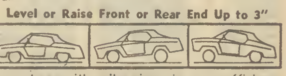
Rubber Cushioned COIL SPRING ADJUSTER & STABILIZER





Features: **(A)** strong steel construction, **(B)** fully adjustable from thousandths of an inch to a full 3 in. **(C)** permanently molded-on rubber pads absorb shock, keep adjusters snug and rattle-free. Will withstand hard shocks without loosening or falling out.

Level or Raise Front or Rear End Up to 3"



Correct sag with coil springs, increase efficiency of shock absorbers, improve alignment, handling and stability. Excellent shock absorber helper or overload device, or rear end lifter for better traction, weight transfer and rear tire clearance, for competition use. With special adjustment wrench.

87-7625T—1-Set of 4 for front **$11.98**
87-7626A—1-Set of 4 for rear **12.98**

HEAVY DUTY Front ANTI-SWAY BARS for AMERICAN SPORTS CARS

BARS FOR STREET OR COMPETITION. REPLACE ORIGINAL PERFECTLY.

Stabilize your car's front end. Add "flat" positive cornering — improve steering — minimize wheel lifting at high speeds—reduce road sway and increase front end cornering traction. Give that extra control desired in competition runs, slaloms, rallys, and time trials. Made of 1045 cold drawn high carbon steel. Complete kit with instructions for easy installation. **NOTE:** ♦Denotes kits for cars not originally equipped with front sway bars.

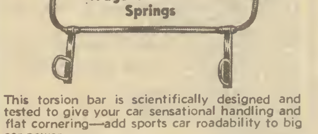
REAR STABILIZER TORSION BAR for American and Import Cars, Trucks & Station Wagons

Gives your car a "Sports Car Feel!"

For Cars and Station Wagons with Coil Springs



This torsion bar is scientifically designed and tested to give your car sensational handling and flat cornering—add sports car roadability to big car power.

STOP
- Wheel hop and spin.
- Tire squeal and uneven tire wear.
- Under steering.
- Rear breakaway—equalizes traction to both rear wheels.

Same type rear axle attachment as those installed on such sports cars as Ferrari, Hawk, GT, Avanti, Corvette and XKE Jaguar. Protects rear springs by transferring shock to both springs. Eliminates roll and sway, even in heavy crosswinds — improves steering. Gives your car a "neutral" or balanced feel on the road—cushions out vibrations with six individual rubber sleeves and bushings. Torsion bar operates only on curves—does not interfere with or stiffen ride on the straightaway. **Improves stability of station wagons when unloaded or loaded.** Easy installation instructions. For domestic and imported cars with standard 1-pc. rear axle.

For Cars and Station Wagons with Leaf Springs

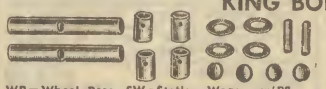
KING BOLT SETS



New king bolts eliminate wheel shimmy, hard steering, excessive tire wear. Made of chrome alloy steel, heat treated and hardened for long wear—accurately machined for perfect fit. With bolts, ball bearings, bushings and nuts for both front wheels. **For Imported Cars—See Index. Steering. State Make, Year, Model of Car Truck, and Stock No.**

WB=Wheel Base, SW=Station Wagon, w/PS=with Power Steering, wo/PS=without Power

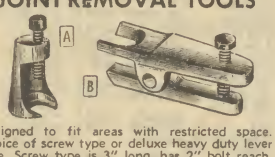
TIE ROD END and BALL JOINT REMOVAL TOOLS



Designed to fit areas with restricted space. Choice of screw type or deluxe heavy duty lever type. Screw type is 3"

IMPROVED TYPE — UPPER & LOWER

BALL-JOINT SUSPENSION ASSEMBLES

Improves steering — eliminates noise, erratic steering, unstable front-end suspension caused by old style ball joints. Give positive front-end adjustment — simplify wheel balancing, eliminate front end wobble, improve ride. Pre-mounted self-centering bolts install easily. Engineered to give longer trouble-free service than original equipment. Have specially designed bearings for better lubrication to all wear surfaces, reduces friction and wear to minimum. Gaskets and rubber seals keep grease in, dirt and moisture out. For the following cars. R=Right, L=Left

•w/disc brakes. ■wo/disc brakes. ◆Ball joint w/control arm assy.

BALL JOINT SUSPENSION ASSEMBLIES

UPPER

LOW AS $4.29

Improve steering, ride comfort—reduce front wheel wobble, restore that "new" car steering action.

Replace factory type ball joints perfectly. Easily installed — no alterations necessary. Replace both upper and lower ball joints for best results. Made of finest materials and will give equal or better service than original equipment. **State Make, Year, Model and Stock No.** R=Right, L=Left. ■=wo/Disc Brakes. ◆=Ball joint w/control arm assembly.

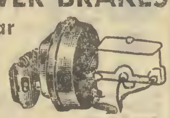
Convert Standard Brakes To CUSTOM FIT POWER BRAKES

For Your Car or Truck



Complete— Easy to Install

Every vehicle needs power brakes . . . a "must" for cars or trucks towing trailers, pick-ups with campers, station wagons, any vehicle carrying extra loads. Vacuum power unit provides full range power braking with minimum effort. Complete "feel" is retained. No complicated brake adjustments or procedures required—just install unit between master cylinder and firewall and it's on for good. Trouble-free, requires no maintenance or service. With instructions. For the following vehicles with drum brakes except as noted. **State Make, Year, Model & Stock No.**

DISC BRAKE PADS for AMERICAN CARS & TRUCKS

DO-IT-YOURSELF

Save time and money & do-it-yourself! With each set of disc brake pads you order, you get easy-to-follow, illustrated, step-by-step instructions. Easier than you think!

Be Safe! Replace worn pads! Toughest, finest brake material made. Securely bonded or riveted to shoe for greatest strength. Heat-resistant resin base for long life. Oil, grease, water resistant. Meet or exceed SAE standards.

BIG BRUTE BRAKE PADS

FULL (3 Year or 30,000 Mile) WARRANTY—whichever occurs first.

Full refund or exchange of disc brake pads (not including installation costs) if disc brake pads wear out within Warranty period.

Big Brute Brake Pads are heat resistant, will not grab, swerve or squeal. Give positive pedal action without fade; smooth stops every time. Securely bonded or riveted for maximum shear strength. Fine quality pads . . . for our best—see Kar-Life.

KAR-LIFE BRAKE PADS

FULL (5 Year or 50,000 Mile) WARRANTY—whichever occurs first.

Full refund or exchange of disc brake pads (not including installation costs) if disc brake pads wear out within Warranty period.

Kar-Life—Our Brake Pads!
Linings have more aging material, for longer wear. Dissipate heat faster for less brake fade. 70% metallic base for greater oil, grease, moisture resistance. Securely bonded or riveted to shoe, won't shear or separate from metal.

Sold in sets of 4 for 2 front wheels, unless otherwise stated. State Make, Year, Model, Stock No. For Imported Cars, See Index.

CALIPER SEAL KITS for Cars and TRUCKS LISTED ABOVE

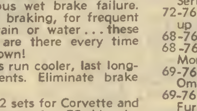
Everything needed! Kits contain boots, seals and easy-to-understand instructions. **Caliper kits are for front wheels only.** Order one kit per each wheel. Will fit all American cars and trucks. **State Make, Year, Model and Stk. No.**
55-1805N— 1-Kit **$2.39**

CALIPER HARDWARE REPAIR KIT. Contains necessary hardware to overhaul single piston caliper for one front wheel. For 68-76 Amer. Mtrs., cars, Gen. Motors Cars, Ford Prod. Cars, Chrysler Prod. Cars, Vega & Pinto. **State Make, Year, Model and Stk. No.**
55-1841P— 1-Kit $2.99

Quality Merchandise at Low Prices

Metallic DISC BRAKE PADS for AMERICAN CARS

FASTER, SAFER HI-SPEED STOPS!



- **Less heat fade!**
- **Eliminates water fade!**

New breakthrough in metallic disc brake pads. Better than original equipment. Give exceptionally long lining life and improved frictional stability. Used as original heavy duty equipment in taxis, police cars and ambulances.
EXTRA SAFETY! Proven in repeated, grueling, high speed panic stops in everyday use on Highway Patrol cars, to **stop faster** because of **less heat fade!** Ends dangerous wet brake failure. For fast driving, downhill braking, for frequent traffic stops, in heavy rain or water . . . these superior metallic brakes are there every time . . . they'll never let you down!
LONGER LIFE! These pads run cooler, last longer, need fewer adjustments. Eliminate brake squeal and rotor wear.
Set is for 2 wheels. Order 2 sets for Corvette and Z28 Camaro front and rear; for 75 Lincoln, Thunderbird & Imperial, State Front or Rear. For the following cars, **State Make, Year, Model and Stock No. when ordering.**

- 71-76 American Motors
- 70-76 Buick (includes Apollo, Special & Skylark)
- 67-76 Cadillac
- 69-76 Checker exc. Aerobus
- 69-76 Chevrolet Pass. Cars (includes Camaro, Chevy II, Chevelle, Monte Carlo, Monza, Vega, Corvette)
- 72-76 Chevrolet Truck Series 10, 20, 30
- 70-76 Chrysler & Imperial
- 69-76 Dodge, Pass. Cars (includes Challenger, Charger, Coronet, Monaco, Polara, Super Bee)
- 71-76 Dodge Truck B, D, 100, 200, 300 Series
- 68-76 Ford Pass. Cars (includes Falcon, Fairlane, Galaxie, Granada, LTD, Mustang, Pinto, T-bird, Torino)
- 73-76 Ford Truck F100, 250 Series

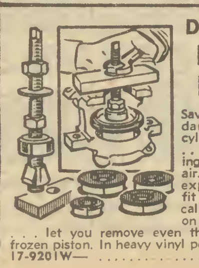
- 72-76 International Truck 1010, Travelall, Pick-up Series 74-75 Scout
- 68-76 Lincoln & Continental
- 68-76 Mercury (includes Bobcat, Comet, Cougar, Monarch, Montego, Monterey, Marquis)
- 69-76 Oldsmobile (includes 88, 98, F85, Cutlass, Omega, Starfire, Toronado)
- 69-76 Plymouth (includes Barracuda, Belvedere, Fury, Roadrunner, Satellite)
- 69-76 Pontiac (includes Astre, Bonneville, Catalina, Firebird, GTO, Grand Prix, Grandville, LeMans, Ventura)

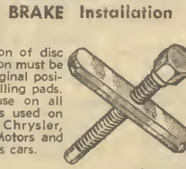
55-1724Y— 1-Set **$17.95**

DISC BRAKE PISTON PULLER



Saves time, prevents damage to piston, cylinder or "O" ring . . . safer than blowing out pistons with air. Four solid steel expandable collets fit all single piston calipers except those on Pinto and Vega . . . let you remove even the tightest, most frozen piston. In heavy vinyl pouch.
17-9201W— . . . . Each **$31.95**

CALIPER PISTON PUSHER for DISC BRAKE Installation



Easier installation of disc brake pads. Piston must be relocated to original position when installing pads. Designed for use on all floating calipers used on late 1968-76 Chrysler, Ford, General Motors and American Motors cars.
13-1537N—
Each **$8.95**

SATISFACTION GUARANTEED or MONEY BACK

SATISFACTION GUARANTEED or MONEY BACK!

Complete Satisfaction on Every Purchase

"One Man" Automatic BRAKE BLEEDER

For Use on ALL Cars & Trucks

Saves time—entire set can be bled in one operation if 4 bleeders are used.
88-7179P— . . . . . Each **$2.98**

BRAKE BLEEDER WRENCHES

For all cars except with disc brakes. Gets in close quarters. Steel with rustproof finish.
For All exc. Chrysler Corp Cars. 5/16" and 3/8" hex openings.
17-9116W—
Each . . . $2.69
For Chrysler Corp. Cars. 1/4" and 3/8" hex openings.
17-9115Y— . . . . . Each. $2.69

BRAKE ADJUSTMENT KIT

Includes brake shoe adjusting wrench plus four access-hole covers to keep braking plate dust free.
04-0231X— 1-Kit **$1.19**

REAR BRAKE DRUM REMOVER

For all cars. Remove frozen brake drums quickly and easily, without damage to drums. Eliminates need for torches and severe hammering.
15-3209X— . . . . . Each **$19.95**

DISC BRAKE DUST BOOT EXPANDER

FAST 'N EASY!

Using this tool, disc brake piston slips right thru boot into place—on the FIRST TRY! No more pinching or binding, no more torn boots.
15-3729U—
Each **$5.49**

BRAKE BLEEDER KIT for Use On ALL CARS

A "ONE MAN" OPERATION

BLEEDER — DISPENSER

Automatic valve eliminates waste of fluid.
Easy to use! Just connect bleeder tube to brake cylinder and depress pedal until brakes are bled. Extra long tube is easy to handle, minimizes spillage. Dispenser clips into master cylinder, automatically maintains reservoir fluid level. Step by step instructions included.
88-6021 . . . . . 1-Kit **$4.79**

SATISFACTION GUARANTEED or MONEY BACK

INNER BEARING LUBRICATOR for DISC BRAKE WHEELS

Lets You Lube Inner Bearings in Minutes Without Removing Wheels or Brake Components

Save time and money—do-it-yourself! Works with hand or power grease gun—fits all U.S. passenger cars and light trucks, and most imported cars. Greases inner bearing in 1/3 the time, with fewer tools.
17-9380Y— . . . . . Each **$14.98**

INNER BEARING LUBRICATOR for Disc Brake Wheels

Allows bearing to be lubricated without having to remove wheel, rotor, caliper, and brake line. Using this tool, each wheel bearing takes only about five minutes to lubricate. Remove outer wheel bearing assembly, tighten lubricator tool on spindle against hub, and inject grease into inner bearing using hand or air operated grease gun. Cone shaped lubricator tool centers in the hub for perfect seal alignment and also prevents seal leaking when packing inner bearings. For American and imported cars and trucks.
15-3996R— . . . . . Each **$15.49**

BRAKE CABLE ADJUSTER

Takes up slack—shortens loose, stretched cables up to 2". Easy to use . . . simply hook over cable and tighten.
16-0085T— . . . . . Each **98c**

Disc Brake Piston Remover

Pull all stuck pistons to 2¾" quickly, easily, regardless of condition. Will not damage calipers.
85-1721Y— . . . . . Each **$21.98**

DISC BRAKE PADS with WEAR SENSORS For American Cars & Trucks

Guard against costly damage to disc brake rotors. Like original equipment disc brake pads on new General Motors cars and trucks. Pads have built-in sensors that emit a screeching sound to warn you when pads need to be replaced. Made of finest quality brake material—fully bonded and riveted. Set is for 2 FRONT wheels. For the following vehicles with FRONT disc brakes:
70-75 Buick (exc. Skyhawk)
67-75 Cadillac (exc. 67-68 El Dorado)
69-75 Checker
69-75 Chevrolet (including Camaro, Chevelle, Chevy II, Monte Carlo, & Nova; does NOT include Corvette, Monza or Vega)
72-75 Chevrolet & GMC trucks, 1/2 to 1 ton (including El Camino & Sprint; NOT for Motor Home)
74-75 Jeep® J10, J20, J100, Cherokee, Wagn'r
69-75 Oldsmobile (exc. Starfire)
69-75 Pontiac (exc. Astre)
87-9780U— 1-Set **$11.95**

BONDED BRAKE SHOES for Cars & Trucks

For American Cars & Trucks—for Imports, See Index

SOLD OUTRIGHT—NO EXCHANGE NECESSARY

- BRAKES THAT HOLD IN WET OR DRY WEATHER
- NO-GRAB, NO-SWERVE, NO-FADE BRAKING AT ALL TIMES

Low As **8.29** PER SET NO EXCHANGE NECESSARY

"BIG BRUTE"

FULL (40,000 MILE) WARRANTY

Full refund or free replacement of brake shoes (not including labor costs) if lining wears out within Warranty period.

BIG BRUTE BRAKE SHOE SETS are heat-resistant, fit like original. Fully bonded throughout, resulting in greater lining depth and more braking surface.

KAR-LIFE

FULL (60,000 MILE) WARRANTY

Full refund or free replacement of brake shoes (not including labor costs) if lining wears out within Warranty period.

KAR-LIFE BRAKE SHOE SETS. Our best brake shoes. Linings have more aging material for longer wear. Dissipate heat faster for less brake fade. 70% metallic base for greater oil, grease, moisture resistance. Fully bonded, fit tightly to shoe. Will not shear or separate from metal.

Low As **9.59** PER SET NO EXCHANGE NECESSARY

Don't take chances—replace worn brake shoes. Big Brute and Kar-Life brake shoe sets have the toughest, safest brake lining ever made to give: **Positive pedal action, no fade; elimination of scored drums due to rivets; brake lining that is resistant to water, grease, oil; smooth stops every time —no grabbing, swerving or squealing; trouble-free service for thousands upon thousands of miles.** Custom made for each car or truck. Each set consists of 4 relined shoes, enough for two wheels. Order two sets for all four wheels. Some models are equipped with front disc brakes; see index for disc brake pads. **State Make, Year, Model, No. of Cyls., Front or Rear and Stock No. (On Trucks, state if 2 or 4 wheel drive).**

DISC BRAKE PLATES (Rotors) for American Cars and Trucks

Brake safety experts recommend changing disc plates every second disc pad replacement or every 25,000 miles. Plates with lateral run out or rough surfaces result in faulty, chattering brakes. These new disc plates restore brake-safety and performance. Made of top quality cast iron. Complete with hub, bearing caps and studs. **NOTE: For front wheels. Fit right or left side. State Make, Year, Model and Stock Number. On Chrysler products cars, also state if for left or right side. ♦ Disc only less hub and studs.**

- **Restore brake safety efficiency**
- **Made to replace original perfectly**

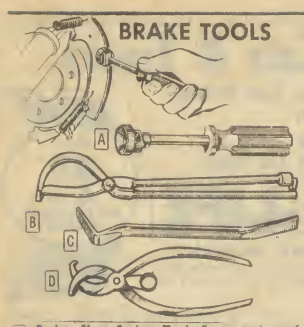
BRAKE TOOLS



A **Brake, Shoe Spring Tool.** For speedy, safe removing and installing of brake shoe retaining springs. Rustproof rod and socket. Non-slip plastic handles. 7" long. Fits all cars except compacts listed below.
74-0443T— Each **$1.98**

Brake Shoe Spring Tool for Comet, Falcon. Shoulder prevents stretching, damaging spring.
74-2761W— Each **$1.98**

B **Brake Spring Pliers.** Easy removal and installation of brake springs and shoes. Sturdily constructed. Chrome plated.
88-7028R—13" long . . . . . Each **$2.49**

C **Bendix Brake Wrench.** Necessary tool for adjusting brakes. Ends are angled for efficient, fast adjustment, edges radiused for non-slip action. Adjusts star reel thru drum slot.
88-7385T— Each **98c**

D **Brake Star Adjuster Pliers.** Removes and replaces brake star adjuster screw without disturbing other brake hardware. Star adjusters should be replaced every 6000 miles.
75-3110U— Each **$3.69**

Brake Cylinder Surfacing Hones

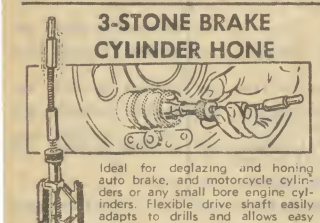
Ideal for deglazing, and honing wheel or master brake cylinders with open or closed ends, including step type. Easily operated by any power drill. Flexible drive shaft permits use on the car—no need to remove cylinders on most cars. Adjustable honing pressure for smooth action, perfect finishes. Uses regular honing stones—not sandpaper or emery cloth. Stones can be changed quickly, easily. Can also be used on lawn mower, power saw, outboard or other small bore engine cylinders.

- **For all American and Imported Cars**

A **With Two Honing Stones.** Has range of 1/2" to 2-1/4" (12.70mm to 57.15mm) diameter.
74-0676Y— Each $8.98
REPLACEMENT STONES FOR ABOVE.
74-4118X— 1-Set of 2 $1.79

B **With Three Honing Stones.** Has range of 3/4" to 2-1/2" (19.05mm to 63.50mm) diameter.
74-3665Y— Each $9.49
REPLACEMENT STONES FOR ABOVE.
74-3666W— 1-Set of 3 $2.19

3-STONE BRAKE CYLINDER HONE



Ideal for deglazing and honing auto brake, and motorcycle cylinders or any small bore engine cylinders. Flexible drive shaft easily adapts to drills and allows easy access to cylinder. Inside diameter adjusts from 7/8" to 1-3/4" (23 to 45mm) for smooth even action, perfect finishes. Complete with built-in honing stones.
88-7180Y— Each **$5.98**

Front Axle Grease Seals

Install new seals when packing front wheels, replacing or relining brakes, or wheel bearings. Manufactured to exact specifications of original. **This type seal not used on cars with disc brakes. State Make, Year, Model and Stk. No.**

♦67-74 Dodge and Plymouth—specify 10" or 11" brake drums. 65-73 Dart, Valiant and Barracuda—specify 9" or 10" brake drums.

Steering Connecting Rod REPAIR KITS for Chevrolet Cars & Trucks

Replace worn steering rod internals to restore safe, snug, properly operating steering. Kit contains: 2 springs, 4 seats, 2 end plugs, 2 rivets and 2 cotter pins. Services both ends of the steering connecting rod on 32-39 and 49-54 Chev. cars, and 41-52 Chev. 1/2 and 3/4-ton trucks.
88-5663N— 1-Kit **$2.99**

Get More Miles Per Gallon with

GASOLINE CATALYST

For all types of gasoline in all gasoline engines. Increase engine life, reduce emissions . . . . . up to 10% better gas mileage. Catalyst cleans engine as it runs by creating oxygen scavengers which attach to engine deposits. These scavengers clean the engine as it runs and prevent deposits from re-forming. Gasoline will burn cleaner and more efficiently. 8-oz. can treats 100 gallons of gasoline.
17-9207T— Each **$3.95**

CAR CARE and MAINTENANCE KIT

7 Handy Pocket Size 1½ Oz. Tubes

Kit supplies 7 important "emergency" chemicals, yet is compact enough to fit in glove compartment! **(1) Wiper Blade Dressing.** Restores old blades to increase visibility, end streaking, prevent icing, prolong blade life. **(2) Liquid Stitch.** Permanently mends fabrics and vinyl in minutes; dries invisible. **(3) All Purpose Lubricant** with Silicone. Waterproofs, insulates, protects moving parts. Eliminates friction and noise. **(4) Windshield Sealer.** Transparent, waterproof sealer ends leaks, drafts, noise. Bonds to glass, wood, metal, and rubber. **(5) Battery Terminal Protector.** Prevents power loss and breakdown due to terminal corrosion. Insures solid contacts for fast, all-weather starts. **(6) Liquid Solder.** Mends tin, aluminum, wood and enamel quickly, easily. No heat required. **(7) Belt Grip.** Restores efficiency and power to all belt driven equipment. Just a few drops will prevent slippage, squeaks, breakdowns.
17-9344U— 1-Kit **$5.95**

Stop Disc Brake Squeal!

DISC BRAKE QUIETER & CLEANER

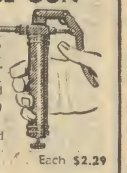
Disc Brake Quieter. Fast, easy way to stop annoying squeal. Just remove brake pads, spray backs of pads, and reassemble. 12-oz. aerosol can.
16-0261P— . . . . . Each **$4.29**

Disc Brake Cleaner. Easy, safe way to clean disc or drum brakes. Just spray on, flush away oil, grease dirt. Non-flammable. 16-oz. aerosol can.
16-0262Y— . . . . . Each **$2.49**

GREASE SEAL DRIVER SET

For replacing all popular sizes of wheel and bearing seals. 12-pc. set includes handle, 4 driver plates and 6 pilot plates, in metal box. Steel with zinc plating.
82-0716B— 1-Set **$16.98**

MIDGET GREASE GUN



One-Hand Operation
For hard-to-get areas. Sturdy, lightweight. Develops 7500 lbs. pressure. Loads easily with cartridge (included) or bulk load. Can be used with hose and coupler below.
75-3279X Each **$5.49**

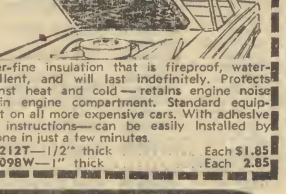
12" Flex Hose. For all hand grease guns, any style coupler.
75-3281T Each **$2.29**

9/16" Diam. Hydraulic Coupler. Special steel plunger insures long life.
75-3282A Each **79c**

Replacement Cartridges. All purpose lithium grease. 3½ oz. cartridges.
75-1314U 1-Pkg. of 6 **$2.98**

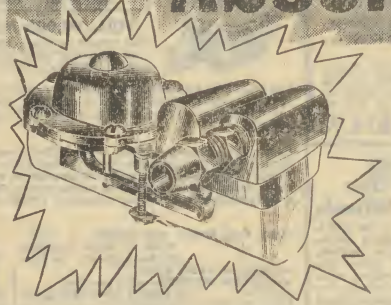
Under-Hood Quilt

Made of Fiberglass—Insulates, Quiets Engine Noise! FOR ALL CARS AND TRUCKS



Super-fine insulation that is fireproof, water-repellent, and will last indefinitely. Protects against heat and cold — retains engine noise within engine compartment. Standard equipment on all more expensive cars. With adhesive and instructions—can be easily installed by anyone in just a few minutes.
16-0212T—1/2" thick . . . . . Each **$1.85**
16-0098W—1" thick . . . . . Each **2.85**

Now . . . Up to 60 Days of Driving Absolutely FREE!



YES! *The SUPER ENERGY CELL CAN SAVE You Up to 20% To 25% Of Your Gas Bill During The Coming Year . . .*

- If You Drive 5,000 Miles a Year, You Will ***DRIVE 1,000 MILES FREE!***
- If You Drive 10,000 Miles a Year, You Will ***DRIVE 2,000 MILES FREE!***
- If You Drive 100,000 Miles a Year, You Will ***DRIVE 10,000 MILES FREE!***

Your Savings Can Start At $100.00 A Year & The Sky's The Limit!

THE SECRET IS UNDER THE HOOD—THIS FANTASTIC SUPER ENERGY CELL—NO BIGGER THAN YOUR HAND

Get Instant Starts, Blazing Pick-Up . . . All the Surging Power Your Engine Can Deliver! Eliminates Vapor Lock. Reduce Stalling, Flooding, Rough Idling with This Amazing New Computer-Type Invention. SAVE ON FUEL, CARBURETOR REPAIRS, OIL DAMAGE TO VALVES, PISTONS, RINGS, BEARINGS AND TOW CHARGES!

Today's fuel pump keeps up a **continuous pressure** whether your car is standing in traffic or going 80 miles an hour. Most of the time the fuel pump is shooting gasoline into your carburetor in an almost flooding condition—always overfeeding it at many times the pressure needed. Because your carburetor has no controls and no regulator, all this wasted gas is the price you pay for carburetion.

From the moment you install this SUPER ENERGY CELL you'll drive a car with FULL-TIME FIRING POWER! This fantastic new invention will cut down on dangerous carburetor flooding, stalling, misfire bucking—it will stop precious lubricants from washing away in the raw gas that would otherwise flood valves, pistons, and cylinder walls! Wherever you drive, you'll know that this SUPER ENERGY CELL is saving you **up to one gallon of gas out of every five**—that you're driving one mile free in every five! You'll also save on carburetor repairs, oil, the damage done to valves, pistons, rings—you'll save your battery from strain; you'll keep your engine in tip-top, continuously lubricated condition.

The SUPER ENERGY CELL was designed to bring much of the tremendous efficiency and economy of fuel injection to your engine. With it under your hood, you can take that vacation you've planned, drive 1,000 or 10,000 miles with the splendid feeling that comes from knowing you've stopped paying out good money for wasted gas

HERE'S HOW SUPER ENERGY CELL WORKS

Ordinary carburetor cannot regulate fuel pump pressure! Gasoline level in carburetor rises to the point where raw gas pours into cylinders, then out the tail pipe—with up to a 20% fuel loss.

SUPER ENERGY CELL regulates fuel pressure. It controls back pressure, maintains even, steady flow of fuel at ideal pressure of 3½ lbs. for American cars, and 1½ lbs. for imported cars.

SEE FANTASTIC CHANGE INSTANTLY WITH A FIVE MINUTE INSTALLATION

With just a few hand tools and a few minutes, you can install the amazing new SUPER ENERGY CELL yourself. No mechanic necessary—you can do the job even if you've never had a tool in your hand before! With this simple installation, you get rid of the temperamental fluctuations—the erratic over-pressure of your fuel pump . . . and for pennies! Within seconds after installation you'll revel in the feeling that you've got the answer to carburetor maintenance, engine damage, lost power—for the lifetime of your car! You'll be totally amazed at the brand-new kind of power and fantastic pep you'll get from your engine the instant you touch the gas pedal. You must start quicker, get faster take-offs, idle far more smoothly and quietly in traffic, streak up steep hills and speed down highways without power loss, without failing to burn one drop of gas. Above all, you must DRIVE SAVING ONE GALLON OF GAS OUT OF EVERY FIVE!

SAVE YOURSELF $$$ ON COSTLY REPAIRS

Sensitive float and needle valve can be damaged so badly gasoline pours through with up to 20% waste.

Precious lubricating oil can be washed off running parts — making your car "old" before its time!

Without oil, bearings can be permanently scarred and seared — promoting an expensive engine repair job!

Pistons and rings need continuous lubrication; gasoline may keep them "clean" and result in a motor job.

HERE'S ANSWERS TO YOUR QUESTIONS ABOUT THE AMAZING NEW COMPUTER TYPE INVENTION . . . THE SUPER ENERGY CELL!

Q. WHAT IS THE SUPER ENERGY CELL?
A precision-built fuel pressure regulator. It gives an even fuel flow into the carb. **Fuel pumps can't do this.** The super energy cell **controls fuel pressure!**

Q. WHAT HAPPENS WHEN PRESSURE IS TOO HIGH?
Plenty, and it's all bad news. Carb flutter, excess float and needle valve wear, fuel/air ratio changes, flooding, hard hot weather starts, and dilution of crankcase oil — which means more piston and ring wear. Plus — lower gas mileage, less power.

Q. WHY DOESN'T A FUEL PRESSURE REGULATOR COME WITH THE CAR?
Some day it might! Much of today's standard equipment began as luxury extras . . . like voltage regulators or oil and air filters. Detroit is slow, sometimes.

Q. WHAT HARM DOES VARIABLE PRESSURE DO?
Surges of gas, forced into the combustion chamber, give an over-rich fuel/air ratio. You burn more fuel with no power increase . . . up to 20% fuel loss. Not to mention all that extra engine wear!

Q. HOW DOES EXCESS PRESSURE CAUSE ROUGH IDLING, DYING AT STOPS?
Because there is no pressure control on your car, the same pressures exist at idling as at high speeds. When you stop, your engine races because too much fuel is forced into the carb; as pressure drops and fluctuates, the fuel/air mixture alternates between too lean and too rich, producing ragged, uneven idling. Continued high pressure floods the engine, killing it, making starting difficult. And flooding dilutes engine oil . . . so your engine receives poor lubrication.

Q. HOW CAN THE SUPER ENERGY CELL CURE HI-PRESSURE ENGINE ILLS?
The SUPER ENERGY CELL controls "back pressure" and maintains an even fuel flow into the carb at the ideal pressure of 3-1/2 lbs. whether you're idling or doing 70! When pressure gets too high the energy cell's pressure-monitoring action blocks excess pressure to the carb.

Q. CAN I INSTALL THE SUPER ENERGY CELL MYSELF?
Sure! All it takes is a few simple hand tools and 5 minutes. SUPER ENERGY CELL is factory adjusted to meet all requirements. And it comes with easy-to-follow, step-by-step installation instructions.

UNSOLICITED PRAISE FROM USERS!

"My brother got only 10 miles per gal. on a new Buick. Put one on and gets 15 miles per gal. Terrific!" **V.P., Oshkosh, Wisc.**

"Certainly the answer to poor fuel economy. And it's improved the performance of the motor out of sight! A wise investment in every way." **R.W., Victoria, Australia**

"Used to get 14 miles to a gallon, now getting 21 miles per gallon. I have recommended it to my friends." **N.C.C., Memphis, Tenn.**

"I'm pretty well convinced there's no other reason for my gas mileage increase . . . far better idle too." **W.M.P. (famous name connected with a top motor magazine).**

FULL (OWNERSHIP DURATION) WARRANTY

If the Super Energy Cell fails for any reason, while original purchaser owns the car or truck on which it is installed, it will be replaced (Labor not included).

FOR ALL AMERICAN & IMPORTED CARS & TRUCKS (FOR VOLKSWAGEN SEE BELOW). Fits any internal combustion gasoline engine.
When ordering, State Make, Year, Model, No. of Cyls. and Stock Number.
55-951Y-Shipping weight 2 lbs.
FOR 52-69 VOLKSWAGEN (EXCEPT WITH FUEL INJECTION).
73-998X-Shipping weight 2 lbs

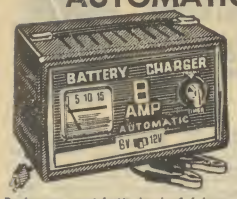
AUTOMATIC BATTERY CHARGERS

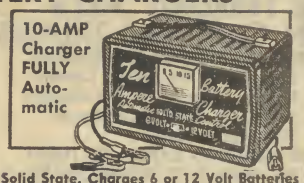


8-AMP Charger with 6-Hour Electric Timer!

Recharges most batteries in 4-6 hours. Surges to 10 amps—quickly builds enough power to start a car. Timer provides automatic timing up to 6 hours. Trickle feature maintains fully charged battery. Automatic-reset circuit breakers protect against power overload. Dual selenium rectifiers reduce wear. Ventilated steel case has baked enamel wrinkle finish, flexible carrying handle. With rubber insulated 8-ft. power cord and 6 ft. color coded cables with copper coated clamps. Cables stay flexible, never harden even in coldest weather. UL listed: 110-120 volt, 60 cycle AC. **Charges both 6 and 12 volt batteries.**
54-0884B— . . . . . Each **$39.95**

10 AMP CHARGER. Same features as above, except does not have electric timer. Surges to 12 amps, recharges most batteries in 4-5 hours.
54-0885R— . . . . . Each **$34.95**

10-AMP Charger FULLY Automatic



Solid State. Charges 6 or 12 Volt Batteries

Automatic charger monitors its own output—turns itself on and off to maintain full charge without overcharging! **Solid state circuitry** starts charging instantly, guards against shorts. 2 cell, silicon controlled, full-wave selenium rectifier runs quiet and cool. Automatic-reset circuit breaker. **Built-in ammeter.** Ventilated, veltex finish steel case with carrying handle. Rubber insulated 8-ft. power cord, 6 ft. color coded flexible cables with 50 amp. rated clips. UL listed: 110-120 volt, 60 cycle AC.

10-AMP CHARGER. Surges to 12-1/2 amps. Size: 10" × 6-1/2" × 7-1/2".
54-1072T— . . . . . Each **$42.95**

6-AMP CHARGER. Surges to 7-1/2 amps. Size: 8" × 5-1/2" × 6".
54-1071N— . . . . . Each **$32.95**

Side Terminal Battery Adapter Clamp

Permits easy charging or boosting of side terminal batteries. No need to remove battery or cables. Snaps on easily for positive, safe connection. Easily removed. For 71 and up cars with side terminal posts.
13-1596A— 1-Pair **$1.25**

DUAL FUNCTION BATTERY ANALYZER

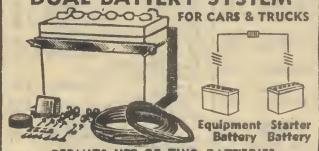
- **Tests Battery Charge**
- **Tests Battery Cells**
- **Easy-to-Read Meter**

Solid-state, all-in-one dual tester quickly and accurately measures battery charge level across the posts **and,** with a flick of the dual-function test switch, analyzes battery cells.

DUAL-RANGE METER:
Tests charge level on wide-scale meter over an expanded voltage range of 11 to 14 volts D.C. for greater accuracy. Meter face has convenient Low-Normal-High color bands. For 12 volt batteries only.
Tests cells of any battery. Special scale expansion gives 10 times greater accuracy than ordinary zero center cell testers. Heavy duty cadmium plated probes may be placed directly into the electrolyte of 6, 12, 24 and 36 volt battery systems. Meter is overload protected and always reads "positive" even if probes are reversed in the cells. Easy-to-understand diagnostic information, included, shows how to tell defective or failing batteries from good ones. Compact tester is 4" × 2-7/8" × 2-1/2".
17-9441Y— . . . . . Each **$23.98**

6 & 12 VOLT AUTOMATIC DUAL BATTERY SYSTEM

FOR CARS & TRUCKS



PERMITS USE OF TWO BATTERIES IN YOUR CAR OR TRUCK

1. To operate starter only.
2. To operate lights, accessories and ignition.

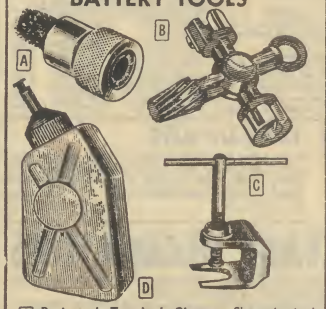
Ends Starting Problems! Enjoy fast, easy starting in coldest weather. Eliminates starting failure of a single battery system. Eliminates delays and expense of a run down battery. Increases original battery life.
1. Starter Battery. Operates starter only. Automatically cuts into generator charging system . . . stays 'hot' for fast, easy starts. Permits unlimited use of lights and accessories without danger of draining starter battery.
2. Equipment Battery. Operates ignition, lights and accessories. You can leave lights and accessories on all night and never discharge the starter battery.
Easy of install. No alterations or adjustments to wiring or ignition required. Complete system (less battery) consists of battery bracket, relay, wire terminals, bolts, tape and easy-to-follow instructions. For 6 or 12 volt cars and trucks.
74-6612X—6 volt.
74-5671U—12 volt 1-Kit **$15.59**

5-PC. BATTERY SERVICE KIT

11.98 KIT

All the tools you need to efficiently, quickly service any battery or battery cable . . . the perfect kit for every mechanic or car owner. All tools are of top quality construction and are easy to use. Complete kit contains vinyl storage pouch plus: **(A) Spring Loaded Terminal Puller.** Drop-forged. Removes stubborn, frozen or corroded terminals. Will not slip—prevents damage to battery and cables. **(B) Post and Terminal Brush Cleaner.** Strong steel tool with shaped metal brush fits in terminals and over battery posts. Removes power-robbing dirt, grease and corrosion, insuring clean, snug contact. **(C) Angle Nose Plier.** Drop-forged, highly polished. Vinyl covered handles for sure-grip and safety. Services cable terminals quickly, easily. **(D) Terminal Spreader.** Vinyl covered handles. Fast, easy installation of terminals. Ridged to ream out terminal clamp. **(E) Hex Nut Plier.** Drop-forged, with vinyl covered handles. Loosens or tightens terminal nuts.
COMPLETE KIT
88-5942T— 1-Kit **$11.98**
INDIVIDUAL TOOLS. Above sold separately.
A **Spring-Loaded Terminal Puller**
88-5947B— . . . . . Each **$1.98**
B **Post and Terminal Cleaner**
88-5943A— . . . . . Each **$1.29**
C **Angle Nose Plier**
88-5944R— . . . . . Each **$2.99**
D **Terminal Spreader**
88-6150B— . . . . . Each **$3.49**
E **Hex Nut Plier**
88-5945W— . . . . . Each **$3.29**

BATTERY TOOLS



A **Post and Terminal Cleaner.** Shaped steel brush fits in terminals and over post.
88-5943A— . . . . . Each **$1.29**
B **Heavy Duty Post and Terminal Cleaner.** Sharp steel blades clean corrosion, grease for positive starting, longer battery life.
88-5644N— . . . . . Each **$3.49**
C **Terminal Puller.** Drop forged, heat treated steel tool makes it easy to remove frozen or corroded terminals. Will not slip off—prevents damage to battery and cable end. Swivel collar and leverage bar provide positive, effective pull. No jaws to adjust.
75-3214U— . . . . . Each **$2.98**
D **Filler.** Unbreakable! Automatic valve prevents overfilling. Polyethylene container lets you see water level.
88-7263X—1 pint . . . . . Each **$1.49**
89-4812Y—2 pints. . . . . Each **$2.89**

BATTERY TERMINAL PLIERS

Lift & remove battery clamps quickly, easily

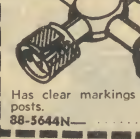
For all top mount battery clamps. Remove corroded or spring type clamps without damage to clamps or battery terminal. Pliers have sure-grip insulated handles.
15-3215U—
Each **$7.98**

BATTERY CARRIER

Fits All Batteries

Lets you lift battery out and carry it easily. Clamps to top terminals or bolts to side terminals. Tough plastic strap with steel brackets and bolts.
12-2328R— Ea. **$1.29**

DO-IT-Save YOURSELF



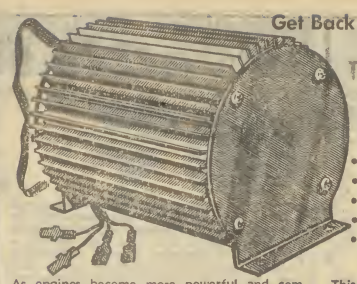
BATTERY POST and TERMINAL CLEANER

Heavy duty one-piece construction. Has clear markings for negative and positive posts.
88-5644N— . . . . . Each **$3.49**

SATISFACTION GUARANTEED or MONEY BACK

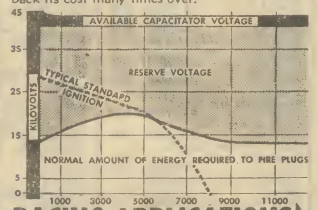
Get Back The Top 10% Of Engine Performance You Are Now Wasting with this NEW GENERATION

CAPACITIVE DISCHARGE IGNITION SYSTEM



- **Eliminates 90% Of Tune-Ups!**
- **Up To 25% Better Gas Mileage!**
- **Fantastic 45,000 Volt Hot Spark—Fires At 10,000 RPM!**
- **Increase Power, Performance, Acceleration!**
- **Spark Plugs and Points Last Up to 80,000 Miles!**
- **Get Instant Starting . . . From —50° to 130°F.!**

As engines become more powerful and compression ratios increase, Detroit still sticks with the same tired old ignition system (except on a few highest-priced cars). The life of spark plugs and points gets shorter and shorter, more frequent tuneups are needed . . . gas mileage goes down, down, down and the top 10% of your engines potential power goes right out the exhaust pipe. Yes, you have been paying through the nose so Detroit can cut corners!
But now, you can equip your car with an ignition system that will end gas waste and give you greatly increased power for high speed, passing, hill climbing and new, blazing acceleration. A system that will start your car instantly, regardless of how cold or damp the weather . . . that lets spark plugs and points last longer than you will own your car! Yes, you will drive up to 5 times as far before your car needs a tune-up or plug/point replacement. Sound too good to be true? Then let us tell you why this amazing ignition system can be the best investment you've ever made for your car and why it will pay you back its cost many times over!



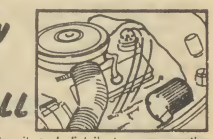
RACING APPLICATIONS

This New-generation, Silicon Controlled Rectifier Type Capacitive Discharge Ignition is the result of years of improvements on a system that is so good, it is only a matter of time before it **must** become standard equipment on every new car. Unlike earlier systems, this New-Generation System puts it all together to give you the most powerful and dependable ignition performance you have ever experienced. Working with your standard coil and distributor, the New-Generation Capacitive Discharge Ignition converts applied battery voltage from a nominal 12 volts to approx. 400 volts. 4 times normal delivered spark results in improved 45,000 volt ignition. 10 times faster spark rise time prevents fouling and spark plug/point erosion. Extra-hot spark results in cleaner, more complete combustion, gives you more power from every drop of gas burned! Helps reduce engine wear and save expensive repairs by reducing engine damaging combustion deposits. Amplifies the energy of the conventional ignition system to give you instant starting in any weather, better gas mileage, improved engine performance and elimination of many costly tune-ups. Precision engineered using only finest quality components.

- Finned, air-cooling seamless extruded aluminum case leaves no parts exposed to the weather
- Completely moisture and dust proof. Not affected by underhood temperatures.
- Oil filled 2.2 micro farad capacitor gives longer life, higher efficiency.
- Exclusive high efficiency transformer has lower losses and much higher energy capability (over 100 watts).
- Energy per spark 0.15 joules . . . 40% more than any other system.
- Exclusive, low trigger-voltage eliminates almost all problems with electronic tachometers.
- Will not interfere with car radio or tape player.

This New Ignition System is capable of over 16,000 RPM operation, with minor circuit changes.

EASY TO INSTALL



Uses standard coil and distributor now on the car. 2-wire hookup, absolutely no rewiring. Can be installed by anyone, in as little as 10 minutes. No special tools required, cannot be damaged by improper installation. Can be disconnected to revert to standard ignition in seconds. Compact, lightweight 4½" × 4½" × 5¾", 2½ lb. unit mounts anywhere under hood. Complete with installation terminals to fit all cars and complete, easy instructions.

FULL 1 YEAR WARRANTY

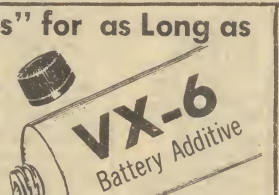
Against defects in materials and workmanship. Should it fail to perform at any time within one year, we will replace it. This warranty void if unit is altered, abused, modified, or damaged by customer.

FITS ALL CARS INCLUDING IMPORTS

With 12 volt negative ground generator or alternator ignition.
75-2930W—
Each **$34.95**

No More "Dead Batteries" for as Long as You Own Your Car!

PROVEN RESULTS IN MILLIONS OF MILES OF "ON-THE-ROAD" USE



Biggest Selling Battery Additive in America!

No matter how new or old your battery may be, it is producing sulphation constantly; even when not in use. This sulphation (lead sulphate) is a regular chemical reaction that starts as a soft, spongy, greenish-white substance, then hardens and chokes your battery to death. You often see it even on the outside of the battery around cable connections.
Sulphation is the number one cause of battery failure, and is the reason that 7 out of 10 batteries are thrown away "dead"—while they are still full of life, but checked for a free-flow outlet of energy.
VX-6 dissolves sulphation in old batteries, prevents it from forming in both **old and new batteries.** That's why even brand new batteries have added life when protected with VX-6.

Any Weather—Anywhere!
VX-6 insures constant starting under any weather conditions, anywhere in the world. You get all-weather instant starting at 40° below (arctic temperature) or 160° above (tropics temperature). Used by over a million motorists.

MAKE THIS FANTASTIC "PROVE IT" TEST YOURSELF
Add VX-6 to your battery, then with your ignition switched off, leave your bright lights on until the battery is so run down it won't start the engine or light the lights. Wait 3 minutes with headlights off, then switch on ignition and the battery will start your car with a surge of power that it has regained during that brief 3-minute interval.
17-1205N— . . . . . Each **$3.98**

- **All-weather starting**
- **25% stronger lights**
- **Increased battery output**
- **Full (Ownership Duration) Warranty**
- **One package is sufficient for one 6 or 12 volt battery.**

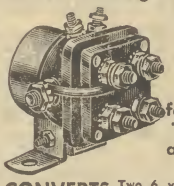
AUTOS, BOATS, LIFT TRUCKS

VX-6 is safe and effective for cars, boats, trucks and even industrial lifts. Just one $3.98 package is enough for any automobile battery.

FULL (OWNERSHIP DURATION) WARRANTY
Full refund or replacement as long as you own your car in which battery is installed.

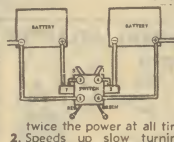
DOUBLE Your Starting POWER!

Get Quicker, Easier Starts with 24 Volt Cranking on 12 Volt System 12 Volt Cranking on 6 Volt System



DUAL VOLTAGE SWITCH for Cars, Trucks, Tractors, Boats and Conversion Engines

CONVERTS Two 6 volt Batteries to 12 volt System. Two 12 Volt Batteries to 24 volt system.
PROVIDES 12 volt starting Power for 6 volt system. 24 volt starting Power for 12 volt system.
ENDS Hard starting due to weather, high & low compression. Battery rundown and resulting loss of time & money.



Here's what "Double Starting Power" means to you.
1. Offsets cold weather loss of power. A single battery loses up to 60% of its power at 0°F. With dual batteries you have twice the power at all times.
2. Speeds up slow turning starters . . . insures faster starts every time.
3. Increases battery life. Less drain on two batteries than on one, less recharging — withstands frequent starts longer.
4. Increases starting and ignition voltage in starting cycle only. Can't damage or burn out accessories, lights.

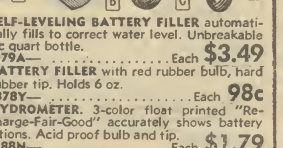
Ingeniously simple! The Series-Parallel switch enables all vehicle systems to have double starting power, yet retain all the advantages of the lower voltage system. Here's how the switch works. In the normal position the switch makes a parallel connection between the two 6 volt batteries, rendering both batteries 6 volts. When the starter button is pressed, the parallel connection is broken and a series connection is made, delivering 12 volts to the starting circuit only. Since all other wiring is connected at the dividing point, no other part of the vehicle receives more than 6 volts whether the vehicle is starting or not. The 12-24 volts installation requires two 12 volt batteries and works in the same manner as the 6 volt to provide 24 volt starting. Recommended for all cars, light trucks, boats, farm tractors and other light equipment. Vehicles Alternator-Generator charges both batteries right in the car as you drive. These switches require no change of alternator or generator, regulator, starter, etc. in the electrical system. With easy to follow instructions. Battery cables and carrier not included. Each
74-1396B—6 volt to 12 volt Switch
74-1397P—12 volt to 24 volt Switch **$17.95**

BATTERY TERMINAL & POST CLEANER

Cleans and Shapes Terminals and Posts

Specially designed tool not only cleans cable terminals and battery posts but also RECUTS them to a round 8° taper for maximum battery terminal contact. Self cleaning blades are heat treated spring steel. Use smaller blade for posts. Loosen thumb screw, reverse handle, and use cone shaped blade for cable terminals.
17-9555N—
Each **$3.65**

BATTERY ACCESSORIES



A **SELF-LEVELING BATTERY FILLER** automatically fills to correct water level. Unbreakable plastic quart bottle.
52-0079A— . . . . . Each **$3.49**
B **BATTERY FILLER** with red rubber bulb, hard rubber tip. Holds 6 oz.
88-7378Y— . . . . . Each **98c**
C **HYDROMETER.** 3-color float printed "Recharge-Fair-Good" accurately shows battery condition. Acid proof bulb and tip.
16-0188N— . . . . . Each **$1.79**
DELUXE HYDROMETER. Scientifically built hydrometer shows battery condition at a glance. 3-color float: recharge, fair and good. Specific gravity reading. Float range: 1.100 to 1.300. Easy to read. Acid proof bulb and tip.
88-7379W— . . . . . Each **$2.19**
D **3-in-1 BATTERY TOOL** spreads and cleans cable clamps; clears battery post and reams. Finest quality drop forged steel.
51-0473X— . . . . . Each **$6.49**

BATTERY TERMINALS, BOLTS & NUTS

Acid resisting, for positive or negative ground.
A **Top Mount,** 2 bolt clamps to cable.
16-0225N Each **59c**
B **Side Mount,** 2 bolt clamp to cable.
13-1597R Each **75c**
C **Bolts & Nuts.** Sizes: 1-1/4" × 5/16"
46-0059B Box of 100 **$6.95**

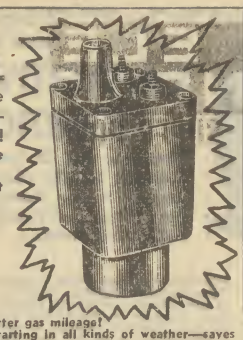
CHECK EVERY PAGE!

BATTERY CARRIER STRAP

Allows you to lift out and carry battery easily. Fits all top post mount batteries. Rugged plastic with metal brackets.
04-0239P— . . . . . Each **99c**

INDEX AND ORDER BLANKS—SEE BACK PAGES M

SUPER SPARK
High-Performance IGNITION COIL



Delivers up to 40,000 VOLTS — increases the spark "Kick" to give your car more R.P.M.'s — more power, acceleration pep, and mileage!

- 45% more secondary windings — almost double the secondary transformer capacity of ordinary coils!
- Low current draw gives faster starts, even in coldest weather — extends spark plug and point life
- Heavier duty, better insulated than ordinary coils
- Moisture proof — eliminates shorts
- Oil filled to run cooler, last longer

Here it is! The performance-engineered ignition coil that unleashes the full, high power potential of modern automobile engines! Detroit's original equipment coils don't make it — they're built to too-close cost schedules. High compression, high engine speeds, and lead deposits build-up in the cylinders, prove too great a burden for the stock coil. It "lets you down" in ways you often don't suspect, by causing high speed cut-out, misfiring, gradual loss of power, hard starting, poor gas mileage . . . and even premature engine wear.

Super Spark is the brand-new break through in high performance ignition coils . . . the coil built to stand up to the demands of today's high powered, high compression engines . . . and deliver maximum performance . . . with **POWER TO SPARE! Super Spark** was created for and proven in high performance engines, to give your car all of these benefits:

- Hotter, smoother spark for increased horsepower, improved performance, faster acceleration, better gas mileage!
- Easier starting in all kinds of weather—saves your battery
- Eliminates high speed miss — increases top speed
- Stops low speed plug fouling and misfiring
- Gives longer life to spark plugs, points and condenser

Hi-performance, heavy-duty Super Spark coil has 45% more secondary windings, with the primary windings **inside** the secondary circuit. High voltage windings are vacuum impregnated with hi-dielectric oil for positive insulation — better cooling — long trouble-free life. Vibration proof molded case. Complete with mounting bracket. **For all 12 volt ignition systems.**

75-3028Y— . . . . . Each **10.95**

Standard Replacement IGNITION COILS

Replace weak, faulty coil for best engine performance, faster starting. Insures hot spark to engine. Oil filled coil works and fits like original. **State Make, Year, Model Car or Truck, and Stock Number.**

55-1316T— . . . . Each **$5.19**

Heavy Duty & Extra Heavy Duty IGNITION COILS

for Cars and Trucks

Feature seamless aluminum case with moulded bakelite cap. Replace original perfectly. With bracket when needed. **HEAVY DUTY COIL** has highest grade silicone steel core for cooler operation, quicker starts—standard copper wire winding. Engineered for superior performance, with output in excess of normal demands. Equal to or better than original. DOUBLE THE GUARANTEE OF ORIGINAL REPLACEMENT PARTS (See How-to-Order Page).

EXTRA HEAVY DUTY COIL outperforms both heavy duty (above) and even original type coils. Has thousands of additional copper wire windings with heavy-duty silicone core. Low primary current for longer point life. Coil failure caused by vibration is eliminated by special windings. Static insulation has high dielectric strength to eliminate internal electrical breakdown. Delivers a hotter, smoother spark at all speeds. GUARANTEE: If for any reason extra heavy duty coil should fail while original purchaser owns vehicle, coil will be replaced free of charge. For all American cars and trucks, except 32-48 Ford and Mercury (see below).

Custom Fit. State Make, Year, Model, No. of Cyls., and Stk. No.

55-1326B—Heavy Duty Coil . . . . . Each **$6.49**

55-1327P—Extra-Heavy Duty Coil . . Each **$6.95**

EXTRA-HEAVY DUTY COILS for FORD CARS & TRUCKS, MERCURY CARS

88-5707P—32-36 All . . . . . Ea. **$21.50**

45-0723U—37-41 All . . . . . Ea. **$8.95**

45-0724B—42-48 All . . . . . Ea. **$9.49**

1-Pc. Point & Condenser TUNE-UP KIT with ROTOR

One-piece design lets you do tune-ups faster and easier to improve engine performance and gas mileage. Points feature fine-grained heavy duty ventilated tungsten contacts for longer wear, cooler operation. Attached condenser is wound in heavy duty mylar, then sealed against leakage and moisture. Kit includes a hi-dielectric rotor.

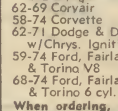
FOR THE FOLLOWING 6 & V8 CARS & TRUCKS

63-74 American Motors w/Delco Ignition
64-74 Buick, Special, Skylark and Apollo
58-74 Cadillac
62-74 Chevelle
57-74 Chevrolet V8
63-74 Chev. 6 cyl.
62-71 Chrysler w/ Chrys. Ignition
60-74 Comet, Falcon and Cougar
62-69 Corvair
58-74 Corvette
62-71 Dodge & Dart w/Chrys. Ignition
59-74 Ford, Fairlane & Torino V8
68-74 Ford, Fairlane & Torino 6 cyl.
64-74 GMC Trucks 230, 292 6 cyl.
61-74 International Scout 4 cyl., V8 266, 304 eng. w/ Delco Ignition
59-74 Lincoln
69-74 Maverick
59-74 Mercury, Meteor & Montego
64-74 Mustang
64-74 Oldsmobile, Cutlass & F85
62-71 Plymouth & Valiant w/Chrys. Ign.
57-74 Pontiac, Tempest & Firebird
66-74 Willys & Jeep® w/Delco Ignition

When ordering, State Make, Year, Number of Cylinders, and Stock Number.

55-1827R— 1-Kit **$2.98**

STARTER DRIVES



Sold Outright—No Exchange Needed

Remanufactured to give like new performance at a fraction of the cost of a new drive. All worn parts replaced with new parts.

39-75 Buick & Special	30-75 Dodge & Dart	46-57 Nash
39-75 Cadillac	60-70 Falcon	39-75 Olds. & F85
67-75 Camaro	28-31 Ford (see below)	29-75 Plym.
27-75 Chevy	32-75 Ford & Fairlane	58-75 Rambler (specify if Delco or Autolite equipped)
62-75 Chevy II	46-56 Kaiser	39-66 Stude.
64-75 Chevelle	52-75 Lincoln	60-75 Valiant
35-75 Chrysler	39-75 Mercury & Meteor	52-75 Willys & Jeep®
60-75 Comet	64-75 Mustang	
60-69 Corvair		
67-75 Cougar		
49-61 DeSoto		

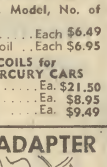
State Make, Year, Model, No. of cyls., Standard or Automatic Transmission and Stock No. If possible give number on starter which is located on tag or starter case.

55-1298B— . . . . . Each **$4.35**

For 28-31 Ford.

45-0703W— . . . . . Each **$2.68**

COIL TERMINAL ADAPTER



FOR ALL FORD PRODUCT CARS

- Makes it easy to attach dwell/tach leads to coils
- Simple to use
- No disconnect necessary

Eliminates makeshift connections with paper clips, cotter pins, etc. Copper surface is excellent conductor, has large area for alligator clips.

82-0748N—

1-Set of 2 . . . . . **$2.39**

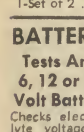
BATTERY CELL TESTER

Tests Any 6, 12 or 24 Volt Battery

Checks electrolyte voltage of any cell. Easy-to-read 2-1/2" diam. dial indicates cell condition instantly . . just insert the 2 cadmium plated insulated prods into cell and read. With 2-ft insulated leads and instructions.

13-1577A— . . . . . Each **$16.98**

BATTERY CARE KIT

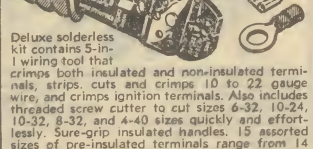


- CLEANER
- TERMINAL PROTECTOR

Eliminate power loss due to battery corrosion. Cleaner acts instantly, neutralizes and dissolves corrosion on battery terminals, cables, and battery case. Just spray on, flush off with water or wipe off with clean, dry cloth. Protector is formulated with special petroleum that seals battery surface and prevents corrosion on terminals, hold-downs, trays, and brackets. Just spray on. Two 6-oz. aerosol cans in kit.

12-2351A— 1-Kit **$3.25**

150-pc. Pre-Insulated WIRING TERMINAL KIT



Deluxe solderless kit contains 5-in-1 wiring tool that crimps both insulated and non-insulated terminals, strips, cuts and crimps 10 to 22 gauge wire, and crimps ignition terminals. Also includes threaded screw cutter to cut sizes 6-32, 10-24, 10-32, 8-32, and 4-40 sizes quickly and effortlessly. Sure-grip insulated handles. 15 assorted sizes of pre-insulated terminals range from 14 to 22 ga. round end, male and female tab ends, half round ends and socket type connector. All in compartmentized plastic storage box.

88-7322W—

1-Kit **$19.98**

130-pc. Kit. Includes 130 pre-insulated terminals in 12 different types and sizes. Does not include wiring tool.

15-4003T— . . . . . 1 Kit **$10.98**

SATISFACTION GUARANTEED or MONEY BACK

EXTRA-HEAVY DUTY IGNITION TUNE-UP KITS for AMERICAN CARS and TRUCKS

COMPLETE TUNE-UP KITS INCLUDE:

- ✓ Heavy-Duty Ventilated Contact Points — Matched & Pre-Aligned
- ✓ Sealed, Leakproof Condenser
- ✓ Hi-Dielectric Rotor

FOR IMPORTED CARS—SEE INDEX

EXTRA HEAVY DUTY KITS. Contain **pre-aligned, matched, balanced** points with **extra-large size ventilated tungsten contacts.** Help prevent burning, pitting, spark miss and hard starting — greatly reduce frequency of point replacement! All points have contoured rubbing blocks which form a well to hold cam lubricant—reduce wear and point resetting to a minimum. Stainless steel springs assure maximum conductivity and uniform tension. Sealed leakproof condensor, hi-Dielectric bakelite rotor for maximum spark to plugs. Metal parts are brightly nickel-plated to resist rust and corrosion, also for better conductivity of electricity.

Explanation or Abbreviations: AL=Autolite, Adv.=Adventurer, CR or Chr.=Chrysler, Dist.=Distributor, DR=Delco Remy, SW=Station Wagon.

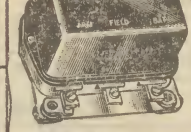
REPLACEMENT TUNE-UP KITS

for American Cars & Trucks

Restore lost power, get faster, easier starts. Replace original perfectly. Kit contains non-ventilated solid tungsten contact points, sealed leakproof condenser and hi-dielectric bakelite rotor. **State Make, Year, Model, Cubic Inch Displacement of Engine and Stock No.**

55-1317A— 1-Kit **$1.89**

HEAVY DUTY VOLTAGE REGULATORS



- Protect battery and generator or alternator against overcharging, burn-out. Assure proper rate of charge to battery.
- Pre-set at factory to correct charging rate—no adjustment required.
- Easy to install—replace original perfectly—no holes to drill, no special adapters.

Precision engineered to correctly control voltage and amperage output of generator or alternator. Built-in thermostatic compensator automatically controls voltage output through all of the temperature ranges . . . summer and winter. Built to outlast original. With instructions, for the following cars and trucks:

64-75 B'cuda	40-69 Chrysler (For 70-75 See below)	40-69 Dodge Cars & Truck (For 70-75 See below)	52-57 Hudson	40-75 Olds & F85	40-61 Stude.
40-75 Buick, Spec. & Skylark	60-75 Comet	58-60 Edsel	41-67 I.H.C.	52-58 Packard	55-75 T'bird
42-75 Cadillac	60-69 Corvair Cars & Truck	62-75 Fairlane	45-62 Jeep®	71-75 Pinto	68-75 Torino

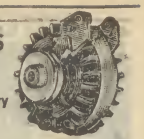
NEW Heavy Duty ALTERNATORS



Complete with Pulley

Sold Outright—No Exchange Necessary

LOW AS 35.95

Install a heavy duty alternator, **charge battery quicker. Don't allow system to overwork.** Replace original alternators perfectly. Can be used for replacement on all cars equipped with lower output alternators without changing regulators. All alternators come complete with pulley. (Regulator is available in order to change complete system—see index.) For the following cars and trucks with or without air conditioning.

Year, Make	Amp.	Stk. No.	Ea.

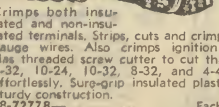
41-55 Ford Cars and Trucks.

75-2743T— . . . . . Each **$2.95**

5-IN-1 WIRING PLIERS



Crimp Strip Cut

Crimps both insulated and non-insulated terminals. Strips, cuts and crimps 10 to 22 gauge wires. Also crimps ignition terminals. Has threaded screw cutter to cut through sizes 6-32, 10-24, 10-32, 8-32, and 4-40 quickly, effortlessly. Sure-grip insulated plastic handles. Sturdy construction.

88-7277B— . . . . . Each **$5.98**

Mallory DOUBLE LIFE DUAL POINT DISTRIBUTORS

FOR TODAY'S POWERED HI-COMPRESSION ENGINES — DOUBLE LIFE OF CONVENTIONAL TYPE DISTRIBUTORS

- **Custom built for each car**
- **Choice of Centrifugal Advance or Vacuum Advance**
- **HIGHER VOLTAGE for a hotter, never-miss spark**
- **Maximum power**
- **Better gas mileage**
- **Smoother idle, even timing**
- **Easier starting**
- **Faster acceleration**

Give outstanding performance, perfect timing at all speeds. Uses 4-lobe cam with 2 breaker points for 8-cyl. operation and 3-lobe cam with 2 breaker points for 6-cyl. operation.

- Stabilized breaker points stay closed longer for greater saturation of coil, stronger spark.
- Circuit breakers have more spring tension, larger rubbing blocks, special saturation felt, plus dust covers for protection against wear. Will not bounce or float.
- Centrifugal advance mechanism has heavier weights and springs to insure amazing accuracy at all speed ranges. Special spark advance curves can be easily adjusted for stock or modified engines.
- Vacuum advance — part vacuum advance is done internally without moving breaker plate.
- Can be used with standard coil.

State Make, Year, Model of Car, Type of Transmission, Number of Cylinders, Cubic inch Displacement of Engine, 2 or 4-bbl. Carb. (or Multiple Carburetors), Stock No.

62-72 B'cuda	57-61 DeSoto	55-74 Mercury
49-74 Buick, Special & Skylark	53-72 Dodge	& Montego
67-74 Camaro	59-60 Edsel	64-73 Mustang
55-74 Chev.	63-70 Falcon	49-74 Olds & F85
62-74 Chevy II	67-74 Firebird	53-72 Plym.
64-74 Chevelle	55-74 Ford & Torino	55-74 Pontiac
57-72 Chrysler	61-62 Lancer	60-74 Tempest
62-73 Comet	68-74 Lincoln	55-74 T'bird
65-74 Cougar	71-73 Maver'k	60-74 Valiant

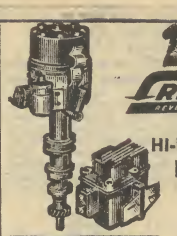
55-2073R—Centrifugal Advance Each **$63.95**

55-2074X—Vacuum Advance Each **$69.95**

DOUBLE LIFE DISTRIBUTOR WITH TACHOMETER DRIVE. For use in cars equipped with mechanical drive tachometer.
55-0444U— ..... Each **$83.95**

Replacement Points for DOUBLE LIFE Distributors. When ordering, state number from distributor plate (example: ZC-300) and Stk. No.
55-1292W— ..... Each **$4.19**

Mallory REV-POL 10,000 RPM HI-PERFORMANCE IGNITION SYSTEM



New! STREET -STRIP Performance switch controls current from the dash.

Complete REV-POL Ignition System produces **more voltage faster** than **any** existing conventional battery ignition. Extra-hot long duration spark gives top performance at every speed with higher RPM's.

THE REV-POL DISTRIBUTOR is **hi-performance advance curved** for maximum ignition output **throughout** the RPM range. Special, dual points eliminate float and bounce and your choice of either centrifugal advance or centrifugal and vacuum advance.

THE REV-POL TRANSFORMER. Changes direct current to alternating current and reverses polarity of transformer core to produce a **long-duration** and **high valve** "magneto action" spark.

NEW STREET/STRIP PERFORMANCE SWITCH lets you increase the primary current **from the dash** whenever extra high-performance is needed.

THE REV-POL IGNITION complete with special distributor, transformer, street/strip switch and instructions. Engineered for the following cars:

65-73 B'cuda	49-61 DeSoto	70-74 Maver'k
49-74 Buick & Special	49-72 Dodge	64-73 Mustang
49-74 Cadillac	60-70 Falcon	49-74 Olds & F85
67-74 Camaro	67-74 Firebird	49-72 Plym.
41-74 Chev.	49-74 Ford, Torino V8	49-74 Pontiac
62-74 Chev. II	61-62 Lancer	1961 Rambler American
64-74 Chevelle	54-74 Lincoln exc. 56-63 Mark II	61-74 Tempest
49-72 Chrysler	49-74 Mercury exc. 1957 T'pike Cruis.	58-74 Thunderbird
60-73 Comet		61-72 Valiant
60-69 Corvair		
55-74 Corvette		
67-74 Cougar		

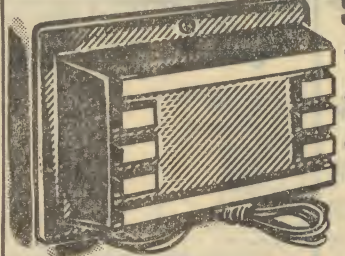
State Make, Year, Model, Type of Transmission, No. of Cyls., Cubic Inch Displacement of Engine, 2 or 4-Bbl. Carb (or Multiple Carburetors), and Stock Number.

Centrifugal Advance Only.
99-7114U— 1-Kit **$89.95**

Centrifugal & Vacuum Advance.
99-7115A— 1-Kit **$89.95**

REV-POL IGNITION SYSTEM for cars with mechanical tachometer drive.
79-3917Y— 1-Kit **$107.95**

New! ELECTRONIC ENERGY SYSTEM



SUPER POWERS YOUR IGNITION to give you

- **MORE BLAZING POWER . . .**
- **MORE GAS ECONOMY . . .**
- **MORE DEPENDABILITY from your car than you ever thought possible . . . All for Only $14.95 and 10 Minutes Installation Time!**

Yes, this amazing new ELECTRONIC ENERGY SYSTEM installs in minutes to give you an ignition system so powerful . . . so reliable . . . you can do away with 9 out of 10 expensive tune-ups and expensive breakdowns . . . plus

- **Increased HP . . . faster, smoother acceleration . . . higher top speed**
- **Up to 6 more miles per gallon of gas**
- **Instant starting from 50° below zero to 130° above . . . even in dampest weather**
- **Spark plugs burn cleaner . . . won't miss or foul . . . lasts up to 50,000 miles**
- **Points last up to 50,000 miles . . . high speed miss is eliminated**
- **Reduces harmful exhaust emissions through better combustion**

WHAT'S WRONG WITH YOUR CAR'S PRESENT IGNITION SYSTEM?

The conventional ignition system in your car was designed many, many years ago. It's produced for cost economy and pre-tuned to compromise settings, for the so-called "average" driver. It was O.K. for the cars your grandfather drove, but it can't stand up to today's high powered engines and faster speeds. Constant expensive tune-ups are needed to keep your car running really right. Spark plugs and points last only a few thousand miles . . . gas mileage is poor and you're paying good money for performance you're just not getting!

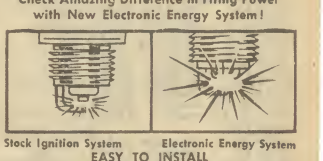
THIS AMAZING ELECTRONIC ENERGY SYSTEM DOES AWAY WITH ALL OF THESE PROBLEMS TO ELIMINATE 9 OUT OF 10 TUNE-UPS . . . AND GIVE YOU INCREASED HORSEPOWER . . . FASTER, SUPER STARTS . . . LONGER SPARK PLUG AND POINT LIFE . . . AND IMPROVED GAS MILEAGE!

New, self-contained **Electronic Energy System** works with your stock distributor and coil to build total performance into your car's ignition system. A hot, crisp spark burns every atom of fuel available, releasing far greater power than is possible with the stock ignition system. A super-spark, that can fire your plugs right through oil, fouling deposits and corrosion . . . and actually clean your spark plugs as you drive! Current back-flow and coil drain are eliminated, and a constant current level is maintained to do away with high speed miss. Gives you instant acceleration and blazing power . . . all the way up to 8,000 RPM!

LIKE ADDING ANOTHER BATTERY TO YOUR IGNITION SYSTEM!

A powerful electronic storage device in this ELECTRONIC ENERGY SYSTEM acts as a second battery to boost the performance of your present ignition system to unprecedented levels . . . up to a super-powerful 40,000 volts!

Check Amazing Difference in Firing Power with New Electronic Energy System!



Stock Ignition System — Electronic Energy System

EASY TO INSTALL

Install it yourself in minutes, using only a screwdriver and pliers. Simple 2-wire hookup to your existing ignition coil and ground. Nothing to remove, nothing to modify.

FITS ALL CARS AND TRUCKS, AMERICAN AND IMPORTED

The Electronic Energy System works on all vehicles with 6 or 12 volt negative or positive ground. Completely sealed, waterproof and corrosion proof. Will not interfere with radio, tachometer, or ignition test equipment.
75-4467X— ..... Each **$14.95**

FULL (5 YEAR) WARRANTY

Warranted against defects in workmanship and materials for 5 years. **Will be repaired or replaced at our option. Cannot be returned for refund or credit.** Warranty void if unit is altered, modified, abused, or damaged by customer.

MALLORY Centrifugal Advance DUST-PROOF DISTRIBUTOR

for Off-the-Road Recreational or Rough-Work Vehicles

Completely sealed against dust and moisture by special screen vent assembly. High-performance advance curve is specially tailored for off-road and RV vehicles. Features dual points, alkyd cap, rotor and high-dielectric condenser. For the following:

AMERICAN MOTORS and JEEP® with 290, 304, 343, 360, 390, 401 engines
CHEVROLET CAR & TRUCK All V8 engines exc. 348 & 409
FORD CAR & TRUCK all 260, 289, 302, 351, 352, 390, 400, 406, 427, 428, 429, 460 engines
VOLKSWAGEN & PORSCHE 4 cyl. all except with air conditioning and fuel injection
WILLYS all Jeep® V6 engines

State Make, Year, Model and Stk. No. Note: Ford Prod. w/351 eng. State Cleveland or Windsor.
55-1788T— ..... Each **$53.95**

Mallory High Performance DUAL POINT DISTRIBUTORS

DUAL POINTS

These distributors have dual overlapping stabilized circuit breakers that insure longer coil build up time and provide a "hot" spark at all times. Coupled with adjustable centrifugal governor. You are assured of perfect timing at all RPM's . . . **resulting in smooth, economical engine performance.** Non-freezing bronze cam sleeve provides more cam dwell and more point clearance. Non-floating points will not chatter or bounce regardless of RPM. Easy to install—no alterations to engine. With cap, rotor and condenser. **State Make of Car, Cubic Inch Displacement of Engine and Stock Number**

For following V8 cars exc. 72-74 Chrysler Prod.:

Barracuda	Cyclone	Mercury exc. 292, 312 eng.
Camaro	Dart	Montego
Challenger	Demon	Mustang
Charger	Dodge	Plymouth
Chevrolet	Duster	Pontiac
Chevy II	Falcon	Roadrunner
Chevelle	Firebird	Torino
Chrysler	Ford exc. 292, 312 eng.	Valiant
Comet		
Cougar		

55-1517W— ..... Each **$41.95**

For the following 4 cyl. cars:
PINTO, PORSCHE, VEGA, VOLKSWAGEN
55-1516Y— ..... Each **$38.95**

Mallory Special Heavy Duty HI-CAPACITY CONDENSER

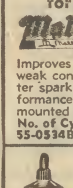
• **For 6 and 12 volt**

Provides a hotter, smoother spark. Improves engine performance, increases plug and point life, reduces ignition troubles. Easily installed on all ignition systems (except early 32-48 Ford products). With mounting bracket.
45-0034W— ..... Each **$4.49**

High Dielectric CONDENSER for American Cars & Trucks

Improves spark. Eliminates missing caused by weak condenser. Gives a constant, smooth, hotter spark at all speeds for positive engine performance. For all distributors with condenser mounted inside. **State Make, Year, Model and No. of Cylinders.**
55-0534B— ..... Each **$1.95**

DISTRIBUTOR CAM LUBRICANT



- Increases life of contact point.
- Reduces wear of rubbing block . . . points stay properly gapped for longer period . reduces necessity of frequent regapping.
- Contains special chemical which provides positive lubrication where ordinary greases fail. Maintains constant lubricating qualities under extreme high or low temperatures. Sticks to Cam.

17-5872Y— ..... Each **79c**

DISTRIBUTOR CAPS for American Cars & Trucks

Finest hi-dielectric materials molded to O.E.M. specifications. Extra thick walls insure efficient insulation; a high resistance to moisture, help eliminate shorts. Precision engineered. Firing inserts gauged for accurate firing.

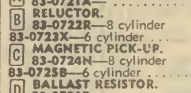
IGNITION STARTER SWITCHES

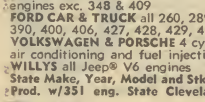


Heavy Duty 4-Way for vehicles with starter on ignition switch. Has accessory, off and on, ignition, and starter terminals. Ruggedly constructed die cast housing, with ¾" diameter mounting stem ¾" long. Terminals are coded for easy installation. With two keys (removable in off position only).
74-0498X— ..... Each **$4.29**

Standard 4-Way—Functions same as above. Not for heavy duty use. With two keys.
75-2613Y— ..... Each **$2.69**

Heavy Duty 3-Way—For vehicles with starter switch on floor or dash. Has accessory, off and on, and start terminals marked for easy installation. With two keys.
42-0705U— ..... Each **$2.69**

Mallory STABILIZED BREAKER POINTS for Factory Equipped Distributors



Outlast regular points—improve engine performance. Has built-in dust shield to keep dust and foreign particles away from points for longer wear. Eliminate engine miss caused by bouncing, flashing of stock points. Points stay in perfect alignment for longer, trouble-free contact life. Saturated felt increases life of rubbing block.

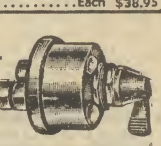
MASTER DISCONNECT SWITCH



A flip of the switch lever shuts off all current to prevent —

1. **Tampering**—Cuts all electric power at source.
2. **Fires**—Protects from short circuits.
3. **Battery Rundown**—by shutting off all power to other switches.

Protect your vehicle from being stolen. Disconnects all electricity in vehicle until you turn switch on again. Ignition can't be "jumped." Fits all 6 or 12 volt systems.
45-0622Y— ..... Each **$10.79**

DISTRIBUTOR LOCK NUT WRENCHES

Make it easier to remove or adjust distributors. 12 point opening, offset handle for easy access to mounting bolt. For all American cars & pickup trucks. **State Make, Year, Model and cubic inch engine displacement. For Cadillac only, state 1/2" or 9/16" hex bolt head size.**
55-1786X— ..... Each **$4.79**

ADVANCE CURVE KIT for All Delco V8 Distributors

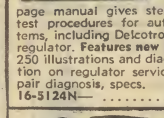
Permits full advance timing at 2,000 to 2,500 RPM for maximum power and acceleration. For street, strip or marine use. This is the kit that does the trick.

Your stock distributor will not allow full advance timing to your engine until as late as 4,500 RPM. This kit permits full advance between 2,000 and 2,500 RPM . . . gives you maximum power and acceleration. In minutes, you can obtain same results as top race car ignition setups. Kit consists of springs, bushings, weights, and instructions. Easily installed.
75-1298R— 1-Kit **$1.95**

ADVANCE CURVE KIT and LIMIT KIT. Advance curve kit same as above. The limit kit provides a positive adjustable stop. Combination in advance can now be had to satisfy any condition.
75-2625B— 1-Kit **$3.25**

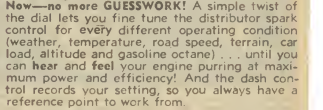
ADVANCE CURVE SPRINGS ONLY. Set of 2
73-2080B—Fits 59-74 Chrys. Prods 1-Kit $1.10
73-2081P—Fits 65-70 Ford Prods. . . 1-Kit .79

Factory Approved ALTERNATOR SERVICE MANUAL



Covers Chrysler, Delco-Remy, Ford, Leece-Neville, Motorola, or Prestolite systems. A "must" for alternator testing and repairs! 120 page manual gives step-by-step servicing and test procedures for automotive alternator systems, including Delcotron with built-in transistor regulator. **Features new heavy duty section.** Over 250 illustrations and diagrams. Gives all information on regulator service, trouble shooting, repair diagnosis, specs.
16-5124N— ..... Each **$4.99**

Tune-In Top Performance As You Drive!



TIMING & OCTANE SELECTOR

CHROME DASH CONTROL

ADJUSTS SPARK INSTANTLY, FROM THE DASH, TO GIVE YOUR CAR . . .

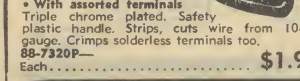
- **Faster pick-up! Shorter passing time!**
- **Easier hill climbing! Higher top speed!**
- **Increased gas mileage . . . up to 50 extra miles per tankful!**
- **Turns engine-damaging "ping" into bonus power!**

TIMING AND OCTANE SELECTOR operates from an easy-to-use dash-mounted control to override your car's built-in spark mechanism without interfering with its normal function.

Now—no more GUESSWORK! A simple twist of the dial lets you fine tune the distributor spark control for every different operating condition (weather, temperature, road speed, terrain, car load, altitude and gasoline octane) . . . until you can **hear** and **feel** your engine purring at maximum power and efficiency! And the dash control records your setting, so you always have a reference point to work from.

Installs in minutes. Fits all cars except cars with rear mount engine.
75-2573U— ..... Each **$8.35**
ORDERING INFORMATION: When ordering, **State Make, Year, and Stock Number.**

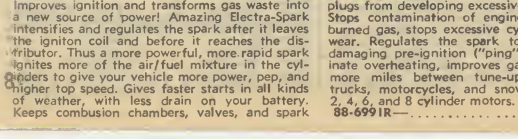
WIRE STRIPPERS



- **With assorted terminals**

Triple chrome plated. Safety plastic handle. Strips, cuts wire from 10-22 gauge. Crimps solderless terminals too.
88-7320P— Each **$1.99**

NEW! ELECTRA-SPARK IGNITION ACTIVATOR



Save Gas! Get • More power • More MPG • Faster starts

Improves ignition and transforms gas waste into a new source of power! Amazing Electra-Spark intensifies and regulates the spark after it leaves the igniton coil and before it reaches the distributor. Thus a more powerful, more rapid spark ignites more of the air/fuel mixture in the cylinders to give your vehicle more power, pep, and higher top speed. Gives faster starts in all kinds of weather, with less drain on your battery. Keeps combustion chambers, valves, and spark plugs from developing excessive carbon deposits. Stops contamination of engine oil by unburned gas, stops excessive cylinder and piston wear. Regulates the spark to prevent engine damaging pre-ignition ("ping"). Helps to eliminate overheating, improves gas mileage, allows more miles between tune-ups. Fits all cars, trucks, motorcycles, and snowmobiles; fits all 2, 4, 6, and 8 cylinder motors.
88-6991R— ..... Each **$8.49**

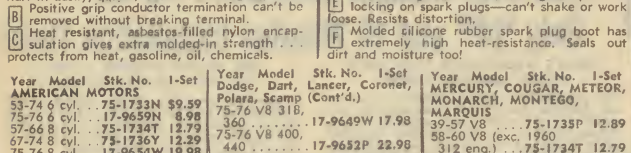
EASY TO INSTALL—simply insert between coil and distributor. Fits all cars, trucks, motorcycles, snowmobiles.

INDEX AND ORDER BLANKS — SEE BACK PAGES

NOW! RESISTOR IGNITION CABLE SET

Our finest ignition cable sets . . . moisture, dust and heat resistant! The answer to ignition radiation suppression to eliminate interference with radio, TV, radar and defense communications! Ideal for vehicles with. CB radios — improves reception and broadcasting — eliminates static.

Reduces spark plug erosion for better gas mileage, fewer tune-ups. Helps reduce emissions. New features include conductor-grip, spring-lock spark plug terminals, molded protective encapsulation around sparkers and Hyplon Jacket and silicone boots.



See Index for Import cars

A 7-strand, No. 28 tinned steel wire conductor lasts far longer than carbon string wire. Durable — vibration and constant usage can't hurt it! Easily, quickly cut and terminated.

B Positive grip conductor termination can't be removed without breaking terminal.

C Heat resistant, asbestos-filled nylon encapsulation gives extra molded-in strength . . . protects from heat, gasoline, oil, chemicals.

D Supronic Resistor to control ignition radiation interference. Keeps it well within FCC and SAE standards.

E Interlocking barrel terminal gives positive locking on spark plugs—can't shake or work loose. Resists distortion.

F Molded silicone rubber spark plug boot has extremely high heat-resistance. Seals out dirt and moisture too!

SPARK PLUG (Ignition) CABLE SETS

FOR ALL AMERICAN CARS & TRUCKS

Choice of 2 Qualities — (1) RESISTOR TYPE to suppress radio interference. (2) HYPALON INSULATED for heavy duty service.

(1) Resistor Type Cables. With non-metallic conductor, insulated with hi-dielectric rubber to suppress radio interference. Neoprene covered. **(2) Hypalon Insulated Cables.** Copper stranded wire, hypalon covered. Stands up longer than ordinary cables. New synthetic insulation resists high heat, grease and abrasions. Retains flexibility and durability. **Sets Ignition easy starting** in any weather, peak performance and economy. Old, frayed and cracked cables cause spark miss and shorts, cause hard starting and loss of engine power. All sets complete with coil cables, moulded spark plug boots & distributor nipples that seal out moisture. Easy to install See Index for Import Cars.

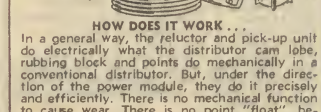
75-2777A —32-36 Ford V8 7MM Black Insulation with original style Flat Split spark plug ends . . . . . I-Set **$6.49**

Now! A Custom Fit, ELECTRONIC POINTLESS IGNITION SYSTEM for 4, 6, & 8 Cylinder Cars



Does Away With Old-Fashioned Breaker Points, Condensers, Ignition Problems and Tune-Ups!

Easily converts your conventional point and condenser style ignition system to a maintenance-free pointless electronic ignition system to give your car:

- **Higher Top Speeds**
- **Smoother Idling**
- **Better Gas Mileage**
- **Lower Exhaust Emissions**
- **Faster starting in all kinds of weather . . . at any temperature**

This revolutionary, pointless ignition system is the same performance-proven type that is standard equipment on 1975 and 1976 cars right now! In a few years this electronic ignition breakthrough will probably make your standard, mechanically-activated distributor a thing of the past. But you don't have to wait . . . you can have this amazing ignition system now!

WHAT IS THE ELECTRONIC POINTLESS IGNITION . . .

This complete kit quickly and easily replaces your stock distributor's old fashioned mechanical parts (points-rubbing blocks, cam) and, condenser with a **magnetic pickup** and a **rotating** reluctor. These new components and your stock coil are controlled by a new **power module**, which acts like an electronic "brain" to direct the operation of your ignition system. Power **module** and distributor are connected by a plug-in wiring harness and there are two wires to connect to the coil and one to a ground. That's it . . . you're ready to enjoy the efficiency, economy and freedom from maintenance and tune-ups of electronic ignition!

HOW DOES IT WORK . . .

In a general way, the reluctor and pick-up unit do electrically what the distributor cam lobe, rubbing block and points do mechanically in a conventional distributor. But, under the direction of the power module, they do it precisely and efficiently. There is no mechanical function to cause wear. There is no point "float", because there are no breaker points. Timing is extremely accurate to 1/100 of one degree . . . all the way up to 12,000 RPM! You don't have to re-time your car—factory settings remain accurate. A variable degree, which is always correct, insures proper coil saturation and a **hotter spark.** There is never any reason to use a dwell meter . . . and spark plugs last longer because of the consistent current and spark. This system is **maintenance-free, never needs replacing!** Unaffected by normal underhood heat, dust, moisture or vibration.

COMPLETE, EASY-TO-INSTALL SYSTEM

Includes power module, reluctor, pickup unit, new distributor breaker plate, complete plug-in wiring harness, special feeler gauge and easy, step-by-step illustrated instructions.

FOR THE FOLLOWING 6 CYL. CARS (EXC. V6)
63-74 AMERICAN MOTORS with Delco Dist. Ambassador, American, Classic, Marlin, Rebel, Javelin, AMX, Hornet, Gremlin, Matador

63-74 BUICK Special, Skylark, Apollo
63-74 CHEVROLET Chevelle, Chevy II, Camaro, Nova, Caprice, Impala
60-72 DODGE Dart, Charger, Coronet, Monaco, Polara, Challenger
66-74 FORD Fairlane, Falcon, Galaxie, Mustang, Custom, LTD, Torino, Maverick.
66-74 MERCURY Comet, Montego, Cyclone
60-72 PLYMOUTH Barracuda, Valiant, Fury, Satellite, Belvedere
When Ordering, State Year, Make, Model, and Engine Cubic Inch Displacement.
55-1315W— . . . . . I-Kit **$49.95**

FOR THE FOLLOWING 4 CYLINDER CARS
71-74 CAPRI 1600 & 2000cc eng.
71-73 DATSUN 1200cc eng.
71-74 PINTO 1600 & 2000cc eng. (Bosch dist.)
1974 PINTO 2300cc eng.
66-73 TOYOTA
71-74 VEGA
69-73 VOLKSWAGEN Note: State original dist. number, which can be found on side of dist. on plate
When Ordering, State Year, Make, Model, and Engine cc's.
55-2136U— . . . . . I-Kit **$49.95**

ELECTRONIC IGNITION CONVERSION KIT

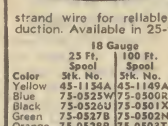
Converts your stock distributor to pointless ignition. Replaces points. Kit includes all necessary parts to convert to pointless ignition.

FOR THE FOLLOWING 8 CYL. AMERICAN CARS: 67-74 American Motors, 64-74 General Motors (exc. Cadillac), 71-72 Cadillac, 60-74 Ford Products.
83-0770Y— . . . . . I-Kit **$39.95**

FOR THE FOLLOWING 6 CYL. AMERICAN CARS: 67-74 American Motors, 64-74 General Motors, 60-74 Ford Products.
83-0770Y— . . . . . I-Kit **$39.95**

FOR THE FOLLOWING 4 CYL. CARS: 68-74 Audi, 69-74 Capri, 65-74 Datsun (single point dist.), 68-74 BMW, 68-72 Mercedes Benz, 71-74 Pinto 1600 and 2000cc eng. (Bosch dist.), 73-75 Pinto 2300cc (Bosch dist.), 68-74 Volvo, 73-76 Honda Civic, 67-75 Toyota, 71-74 Vega, 68-74 Opel, 68-74 Volkswagen.
83-0771W— . . . . . I-Kit **$39.95**

PLASTIC INSULATED PRIMARY WIRE



Now In 6 Colors
Choice of 5 gauges for every wiring purpose. Colorful plastic insulation permits quick Identification. Copper strand wire for reliable, speedy current conduction. Available in 25-ft. or 100-ft. spools.

Available in 25-ft. or 100-ft. spools.
18-GAUGE—Use with small bulbs and short leads.
16-GAUGE—For tail lights, gas gauges, heater leads, fans, turn signals, generator to starter, starter to switch, stop lights.
14-GAUGE—For horn button, radio headlights, gas gauge to coil, cigarette lighter.
12-GAUGE—For light switch to fuse block.
10-GAUGE—For ammeter to fuse block, generator, relay, battery, and headlamps.

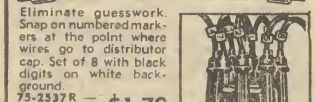
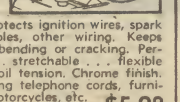
SPARK PLUG WIRE FIRING ORDER MARKERS



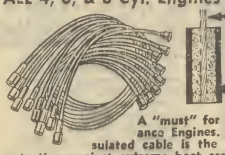
Eliminate guesswork. Snap on numbered markers at the point where wires go to distributor cap. Set of 8 with black digits on white background.
75-2537R — Per Set **$1.79**

CHROME PLASTIC F-L-E-X-I-B-L-E DRESS-UP WIRE TRIM



Covers, dresses up, protects ignition wires, spark plug cables, coil cables, other wiring. Keeps them firm, prevents bending or cracking. Permanent pre-coiled stretchable flexible . . . self-adhering by coil tension. Chrome finish. 100's of uses, including telephone cords, furniture, toys, bicycles, motorcycles, etc.
17-6570X— . . . . . 1-25 ft. roll **$5.98**

HEAT RESISTANT SPARK PLUG CABLE SET with Silicone Insulation for ALL 4, 6, & 8 Cyl. Engines



A "must" for hi-performance Engines. Silicone Insulated cable is the ultimate in protection against extreme heat created in hi-performance engines and manifolds.
Silicone insulated stainless steel strand wire is designed to operate at temperatures up to 450°F., yet remains flexible at extremely low temperatures down to —65°F. 7mm O.D., 7 strand stainless steel wire is covered with tough silicone insulation that has high abrasion resistance and complete uniformity in dielectric strength. Sure lock silicone spark plug boots assure snug fit to plug . . . high heat won't crack or loosen. Sets include pre-cut cables, coil to distributor wire, distributor nipples and connectors.

HYPALON or RESISTOR TYPE Spark Plug Cable Sets 1950-76 American Cars

LOW AS **2.39** Set

For easy starting and full power. Choose Hypalon or Resistor Type custom fitting sets for cars and trucks listed below.

HYPALON SPARK PLUG CABLE SETS. For 4, 6, and 8 cyl. cars and trucks. Heavy duty ignition wire covered with DuPont® Hypalon rubber. Long-life waterproof coating resists oil, grease, heat, cold—conducts full power to spark plugs under all conditions. Insured easy starting in all weather. With boot covered terminals, clips, nipples, and installation instructions.

RESISTOR TYPE SPARK PLUG CABLE SETS. For 6 and 8 cyl. cars and trucks. With waterproof cover of DuPont® Hypalon rubber. Designed to eliminate ignition interference with radio, other communication equipment. Exceeds original equipment specifications. With molded boots, terminals, distributor wire, clips, nipples, and installation instructions.

For All American Cars 1950-76
State Make, Year, Engine Size, Number of Cylinders and Stock Number.

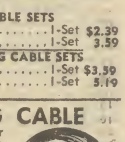
SPARK PLUG CABLE



Perfect for replacement for worn or leaking spark plug cables. Contains enough cable to make up a complete set or keep for on the spot replacement of individual wires. Choice of two styles.

(A) Silicone covered wire with 7 strand stainless steel core. Orange colored silicone cover eliminates voltage loss and spark radiation.
13-1590U— 30 feet **$15.59**

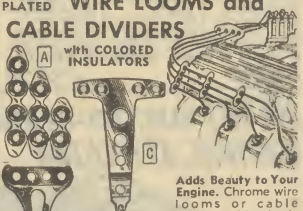
(B) Packard 440 cable—copper core conductor, neoprene covered. Resists heat, cold, moisture and oil.
13-1591B— . . . . . 30 Feet **$4.69**

PACKARD 440 Spark Plug Cable

- **Perfect replacement for worn and leaky spark plug cables**
- **Ends electrical cable leakage**

Heavy duty stainless steel stranded cable is neoprene sheathed to resist heat, cold, moisture, oil, grease and abrasion. Ideal replacement cable for cars and trucks, including those with graphite center cables. (When Packard 440 cable is used to replace graphite centered cables, the use of suppressors is recommended to insure against radio and TV interference.) For added peak performance, use Rajah spark plug terminals.
74-5120B— 1-ft. **17c**
74-4492W— . . . . . 1-100 ft. Roll **$13.79**

CHROME PLATED WIRE LOOMS and CABLE DIVIDERS



A with COLORED INSULATORS

B inserts in choice of colors. Eliminate ignition leakage. Keep spark plug cables neatly in position.

C Adds Beauty to Your Engine. Chrome wire looms or cable dividers with plastic

A SPARK PLUG CABLE DIVIDERS. Can be used with wire looms or separately **depending on installation.** I-Set of 6

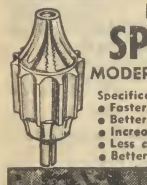
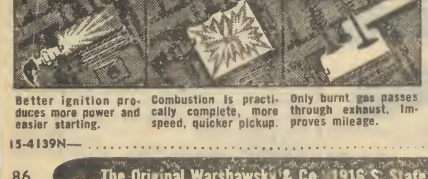
NOW — Increase Gas Mileage UP TO 15%! SPARK MASTER INTENSIFIER



MODERNIZES & IMPROVES YOUR CAR'S IGNITION SYSTEM

Specifically engineered for all cars to give:
- Faster, easier starting
- Smoother idling
- Better gasoline consumption
- Increased plug and point life—stops fouling
- Less carbon formation
- Longer engine life
- Better all-around engine performance



Better ignition produces more power and easier starting.

Combustion is practically complete, more speed, quicker pickup.

Only burnt gas passes through exhaust. Improves mileage.

Easily Installed In All Distributor Caps—No Tools Required—Just Slip Out Coil Wire, Install Spark Master In Distributor Cap, Put Wire In Place. That's All There Is To It.

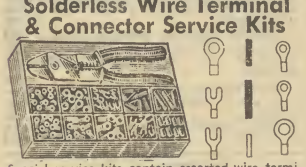
15-4139N— . . . . . Each **$3.59**

SPARK PLUG CLEANER AND TESTER

- **Air blasted sand cleans plugs quickly, thoroughly**
- **Provides visual comparison of spark intensity between used and new plugs**

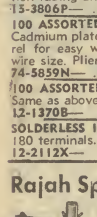
Clean and test your spark plugs quickly, efficiently with this compact 2-in-1 unit. Lightweight, durable enameled steel housing.
CLEANER SECTION. Two valves control abrasive blast of air. Resilient neoprene grommet expands and contracts without distortion to fit all plugs. 1/2" orifice works like a venturi to pick up sand at high velocity . . . covers entire base of plug with "vapor-like" flow. No nozzle to wear out. Plastic inner abrasive bag has mesh design which retains clean compound, lets carbon, dirt and worn-out sand filter through to outer bag. Zipper opening for easy removal of wastes from back of case. Refill with fresh sand through grommet. Complete with standard 1/4" air hose fitting and sand. Requires 125-130 PSI air pressure.
TESTER SECTION. Compression chamber has 2 threaded openings to insert new and used plugs. Simply turn air valve knob until pressure builds to 125 lbs. p.s.i.; then press "spark" button. Recessed mirror gives clear view of plugs firing under conditions similar to those existing in a car or truck engine. Comparison of new and used plug sparks visually indicates condition of used plug (a "good" plug will fire consistently under 125 lbs. p.s.i.). 0-160 lb. compression gauge is color coded to show if plug is "good," "fair," or "poor." Plug openings hold standard 7/8" plugs. Adaptors for 10MM, 14MM and 18MM plugs included. 110-115 volt, 50-60 cycle AC with 6-ft. 3-wire cord.
12-2270T— . . . . . Each **$79.95**

Solderless Wire Terminal & Connector Service Kits



Special service kits contain assorted wire terminals in 8 sizes and insulation tubing in 2 sizes. Make work easier, quicker. Complete with 3-in-1 wire cutting, stripping and terminal crimping pliers. In clear plastic box.
270-pc. Kit. 200 wire terminals, 69 pcs. insulation tubing and 3-in-1 tool.
15-3805B— 1-Kit **$15.49**
187-pc. Kit. 117 wire terminals; 69 pcs. insulation tubing and 3-in-1 tool.
15-3806P— 1-Kit **$12.98**
100 ASSORTED SOLDERLESS WIRE TERMINALS. Cadmium plated copper. Have 1/4" beveled barrel for easy wire insertion. Marked for correct wire size. Pliers not included.
74-5859N— 1-Kit **$3.59**
100 ASSORTED QUICK-CONNECT TERMINALS. Same as above exc. snap-together type.
12-1370B— 1-Kit **$3.59**
SOLDERLESS INSULATED TERMINALS. Approx. 180 terminals.
12-2112X— 1-Set **$15.98**

Rajah Spark Plug Terminals



- **Choose straight or angled style**
- **Best possible connection between plugs and plug cable**
- **Can't slip or shake off of plug**

Moisture-proof bakelite terminals. Special built-in spring clips which give positive plug gripping action — eliminate cable disconnection from plugs due to road shock or vibration. Used by rodders, dragsters, stock car racers, rallyists. Sets of 4, 6, or 8.

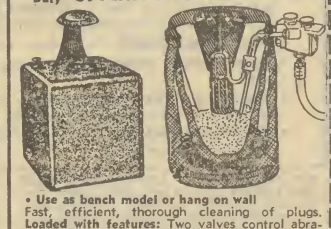
	Straight		Angled	
Set for	Stk. No.	Set	Stk. No.	Set
4 cyl. engine	75-1995P	$2.39	75-1992X	$2.85
6 cyl. engine	75-1996Y	3.75	75-1993N	3.98
8 cyl. engine	75-1997W	4.39	75-1994T	5.19

"SAND BLAST" SPARK PLUG CLEANER

Low cost, operates off any tire pump or standard air compressor.

Cleans spark plugs quickly and thoroughly the correct way, right on the job. Removes all carbon, dirt, oil and accumulation. Easy to use — saves time and money — eliminates buffing, scraping. Complete with high grade carborundum grit (can be used over and over). Easy to attach. Special collar. Adjusts 14MM or 18MM spark plugs. Hangs on wall or stores in tool box or trunk. Keeps plugs clean for efficient operation of engine. Pays for itself.
74-2150B— . . . . . Each **$16.98**
4 OZ. CARBORUNDUM GRIT REFILL
74-6618U— 1-pkg. **$2.19**

Heavy Duty SPARK PLUG CLEANER



- **Use as bench model or hang on wall**

Fast, efficient, thorough cleaning of plugs. **Loaded with features:** Two valves control abrasive blast or air. Resilient neoprene grommet expands and contracts without distortion to fit all plugs. 1/2" orifice works like a venturi to pick up sand at high velocity . . . covers entire base of plug with "vapor-like" flow. No nozzle to wear out. Plastic inner abrasive bag has mesh design which retains clean compound, lets carbon, dirt and worn-out sand filter through to outer bag. Zipper opening for neat, easy removal of wastes from back of case. Refill with fresh sand through grommet. 9" square unit, complete with standard 1/4" air hose fitting and sand. Requires 125-130 PSI air pressure.
12-1668R— . . . . . Each **$29.95**

Compact, Low Cost Spark Plug CLEANER

- **Cleans any size plugs — quickly, efficiently**
- **Can be used with any standard air compressor**

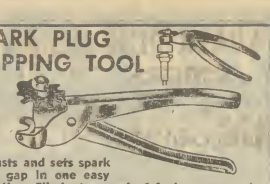
Easily installed on any air line. Two way valve action permits use of either abrasive blast or clean air to thoroughly clean spark plugs. Single neoprene grommet expands or contracts to fit all size plugs. 1/2" orifice designed to provide steady vapor-like flow of abrasives over entire base of plug. Easily mounted to wall—extends out approximately 3" from wall. 2-hole mounting base. With push-button control valve, abrasive retainer bag. Requires 125-130 PSI air pressure.
74-1831Y— . . . . . Each **$11.95**

IGNITION TUNE UP GAP GAUGES

for all Electronic & Standard Ignitions

A **Point and Spark Plug Gap Gauges.** 12 tempered carbon steel straight blades for standard ignition, 3 non-magnetic straight blades for Chrysler electronic ignition. 6 round wire gauges. All blades and wire gauges etched in decimal sizes and metric equivalents. With electrode adjusting tool. Assures accurate clearances on points, spark plugs, tappets, brake bands, pistons.
15-3588U— . . . . . Each $2.49
B **Spark Plug Gap Gauges.** 6 wire gauges sizes .035, .040, .044, .054, .060, .080. With electrode adjusting tool. Nickel plated steel.
15-3589B— . . . . . Each 1.19

SPARK PLUG GAPPING TOOL



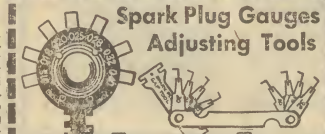
Adjusts and sets spark plug gap in one easy operation. Eliminates need of feeler gauges. Assures parallel gap for sure hot spark. Prevents damage and breakage of plugs. Easy to use — anyone can accurately gap spark plugs with this tool. Save time and labor.

Hardened gauge wheel is easy to read. 7-1/2" long. Complete with gauge wheel pressure pad and wave washer. For all 14mm and 18mm plugs.
For regular (point-type) ignition. Sizes: .018, .020, .022, .025, .027, .028, .030, .032, .034, .035.
74-0874R— . . . . . Each **$6.29**
For electronic (pointless) ignition. Sizes: .035, .040, .042, .046, .052, .054, .056, .060, .070, .080.
17-8979Y— . . . . . Each **$6.98**

SPARK PLUG CLEANING TOOL

Thoroughly cleans without decreasing life or causing misfire due to damaged porcelain. No abrasive used — no harmful deposits. Specially treated cadmium plated spring steel blade.
74-6743P— Each **$2.59**
REPLACEMENT BLADE.
16-0216U— . . . . . Each 75c

Spark Plug Gauges Adjusting Tools



For all cars & trucks. Adjusts quickly, easily and accurately. Sizes clearly marked.
For regular (point-type) ignition systems.
A Seven wire gauges. Sizes: .020, .025, .028, .030, .032, .035, .040; (metric sizes: 0.50, 0.63, 0.71, 0.76, 0.81, 0.89, 1.0). Four tempered steel adjusting arms. Steel body.
88-7608Y— . . . . . Each **69c**
For electronic (pointless) ignition systems. Six wire gauges sizes: .035, .040, .044, .054, .060, .080 (metric sizes: .89, 1.01, 1.12, 1.37, 1.52, 2.03). Three tempered steel adjusting arms. Steel body.
17-8986T— . . . . . Each **75c**
For regular (point-type) ignition systems.
B Has eight round wire gauges. Sizes: .015, .020, .025, .028, .030, .032, .035, .040, (metric sizes: 0.40, 0.50, 0.63, 0.71, 0.76, 0.81, 0.89, 1.0). With electrode adjusting tool. All parts cadmium, plated.
74-0821P— . . . . . Each **79c**

PRECISION FEELER GAUGES

Universal straight-blade feeler gauges for tappets, points and spark plugs. Can also be used, for other close tolerance measurements. White numerals etched into black handle.
26-Blade Set. All 3-1/2" long. Sizes: .0015, .002, .0025, .003, .004, .005, .006, .007, .008, .009, .010, .011, .012, .013, .014, .015, .016, .017, .018, .019, .020, .021, .022, .023, .024 and .025.
74-0811A—
Each **$2.19**

SPARK PLUG STARTER & REMOVER TOOL

Install hard-to-reach plugs quickly, easily. Flexible shaft turns to any angle—eliminates cross-threading when installing. Stepped soft tip grips porcelain and terminal. 9" length reaches the deep ones. Sure-grip handle.
12-2300Y— . . . . . Each **$2.59**

Spark Plug Wire Puller and Arc Tester

Helps you pull spark plug wires quickly, easily, without damage to wire or rubber protectors. Nylon construction stops shocks, eliminates heat and burns.
75-2988U— . . . . . Each **$1.49**

Spark Plug Wrench Socket

For all 13/16" Hex Plugs. Use with ratchet or ordinary flat wrench. Chrome plated.
88-3174N—3/8" drive
88-3175B—1/2" drive
Each **$1.29**
For 5/8" Hex Plugs.
88-6065B—3/8" drive . . . Each $1.29

END SPARK PLUG PROBLEMS FOREVER! INSTALL A SET OF FIRE INJECTORS

SEE INDEX

CHAMPION SPARK PLUGS

Available for all AMC & Chrysler Built Products

Famous Champion Spark Plugs feature 5-vt. insulators and "Powerfire" electrodes. **State Make, Year, Model of Car or Truck, No. of Cylinders, Size (Cubic Inch Displacement) of Engine, and Stock No.**
55-0214A— Each **79c**
CHAMPION RESISTOR TYPE SPARK PLUGS for 1955 and UP. For replacement of regular type where suppression of radio noise is required.
55-0215Y— Each **$1.19**
CHAMPION PLUGS for Mazda Car & Truck
90-2853A—Replaces N78B
90-2854R—Replaces N80B . . . . Each **$1.59**

FIRE RING SPARK PLUGS

AVAILABLE FOR ALL G.M. BUILT PRODUCTS

Available in standard or resistor type. **State Make, Year and Model of Car or Truck, No. of Cylinders, Cubic Inch Displacement and Stock No.**
55-0401U— . . . . . Each **79c**
ACNITER RESISTOR TYPE. For replacement of standard types where suppression of radio noise is required.
55-0402B— . . . . . Each **$1.19**

SPARK PLUG INTENSIFIERS

for American & Imported Cars & Trucks

Pep up engine performance for added speed, greater power, easier starting, better gas mileage. Intensifiers eliminate spark plug missing and fouling — give a hotter spark for complete combustion. Neon light shows when spark plug is firing properly. Easy to install, just remove spark plug wire, slip on spark intensifier, and replace wire. Highest quality nickel-plated steel with opaque insulator. Fits standard spark plugs, all 4, 6, and 8 cyl. engines. For all 6 or 12 volt cars and trucks.
74-6331U— . . . . . 1-Set of 4 **$2.39**
16-0198U— . . . . . 1-Set of 6 **3.59**
16-0199B— . . . . . 1-Set of 8 **4.79**

FIRES IN OIL! HIGH VOLTAGE SPARK PLUG for All Cars

Self-cleaning—will not foul—engineered for motors using excessive oil. 40% greater voltage and increased power give instant starting in all weather. Patented built-in thermostatic "brain" automatically adjusts to all weather and driving conditions. Raises compression—best plug for worn engines. 2-pc. construction.
For All American and Imported Cars and Trucks. State Make, Year, Model of Car or Truck, No. of Cyl., Size (Cubic Inch Displacement) of Engine, and Stock No.
55-0291R—For 4 cyl. eng. . . . . 1-set of 4 **$5.95**
55-0292X—For 6 cyl. eng. . . . . 1-set of 6 **8.95**
55-0293N—For 8 cyl. eng. . . . . 1-set of 8 **11.95**

Deluxe Hand Held DIAGNOSTIC and TUNE-UP ANALYZER

For All 4, 6, or 8 Cyl. Engines, 6 or 12 Volt, Positive or Negative Ground
D'Arsonval Meter Accurate to ± 2%
Perform the following tests!
- Check engine RPM
- Check cam dwell angle
- Check points resistance
- Check charging system, alternator/generator output
- Check for weak cylinders, sticking valves, faulty plugs

Do your own engine tune-ups and save! Deluxe analyzer helps you diagnose problems and make adjustments needed for smooth engine performance. Check dwell angle variations that indicate worn distributor shafts, bushings, or breaker plate. Analyze and correct cause of missing at high speed. Check output voltage of the charging system. Monitor good/bad condition of points—prevent point burn-out. Correct hard starting problems; help eliminate "creeping" or stalling. Measure engine RPM at high or low speed.
Easy-to-read 3" meter has the following scales: low RPM 0 to 1200, high RPM 0 to 6000. 0 to 16 volts, −10 to +80 amps. Cam dwell angle 0° to 45° and 0° to 60°. Point resistance scale. Complete with carrying handle, heavy duty shunt, long wire leads, and complete instructions.
17-9675A— . . . . . Each **$31.50**

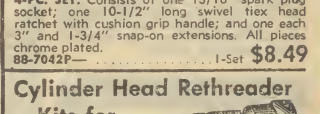
HANDY 3-PC. OR 4-PC. SPARK PLUG WRENCH SET

3 PIECE SET

4 PIECE SET

3-PC. SET. Consists of one 13/16" spark plug socket, one 3" extension, and one 3/8" drive extra long reversible ratchet with fine tooth for greater movement in tight spots, and knurled handle. All pieces chrome plated.
88-7041B— 1-Set **$5.98**
4-PC. SET. Consists of one 13/16" spark plug socket; one 10-1/2" long swivel tiex head ratchet with cushion grip handle; and one each 3" and 1-3/4" snap-on extensions. All pieces chrome plated.
88-7042P— 1-Set **$8.49**

Cylinder Head Rethreader Kits for 14 or 18mm Spark Plugs



Cut new thread with Tap and Reamer — Place insert on 14mm spark plug — Tighten plug to proper torque—insert is seated

SAVE THE COST OF A NEW CYLINDER HEAD! Now easily repair stripped or damaged cylinder head threads. Easy-to-use kit includes combination tap and reamer, plus four different steel inserts. Order extra inserts below.
75-2966P—For 14mm plugs
12-2002P—For 18mm plugs . . . 1-Set **$17.95**
— EXTRA INSERTS FOR ABOVE KIT —

Stk. No.	Thread Reach	Stk. No.	Thread Reach
75-2976R	3/8"	12-2003Y	7/16"
75-2977X	7/16"	12-2004W	1/2"
75-2978N	1/2"	12-2005T	5/8"

1-Pkg. of 2 . . . . . **$3.69**

SWIVEL HEAD SPARK PLUG WRENCH

Choice of 5/8" or 13/16". Flex joint reaches into hard-to-get-at spots, makes spark plug installation and removal easy, even on late model V8's. Pliable insert holds plug firmly to protect insulator. Chrome plated steel with long, elastic-coated handle. Item A has detachable handle which can also be used with any 3/8" drive socket.
A **88-7790U**—5/8"
88-7791B—13/16" . . Each **$2.98**
B **88-7398W**—5/8"
88-7397Y—13/16" . . . . . Each **$2.49**

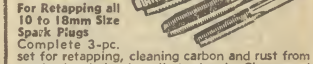
SPARK PLUG OPENING THREAD CHASER

Cleans and chases threads in spark plug holes. Removes carbon, corrosion. Combination of 18MM and 14MM sizes—13/16" hex has ball and spring to hold it firmly in plug wrench. Pilot on each end guides tool into threads.
16-0218P— . . . . . Each **$2.49**

POINT FILE & GUIDE

Cleans both contacts at one time. Guide holds file in position allowing a full stroke. Guide is cadmium plated.
74-0823W— . . . . . Each **98c**

3-PC. SPARK PLUG TAP SET

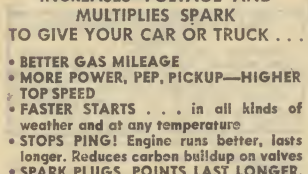


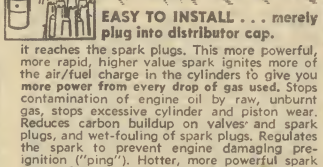
For Retapping all 10 to 18mm Size Spark Plugs
Complete 3-pc. set for retapping, cleaning carbon and rust from spark plug holes in cylinder heads. Cleans and chases threads of 10, 14, and 18mm spark plug holes. For cars, trucks, RV's, and motorcycles.
88-7351N— 1-Set **$4.98**
88-7352T—One 10mm tap . . . . . Each **1.19**
88-7353A—One 14mm tap . . . . . Each **1.59**
88-7354R—One 18mm tap . . . . . Each **2.49**

SPARK PLUG HOLE TAPS

For retapping, cleaning carbon and rust from spark plug holes in cylinder heads.
75-1854R—10mm. . . . . Each **$1.49**
74-0876U—14mm. . . . . Each **2.49**
74-0877B—18mm. . . . . Each **3.59**

NOW! AMAZING NEW IGNITION ACTIVATOR MAGNA-SPARK





INCREASES VOLTAGE AND MULTIPLIES SPARK TO GIVE YOUR CAR OR TRUCK . . .

- **BETTER GAS MILEAGE**
- **MORE POWER, PEP, PICKUP—HIGHER TOP SPEED**
- **FASTER STARTS . . . in all kinds of weather and at any temperature**
- **STOPS PING! Engine runs better, lasts longer. Reduces carbon buildup on valves**
- **SPARK PLUGS, POINTS LAST LONGER. Spark plugs stay cleaner, oil fouling and electrode wear are reduced**

EASY TO INSTALL . . . merely plug into distributor cap.

HOW THIS TINY INVENTION DOES SUCH A BIG JOB . . .

Amazing MAGNA-SPARK uses a proven thermal air-gap principle to multiply, intensify and regulate the sprak after it leaves the ignition coil and before it reaches the distributor. MAGNA-SPARK compensates for the shortcomings of the stock ignition system, by building the voltage and frequency of the spark before it reaches the spark plugs. This more powerful, more rapid, higher value spark ignites more of the air/fuel charge in the cylinders to give you **more power from every drop of gas used.** Stops contamination of engine oil by raw, unburnt gas, stops excessive cylinder and piston wear. Reduces carbon buildup on valves and spark plugs, and wet-fouling of spark plugs. Regulates the spark to prevent engine damaging pre-ignition ("ping"). Hotter, more powerful spark assures **faster starting,** even in the coldest mornings or in the wettest weather. Actually lets spark plugs and contact points last much longer. While increasing voltage (spark power), MAGNA-SPARK cuts amperage (heat), to stop the spark plug and point erosion common with stock ignition systems. No vehicle should be without this amazing invention. Quickly pays for itself in gas savings alone . . . then pays **you,** in reduced engine work and maintenance, fewer spark plug and point replacements, extra power, and increased performance. **Fits all cars, trucks, tractors, motorcycles.**
88-4825A— . . . . . Each **$4.98**

Yes...SUPERCHARGE Your Car!

Now! Convert Any Car Engine To Electric Power

Get More Power On Less Gas Than You Ever Dreamed Possible

NEW PATENTS 2,451,482 & 2,799,792 GRANTED BY U. S. GOVT. ON ELECTRONIC SUPERCHARGER

Smashes the Atoms in Ordinary Gasoline — Converts Them to New Superfuel. You Supercharge Your Car for Little More than the Cost of a Tank of Gas, Giving You Unbelievable Performance and Economy!

HERE'S HOW YOU CAN DRIVE 1500 TO 3500 MILES FREE THIS COMING YEAR

The Electronic Super-Charger costs you little more than a tank of hi-test gas — yet we guarantee that every year you own it, it will extract enough extra power to give you from **7 up to 16 tanks of gas FREE.** AND you will do this, in all but the highest compression engines, on cheap regular gas. Your car must immediately start faster — without pumping the gas pedal — your idling must be smooth as satin. The Electronic Supercharger bombards and irradiates the fuel with non-burning electronic impulses. Fuels burn more completely — engines stay cleaner. Dirt, sludge and carbon that originate from partial combustion is completely eliminated. Precision combustion cuts detonation and spark-knock — eliminates pinging and power robbing surface ignition.

WHAT DOES AN ELECTRONIC SUPERCHARGER DO?

Every single mile you drive, your Electronic Supercharger delivers about 14 million volts of cold, high-frequency electricity into every cylinder—**breaks up** the molecules of your gasoline, making it **ignite faster** and more thoroughly. Regular ignition is like trying to **set fire to a log, Electronic Supercharging** is like breaking that log into tiny shavings—making it easy to ignite. The result is **instantaneous firing of fuel in the gas chamber.** That means: **1. Instant Starting. 2. Smooth Idling. 3. Instant response to gas pedal. 4. 15% to 35% more miles per gallon. 5. Freedom from ignition problems. 6. A cleaner, more efficient engine — freedom from knocks, pings, bucking.** You get all this using only the **extra electronic** power every car generates but wastes.

INSTANT STARTING

. . . the result is instantaneous firing of the fuel in the gas chamber. You must get instant starting even in below zero weather, the smoothest idling you ever hoped for, freedom from ignition problems, instant response to the gas pedal . . . PLUS an always cleaner, more efficient, more dependable engine free from knocks, pings and bucking — even under the heaviest loads. **You accomplish this with using only the electronic power that everyone is now completely wasting!**

SIMPLE 2-MINUTE INSTALLATION

No tools or mechanical skill required — it's easier than changing a spark plug. Just snap off the clips that hold your distributor cap and lift it off gently. Inspect the cap and points; then, simply lift out the old rotor with two fingers and drop in the Electronic Supercharger. Seat the cap back on carefully and snap on the retaining clips. That's all you have to do!

YOUR CYLINDERS BECOME LITTLE GAS REFINERIES

. . . the gas in your tank is loaded with lead and other chemicals to increase octane ratings (high test). You really pay through the nose for chemicals that lead foul your plugs and damage pistons and cylinders. Instead of giving you these damaging chemical octanes, the Supercharger makes the extra octanes by refining the gas after it is in the cylinder. You get greatest power potential from gas that is cheaper because it is not loaded with harmful lead and other additives.

NEW ELECTRONIC SUPERCHARGER IS LIKE A MINIATURE REFINERY UNDER YOUR HOOD!

HERE IT IS...THE ELECTRONIC SUPERCHARGER IN ACTION . . . caught by the eye of an ultra high speed camera at California's Aero Laboratory... dramatically at work bombarding the firing chambers with pre-ionized radiant energy... unlocking the latent powers in wasted hydrocarbon atoms. THE VERY SAME ATOMS FOUND IN ORDINARY GASOLINE, ATOMS THAT YOU CAN NOW UNLEASH INTO NEW SUPER-SURGING POWER—MORE MILES PER GALLON EVERY SINGLE MILE YOU DRIVE! Yes, by bombarding and irradiating the contents of all the cylinders, the air fuel mixture burns more evenly, more smoothly, more completely. Carbon can't form!

READ THESE FACTS!

From the MOTOR EQUIPMENT WHOLESALERS ASSN. NEWS BULLETIN

"Revolutionary gas-saver! Our car has been averaging 10.2 miles per gallon. After installing the Solar Volt, we got 18.6 miles per gallon in heavy traffic — and 22.5 coming back along the same road in less traffic. Unbelievable as it is, that is an increase of 13.5% to 35.6% in gas mileage.

DOUBLES, TRIPLES SPARK PLUG LIFE

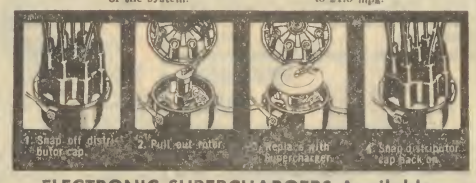
The more you drive . . . the bigger the spark gap becomes. That means **adjusting or replacing plugs 2-3 times a year. But your Electronic Supercharger can fire across a gap 2 and 3 times as long . . . your Electronic Supercharger pays for itself many times** over just on what it saves you on spark plug servicing and replacing. And that's only the beginning!

AUTOMOTIVE SERVICE DIGEST says . . "Now along comes a development that literally introduces a "third circuit" which actually becomes an integral part of the system."

MOTOR TREND installed units on several test cars and kept mileage records. A six-cylinder Chevrolet was giving 19 miles to the gallon. Mileage increased to 21.6 mpg!

FULL (1 YEAR) WARRANTY

If for any reason you are not completely satisfied with the Electronic Supercharger during the warranty period, simply return it for a free replacement or full immediate refund.



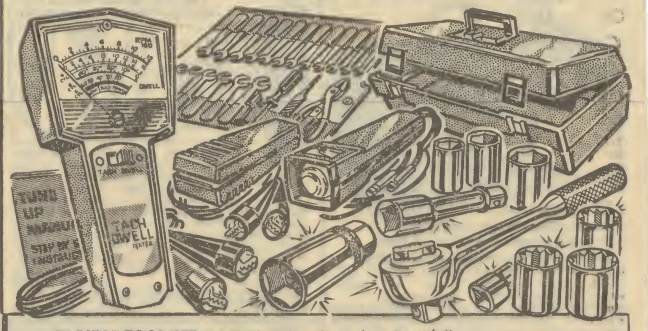
ELECTRONIC SUPERCHARGERS Available

For all 6 & 8 cyl. American Cars and Trucks exc. 72-76 Chrysler Products and all 75-76 models with pointless ignition systems. **How to Order: State Make, Year, Model of Car, Number of Cylinders and Stock No.**

55-1637B— . . . . . Each **$9.95**

Tune Your Own Car Easily, Accurately with this Complete

39 Piece TUNE-UP KIT



- **35-PIECE TOOL SET.** 24-Pc. Ignition Kit and 10 Pc. 3/8" Socket Set in Tool Box. Professional Quality—Exceeds U.S. Government Torque Requirements (GGG-W-64 lbs.) **Only 47.95**
- **TACH-DWELL TESTER.** Tachometer and Dwell Meter, all in one.
- **NEON TIMING LIGHT.** Special Design Provides Brightest Available Neon Light.
- **REMOTE STARTER SWITCH.** Allows You to Start Engine from Outside of Vehicle. A Must for One-Man Tune-Ups.
- **INSTRUCTION MANUAL.** Detailed, Illustrated Information on Procedures and Tune-Up Specifications.

FOR ALL AMERICAN AND IMPORTED CARS AND TRUCKS. Doing a tune-up yourself is simpler and easier than you think, when you have the equipment in this complete kit! These quality tools and comprehensive instructions will enable you to trouble-shoot and diagnose your engine's problems YOURSELF. Never again will you have to be at a mechanic's mercy, wondering if your car or truck's engine really needed that expensive job. Do It Yourself and know that it's done right. And you'll be amazed at the MONEY YOU SAVE! This kit can more than pay for itself in just one use, and will save you hundreds of dollars in repairs over the years.

• **35 PC. TOOL SET.** All sockets and wrenches polished and chrome plated for lasting beauty and protection against rust. Special hardened, hot broached socket walls for extra strength and durability. 24-Pc. Ignition Kit includes: 18 wrenches, 1 each ignition screwdriver, rejuvenating file, pliers, 6-leaf points setting gauge, 6-blade spark plug gap tool, protective carrying pouch, 10-Pc. 3/8" Socket Set includes: 1 each reversible drive ratchet, 3" extension bar, 13/16" spark plug socket, plus 7 short sockets sizes 3/8" to 3/4". All in sturdy plastic tool box with built-in storage tray.

• **TACH-DWELL TESTER.** Precision instrument allows you to test: cam dwell angle, centrifugal advance mechanism, air-fuel mixture, weak cylinders, faulty valves. Big 2-3/4" meter features easy-to-read colored scales. Factory calibrated. Zener stabilized, with moving magnet meter. No relays, batteries or other moving parts to wear out. Rugged plastic housing. Complete with sure-grip, color coded leads.

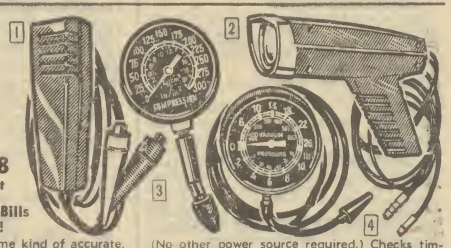
• **NEON TIMING LIGHT.** Special light reflector and prefocused lens give brightest available neon light. 100% shockproof. Hooded lamp directs light on mark.

• **REMOTE STARTER SWITCH.** Squeeze type switch instantly cranks and starts engine from outside or under vehicle. Insulated leads, easy-clip ends.

• **MANUAL.** Complete, comprehensive instructions on procedures; detailed tune-up specifications.

39-Piece Tune-Up Kit.
15-4357T— 1-Kit **$47.95**

NOW! SAVE TIME, SAVE MONEY WITH THIS 4 Pc. Professional TUNE-UP SET Only 11.98 Set



Makes Costly Tune-Up Bills A Thing of the Past!

Now . . . you can do the same kind of accurate, professional tune-ups that could cost you $20, $30, or $40 **and more!** In one hour's time, you can put your car in top condition again. Pays for itself the first time you use it.

HERE'S WHAT YOU RECEIVE

1. REMOTE STARTER SWITCH — Start or turn over your engine from outside vehicle. Vital in making compression, fuel pump pressure and electrical checks, adjusting tappets or bearings, setting ignition points — and dozens of other applications. Heavy duty switch features non-slip pistol grip handle for safe, sure operation, long oil and gas resistant leads, and insulated clips.

2. IGNITION TIMING LIGHT—Easy-to-use . . . long insulated leads connect to spark plug and spark plug cable to provide a bright light. (No other power source required.) Checks timing while engine is running to permit accurate setting of distributor in just a few minutes.

3. COMPRESSION TESTER—Heavy duty. Quickly determine exact engine condition, detecting worn rings and pistons, leaky head gasket, burnt or sticky valves. 2-1/2" diameter tester is calibrated from 0 to 300 lbs. Offset stem with pressure-holding valve fits spark plug holes.

4. VACUUM AND FUEL PUMP TESTER — Lets you check carburetion, vacuum and fuel pump systems and make proper adjustments. Test for problems in manifold vacuum and vacuum pump. Detect gas line stoppages, check for proper fuel pressure, adjust carburetor.

In addition, each set has a complete illustrated **instruction manual** to show you step-by-step testing and adjusting procedures.

13-1900N— 1-Set **$11.98**

TEST and TUNE-UP KIT for ALL American and Imported Cars

Do your own engine tune-ups—it's fun, it's easy —you'll save time and money. Includes all instruments, plus 3 complete manuals, to make accurate tune-ups. Check what you get:

Engine Performance Analyzer—All-purpose instrument for checking engine RPM, ignition points, cam-dwell angle, alternator and generator condition. Also check regulator setting, voltage, carburetion. Works on all 4, 6 or 8-cyl. engines, 6 or 12 volt, negative or positive ground.

A.C. Power Timing Light—Carefully balanced, easy handling. Produces brilliant white flash from powerful xenon bulb—has pre-focused lens. Spring-loaded trigger switch lets you maintain flash only during actual timing operation—extends bulb life. Works on 110-volt A.C.

Compression Tester—Rugged, easy-to-use instrument for checking worn or defective rings, valves, pistons and cylinders. Large, easy-to-read dial calibrated to 0-300 lbs. and 0-21 kilograms per sq. centimeter pressure. Offset stem has pressure-holding valve and replaceable nose cone—fits all spark plug holes.

Remote Starter Switch—Easy to use. Crank or start engine from outside car when adjusting points, locating timing mark, etc. Eliminate need for 2nd man in tune-up work. Has non-slip handle, long-life switch, long leads and heavy insulated clips.

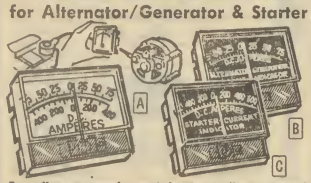
Bonus Feature—Kit also includes spark plug gap gauge, 1/8" Allen wrench for setting points on GM distributors, chalk for marking timing mark, jumper leads for use with Engine Analyzer in testing electrical systems.

75-3303P— 1-Kit **$35.98**

3 How-to-Do-It Books Included. Complete, illustrated 16-page instruction manual, 24-page Foreign and 40-page Domestic tune-up specification books included. Cover all foreign and domestic cars 1961-75

CURRENT INDICATORS

for Alternator/Generator & Starter



For all cars, trucks and boats. Indicators read current by induction—no connections to hook up. Simply hold indicator against output wire or lead cable. 2-1/4" square case with shatter-resistant Lexan bezel.

A **Combination Alternator/Generator and Starter Current Indicator.** For Alternator/generator, simply hold indicator against alt/gen. output wire with engine running and read 75-0-75 amp D.C. scale. For starter, simply hold indicator against starter lead with engine cranking and read 400-0-400 amp D.C. scale. Instructions included.
17-9446X— . . . . . Each **$4.19**

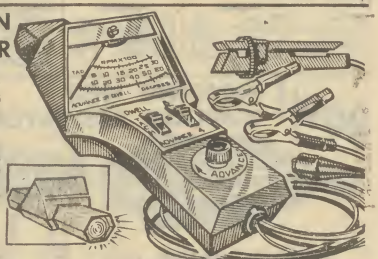
B **Alternator/Generator Current Indicator.** Shows charging system current on 75-0-75 amp D.C. scale. With engine running, simply hold indicator against output wire.
17-9447N— . . . . . Each **$3.59**

C **Starter Current Indicator.** Shows starter current on 600-0-600 amp D.C. scale. With engine cranking, simply hold indicator against starter lead cable.
17-9448T— . . . . . Each **$3.59**

25-ft. Plug-In Cigarette Lighter EXTENSION

Plugs in cigarette lighter to operate a variety of 6 or 12 volt accessories such as lights, razor, pump, etc. from your car. Perfect for camp or trailer use. Connect two for even greater length. Plastic covered 18 gauge wire.
75-0978X— . . . . . Each **$3.99**

MAGNETIC INDUCTION MULTI-PURPOSE TESTER



TACHOMETER, DWELL METER, DISTRIBUTOR ADVANCE MEASUREMENT AND D.C. SUPER BRIGHT TIMING LIGHT WITH INDUCTIVE PICK-UP FOR STANDARD & ELECTRONIC IGNITION SYSTEMS

- **Precision Full Scale Tachometer with ±2% accuracy. Tachometer: 0-1500 (8 cyl.), 0-2000 (6 cyl.) & 0-3000 (4 cyl.) R.P.M. Scale**
- **Dwell Meter 15° to 45° (8 cyl.), 20° to 60° (6 cyl.) & 30° to 90° (4 cyl.)**
- **Distributor Advance 0-60°**
- **Illuminated, Easy-to-Read Meter**
- **Multiple testing with One Hook-Up**
- **For all 4, 6, or 8 cyl. Engines—Standard & Electronic Ignitions—12V Negative Ground**

This fine quality instrument checks R.P.M.'s, dwell angle, timing and ignition advance on both standard and electronic ignition systems without disconnecting a single wire. Inductive pick-up, an arrangement that clips over the number one spark plug wire, accomplishes the tests in less time, with less effort and minus the usual risks of injury. Another plus is its ability to measure the timing advance which the engine produces under various speeds in actual degrees of advance. This can alert you to possible trouble in the vacuum advance mechanism or weak or broken springs in the centrifugal advance system of your distributor. D'Arsonval meter is fully jewelled; has solid state electronic components, zener-stabilized. Complete with color coded leads, inductive pick-up and easy-to-follow instructions.
15-3427N— . . . . . Each **$59.98**

FULL (OWNERSHIP DURATION) WARRANTY

Warranted against defects in workmanship and materials for as long as original purchaser owns unit. Will be repaired or replaced only—not returnable for refund or credit. Warranty is void if unit has been altered or modified, subjected to accident, abuse or misuse. Bulb not included in warranty.

Replacement bulb for above tester.
15-3428T— . . . . . Each $3.95

MULTI-PURPOSE TESTER
Same features as above, without inductive pick-up and capability to test vacuum advance.
12-2132N— Each **$39.98**

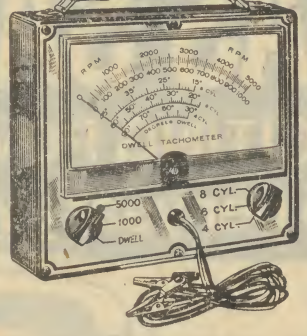
SATISFACTION GUARANTEED or MONEY BACK

The Original Warshawsky & Co., 1916 S. State St., Chicago, Ill. 60616

Tune Up Electronically Any Car or Truck Ever Made!

• COMPACTS, SPORTS CARS, STANDARD MODELS—AMERICAN OR IMPORTED • 4, 6 OR 8 CYLINDERS • 6 OR 12 VOLTS

CAM-DWELL ANGLE METER and TACHOMETER



Tune the electronic, accurate way. Get easier starts, maximum performance, more miles per gallon, smoother points.

- Adjusts slightly worn, pitted points
- Determines the most effective point setting **without removing the distributor cap!**
- Reads both the average dwell of dual breaker points, and the indivdual dwell of each individual set of points
- Eliminates filing points to smoothness . . . automatically allows for pitting or wear
- Locates "misses" by checking each spark plug individually
- Gives the correct setting for **external adjustment type distributors**
- Lets you adjust carburetor to conform with manufacturer's recommendations
- Special manual gives all car manufacturer's recommended carburetor settings and dwell angles . . . including those for external adjustment type distributors
- Enables you to check fluid pressures of automatic transmissions

Quality construction! Completely self-contained, solid state circuitry gives long, trouble-free life. Large 6" color coded meter face is easy to read. Dual tachometer scale. 0-1000 RPM and 0-5000 RPM lets you set carburetor at low RPMs while making other tests at high RPMs. Provides the necessary ranges for **ALL** engine requirements. Three dwell ranges eliminate computations when adjusting imported or other small engines.
Everything you need. Includes carrying handle, test leads and instruction manual with special spec sheet showing factory recommended dwell and RPM settings for all cars.
75-2643N— **$33.95**

FULL 1 YEAR WARRANTY
Warranted against defects in workmanship and materials for one year. **Will be repaired or replaced at our option. Cannot be returned for refund or credit.** Warranty void if unit is altered, modified, abused, or damaged by customer.

ENGINE-OFF TIMING KIT

Time your engine the easy, safe way with the motor turned off. A correctly timed engine runs better, saves gas, improved overall performance. Kit contains buttonless remote starter switch — simply squeeze handle to operate. Static timing light inserts in number 1 position of distributor cap and lights up when number 1 cylinder is firing. Simply check timing marks and adjust as necessary. With instructions.
15-3213K— 1-Kit **$7.29**

Solid-State TIMING LIGHTS

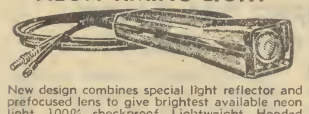
- **Extremely bright blue-white light is visible even in bright sunlight.**
- **Trigger switch for long flash tube life.**
- **100% solid-state transistorized circuitry — all components hand wired—automatic polarity and overload protection.**
- **Premium quality gas filled xenon strobscopic flash tube fires through optical glass lens.**
- **Automatic voltage selection for 6 or 12 volt.**

Professional quality timing lights for shop or home use. Precision-times any engine, checks vacuum and centrifugal spark advance and distributor action. Streamlined, trigger operated pistol grip design is easiest to use. Shockproof, UL approved. Long leads and large clips are impervious to gas, oil, acids. Works on all 6 or 12 volt ignition systems. With cord for attaching to battery.
Deluxe DC Power Timing Light with heavy duty, diecast polished triple chrome plated housing. Instruction manual included.
88-7223W— . . . . . Each **$29.98**

DC Power Timing Light with pressure molded bakelite housing.
88-7225A— . . . . . Each **$24.98**

AC Power Timing Light. Powered from 110 volt AC outlet instead of car or truck battery. ABS cycolac housing. With spark plug adapter and instructions.
17-9474R— . . . . . Each **$15.59**

NEON TIMING LIGHT



New design combines special light reflector and prefocused lens to give brightest available neon light. 100% shockproof. Lightweight. Hooded lamp directs light on mark. Leather grained finish. For 6, 12, 24 volt systems.
75-3039N— . . . . . Each **$3.69**

Alternator-Generator-Battery CHECK GAUGE

For 6 and 12 Volt

Make fast on-the-spot check of battery, generator, alternator and regulator systems — quickly locate trouble. For mechanic or car owner. Small enough to be carried in mechanic's pocket when on road service. Has rugged 5% accurate movement in 2½" red metal case with chrome top and 2-ft. leads with rubber covered clips. Colored dial makes meter easy to understand even by a non-technical user.

Easy-to-Read Dial

15-1417Y— . . . . . Each **$14.98**

Pistol Grip TIMING LIGHTS

With Built-in Remote Control Starter Switch

Extra bright prefocused light for pinpoint accuracy. Remote starter switch built into handle for easy one-man operation. Shockproof case, fresnel lens, long insulated leads, sure grip clamps. Complete with instructions.
75-3288Y— . . . . . Each **$6.98**

TIMING LIGHT. Like above, but without remote control starter switch.
75-3289W— . . . . . Each **$5.98**

ECONOMY MODEL with built-in remote starter switch. Same features as 75-3288Y.
15-3622A— . . . . . Each **$3.49**

REPLACEMENT BULB FOR ABOVE
75-3290U— . . . . . Each **$1.98**

Spark Plug & Cable VISUAL TESTER

Provides full-vision testing of spark plugs, points, condenser, coil, plug cables, and cable connections. Fully insulated, shatterproof. Concealed contact needle connects with fitted neon bulb in plastic barrel when it is pressed against cable or spark plug.
74-0976B— Each **$3.59**

MANY NEW ITEMS CHECK EVERY PAGE!

POINT DWELL COMP and TIMING LIGHT

NOW! Timing Can Be Set WITHOUT RUNNING ENGINE!

REQUIRES NO SKILL TO OPERATE!

- **Pays for itself in one tune-up**
- **Makes feeler gauge obsolete — makes dwell meter obsolete — replaces tricky timing lights**
- **Works on all 4, 6 or 8 cyl. engines with positive or negative ground**

Newest, simplest, most accurate way to measure dwell angle and timing on ALL American and imported cars and trucks. Now you can set dwell and timing without having to run engine — no more burnt or cut fingers!
Foolproof—Inexpensive dwell meters are notoriously inaccurate — expensive models, with delicate electronic systems are subject to damage and require frequent calibration. Not so with Point Dwell Comp! It's accurate . . . and rugged — should the indicated dwell deviate from the desired setting, this Point Dwell Comp immediately indicates the precise adjustment required. The direct physical relationship between the angle of dwell and the position of distributor body is the most precise manner of measuring dwell ever devised. Point Dwell Comp cannot be wrong!

Easy-to-Use—Point Dwell Comp uses direct mechanical relationship to set ignition points and timing in a foolproof way. To use, remove coil lead from distributor, insert Point Dwell Comp into place, attach test leads to battery and distributor wires of coil, loosen distributor housing and adjust. It is not necessary to have engine running to check timing. Just set crankshaft to desired position to reference to top dead center —if light goes on at that point, timing is correct.
75-3144T—
Each **$11.98**

ELECTRONIC THROTTLE and SPEED CONTROL

Pays for Itself in Gas Savings Alone!

FOOLPROOF, TROUBLE-FREE, EASY TO OPERATE

Complete, Easy to Install Unit for ALL Cars, Trucks and Buses at a Price You Can't Match Anywhere!

Frees Your Foot From Gas Pedal to Add New Comfort to Driving!

Think of it—now you can cruise down any level highway at any speed you desire in new safety and comfort—without having your foot glued to the accelerator, without having to constantly check your speed on the speedometer. You can **automatically** achieve what professional "economy run" drivers are famous for — record-breaking fuel savings through precise, even throttle-control and fuel-feed . . . increasing gas mileage up to 20%, saving you as much as 1 gallon out of every 5! **SAVE MONEY EVERY SINGLE MILE YOU DRIVE!**
But that's just the beginning! You'll enjoy a million dollars worth of comfort, convenience and enjoyment, too! Even after long trips, your right leg will not be tense, stiff or cramped as it gets now after driving just a few miles with you foot constantly fixed on the gas pedal. Because you're more comfortable, you'll enjoy the trip more, and reach your destination fresh-as-a-daisy! And here's more . . .
Cruise Control can be used as a quick-set idle control for warming up engine and inside of car on frosty winter mornings, for charging battery when needed, for operating air conditioning blowers when vehicle is not in motion, or for tuning up and testing the engine. Helps you maintain legal speeds in posted areas, too.

EASY TO USE . . . Works automatically, electronically. All you do to set Cruise Control at desired cruising speed you want to maintain on a level road, then pull out button on dash-mounted relay box. Cruise Control will hold desired speed until you release it by a touch of your toe on the brake pedal or a touch of the button on relay box. For quick bursts of speed, for passing, in emergencies, or to adjust your speed on steep hills or inclines, just press down on accelerator to override control . . . then, re-remove foot from accelerator and Cruise Control will take over again and return your car to preset speed.

COMPLETELY SAFE . . . Exclusive "fail-safe" design **automatically** disengages unit completely if anything goes wong with electrical system of your car, truck, or bus. Should your stop or tail lights burn out, Cruise Control warns you by failing to operate.

EASY TO INSTALL . . . With ordinary tools, working inside your car, truck or bus you don't even get your hands dirty. It is maintenance-free because there are no parts to wear or need adjustment ever. Unit may be easily changed from one vehicle to another at any time.

FULL OWNERSHIP DURATION WARRANTY
Fully warranted for as long as you own the car on which unit is installed. Will be repaired or replaced at our option (labor not included) free of charge.

FITS ALL CARS, TRUCKS, AND BUSES. State Make, Year, Model and Stock No.
75-3220A— 1-kit **$28.95**

Complete Satisfaction on Every Purchase

Solid State ENGINE ANALYZER

Does 16 DIFFERENT TESTS!

- Giant Full 6" D'Arsonval Moving Coil Meter with 6 Separate Scales is Not Affected by External Magnetic Fields.
- Cylinder Selector—Gives Direct Readings on 4, 6, and 8 Cylinder Engines. No calculations or mental arithmetic needed.
- Expanded Dwell Scales Allow Closer Adjustments Necessary for Emission Control.
- Works on All 6 or 12 Volt Ignitions—Conventional, Magneto, Transistorized, or New Pointless Electronic Systems.
- Burn-Out Proof on All Tach and Dwell Ranges.
- Special Meter Scales Used for TVR Resistance Wires and Diode Quality.
- Separate Color-Coded Points Resistance Scale Tells Points Quality at a Glance.
- Powered by your Car Battery—no separate batteries to wear out or corrode.

COMPLETE WITH ALL LEADS AND ADAPTERS

NOW ONLY 59.98

FREE! Fully detailed, illustrated instruction manual included. Gives you complete STEP-BY-STEP PROCEDURE and TUNE-UP SPECIFICATIONS for all makes and models of cars, both American and Imports. Do-it-yourself and save!

Precision engineered analyzer allows you to perform professional quality tune-ups yourself and save! Features solid-state circuitry that can't burn out like transistor-powered circuits. Giant, easy to read and see, color-coded 6" D'Arsonval meter is not affected by magnetic fields found underneath your car's hood. Meter sensitivity is **accurate to within 2% of full scale** and will indicate full scale on as little a current draw as 4 ten-thousandths of an ampere (.0004)! Internal pen-cell battery (which is included) provides the power source for resistance ranges to insure accurate readings.
SCALES: Low RPM—0-1200; High RPM—0 to 6000; Good/Bad point resistance scale. Dwell—4 cyl. is 30° to 90°, 6 cyl. is 20° to 60°, 8 cyl. is 15° to 45°; Volts—0 to 16; Amps—0 to 90; OHMS—0 to 200,000.
11-1/4" wide x 6-1/2" high x 4-1/4" deep, black molded hi-impact styrene case has hood to reduce overhead glare as well as protect meter; folding carrying handle. Side storage compartment holds test leads and accessories. Includes special socket that prevents burnout or overload caused by inserting a connecting lead into an improper socket. With FREE MANUAL.
16-5821W—
Each **$59.98**
WARRANTY
Warranted against defects in workmanship and materials for 1 full year. **Will be repaired or replaced at our option. Cannot be returned for refund or credit.** This warranty void if the unit is altered, modified, abused, or damaged by customer.

PERFORMS ALL OF THESE COMPREHENSIVE TESTS

1. Ignition Points Test. Checks condition of ignition contact breaker points. Lets you know when point replacement is necessary due to pitted, burned or oxidized condition.
2. Dwell Test. Measures dwell or cam angle (point gap) to highest degree of accuracy. Includes complete instructions for adjusting dwell. Allows synchronization of distributors equipped with dual point sets.
3. Dwell Variation Test. Checks for mechanical wear in distributor shaft and bushing. Checks for wear or wobble in breaker plate.
4. Low RPM Test (Tachometer). Gives direct readout of engine speed from 0 to 1200 rpm. Adjust idle speed to correct RPM and balance carburetor idle mixture for best performance.
5. High RPM Test (Tachometer). Gives direct readout of engine speed from 0 to 6000 RPM. Set engine to specified speeds for other tests.
6. Battery Test. Provides direct readout of 6 or 12-volt battery output while under actual cranking load condition. Determines if battery needs recharging, finds undercharged batteries and pinpoints sulphation conditions leading to battery failure.
7. Accessory Current Draw Test. Checks for current leakage, opens and shorts in accessory circuits. Measures current draw of individual accessories, or total accessory current draw.
8. Charging System Output Test. Measures amperage output of alternator or generator charging system. Measures current regulator setting of generator charging systems.
9. Output Test (Regulator Bypass). Measures total output of alternator or generator. Checks for charging system defects. Finds bad brushes, open or shorted fields, grounded circuits.
10. Voltage Regulator Test. Measures exact voltage regulator setting under actual operating conditions.
11. Voltage Loss Test. Checks for voltage loss in all automotive electrical circuits. Finds loose or corroded connections.
12. Ballast Resistor Test. Checks for burned out or high-resistance ballast resistors.
13. Spark Plug Wire Test. Measures resistance of individual spark plug wires. Measures resistance of high-tension coil wire.
14. Condenser Test. Checks for condenser leakage. Lets you know when replacement is necessary.
15. Alternator Diode Test. Measures both forward and reverse resistance of individual alternator diodes for open or shorted conditions.
16. Fuse Test. Locates burned out fuses. Tests for open circuits between battery and fuse box.

CLAMP-ON AMMETER

for ALL Trucks, Cars & Boats

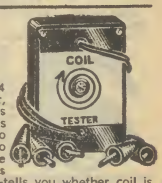
Reads by Induction— no connections— just clamp on cable or wire.

Shows full charge rate up to 60 amps, tapering of charge, normal charge rate of 10 amps, opening of regular cutout, and current drain of ignition and accessories. Compact 2" diameter case with chrome trim ring. Has easy to read color coded scale. Special clamp on back for easy attaching to battery or generator cable.
75-1984U— . . . . . Each **$9.59**

CONDENSER TESTER

Many condensers being replaced need not be, and many condensers are improperly sized or out of tolerance, causing premature failure of other components. Condenser tester detects leaks as slight as .00006 amp (6 microamps) and checks for correct condenser size. Each size tests at a different rate. Chart determines size tested. For all types condensers —automotive, radio, TV, lawn mower, outboard, chain saw, machine control, etc.
75-2042P— . . . . . Each **$6.98**

COIL TESTER



Checks any 6, 12, or 24 volt ignition coil. Fast, accurate, easy — gives instant results. No dials to misread, no knobs to turn, no batteries to wear off, no outside power needed. Checks coil in any condition—tells you whether coil is good, bad, or shorted.
75-2968W— . . . . . Each **$6.99**

SATISFACTION GUARANTEED or MONEY BACK

INDEX AND ORDER BLANKS—SEE BACK PAGES

MILES-PER-GALLON METER

Pays for itself in gas savings — in only two months driving! Measures gas mileage at all speeds instantly . . . right on the road!

- **Monitors engine condition and performance**
- **Detects engine trouble before it happens**
- **Helps you reduce air pollution**

True analog computer, **not** a vacuum gauge. Electronic flowmeter installs in fuel line to measure fuel flow each fraction of a second into the carb. Electronic distance meter installs on transmission or behind speedometer, measuring distance car travels in the same period of time. These two values are electronically divided and appear on the dash gauge as miles per gallon. Transmits constant information about gas mileage and overall efficiency. Shows how changes in tire pressure, speed, even gasoline brands can affect mileage. 2-1/2" diam. wide sweep, 0-40 MPG illuminated dash gauge has reference pointer which can be set to normal gas mileage at a given speed. Factory calibrated to ± 3% accuracy. Black housing. Easy to install. Instructions included.

Fits all 55-76 American cars, trucks, campers, vans and motor homes. Also fits the following Imported cars: Audi, BMW, Datsun, English Ford, Fiat, Mazda, Mercedes-Benz, Opel, Porsche, Saab, Triumph, Volkswagen and Volvo.

State Make, Year, Model, With or Without Cruise Control, and Stk. No.

55-1776Y— . . . . . Each **$41.98**

VACUUM TESTER

Eliminate needless replacement of good parts. This versatile vacuum tester checks out any vacuum mechanism — without disassembling or removing the component from the car. Easy-to-use gauge is complete with instructions. Registers 0 to 30 lbs. vacuum, for checking all of the following automotive vacuum components—plus any other vacuum diaphragm mechanism. • Distributor vacuum advance • Carburetor choke and throttle vacuum controls • Transmission vacuum modulator — oil leaks • Air cleaner C.C.S. units • Air conditioning vacuum hoses and vent doors • Vacuum door and trunk locks • Headlamp vacuum switches • Vacuum reservoirs • Cruise control switches and transducer operation. • Thermo vacuum switches. • Water temperature valves.

75-3032P . . . . . Each **$15.59**

VACUUM & FUEL PUMP TESTER

For Motor Repair and Tune-Up Work. Color Coded 2-3/4" dial type gauge registers 0 to 30" vacuum, 0 to 7 lbs. pressure, also shown in metric scale. Used for exact ignition timing, locating burned or sticking valves, defective rings, choked mufflers, defective choke and throttle valves on carburetors. Test fuel pumps. With 18" rubber hose, connectors and instructions.

17-9621N— . . . . . Each **$5.98**

Economy Model. Similar to above, registers 0 to 30" vacuum, 0 to 7 lbs. pressure.

17-9622T— . . . . . Each **$3.85**

REMOTE STARTER SWITCHES

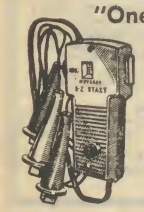
A Remote Starter Switch with On/Off Ignition Switch. Cranks, starts, and stops engine from outside of car without having to turn key in ignition. Double contacts prevent arcing. Long leads; color coded clips. Complete with instructions.

17-9341P— . . . . . Each **$5.95**

B Pushbutton Remote Starter Switch. Crank engine from under the hood as you work. Double contacts prevent arcing. Long, insulated leads, color-coded easy clip ends.

17-9340B— . . . . . Each **$3.19**

"One Man" Remote STARTER with ON/OFF Switch



Cranks, starts and stops engine from outside car or truck. No need for second man to turn key in ignition while tuning up engine. Has starter button for continuous cranking or starting. Silver soldered points. Fused to protect distributor points and ignition system. For all 6 or 12 volt.

73-0093N— . . . . . Each **$8.49**

ECONOMY REMOTE STARTER SWITCH

Squeeze type switch instantly cranks and starts engine from outside or under vehicle. Insulated leads, easy clip ends

13-1899R— Each . . . **$2.49**

MANY NEW ITEMS CHECK EVERY PAGE!

Using Simple Hand Tools - In Just Minutes You Can Install

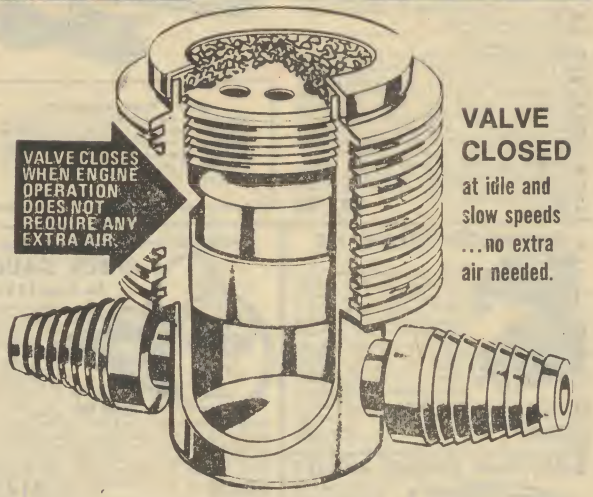
A SUPER GAS SAVER!

• GET NEW EXCITING POWER!

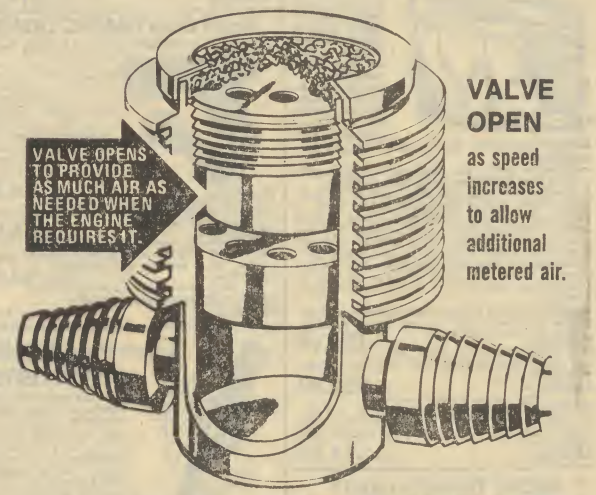
• SAVE $25...$50...$75 per year every year!

If you drive 13,500 miles a year, at the national average of 13.4 miles per gallon (U. S. Government figure), you will use approximately 1,000 gallons of gas ...at a cost of $600 for gas at 60¢ per gallon. Now, if you realize only a 6% increase in gas mileage by installing this super gas saver, that's a savings of $36.00 your very first year of driving! And, of course, if you drive MORE you'll SAVE more ... and savings continue year after year!

As automotive engineers will testify, the air-to-fuel ratio of an automobile engine is ideal when you are using 15 parts of air to 1 part of gasoline. Thus, the more this gas saver helps your engine operate at the 15 to 1 ratio, the more efficiently your engine will operate — and the greater your actual money savings!



VALVE CLOSED at idle and slow speeds ...no extra air needed.



VALVE OPEN as speed increases to allow additional metered air.

GAS SAVINGS:

Actual road tests conducted by independent laboratory show that American cars fitted with this SUPER GAS SAVER enjoy:

Year and Make/Model of Auto	Gain	Year and Make/Model of Auto	Gain
1974 Chevrolet Custom Pick-up	6.4%	1970 Ford F100 (Camper)	10.4%
1967 A.M.C. Rambler Rebel Wgn.	7.6%	1972 Ford Pinto	8.0%
1972 Chevrolet Impala	4.5%	1974 Ford Mustang	2.5%
1971 Cadillac Sedan de Ville	5.4%	1972 AMC Gremlin Coupe	8.0%
1970 Ford Mustang	5.8%		

HORSEPOWER GAINS

(Dynamometer tests)

Calculated at speeds of 15 . . . 30 . . . 50 miles per hour.

Year and Make/Model of Auto	Gain	Year and Make/Model of Auto	Gain
1967 Ford Mustang	14.7%	1973 Chrysler Valiant	7.5%
1974 Ford Torino	11.9%	1966 A.M.C. Rambler Wgn.	15.8%

(Fleet average gain, all four autos: 12.5%)

- **Fits most American and foreign cars and trucks; will not fit rotary or diesel-powered vehicles.**
- **Installed in minutes on American-built car, van or pick-up 1963 thru 1974.**
- **Complete instructions for installation and use included.**
- **Test results established by accepted road tests.**

✓ Check List for Drivers Looking for Real Gas Savings!

If *any* of your driving includes *any* of the types of driving below, you will receive the full benefit from a **SUPER GAS SAVER** installation. Of course, the more types of driving included, the more precious gas you will save!

1. **Open Road Driving** . . . when you really get *going* on the highway . . . when you are going somewhere and want to get there most economically.
2. **Stop-and-Go Driving** . . . those times, getting even more frequent, when it takes an hour to go a mile!
3. **Urban Driving** . . . when you or your wife go shopping in the city, with plenty of hold-ups at traffic lights, and many parking stops for different stores.
4. **When you carry 3 or more passengers.** Do you car-pool? Ever take the whole family out for a drive?
5. **Mountain Driving.** If you've ever driven in the mountains, you'll welcome this new device!
6. **Hill Country Driving.** An astonishing percentage of the United States road system is up-and-down!
7. **Pulling a Trailer or Camper** . . . or at any time you put an extra-heavy load on your engine.

ORDER A SUPER GAS SAVER FOR YOUR CAR...TODAY!

You've read all the facts about the new super gas saver. We've tried to explain what it will do for your engine and what an exciting driving experience you will have with this new device for years to come.

And it is easy to install on cars, domestic and foreign; you simply locate the PCV line to the carburetor, snip it and slip the device into the line. It's really that simple — you can do the whole job yourself in minutes.

FULL (OWNERSHIP DURATION) WARRANTY

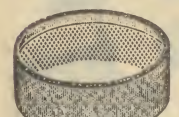
If for any reason you are not completely satisfied with the Super Gas Saver for as long as you own your car, simply return the Super Gas Saver for a replacement or refund of the full purchase price.

SUPER GAS SAVER for American and Imported Cars and Trucks.

State Make, Year & Stock Number 55-2011R Each $9.95

Quality Merchandise at Low Prices

PERMANENT PLASTIC FOAM FILTER ELEMENTS for AIR CLEANERS



Replace throw-away paper type filter elements.
- Restore "lost" pep and power—lost because old style paper element becomes clogged, cutting off air intake
- Maintain high velocity air passage at all speeds
- Increase gas mileage, because foam filter permits better air-fuel mixture.
- Easy to clean and reuse—save up to $5.00 every 10,000 miles on replacement elements

Tested and proven—filter more air, more efficiently than original. Flameproofed.

FULL "5 YEAR" WARRANTY
Should plastic foam filter element fail within the 5 year period from date of purchase it will be replaced without charge.

For the Following American Cars:

69-76 American Motors Ambassador, AMX, Javelin, Rebel, Gremlin, Jeep, Matador, Pacer, Hornet

58-76 Buick Special, Riviera, Skylark, Apollo, Gran Sport, Century, Centurion, Electra 225, LeSabre, Skyhawk

58-76 Cadillac Eldorado, Seville

58-76 Chevrolet Corvette, Corvair, Chevy II, Chevelle, Camaro, Nova, Monte Carlo, Malibu, Laguna, Caprice, Impala, Monza 2+2

57-76 Chrysler Imperial, Cordoba

57-61 Desoto

57-76 Dodge Dart, Lancer, Charger, Coronet, Demon, Super Bee, Polara, Monaco, Challenger, Aspen

57-76 Ford Thunderbird, Falcon, Fairlane, Mustang, Galaxie, Bronco, Torino, Maverick, Pinto, Mustang II, Elite, Granada, LTD

57-76 Lincoln Continental, Mark III, Mark IV

57-76 Mercury Comet, Meteor, Cougar, Montego, Cyclone, Monarch, Bobcat

57-76 Oldsmobile F85, Toronado, Cutlass, Omega, Starfire, Delta 88, Delta 98

57-76 Plymouth Valiant, Barracuda, Duster, Roadrunner, Fury, Satellite, Gran Fury, Volare

57-76 Pontiac Tempest, Firebird, G.T.O., Grand Prix, LeMans, Ventura II, Trans Am, Bonneville, Catalina

58-68 Rambler American, Rebel, Ambassador, Classic, Typhoon, Marlin ♦

53-66 Studebaker

For the Following American Trucks:

70-76 A.M.C. Jeep® 60-76 Dodge 63-76 G.M.C. 63-69 Jeep®
62-76 Chevrolet 57-76 Ford

♦For 65-69 6 cyl. Rambler specify w/ or w/o snorkle. **State Make, Year, Model of Car, or Series of Truck, Cubic Inch Displacement, Whether Single, Dual or Quad Carb. and Stk. No.** Will not fit multiple carb. setups.

55-0339W— ..... Each **$5.49**

Deluxe AIR CLEANER ELEMENTS
IMPROVE PERFORMANCE, HELP SAVE GAS!

- Filter air efficiently—restore "lost pep," power and economy, enjoy easier starting
- Allow high volume, high velocity air flow at all speeds
- Reduce carburetor and engine wear—keep carburetor cleaner—cut down on re-adjustments
- Change air filters every 4,000 miles or four months for increased performance and mileage!

Special flame-resistant paper filtering element is specially developed to protect engine from dirt and dust—exceeds car manufacturers' specifications for air handling, initial restriction, dust capacity and efficiency. Filters all the air, trapping dirt particles as small as one micron.

FOR ALL CARS AND TRUCKS EQUIPPED WITH REPLACEABLE FILTER ELEMENTS

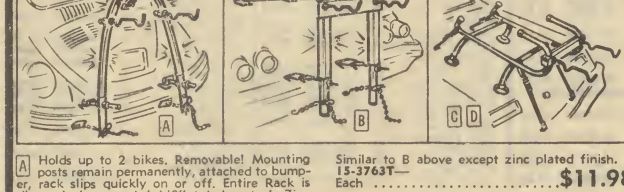
EVERYTHING FOR YOUR VEHICLE IN THIS CATALOG

BIKE CARRIERS

Carry your bicycle or mini-bike the easy, fast way. Quality carriers come in a variety of styles to fit every car, including Imports.

Vinyl coated parts protect car and bike finishes from scratches. No drilling required to mount. All carriers are rust and weather-resistant . . . will give you years of trouble-free, dependable service. Complete with adjustable straps and easy instructions.



A Holds up to 2 bikes. Removable! Mounting posts remain permanently, attached to bumper, rack slips quickly on or off. Entire Rack is silver vinyl covered 1-1/8" tubular steel. Zinc plated steel mounting brackets. Fits all cars.
82-0767N— ..... Each $14.49
Bumper Mounting Brackets (not shown) fit above carrier only. Allows easy transfer of carrier from one car to another.
15-4137X— 1-Kit **$6.98**

B REMOVABLE! Mounting posts remain permanently attached to bumper. All chrome plated. Blends with bumper. Holds up to 2 bikes or one mini bike. Heavy duty 1" square tubing. Vinyl coated hangers.
17-8952N— ..... Each **$14.98**

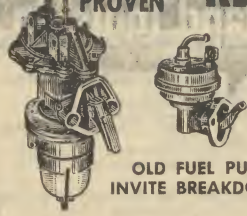
Similar to B above except zinc plated finish.
15-3763T— Each **$11.98**

C Holds up to 2 bikes. Mounts to trunk lid with rubber suction cups and straps. Does not interfere with opening or closing trunk. Chrome plated 3/4" diam. tubular steel. Fits all cars with 28" wide x 16-1/2" deep trunk lid except Volkswagen.
13-1646U— ..... Each **$21.95**

D (Not shown). Holds up to 3 bikes. Secures to trunk lid with straps. Does not interfere with opening or closing trunk. Vinyl covered 7/8" tubular steel. Fits all cars.
15-3764A— ..... Each **$17.49**

PERFORMANCE PROVEN REPLACEMENT FUEL PUMPS for AMERICAN CARS & TRUCKS

YOUR FUEL PUMP IS THE HEART OF YOUR CAR — WHEN IT STOPS, YOU STOP



OLD FUEL PUMPS INVITE BREAKDOWNS!

If your car is wasting gas, losing horsepower, stalls, starts hard, or if your windshield wipers are slowing down, your present fuel pump may be worn out. Designed for maximum efficiency, economy, dependability and longest life. Heavy, leak-proof castings with Buna N rubber cloth resist heat, cold, fuel deterioration. Each pump is carefully factory checked for correct pressure and vacuum by actual physical test.

Cars with electric wipers use single action pumps: cars with vacuum wipers use either single or double action pumps. **State stock number, make, year, model, cubic inch displacement, and specify if car is equipped with air conditioning.** Avg. shpg. wt.: single action, 4 lbs.; double action, 6 lbs; S= Single Action; D=Double Action. For Imported Cars—see index.

6-Pc. TOOL SET FOR COPPER TUBING

Everything You Need to Cut, Bend, & Flare 3/16" to 5/8" Tubing
Ideal for mechanical gauge connections, fuel line hook-ups, or wherever a flared tube seat is required. Double-roller cutter cuts up to 1-1/8" O.D. tubing. 3 springs bend 1/4" thru 5/8" O.D. tubing uniformly, without buckling. Flaring tool and vise-type holder fit 3/16", 1/4", 5/16", 3/8", 1/2" and 5/8" O.D. tubing.
88-7214N— 1-Set **$11.98**

Now! Check Your Engine Oil Level from the Driver's Seat

OIL CHECK

Installs in minutes, has no electrical connections. Consists of dash indicator (self-adhesive mount), neoprene tubing (which passes through firewall), and nylon probe (which replaces dipstick). To operate, push indicator in. If oil level is "safe" a light suction will occur and weight of oil will hold indicator in. If oil level is low, indicator will immediately pop back out — add 1 quart motor oil. Fits all American cars, trucks, and RV's, and all imports with 5/16" dipstick hole. Also fits marine applications using automotive engines.
73-2270R— ..... Each **$10.95**

New! PRE-COMBUSTION CATALYST
Gives Back The Performance & Gas Economy the Anti-Pollution Equipment Took Away!

- Get better gas mileage using regular leaded gas
- Smoother running
- Reduces spark plug wear—plugs last longer, perform better
- Catalytic action lasts 25,000 to 50,000 miles under normal conditions

Special catalytic elements treat the carburetor fuel/air mixture **before** it reaches the combustion chamber . . . to prevent gas waste, carbon build-up and pollution **before** they happen. Gives more complete combustion for more performance on every intake stroke . . . improved gas mileage . . . and reduced emissions.

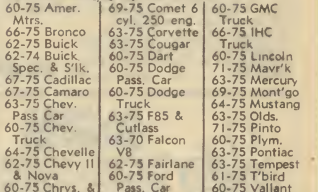
Cleans up your engine! The catalyst goes to work instantly—eliminates carbon deposits so that after 500 to 1500 miles you can actually lean down the carburetor mixture setting for better gas mileage and reduced emissions if the car is not equipped with factory installed plastic limiter caps. Reduces hydrocarbon pollutants. Reduces poisonous carbon monoxide gas emissions. Gives you a cleaner, smoother running, more powerful and economical engine.

Reduces power-robbing emission timing problems. Lets you advance timing to release your engine's full performance. Reduces hesitation, stalling, backfiring, dieseling, poor performance and poor gas economy.

Save! Get premium performance on low cost regular leaded gas* (*required for use with the Pre-Combustion Catalyst.) Lowers your engine's octane requirement to give you full power and top performance from regular leaded gas, without ping in most cars. **And you get more miles per gallon!**

The **Pre-Combustion Catalyst** can be installed in 1/2 hour using hand tools and a timing light. Engine adjustments needed for maximum performance from the Pre-Combustion Catalyst are not allowed in New York and California. **Cannot be used on 1975 cars with catalytic converter.**

When ordering, state: (1) Make and Year of car or truck, (2) Cubic inch displacement of engine, (3) Make of carburetor and number of barrels, (4) Stock Number.



Fits the following cars and trucks:

60-75 Amer. Mtrs.
66-75 Bronco
62-75 Buick
62-74 Buick Spec. & S'lk.
67-75 Cadillac

AUTOMATIC TO MANUAL CHOKE CONVERSION KIT

FOR ALL CARS AND TRUCKS

- **Easy to install without removing carburetor.**
- **Eliminates choke failure —prevents chock sticking.**
- **Ends carburetor floodings—stops gas waste!**
- **Gives instant response, fast starts in any weather—better gas mileage.**

Easily converts automatic choke to manual choke. Allows positive finger tip control of choke for starting, immediate and complete release of choke after engine warms up. Complete Kit includes 5-foot cable, 2 flanged caps, each of a different size to cover all carburetor mounted choke applications, an activator "S" bracket for manifold mounted chokes, all hardware and instructions.

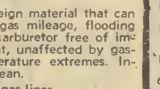
For the following American Cars:

69-76 American Motors	33-76 Dodge & Dart	41-76 Olds., F-85, Toronado, & Starfire
41-76 Buick Special, Skylark, Appollo	64-76 Falcon	51-56 Packard
	67-76 F'bird	33-76 Plym.
	56-76 Ford & Torino	41-76 Pont. Tem'st & Astre
41-76 Cadillac	34-57 Hudson	
67-76 Camaro	47-55 Kaiser	55-68 Rambler
64-76 Chev'le	49-76 Lincoln	41-64 Stude. 6 cyl.
62-76 Chevy II	70-76 M'vrick	
33-76 Chrysler	39-76 Mercury & Montego	55-67 Stude. V-8
64-76 Comet		
54-76 Corv'te	64-76 Mustang & Granada	55-76 T'Bird
67-76 Cougar		60-76 Valiant
33-76 DeSoto	39-57 Nash	54-62 Willys

73-2116U—Above 1-Kit **$4.75**

For All American Trucks with Automatic Chokes: Complete Kit with 5-foot cable and all necessary parts.
14-1054P— 1-Kit **$5.98**

MIDGET See-Thru IN-LINE FUEL Filter



- **Only 2" long—fits in ANY gasoline engine**

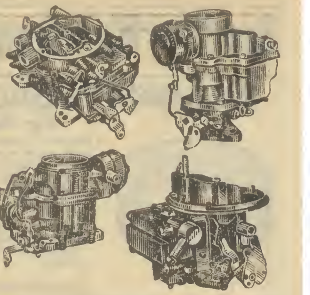
Traps water and other foreign material that can cause rough idling, poor gas mileage, flooding and stalling. Helps keep carburetor free of impurities. Corrosion-resistant, unaffected by gasoline, additives, or temperature extremes. Install in minutes. Easy to clean.

14-1059R—For 3/16" OD gas lines
14-1060X—For 1/4" OD gas lines
14-1061N—For 5/16" OD gas lines
Above Nos. . . . . Each **$3.49**

MANIFOLD GAUGE SET

Set includes a low pressure vacuum gauge (120 PSI to 250 PSI) and a high pressure gauge (0 to 500 PSI). Gauges have R-12, R-22, and R-502 scales, are color coded and can be recalibrated. Also contains hanging hook, hose protectors and 3 color coded 36" hoses.
17-9609P—
Each **$28.95**

NEW CARBURETORS NOT REBUILT BUT ALL NEW!



TREMENDOUS VALUE! MADE BY CARTER - HOLLEY - AUTOLITE - STROMBERG - ROCHESTER

- **Improved low & high speed performance**
- **Maximum horsepower, top speed**

Take advantage of these exceptional money-saving prices and have the latest, most advanced carburetor on your car. Complete with built-in features engineered to give best gas mileage, best all-around performance. You can't go wrong when you install one of these top quality carburetors. Replace original equipment with minor changes Gas filter should be installed for con-

- **Improved gas mileage, easier starting**
- **Smoother idling, smoother acceleration**

tinuous peak performance.
NOTE: . . . because these prices are so low, don't confuse these **NEW** carburetors with rebuilts. AS always our low price policy brings you the greatest values possible.
Replace that gas and power wasting carburetor with one of these brand new famous make carburetors.

HOW TO ORDER

1. To find number of barrels (bbls.) press down choke plate and count number of tube openings. Each opening equals one barrel.
2. Carburetors having stock numbers starting with 99 are shipped from our factory. Allow 2 weeks for delivery. All others shipped from Chicago.

TUBING BENDER TOOL

Make difficult bends on 3/16", 1/4", 5/16" and 3/8" copper and steel tubing. High quality metal tool has two rollers, each with two groove sizes. Adapt tool to exact tubing size in seconds.
15-3205N—
Each **$14.95**

Replace That Trouble Causing Heat Tube With A New "Automatic CHOKE HEATER"

Fits all automatic chokes that are controlled by a heat tube from manifold. Easily installed without removing old choke stove. Clamps on exhaust manifold.
41-1194A— . . . . Each **$4.75**

SATISFACTION GUARANTEED or MONEY BACK

CARBURETOR REPAIR KITS for American Cars & Trucks

Give Your Car New Pep, More Power, Increase Gas Mileage

With this kit you can repair your carburetor so it will give like-new performance, efficient operation. By repairing your carburetor yourself, you save the cost of a replacement carburetor. Most carburetors can usually be repaired and restored to original efficiency by installing the parts contained in this kit. Kit contains new matched needle and seat, accelerator pump, complete set of gaskets, float level gauge, and easy-to-follow illustrations. Imported Cars—See Index.

STOP BURNING OIL...

AMAZING SCIENTIFIC DISCOVERY

COMPLETE ENGINE OVERHAUL KIT

DO IT YOURSELF IN MINUTES. SAVE UP TO $150 ON REPAIRS!

A Complete Cylinder and Ring Job While You Drive—*NEW POWER* for Car, Trucks, Tractors and Boats

- Stops burning oil... restores fit of worn parts
- Increases Power up to 40% ...Restores Seal of Valves and Rings
- Eliminates exhaust smoking
- Quiets noisy Engines and Valve Lifters
- Get Easy, All-Weather Starts

Simply drop the PELLETS into the plug opening and pour LIQUID PLATE into the oil in your crankcase. This patent ENGINE OVERHAUL COMBINATION goes right to work on the worn areas of your motor . . . while you drive, the worn parts are plated with a metallic layer that actually rebuilds them with a factory-like finish and fit. The rebuilt parts are protected and cushioned by the LIQUID PLATE, giving you more than 10,000 miles of trouble-free driving. Don't compare an ENGINE OVERHAUL treatment with oil additives or temporary tune-ups. Get genuine ENGINE OVERHAUL . . . it lasts and lasts. Contains a long chain molecule which works in combination with motor oil so as to improve its film thickness under tough conditions of motor operation. Flows onto bearings, valve, cylinder and piston surface, protecting them with a self-lubricating wear-resistant protective film. Saves your motor oil . . . saves your motor! Compounded of special thermo-active metallic alloys. Heat and pressure of your motor plates these alloys on to the worn, pitted, and scored metal of your cylinders and rings. Restores their factory-like fit, smoothness and power. No special tools or skill necessary . . . No need to take your motor apart. Save costly repairs.

Developed by Skilled Automotive Scientists

More than six years of research, laboratory testing and constant road tests led to the discovery and development of thermo-plating with Engine Overhaul. It successfully answers the costly problems of engine repair. Truck operators, taxi companies and individual motorists all agree results are remarkably outstanding. Try it . . . Prove it to yourself.

TESTED and CERTIFIED AMERICAN RESEARCH AND TESTING LABS. CHICAGO

Here's Actual Proof of Performance

The results of rigidly conducted tests by the American Research & Testing Laboratories Are:

- **Compression Increase Up to 40%**
- **Gas Mileage Increase Up to 36.5%**
- **Oil Efficiency Increase Up to 200%**

In all cases the addition of Engine Overhaul according to the manufacturer's Instructions produced higher compression and increased efficiency along with smoother running, starting and acceleration. In all cases, gas and oil were appreciably reduced.

Respectfully submitted,
The American Research & Testing Laboratories

Thousands of Satisfied Users!

"We are using ENGINE OVERHAUL as a regular part of our truck maintenance program." **S. Laundry Co., Florida**

"By saving on reconditioning cost with ENGINE OVERHAUL, we can sell better cars for less money." **Used Car Dealer, Chicago**

"I shall strongly recommend ENGINE OVERHAUL to my friends who may need an overhaul job, rather than lay out a lot of money for a ring job." **L.J.C., N.Y.**

"Oil consumption has been cut from 50 miles per quart to 500 miles per quart. I really did not expect such remarkable results." **J.A.B. Nesconset, L.I.**

"I used one of your complete overhaul kits in a 1950 Cadillac that needed complete overhauling. It is now as good or better than if I had overhauled it" **M.R.M., Detroit**

"I have used your ENGINE OVERHAUL pellets and liquid, and I must say it makes the engine run great." **A.B. Pittman, Nev.**

"I am very satisfied with the results I had with the first pellets I used back on June 1, 1965, at 120,327 mi. I have just treated the engine again at 161,050 mi. . . . The only overhaul it has had is your Overhaul Pellets. This is a Ford '63, Galaxie 500—260 engine." **Don R. Whipple**

(Full statements of above, and many more, available on request.)

NOTE: Large 8's (Cadillacs, Buicks, Oldsmobiles, Lincolns, Packards, Chryslers) require 2 packages.

COMPLETE ENGINE OVERHAUL KIT—LIQUID and PELLETS

Save LOWEST PRICES

Bendix ELECTRIC FUEL PUMP

FOR ALL AMERICAN OR IMPORTED CARS & TRUCKS, 6 and 12 VOLT

Features maximum operating efficiency, economy, dependability, long life.

No Pressure Drop. Produces smooth, constant pressure — **Eliminates vapor lock. Doesn't Loaf or Quit Because of Cold.** Operates dependably at below—75° F.

Improves Low Temperature Starting — Prolongs Battery Life. Engines start at temperatures 10° to 15° lower because full supply of fuel is delivered as soon as ignition key is turned on.

Built-in Pressure Release. Prevents flooding, assures easy re-starts, even on hottest days.

Delivers More Than 30 Gallons Per Hour.

Low Power Requirements. Only 1.1 amps required for maximum delivery for 6-volt system. Easy to install—tamper-proof.

State Make, Year and Model of Car or Truck, Whether 6 or 12 Volt, and Stock No.

If ordered for other than automobile or truck application, specify if positive or negative ground.

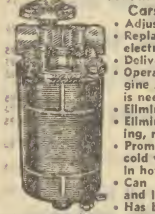
55-0519T.....Each **$36.95**

INSTALLATION KIT for Above Fuel Pump. All fittings, parts required to install pump easily.
74-7020B—.....1-Kit **$6.19**

HI-PERFORMANCE CARTER ELECTRIC FUEL PUMP

New in-line fuel pump with extra high capacity output—meets all speed and performance needs. Has highest free-flow delivery available—72 gals. per hour — with shut-off pressure rating of 7 P.S.I., enough to handle all peak load conditions. Rotary vane type motor has no points to burn out—produces a non-pulsating fuel flow. With internal fine screen fuel filter. Shock mounted for trouble-free performance. Easy to install. For all 12 volt neg. ground systems.
73-1003N—.....Each **$29.95**

Adjustable Pressure Electric FUEL PUMP



for All American & Imported Cars, Trucks and Buses

- Adjusts from 1¾ lbs. to 6 lbs.
- Replaces all mechanical or electric fuel pumps.
- Delivers up to 48 gals. per hr.
- Operates independently of engine . . . pumps whenever fuel is needed.
- Eliminates vapor lock.
- Eliminates flooding or starving, regardless of speed.
- Promotes easier starting in cold weather, positive restarts in hot weather.
- Can be mounted anywhere and in any position.
- Has built-in fuel screen.

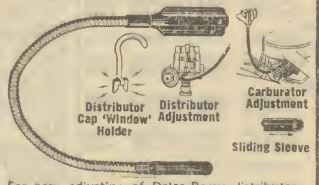
Easily installed as primary pump or booster to assure ample fuel supply when extra fuel is required. Pressure is adjustable to deliver just the right amount of fuel at evenly controlled pressure. Install singly, or in multiples where higher fuel requirements are needed. With mounting bracket. Instructions.
73-1207B— 6 volt.
73-1208P—12 volt.....Each **$26.50**

NON-ADJUSTABLE—Capacity 48 gal. per hour. Has same features as above.
73-0906P— 6 volt.
73-0907Y—12 volt.....Each **$23.95**

CARBURETOR CLEANER INJECTOR

Removes power-robbing gum and varnish deposits from internal carburetor parts in 15 minutes — without dismantling carburetor or disconnecting gas line. A clean carburetor helps improve gas mileage and increase power in minutes, helps eliminate hard starting and stalling. This patented carburetor cleaner injector can do in 10 to 15 minutes what used to take hours and save you the expense of removing and rebuilding or replacing the carburetor. To use, fill injector with any good carburetor cleaner (available at auto supply stores). Then, following instructions in included booklet, within minutes the injector's surging action removes all dirt and contaminents from the carburetor's internal passages, jets, bleeds, and pumps. Works by itself once metering starts. No need to hold over engine. No other tools required. Works on most cars made in the last 25 years.
17-9269T—.....Each **$3.79**

DISTRIBUTOR-CARBURETOR ADJUSTING TOOL SET

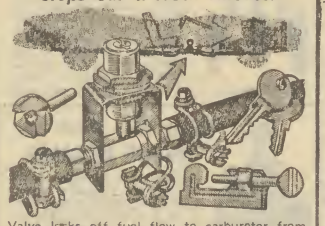


For easy adjusting of Delco-Remy distributors, on American Motors and General Motors cars with Peek-A-Boo windows. Service carburetors on all the late model cars. 18½" long non-kink "memory" cable, hardened steel bits, plastic handle, and magnetized distributor cap "window" holder. ⅛" hex bit for distributor adjustment, standard bit for carburetor adjustment. Sliding sleeve holds screwdriver bit in slot. Market handle for counting turns.
74-5816N—.....1-Set **$9.49**

DISTRIBUTOR AND CARBURETOR ADJUSTING TOOL. Flexible shaft 10-1/2" long with 1/8" hardened hex key end for distributor adjustment. Complete with sock-it recessed screw finder and drive attachment.
75-1616B—.....Each $2.98

IN-LINE GAS LOCK

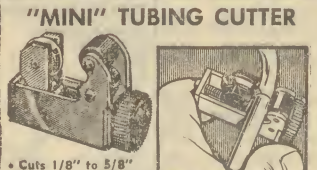
Stops Car & Truck Thieves!



Valve locks off fuel flow to carburetor from inside your vehicle. Can be unlocked only with your key (included). Vehicle travels only a short distance before it runs out of gas—even if hot-wired. Unit mounts in floorboards — can't be detected by thieves. Easy to install. Complete with tubing cutter! For any vehicle with a gasoline engine.
12-2171T—.....Each **$13.25**

SAVE on Many Items

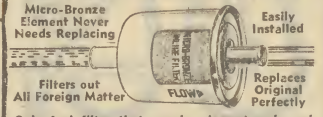
"MINI" TUBING CUTTER



- **Cuts 1/8" to 5/8" diameter steel, copper, brass or plastic tubing.**

Compact cutter fits into tightest areas. Highest quality, all-steel construction. Two rollers, to assure burr-free cut. Overall size, only 1-7/8" long x 1/2" thick.
88-7549U.....Each **$3.59**

In-Line FUEL FILTER With Permanent Filter Element



Only fuel filter that can be cleaned and used again and again. Saves replacement. Filtered element is sintered bronze porous metal. Not affected by gasoline, water, fuel additives, age and vibration. **Fits fuel line of all cars listed below.** With hose and clamp.

46-76 Buick & Special	46-76 Dodge Cars	58-59 Mercury
68-76 Cadillac	57-76 Dodge Trucks	46-57 Nash

AUTO MOLY

Contains the miracle "liquid-metal" known as Molybdenum Disulfide (MoS2) plus amazing acid-barrier magnesium. It's an economical "one shot" treatment — just add AUTO-MOLY to your crankcase oil. This finest of all lubricants literally plates the vital moving parts of your engine, crankshaft, cylinder walls, pistons, etc., with a microscopic coating of millions of molybdenum "roller bearings." Molecular attraction bonds the molybdenum to metal surfaces. This super-lubricant reduces friction heat and wear . . . triples oil efficiency and increases power and gas mileage. Bearings, cylinder walls, pistons, lifters, etc. **STAY** lubricated to prevent damaging "dry starts" caused by oil draining off after your car has been sitting, even for a few minutes.
17-8289B—8 oz. can.....**$1.98**
16-0067A—16 oz. can.....$3.49

Do You Know When to Change Oil?

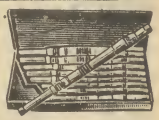
MOTOR OIL TEST KIT

Just because your oil LOOKS dirty doesn't mean it needs to be changed. Oil that looks clean could be damaging your engine; oil that looks dirty may be good for many more miles. Now, with this kit, you can test your oil quickly and safely, using a drop of oil from the dipstick. No harmful ingredients are used, and test results—based on acid, dispersancy, contamination, and viscosity—are easy to determine. Kit contains: 25 test slides, 25 acid indicators, test oil, 1 blotter, and instructions.
17-9200Y—.....1-Kit **$5.95**

SIPHON PUMP

For all liquids. Gas & oil resistant polyethelene. 6-1/2" long.
04-0014X
Each.....**99c**

ADJUSTABLE REAMERS & PILOTS



For fitting kingbolts, piston pins, spring shackle bushings, other reaming jobs. Reamers have 6 heat-treated high carbon steel blades which are angled to produce a smooth shearing action when cutting and tapered to prevent marring newly reamed surface. Retaining collars hold blades firm, protect reamer nuts.

Millimeters	Inches	Stk. No.	Each

PISTON RING SETS
FOR AMERICAN CARS & TRUCKS

BETTER SUPER HI-SPEED

Restore your cars engine to peak compression and full power, stop oil burning, pumping and smoking. Super Hi-Speed Piston Ring Sets feature Graf-Flax treated, beveled top **compression rings** for positive cylinder contact and ring seating. **Intermediate rings** have inside bevel reversed and are taper faced to seal both sides of the ring groove and seat against cylinder wall. **Oil rings** are circumferential spacer-expander design for quick seating and positive oil control. **Super Hi-Speed Sets** contain every ring needed for each make and model of engine. 4 ring sets include the necessary additional rings. Available in std., and .020, .030, .040, .060, oversize. Numbers with ♦ also available in .080 oversize. ■ Available through .030 only. Shpg. wt. 3 lbs. **Important: See how to order. Give all information requested to enable us to fill your order correctly and avoid delay.**

HOW TO ORDER PISTON RINGS

State Make, Year, Model of Engine, Stock No., Standard or Oversize. Order standard size if engine has not been rebuilt, if cylinders have not been rebored, honed or sleeved, regardless of mileage. Standard size fits worn cylinders up to .019 oversize. If cylinders have been rebored, honed or resleeved, determine exact oversize needed—size is usually stamped on head of piston or measure exact diameter of cylinders. State exact oversize needed, such as .020, .030, .040, .060, or .080. If size is not stated on order, standard size will be shipped.

BEST CHROME SUPER HI-SPEED

Stops oil burning, pumping, smoking, blow-by caused by worn rings. Restores full power, faster acceleration, higher top speed and improved gas mileage. **Custom Engineered** for each make and model engine. Check these outstanding features!

- Wearing edges of top compression and oil ring **CHROME PLATED** for extra heavy duty, long life service and superior performance.
- All compression rings **Graf-Flex treated** to prevent rust.
- **Top compression rings beveled on top inside edge** creating tortional effect for positive cylinder contact at lower outside edge. Gives positive ring seating.
- **Intermediate compression rings have inside beveled** reversed and are taper faced to seal at sides of ring groove and aid in oil control.
- **Circumferential spacer-expander style oil ring** with chrome rail. Best for side sealing in the oil groove—quick seating. Positive oil control—the most modern style ring on the market! Sets contain all rings needed for each engine. Sets for 4 ring piston include all necessary additional rings.

Available in the following sizes: std., .020, .030, .040, .060. Numbers with ♦ also available in .080 oversize. ■ Available thru .030 only. ▲ Available in std. only. Shpg. wt. 3 lbs. **Important: See how to order. Give all information requested to enable us to fill your order correctly and avoid delay. . .**

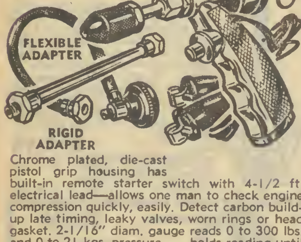
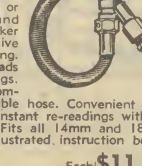
DELUXE PISTOL GRIP COMPRESSION TESTER



Chrome plated, die-cast pistol grip housing has built-in remote starter switch with 4-1/2 ft. electrical lead—allows one man to check engine compression quickly, easily. Detect carbon build-up late timing, leaky valves, worn rings or head gasket. 2-1/16" diam. gauge reads 0 to 300 lbs. and 0 to 21 kgs. pressure . . . holds reading until released. White face with black numerals and pointer. With universal tip, rigid adapter for deep well spark plug holes, and flexible adapter for hard-to-get-at areas. Spare nose cone and valve. Instruction booklet included. Fits all spark plug holes.

17-9197W— . . . . Each **$17.95**

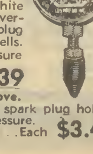
COMPRESSION TESTER



For all American and Imported Cars and Trucks. Easy-to-use tester checks worn or defective valves and rings, push rods, rocker arms. Detects excessive carbon and late timing. Dual color scale reads 0-300 lbs., 0-21 kgs. 2½" diam. tester complete with 12" flexible hose. Convenient side release valve gives instant re-readings without disconnecting hose. Fits all 14mm and 18mm spark plug holes. Illustrated instruction booklet included.

13-1515A— . . . . Each **$11.95**

COMPRESSION TESTER



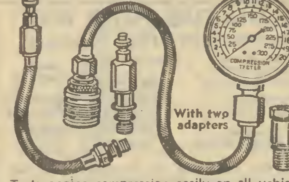
Makes it easy to locate leaky valves, rings or cylinder head gasket. 2-11/16" dial registers 0 to 300-lbs. pressure. Black face, white numbers and red pointer. Universal rubber cone fits all spark plug holes, including deep plug wells. With hold and release pressure valve.

52-0042R— . . . .Each **$5.39**

Economy Model—similar to above. Universal rubber cone fits all spark plug holes. Dial registers 0 to 300 lbs. pressure.

15-3620N— . . . . .Each **$3.49**

COMPRESSION TESTER



Tests engine compression easily on all vehicles 2-1/2" diam. gauge has both U.S. and metric scales to 300 lbs. and 21 kgs. 15" flexible hose gets in deep spark plug holes, eliminates need for removing engine accessories. Quick coupler snaps on adapter for leakproof testing. Release valve below gauge allows re-reading each cylinder without uncoupling quick coupler. Instruction sheet and compression specifications included.

75-1192U . . . . Each **$15.50**

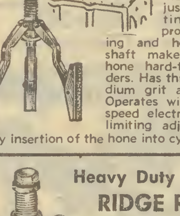
RIDGE REAMER

For All Engines. Especially useful for V8 and short stroke engines. Removes ridge at any depth. Cuts clear across ridge without "feed-up." Range 3" to 4-1/2" (Metric sizes 76MM thru 114MM). **Locks** wholly within cylinder. Has adjustable tool steel cutter, separate stop.

51-0225A— . . . . Each **$21.98**

Cylinder Wall Hones Glazebreakers and Stones

Abrasive Stone Type (Not Just Emery Cloth or Sandpaper)



Preset spring tension forces the stone against cylinder walls with just the right cutting action for proper glaze breaking and honing. Flexible shaft makes it easier to hone hard-to-get-at cylinders. Has three 3" long medium grit abrasive stones. Operates with high or low speed electric drill. Spread limiting adjustment allows easy insertion of the hone into cylinder hole. Fits 2" to 5-1/2" (metric sizes 51mm thru 140mm) diameter cylinders.

74-3656X— . . . . .Each **$11.95**

REPLACEMENT STONE SET FOR ABOVE. Contains 3 medium grit stones.

74-3658T— 1-Set **$5.49**

LARGE CAPACITY GLAZE BREAKER AND HONE.

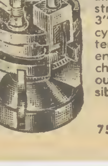
Same as above except has 4" long stones. Has range of from 2" to 7" (metric sizes 51mm thru 178mm) diameter.

74-3657N— . . . . .Each **$15.98**

REPLACEMENT STONE SET FOR ABOVE. Contains 3 medium grit stones.

74-3659A— . . . . .Each **$5.98**

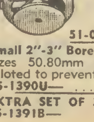
Heavy Duty Quick Cut RIDGE REAMER



Quickly removes ridges from all engines (including short stroke and canted types) with 3" to 5" (76mm thru 127mm) cylinder bore. Accurately centered tool is supported solidly, entirely within cylinder. Won't chatter, overcut or damage out-of-round cylinders. Reversible, high grade carbide blade.

75-0850Y . . Each **$23.98**

Full Range RIDGE REAMER



Quickly, easily removes ridges in cylinders from 2-19/32" to 4-3/16" in diameter (Metric sizes 66mm thru 106mm). Will not fit angle blocks.

51-0420Y— . . . . Each **$11.98**

Small 2"-3" Bore Cylinder Ridge Reamer. Metric sizes 50.80mm thru 76.20mm. Three blades piloted to prevent under-cutting.

75-1390U— . . . . .Each **$11.98**

EXTRA SET OF 3 BLADES

75-1391B— 1-Set **$5.95**

SATISFACTION GUARANTEED or MONEY BACK

Aluminum PIN FITTED PISTONS & Matching Super Hi-Speed PISTON RING SETS

FINEST QUALITY PIN FITTED PISTONS

Ruggedly built, precision machined to close tolerances for perfect fit. Restores pep, power, reduces oil consumption and noise. Tin plated for safer break in, eliminates scoring of cylinder wall or piston. Precision ground, hardened steel piston pins fitted to pistons.

MATCHING PISTON RINGS

Always install new rings when replacing pistons. Stops oil burning, improves compression, insures trouble-free performance, maximum oil control. Rings match grooves of pistons listed on this page perfectly. For rings to fit original type pistons and further details—see page at left. Piston rings are sold in complete sets for each make of car. Available in following sizes: Std., .020, .030, .040, .060. Numbers with ♦ Also available in .080. Oversize. ■ These sets are chrome style ring sets.

HOW TO ORDER PISTONS

1. Standard size pistons are sold singly or in full sets and are shipped from stock, except numbers with "F" suffix. These are shipped from our California or Wisconsin factory. Payment must be made in full to facilitate handling.
2. All oversize pistons are sold in full sets only (i.e. 4, 6, 8) and are shipped from Chicago, Wisconsin or California.
3. If cylinder wear or taper does not exceed .005, order standard size.
4. If cylinnder wear or taper exceeds .005, It is best to rebore and hone to next oversize i.e., .020, .030, .040, .060, .080.
5. If cylinders have been rebored, honed, check size usually stamped on head of pistons. State size.
6. When ordering state: Make, Year, Cubic Inch Displacement of Engine, Size of piston required (Standard, .020, .030, .040, .060, .080) and Stock Number.

IMPORTANT

All prices shown are for single piston, but all oversize pistons are sold in full sets only! See How To Order Information.

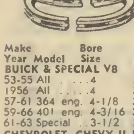
♦2 oil rings In same groove.



HIGH QUALITY — Low As 5.98 SET

PISTON RING SETS for Cars & Trucks

Top quality at low prices. Fit stock or replacement pistons. Precision machined for quick seating, minimum cylinder wear. Stops excessive oil pumping.

HOW TO ORDER: State Make, Year, Model of Car or Truck, Cu. Inch Displacement of Engine, Whether Standard or Oversize Rings are Desired, and Stock No. If engine has not been rebuilt, and cylinders have not been rebored, honed, or sleeved . . . standard size fits cylinders up to .019 oversize. Size is usually stamped on head of piston or measure exact diameter of cylinders. If cylinders have been rebored, honed or sleeved, **state exact oversized needed,** such as .030, .040, or .060 If size is not stated, standard size will be shipped.

Piston Ring Compressors, Expander & Groove Cleaner

NECESSARY TOOLS TO MAKE THOSE TOUGH JOBS EASIER

[A] **Two Band Compressor.** Takes all rings at once including skirt rings on all passenger car pistons. Capacity: 2-1/8" to 5" (54mm thru 127mm). 3-1/2" deep. Heavy duty locking ratchet.
51-0066R— Each **$3.59**

[B] **Single Band Compressor.** Adjustable clutch compensates for wear and increased tension. Fits all pistons 2-1/2" to 5" (63mm to 127mm) in diameter. Flared bottom prevents jamming in chamfered cylinders.
51-0156Y— Each **$2.49**

Small Engine Ring Compressor. Fits 1-1/2" to 3" (38mm thru 76mm) diameter pistons. Adjustable friction brake. 2" deep.
74-7019U— Each **$1.99**

[C] **Take-A-Part Ring Compressor.** For removable cylinder type engines, such as Corvair, Volkswagen, motorcycles, or pistons with narrow ring spacings as used in late model Chevrolets. Fits snugly on piston, comes apart for easy removal from around connecting rod. 2-1/8" to 5" (54mm to 127mm) range.
75-0325A— Each **$5.69**

[D] **Ring Groove Cleaner.** Cleans ring grooves of all pistons up to 5-1/2" diameter (140mm). Hardened cutters range from 3/32" to 1/4" (2.3812mm thru 6.35mm).
51-0214N— Each **$3.49**

[E] **Deluxe Piston Groove Cleaner.** Cleans ring grooves of all pistons 2-1/2" to 5" (63mm to 127mm) diameter. Features positive locking with no back slipping. Adjustable ring groove depth screw prevents blade from dropping into oil holes. Quick-set, self-aligning cutter blade has 5 settings: 5/64", 3/32", 1/8", 5/32" and 3/16".
12-1795P— Each **$10.98**

REPLACEMENT CUTTER WHEEL
12-1796Y— Each **$2.98**

CUTTER WHEEL for Trucks and Corvair. Fits above tool. 1/16", 5/32" and 1/4" blades.
12-1797W—
Each **$3.69**

[F] **Ring Expander.** For fast, easy removal and installation of piston rings. Prevents breakage and distortion. Handles ring from 2-3/4" to 4-1/4" (70mm thru 108mm). No adjusting required.
51-0212R— Each **$4.19**

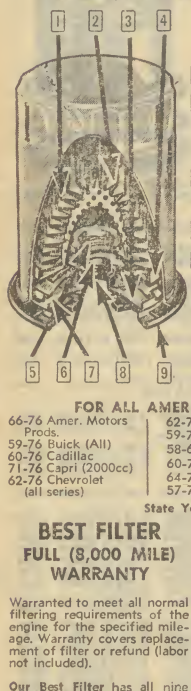
SATISFACTION GUARANTEED or MONEY BACK

Protect Your Engine & Warranty At Every Oil Change!

SPIN-ON OIL FILTER CARTRIDGES

In 3 Qualities for AMERICAN CARS and TRUCKS

Buy Our Best Filter for Maximum Performance — Check These Features:



1. **Dependable Resin Impregnated Paper Filter**—withstands surges and extreme high pressure . . . will not split!
2. **Uniform-Porosity Paper Filter Element** gives maximum filtering efficiency. The cleaner the oil, the less wear to moving parts. The Filter captures microscopic particles as small as 1/1,000,000 inch! Traps harmful sludge, dirt and foreign particles that can penetrate poor seals, broken gaskets and other openings. Prevents premature engine wear, gives better gas mileage and fewer repair bills.
3. **Plasticol End Seals** assure 100% filtration! Both ends of the filtering element are positively sealed to prevent any oil bypassing the filter under high pressure. Every drop of oil gets cleaned . . . no contamination can return to your engine!
4. **Non-Collapsible Perforated Steel Inner Case** gives maximum oil flow, withstands high-pressure surges, holds filter firm and safe.
5. **Safety By-Pass Valve** protects engine against oil stoppage, should filter become clogged.
6. **Anti-Drainback Valve** assures instant oil flow, will not let dirty oil "back up" into crankcase.
7. **Built-In Gasket Can't Leak!** Bottom sealing gasket clinched permanently in place. Can't slip, crack or cause alignment problems.
8. **Spin-on Filter Thread Bottom Plate** withstands up to 350 pounds pressure per square inch . . . gives you a built-in safety margin! All steel shell has rustproof, baked enamel finish.
9. **Each Spin-On-Style Filter is Individually PRESSURE TESTED** under 120 lbs. pressure to eliminate any possible seam leaks!

FOR ALL AMERICAN CARS & TRUCKS WITH A SPIN-ON FILTER

66-76 Amer. Motors Prods.
59-76 Buick (All)
60-76 Cadillac

BEST FILTER — FULL (8,000 MILE) WARRANTY
Warranted to meet all normal filtering requirements of the engine for the specified mileage. Warranty covers replacement of filter or refund (labor not included).
Our Best Filter has all nine maximum performance features above.
55-1914N— . . . Each $2.39

BETTER FILTER — FULL (6,000 MILE) WARRANTY
Warranted to meet all normal filtering requirements of the engine for the specified mileage. Warranty covers replacement of filter or refund (labor not included).
Properly controls oil flow, gives maximum filtration. Performance meets all filter requirements.
55-1916P— . . . Each $1.98

GOOD FILTER — FULL (4,000 MILE) WARRANTY
Warranted to meet all normal filtering requirements of the engine for the specified mileage. Warranty covers replacement of filter or refund (labor not included).
Standard replacement filter cleans engine oil, keeps it clean.
55-1915B— . . . Each $1.29

CARTRIDGES FOR CARS & TRUCKS USING INSERT TYPE FILTER
Completely clean oil in one pass, removing abrasives down to one micron in size or one thirty-ninth million of an inch. For the following:

49-58 Buick
46-58 Cadillac
40-61 Chevrolet
46-58 Chrysler
52-57 DeSoto
46-64 Dodge
54-66 Dodge Truck
39-57 Ford
52-69 Ford Truck
55-65 GMC Truck
48-57 Hudson
61-66 IHC Scout
36-56 Lincoln
39-57 Mercury
50-57 Nash
48-59 Oldsmobile
55-56 Packard
55-62 Plymouth
38-59 Pontiac
54-57 Rambler
39-66 Studebaker
52-64 Willys & Jeep®

State Year, Make, Model, Engine Size, and Stock No.
55-1917Y— . . . Each $1.45

Spin-On OIL FILTER ADAPTER for 55-67 Chevrolet V8 & 64-67 Chevelle V8

Converts factory equipped canister type oil filter element to full-flow spin-on filter. Makes it easier to change filters. No messy, dripping element. Easily installed—no special tools needed. With instructions (less filter—see below).
16-0214R— . . . Each $4.19

Super-Clean Filter with Built in Acid and Sludge Remover.
74-1356W— Each . . . $2.49

Oil Filter Wrench

Removes "spin-on" filters quickly, easily without puncturing or crushing filter. Spring clutch grips full surface of the filter—the harder you pull, the tighter it grips—can't slip. Gets in restricted areas. Uses any 3/4" wrench. Fits all spin-on filters. No adjustment necessary.
74-5789U— . . . Each $4.69

Oil Filter Wrench

FITS ALL SPIN-ON FILTERS

Heavy duty, positive grip. Holds fast for easy removal.
88-7216P— . . . Each $1.19

Oil Filter & Pipe Wrench

Fits all cartridge type oil and gas filters, pipe lines and fittings.
Unique filter wrench unequalled for gripping and turning flexible pipelines and fittings. Of oil-hardened tool steel with heavy duty polypropylene webbing that is non-oil and grease absorbing and is tested to 3,000 P.S.I. Ideal for the professional mechanic.
04-0241W— . . . Each $1.29

10-Size Drain Plug Wrench

for ALL Cars and Trucks

For all countersunk drain and filler plugs. Cross cornered for easy removal of hard-to-get-at drain plugs. 9" long.
50-0058X— . . . Each $4.19

Save LOWEST PRICES

Remote Control OIL CHANGER

AS EASY AS TURNING ON A FAUCET

Drain your oil by simply turning a knob under the hood. Makes changing oil as easy as checking the oil level. Eliminates jacking up car, prevent stripped drain plugs, burned fingers, and soiled clothes. Replaces original drain plug. Good for the life of the car—never needs replacing. For the following cars and trucks: 59-76 Buick & Special, 28-76 Chev. Prod. cars, 62-76 Chrysler Prod., 57-76 Ford Prod., 39-76 GMC Trucks, 39-76 Oldsmobile and F85, 33-76 Pontiac and Tempest and all other cars and trucks using 1/2" drain plugs.
73-2079U— . . . Each $5.95

ELECTRIC PUMP OIL CHANGER

Removes 5 Qts. Oil Without Getting Under Car!

OPERATES FROM YOUR CIGARETTE LIGHTER
- Oil and sludge pumped thru dipstick hole
- Self-priming, rotary vacuum pump
- For Car, Truck, Boat, Tractor, Snowmobile, Lawnmower or Snowmachine

Do-it-Yourself—save money on oil changes without mess and fuss! No need to open engine crankcase drain plug—engine oil and sludge are pumped out through dipstick hole into any handy container. 14,500 RPM pump has durable polypropolene housing. Compact, lightweight for easy one-hand use. Complete with oil depth wire, two flexible suction tubes, vinyl exhaust pipe, vinyl stopper tube, instructions. For any 12-volt system.
13-1736T— . . . Each $17.98

SATISFACTION GUARANTEED or MONEY BACK

Heavy Duty OIL PUMPS

Low As 14.98

Increase oil pressure — improve engine performance.
These new pumps have greater output than original equipment for higher pressure at idle and low speeds. Improve circulation throughout engine, cut engine wear. High volume pumps for Chevrolet, Chrysler, Comet, Dodge, Falcon, Ford, Mustang and Plymouth have wider, longer gears . . . ideal for high speed and racing. Replace original perfectly. Complete (less screen). For cars not listed here—see repair kits below. Average shipping weight 8 lbs. w/PG—with Power Glide; hydr.—hydraulic; mech.—mechanical.

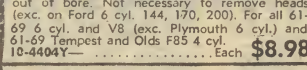
ROCKER ARM CLIPS

for All Chevrolet V8, Pontiac V8 & Ford 221, 260, 289, 302 V8

Make tappet clearance adjustment a clean operation. Eliminates loss of oil and mess. Easily installed.
74-0163X— 1-Set of 16 . . . $2.99

HYDRAULIC LIFTER TOOL

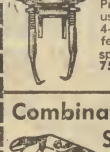


• Saves up to 3 hours on a lifter job!
Special tool goes down through the push rod hole and expands inside the lifter to pull lifter out of bore. Not necessary to remove heads (exc. on Ford 6 cyl. 144, 170, 200). For all 61-69 6 cyl. and V8 (exc. Plymouth 6 cyl.) and 61-69 Tempest and Olds F85 4 cyl.
10-4404Y— . . . Each $8.98

10-Pc. Mounted STONE SET

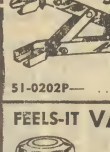
Grind, chamfer, elongate or hone plastic, metal, wood, etc. Use with electric drills, flexible shafts, motor arbors. Mounted on 1/4" chucks.
04-0109N— Each $1.99

VALVE SPRING COMPRESSOR



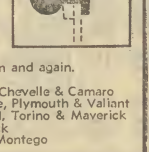
Remove valve spring keepers without removing cylinder head! Provides adequate clearance for use inside valve spring cover. 4-way adjustment to handle different diameter and length valve springs. Case hardened.
75-0946U— . . . Each $7.98

Combination Valve Lifter & Spring Compressor



Just turn handle to compress or lift spring. Holds automatically at any point. Adjustable jaws. 8-1/2" long.
51-0202P— . . . Each $5.98

DRIPLESS STRIPLESS RUBBER OIL PAN DRAIN PLUGS



Stop oil pan drain plug leaks. Eliminate replacement of oil pan when drain hole is defective. Easily installed . . . provide perfect seal. Cannot be over-tightened, left loose or damaged. Resist oil, acid, sludge, water and gasoline. Can be used again and again.
59-76 Buick & Special
28-76 Chevrolet, Chevy II, Chevelle & Camaro
62-76 Chrysler, Dart, Dodge, Plymouth & Valiant
57-76 Ford, Fairlane, T'bird, Torino & Maverick
39-76 Chevrolet, GMC Truck
59-76 Lincoln, Mercury & Montego
39-76 Oldsmobile & F85
33-76 Pontiac & Tempest
All cars, trucks with 1/2" drain plugs.
75-1556P— . . . Each $1.79

FEELS-IT VALVE SET GAUGE

For American & Imported Cars with Overhead Valve Engines

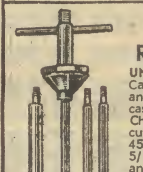
New gauge feels the gap and you see its findings on easy-to-read scale. Adjust worn, pitted rocker arms to operate quietly, efficiently. One tool (plus 1/2" drive socket) does entire job. Has square socket drive for loosening and tightening lock nut, screwdriver blade with knurled handle for adjusting screw, scale (graduated in .001's) and pointer. Works on all rocker arms with lock nuts. Instructions.
51-0385T— . . . Each $5.98

VALVE RESEATING TOOLS

For small gasoline engines. Inexpensive way to reseat intake and exhaust valve seats having range from 5/8" to 1 1/4" diameter. (Include Briggs & Stratton, Clinton, Continental, Cushman, Fairbanks-Morse, Gladden, Kohler, Lauson, Pioneer-Gen-E, Red Seal, Reo, Wisconsin and others.
Set Contains: 2 cutters: 1-1/4" 45° abrasive type with coarse abrasives for hard exhaust seats; 1-3/16" 45° solid cutter for intake cast iron seats; 12 abrasives (6 coarse and 6 fine); 2 studs (1/4" and 9/32"); 5/16" pilot and handle.
75-1387P— . . . 1-Set $19.95

EXTRA ABRASIVES.
75-1389W—Coarse 1-1/4"-45°
75-1388Y—Fine 1-1/4"-45°. 1-Set of 12 $2.98

Valve Reseating Tools



UNIVERSAL SET. For Buick, Cadillac, Olds., all other cars and trucks with regular 45° cast iron valve seats (exc. Chevrolet.) Set contains 2 cutters: sizes 1-1/2" 45°, 2" 45°, handle, 5 pilots: sizes 5/16", 21/64", 11/32", 3/8" and 19/32".
52-0209U— . . . 1-Set $8.49

INSERTED BLADE TYPE. Precision tools for doing a perfect servicing job. Steel blades give quick smooth cut.
SET FOR 35-52 Chevrolet. Contains 3 cutters: sizes 1-1/2" 45°, 1-1/2" 30°, 1-3/4" 30°, handle and 11/32" pilot.
52-0210B— . . . 1-Set $8.98

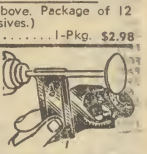
Valve Reseating Tools

Abrasive type for hard or soft valve seats
Set contains 2 cutters with coarse abrasive, mounted size 2-1/8" x 45°, 2-1/8" x 30°; V8 Ford pilot bushing; 2 fine abrasives (one for each cutter) and 7 pilots, sizes 5/16", 5/16" + .003, 11/32", 11/32" + .003, 3/8", 7/16" and 19/32" Handle included.
52-0285U—1-Set $8.98

EXTRA ABRASIVES for above. Package of 12 (6 coarse and 6 fine abrasives.)
52-0286B— . . . 1-Pkg. $2.98

VALVE FACER

for Cars, Trucks & Motorcycles



Save time and money grinding valves with this easy-to-use valve facer. Operates off any size electric drill. Grinds precise factory angle on valve faces in seconds. Safe, fast, precision engineered. Compact in size.
75-2954W— . . . Each $4.98

DRILL OPERATED VALVE GRINDING TOOL

Reciprocating Action

Get the job done quicker with less effort. Simply attach to any 1000 RPM, 3/8" or larger drill. Rubber grinding tip grinds with reciprocating action.
88-7518R— Each . . . $17.98

Reciprocating Valve Grinder

Reciprocating, advancing movement insures even grind. Complete with full set of bits, vacuum cup, grinding spring
51-0218W—Ea. $5.98

Suction Cup Valve Grinder

88-7389N— Each 49c

Valve Grinding Compound

Grease mix silicon carbide—cuts rapidly, evenly, leaving a smooth, uniform surface. 4 oz. duplex can (2 oz. fine grit, 2 oz. coarse grit).
17-9615X— . . . Each $1.89

OVERHEAD VALVE LIFTER and SPRING COMPRESSOR

for Overhead V8 Eng.

Complete with 2 sets of adjustable jaws for servicing all valves. Works in close quarters. Quick easy-to-use, powerful tool. Has rack and pinion movement, ratchet stop, and slide handle. Provides an automatic stop and convenient control of ram travel with separate ram adjustment. Does away with old style wide open frame type lifter. Opening: 7", depth of throat, 5".
51-0065A— . . . Each $11.98

C-TYPE VALVE LIFTER. For all cars and trucks. Easily operated with one hand—ratchet locks automatically in any position. 9" range from front to back. With 2 sets of adjustable jaws.
51-0204W— . . . Each $14.98

ONE STOP SHOPPING

Flame Hardened CAMSHAFTS

New camshaft is flame hardened for extra-long wear, long life, and trouble-free service. Will outwear, give better service than original. Ends costly replacement of "soft" original equipment. Fits perfectly, no changes in valves, springs, or tappets required. Manufactured from Process Ferrous alloy castings with flame hardened cam lobes. PG=Power Glide.

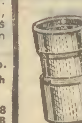
Variable Duration HYDRAULIC LIFTERS



Varies valve timing automatically for smoother idle, stronger low-end power, improved gas mileage.

The variable duration lifter is essentially a hydraulic tappet with chamfers machined into the side surfaces of the inner piston to control the rate of oil flow through the body. This oil control system prevents lifter pump-up at high speeds, increases available engine vacuum at low speeds, increases compression, smooths out the idle of a lumpy street cam, and actually changes cam duration by opening the valve later and closing it sooner. Total result: improved engine performance, better gas mileage. Drop-in installation—merely replace existing hydraulic lifters. Sold in sets.

Adjustable VALVE TAPPETS for 32-53 V8 Ford, Merc., & Ferguson Tractor

- STOP TAPPET NOISES
- Get Accurate Adjustments
- Improve Performance

Eliminates removing and grinding of valve stems to adjust valves. Self-locking tappet screw maintains adjustment. Factory preset to standard height of non-adjustable tappets. Fit 32-53 Ford & Mercury 85 & 100 HP and 4 cyl. Ferguson Tractor engines Set of 16 tappets, 2 wrenches, instructions.

32-0617T— 1-Set **$25.95**

LIGHTWEIGHT TUBULAR STEEL PUSH RODS LIGHTER and STRONGER

- Improve performance • Stop valve float
- Stop push rod flex and valve train fatigue
- Stop excessive camshaft wear

Replace solid type push rods for positive valve action. **State Make, Year, Model, Engine Displacement and Stock Number.**

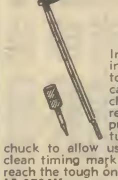
88-6997W— Each **$1.79**

TIMING MARK CLEANER and CHALKER



Insure accurate timing by keeping timing mark clean. Handy tool's sharp tip scrapes off caked grease, rust, dirt. Slip-on chalk pencil tip allows you to reach hard-to-mark crankshaft pulleys. Lasts for hundreds of tune-ups. Formed end fits air chuck to allow use of air or solvent spray to clean timing mark. Extends from 14" to 24" to reach the tough ones.

15-3734U— Each **$7.98**

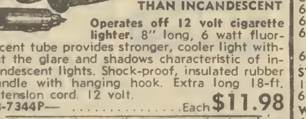
ENGINE STORAGE PROTECTOR KIT

Protects internal and external parts of a gasoline engine (including manifold, carburetor and muffler) during storage for one full year! Use on car engines or on such seasonal engines as snowmobiles, motorcycles, lawnmowers, outboard motors. 7-pc. kit includes 2 engine protectors, gasoline stabilizer, rust preventive lubricant, and spark plug wrench. The plastic case is specially treated to protect stored spark plugs and small tools from corrosion damage.

Engine protectors replace any two spark plugs and emit a safe, powerful vapor that protects internal engine by preventing rust and corrosion and by breaking down gum and varnish deposits. Rust preventative lubricant protects external engine parts. Gasoline stabilizer prevents breakdown and loss of power in stored gasoline. One kit is sufficient for any 1, 2, 4, 6, or 8 cyl. engine. Instructions included.

17-9202U— 1-Kit **$9.95**

12V FLUORESCENT TROUBLE LIGHT



COOLER OPERATING THAN INCANDESCENT

Operates off 12 volt cigarette lighter. 8" long, 6 watt fluorescent tube provides stronger, cooler light without the glare and shadows characteristic of incandescent lights. Shock-proof, insulated rubber handle with hanging hook. Extra long 18-ft. extension cord. 12 volt.

88-7344P— Each **$11.98**

Replacement 6 watt fluorescent tube for above light. 12 volt.

88-7372A— Each $1.98

Improved Disc Type HYDRAULIC VALVE LIFTER

Eliminates valve noise. Replace troublesome original equipment. Disc check valve with larger opening permits freer flow of oil. Valve opens and closes more rapidly permitting better efficiency at high RPM. Eliminates reservoir shut off tappet noises caused by cold engine starting. Shpg. wt. 4 oz.

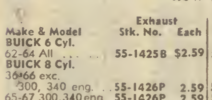
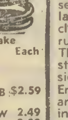
Highest Quality INTAKE and EXHAUST VALVES, VALVE SPRINGS



For Cars & Trucks

For best engine performance, replace burnt, warped valves with top quality new valves. Valves are steel alloy with chrome, nickel and silicon, increase resistance to heat and wear. Precision machine ground to exacting tolerances.



Valve Springs are made of specially processed valve spring steel . . . drawn oil tempered, accurately coiled and tested. Sold in complete matched sets. See Below. **FOR IMPORTED CARS —SEE INDEX.**

HOW TO ORDER: For 1909-1959 applications, state Make, Year, Model of car & Stock No. For 1960-1972 state Make, Year, Model of car, Cubic Inch Displacement of Engine & Stock No.

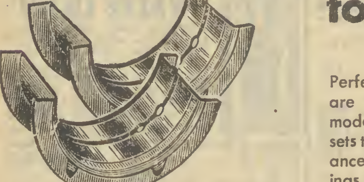
CONNECTING ROD BEARING and MAIN BEARING SETS
for ALL AMERICAN CARS and TRUCKS



FOR IMPORTED CARS—See Index.

Perfectly matched main bearing sets are complete for each make and model of engine. Install complete sets to improve oil pressure, performance and reduce engine noise. Bearings made to SAE specifications.

Connecting Rod Bearings are in matched sets for each make and model of engine. Matched to wear evenly, reduce engine noise and help guard against oil loss. Precision made to SAE specifications.

HOW TO ORDER
If crankshaft has been reground, check size and order .010, .020, or .030.
State Make, Year, Model, Cubic Inch Displacement of Engine, Size and Stock No.

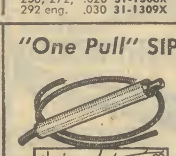
Stop ALL Leaks Instantly with MAGIC STICK

Seals Gas Tank, Transmission and Differential Leaks—Even Water Drums, Radiators and Battery Cases.
Sealing compound compressed in stick form will stop dangerous, costly gas or oil leaks. No need to drain system, no hazardous welding. Just rub stick into leak. Not affected by temperature changes.

4 OZ. SIZE MAGIC STICK
10-3657B..................Stick **$5.49**

1-OZ. SIZE MAGIC STICK
10-5332 P..................Stick **$2.99**

"One Pull" SIPHON PUMP



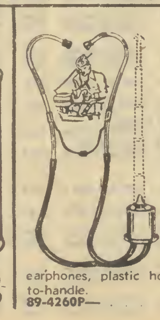
Provides sure, quick siphoning. Simply put long end of tubing into liquid, cover other end of tubing with your thumb, pull tubing from barrel and remove thumb . . . liquid will start flowing freely immediately. No need to "prime" tube to remove air. To stop siphoning, just remove tube. Use to siphon gasoline ,oil, water, alkalies. Not for strong acids or organic solvents. Rubber tubing, aluminum barrel.
13-1931P—...............Each **$3.19**

FRONT and REAR MAIN BEARING SEALER

STOP Main Bearing Leaks WITHOUT Removing Oil Pan

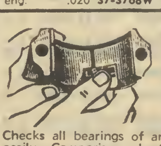
- **Simple to use — just pour into crankcase, run engine—let cool, and leak is stopped!**
- **Builds up worn, leaky seals while engine is running!**
- **No expensive teardown to replace or shim up seals!**

Special formula compound mixes with crankcase engine oil and circulates to leaking seals. Sealer lodges itself at leaking points, then clots to build and form a seal that effectively **STOPS LEAKS!** Will not harm engine or parts. With instructions.
12-2353X— . . . . 1-15-oz. can **$2.79**



Our Finest! STETHOSCOPE with Sound Amplifier

Telescopes 18½" for a truly long reach! Super-sensitive amplifier accurately detects and magnifies sound, plus a telescoping probe that reaches all hard-to-get-at locations. Trace piston slap, noisy valves, water pump squeaks, worn gears, vacuum leaks, etc. With steel earphones, plastic hose and ear plugs. Easy-to-handle.
89-4260P— . . . . Each **$14.98**



PLASTIGAGE MEASURES CLEARANCE OF ROD & MAIN BEARINGS

Checks all bearings of any engine quickly and easily. Comparison chart (included) indicates clearance in thousandths and millimeters. 12" long. With instructions.
37-1451A—.001 to .003 range
37-1452R—.002 to .006 range.....Each **45c**

Straight Barrel Freezometer

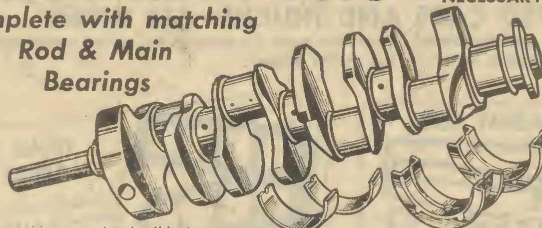
For, testing Prestone, Alcohol or Glycerine.
88-7280U—..................Each **$1.59**

 The Original Warshawsky & Co., 1916 S. State St., Chicago, Ill. 60616

CRANKSHAFT KITS

"SOLD OUTRIGHT
NO TRADE-IN
NECESSARY

Complete with matching Rod & Main Bearings



Crank is precision ground and polished to standard undersize, none under .030 and held to Exacting Specifications. Complete sets of rod & main bearings are matched to fit correct journal size. Kits with FE suffix shipped from North Carolina. All others shipped from Chicago via cheapest way.

REMANUFACTURED BLOCK ASSEMBLIES for AMERICAN CARS & TRUCKS

Rebored and Honed Block: Selected and tested used block won't distort or change dimensions like a new block. All cylinders have been bored to uniform oversize none exceed 060. Honed to factory specifications for quick seating of rings. Here's what's included at this low price:

- New pin-fitted pistons and rings
- New main and connecting rod bearings.
- New camshaft bearings.
- New rear main bearing seal.
- New freeze plugs.
- Precision reground crankshaft (none ground under .030).
- Precision reground camshaft—all lobes Parkerized.
- Completely assembled and tested.

NOTE: External parts such as cylinder heads, oil pump, pan, and manifolds not included.

When ordering, state Make, Year, Model of Engine, Whether Standard or Automatic Transmission is in Use and Stock Number.

Shipped freight collect from Oklahoma.

FULL (90 DAY/4,000 mile) WARRANTY
Warranted for 90 days or 4,000 miles whichever comes first. Warranty applies to replacement of engine only, labor not included. Warranty covers engines used in cars or 1/2 ton trucks.

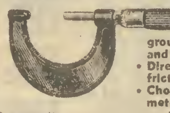
PRECISION MICROMETERS



- **Accurate to .0005"**
- **Precision ground steel surfaces and steel frame**
- **Direct-feel thimble has friction stop**
- **Choice of inches or millimeters**

Top quality micrometers in choice of sizes. Barrel adjusting nut lets you find zero setting instantly, accurately . . adjusts for wear. .001" black graduations contrast sharply against dull chrome finish. Standards not included.

Size	Stk. No.	Each	Size	Stk. No.	Each

Each **$11.49**

Crankshaft (Harmonic Balancer) Pulley PULLER

Designed to remove harmonic balancer or lower crankshaft pulley on any car that has two or three tapped holes in gear. Excellent steering wheel puller — also can be used for either 2 or 3-way pulling jobs or as gear or pulley puller on motors which have tapped holes. Range is from 1-3/8" to 3-9/16". Main pulling screw is 6" over-all, with 8 necessary side screws—three: 3/8-24 x 2", three: 5/16-18 x 2", two 3/8-16 x 4".
74-3222Y— Kit **$10.98**

High Speed—Double Row Timing Chain & Gear Sets

Engineered for Most Accurate, Constant Timing —Faster Getaway and Top Speed Performance. Holds degree wheel accuracy by cutting down lag due to "stretch" for peak performance. **DOUBLE CHAIN.** Provides the most positive drive and timing for peak power and speed from lightning-fast acceleration to full-out power. Eliminates power loss due to chain stretching. **Flame Hardened Cam and Crank Sprockets.** For maximum strength, long wear. Precision engineered, matched for perfect fit, quiet operation. Includes chain, crank and cam gear.

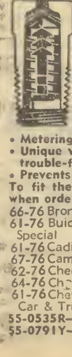
If Your Car or Truck Has Been Driven 5000 Or More Miles, Idles Bad, Wastes Gas — Put In A New NON-CLOGGING

POSITIVE CRANKCASE VENTILATION VALVE



A "must" Replacement for all 1963 or Later Cars and Trucks Driven 5,000 Miles and Up. Also for 61-62 Cars Delivered in California

IF YOUR CAR HAS THESE PROBLEMS: Rough idling, sludge build-up, gas fumes, odor in car, reduced gas mileage, excessive oil consumption, premature oil contamination, blown oil seals . . . YOU HAVE A CLOGGED POSITIVE CRANKCASE VENTILATION VALVE! Avoid troubles . . . with a new non-clogging or hi-quality replacement valve.

NEVER CLOGS UP! CHECK THESE FEATURES:

- **Metering pin floats in spring**
- **Unique vibration action self-cleans valve for trouble-free operation, longer life**
- **Prevents accumulation of carbon, varnish**
- **Assures constant vacuum induced flow of crankcase gases back into manifold for complete fuel combustion. Exceeds Manufacturer's and state specifications.**

To fit the following cars. State Make, Year, Model, Cubic Inch Displacement and Stock Number when ordering. Replaces original valves perfectly.

66-76 Bronco	62-76 Chevy II	1961 DeSoto	61-76 Ford Cars & Trucks	64-76 Mustang	61-76 Tempest
61-76 Buick & Special	61-76 Chrysler	61-76 Dodge Passenger	61-76 GMC Trucks	61-76 Oldsmobile & F85	61-76 T'bird
61-76 Cadillac	61-76 Comet	62-76 Dodge Truck	61-76 Lincoln	71-76 Pinto	61-76 Valiant

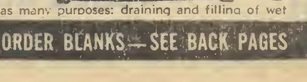
71-75 2300cc	37-4746R	$28.95

♦Cam and crank gear only. Belt not required.

OIL SUCTION GUN
All Purpose Filling & Draining Unit



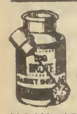
Has many purposes: draining and filling of wet clutches, transmissions, differentials and any place requiring fluid lubricant. Hycar plunger assures positive performance both ways, forcing and suction. Capacity 20-oz. by weight or 1.5 pints by volume. Durable oil and grease resistant 15" flexible hose has positive seal. Knurled barrel, 10" long x 2-1/4" diam has tilted handle for sure grip.
52-0017A— Each **$3.98**

"Make Your Own Gaskets"
Sheet Gasket Materials
CORK—FIBRE—ASBESTOS

CORK GASKET SHEETS. Finest clean granulated cork and special treated binder are used in making this sheet cork resilient, flexible, and strong.
34-0094T—12" x 36" x 1/16" .... Each **$1.10**
34-0095P—12" x 36" x 3/32" .... Each **$1.49**

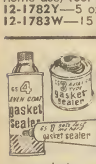
FIBER GASKET SHEETS. Seals effectively under medium bolt pressures. Recommended for oil pans, air cleaners, radiator core gaskets and vibration dampeners.
34-0096Y—12" x 36" x 1/32" .... Each **85c**
34-0097W—12" x 36" x 1/64" .... Each **69c**

ASBESTOS GASKET SHEETS. Used where extreme heat occurs, such as exhaust manifolds, headers, pipes, etc.
34-0098U—12" x 36" x 1/32" .... Each **$1.98**
34-0099B—12" x 36" x 1/16" .... Each **$3.49**



Gasket Shellac
Forms permanent, leakproof joint. For metal, fiber, paper and other gaskets.
16-0068R—2 oz. Bottle Each **39c**
16-0248X—4 oz. Bottle ... Each **59c**

SPRAY ADHESIVE. Non-flammable, water-resistant, fast-drying, non-wrinkling. Ideal for automotive work . . . attaches gaskets, pads, silencers, insulation, etc. neatly and quickly. For home use, too.
12-1782Y—5 oz. Aerosol .... Each **$1.79**
12-1783W—15 oz. Aerosol .... Each **2.98**



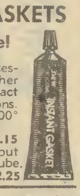
GASKET SEALERS
Hard 'n' Fast Setting Sealer. Perfect for insulating wires, cracked battery cases. Use on pipe plugs, bolt threads, etc. 3-oz. tube.
10-2953W— 1-tube **89c**

Non-Hardening Sealer. Ideal for pan gaskets, manifold parts which are removed and replaced. Flexible, pliable. 3-oz. tube.
10-2954U— 1-tube **99c**

Aviation-Type Sealer. For head gaskets, water pumps, heaters and hoses, etc. Ideal for use whenever contact is made with oil, grease, gasoline, anti-freeze or diesel fuel. Stays tacky and pliable. With applicator. 1/4-pint can.
10-2955A— 1-can **$1.29**

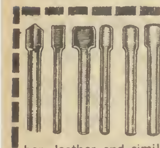
Even-Coat Sealer in Spray Can. Fast, easy way to apply sealer on all types of gaskets, hoses, fittings, etc. 15-oz. aerosol can.
10-2956R— 1-can **$3.49**

INSTANT SILICONE RUBBER GASKETS
Just Squeeze and Use!

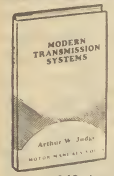


Makes conventional gaskets unnecessary. Highly resistant to oil and other automotive chemicals. Remains intact and resilient under toughest conditions. Withstands temperatures—65° to 500° F. 3-oz. tube.
13-1743R— .... Each **$2.15**
HI-TEMP GASKET. Same as above, but withstands—80° to 600° F. 2-oz tube.
13-1744X— .... Each **$2.25**

QUALITY MERCHANDISE AT LOW PRICES



Gasket Cutting 6-Pc. Tool Set
Make your own gaskets. Sharp cutting tools cut all shapes, angles and sizes in cork, fibre, asbestos and felt gasket materials. Also use on rubber, leather and similar materials. Set includes one square corner-cutter, two straight blades, and three different radius cutters. Hardened, plated, sharpened steel.
74-2759P— 1-Set **$1.79**



TRANSMISSION SYSTEMS
"Must" reading for anyone who wants to know how transmissions work. Covers all transmissions, ranging from simple synchromesh to the variable pitch hydraulic torque converter. Explains in easy to understand terms the parts, theory, and operation of the transmission system. 260 drawings, figures and photos—462 pages of technical information. Not a repair manual.
16-5116A— .... Each **$9.95**

EMERGENCY FAN BELT fits All Cars

- **Store in glove compartment . . . don't risk ruining your engine**
- **Also useful for power tools, washer, dryer, etc.** Heavy duty polyurethane with patented snap connector. Oil, fuel, weather resistant. Complete kit contains 3-1/2 ft. self-tensioning fan belt, cutting blade and connector. Easy to install—no tools required.

13-1556N— .... Each **$3.59**

PILOT BEARING PULLER

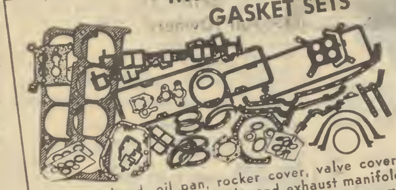
Removes all sizes of sleeve type bearings from 1/2" to 1-1/2" inside diameter, fly-wheel bearings, pump bearings, generator bearings, etc. Finger type adjustment sets puller to tight fit inside bearing, and a few taps of sliding hammer removes bearing. Cadmium plated.
74-3134N— .... Each **$16.98**

TOP QUALITY GASKETS for 1909-1974 CARS and TRUCKS

FOR IMPORTED CARS AND TRUCKS—SEE INDEX

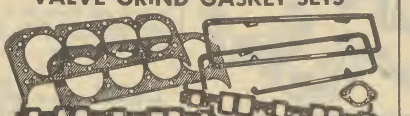
All gaskets are of highest quality gasket material — precision made for exact fit. For perfect repair jobs, best performance, always replace old gaskets with these top quality gaskets.

MOTOR OVERHAUL GASKET SETS



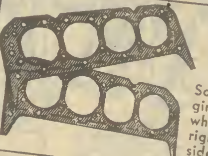
Includes head, oil pan, rocker cover, valve cover, timing cover. Includes intake and exhaust manifold gaskets and main bearing seals where necessary.

VALVE GRIND GASKET SETS



Contain Head Gaskets, Valve and Rocker Gaskets and Manifold Gaskets where required.

HEAD GASKET



Sold each. For V8 engines order 2 (except where indicated (R) right side, (L) left side.

State Make, Year, Model and Stock No.

KEEP YOUR RADIATOR COOL

AVOID OVERHEATING, STALLS, DELAYS, TOW-AWAYS . . . EVEN IN THE HOTTEST WEATHER, IN TRAFFIC JAMS, WHEN TOWING, AND WITH THE EXTRA ENGINE LOAD OF AIR CONDITIONING!

DON'T LET THIS HAPPEN TO YOU!

New POSI-COOL!

Positively eliminates overheating, regardless of the speed of your car, the load on your engine, or the outside temperature. POSI-COOL'S powerful, radiator-mounted TWIN ELECTRIC FANS take over when your car's regular fan lets you down. On hot days in slow, stop-and-go traffic, running your air conditioner, or pulling a trailer, your car's regular fan is running at its lowest speed, when you need it the most.

Now . . . a flick of the dash mounted Posi-Cool switch cuts in two powerful electric fans to cool your radiator fast, and keep it cool. Avoids dangerous engine overheating, stalling, boil-overs. Saves you delays, towing expense, and possible engine damage. Low ampere motors draw only 4 amps on a 12 volt car, when they are running.

It's even possible to completely remove the stock fan from your car, when you use POSI-COOL at low speeds and in hot weather. The Posi-Cool fans use no engine power. Your car's stock fan drains off engine horsepower and robs gas mileage at all times, because it is driven by the engine and runs constantly, even when it's not needed. (At speeds over 30 MPH and in cool weather, a cooling fan is rarely needed).

EASY TO INSTALL

Simply mount the two small, powerful fans on lower left and right sides of radiator front, and wire them to car's electrical system. Complete brackets, hardware, wiring, switch, and easy instructions included.

75-2986Y—
1-Complete Kit **$33.50**

Speedometer Cable & Housing

Ready to install. For all cars.

Complete with fittings, ready to install. Usually cable breaks because housing becomes kinked and corroded on the inside. Complete unit costs a little more than the cable alone, does away with constant replacement. Each cable prelubricated for immediate installation. Fit perfectly—no cutting or fitting necessary.

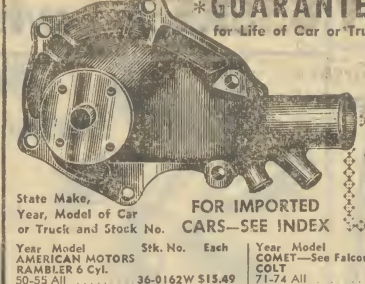
*GUARANTEED NEW WATER PUMPS for CARS & TRUCKS

*for Life of Car or Truck!



NEW—NOT REBUILT. Precision built, pre-lubricated . . . tested for extra-long, trouble-free, better than original service—fit like original.

Full (Ownership Duration) WARRANTY

Water pumps are unconditionally warranted for as long as you own or drive the car or truck in which pump is originally installed. If pump fails in any way—we will replace it without charge. Labor not included.

These are the only water pumps we know of that are unconditionally warranted for the life of your car or truck. A new pump assures maximum circulation through car's cooling system. In summer, helps prevent overheating—assures good heater performance in winter. Include pulley, hub and back plate wherever included on original pump.

AC—with Air Conditioning
w/AC—without Air Conditioning

AUTOMATIC TRANSMISSION DRAIN PLUG

Allows You to Change Transmission Fluid Without Removing Oil Pan

Because most automatic transmissions are not equipped with a drain plug, changing the transmission fluid is messy and time consuming. Turn the chore into a simple task with easy-to-install drain plug. Just remove pan, drill one 1/2" diam. hole and bolt drain plug in place. Complete with instructions.

85-3811N— . . . . . Each **$2.49**

WHEEL & TRANSMISSION SEAL PULLER

Quickly pops seals . . . every time

Eliminate pounding and digging when removing seals—avoid damage to sensitive bearings and axles. Simply insert tip of seal puller behind rubber seal and pop seal out. Puller has 2 sizes of tips to fit most seal applications.

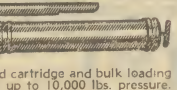
15-3217P— Each **$4.69**

GREASE INJECTOR Extends Bearing Life

Permits greasing of sealed bearings — gets at hard-to-reach spots. Fine stainless steel needle point fits under lip or through punched hole in sealed bearing. Flexible extension is built to withstand 150 pounds pressure. Injector fits all standard grease guns with 1/8" P.T. fittings.

75-2017B—
Each **$4.49**

AUTOMATIC TRANSMISSION QUICK FLUSH VALVE



Lets you change transmission oil as simply as draining a radiator.

Increase the life and performance of your automatic transmission! Simply splice into the transmission oil return line and insert the quick flush valve. Insures a complete change of transmission oil throughout the entire system, including the oil cooler and dust-and-dirt collecting converter. Eliminates the need to drop the oil pan to change oil, prevents dirt being left in the converter.

85-3379T— . . . . . Each **$11.95**

Grease Fitting RAM TOOL

Frees frozen grease fittings quickly and easily. With one hammer blow this ram tool generates up to 1,000 lbs. of "hydraulic" pressure to blow out hardened matter and clear the fitting. Will not damage grease fitting and often reseats damaged fittings. Works on all zerk fittings except 90°.

74-3223W— . . . . . Each **$5.49**

MULTI-LOAD GREASE GUN

Ruggedly constructed cartridge and bulk loading grease gun develops up to 10,000 lbs. pressure. Accommodates any cartridge. Extra large positive-action piston plus vent cap eliminates air lock failures, displaces two-thirds more fibrous grease per stroke. With automatic handle stop to prevent bending of piston.

75-3280N— . . . . . Each **$5.50**

Extra Heavy Duty UNIVERSAL JOINTS

Longer lasting trouble free service. Ideal for use with high performance engines.

6 Ways Better Than Original Equipment. Have more and deeper bearings for added surface . . . give constant contact with the longer, extra ground, extra-strength trunnions. Heavier body center section, additional built-in strength at all stress points.

"U" JOINT REMOVING and REPAIRING TOOLS

Remove and replace "U" Joint bearings easy and fast. Provides a practical, economical method of greasing joints. Eliminates need of hydraulic press.

**Heav

SAVE! Do-It-YOURSELF

STOPS TRANSMISSION TROUBLES

Greatest Lubrication Advance Since the Discovery of Oil

• DO IT YOURSELF • SAVE COSTLY REPAIRS

USE TRANSMISSION OVERHAUL TO:

• Put new life into all automatic transmissions • Prevent transmission problems • Save costly repairs
Contains Molybdenum-PLUS SUPROL which will: • Eliminate slippage • Eliminate gear whine • Smooth rough shifts • Correct sluggish action • Reduce "Creeping" • Reduce wear and Leakage • Prevent hardening of Seals
Stops transmission trouble . . . prevents transmission problems . . . saves you many dollars . . . and you can do it yourself! Simply add Transmission Overhaul to your automatic transmission—a "plating" action takes place, and it "welds" itself to the metal surface of gears, bearings, valves . . . to create a super-tough slippery film. Reduces friction. Will not drain off, squeeze off, or burn off frictional surfaces. **Miracle 30,000-mile Lubricant**—contains molybdenum plus SUPROL which maintains suspension and promotes plating action. Molybdenum is a tough, indestructible, greasy metal—millions of molybdenum "roller bearings" to the square inch—in Transmission Overhaul—reduce friction. **Stops Slippage**—by releasing sticky clutches, freeing stuck accumulator valves and levers, cone clutch pistons, regulator valves and torus check valves. **Corrects . . . Smoothes Action**—eliminates gear whine by reducing friction. Smooths rough shifts. Corrects sluggish action. Speeds and smooths transmission performance in cold weather, and its action is unaffected by extremely high or low temperatures.
Prevents Trouble—Prevents drying and hardening of seals—reduces heat, wear and leakage. On new transmissions, prevents trouble before it starts!

Safe to Use — Transmission Overhaul mixes perfectly with all standard fluid. Will positively not harm fluids or transmission parts. It's non-clogging—non-corrosive . . . non-foaming.
16-0249N—
1-8 oz. can . . Each **$3.95**

REDUCE TRANSMISSION HEAT UP TO 100°

End Automatic Transmission Overheating and Failure with

TRANSMISSION OIL COOLERS LOW AS 20.95

8,000-lb. capacity

87-8772B 87-8771U

- **Increase radiator cooling capacity for a cooler-running engine—longer engine life.**
- **Eliminate costly transmission overhauls.**
- **Run cool in hot weather or with overloads.**
- **Lightweight aluminum design for rapid heat dissipation. • A "must" for towing or hauling.**

Every on-or off-the-road vehicle with an automatic transmission needs an auxiliary oil cooler. Overheated transmission oil causes costly trouble—it's the reason for up to 90% of transmission failures—and causes more than half of the radiator boilovers. Running hot transmission oil through the original equipment cooling in the radiator is usually inadequate, especially in heavy traffic or when heavily loaded, hauling a trailer, or racing. Even normal driving can push transmission oil temperatures to dangerous levels, and when this happens, oil oxidizes, acids and varnish form, seals crack, and leaks occur. Every 20° drop in temperature doubles oil life.
Help Car Radiator. Relieve car radiator of part of heat load, insuring cooler, safer, more efficient operation. Inner cooler core with special turbulator, quickly transfers heat to the outer core and fins, where air quickly completes cooling. This two-step coil-to-air cooling process gives added protection against overheating and guards your expensive transmission.
Cooler can work in series with present system, allowing your radiator to help cool transmission—or Cooler can be added to bypass radiator and cool transmission oil exclusively without adding heat to radiator.
Easily Installed
Mount where best air circulation occurs: in front of radiator, behind radiator, under radiator, under hood, or behind front bumper. Full instructions included. Easily transferred from car to car.
HOW TO ORDER: Determine approximate weight of car or truck, or of car or truck trailer. To obtain approximate normal trailer weight, multiply 250 lbs. per foot times trailer length. Order the 8,000-lb. vehicle and towing weight for normal driving. 12,000-lb. vehicle and towing weight unit is recommended for top efficiency and heavy duty use, for driving in hot climates whether or not you are towing.

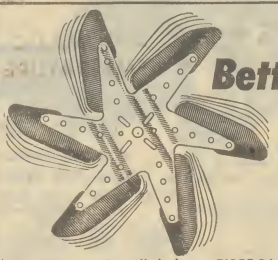
Bolt-On INCREASED Horsepower
Better Cooling . . . Improved Performance!

6-BLADE VARIABLE PITCH

FIBERGLASS FANS

for ALL AMERICAN CARS, PICK-UPS and RECREATIONAL VEHICLES
INSTALL IN MINUTES, WITHOUT SPECIAL TOOLS

For Import Cars See Index



This easy to install bolt-on FIBERGLASS FAN simply replaces original fan and fan clutch to give you . . .

- **Better cooling with less power—robbing "drag" on your engine**
- **Improved gas mileage**
- **Faster acceleration . . . higher top speeds**
- **Smoother engine performance**
- **Quieter running engine . . . less vibration**
- **Longer life for belts, pumps, bearings . . .**
- **Easier starts in all weather**

WHY YOU NEED A FIBERGLASS FAN . . .
Your car was probably equipped at the factory with a heavy, rigid steel fan. At high speeds, it beats the air like a club . . . creating drag, and consuming horsepower . . . actually interfering with good performance! Fan clutches, designed to overcome this problem, add weight, reduce usable horsepower, and put added strain on belts and waterpumps.
The flexible, variable-pitch fiberglass fan solves these problems at low cost. **Here's how:**

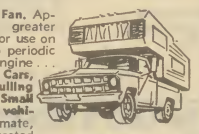
With engine idling . . .
At low engine speed when your car is stopped, or moving slowly, six scientifically designed, deep-throated, fiberglass-plastic blades take big bites of air and pull it through the radiator. This creates air movement through the radiator core to keep your engine cool when you are trapped in slow traffic, stopped with your engine running, or lugging up a steep hill. And this lightweight fan requires little horsepower to start and to operate.
At turnpike speeds . . .
When the fan is rotating rapidly, the patented flexible fiberglass blades respond to the high centrifugal forces, and "feather" like an airplane prop, automatically adjusting to a thinner cross-section. This reduces air resistance, so that the blades are slicing through the air and pulling less air. But . . . at 35 miles per hour or faster, your car doesn't really need a fan at all, because its forward motion forces enough air through the radiator to keep it cool. By flattening out, the fiberglass fan greatly reduces "drag" and the horsepower required to rotate it.

10 WAYS BETTER THAN METAL FANS!

1. **FASTER ACCELERATION . . . HIGHER TOP SPEEDS!** Fiberglass fans require less power to drive. Engine speeds up faster . . . more usable horsepower is transferred to rear wheels.
2. **IMPROVES GAS MILEAGE.** Reduction in weight and drag means less horsepower drain . . . less gas is burned. Users report up to 20 extra miles per tankful.
3. **IMPROVES COOLING EFFICIENCY.** Greater air capacity at low speeds, where your engine needs it. Less contribution to engine heating, and better air distribution.
4. **LONGER BELT LIFE.** Puts far less strain on belts each time you accelerate, so they last longer, rarely need tightening. **Virtually eliminates fan belt squeal!**
5. **LONGER PUMP BEARING LIFE.** Fan clutches place a heavy strain on the waterpump bearings. The fiberglass fan reduces strain, weight, and vibration to prolong pump life. Alternators and generators last longer too.
6. **IMPROVES ACCELERATION.** Since it doesn't have to overcome the inertia of a heavy fan and clutch, the engine delivers power faster to the wheels. Your car is peppier, faster.
7. **INCREASES DECELERATION.** Engine speed slows down faster, because lighter weight of fiberglass fan creates less momentum. Helps save your brakes.
8. **REDUCED VIBRATION AND FAN NOISE!** Vibration is reduced to a minimum by the dilating or feathering of blades at high speeds. Noise is reduced because fiberglass fans lock in the air to be propelled—don't let air wash around the front of fan, creating noise.
9. **SMOOTHER, QUIETER OPERATION!** Resin bonded fiberglass absorbs noise created by air moving around it. Doesn't amplify sound like metal fans.
10. **MAKES STARTING EASIER.** Lighter weight means less load on the starting motor, particularly in cold weather. Less battery drain.

FIBERGLASS FANS BRING AERODYNAMIC SCIENCE AND SPACE AGE MATERIALS TO ENGINE COOLING SYSTEMS. Weigh only 8 oz., compared to 1½ to 3 pounds or more for a steel fan. Stronger, by weight, than steel. Withstand heat, cold, centrifugal forces. Many owners switch them from car to car for years and years.

CHOOSE HEAVY DUTY, EXTRA HEAVY DUTY, OR R/V (RECREATIONAL VEHICLE) DUTY . . .
Heavy Duty Fan. Approximately 10% greater cooling capacity. For cars and light trucks without air conditioning, especially in heavy, stop-and-start traffic.
Extra Heavy Duty Fan. Approximately 25% greater cooling capacity. For use on vehicles subject to periodic heavy loads on engine . . . **Air Conditioned Cars, Pick-ups, Cars pulling small trailers, Small Campers, Off-road vehicles.** For hot climate, high altitude, congested traffic, or combinations of these.



R/V Duty. A rugged, broad bladed fan, with greater stiffness, to move more air when engines are lugging on grades. For **Large Campers, Motor Homes, Light Trucks, Towing Large Trailers, etc.**

Easy to install. Replace original fan blades perfectly. No alterations to fan hub. **Note:** cars with free wheeling fans (thermatic clutch-type) require 2" spacer—(See bottom of listing).

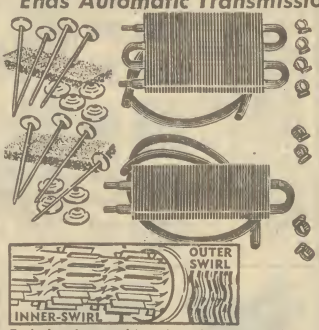
Hi-Capacity TRANSMISSION OIL COOLER

Ends Automatic Transmission Overheating & Damage!



Exclusive inner-swirl action. As hot oil flows through precisely spaced openings, it is swirled clockwise and counter-clockwise, assuring double heat extraction by the double turn exposure of hot oil to the cold air side of the cooler tubes. This efficient oil-to-air cooling process reliably protects the transmission from destructive heat.

Hi-capacity auxiliary oil cooler works in series with your car's stock oil cooling system. Separates engine and transmission cooling . . . allows your car's radiator to do what it was meant to do—cool your engine. Hot transmission oil causes costly trouble. It is responsible for 9 out of 10 transmission failures, and more than half of the radiator boil-overs. Running hot transmission oil through the original equipment cooling system in the radiator usually gives inadequate cooling . . . especially in heavy traffic, or when heavily loaded, hauling a trailer, or racing. **Without an auxiliary transmission oil cooler a vehicle can overheat the transmission, radiator, and engine . . . causing expensive damage.** Even normal driving can push transmission temperatures up to 200 plus degrees . . . and beyond this point oil oxidizes, acids and varnish form, seals crack and leaks occur. **These high capacity, inner-swirl oil coolers assure you of cooler transmission fluid.** And remember . . . every 20° drop in temperature **doubles** oil life!
Easy to install. Mounts in front of radiator for maximum cooling. Can be transferred from car to car. Custom fit for the following automatic transmission cars, station wagons and all trucks with radiator transmission coolers.

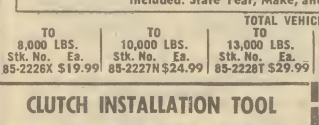
HOW TO ORDER — **Determine total weight of car or truck only or truck and trailer. Order according to total weight of vehicle or total weight of vehicle and trailer below. To obtain approximate normal trailer weight, multiply 250 lbs. by the number of feet of trailer length. Easy to install . . . Installation instructions included. State Year, Make, and Model of Vehicle and Stock No.**

TOTAL VEHICLE WEIGHT

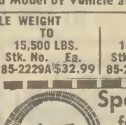
TO 8,000 LBS. Stk. No.	Ea.	TO 10,000 LBS. Stk. No.	Ea.	TO 13,000 LBS. Stk. No.	Ea.	TO 15,500 LBS. Stk. No.	Ea.	TO 18,000 LBS. Stk. No.	Ea.	TO 21,000 LBS. Stk. No.	Ea.
85-2226X	$19.99	85-2227N	$24.99	85-2228T	$29.99	85-2229A	$32.99	85-2230R	$36.99	85-2355U	$43.99

CLUTCH INSTALLATION TOOL



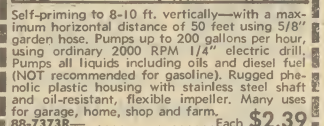
Fits all cars and light trucks. Permits quick and easy clutch alignment during installation.
51-0285N— . . . . . Each $8.49

Speedometer Cable for All 34-75 CARS



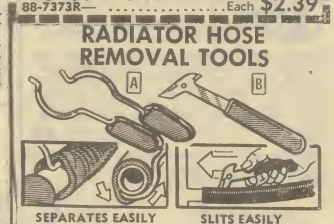
Universal speedometer cable 80" long—can be cut to any desired length. With one squared end and one loose square tip.
Crimping tool included.
88-7375U— . . . . . Each **$1.39**

ELECTRIC DRILL OPERATED SELF-PRIMING PUMP



Self-priming to 8-10 ft. vertically—with a maximum horizontal distance of 50 feet using 5/8" garden hose. Pumps up to 200 gallons per hour, using ordinary 2000 RPM 1/4" electric drill. Pumps all liquids including oils and diesel fuel (NOT recommended for gasoline). Rugged phenolic plastic housing with stainless steel shaft and oil-resistant, flexible impeller. Many uses for garage, home, shop and farm.
88-7373R— . . . . . Each **$2.39**

RADIATOR HOSE REMOVAL TOOLS



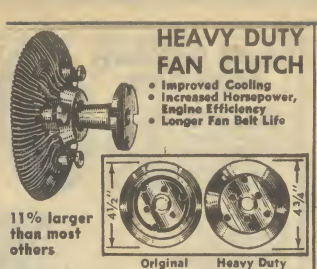
A **Hose Removal Set.** Make repairs or replacement easily, without damaging water pump or radiator. Prong slips between hose and pipe, slides around to separate. Right and left hand tools allow 360° separation, even in confined areas. Comfortable vinyl grips.
15-3731P— . . . . . I-Set **$5.49**

B **Hose Slitter.** Speeds hose replacement—just slit hose and peel off. Double angled cutting edges slit by pushing or pulling action—require little pressure. Comfortable vinyl grip.
15-3732Y—
Each **$2.69**

Radiator—Cooling System Flush Kit

Now power-flush radiator & cooling system easily.
Adapt radiator cap or drain plug opening to fit standard garden hose. Then use full water pressure to force clean water thru-out engine, radiator & hoses.
75-2293R— . . . . . I-Kit **$4.19**

HEAVY DUTY FAN CLUTCH



- Improved Cooling
- Increased Horsepower, Engine Efficiency
- Longer Fan Belt Life

11% larger than most others

Replaces original perfectly. Can also be used on vehicles not originally equipped w/fan clutch by using fan blade listed below. Silicone fluid clutch releases extra horsepower by free-wheeling the fan at approx. 35 MPH, when it is no longer needed for radiator cooling. Engine drag caused by large fans is reduced, fan belt wear and loss of tension is minimized, unnecessary fan noise and high speed overcooling eliminated. Deep turbine fins give more pulling power. Heavy duty construction with 1/4" larger inner plate. Gives better performance, cooling, and longer life than original units. Special slotted hole pattern eliminates alignment problems, makes installation quick and easy. **When ordering, State Make, Year, Model, Cubic Inch Displacement of Engine, and Stock Number.**

57-75 Buick, Spec. & Skylark
60-75 Cadillac
58-75 Chev., Camaro, Chevy II, Chevelle
65-75 Chev. Pick-up and Super Van
60-75 Chrysler & Imp.

61-75 Olds, Cutlass, F-85, & Toronado
60-75 Plymouth
59-75 Pontiac
60-75 Rambler
63-75 Temp. & F'bird
61-75 T'bird
64-75 Valiant, Duster & B'cuda

55-1358N— ..... Each **$15.49**

FAN BLADE for use with fan clutches listed above. Enables use of above fan clutch even if vehicle not previously equipped.
55-1859B— ..... Each $7.98

HOSE CLAMP PLIERS

- For all spring-type hose clamps

A **Deluxe Hose Clamp Pliers.** Pliers grip at any angle. Makes it easy to remove or install all spring-type hose clamps. Lever lock holds clamp open—slides easily into place. Handy for all ring type clamps. Chrome plated steel with sure-grip insulated handles. Built to last!
74-2140T— Each $3.98

B **Economy Hose Clamp Pliers.** Takes all sizes hose clamps. Triple chrome plated.
82-0621U— Each $2.59

Heavy Duty Gold Band FAN BELTS

Our Best Fan Belt!

FOR ALL CARS, Including Imports
Only **2.49** Each

Assures perfect non-slip operation of water pump, generator, alternator, air conditioner and power steering pump. Perfectly balanced for silent performance.

Built To Last Longer Than Original Equipment

DOUBLE SERVICE COVER—Tough high friction cover is highly resistant to heat, oil, water, abrasion. Compression section is of special non-heat generating compound for cooler running, longer life. Each cord individually impregnated with high-heat resistant liquid rubber. Each cable fully insulated under high compression in a layer of highly elastic, heat-resistant tie gum. Replace original equipment perfectly.

16-0138P— ..... Each **$2.19**

BIG BRUT FAN BELTS
Top quality, economically priced Big Brute fan, generator or alternator belts will give long service. Durable rubber and cord construction. For following cars: 37-76 Chevrolet, 28-32 Ford, 39-76 Ford and 33-76 Plymouth.
SEE HOW TO ORDER BELOW.
55-0261B— ..... Each **$1.55**

HOW TO ORDER FAN BELTS:

1. **State Make, Year, Model, No. of Cylinders, Cubic Inch Displacement of Engine and Stock No.**
2. **State if car is equipped with power steering, factory equipped air conditioner, or both.**
3. **State where belt is to be used:**
   A—Fan and Generator or Alternator.
   B—Power Steering.
   C—Air Conditioner.

Do-It-Yourself & SAVE

Keep Your Car Running *COOLER* With An OVERFLOW RECOVERY KIT that COMPLETELY Seals Your Cooling System Keeps Coolant Level Constant—Keeps Out Air!

Simple Installation—No Special tools required . . . takes about ½ hour.

Helps keep car cooler when towing trailers, etc. Improves efficiency of air conditioning.

Similar to coolant recovery systems used on latest Cadillac, Buick, Renault, Simca, Volvo and others.

- **By keeping out air, engine runs cooler**
- **Prevents costly engine damage from overheating**
- **Stops rust by keeping air out of system**
- **Increases life of radiator and water hose**
- **No need to remove radiator cap to check coolant level—merely check water level in 2-Qt. reservoir**

This 2-Qt. **Deluxe** Overflow Recovery Kit completely seals your cooling system — eliminates the air that causes heat build-up and vapor-lock . . . prevents oxidation of water hose, prevents rust . . . prevents loss of permanent anti-freeze. This system is not only used on prestige American, and many European cars—but also employed by American industry to keep fleets of trucks running cooler.

HOW SYSTEM WORKS: Coolant Recovery Kit seals cooling system with no increase in pressure. As temperatures rise, and coolant expands, it overflows into 2-qt. plastic reservoir—no loss of liquid. As temperatures fall, a vacuum is created causing liquid to be drawn back into radiator—with no addition of air!

WHAT YOU GET: A 2-qt. overflow recovery reservoir, plastic overflow tubing, special self-sealing pressure cap—cap has special spring that gives an extra tight seal.

SIMPLE INSTALLATION: Can be installed on all cars, campers and trucks with water-cooled engines, with or without air conditioning. Complete instructions included.

CUSTOM FIT: Made specifically for your vehicle. For all cars and trucks from 1952 to date.

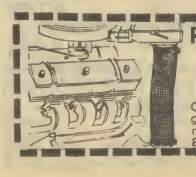
State Year, Make and Model of Car or Truck.
55-1440A— 1-Kit **$7.98**

ECONOMY OVERFLOW RECOVERY KIT

Not just an overflow kit—also permits coolant to flow back into radiator when cool. Eliminates air in your cooling system—seals it against air intake. Check coolant level by looking at level of liquid in reservoir—you don't have to take cap off radiator. Instructions included.

UNIVERSAL TYPE: Fits all cars.
75-2901X— 1-Kit **$3.29**

INCLUDES: 2-qt. overflow recovery reservoir, plastic overflow tubing, rubber gasket to fit your present radiator cap for an extra-tight seal.



Replacement EMISSION CONTROL HOSE FITS ALL 69-76 AMERICAN CARS and TRUCKS

Also, Replaces Volkswagen Heater Duct Hose

Connects the exhaust manifold to the air cleaner to recycle unburned gases. Flexible, retains shape after forming. Resistant to cold, heat, moisture and oil. Includes 18" hose and 2 clamps.
84-0492Y— ..... Each **$2.49**

AIR CONDITIONING ACCESSORIES

For Items Not Shown Here — See Index

AUTOMATIC TEMPERATURE CONTROL Service Manual

The **only** manual written solely on **ATC** systems. Covers theory, description of system components, diagnosis, trouble-shooting, testing and step-by step servicing on each make and model car by year. 476 pages, 309 photos and line drawings showing each part, its location, removal and installation. Also includes specifications, wiring and circuit diagrams, and bench testing. Covers heating and defrosting systems, too. Simple, non-technical language.
16-5351U— ..... Each **$14.95**

COMPRESSORS FOR AMERICAN & FOREIGN CAR AND JEEP® AIR CONDITIONERS

LOW AS **41.95**
SOLD OUTRIGHT NO EXCHANGE NECESSARY

1 **Compressors to replace factory installed original equipment.** Factory remanufactured to original equipment standards using finest quality new parts to insure efficient operation and long life. Compressors for some models come with pulley and clutch (as stated in listing.) For those compressors which do not include pulley and clutch, see below. **When ordering, State Make, Year, Model of Car, and Stock Number.**

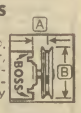
Volkswagen: All 65-76	17-9456W	41.95

2 **Compressor to replace hang-on units.** Replaces units which are NOT factory installed. Fits all 1958 thru 1976 American and foreign cars. When ordering, **State Make, Year, Model of Car, and Stock Number.** For pulley and clutch, see below.
17-9456W— ..... Each $41.95

REBUILT MAGNETIC CLUTCHES FOR ABOVE COMPRESSORS



For American Cars, including Jeep® State Make, Year, Model of Car, Number of Cylinders, Cubic Inch Displacement, Number of Pulley Grooves, and Outside Diameter of Pulley (see diagram, B).
Note: For 1959-67 Ford Motor Co. cars, measure distance from compressor boss face to the belt groove center (1-1/16", 1-7/8", or 2-7/16") BEFORE removing clutch from compressor. See diagram, A. Also state outside diameter of pulley (see diagram, B).
55-2120Y— ..... Each $26.50

For Foreign Cars. Universal type, with two pulley grooves. Replaces one or two groove pulley.

Type	Stk. No.	Each
For polyflex belts with 5-3/4" diam. 2-groove pulley	17-9472T	$26.50
For 5/8" belts with 6" outside diam., 2-groove pulley	17-9465X	26.50
For 5/8" belts with 7" outside diam., 2-groove pulley	17-9466N	26.50

HEAVY DUTY Permanent Magnet MOTORS for Heaters, Defrosters & Air Conditioners on 64-76 GM CARS and TRUCKS

Heavy duty motor replaces original perfectly on all GM cars and trucks except 71-76 Chevrolet Vega, 75-76 Buick Skyhawk, 75-76 Chevrolet Monza, 75-76 Oldsmobile Starfire and 1975 Pontiac Astre. **Better than original** . . . delivers more power and speed for greater efficiency and longer service. Bronze sealed bearings never need lubrication. Lower amp drain than copper wound motors.
15-4146P— ..... Each **$15.49**
As above except fits 71-76 Chevrolet Vega, 75-76 Buick Skyhawk, 71-76 Chevrolet Monza, 75-76 Oldsmobile Starfire, 75-76 Pontiac Astre and Sunbird.
15-4147Y— ..... Each **$17.98**

AUTOMOTIVE AIR-CONDITIONING SERVICE MANUAL

192-page information-packed manual. More than 100 photos. Step-by-step procedures for all factory-installed and other systems. Special sections for diagnosis, trouble-shooting and safety precautions. Problems such as discharging and charging, compressor and clutch assembly, reassembly and testing specifications are covered. In non-technical language.
16-5113Y— ..... Each **$5.49**

Convenient Shopping from this Catalog

AIR CONDITIONING THERMAL LIMITER FUSE FOR GENERAL MOTORS PRODUCTS

Safeguard your air conditioning system! If failure should occur on any part of your GM car's air conditioning system, the heat-sensitive thermal limiter fuse will blow, thus eliminating the possibility of further damage to the air conditioning system. For all 1971 thru 1974 GM cars with air conditioning. Replaces original #6556440, Delco 15-279, Motocraft #YH187.
12-2301W— .... Each **$1.25**

STOP AIR CONDITIONER DRAG ON ENGINE WHEN PASSING or ACCELERATING

COMPRESSOR CUT-OUT

IF YOUR CAR HAS AIR CONDITIONING . . . READ THIS: Now you can have your engine deliver full power needed for passing, pulling out of a jam entering expressways, etc. **This automatic micro switch cuts air compressor off when accelerating. It's like adding 40 H.P. without added fuel consumption.**
Cut-out monitors engine vacuum. When manifold vacuum reaches 4 inches of mercury as engine is accelerated, switch cuts off the compressor. Shaves at least one second off 0 to 60 MPH acceleration time. Also keeps compressor from switching on when engine is started and when engine is idling. Complete with instructions. Easy to install.
75-2758A— ..... Each **$10.95**

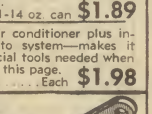
SERVICE ACCESSORIES for AUTO AIR Conditioner

Flexible Charging Hose. 1/2" O.D., 36" long. 500 PSI working pressure. Reinforced with rayon braid. Yellow neoprene cover, pinpricked to prevent gas build-up. Knurled nuts on end connectors for easy gripping. Turning 45° elbow end with metal valve core depressor fitting.
75-2379W— ..... Each **$3.69**

Freon Gas. Pure, dry freon.
17-8955Y— ..... 1-14 oz. can **$1.89**

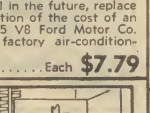
Leak Detector. Charges air conditioner plus injects orange-red color into system—makes it easy to spot leaks. No special tools needed when used with charging kits on this page.
17-9612U—14 oz. can ..... Each **$1.98**

Air-conditioning IDLER PULLEY for all 68-74 V8 Ford Motor Co. Products



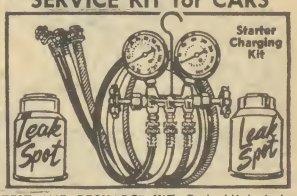
If your present air-conditioning pulley is squealing or if the belt shows premature wear, remedy that problem with this new-design idler pulley. Keeps proper tension on air-conditioning belt, eliminates squealing, increases belt life. Also aids in proper air compressor operation for maximum output and increased life of compressor clutch. Feature replaceable bearing—If bearing should fail in the future, replace just the bearing at a fraction of the cost of an entire unit! Fits all 68-75 V8 Ford Motor Co. products equipped with factory air-conditioning.
37-6641B— ..... Each **$7.79**

RADIATOR PETCOCK SOCKET



Allows you to open tight petcocks easily without bending or breaking petcock "ears." Ideal for use in confined areas. 3/4" hex allows use of open end, box end, or socket wrench. "O" ring holds socket securely in wrench.
17-9198U— ..... Each **$2.49**

AIR CONDITIONING SERVICE KIT for CARS



TEST AND RECHARGE KIT. Basic kit includes all tools necessary to test and recharge any auto air conditioning system. Ideal for starting your own business or for servicing your own and your friends auto air conditioners. Kit consists of: manifold and gauge set, three 36" long color coded charging hoses, dispensing valve, two cans of combination leak detector and freon gas for recharging cylinder, and easy-to-follow 112 page service manual.
17-9608B— 1-Kit **$41.95**

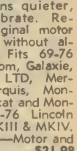
AUTO AIR CONDITIONING SERVICE KIT

Recharge your auto air conditioning system in minutes with this complete kit. Save $$$. Everything you need for do-it-yourself servicing of factory installed or add-on air conditioning unit. Includes 14 oz. can of refrigerant, metal safety tap valve, charging hose, and a bottle of leak detector that you can use to detect old or new leaks. With easy-to-follow instructions.
10-3215R 1-Kit **$8.49**

STANDARD KIT. Similar to above but without leak detector.
10-4468T 1-Kit **$7.49**

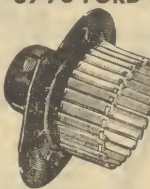
ECONOMY SERVICE KIT. 14 oz. can of refrigerant, plastic safety tap valve, charging hose and leak detector. With instructions.
12-1290B 1-Kit **$5.99**

Oil Your Air Conditioner When You Add Refrigerant



OIL CHARGE for automotive air conditioner compressor adds oil without removing the compressor. When refrigerant leaks from your air conditioning system, oil is lost also. Avoid compressor damage and save costly repairs — replace oil when you recharge refrigerant. **OIL CHARGE** contains 2 oz. of 525 viscosity oil and 2 oz. refrigerant. Use with regular charging equipment.
17-8954A— Each **99¢**

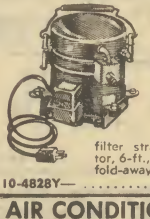
HEATER/AIR CONDITIONER MOTOR & BLOWER for 69-76 FORD Product Cars



Better than original . . . plastic blower wheel runs quieter, won't vibrate. Replaces original motor perfectly without alterations. Fits 69-76 Ford Custom, Galaxie, Granada, LTD, Mercury Marquis, Monarch, Bobcat and Monterey, 69-76 Lincoln except MKIII & MKIV.

15-4140T—Motor and Blower $21.98
15-4141A—Motor only 17.98
15-4142R—Blower only 4.79
As above except fits 72-76 Ford Torino, 69-76 Thunderbird and Lincoln Mark IV, 74-76 Mercury Cougar, 72-76 Mercury Montego and 68-76 Bronco.
15-4143X—Motor and Blower $26.98
15-4144N—Motor only 22.98
15-4145B—Blower only 4.79
Fits 70-76 Maverick and Comet.
15-4359R—Motor only 29.95
Fits 69-76 Ford Vans, Econoline
15-4360X—Motor only 29.95

Electric VACUUM PUMP for CAR AIR CONDITIONERS



A vacuum pump must be used to remove moisture from a system before adding refrigerant. This rugged lightweight (28 lb.) pump will pull 29.9" of vacuum in 5 min. Silent and powerful 1/4 H.P. motor assures fast pull down. Features a replaceable filter strainer, overload protector, 6-ft., 3 prong power cord and fold-away handle.
10-4828Y— ..... Each **$154.95**

AIR CONDITIONING LEAK DETECTORS

First leak detector designed for automotive use. The new mini size is 6½" long and weighs only 5 oz. Replaceable butane fuel cartridge(see below) lasts nearly an hour. Sensitivity and performance superior to propane type.
15-2579U— ..... Each **$14.95**

BUTANE CARTRIDGES FOR ABOVE. Box of 10
15-2580B— 1-Box $8.49

PADDED UTILITY FENDER COVER

Heavy duty, quilted vinyl cover protects painted surfaces and is soft and comfortable to lean on. Foam backed for non-slip protection. Easy to clean. 25" x 40". Black.
82-0607T— Each $6.99

3-PLY FENDER COVER. Tough, 3-ply supported vinyl leatherette with non-skid foam rubber backing. Prevents fender scratches or dents when working under hood. 1/2" neoprene ridge forms recess to hold tools, small parts. Easy to clean.

Red	74-3685W	6.49	75-2583T	5.99

ECONOMY FENDER COVER. Like above, except 2-ply with vinyl foam backing. 26" x 40".
74-6700P—Red
74-6701Y—Black ..... Each $4.79

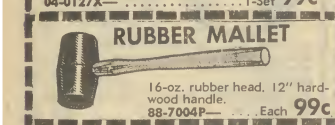
BOLT, NUT and WASHER ASSORTMENT

Holds assorted sizes of bolts, nuts, machine screws and washers. Plated for rust-resistance.
04-0127X— 1-Set 99c

RUBBER MALLET

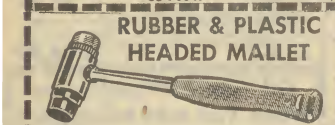
16-oz. rubber head. 12" hardwood handle.
88-7004P— ..... Each 99c

RUBBER & PLASTIC HEADED MALLET



Chrome plated cast iron body with resilient, unbreakable plastic and rubber heads. Non-slip rubber grip.
04-0225R— ..... Each $1.99

FLOATING LANTERN

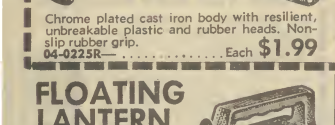


Reliable light source in all weather . . . ideal for on-the-road emergencies, great for camping, boating. Lightweight, rugged housing with sealed lens, reflector and switch. 6 volt battery included.

WATER TIGHT HOUSING

88-7388X— ..... Each $4.98

Heavy Duty TIRE Regrooving TOOLS



Straight or Pistol Grip

Specially designed regroovers electrically heat rubber ahead of cutting blade for exceptionally easy use. Air-cooled for fast, smooth, accurate grooving. Blades adjust for depth. **NOTE:** Regrooving tools come with medium blades.

Heavy Duty Straight Handle Tire Regroover. Three models in varying wattages, all with cooler fins and higher heat output for faster, easier regrooving. With medium size passenger tire head, 6 blades.
74-3018P —100 watt ..... Each $23.98
74-3019Y —150 watt ..... Each 29.98
74-3020W—250 watt ..... Each 31.98

Heavy Duty Pistol Grip Type Tire Regroover. Like heavy duty models above, but has easier operating pistol grip. With medium size passenger tire head. 6 blades.
74-3021U —100 watt ..... Each $26.98
74-3022B —150 watt ..... Each 32.98
74-3023P —250 watt ..... Each 34.95

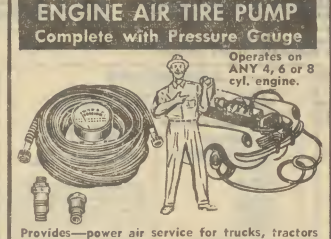
50-0041T—16" length ..... Each 2.49
50-0042A—20" length ..... Each 2.69

3-WAY WRENCH. 7/8", 13/16", and 3/4" openings plus hub cap remover. 14" length.
75-2947P— ..... Each $2.29

4-WAY METRIC LUG WRENCH. Fits lug nuts sizes 17, 19, 21 and 22mm. Tough carbon steel with enamel finish.
88-6926N— ..... Each $4.98

ENGINE AIR TIRE PUMP
Complete with Pressure Gauge



Operates on ANY 4, 6 or 8 cyl. engine.

Provides—power air service for trucks, tractors and autos anywhere . . . anytime . . . on the road, in the field, in garage or parking lot. Develops high pressure to inflate tires quickly. Eliminates tire pumps. Simply remove spark plug from engine, insert adapter and pump into spark plug hole and you're ready to pump air.
Consists of 16 foot heavy duty corrugated rubber tubing, 100 lb. built-in pressure gauge, fittings attached to hose and pumping unit with 14MM, 18MM size adapters to fit all cars and truck engines.
75-3284X— ..... Each $7.19

LIKE ABOVE BUT LESS GAUGE with 12 ft. hose.
75-3283R— ..... Each $4.79

AIR HOSES & ACCESSORIES

A AIR HOSE. 1/4" 2-braid thick rubber tube and heavy duty cover. Will carry 200-lb. working pressure. Male coupling on each end.
74-6770T—25 ft. length $9.49
74-6771A—50 ft. length 17.98

DRIVEWAY SIGNAL HOSE. Soft, live rubber specially compounded to withstand extreme heat or cold. 1/8" wall thickness.
52-0088B—50-ft. length $9.49
15-1034A—100-ft. length 17.98

B AIR HOSE REPAIR KIT. For 1/4" I.D. hose. Includes female air chuck, male hose end, hose mender and 3 hose clamps.
61-0112R— 1-Kit $2.19

C QUICK-CHANGE AIR HOSE COUPLER. Lets you quickly, easily disconnect hose from line or equipment. Makes one air hose available for many uses. Includes plug and coupler.
61-0113X— ..... Each $2.59

Replacement Male Plug Only.
74-0296N— ..... Each 89c

D AIR BLOW GUNS. 1/4" female coupling. Fit all air hoses.
52-0278R—Button type ..... Each $2.98
52-0279X—Lever type ..... Each $4.19

O-RING TUBELESS TIRE BEAD SEATER

Traps air in tire —disengages itself

For mounting ALL tubeless tires (especially for mounting belted tires). These "O" rings can be used on all 13", 14", or 15" tubeless tires. Conventional bead expanders that clamp around tire can damage belting, whereas "O" ring allows you to seat rims properly and safely. Just lubricate ring and tire bead (with rubber lubricant listed below) slip between bead and rim—making a complete seal to hold air inside of unmounted tire. Then inflate tire as usual. "O" ring pops out as proper seal is made. Made of neoprene rubber for long-lasting use.

FOR 13" AND 14" TIRES
75-2529W— ..... Each $15.98
FOR 14" AND 15" TIRES
75-2530U— ..... Each $15.98

RUBBER LUBRICANT. For mounting tube-type or tubeless tires. Cleans, renews, and lubricates tires, parts and fittings.
75-2579A— 1-gallon $4.49

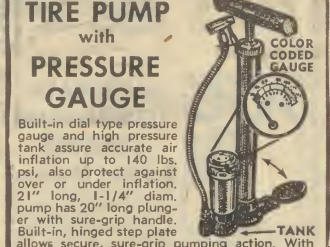
TIRE BEAD BREAKER

Removes tires easily, quickly and safely with wheel on or off car, without removing hub caps. For all drop center rims including Chrysler safety rims. Also safety type rims and tires with puncture-seal tubes. Slips tire off without damage — no matter how tightly "frozen." No pounding or stamping necessary. Adjustable cross bar fits all rims 12" thru 17".
15-3809U— Each $47.95

DE LUXE BEAD BREAKER

Simple, easy fast method for demounting all size passenger and light truck tires even if frozen or rusted to the rim—will easily remove it in seconds, without injury to tire, tube or rim. Specially FORGED alloy bead breaker foot and handle.
89-9851A— Each $34.98

TIRE PUMP with PRESSURE GAUGE



COLOR CODED GAUGE

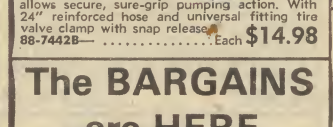
Built-in dial type pressure gauge and high pressure tank assure accurate air inflation up to 140 lbs. psi, also protect against over or under inflation. 21" long, 1-1/4" diam. pump has 20" long plunger with sure-grip handle. Built-in, hinged step plate allows secure, sure-grip pumping action. With 24" reinforced hose and universal fitting tire valve clamp with snap release.

TANK

88-7442B— ..... Each $14.98

The BARGAINS are HERE

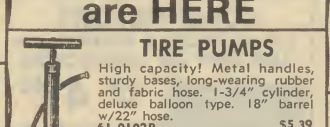
TIRE PUMPS



High capacity! Metal handles, sturdy bases, long-wearing rubber and fabric hose. 1-3/4" cylinder, deluxe balloon type. 18" barrel w/22" hose.
61-0102P— $5.39
1-1/2" cylinder. 17" barrel w/17" hose.
61-0101B— $3.85
1-1/4" cylinder. 15" barrel w/17" hose.
61-0100U— $2.75
TIRE PUMP HOSE. 24" long with 2 hose clamps and quick release thumb-lock air chuck.
61-0105T— $1.09

Foot Operated AIR PUMP

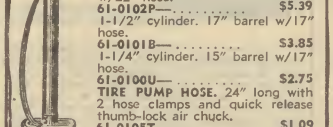
With 2" Dial Type Pressure Gauge



INFLATES TIRES FAST, EASILY, ACCURATELY!

Light, strong and compact pump has direct reading dial gauge that measures pressure up to 100 p.s.i. Accurate to plus/minus 1% over 80% of dial scale. Takes seconds to effortlessly inflate tires. With 24" hose.
88-5171R— ..... Each $11.98
Foot Pump w/o Gauge.
88-7345X— ..... Each $9.98

Now—Have Super Wide Whitewalls WITH THIS WHITEWALL KIT



- **Any whitewall width you want . . . narrow, medium or wide!**
- **Ideal for Classic cars.**

Change blackwalls to whitewalls . . . renew faded whitewalls. Pure white liquid synthetic rubber seals permanently, becomes part of tire. Quick drying. Expands with tire—no chipping, cracking, rubbing off. Resists scuffing. Waterproof. Kit includes pint can rubber preparation, sandpaper and applicator brush. Easy to use. Enough for 5 large tires.
12-2343Y— 1-Kit $4.79

Puncture-Proof Your Tires! Tube Type or Tubeless TIRE SEALANT

Easy to use tire sealant, prevents flats in any tubeless or tube-type pneumatic tire. Prevents puncture flats—**prevents high pressure and rim leaks.** Apply through valve stem—coats entire inner liner—plugs leaks as they happen, to prevent flats and reduce danger of high speed blowouts. Ends need for tubes in recapped tubeless tires. Reduce ply separation—to add more safety and longer tire life. 4 oz. required for each small car tire, 6 oz. for each average size car tire. One 16-oz. bottle.
10-4323P— ..... Each $2.49

Tire Sealant for Tube or Tubeless Tires. Ideal for slow leaks. 16 oz. bottle. 4 oz. required per tire.
17-7365A— ..... Each $1.95
16-0128A—2 oz. bottle, for one tire . . Ea. 49c

TIRE BEAD SEAL WITH RUBBER LUBRICANT FOR TUBELESS AND TUBE TYPE TIRES. Seals bead against air leaks, lubricates for easy tire mounting.
17-7366R— ..... 1-Quart Can $1.98

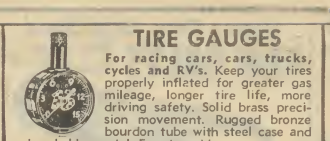
SAFETY WHEEL CHOCKS

Ideal for use with bumper jacks when working under car or when parked on grades—prevent car from rolling. Hi-impact plastic. 7" long x 4" high.
04-0232N— 1-Pair $2.99

Portable BEAD BREAKER

Easy to use — loosens tire beads from all car and light truck wheel rims, 12" to 17" diam. Heavy gauge steel with rubber grips. 35" long.
83-0734U— ..... Each $14.98

TIRE GAUGES



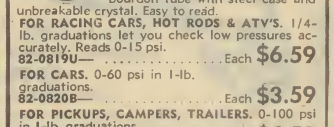
For racing cars, cars, trucks, cycles and RV's. Keep your tires properly inflated for greater gas mileage, longer tire life, more driving safety. Solid brass precision movement. Rugged bronze bourdon tube with steel case and unbreakable crystal. Easy to read.

FOR RACING CARS, HOT RODS & ATV'S. 1/4-lb. graduations let you check low pressures accurately. Reads 0-15 psi.
82-0819U— ..... Each $6.59

FOR CARS. 0-60 psi in 1-lb. graduations.
82-0820B— ..... Each $3.59

FOR PICKUPS, CAMPERS, TRAILERS. 0-100 psi in 1-lb. graduations.
82-0821P— ..... Each $4.59

TRUCK TIRE GAUGES

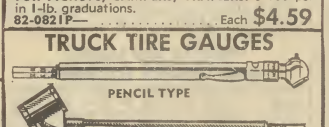


PENCIL TYPE

DUAL CHUCK TYPE

Easy-to-read nylon indicator bars, calibrated on all four sides in 5-lb. units from 20-120 lbs. Chrome plated metal cases with convenient pocket clip. Pencil type 5-1/2" long.
74-6917P—Pencil Type ..... Each $2.29
13-1516R—Dual Chuck Type ..... Each 3.25

DELUXE FLEXIBLE HOSE TIRE GAUGE



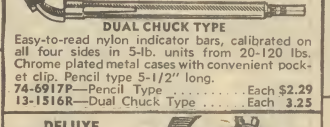
For all cars, trucks, campers, trailers — test tire pressure easily, even on hard-to-reach valves! Full geared precision brass movement. Rugged bronze bourdon tube with steel case and unbreakable crystal. Bleeder valve releases excess air to exact tire pressure. Stop hand holds accurate pressure reading. 14-in. flexible hose. Easy-to-read dial with readings in 1-lb. graduations.

FOR CARS. 2-60 psi.
15-3993W— ..... Each $8.98

FOR PICKUPS, CAMPERS, TRAILERS. 2-100psi.
15-3994U— ..... Each $8.98

FOR HIGH PRESSURE TIRES ON TRUCKS, SEMIS. 5-160 psi.
15-3995A— ..... Each $8.98

DUAL CHUCK TIRE GAUGE

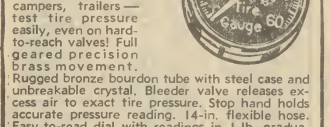


Easy-to-read, rustproof nylon indicator bar is calibrated on 2 sides in 2-lb. increments from 10-120 lbs., and on other 2 sides in metric increments from 1 to 8 kilograms. Chrome plated body and chuck head.
04-0226X— ..... Each $1.99

PENCIL-TYPE TIRE GAUGE

Keep tires properly inflated—save gas, add 1000's of miles! Handy pocket size . . . gives accurate readings from 5-50 lbs. Chrome plated.
88-7219U— Each 99c

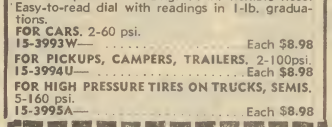
Dial Type TIRE PRESSURE GAUGE



Holds Reading Until Re-Set Button Is Activated

Properly inflated tires assure better gas mileage, longer tire life, safer driving. Gauge registers 10-110 psi, holds reading until triggered by re-set button. Black plastic case fits comfortably in the palm.
88-9222W— ..... Each $1.99

Automatic TIRE PRESSURE REGULATOR



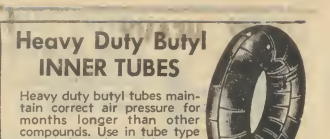
Helps you maintain exact proper air pressure to increase tire life, gas mileage, and driving safety! Simply screw regulator onto valve stem of tire and set desired pressure. Regulator **automatically releases** excess air if tire is over inflated. If tire is under inflated, attach air hose to valve on regulator and add air. Regulator whistles and **automatically stops** air flow when proper pressure is reached. Sets pressure from 12 to 70 lbs. in 2 lb. increments.
88-7563N— ..... Each $5.98

TUBELESS TIRE REPAIR KIT

Complete Repair In 15 Seconds . . . Right On The Wheel

Chemical treated rubber impregnated nylon cord vulcanizes itself into injury. Tough, flexible — permanently repairs, fills and seals hole at both ends without removing tire. Kit contains 10-ft. of self-vulcanizing cord, inserting needle.
75-3241X— 1-Kit $4.79

Heavy Duty Butyl INNER TUBES



Heavy duty butyl tubes maintain correct air pressure for months longer than other compounds. Use in tube type or tubeless tires. **Prices include Federal Excise Tax.** Tubes for Imported car conventional & radial tires see Index.

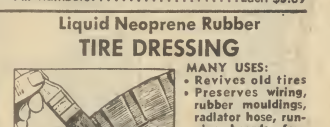
Liquid Neoprene Rubber TIRE DRESSING



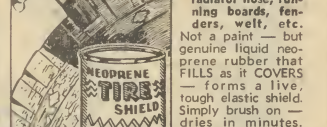
MANY USES:
- **Revives old tires**
- **Preserves wiring, rubber mouldings, radiator hose, running boards, fenders, welt, etc.**

Not a paint — but genuine liquid neoprene rubber that FILLS as it COVERS — forms a live, tough elastic shield. Simply brush on — dries in minutes. Has literally hundreds of uses on the car, in the house, for marine use, trailers, etc. Slows rubber deterioration on new tires—makes dried tires look like new. Perfect for use on antique and classic cars. Even provide non-slip grip on all tool handles. One quart covers 6 to 8 tires.

Dip Handles—Cover Terminals

17-7178Y— 1-Quart $5.49

SPARE TIRE IN A CAN



Tire Inflator-Puncture Sealer For Tube or Tubeless Tires

Exclusive—Sure Threading Screw-on Adapter with Patented Safety Relief Valve

Fix flats fast—without jacks, tools . . . without changing tires! Seamless, aluminum one-piece container contains DuPont Freon® with adhesive sealer that automatically seals puncture. Inflates tire in seconds with 27-32 lbs. pressure—more air and sealing action than any other inflator-sealer. For all vehicles, including motorcycles, campers, etc.
10-0523R— ..... 18-oz. can $4.29

ECONOMY INFLATOR/SEALER. Similar to above but without safety relief valve and DuPont Freon®. Inflates tire to 25 lbs. pressure.
12-2345T— ..... 12-oz. can 1.29

Heatless Vulcanizing PATCHES

Repair all tubeless tires and tubes! Give permanent positive vulcanizing without heat. Tapered razor thin edge makes for perfect seal. No tools or clamps required. Use vulcanizing liquid below.

Size	Box of	Stk. No.	Box
1-1/2" x 2-1/2"	30	75-3139T	$3.49

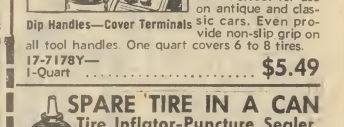
VULCANIZING LIQUID (Not Shown). For the above patches. Half pint can with brush.
75-3237N— 1-can $1.99

TUBELESS TIRE REPAIR KIT

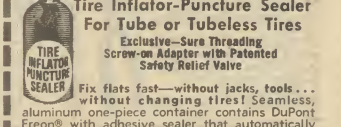
for Quick, Positive Outside Repair



Repairs tires on the wheel—without heat!

The only tubeless tire repair that flows pure rubber into break or hole. Seals and vulcanizes tire from the outside as a permanent part of tire. Quick, easy-to-use. With 50 patches, probe, cement, inserting needle.
75-1135T—1 Kit $7.98
REFILL PATCHES FOR ABOVE.
75-1136A—1-Box of 50 ..... $3.59

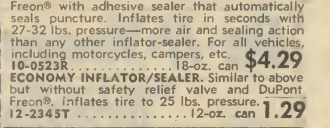
Deluxe Pencil Tire Gauge



Accurate dependable. Nylon indicator bar, calibrated on four sides, gives reading at a glance. Calibrated in 1 lb. units from 5 to 45 lbs.
16-0191R— ..... Each $2.99

ECONOMY PENCIL TIRE GAUGE. Flat indicator bar, calibrated on both sides, registers to 50 lbs.
88-7219U— ..... Each 99c

Spoon Type TIRE IRONS



50-0052P—Straight Pattern
50-0053Y—Curved Pattern
Each $1.79

HEAVY DUTY JACK STANDS

Sure-footed tripod design, welded tubular steel construction. Rust resistant finish. Pin-and-hole type adjustment with retaining chain. **Capacities are per pair.**

A **10,000 lb. Capacity Stand** on non-imbedding 8" square steel plate. Won't sink in sand or soft ground. Max. height 22"; closed 12".
12-2327A— Each **$8.49**

B **10,000 lb. Capacity Stand.** Max. height 22"; closed 12".
12-2246T— Each **$7.49**

6000 lb. Capacity. Max. height 24"; closed 15".
74-2899U— Each **$4.79**

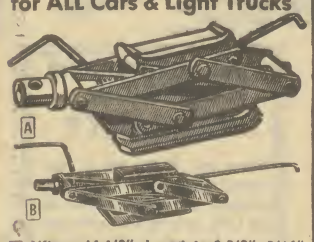
4,000 lb. Capacity. Max. height 19"; closed 13".
74-2898W— Each **$4.19**

Economy 4,000 lb. Capacity. Max. height 19"; closed 13".
15-3439P— Each **$4.19**

JACK STAND SEAT

Converts jack stands above into handy seats. Seat size 9-3/4 x 11-1/2". Adjusts to 3 different heights. Eliminate stooping and backaches.
15-3440Y— Each **$3.49**

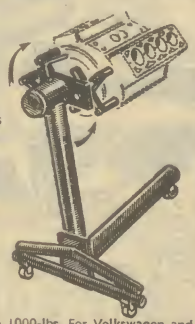
SCISSORS JACK for ALL Cars & Light Trucks



A **Lifts to 14-1/2". Lowers to 3-3/8".** 3/16" thick steel links. 1/8" solid steel channel supports. Alloy steel screw and joint parts. Long handle **3,000-lb. capacity.**
12-1443X— Each **$10.98**

B **Hi-Lift Frame Jack.** Scissors type side-of-the-car frame jack **lifts up to 3,000 lbs.** Non-slip wide base. Heavy duty 1/4" x 1" carbon steel construction with 5/8" machined screw thread for fast, easy lifting. Folds to 4", extends to 18-1/2" height. 1-pc. handle.
19-3086N— Each 19.98

ENGINE REPAIR STAND for ALL Size Engines

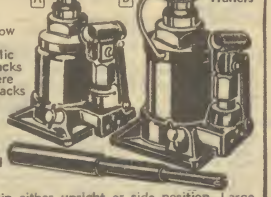


Assembles and disassembles in 1 minute for quick use and compact storage. Rotates 360°, locks in any position. Solid 3-leg construction, rolls easily on casters. 4 adjustable arms hold engine rigidly. Holds any engine up to 1000-lbs. For Volkswagen and Porsche engines order adapter below. Save on shipping charges by ordering from factory nearest your home. Shpg. wt. 65 lbs.
19-8171PE—Shipped from Chicago.
99-7397NEF—Shipped from Calif. Ea. **$84.95**

Adapter for Volkswagen & Porsche Engines.
19-8172Y—Shipped from Chicago Shpg. wt.
99-7398TF—Shipped from Calif. 10 lbs
Each **$23.95**

3-STAGE, LOW BODY HYDRAULIC JACKS

Ideal for Low Clearance Work on Imports, Vans, Pickups, Trailers



Heavy duty, low height hydraulic hand jacks fit where other jacks won't! Ruggedly built—can be used with full power in either upright or side position. Large strong steel bases for maximum, tip-proof safety. 17" long, 3-piece removable pump handle, included.

A **2-Ton Jack.** Clears heights as low as 5-1/2". 3-stage extension, including 2" screw extension. Jack is 12-1/4" high fully extended.
99-9781P— Each **$19.98**

B **3-Ton Jack.** Clears heights as low as 5-3/4". 3-stage extension, including 2" screw extension. Jack is 12-1/4" high fully extended.
99-9782Y— Each **$23.98**

PORTABLE CAR & TRUCK RAMPS

A **Heavy Duty 2-Pc. Ramps**
- **8000 lb. capacity per pair—support all cars and light trucks**
- **Inclines detach easily for extra access under vehicle**
- **Steel construction**

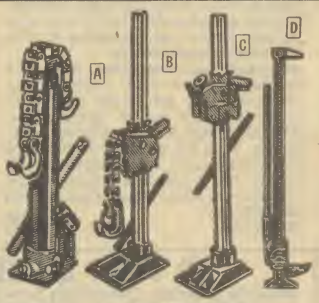
Raise car 10"—ideal for use with creeper. Ramp secures firmly to stand; rubber feet prevent slipping, embossed surface prevents skidding. Stand slopes forward to keep tire safely against stop. Steel front chocks assure proper wheel position. Welded heavy gauge steel construction with enamel finish. Overall length 50" (16" stand, 34" ramp); 11" high, 10-1/2" wide. Completely assembled, ready to use; store compactly.
19-8169UE—Shpg. wt. 50 lbs. 1-Pair **$44.95**

B **2-Piece Ramps**
Similar to above except 4000 lb. capacity. Raise car 8". Non-slip stand; detachable inclines. Overall length 31" (20" ramp, 11" stand). Store easily.
19-6119A— 1-Pair **$28.95**

C **Heavy Duty 1-Pc. Ramps**
8000 lb. capacity per pair. Lift front or rear end 10" for more work space. Safe, unitized welded steel construction. Wide-track incline and pyramid design assure side stability, support even mis-alignments. Rear stop bar cradles wheel positively. Sure grip rubber pads prevent base from skidding. Ramps nest for compact storage, hang on wall. 48" long x 14" wide x 14" high.
19-6779B— 1-Pair **$34.95**

D **1-Piece Ramps**
6500 lbs. capacity, per pair. 9" tire lift. 1-piece die-formed steel with built-in wheel well and tire stop. Embossed ramp surface for sure traction. Fully assembled. Overall length 32" (22" ramp, 10" stand); 10-3/4" high, 9" wide.
19-8170B— 1-Pair **$29.95**

E **1-Piece Ramps (Not Shown)**
3400 lb. capacity. Welded steel angle iron with enamel finish. Non skid design; bumper stops. 31" long x 8" wide x 9" high.
89-9370B— 1-Pair **$22.95**



A **Hydraulic 3-Ton Bumper & Utility Jack.** Effortlessly raises cars and trucks. Extra wide hook prevents damage to chrome. Use it for pushing, pulling or lifting anything weighing up to 6000 lbs. Low height: 24-3/4". Hydraulic lift. 17". Maximum height: 41-3/4". Low hook: 8-9/16", high hook 38-3/8". Handle length: 22". Jack has provision for utility chain and hook for extra low 3" lift.
17-9373T— Each **$49.95**

BUMPER & UTILITY JACKS

Hydraulic 1-1/2 Ton Bumper & Utility Jack (not shown). Like 17-9373T above, but 1-1/2 ton model. Low height: 23-1/16", hydraulic lift 19", maximum height 42-1/16", low 3-7/8", high hook 35-1/8".
74-5811W— Each **$34.95**

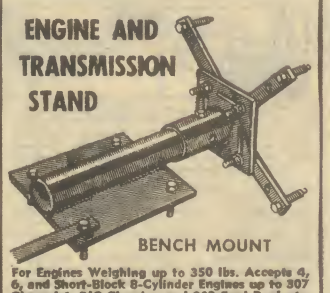
B-C-D **Ratchet Bumper Jacks.** Lift 1-1/2 tons up to 31". Zinc plated steel. Large offset bases for added stability and safety. Rubber hook grommets prevent scratching. Removable handles.

B For 60-73 Ambassador & Hornet, 54-71 Chrysler prods. & 55-71 Ford & General Motors cars (exc. 64-66 T-bird & 1967 Cadillac). Has chain-lift hook for better fit, easier operation.
19-3081W— Each **$14.95**

C For all 72-76 Chrysler, Ford & GM Products. Rigid lifting fingers for slotted bumpers.
19-5685B— Each $8.50

D **7000 LB. HI-LO Lift Jack** for small trucks, station wagons and trailers. Continuous lift up to 38". Versatile jack lifts, hoists, pulls or pushes. Top clamp clevis adjustable to any position. All heavy-duty steel construction. 48" high. Large base plate.
19-3916T— Each **$41.95**

ENGINE AND TRANSMISSION STAND

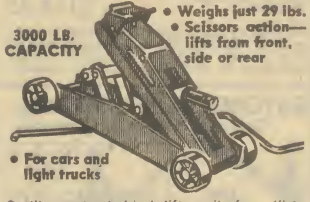


BENCH MOUNT

For Engines Weighing up to 350 lbs. Accepts 4, 6, and Short-Block 8-Cylinder Engines up to 307 Chevrolet, 318 Chrysler, and 302 Ford Products. Cut hours from engine rebuilding time! Bolts to any sturdy bench. Steel safety strap lets you secure stand to solid wall or beam to keep bench from tipping with engine weight. Sturdy all-steel construction. 1-1/2" O.D. seamless pipe arc welded to 8 x 8 x 3/8" mounting plate. 1/2" face plate with 3/4" adjustable arms can be rotated 360°. Baked enamel finish. Lightweight (weighs just 16 lbs.).
13-1945P— Each **$34.95**

PORTABLE FLOOR JACK

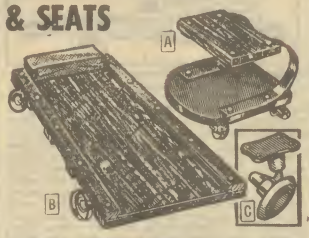
3000 LB. CAPACITY



- **Weighs just 29 lbs.**
- **Scissors action—lifts from front, side or rear**
- **For cars and light trucks**

Quality constructed jack lifts easily from 4" to 14". Weighs a portable 29 lbs. . . . can be hand carried easily; hangs on wall for compact storage. All steel with rust resistant baked enamel finish on body and trolly; zinc plated scissors. Die cast aluminum 3-in. wheels with 1-1/4" tread maneuver easily under car or light truck. 22-3/4" long, 8-1/8" wide; 45-1/2" handle.
19-6909N— Each **$57.95**

MECHANICS CREEPERS & SEATS

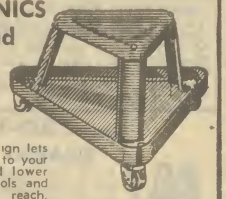


A **Deluxe Mechanics' Seat and Tool Holder.** Handy roller seat has 15" x 15" steel platform with lip for tools, and 15" high 7" x 14" seat of 3/4" oak, 3" swirl rollers.
52-0120T— Each **$15.98**

B **Heavy-Duty 16" x 36" Creeper.** Rugged creeper has varnished hardwood frame and plywood bed reinforced by five 2" wide cross members. Oil-resistant, vinyl-coated padded headrest. Big 3" cast-iron swivel casters with factory-sealed lubrication.
19-4041R— Each **$13.79**

C **CREEPER REPLACEMENT ROLLERS.** Fit all creepers. Swirl-type steel rollers with factory sealed lubrication.
16-0192X—3" Rollers 1-Set of 4 $5.69
15-2217A—2-1/2" Rollers 1-Set of 4 $4.98

MECHANICS SEAT and TOOL HOLDER



All Steel With Swivel Casters

Triangular design lets you get close to your work. Lipped lower tray keeps tools and parts in easy reach. Sturdy steel construction with comfortable contour seat. Ball bearing swivel casters. 18" x 16"x10" high.
15-3441W— Each **$11.98**

Greater Lifting Power to Raise Any Car, Light Truck or Trailer Quickly & Easily!
CHECK THESE BUILT-IN QUALITY FEATURES:
- **Maximum leverage handles for effortless lifting**
- **Foot pedal for no-load lifting to jacking height**
- **Automatic safety prevents overload by stopping upward movement at maximum height**

These professional quality hydraulic jacks are high pressure tested for dependable, heavy duty service. Rugged construction: steel ramps and side plates, large cast iron lifting plates, cast iron roller wheels and mounting plates. **Independently laid valve body.** Convenient release lever on handle.

2-TON HYDRAULIC JACK
For small to intermediate cars. Lifts from 4-1/2" to 19-1/2" high. Measures 41" long x 9-1/4" wide.
89-9751TE— Each **$219.98**

3-TON HYDRAULIC JACK
For all cars, light trucks and trailers. Lifts from 4-3/4" to 22-3/4" high. Measures 49" long x 9-3/4" wide.
89-9752AE— Each **$239.98**
NOT MAILABLE. Shipped via truck or rail.

HEAVY DUTY

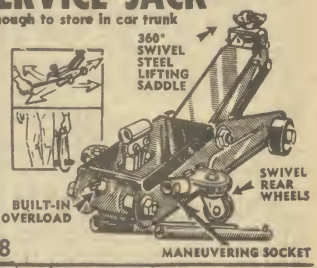
HYDRAULIC GARAGE JACKS

2-Ton 3-Ton

PORTABLE 3000-LB. CAPACITY

HYDRAULIC SERVICE JACK

- **Big 3000-lb. capacity, yet compact enough to store in car trunk**
- **Lifts from 5 to 15-1/2 in.**
- **Lifts from front, side or rear**
- **Top-quality construction**

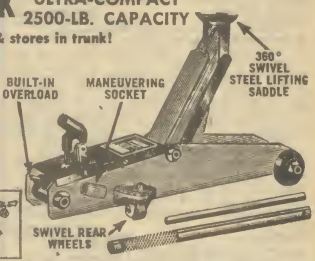


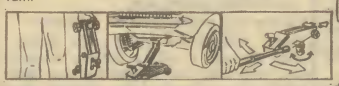
Weighs just 38 lbs.—can be hand carried. Ideal for car and truck owners, garages, service stations. Hardened and ground piston and ram with quick action release valve. Maneuvering socket, front roller-bearing wheels, and rear swivel ball-bearing wheels for easy positioning of jack. Hydraulic unit has cast aluminum base. Steel lifting saddle swivels a full 360°.
Lifts front, side or rear of any vehicle up to 6000 lbs. Built-in overload protection, for safety. 24-1/2" long x 10-1/2" wide—stores in trunk. Complete with 30" handle and instructions.
89-9780B— Each **$109.98**

HYDRAULIC SERVICE JACK ULTRA-COMPACT 2500-LB. CAPACITY

- **Extremely portable—weighs only 38 lbs. & stores in trunk!**
- **Top quality construction for a lifetime**
- **Lifts from front, rear or side**
- **Lifts from 5" to 15-1/2"**

Check these features! Hardened and ground piston and ram with quick action release valve. Rear swivel ball-bearing wheels, front roller-bearing wheels. Built-in socket on jack plate for easy maneuvering of jack. Hydraulic unit has a die cast aluminum base and ground piston and ram.





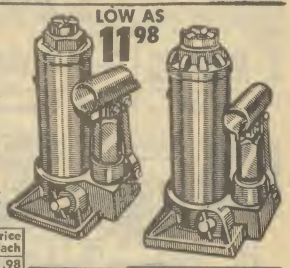
Perfect for car and truck owners, garages, service stations. Weighs only 38 lbs.—can be hand carried. Compact 24-1/2" long x 10-1/2" wide—store in trunk! Maneuvering socket and swivel wheels for easy positioning. Lifts front, rear or side of any vehicle up to 4,000 lbs. Built-in overload protection, for safety. Steel lifting saddle swivels a full 360°. Top quality construction for years of service. Complete with 30" handle and instructions.
89-9570X— Each **$95.98**

HEAVY DUTY

HYDRAULIC HAND JACKS

1½ to 50 TON CAPACITY

LOW AS **11.98**



These super quality jacks have an extra 10% reserve capacity over comparable jacks with these ratings. Designed for great power to lift cars, trucks, trailers, even buildings. For use in service station, shop, farm or garage. Ruggedly built—can be used with full power in either up-right or side position. Large strong mild steel bases for maximum tip-proof safety. To determine size needed, take 2/3 of loaded vehicle weight, order that capacity or next larger jack . . . and your lifting problems are solved. 2-piece handle included with each jack. Shpg. wt. for 30 ton capacity jack: 52 lbs. Shpg. wt. for 50 ton capacity jack: 85 lbs.

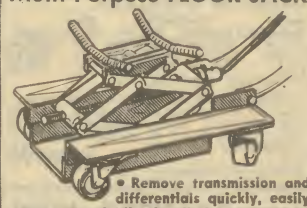
■Note: Stock numbers with "F" suffix are shipped from California, New Jersey or Ohio, whichever is nearest you, by truck or express.
♦Ideal for light vans like Econoline, Greenbrier, due to low 7" ht. when jack is in collapsed position.
★Ideal for tractors, high trucks, and farming equipment.

Economy Priced Jacks. Similar to above. Complete with handle
89-9770T—1-1/2 ton capacity. 7-1/2" to 13" lifting range Each $10.79
89-9771A—3 ton capacity. 8-1/2" to 15" lifting range Each 15.59

Multi-Purpose FLOOR JACK

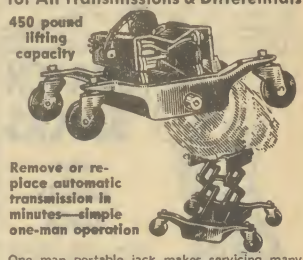


- **Remove transmission and differentials quickly, easily**
- **Removable folding handle for easy storage**

3500 lb. Lifting Capacity. Makes servicing faster, easier, safer. Remove transmissions and differentials on any car, pull Volkswagen engines, make brake adjustments. Use for moving heavy furniture, appliances, too! Heavy duty welded steel construction. Scissors action. Swivel rear wheels. Raises from 5-1/2 to 16-1/2 in. Measures 20" long x 12" wide. Shpg. wt. 40 lbs.
99-6159P— Each **$59.95**
Shipped from Oklahoma.

PORTABLE JACK for All Transmissions & Differentials

450 pound lifting capacity



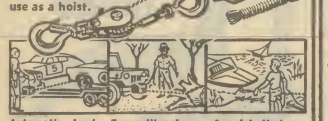
Remove or replace automatic transmission in minutes—simple one-man operation

One man portable jack makes servicing many times faster, easier, safer. Easily operated by any ratchet or impact wrench. Can handle any transmission or differential with ease. Extends from 7" up to 24". Nylon web strap holds transmission on jack securely with steel buckle. Mechanically operated, no complicated mechanisms to go out of order. Jack moves easily on ball-bearing steel caster wheels. Measures 17-3/8" long, 17" wide.
19-2480A— Each **$99.95**

SATISFACTION GUARANTEED or MONEY BACK

PORTABLE ELECTRIC WINCHES

3000 to 9000-lb. Capacity
These winches are not recommended for use as a hoist.



Automatic loading with remote control cord. **For pulling logs, stumps, boulders, etc.** **Any job that requires strength in pulling.**

- **Patented roller clutch, needle bearings and thrust bearings give easier, quicker, positive operation (75-2146-47 & 74-2467 only). 75-2147, 46-Double line style winch.**
- **With super tough ABS all weather and shock resistant housing.**

9,000-lb Capacity Boat Winch. For loading large cabin cruisers or for really heavy work in camp or on the farm. Perfect for use on off-road vehicles, using adaptor kit below. Includes car wiring kit with 80 amp circuit breaker, remote control switch, 50 feet of 7/32" aircraft type steel cable with forged steel hook attached, two large steel heavy duty safety hooks, and emergency crank. Operates off any 12 volt car battery.
75-2147X— . . . . . Each **$199.95**

5,000-lb. Capacity Boat Winch. All features of winch above. With 50 feet of 3/16" aircraft type steel cable. For medium-sized boat loading, medium duty use around farm, etc. Operates off 12 volt car battery.
75-2146R— . . . . . Each **$164.95**

3000-lb. Capacity Boat Winch. For small boats, motors, etc. Same basic features as above. With 25 ft. of 3/16" aircraft type cable forged steel hook, remote control cord, car wiring kit with 40 amp circuit breaker. Adaptable to light service on trucks, cars, tractors. Operates off 12 volt car battery.
74-2467P— . . . . . Each **$139.95**

Multi-Purpose Adaptor Kit for Above Winches. For use other than boat trailer. Winch can be attached to ball hitch on front or rear of car and be used to pull logs, stumps, boulders, etc. or for pulling car out of mud, snow, sand, or ice. Makes winch as versatile as your imagination. Simply remove winch from winch stand on trailer and attach to adaptor bracket.
75-2150A— . . . . . Each **$12.98**

110 Volt AC Boathouse Winches. Similar to above winches. Operate with power up, free wheeling and braking in reverse.
With 110 Volt AC Motor. Trimatic control and level wind, 50 ft. of 3/16" aircraft-type cable, and emergency hand crank. For loads to 3,000 lbs.
74-5992U— . . . . . Each **$159.95**

Without 110 Volt AC Motor. Like above, for use with 1/4 HP reversible motor and 50-ft. of 3/16" aircraft-type cable or 1/2 HP reversible motor and up to 100-ft. of cable. Maximum line pull should not exceed 1,000 lbs. Uses "V" belt (included), requires 3" pulley. Motor, cable, switch and pulley are not included.
74-5532Y— . . . . . Each **$79.95**

3700-LB. TEST AIRCRAFT-TYPE 3/16" STEEL CABLE. With hook. For above winches.

Lgth. Ft.	Stk. No.	Each	Lgth. Ft.	Stk. No.	Each
25	74-5533W	$7.98	100	74-5536R	$19.98

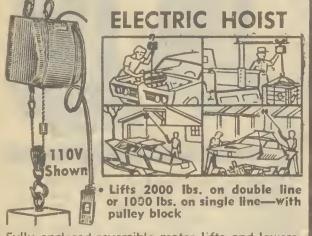
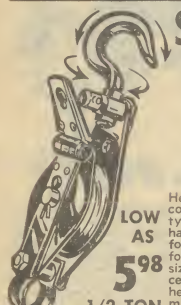
110V or 12V — 2000 Lb. Capacity ELECTRIC HOIST



- **Lifts 2000 lbs. on double line or 1000 lbs. on single line—with pulley block**

Fully enclosed reversible motor lifts and lowers, has all hardened gears and ball bearings for long, dependable service. Heavy duty moulded case is weatherproof and corrosion resistant. Built-in friction brake holds load when power is off. Level-wind spring guides cable for smooth, even, snarl-free winding. Hoist complete with 25 feet of 3/16", 4200 lb. test aircraft type cable, pulley block, 6-ft. remote control switch. Dual safety hooks included for overhead trolley, to prevent swinging. Can also be permanently mounted through base plate holes. Drum holds up to 50 ft. of 3/16" cable. Cable travels at rate of 8 ft. per minute under no load.
75-2148N—110 volt AC . . . . . Each **$219.95**
75-2149T—12 volt DC . . . . . Each **219.95**

SNATCH BLOCKS with SAFETY LOCK



LOW AS **5.98** 1/2 TON

Heavy duty all-steel construction. Open-type snatch blocks have self-locking latch for extra safety. Drop forged hook. Oversized center pin. Recessed pulley wheel helps eliminate jamming. Enamel finish. Choose from 3 sizes.

Size, Inches	Capacity, Tons	Stk. No.	Each
3"	1/2	88-7018P	$5.98
4"	1	88-7019Y	$8.49
6"	2	88-7020W	12.98

MECHANICS TOOL SET

187 PIECE SAE and METRIC COMBINATION SET

NOT $186.00...
NOT $139.00...
NOT $98.00...

BUT ONLY **74.95**

- **Socket wrench parts exceed U.S. government Torque Requirements (GGG-W-64-lbs.)**
- **Special hardened, hot broached socket walls for extra strength and durability.**
- **All sockets heat treated for a guaranteed lifetime of use.**
- **All sockets and wrenches polished and chrome plated for lasting beauty and protection against rust.**
- **Every tool guaranteed for a lifetime.**

These professional mechanics quality tools are built to take a lifetime of hard use. Thin wall sockets get into the tight places—hot broached for strength you can depend on. All sockets, ratchets and combination wrenches are chrome plated and polished. **Complete set includes:**

1/4-inch sq. drive: Eight 6-pt. SAE sockets 3/16" to 7/16"; nine 6-pt. metric sockets 4.5mm to 12mm; spinner handle; reversible ratchet.

3/8-inch sq. drive: Nine 6-pt. metric sockets 9mm to 19mm; four 6-pt. SAE sockets 3/8" to 9/16"; three 12-pt. SAE sockets 5/8" to 3/4"; nine 12-pt. SAE deep well sockets 3/8" to 7/8"; one 13/16" spark plug socket with insulator protector; 3-inch extension bar; flex-head reversible ratchet for easy access in limited areas.

12-inch sq. drive: Ten 12-pt. sockets 7/16" to 1"; reversible ratchet.

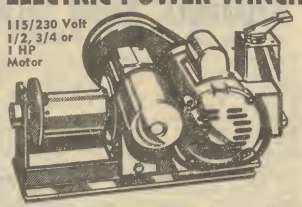
Wrenches: 6 combination flex wrenches with open end plus swivel socket end—9mm to 17mm; 5 box and open end combination wrenches 3/8" to 5/8" with holding clip; ignition set containing 23 tools in a handy storage pouch.

Other tools and accessories: 18-pc. SAE hex key set .050 to 5/16" in pouch; 7-pc. metric hex key set 1.5mm to 6mm in pouch; hacksaw and 25 blades; 13-pc. SAE drill bit set; 9 plastic handled screw drivers, 7 flat blades and 2 Phillips type and storage rack; 9-pc. splined key set .060 to .168 in pouch; 6 deluxe full-grip screwdrivers. **Heavy gauge steel tool box with tote tray.**
15-3218Y— 1-Set **$74.95**

FULL (OWNERSHIP DURATION) WARRANTY

Every tool in this set is warranted for life against defects in material and workmanship for as long as original purchaser owns the tool. If any tool becomes defective simply return it to us for free replacement.

HEAVY DUTY ELECTRIC POWER WINCH



- **Safe Smooth Verticle Lifting Capacity Up to 1300 lbs.!**
- **Can Safely be Used as a Hoist (Use With Electric Brake Sold Below).**
- **Enclosed, Dust Proof Oil Bath Worm Gearing**
- **Enclosed Roller Chain Drive — No Hazard to Operator**
- **Compact—Approx. 22x13x11-inches**

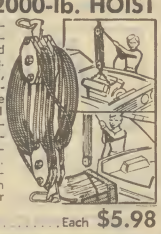
Powerful electric winches with choice of three different horsepower motors. All motors are single phase, reversible type. Line speed: 23 F.P.M. on full drum. Drum size: 2-1/2" inside diam. x 5" outside diam. x 5" long. Drum cable approx. capacity 1/4" 75 ft.; 5/16" 50 ft., 3/8" 35 ft. Pulling capacity on 20% incline: 99-7017RFE, 3100 lbs.; 99-7018XFE, 4500 lbs.; 99-7019NFE, 5900 lbs. See below for verticle pull. Alloy steel shafts; bronze bearings. Ball thrust bearing on worm shaft. With 8 ft. extension plug-in cord. **Specify 115 or 230 volt.** For positive, quick stops use with electric brake sold below. Not for lifting people.

Motor Horsepower	Vertical Lift Capacity	Stk. No.	Shpg. Wt. Lbs.	Each
1/2 HP	700 lbs.	99-7017RFE	76	$449.95
3/4 HP	1000 lbs.	99-7018XFE	80	489.95
1 HP	1300 lbs.	99-7019NFE	106	519.95

Shipped from Minnesota.

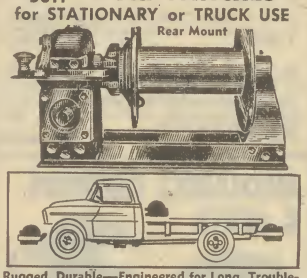
ELECTRIC BRAKE FOR ABOVE WINCH. For positive load holding and quick stops. A must for suspended loads. Factory installed on any of above winches (add 5 lbs. to winch shpg. wt.).
99-7020TFE—
Each **$149.95**
Shipped from Minnesota.

Heavy Duty 2000-lb. HOIST



Extra-long 65 ft. polypropylene rope with double-grip safety hooks and heavy duty welded ring. Nylon rollers. Rust-proof, cadmium plated housing. Stopping device eliminates slack. 7 to 1 lift ratio lets you lift engines, removable hardtops, etc. Ideal for loading and unloading trucks. Holds loads in any position. Compact — fits in glove compartment or drawer
88-7205T— . . . . . Each **$5.98**

HEAVY DUTY 4-Ton WINCHES for STATIONARY or TRUCK USE



Rugged, Durable—Engineered for Long, Trouble-free Service . . . Choice of Front or Rear Mount. Powerful winches designed for front and back of cab installations—or for stationary mounting for skidding, dredging, etc. Top quality cast iron and heat-treated steel construction. Ideal for wreckers and delivery vehicles. **Construction features:** single drum with 29:1 gear ratio, 4-Ton capacity. Bronze worm gear gives correct gear ratio for speed in handling load. Drum and worm shaft of special heat-treated alloy steel, ground and highly polished. Gear housing has extra ribbing for greater strength. Drum dimensions: Core 4-1/8", outside diam. 10-3/4", inside width 9-7/8". Completely sealed case prevents sticking, rusting—keeps dirt out. 1" input shaft. Tapered roller bearings for long life. 1-pc. cast steel cable drum holds 325-ft. of 3/8" cable, 470-ft. of 5/16" cable, 735-ft. of 1/4" cable. Cable not included—see below. Dog clutch gives free spooling. Fully automatic safety brake is enclosed for protection against weather. Overall: front mount model 25-1/2" x 12-1/4", rear mount model 23" x 12-1/2" Shpg. wt. 180 lbs.
99-6041PFE—Front Mount . . . . Each **$259.95**
99-6042YFE—Rear Mount . . . . Each **$269.95**
Not Mailable—shipped via truck or rail from Ohio. For Power Takeoff, see index.

WINCH CABLE AND HOOK. Galvanized steel aircraft-type cable, precut. Includes drop-forged hook. Sold in 50-ft. lengths.
82-0697U—1/4" diam. . . . . Each **$17.95**
82-0698B—5/16" diam. . . . . Each **20.98**
82-0699P—3/8" diam. . . . . Each **22.98**

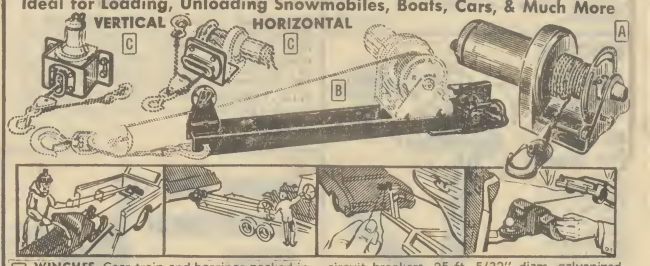
WINCH CABLE ONLY. Above, less hook. **State Stk. No., Diam. of Cable, and Number of Feet Desired. NOTE: Minimum Order 100 ft.**
99-7399AE—3/16" diam. Wt. 2 oz. . . . Foot **21c**
99-6085XF—1/4" diam. Wt. 3 oz. . . . Foot **31c**
99-6086NF—5/16" diam. Wt. 4 oz. . . . Foot **39c**
99-6087TF—3/8" diam. Wt. 5 oz. . . . . Foot **45c**
Cable shipped from Ohio.

1200-lb. LIFT GEARED WINCH

3-to-1 ratio. Ideal for industrial use, for mounting on boat trailers to load and unload boats. Easily adaptable for many uses. Extra-safe, enclosed ratchet has forward, reverse and neutral positions positive lock, easy-grip handle. Heavy-duty construction—pinion gear and shaft of high carbon, heat treated steel.
74-0425P— . . . . Each **$8.49**

12 VOLT ELECTRIC WINCHES

Ideal for Loading, Unloading Snowmobiles, Boats, Cars, & Much More



A WINCHES. Gear train and bearings packed in lubricant and sealed for life. Weather-resistant, strong aluminum alloy housing. Plus **Forward and Reverse, Instant Automatic Braking with no creeping, Mechanical Fail-Safe Locking . . . and small, portable, lightweight!**

Unmatched mounting versatility makes these ideal for dozens of jobs—lifting machinery, engines, garden tractors, cement bags, etc. Take up little space — less than 12" long, 6" wide, 6" high. Mount vertically or horizontally, right side up or upside down.

Tension Spring on 75-3292P and 75-3293Y winches keeps cable tight on drum at all times—prevents unwinding. High speed, too—handles jobs in no time, yet will lift or pull maximum rated load 10-ft. without using as much as 20% of the power in an 80 amp automotive battery. Only four moving parts!

Permanent Magnet Motors—with solid brushes. Water-tight, sealed motors have no-load speed of 5,000 RPM. Weather-resistant enamel finish over galvanizing. 1/4" thick galvanized steel frame. Complete with forged, safety-snap hook, mounting bolts, emergency hand crank and owner's manual.

2800-LB. PULLING CAPACITY (Wheeled Loads) on 20% INCLINE. 750-lb. deadweight (vertical lift) capacity. Complete with vehicle harness consisting of: 25-ft. 8 ga. wire, 20-ft. galvanized steel aircraft cable.
75-3291B— . . . . . Each **$114.95**

3400-LB. PULLING CAPACITY (Wheeled Loads) on 20% INCLINE. 1000-lb. deadweight (vertical lift) capacity. Complete with vehicle harness consisting of: 25-ft. 8 ga. wire, 3 automatic circuit breakers, 25-ft. 5/32" diam. galvanized steel aircraft cable.
75-3292P— . . . . . Each **$129.95**

4600-LB. PULLING CAPACITY (Wheeled Loads) on 20% INCLINE. 1500-lb. deadweight (vertical lift) capacity. Complete with vehicle harness consisting of: 25-ft. 8 ga. wire, 3 automatic circuit breakers, 45-ft. 5/32" diam. aircraft cable for **double line operation only**—plus 3/4 ton pulley block.
75-3293Y— . . . . . Each **$144.95**

ACCESSORIES FOR ABOVE WINCHES

B HEAVY DUTY BALL HITCH BRACKET. Bracket, with winch bolted to it, slips over standard trailer ball, 1-7/8" or 2". Swivels automatically to face load—lets you pull boat and trailer up a slippery ramp. Handy for freeing car from snowbanks, sand and mud. Strong, solid steel with galvanized plating.
75-3358R—Fits 1-7/8" Trailer Ball. Each **$27.95**
75-3359X—Fits 2" Trailer Ball Each **29.95**

C CABLE GUIDES AND BRACKET. Enable you to bring in cable from any direction safely, without rubbing drum or tangling.
75-4479B—Vertical Mount for any vehicle with flat bumper.
75-4480P—Horizontal Mount for any vehicle with space between bumper & grille.
Above Numbers . . . . . Each **$21.95**

D EXTRA SWITCH AND HARNESS ASSEMBLY (not shown). Ideal for installation in your second vehicle.
75-3295T— 1-Kit **$23.95**

RATCHET HOISTS-PULLERS

Choice of 1 or 2 Ton Capacity

LOW AS **32.95**

Lightweight, yet lifts, lowers, pulls or stretches heavy objects with ease. Aligns body parts, positions engine, lifts cargo, pulls vehicle from mud, snow or sand . . . hundreds of uses. Rugged construction. Has plastic hand grip, hooks on both ends, positive load control, aluminum alloy drums, cable guides, and 3/16" galvanized aircraft cable.

One Ton Capacity. 14-1/2" minimum distance between hooks. 6-ft. maximum lift using 3/16" cable (included). 18.1 leverage.
75-2943R— . . . . . Each **$32.95**

Like above, but with 12 ft. lift.
75-2944X— . . . . . Each **$34.95**

Two Ton Capacity—Double pulley action on one end. 22" minimum distance between hooks. 6-ft. maximum lift using 3/16" cable (included.) 36.1 leverage. Includes pulley block.
75-2945U— . . . . . Each **$41.95**

HEAVY DUTY CHAIN BLOCK HOIST

With Slip-Proof Hook

Choice of 1/2, 1, or 1-1/2 Ton 10 ft. lift. Patented knurled hook grips heavy loads firmly, without slipping. Suspension hook is mounted on a rugged cover-to-cover hook pin for added strength. Specially designed chain guide eliminates chain blockage. Brake cover keeps hoist free from dust and water.

89-9854N—1/2 Ton capacity ....Each **$74.98**
89-9855B—1 Ton capacity .....Each **99.98**
89-9856P—1-1/2 Ton capacity ....Each **119.98**

All Purpose PULLER SET

Complete with 3 Sets of Jaws and Wall Hanger

Includes three sets of jaws: regular long jaws 5-1/4" under bar; gear puller jaws 3" under bar; and race puller jaws 5-1/4" under bar. Also includes 9" cross bar, race puller yoke, and free revolving screw tip. All puller jaws have roll-over bend at top to prevent spreading; minimize parts damage. Fine thread on puller screw for greater leverage, easier pulling. Heat treated quality alloy steel construction. Zinc plating on jaws and revolving screw tip. Screw and cross bar have black oxide finish.

15-4098T—.....1-Set **$41.95**

SAVE Largest Selection

TORQUE WRENCH

Reads in Inch Pounds to 1800, In Foot Pounds to 150, & In M/Kg. Scale to 21

Triple scale eliminates the need for 3 different wrenches. 1/2" drive wrench reads 0-1800-in. lbs., 0-150-ft. lbs., and 0-21 meter/kgs. Durable, rust resistant chromed steel construction with lightweight strong aluminum handle and scale. Scale features built in scale guard. Includes bolt tightening specification chart.

88-7362B—.....Each **$14.98**

Measure Torque in Foot Lbs., Inch Lbs., AND Meter-Kilograms
Triple-Scale TORQUE WRENCHES

Tips on TORQUE

Direct Reading Beam Type Scales

Pivoting Handle

• **Choice of 1/2" or 3/8" Square Drive**
Chrome plated steel construction with pivoting plastic handle. Each wrench comes with "Tips on Torque" pamphlet, including information on engine tightening data for U.S. and imported cars, trucks, tractors, and marine, aircraft, and small engines.

3/8" Square Drive Torque Wrench. Ideal for work on imported cars and trucks. Measures 0-50 ft. lbs. 0-600 in. lbs., 0-6.9 meter kilograms.
17-9618A—.....Each **$13.98**

1/2" Square Drive Torque Wrenches. For engines, transmissions, chassis, etc. 19-13/16" l.
Measures 0-150 ft. lbs., 0-1800 in. lbs., 0-20.7 meter-kilograms.

SOCKET WRENCH & TOOL SETS

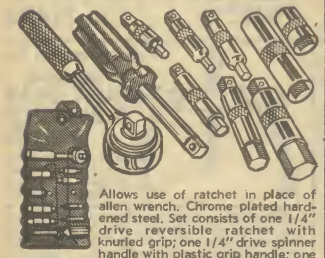
EXTRA DEEP Well Thin Wall SOCKET SET

8 PC. SET 3/8" DRIVE CHROMED STEEL

Extra deep thin wall sockets eliminate the need for open end wrenches in most cases. Use with any 3/8" drive attachment to clear bolts up to 2" long. Socket sizes: 13/16", 3/4", 11/16", 5/8" 9/16", 1/2" 7/16" 3/8".

88-7034X— 1-Set **$7.19**

Metric ALLEN HEAD SET with 1/4" Drive RATCHET



Allows use of ratchet in place of allen wrench. Chrome plated hardened steel. Set consists of one 1/4" drive reversible ratchet with knurled grip; one 1/4" drive spinner handle with plastic grip handle; one each 20mm long and 55mm long 1/4" drive adaptors; and 6-pt. allen bits in following sizes: 2.4, 3.0, 4.0, 5.0, 6.0, 8.0, and 10mm. In plastic pouch.

88-7036B— 1-Set **$16.98**

FLEX HEAD RATCHET

- **3/8" DRIVE**
- **REVERSIBLE**

Easy-to-operate thumb control for quick reverse. Non-slip, sure-grip handle. Chrome plated steel.

88-7033R— ..... Each **$5.98**

22 in 1 WRENCH

USE ON METRIC AND SAE NUTS WITHOUT MAKING ADJUSTMENTS

Now one self-adjusting, non-slip wrench does the work of many! Use as you would any box end wrench. Withstands up to 200 ft. lbs. of torque, works on SAE or metric hex square, acorn, and wing nuts, fiber lock nuts and tee fasteners. Also works on knurled knobs and rounded or damaged nuts. Fits sizes 3/8" to 7/8" and 9 to 22mm. Heavy duty lightweight 8-1/2" long wrench is chrome plated stainless steel.

88-7245R—
Each **$5.98**

Reversible RATCHET WRENCHES

LOW AS 2.49 **Highly Polished Chrome Finish**

Exceed Federal specifications #GGG-W-641d for test load strength and hardness. Easy-to-operate thumb control for quick reverse ratchet operation. Non-slip, sure-grip handle.

Stk. No.	Drive Size	Length	
88-2522W	1/4"	5-1/2"	$2.49
88-2523U	3/8"	7-1/2"	$4.79
88-2524B	1/2"	10"	$5.98

180° UNIVERSAL JOINTS

For Socket Wrenches Choice of 3/8" or 1/2" Drive

Top quality universal joints give maximum flexibility for reaching into tight areas. Chrome plated vanadium steel. Exceed Federal specs. 180° swivel. Short coupled.

88-6068W—3/8" Drive . . Each **$2.39**
88-6069U—1/2" Drive . . Each **$2.69**

FLUORESCENT DROP CORD LIGHTS

STAYS COOL—No danger of burns. **DURABLE**—Clear butyrate housing has tough heavy gauge polyvinyl end caps, resists oil and grease. Virtually unbreakable. **SAFE**—No shocks. No glare. **ECONOMICAL**—Powerful light floods entire area with soft illumination. Fluorescent bulb will outlast incandescent bulb 10 to 1—rated for 6400 hours of continuous service. Other features include adjustable hanger, aluminum reflector, replaceable 15 watt bulb, and 20 foot long heavy duty cord. 22 inches long overall.

110 VOLT AC MODEL. UL listed. OSHA approved. Plugs into any 110 volt outlet.

17-8953T—
Each **$29.95**

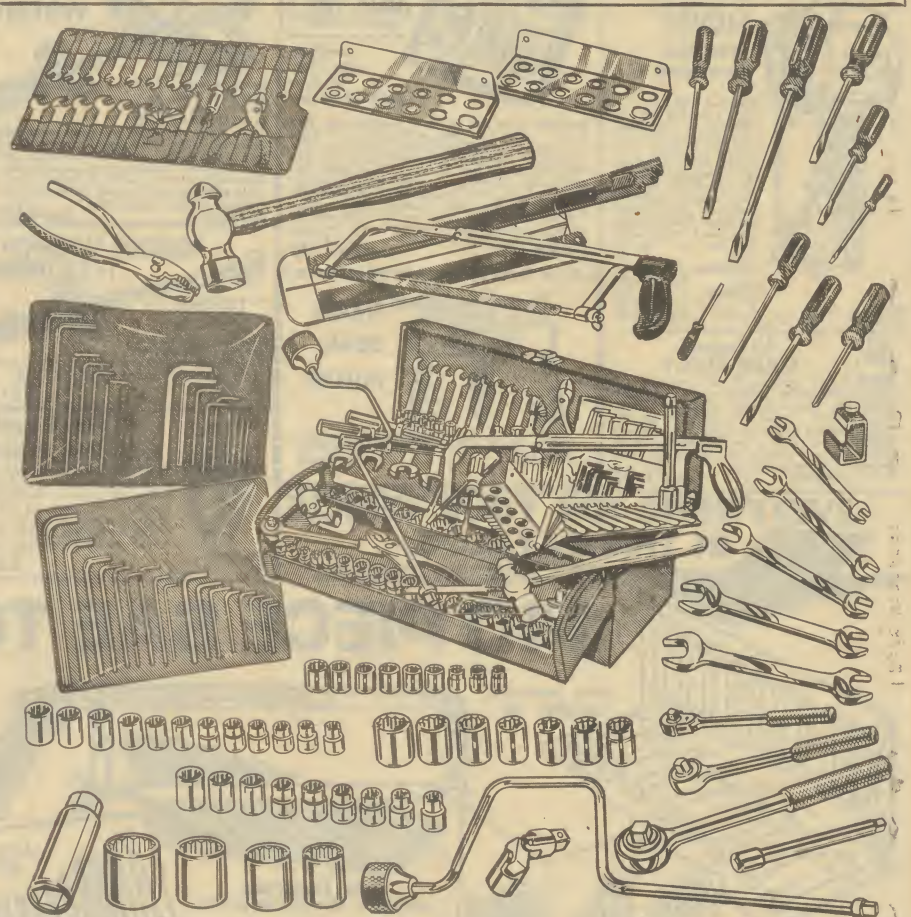
12 VOLT MODEL. Plugs into cigarette lighter receptacle. Draws only about 1 amp per hour.

83-0628Y—
Each **$29.95**

CHECK THIS QUALITY:

- **Socket wrench parts exceed U.S. Government Torque Requirements (GGG-W-64-lbs.)**
- **Specially hardened, hot-broached socket walls for extra strength and durability**
- **All sockets heat-treated for a guaranteed lifetime of use**
- **All tools polished and chrome plated for lasting beauty and protection against rust**

BONUS!
4 professional-quality test instruments for efficient engine testing and repair (with 154 pc. and 118 pc. sets only).



WE OFFER YOU TOP QUALITY AT LOWER-THAN-LOW BUDGET-PRICES with YOUR CHOICE OF

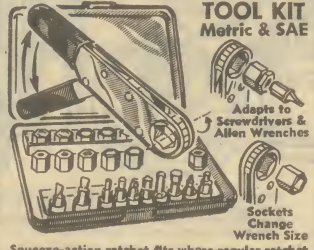
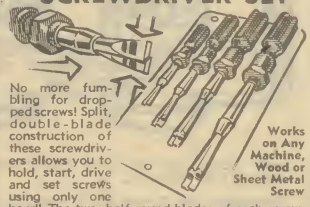
22-PC. RATCHET WRENCH TOOL KIT Metric & SAE



Squeeze-action ratchet fits where regular ratchet won't! Each time handle is squeezed, box socket rotates, enabling you to work in tight areas. Also operates as a conventional ratchet box wrench. Kit consists of 9/16" (14mm) ratchet with sure-grip rubber covered handles; 5 SAE hex inserts sizes 1/4", 5/16", 3/8", 7/16", and 1/2"; 5 metric hex inserts sizes 9, 10, 11, 12, and 13 mm; 2 slot screwdrivers, 2 Phillips screwdrivers, 6 Allen wrenches, and universal adapter. In storage box.

17-9230N— 1-Kit **$19.95**

5-PC. SCREW-HOLDING SCREWDRIVER SET

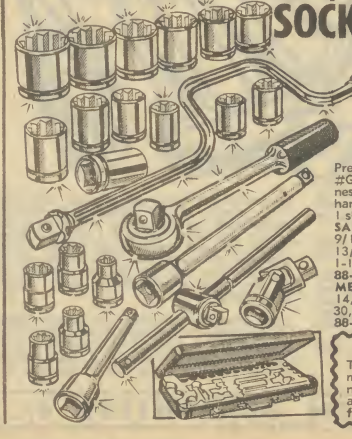


No more fumbling for dropped screws! Split, double-blade construction of these screwdrivers allows you to hold, start, drive and set screws using only one hand! The two, half-round blades of each screwdriver are enclosed in a metal tube. To grip a screw, simply insert the bit into screw slot and push tube toward screw, causing the blades to mesh in a wedge effect inside the screw slot. Drive screw to desired tightness. To release screwdriver grip, simply slide metal tube back toward handle. Tough, durable spring steel blades, shock resistant fluted plastic handles. Set consists of 4 standard screwdrivers sizes 1/8" x 5", 3/16" x 6-1/2", 3/16" x 8", and 1/4" x 10", plus wall-mount aluminum storage rack.

Works on Any Machine, Wood or Sheet Metal Screw

15-4354P— 1-Set **$8.49**

Mechanics' Quality 24 Piece 1/2" Drive SOCKET WRENCH SET



• COLD DROP FORGED • TRIPLE CHROME PLATED • CHOICE OF METRIC OR SAE • EACH SET HAS 18 SOCKETS, RATCHET, SPEEDER HANDLE, PLUS OTHER PIECES!

Heat treated chrome molybdenum SCM3 alloy steel gives these thin walled sockets higher torque strength for reliability. Every tool in these sets is triple plated with copper-nickel-chrome.

Precision sized. Exceeds Federal Specifications #GGG-W-641d for test load strength and hardness. Sets contain 1 reversible ratchet, 1 speeder handle, 5" and 10" extensions, 1 universal joint, 1 sliding tee handle, and 18 sockets in metal box.

SAE SET. With sockets sizes 3/8, 7/16, 1/2, 9/16, 19/32, 5/8, 21/32, 11/16, 3/4, 25/32, 13/16, 7/8, 15/16, 31/32, 1-1/16, 1-1/8, and 1-1/4"

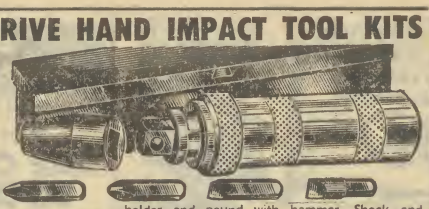
17-9613B— 1-Set **$17.98**

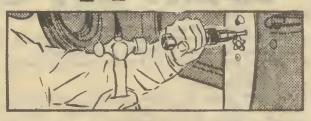
1/2" or 3/8" DRIVE HAND IMPACT TOOL KITS

Reversible!

Complete with Metal Case & Bits

Only **11.98** Kit





Acts Like $150.00 Air Impact Wrench! Complete 7-pc. 2-way tool kit for loosening rusty, corroded or frozen screws, nuts or bolts that cannot be loosened by ordinary screw drivers or socket wrenches. Special reversible feature also permits tightening of screws, nuts and bolts. Simple to use . . . just attach driver bit to special holder and pound with hammer. Shock and torque quickly loosens—or tightens. No air or electric power needed—saves time and effort. Perfect tool for garages, service stations, or the do-it-yourself mechanic. Machined of high strength steel alloy for long service. Kit includes driver, two each: Phillips and straight bits; driver bit holder; complete instructions; and rugged metal case.

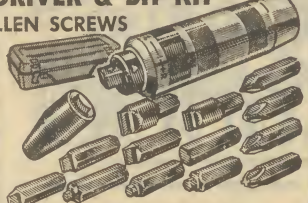
89-4436W—1/2" Drive
88-6245P 3/8" Drive 1-Kit **$11.98**

6-Pc. Bit Kit. Includes 3 straight bits (15/32" tip width x 1-7/16", 3/8" tip width x 3-3/16", 15/32" tip width x 3-3/16"); and 3 Phillips bits (2" x 3-3/16", 3" x 3-3/16", and 4" x 1-7/16"
88-2629R—
1-Kit **$4.79**

16-Pc. HAND IMPACT DRIVER & BIT KIT for SLOTTED, PHILLIPS or ALLEN SCREWS

Our most versatile driver set! No air or electric power needed. Ideal for those "impossible" jobs like striker plates, motorcycle engine cases, body panels, etc. Breaks loose rusty, corroded, frozen screws, nuts and bolts that cannot be loosened with screwdrivers or wrenches. Reversible feature also permits tightening. Simple to use: attach driver bit to holder and pound with hammer. Shock plus torque quickly loosens (or tightens) . . . without stripping or breaking off! Machined of high strength steel alloys for long service. Perfect for garages, service stations, do-it-yourselfers. Consists of 4 Phillips, 5 flat and 4 hex bits, driver, adapter, handy box. Driver can be used with any 1/2" drive accessory or socket.

88-5678T— 1-Set **$19.98**



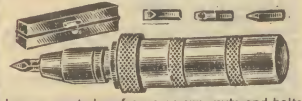
6-Pc. LONG BIT KIT—Bits only—each 3" long for tight, narrow spaces. Contains 3 flat and 3 Phillips type bits.
88-5679A— 1-Kit **$6.59**

COMPACT REVERSIBLE 1/4" IMPACT DRIVER SET

- **Excellent for Hard-to-Reach Areas**
- **Ideal for Motorcycle Engines & Transmission Case Covers**

Easily loosens or tightens the most stubborn screws. Simply attach driver bit to holder and strike with hammer. Shock and torque quickly loosens—or tightens. Plastic protector at strike head absorbs excess shock and vibration. 1/4" hex-head driver has rust resistant chrome finish. Heat treated tool steel bits. Set consists of driver, 1 each Phillips #2 and #3 bits, and 1 each flat 5/16 and 3/8 bits. In rugged metal storage case.
88-7017B— 1-Set **$7.98**

3/8" or 1/2" REVERSIBLE IMPACT DRIVER KIT



Loosens rusted or frozen screws, nuts and bolts that screwdrivers and socket wrenches can't budge. Reversible feature also permits tightening. Just attach bit and strike with hammer. Shock and torque do the job instantly. Hi-strength, tough steel construction.
88-6215T—3/8" drive
88-6216A—1/2" drive 1-Set **$8.49**

METRIC HEX WRENCH BIT SETS Accept Any 3/8" Square Drive Hand Impact Tool

Ideal for cars, trucks, and motorcycles using metric fasteners. 3/8" square drive bit holder has spring retainer to hold bits securely. Heat-treated alloy steel.

A **6-PC. SET.** Consists of 4, 5, 6, 7 and 8mm bits with 5/16" hex drive and bit holder
15-4001X— 1-Set **$7.79**

B **3-PC. SET.** Consists of two 10mm bits—one 1-1/4" long and one 4-5/8" long, and bit holder. 7/16" hex drive.
15-4002N— 1-Set **$6.59**

ELECTRIC ENGRAVER

Discourage theft by identifying your belongings. Compact, lightweight marker does clean, permanent engraving on any hard surface—steel, glass, wood stone, plastic—as easily as writing with a pencil. Adjustment knob changes length of stroke and width of line. High impact housing contoured to fit hand. Only 6" long, weighs only 6 oz.—won't tire hand or arm. POWERFUL WET or DRY VACUUM

- GIANT 12 GALLON CAPACITY
- PICKS UP LIQUIDS AND SOLIDS FAST!
- FOLLOWS YOU EFFORTLESSLY ON EASY ROLL CASTERS
- IDEAL FOR HOME, GARAGE, SHOP!

ONLY **47.95**

Power to spare! More than one horsepower. Gobbles up stones, gravel, sand, wood chips, metal shavings, broken glass, leaves, dust, dirt and almost any debris you can think of. Picks up standing water "like a pump." Drains washtubs. Cleans rugs, furniture, draperies . . . and fireplaces. So powerful, so versatile, you'll use it all over your house and basement . . . in your garage . . . on your driveway, patio and sidewalks . . . for your car seats, carpets, and trunk. You'll use it to make your life easier every day, on jobs you're now doing with your ordinary vacuum cleaner, and on jobs your never thought a vacuum could do!

12-Gallon, Extra-Large Capacity for solids, 7-1/2 gal. for liquids. You spend less time on emptying, get the job done faster!

Big, 1.1 H.P., U.L. Approved Motor gives a giant power reserve for the toughest jobs. Actually sucks up water "like a pump." Picks up sticks and stones as easily as dust. Motor completely protected from water.

Filter System handles wet or dry—no change-over required. Debris by-passes motor, goes directly into container. **Automatic Valve** shuts off when safe liquid capacity is surpassed in container.

Housing is injection-molded high-impact polystyrene and ABS . . . two of the toughest plastics known, won't rust, chip or dent. Molded-in side handles, recess in top for hose storage. Convenient, top-mounted on-off rocker switch. Four chrome latches hold top on securely, seal it tightly.

Wide-Base Dolly rolls effortlessly on four ball-bearing casters. Receptacles hold every accessory you need, at your fingertips. Caddy detachable from vacuum housing.

12-Ft. Cord lets you work on large areas without re-plugging into a different wall socket. 3-wire, with 2-prong adapter.

INCLUDES ALL THESE 14 ACCESSORIES!
6-ft. long, extra tough all-plastic hose. Ready to attach.
Two-piece straight wand, plus curved wand. Each section 20" long. Prevents stooping and reaching.
Carpet tool with floating brush.
Squeegee insert for wet-pickup. Cleans floors, etc, bone-dry in one pass.
Shag insert . . . reaches deep-down dirt.
Crevice tool for hard-to-reach places.
Upholstery nozzle.
Brush nozzle. For drapes, furniture, any dust or dirt that clings.
1 foam filter band, plus 3 pre-filter bands to catch large particles.
Hose, wands and attachments above are 1-1/4" diameter.

Wet/Dry Vacuum complete with dolly, 6-ft. hose, 3 wands, carpet tool, squeegee insert, shag insert, crevice tool, upholstery nozzle, brush nozzle, 1 foam filter band and 3 pre-filter bands, 3-wire cord and adapter, 110-120 V. AC. 21" long (with dolly) x 18" wide x 21" high.
15-3233X—
Each **$47.95**

Heavy-Duty 2-1/2-In. Diameter Accessory Kit. Includes: 6-in. utility nozzle; 2-pc. wand to prevent stooping and reaching—stores on caddy, 39-1/2-in. long assembled; 6-ft. hose. Blower tool/reducer—use to vacuum in tight places, to increase air flow when blowing; and to reduce to 1-1/4" accessories.
15-3234N— 1-Set **$9.98**

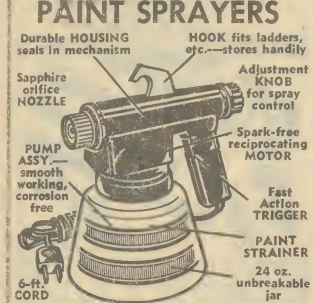
88-7178B— ..... Each **$15.98**

Our BEST Electric PAINT SPRAYERS



- **Delivers 2 oz. per minute . . . 1 gal. per hour . . . at 45 PSI**

Airless, electric sprayer makes spray painting fast, easy and economical. Gives you professional results, without an expensive compressor. Sprays any paint that can be thinned for spraying, including latex, enamel, lacquer, varnish, shellac, and acrylics.

Efficient, lightweight sprayer paints **cars, cycles, bikes, boats, fences, furniture, etc.** (not for house painting). "Airless" principle produces less drift or overspray, so do-it-yourself can use it indoors or out, year-round. Sprays insecticides on shrubs, bushes, gardens, mothproofs and deodorizes clothing, rooms, closets. Only sprayer on the market with all of these **quality features:**

- **Durable, lightweight phenolic construction to resist corrosion. Sealed-in mechanism.**
- **Wear-proof, genuine sapphire orifice in nozzle.**
- **Compact, spark-free reciprocating motor**
- **Corrosion-proof, smooth working pump assembly**
- **Heavy or light spray adjustment knob**
- **Fast-action trigger for instant control**
- **Strainer helps prevent clogging, makes cleaning easy**

Complete with 24 oz. unbreakable polyethylene jar, testing cup for correct paint thinning, 6 ft. UL listed cord, storage box and instructions. Operates on 110 volt AC.
Not returnable for refund or credit.
75-2892Y— 1-Kit **$22.95**

HIGH CAPACITY SPRAYER

- **Blast off rust, scale, carbon, paint, chemicals — clean welds, castings, molds, concrete, textured surfaces — treat metal, wood, stone, glass, plastic**
- **Use sand, aluminum oxide, nutshell, metal shot, glass beads, etc.**
- **Reach hard-to-clean voids, angles, corners, recessed areas**
- **Save time, money, energy** Do eight hours work in two hours with this sand blaster. Cleans many times faster than conventional methods, such as sanding, wire brushing, chipping or chemicals. Complete unit includes:

BLAST GUN—Trigger gives fingertip control of air pressure and sand blast action. Uses 1/4" nozzle (two extra 1/4" nozzles and 1/8" air jet also supplied). Operates on 50 to 200-lbs. air pressure, which can be supplied by any 1 1/2 H.P. or larger compressor (not included). 15 CFM of air is required at 100-lbs. pressure for 1/4" nozzle (included).
Also included: enameled steel container that holds 50-lbs. of abrasive, 7-ft. hose, face shield and hood. Allen wrench.
75-3142X— 1-Set **$51.95**

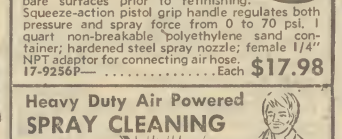
Heavy Duty SAND BLAST Kit

Professional Style

- **Holds 100-lbs. of sand or other abrasive!**

A complete heavy duty kit to get the big jobs done fast, neat . . . and easy! Ideal for automotive, welding, paint and body shops. Sturdy steel legs on rubber wheels —rolls easily to any job. Operates on 40-200 lbs. pressure at volume as low as 7.5 CFM. Can be filled while operating. Includes heavy gauge welded hopper, screen, suction gun with on/off trigger, sand-blast hood, dust-guard respirator, 10-ft. suction hose and fittings, 3/32" hardened steel air jet and 3/16" hardened steel nozzle.
99-5964UFE— Shpg. wt. 45 lbs.. Kit **$99.95**
Not mailable—shipped truck or rail from Fla.

PORTABLE SAND BLAST GUN



- **Requires only 1 HP Air Compressor**
- **Flip Lever—Converts to Air Gun**

Easy-to-use hand tool removes rust and scale from metal and cuts away paint and other coatings down to bare surfaces prior to refinishing. Squeeze-action pistol grip handle regulates both pressure and spray force from 0 to 70 psi. 1 quart non-breakable polyethylene sand container; hardened steel spray nozzle; female 1/4" NPT adaptor for connecting air hose.
17-9256P— . . . . . Each **$17.98**

Heavy Duty Air Powered SPRAY CLEANING GUN

- **Removes dirt, grease, oil quickly and easily from engines, parts and machinery**
- **Pressure type trigger for maximum efficiency**

Sprays kerosene, soap, other solvents under high pressure to wash away layers of grime or grease from hard-to-reach areas. Automatically adjusts to shop pressure from 35-175psi. Chrome plated 11" barrel, non-slip rubber handle and connecting fitting with 1/4" female pipe thread inlet. 7'6" suction tube.
12-1487U— . . . . . Each **$17.98**

OXY-PROPANE WELDING KIT

New Way to Weld . . . Uses Solid Oxygen Pellets, plus Propane!

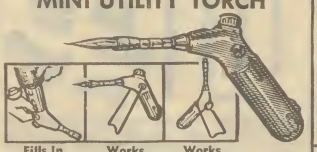
- **Complete — ready for any everyday welding job. Learn how in minutes.**
- **Exceeds 5000° F to weld, braze, or solder . . . hot enough to melt 1/4" steel!**

Amazing, new SOLID OXYGEN welding kit—lets you do all-around, medium duty welding . . . without the high cost of a standard welding outfit and tanks. Lightweight, portable kit weighs only 14 lbs. goes anywhere, does all of those jobs around your home, farm, garage, shop, or boat. **COMPLETE KIT**—includes 14-oz. tank of propane gas with valve, solid brass oxygen generating cylinder with filter, alumina pellet chamber —all self contained in metal housing and rack; torch with standard and small tips, hose and sparklighter. Plus oxygen pellets, assorted rods, flux, tip cleaner, safety welding glasses. Easy to use. Includes easy-to-follow instructions, and basic welding techniques booklet.
Safety features: Lower gas pressures and shorter hoses make this kit safer than standard welding outfits. Solid-oxygen pellets strike against safety match book, can't be ignited accidentally. Pellet chamber with Viton seals, withstands 600°F. heat. Two soft-plug pop-outs prevent excessive pellet chamber pressure buildup. Teflon check-ball prevents backup of propane.
Complete Welding Kit.
75-2982X— 1-Kit **$35.95**

REPLACEMENT SOLID-OXYGEN PELLETS. Can be stored indefinitely when kept dry. 2-lb. can.
75-2983N—For standard tips 1-Can **$3.98**
75-2984T—For small tips 1-Can **4.19**

Only 9 1/2" Long, Weighs Just 11 Oz.— Yet Burns up to 30 Minutes on 1 Filling!

MINI UTILITY TORCH



Fills In Seconds **Works Horizontally** **Works Vertically**

Totally self-contained torch fills in seconds from propane or Mapp® gas cylinder . . . delivers up to 3000°F flame. Compact 11-oz. torch is ideal for home, garage, farm, industry, hobby. Solders wire and copper tubing, brazes up to 1/16" sheet metal (using Mapp® gas), welds metal, PVC, etc. Operates at any angle, comes with detachable stand that locks torch into horizontal or vertical position. Can be used with cylinder (not included) attached for longer burning time. Brass and aluminum construction with shatter-proof ABS plastic handle. UL-recognized safety release valve prevents pressure buildups. Complete with pencil point tip (approx. flame size 1/4"). Accessory tips sold below.
17-9278U—
Each **$15.98**
15-3679A—Pin point tip: 1/8" flame Ea. **$3.49**
15-3680R—Heavy duty tip. 2" flame. Ea. **4.98**

Hydro-Air Pressure Washer

Most Versatile Cleaning Tool Ever Invented

[A] Less Trigger

[B] With Automatic Trigger

Compressed air and water stream blasts heavy dirt — no back splash — harmless to finest finish.

Compressed air is used to break water into minute particles, thus breaking surface tension of water, producing a dense penetrating force. Quickly removes water soluble dirt, detergent, degreasing solutions from engines, parts, etc., with minimum quantity of water. Any standard air compressor will supply ample air pressure. Uses standard 1/4" pipe thread connectors.

[A] **STANDARD.** Less trigger.
52-0335X— . . . . . Each **$23.98**
[B] **DELUXE.** With auto. trigger.
75-0873P— . . . . . Each **$29.98**

JET SPRAY WASH 'N RINSE GUN

Works Off Garden Hose

Switches instantly from wash solution to clear rinse. Eliminates cumbersome buckets. To use, simply fill 1-quart polyethylene bottle with detergent solution, attach to garden hose, and turn on water. Shut-off mechanism allows instant change from wash solution to rinsing water without changing spray head. Squeeze-action pistol grip handle; lock ring permits hands-free continuous spray. Leakproof tooled all-brass valve. 3-gal.-per-minute flow at 40 psi.
17-9255B—
Each **$14.98**

SIPHON SPRAY BLOW GUN

Complete with 8' SIPHON TUBE

Operate with any air compressor. Siphons and sprays liquids. For engine and parts cleaning; rustproofing tools and machinery; spraying insecticides on livestock, plants and flowers. All-metal blowgun with spring-loaded trigger. Vinyl storage pouch.
13-1528T— . . . . . Each **$8.49**

COMPLETE PORTABLE GAS WELDING OUTFIT

Complete kit includes: • 20 cu. ft. oxygen and 10 cu. ft. acetylene tanks with carrying rack • 12-1/2 ft. twin-line hose • Color coding on hose, tanks and regulators • Universal mixing handle • Oxygen, acetylene regulators • Cutting attachment • Lighter • Goggles

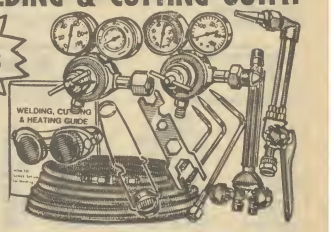
Sturdily constructed for heavy use, yet light enough to be truly portable! Precision machined, two-tube vented welding handle welds up to 1/2" steel. Cutting attachment has solid forged head; precision machined to seat tips accurately. Single stage regulators deliver smooth gas, oxygen flow. Oxygen has 80 and 2500 lb. gauges; acetylene has content and pressure gauges. Adaptor fits regulator to standard oxygen tank. Long-flame, swaged copper alloy welding tips. Small, medium and large tips for welding to 3/32, 3/16, and 5/16 in. Medium cutting tip cuts to 1-1/2 in. thick. Includes tip cleaner and instructions. **Note:** Both tanks are empty.

17-9156B—
1-Outfit **$219.95**
OUTFIT WITHOUT TANKS OR RACK.
17-9157P— 1-Kit **$119.95**
OXYGEN & ACETYLENE TANKS WITH CARRYING RACK. Both tanks are empty
17-9158Y— 1-Set **$119.95**

Heavy Duty 2-STAGE WELDING & CUTTING OUTFIT

- **2-stage regulators automatically compensate as tank pressure drops — eliminates frequent readjustments!**
- **Welds up to 1/2" thick, cuts up to 6" thick steel**

ONLY 159.95



Automatically controls flame . . . helps assure consistent heat and performance without constant readjustment of valves. Heavy duty torch has bronze bearing head, stainless steel adjusting screws, 3-1/2" and 1" diaphragms. Non-flash mixer. Oxygen regulator has 150 and 3000-lb. gauges, acetylene regulator has 30 and 400-lb. gauges. All components UL listed. Complete with torch, welding tips (#3, #5 and #7), mixer, cutting tip, regulators, goggles, 20-ft. 3/16" hose, wrench and instruction booklet.
82-0875W— 1-Kit **$159.95**

Above, but with single stage regulators.
82-0876U— 1-Kit **$118.95**

OXY-ACETYLENE WELDING & CUTTING KIT

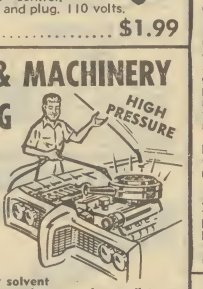
- **Welds up to 1/2" thicknesses—Cuts to 3"**

The ideal all-purpose welding and cutting outfit for automotive, shop, home and farm use. Compact, lightweight, verastile. Engineered to industrial standards, with brass, stainless steel and copper parts for strength and durability.
Complete outfit includes:
WELDING TORCH Handle with Mixer. All brass torch is only 9-1/2" long, for easy handling. Lightweight (12-oz.) for continuous welding without fatigue. Front mounted valves allow one-hand adjustment.
CUTTING UNIT. Solid forged head will not distort from heat or normal knocks and bumps. Double "O" rings guarantee positive hand-tight, leakproof connections. Cutting lever flips forward for easy attachment to handle.
ACETYLENE AND OXYGEN REGULATORS. UL listed, industrial rated, single stage regulators have forged brass bodies, solderless construction for long life and inexpensive servicing. With inlet filter, to protect regulator from foreign materials. Tamper-proof safety built inside regulator. Sufficient capacity to cut 6" steel, with proper handle, cutter and tip.
WELDING and CUTTING TIPS. 3 most popular welding tips (#3, 5 and 7) plus #1 cutting tip.
PLUS . . . NEOPRENE TWIN-HOSE WITH CONNECTIONS, SPARK-LIGHTER AND FLINT, WELDING GOGGLES, ILLUSTRATED INSTRUCTION MANUAL.
COMPLETE OUTFIT (less acetylene and oxygen tanks).
75-2985P— 1-Kit **$99.95**

60 WATT SOLDERING IRON

Pistol grip for easy, safe handling and perfect control. Complete with wire and plug. 110 volts.
04-0112R—
Each **$1.99**

ENGINE & MACHINERY CLEANING GUN



Quickly Dissolves Stubborn Grease, Oil, Dirt, Mud, Salt!

- **Lightweight: weighs only 24 oz.**
- **Safe!**
- **Use with Kerosene, soap or any solvent**

High speed two-way-action gun cleans all types of equipment faster, easier, at lower cost! Operates off any 40 to 150 P.S.I. compressor. Easy to use. Vacuum principle within the nozzle draws up solvent solution from container and automatically mixes it with hi-pressure air. Sure-grip contoured 7" handle has precision air and moisture control and trigger operated on-off control. 10" chromed barrel and spray nozzle. Includes 40" long plastic solvent hose with built-in strainer. Hundreds of uses on cars, trucks, and equipment, shop machinery, walls, tiles, concrete, screens and all the tough cleaning jobs.
88-2729X—
Each **$14.49**

CAR WASH NOZZLE

Fits any garden hose. Convenient automatic shut-off.
04-0002B—
Each **$1.59**

MULTI-USE TORCH

Ideal for home, garage, boat, hobby. Exclusive up-front finger touch flame control valve leaves one hand free to hold work piece, solder or braze rod. Four foot reinforced, flexible hose lets you get at hard-to-reach areas. Two valves insure positive on-off control of propane fuel. Molded rubber grip and light weight (9 oz.) reduce fatigue. Wire stand holds fuel cylinder in correct position for proper fuel flow, hooks onto ladder, bumper, etc. Complete with 4-ft. flexible hose, fuel cylinder valve, pencil point tip (approx. flame size 1/4"), stand, and instructions. (Does not include fuel cylinder).
15-3678T— 1-Kit **$15.95**
ACCESSORY TIPS for use with above. Pin point tip (approx. flame size 1/8") for fine soldering. Heavy duty tip (approx. flame size 2") for brazing, heavy duty jobs.
15-3679A—Pin Point Tip . . . . . Each **$3.49**
15-3680R—Heavy Duty Tip . . . . . Each **4.98**

3-Purpose CLEANING GUN

for Sand Blast, Air or Liquid

Use to:
Clean Metal Parts
Remove Paint & Rust
Remove Carbon
Cleans Welds
Clean Radiators

- **Designed for fast, efficient sand blast, liquid, or air cleaning of parts and surfaces.**
- **Easier to handle —— easier to use — operates from any standard air compressor.**

Sand blasts, sprays liquid or air under high pressure—cleans metal parts and surfaces right down to the bare metal. Gun operates on any standard air pressure system of 75 to 140 lbs. Most efficient results are at 100 lbs. pressure. Delivers 21.2 std. cu. ft. per min. at 80 psi. For sand blasting, any material 30 mesh or finer, such as silica sand, carborundum, granite grit, glass beads, etc., can be used. Includes gun, 3 nozzles, steel jet, jet wrench, 3-ft. rubber hose, glass jar and instructions.
74-2579B— 1-Kit **$20.98**

RIVETING GUNS & KITS

Easy-to-use riveting guns make strong, vibration proof joints effortlessly. Rivet anything together, from soft material to sheet metal. Replaces screws, bolts, ordinary rivets, brazing, soldering and welding. Perfect for auto body work and hundreds of other uses. Rivets not included, except where noted. Order below.

Easy one hand operation! Rivet from the outside—no need to remove body panels!

Insert rivet into tool — Insert into pre-drilled hole — Squeeze gun to fasten

A Heavy Duty Riveting Gun. Sets rivets twice as fast, with 25% less effort. Sets 3/32", 1/8", 5/32" and 3/16" blind rivets. Automatically ejects spent mandrel. Easy to use, no adjustments or pivot pins to change. Lightweight, compact. Chrome plated all steel construction.
75-3190W— ..... Each $23.95

B Regular Duty Riveting Gun. Sets 3/32", 1/8", 5/32" and 3/16" blind rivets without adjustment, merely by changing quick-switch screw-in nozzle bushings. Automatically ejects spent mandrel. Strong lightweight cast aluminum and chrome plated steel. Compact design.
75-3189Y— ..... Each 11.98

C Deluxe Riveting Gun Set. Includes 200 Assorted Rivets and Four Interchangeable Nose-Pieces in Storage Case. Sets 3/32", 1/8", 5/32" and 3/16" diam. rivets. Handles heavier jobs, works faster in tight places. Features include: **Hardened Metal Nosepieces**—screw into hardened steel insert for extra strength. Extra nosepieces store in tool when not in use. **Durable Fulcrum Pin; Wider Boss with Hardened Steel Pin**—for positive closure, longer life, **Non-Slip Rubber Covered Handles and Grip Guards. Chain Lock**—keeps handle closed. Rivet Gun, rivets and instructions in molded storage case.
75-0056B— 1-Kit $28.98

D Economy Riveting Gun & Kit. Swivel head takes 1/8", 5/32" and 3/16" rivets—automatically ejects cut rivet, can't jam. Kit includes gun and rivets.
88-7348A— 1-Kit $4.79

Steel Rivets for Above Guns

Short for work up to 1/8" thick, **Medium** for work 1/8" to 1/4" thick, **Long** for work 1/4" to 3/8" thick.

•Countersunk heads for flush riveting.
♦Includes 15 back-up spacers.
‡Includes 12 back-up spacers.
■Includes 10 back-up spacers

MULTI PURPOSE BODY CLAMP

Screw-type clamp has wide, strong pads for body repairs, welding, straightening. Can also be used to carry batteries. Opens to 8". All steel, zinc plated to resist rust.
15-4099A— ..... Each $6.49

RIVETING GUN KIT

Swivel head accepts rivets sizes 1/8", 5/32", and 3/16". Automatically ejects cut rivets; can't jam. Kit includes gun and assorted rivets.
88-7348A— 1-Kit $4.79

FLEXIBLE SANDING BLOCK

Rubber sanding block flexes to contour of your hand and sanding surface. Allows a smoother, more even finish with less effort and fatigue. Approx. 2-1/2" x 5" sanding surface.
88-7395B— Each $2.49

Sands up to 14,000 RPM at 90 PSI! 5-INCH PNEUMATIC HI-SPEED SANDER

High speed allows faster stock removal with finer grits, gives a finish that requires less filing and surfacer. Centrifugal force adds perfect balance and precision handling—holds sanding disc flat and throws off debris to prevent build-up. Direct drive 4 vane motor. Graduated trigger valve gives perfect control. Operates on 80-150 PSI. Complete with 2 fibre back-up pads and hub wrench.
75-2994B— ..... Each $31.95

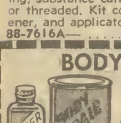
Easier Than Welding or Soldering! METAL REPAIR KIT

Repair motor blocks, gas tanks, radiators, oil pans. Now make expert metal repairs in shop or home without soldering or welding. Just mix powder with hardener and apply. After hardening, substance can be drilled, filed, cut, turned, or threaded. Kit consists of 4-oz. powder, hardener, and applicator.
88-7616A— 1-Kit $5.98

5-PC. GRINDING & POLISHING SET

For all 1/4 inch or larger drills. Consists of 3 grinding wheels plus polishing buff and arbor.
04-0229A— 1-Set $1.99

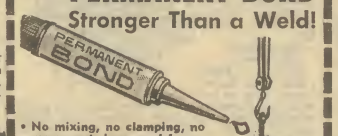
BODY REPAIR KIT



- **Makes body work simple—even if it's your first time! No tools needed!**
- **No pre-buffing, no need to sand to bare metal**

Repair rust damage and dents in 3 simple steps. Fast professional-like results. 1. Brush on primer and let dry. 2. Spread filler. 3. Sand to a smooth finish . . . and you're ready to paint! Kit includes 2-oz. bottle of primer, brush, 16-oz. can of filler, instructions.
12-2077B ..... Kit $2.89

PERMANENT BOND Stronger Than a Weld!



- **No mixing, no clamping, no mess—sets in seconds!**
- **Permanently bonds metals, plastics, rubber, ceramic, glass, porcelain . . . replaces nails, screws, bolt**

ONE DROP HOLDS 2 TONS

Revolutionary cyano acrylate adhesive was developed to replace nuts and bolts in industry . . . used to hold parts of cars, tractors, airplanes, cranes and machinery together. Now . . . available to you to replace every adhesive and nearly any fastening device you have ever used! Clear, colorless, non-toxic. Easy to use, straight from the bottle . . . no messy mixing (not an epoxy). Withstands a 5000-lb. pull per sq. in. . . . one drop can actually support a car in midair! Resists chemicals, weather, moisture . . . **indefinitely!** Makes fast, **permanent** repairs to cars, boats, bikes, mowers, furniture, glass, porcelain, appliances, sporting equipment, tools and an endless variety of things that you could not fix before with available adhesives.
16-0255B—2-gram tube makes 132 bonds. (132 sq. in.) .... Each $1.39
16-0260B—3-gram tube. Each $1.95

All-Purpose FLEX FILE for FIBERGLASS Finishing

For flat or curved surfaces. Bends to follow contours, prevents low spots. Special non-clogging grid grip base firmly holds 3" x 11" sheet of wet or dry sandpaper.
75-0369R— ..... Each $4.19

Super PIN PUNCH

Indispensable tool punches through 1/8" steel, scribes metal, punctures soft plugs for removal with a screw, serves as center punch for drilling. Tool steel point embedded in chip-resistant, cushion-grip handle. 7-1/4" long.
15-3733W— ..... Each $2.69

BODY and FENDER REPAIR KITS & TOOLS

20 Piece SUPER DELUXE BODY & FENDER TOOL KIT

Our most complete body and fender kit. Contains all of the following high grade, drop forged tools: bumping anvil, finishing and dinging hammers, combination rubberset hammer—short and long picks — fender flange — mushroom, cartrack, heel, toe, double-end, wedge, rolling, oval, utility, comma, shrinking and general purpose dollies.
75-3061R— 1-set $74.95

12 Piece Deluxe BODY & FENDER TOOL KIT

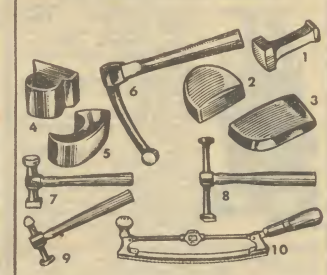
Complete set includes bumping hammer, anvil hammer, straight pick hammer, curved pick hammer, mushroom dolly, car track dolly, heel dolly, toe dolly, double end mushroom dolly, comma dolly, rubber hammer, and fender flange tool. Quality drop forged set will make most all body and fender jobs.
75-2768P— 1-set $38.95

6-pc. Deluxe Kit. Includes bumping hammer, heel and toe dollies, small hand dolly, utility dolly and flange tool.
74-2835Y— 1-kit $12.98
5-pc. Deluxe Kit. Includes bumping hammer, heel and toe dollies, small hand and utility dollies as in 74-2835Y set above.
74-2834A— 1-kit $10.98

3-pc. Deluxe Kit. Includes bumping hammer, heel and toe dollies as in 74-2835Y set above.
51-0230A— 1-kit $3.98
3-pc. Economy Kit. Like above, except tools not finished or polished.
51-0229T— 1-kit $3.59

10-Piece BODY & FENDER TOOL KIT

Complete set includes bumping hammer, medium straight pick hammer, dinging hammer, long straight pick hammer, car track dolly, heel dolly, toe dolly, mushroom dolly, rolling dolly, and fender flange tool. Keep your car dent-free with this useful set.
75-2767B— 1-set $34.95



High Grade drop forged tools, all with highly polished surfaces.

	Stk. No.	Each
1. Double End Hand Dolly	51-0242W	$6.69

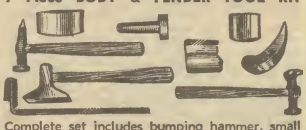
9 -Piece BODY & FENDER TOOL KIT



Complete set includes bumping hammer, small pick hammer, anvil hammer, mushroom dolly, cartrack dolly, wedge dolly, utility dolly, small comma dolly and fender flange tool. Enough to handle most small-to-medium size body and fender repairs.
75-2803W— 1-set $26.95

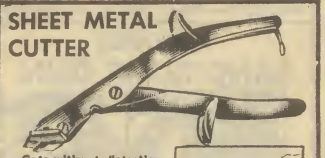
Heavy-Duty Air Impact HAMMER and KIT

3000 Blows Per Minute with 1-5/8" Stroke! Compact, easy to handle pneumatic hammer proves its worth where extra power is needed. Long Barrel, 2-1/2 oz. piston will drive a 5/32" cold steel rivet! Excellent for bolt and rivet cutting. Handy and versatile for body and panel work, exhaust systems, light or heavy jobs in garage or service station. Complete range of tools available—see below. Lightweight 3-1/2 lbs., 6" long, evenly balanced. Positive action, cartridge type trigger. High-polished cast aluminum body. With universal tool retaining spring. Air inlet opening: 1/4". Shank: .401". Recommended air pressure: 80-150 PSI.
75-2993U— ..... Each $35.95
Heavy-Duty Kit with Body Tools. (Illustrated) Heavy duty Air Impact Hammer No. 75-2993U above, tool retaining spring and the following panel cutting tools in tool box: T-Type, Flat-Type, Double-Blade, Special Cutter, Edging Tool.
75-2996X— ..... Complete Kit $54.95

Metal Cutting Tools

A Auto Body Panel Cutter. Patented feature cuts curls away. Turns in short radius—easily guided. Can't slip thru panel.
51-0488N— ..... Each $4.49
B All-purpose Metal Cutter. Cuts up to 16-ga. metal—any kind of cut. 10" long. With 2 1/8" tool steel blades.
74-4425W— ..... Each $8.49
REPLACEMENT BLADES
74-4426U— ..... Each $1.49

SHEET METAL CUTTER



- **Cuts without distortion**
- **Leaves cut edges smooth**
- **Follows pattern easily**

Cut sheet metal — up to 20 gauge mild steel or 18 gauge aluminum, brass copper, etc.—quickly and easily. Cut straight lines, holes, and curves without bending or distorting metal, without leaving jagged edge or burrs. Requires less leverage than tin snips and cuts neater.
89-3517U— ..... Each $16.98
SPARE BLADES FOR ABOVE
89-3518B— ..... Each $2.98
ECONOMY MODEL. Similar to above. Has same cutting capacity as above.
88-5620N— ..... Each $11.98
SPARE BLADES for Above
88-5621T— ..... Each $2.19

VACUUM SUCTION DISCS

Pull Big Dents Fast!

Big capacity—tremendous pulling power! Pulls out panel dents easily. **Lifts** flat heavy objects safely—such as flat or curved windshields and sheet metal. Thick, live rubber suction pad needs no wetting. No trigger release to gum up or break . . . merely lift edge to release vacuum. Steel handle for pulling with chain or jack. Handle swivels or flexes, has low silhouette for tight spots.
6" DISC. 33% more capacity than usual 5" disc.
75-3231Y— ..... Each $13.98
8" DISC. 50% more capacity than usual 5" disc.
75-3232W— ..... Each $18.49

DOUBLE SUCTION CUP DENT PULLER

Remove dents fast! Specially designed suction cup within a suction cup allows you to pull dents easily without having to remove door or fender panels. Ideal, too, for installing windshields and removing hub caps. To release suction, simply lift small side tab. Rugged live rubber puller has 6" outside diam., 3-1/2" handle.
88-7547Y— ..... Each $9.59

11-Pc. BODY PANEL STRAIGHTENING KIT

PUSHES, PULLS, ALIGNS & BRACES!

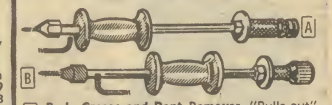
Powerful jack moves 1-1/4" in just 2 strokes! Gives you power where you need it to align fenders, hoods, bumpers, etc. Get into small, "knuckle busting" places too! Power head has five friction plates of heat treated, precision ground steel. 14" stress-proof steel rod has bullet nose for easy insertion—gives positive push action. Long handle has 6", 9", and 12" hi-strength steel tubing extensions for extra leverage. Sets also include 2 push caps, 2 couplings, and 2 pull attachments.
11-Pc. Heavy Duty Set.
12-2200P— 1-Set $44.95
11-Pc. General Duty Set.
12-2201Y— 1-Set $39.95

COMBINATION BODY TOOL

Shoots Hole—Pulls Dent All In One Operation

One tool does the complete job—it shoots a hole and pulls the panel dent! No pre-punching or drilling — eliminates hammer, screws, drills. Leaves a concave configuration in panel—while a drilled hole leaves a convex shape that must be ground. Has self-contained power—merely cock . . . press against panel . . . and fire! No air hoses or extension cords to connect. Adjustable spring tension.
75-3285U— ..... Each $25.95

Crease & Dent Pullers



A Body Crease and Dent Remover. "Pulls out" dents and creases in a jiffy. Eliminates upholstery removal, removal of inner panels. Drill or pick punch 1/8" holes as needed. Screw in metal screw on tip into hole—pull on handle and use slide hammer on shaft.
74-0892A— ..... Each $9.49
B Slide Hammer Puller. Removes creases and dents even in hard-to-get places. Just screw in, pull out dent, and fill hole with filler. Hex-head screw is locked in end of "shaft—will not strip or turn.
74-6551X— ..... Each $8.98
Slide Hammer Puller Attachment. For pulling bearings, gears and seals. Fits above puller, all others with 1/2" shaft.
74-6552N— ..... Each $4.79

Save DO-IT-YOURSELF

IMPACT DENT PULLER

With Removable Hollow Nose Piece

Puller's rammer action is powerful enough to pull out rocker panel dents, broken trunk or door locks! Simply punch or drill hole, screw in tip and pull on handle. No need to remove headliner or upholstery. Removable hollow nose piece allows use of various sizes of coarse or fine thread, round-head screws with up to 5/8" diam. heads. Constructed of 5/16" diam., cadmium plated steel. 12 in. long.
88-7197B— ..... Each $4.98

IMPACT DENT PULLER

Powerful enough to pull out rocker panel dents! Easy to use. Just punch hole, screw in tip and pull on handle. Rammer action of the non-slip grip on shaft pulls out dents or creases, even from "impossible" places. No need to remove head liner or upholstery. Complete with alloy steel tip with 1/2" coarse thread.
12-2202W— ..... Each $15.98
Dent Puller Tips Only. Made of tough alloy steel.
12-2203U—1/2" coarse thread tip . Each $5.98
12-2204B—3/8" fine thread tip . . . Each $5.49

HOLE SAW

Cuts 7 Hole Sizes

Fits any drill. Cuts through steel and other metals, plastic, wood, formica, wallboard, etc. 7 hole sizes: 7/8", 1-1/8", 1-3/8", 1-5/8", 1-7/8", 2-1/8" 2-3/8", up to 3/4" deep. Circular blades slip easily into place, held in with safety lock screw. Complete with grooved tool head, 7 blades, 1/4" drill bit.
12-1680U— ..... Each $1.98

FIBERGLASS REPAIR KITS

Save Time and Money on Body Repairs and Customizing

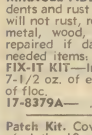
MIRACLE FIBERGLASS KITS repair holes, cracks, dents and rust spots. Acid-proof, weatherproof—will not rust, rot, dent or deteriorate. Adheres to metal, wood, glass, ceramic, concrete. Easily repaired if damaged. Complete kits have all needed items:

FIX-IT KIT—Includes 4 sq. ft. of fiberglass cloth, 7-1/2 oz. of epoxy resin with hardener and bag of floc.
17-8379A— ..... Each **$4.79**

Patch Kit. Covers 10 sq. ft. Includes 10 sq. ft. of cloth, 12-oz. resin epoxy and hardener, plus two bags of floc.
17-8381X— ..... Each **$9.59**

Body Shop Kit. Covers 36 sq. ft. incl. 30 sq. ft. cloth, 6 sq. ft. mat, 35-oz. resin epoxy and hardener, 1-pt. floc, and 6-oz. porting agent.
17-8382N— ..... Each **$23.95**

Builders Kit. Covers 144 sq. ft. Includes 95 sq. ft. of cloth, 49 sq. ft. mat, 12-oz. resin epoxy and hardener, 1-pt. floc, 6-oz. porting agent, 1/2-gal. shapemaking resin polyester, 1-pt. cleaner and car building book.
16-0257Y— 1-Kit **$52.95**



PLASTIC RESIN FILLER
1 lb. does the work of 7 lbs. of lead. Smooth spreading, hard finishing material. Can be finished like metal. Reinforced with fiberglass fibers.
17-8413Y—1/2 Pint (3/4 lb.) Each **$1.99**
17-8326B—1 Quart (3 lbs.) **$3.89**
17-8414W—1 Gal. (12 lbs.) **10.79**

Bulk Fiberglass Material

Polyester Resin and Catalyst. For use in laminating glass cloth or for fastening glass cloth to wood or other porous materials.
17-8384A—1-qt. size **$3.99**
17-8385Y—1-gal. size **11.95**

All-Purpose Metal Bonding Epoxy Resin and Catalyst. For laminating and fastening cloth to metal, wood, glass, etc. Consists of equal parts of Epoxy Resin and Hardener.
17-9134R—1-pint size **$5.49**
17-8387U—1-qt. size **9.95**
17-8388B—1-gal. size **29.95**

Fiberglass Cloth. Choice of three widths.

5 YARD PKG. Width	Stk. No.	Each	10 YD. PKG. Stk. No.	Each

♦Contains 2 pcs. 6" wide x 5 yds. long.

AUTO BODY FILLERS

The easiest way to repair holes and fill dents in auto bodies and fenders. Makes permanent repairs on metal, plastic, glass & wood. Easy to apply and finish.

A **Body Repair Kits.** Everything you need for do-it-yourself body repairs. Each kit contains plastic body filler, tube of hardener, sheet of fiberglass screen, 2 sheets of sandpaper (coarse and fine), plastic spreader, and instructions.
3/4 lb. Kit. (1/2 pint, 3" x 4" screen).
17-8983P— 1-Kit $1.99
1-1/2 lb. Kit. (1 pint, 3"x8" screen).
17-8984Y— 1-Kit $2.99
3 lb. Kit. (1 quart, two 3"x8" screens).
17-8985N— 1-Kit $4.69

B **Body Filler with Hardener.** Extra flexible—goes on smoothly—sets hard and solid. Foolproof mixing, easy sanding.
17-4474U—1/2 Pint ..... Each $1.89
17-4475A—1 Pint ..... Each 2.69
17-4476R—1 Quart ..... Each 4.29
17-7450A—1 Gallon ..... Each 11.95

C **Auto Body Solder.** Metallic plastic adheres to bare metal surfaces. Applied as it comes out of can—no mixing, no heat.
17-8331U—1/4 Pint ..... Each 89c
17-8332P—1 Pint ..... Each $1.99
17-8333Y—1 Quart ..... Each 3.25

D **Body Repair Tape.** Made of flexible aluminum and closely woven cloth with self-sticking adhesive back. Provides strong waterproof repair. Can be enameled or lacquered. In 10 yard rolls, choice of 3" or 6" width.
17-8503W—3" x 10 yds. 1-Roll $9.49
17-8504U—6" x 10 yds. 1-Roll 18.95
9" x 12" **Aluminum Foil Patching Sheets** (not illustrated). Easily cut to size. Self-adhesive backs. Rust resistant.
16-0175B— ..... 1-pkg. of 6 $3.49

Caulking Gun in a Can!
Flexible VINYL LATEX CAULK

Caulk is dispensed automatically—no gun necessary! Many uses for exterior and interior—glass or seal windows, gutters, grout tile, seal all types of cracks. Flexible white vinyl latex compound won't crack or dissolve in gasoline, water, or sea water. Won't bleed through any paint. Pressurized 8-oz. can with nozzle head.

Ideal for Installing Windows on Vans

17-9342Y—
Each **$2.49**

STARTERS, ALTERNATORS & GENERATORS for IMPORTED CARS

NEW . . . NOT REBUILT (exc. where noted)
NO EXCHANGE NECESSARY

(G)=Generator (A)=Alternator ★=Factory Rebuilt

Replace worn, defective generator or alternator, and starter to gain maximum output and easier all-weather starting. Starters complete with starter drive and solenoid. Generators and alternators are without pulleys except where noted. Top quality—fit, work like original. **NOTE:** For best performance, we recommend installing a new voltage regulator when replacing generator or alternator. See listing on this page.

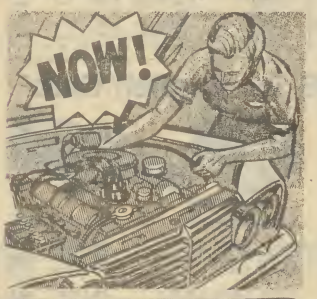
SATISFACTION GUARANTEED or MONEY BACK!

DYNO-TUNE Your Own Car



This Easy-to-Install Kit Will Turn Your Small Car Into a Tiger That Will Leave Bigger Cars Sitting At The Stop Lights! Look At These Results . . .

***28% H.P. Increase on a Dodge Colt! *22% H.P. Increase on a Pinto!**
***6 H.P. Increase at the Rear Wheels . . . 750 RPM Peak Power Increase on a Vega!**

DYNO-TUNE KIT corrects what is wrong with your stock setup . . . which is simply that Detroit "compromise" tunes car for production line reasons and for the so-called "average" driver. What you get is an engine delivering only part of its full power potential . . . a car that won't get out of its own way! On cars tested, the stock factory air/fuel ratios ran dead lean at the bottom end, and dead rich at the top end of the RPM range, at cruising speed and on the power surge. Vacuum controls were too rapid and erratic and mechanical advance too slow. Ignition controls actually worked against themselves and also against the carburetion curve. **DYNO-TUNE KITS make all of these factors compatible with each other, to give your car more smooth, efficient power and acceleration than you thought it had in it!**

Works performance miracles! The Dyno-Tune Kit brings the fuel/air mixture and ignition timing into an exact relationship according to the needs of the engine at all speeds. "Leans-up" the carburetor mixture . . . cleans up emissions . . . saves gas! "Fattens" the power curve to give you quicker, smoother response and faster, more powerful acceleration from 1500 all the way to 6000 RPM!

Custom DYNO-TUNED for your Car
The Dyno-Tune Kit that you receive will duplicate on your car the results of the original dyno reading from which it was designed. Gives your car a power tune-up equivalent to actually having the car on a dynamometer!

Actual DYNO Results!

Shows horsepower delivered to rear wheels before and after Dyno-TUNE Kit.

COMPLETE, EASY-TO-INSTALL KIT—includes everything you need to **power-tune** your car to dyno specifications.
1. Carburetor Main Power Jets.
2. Distributor Power Curve Springs.
3. Complete set Hypalon coated solid core spark plug wire, boots and terminals—gives you back up to 50% coil voltage that your stock spark plug wire setup is wasting.
4. Complete, easy instructions let you tune like an expert. Includes spark plug heat range recommendations and tuning specifications.

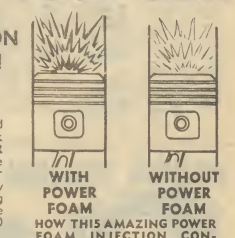
'BURN' WATER IN YOUR CAR!

Now! Get up to 12 More USABLE HORSEPOWER . . . FASTER ACCELERATION . . . up to 5 MORE MILES PER GALLON . . . And Pocket the Difference in Price Between Premium and Regular Gas!

Even if you've never installed an accessory on your car, and believe that Detroit builds them the best way, we really think you should read very carefully about the amazing **POWER FOAM VAPOR INJECTION SYSTEM** . . . Because in one to three weeks . . . according to how much you drive your car . . . after you install this new device . . . you'll have made back every penny you invested. And then—for every mile you drive during the months and years to come you'll be SAVING more gasoline money than you ever dreamed was possible . . . up to $100.00 . . . $200.00 . . . $300.00 a year!



How This Amazing System Works . . . you'll get the best idea by remembering the last rainy day you drove your car. Remember how that engine settled down to a smooth purring performance—as though it had just come out of a tune-up shop? Well, the reason you noticed is that, like most drivers, you habitually operate a car that is moisture-STARVED!

Only Water Can Smooth Out Hot, Dry Engine-Damaging Detonations. In a water-starved engine, water vapor helps to cool down hot-running, helps smooth out the gas-air explosions, passes through the carburetor and into the cylinders, delivering its precious moisture right where it is needed most—at the very instant of firing. The result is that water-laden air in the cylinders helps make the burn long, smooth and SLOW, so that every ounce of gasoline is consumed in a slow, smooth flame—not in hot, dry detonations which shake your engine to pieces, blast the top of the pistons, score the cylinder walls and scorch the oil, finally delivering the unpleasant kind of performance that USES UP the engine, wears it out, and WASTES the power and economy to which you are entitled.

HOW THIS AMAZING POWER FOAM INJECTION CONTROLS AND IMPROVES COMBUSTION:
Water itself does not provide the energy to run your car. Instead, the fantastic energy increase is a result of millions of tiny water bubbles traveling to your engine. Injected into the cylinders, POWER FOAM vapor cools and smooths-out combustion to provide the long, slow burn that gives POWER and top FUEL ECONOMY!

YOU GET ALL THESE BENEFITS!

Removes Harmful, Power-Robbing Carbon . . . The **foaming, cleansing action** of the POWER VAPOR SYSTEM will clean your engine and spark plugs of deadly carbon deposits—AND KEEP IT CLEAN—improving engine efficiency up to 35%—helping to restore new car power—ADDING UP TO 12 HORSEPOWER to your engine performance—giving you up to 10 MORE MILES PER GALLON!

Boosts Gasoline Octane Rating . . . Cuts Fuel Costs . . . The POWER VAPOR SYSTEM used with POWER FOAM ADDITIVE gives you PREMIUM PERFORMANCE on LOW COST regular gas, without harmful "ping!"

"Tunes" Your Engine as You Drive . . . Frees sticking rings, valves and lifters . . . helps prevent "dry starts," premature engine wear, costly valve and carbon jobs.

Spark Plugs Last up to 50,000 Miles! Plugs run cooler, stay cleaner, last longer! Combustion is hotter, more complete to give **full power.** And you save up to $32.00 a year on spark plug replacements alone!

INSTALL IT YOURSELF, EASILY!
POWER VAPOR SYSTEM can be installed by anyone in a short time, on any gasoline powered car, truck or bus. Complete with easy-mount firewall bracket and instructions.

AMAZING FULL-YEAR WARRANTY

TRY IT FOR A FULL YEAR AT OUR RISK! Install the POWER FOAM INJECTION SYSTEM ON YOUR CAR . . . compare the big difference in performance . . . enjoy the **gas savings.** Use it for a full year, without risking one cent. Because if you decide it's not everything we claim—simply return it to us postpaid for a **full refund.**

HOW TO ORDER

Simply tell us year and make of the car, truck or bus you wish to equip with the POWER FOAM INJECTION SYSTEM. Unit is completely assembled and ready for installation, shipped with full supply of special additive for better foaming action and instructions.

POWER FOAM SYSTEM
73-1342X— ..... Each **$9.95**

IGNITION TUNE-UP KITS & DISTRIBUTOR CAPS

Kit contains set of points with heavy duty contacts, rotor, leakproof condenser featuring neoprene sealed tower and positive contact lead construction.

Distributor Caps are constructed of finest hi-dielectric bakelite to insure efficient insulation, high resistance to moisture, to eliminate spark jump. ♦ Kit less rotor ■ Kit less condenser

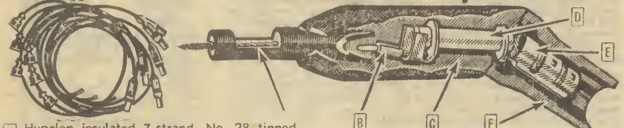
RESISTOR IGNITION CABLE SETS for Imported Cars



[A] Hypalon insulated 7-strand, No. 28 tinned steel wire conductor lasts far longer than carbon string wire. Durable—vibration and constant usage can't hurt it! Easily, quickly cut and terminated.
[B] Positive grip conductor termination can't be removed without breaking terminal.
[C] Heat resistant, asbestos-filled nylon encapsulation gives extra molded-in strength . . . protects from heat, gasoline, oil, chemicals.
[D] Supronic Resistor to control ignition radiation interference. Keeps it well within FCC and SAE standards.
[E] Inter-locking barrel terminal gives positive locking on spark plugs—can't shake or work loose. Resists distortion.
[F] Molded silicone rubber spark plug boot has extremely high heat-resistance. Seals out dirt and moisture too!

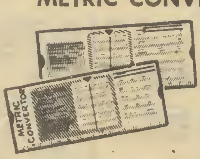
OIL SUCTION GUN
All Purpose Filling and Draining Unit

Has many purposes: draining and filling of wet clutches, transmissions, differentials and any place requiring fluid lubricant. Assures positive performance both ways, forcing and suction. Black metal cylinder with chrome pump handle. Durable oil and grease resistant 12" flexible hose has positive seal. In plastic bag.
88-7023P— .... Each **$3.29**

Pocket Size U.S.-to-METRIC CONVERTER



Compute U.S.-to-metric or metric-to-U.S. conversions instantly. Convert common measurements of length, weight, speed, temperature, liquid and dry volume. Built-in slide rule, plus conversion tables correct to four decimal places for same measurement. Sturdy plastic construction. With simple instructions.
16-5753A— .... Each **$3.49**

HEAVY DUTY DRY TYPE Air Cleaner Filter Elements

Replace dirty, clogged filter elements, restore lost pep, power and gas economy. Specially treated paper element has greater filtering capacity . . . lets engine "breathe" more efficiently. Traps dust and other abrasives. Replace original perfectly. Easy to install.

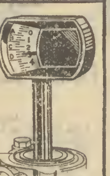
Carburetor Synchronizing and Adjusting Tool Set

For ALL Stromberg & SU Carburetors

Check and adjust your carburetor to keep engine and carburetor tuned up. Adjust and synchronize dual and triple carburetors perfectly. Check and adjust float chamber fuel level, suction chamber piston movement, mixture strength. Can be used without removing air cleaners. With instructions.

88-4467B—For Stromberg Carbs . . . 1-Set **$6.49**
88-5094T—For Twin SU Carbs 1-Set **6.49**
89-0906B—For Triple SU Carbs . . . 1-Set **6.98**

Dual Purpose SYNCHRONIZER & MIXTURE SETTER for SU and STROMBERG Carburetors



- **Get better engine performance!**
- **Improved fuel economy**
- **Cleaner exhaust** • **Easier starting**
- **Longer engine life**

Dual-purpose carburetor synchronizer lets you balance air and fuel mixture accurately and quickly for optimum engine performance and economy! Easy-to-use unit indicates accurate settings for both single and multiple carburetors. Instructions. **NOTE: not** for use on Stromberg carburetors with emission control.

88-6920Y— . . . . Each **11.98**

DIRECT READING DIAL TYPE CARBURETOR SYNCHRONIZER

For ALL Multiple Carburetor Setups

Precision and Accuracy Never Before Possible!

Balances all side-draft, down draft, or updraft carbs at both idle and running speeds—fits all single, dual, or 4-bbl. carbs up to 4¼" in diam. Balances multiple carbs with a higher degree of accuracy than was previously possible. Large intake aperture prevents floating, assures exact synchronizing at lowest idling speeds and at increased RPM. Gives immediate, precise indication without necessity of readjusting instrument. Calibrated dial is easy-to-read, easy-to-use. Only a screwdriver is required to adjust carbs. Does not slow speed of engine during tests. Also for synchronizing motorcycles, snowmobiles, go karts, etc.

88-2792N— . . . . Each **$17.98**

OIL FILTER CARTRIDGES for Imported Cars

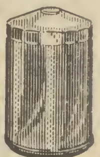
Super-Clean FULL (7000 MILE/ 7 MONTH WARRANTY

Warranted to meet all normal filtering requirements of the engine for the specified mileage or time period (whichever occurs first). Warranty covers replacement of filter or refund (labor not included).

Exclusive Features Protect Your Engine and Warranty at Every Oil Change!

1. Dependable resin impregnated paper filter — withstands surges and extreme high pressure — will not split.
2. **Uniform porosity filter element** gives maximum filtering efficiency. Traps microscopic particles as small as 1/1,000,000 of an inch, along with sludge and dirt that can penetrate poor seals, broken gaskets and other openings.
3. **Positive end seals** prevent high-pressure oil from by-passing the element. Every drop of oil gets cleaned — no contamination can return to your engine.
4. **Non-collapsible steel inner case** withstands high pressure surges, holds filter firm and safe for maximum oil flow.
5. **Safety by-pass valve** protects engine against oil stoppage, should filter become clogged.
6. **Anti-drainback valve** will not let dirty oil back up into crankcase.
7. **Spin-on filter bottom plate** withstands up to 300 PSI pressure. Gives you a built-in safety margin.
8. **Individually pressure tested.** Each Super-Clean Filter is tested at 120 lbs. pressure to safeguard against any possible seam leaks.

MICRON PLEATED



Pleated paper filters have high absorbancy to effectively clean oil and engine of harmfulsludge, dirt and foreign particles.

FULL 5000 MILE/ 5 MONTH WARRANTY

Full 5000 Mile/ 5 Month Warranty

Warranted to meet all normal filtering requirements of the engine for the specified mileage or time period (whichever occurs first). Warranty covers replacement of filter or refund (labor not included).

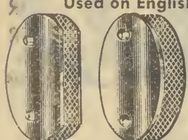
Chrome Plated Custom fit Hi-Performance Air Cleaners

for SU & Stromberg Carburetors Used on English Cars



Get more power, improved performance, increased gas mileage. Permanent, foam filtering element (easily removed for cleaning) provides maximum intake—with no restrictions . . . lets your engine breathe efficiently, keeps out foreign matter. **Note:** Check model of carburetor—located on side of carb casting — to be sure of ordering correct air cleaner.

For S.U. Carb	Throttle Opening	Stk. No.	Each

CARBURETOR MANUALS

Weber Carburetor Manual. Contains all the facts about Weber carbs, used as original equipment on many production vehicles. Gives all the answers on setting up, method of operation and servicing. 80 pages, many drawings and illustrations plus jet setting table.
88-1846P— .... Each **$3.29**

S.U. Carburetor Manual. Tells how to get best performance and economy from vehicles equipped with S.U. carbs. Includes section on servicing, tuning, plus recommended jets and full needle charts. Approved by the S.U. Carburetor Co. 55 pages with drawings, illustrations.
88-1847Y— .... Each **$4.49**

Stromberg CD Carburetor Manual. Contains detailed information on proper maintenance and tuning, comprehensive spring and needle charts, illustrations and applications.
88-3369A— .... Each **$3.00**

Solex Carburetor Manual. How to select, fit and tune the correct Solex carburetor to your vehicle. Comprehensive coverage of every part of the carburetor. 46 pages. Illustrated.
16-5111B— .... Each **$3.29**

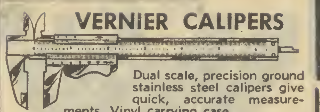
OFFICIAL WORKSHOP MANUALS

MGB, MGB-GT, and Jaguar 3.8 and 4.2 "E" Types Including Series 2. These are the only official workshop manuals that contain detailed illustrations and information on repairs, service, maintenance; and tuning plus special tuning info for racing. Workshop manuals contain sections on repair and maintenance of Engines. Electrical System, Cooling, Clutch, Fuel, Axle, Transmission, Steering, Brakes, Chassis, Suspension, Service Data, etc. Complete with exploded diagrams, tolerance charts, tuning specs. and all other pertinent data for repair and maintenance.

OFFICIAL WORKSHOP MANUAL FOR MGB AND MGB-GT—Covers all models 62 thru 74, incl. emission control. 448 pages containing 400 illustrations.
16-5129U— .... Each **$12.95**

OFFICIAL WORKSHOP MANUAL JAGUAR. Covers all 6 cylinder 'E' types including Series 2. 413 pages. 800 photographs, illustrations, diagrams.
16-5272B—
Each **$14.95**

VERNIER CALIPERS



Dual scale, precision ground stainless steel calipers give quick, accurate measurements. Vinyl carrying case.

9" Calipers. Top scale graduated to 1/128"; bottom scale in 1/1000". Capacity 5-29/32". Thumb lock jaws hold reading until released.
88-9154A— .... Each **$29.98**

6" Calipers. Top scale graduated in 1/128" up to 6 inches, bottom scale graduated in 1/120mm up to 15 centimeters. Locking screw holds reading until released.
88-9192A—With depth gauge ... Each $19.98
88-9193R—Without depth gauge . Each 15.49

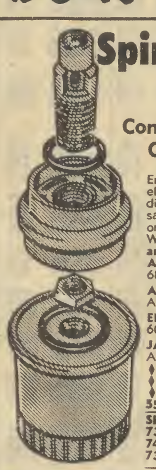
Spin-On OIL FILTER ADAPTERS to fit IMPORTED CARS

Converts Factory Equipment Canister-Type Bolt-On Oil Filter Element to Full Flow Spin-On Filter



End the messy oil filter changes encountered with bolt-on cartridge type elements. This easy-to-install adapter lets you use the popular one-piece disposable spin-on filter. Now you can easily change filters yourself and save money. No special tools needed . . . just spin-off the old filter and spin-on the new one. And you end the danger of oil leakage and broken gaskets. With instructions. (Less filter—see below). **State Make, Year, Model of Car and Stock No.**

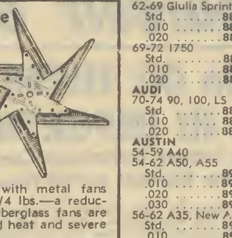
Variable Pitch 6 Blade FIBERGLASS FANS for Imported Cars



Better cooling! Improve engine performance and cooling. 75% lighter than original but 9 times stronger. Easy to install.

Weighs 8-oz. in comparison with metal fans that weigh from 1-1/2 to 3-1/4 lbs.—a reduction of 75% in fan weight. Fiberglass fans are stronger than metal. Withstand heat and severe cold.

FASTER ACCELERATION . . . Require less power to drive. Engine speeds up faster . . . more usable horsepower is transferred to rear wheels.

INCREASED DECELERATION! Engine speed slows down faster . . . momentum of a fiberglass fan is not as great as metal fans.

INCREASED GAS MILEAGE! Get up to 10% more gas mileage.

REDUCED VIBRATION AND FAN NOISE! Vibration is reduced by the dilating or feathering of blades at high speeds. Fiberglass fans lock in air to be propelled—don't let air wash around front of fans, creating noise.

SMOOTHER, QUIETER OPERATION. Fiberglass absorbs noise created by air moving around it. Doesn't amplify sound like metal fans. Easier to drive—fan belt can't slip or squeal.

HEAVY DUTY or EXTRA HEAVY DUTY.

Heavy Duty Blades. Approximately 10% more cooling capacity.

Extra Heavy Duty Blades. Approximately 25% more cooling capacity. Recommended for cars with air conditioners, pulling trailers or driving in hot climates or congested traffic. Easy to install. Replace original perfectly. No alterations to fan hub. With spacers where necessary. For following cars.

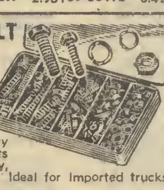
METRIC BOLT NUT and WASHER KITS



Assorted heavy duty hex head bolts, nuts and washers in sturdy, see-thru plastic case. Ideal for Imported trucks and cars.

230 PC. KIT. Bolt sizes from 15mm to 55mm long, with nut and washer diameters from 5mm to 12mm.
88-7259P— 1-Kit **$11.98**

367 PC. KIT. Bolt sizes from 12mm to 70 mm long, with nut and washer diameters from 5mm to 12mm.
88-7260Y— 1-Kit **$15.98**

6 FOOT PUSH PULL RULE

72" long, retractable type rule fits in your pocket. Flexible steel 1/2" wide tape has 1/16" markings.
04-0186T— ....Each **99c**

MAGNETIC & CLAW PICKUPS

Retrieve inaccessible objects.

04-0029N—Claw
04-0028X—Magnetic ....Each **99c**

ENGINE OIL COOLER for DATSUN & TOYOTA

Compact, lightweight. Provides maximum cooling, takes minimum space. Reduces engine heat, prevents oil breakdown to improve engine performance and extend engine life. By-pass valve protects engine at low temperatures by allowing cool oil to by-pass cooling unit. Corrosion resistant aluminum cooler is 1-pc. tubing design—no welds or soldered joints to leak. With easy instructions. Custom fits the following, plus all Datsun & Toyota with spin-on filters. Fit all 65-75 Datsun and 67-75 Toyota.

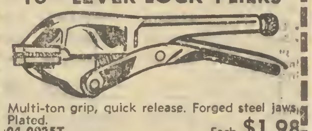
37-6484X— 1-Kit ....Each **$59.95**

OIL FILTER for use with above.
73-0613B— ....Each **$2.95**

4-PC. COLD CHISEL SET

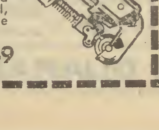
Four cold-rolled steel chisels, sizes: 1/4x4-1/2", 7/16 x5", 1/2x5", and 5/8x6".
04-0228T—
1-Set .. **$1.99**

10" LEVER-LOCK PLIERS



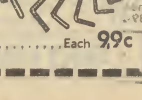
Multi-ton grip, quick release. Forged steel jaws. Plated.
04-0025T— ....Each **$1.98**

TUBING CUTTER



1" capacity. Hardened carbide cutting wheel, slide lock, reamer, double rollers, tempered screw.
04-0037Y—
Each.......... **$1,69**

Metric HEX KEY SET



Sizes 1.5, 2, 2.5, 3, 4, 5, 5.5, 6mm. Chrome steel.
04-0119U—
1-Set ....Each **99c**

FOR ALL IMPORTED CARS

FOR PARTS AND ACCESSORIES NOT SHOWN SEE INDEX

See Index for Other Items

PISTON RING SETS for Imported Cars

Perfect fitting rings with expander type oil rings. Stop excessive oil pumping, loss of compression. Specially treated for quick seating, positive oil control. Restore power and performance. Custom engineered for each make and model. In standard size only. **Supplied in sets to service complete engine.**

IMPORTANT ORDERING INFORMATION — **HOW TO ORDER: State Make, Year, Model, Stock No. Order Standard size if engine has not been rebored or honed. Standard size fits worn cylinders up to .015 oversize.**

TIMING LIGHT

with Step-by-Step Timing Instructions for **VOLKSWAGEN and All other Imported Cars**

Simplest, quickest method of accurately timing your engine. Permits setting distributor to exact degree for top performance, acceleration, easy starting, and best gas mileage. "Stroke" type timing lights cannot time engine in this manner. Easy-to-follow, step-by-step instructions to time your engine in minutes—save time and money. Easy to handle 4-3/4" long tube has bright-elite bulb, alligator style clips. For 6 or 12 volt systems.

75-1543Y— .... Each **$3.59**

MANY PRICES CUT

TIMING GEAR
for 68-74 Volvo 140 & 160 Series

Replaces original perfectly.

88-1764N— .... Each **$13.98**

PISTONS with RINGS & PINS for IMPORTED CARS

Complete piston with matched rings and pins. State Make, Year, Model of Car, Size Desired and Stock No. Tin coated for quick seating. Precision machined to exact factory specifications. In STANDARD size as well as oversizes shown. Shipped from Chicago stock. Pistons complete with matching rings and fitted pins.

(a) Std., .020, .030 and .040. (b) Std., .016 (.4mm), .024 (.6mm), .032 (.8mm) & .040 (1.0mm). (c) Std., .020 (.5mm) & .040 (1.0mm). (d) Std. only (e) Std., .020 (.5mm).

HOW TO ORDER—Also see note below
State Make, Year, Model, Stock No. and Size.
1. If cylinder wear or taper does not exceed .005 order Std. size.
2. If cylinder wear or taper exceeds .005 or more, it is best to rebore or hone to next oversize, i.e., .016 (.4mm), .020 (.5mm), .024 (.6mm), .030 (.75mm), .032 (.8mm), .040 (1.0mm).
3. If cylinders have been rebored or honed, check size usually stamped on head of piston. State Correct Size.

IMPORTANT: All prices are shown in EACHES. All oversize pistons are sold in full engine sets only. See How To Order Information.

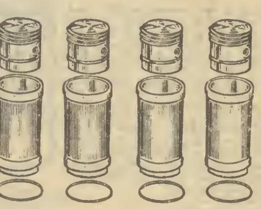
PISTON and LINER SETS
with PIN-FITTED PISTONS AND RINGS for IMPORTED CARS



Replace worn cylinder sleeves, pistons and rings
- **RESTORE PEP, POWER and ECONOMY**
- **STOP OIL BURNING**
- **GET LIKE-NEW ENGINE PERFORMANCE**

Complete set of 4 cylinder liners with 4 matching pin-fitted pistons, rings and cylinder-to-crankcase gaskets . . . for rebuilding and restoring your engine to original standard specifications. Made to exact factory specifications to replace original equipment perfectly. Standard size, no reboring necessary. Eliminates expensive shop labor—saves time and money.

BIG BORE & HI-COMPRESSION
Piston & Liner Sets with Pin-Fitted Piston & Rings for Imported Cars

Increase power and speed. Kits include everything needed for easy bolt-in installation.

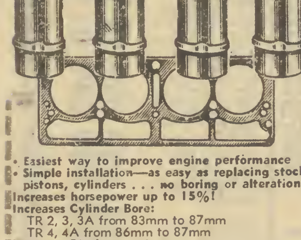
63-65 PORSCHE 356c, 1600c, Super 75
INCREASES: 82.5mm to 85mm bore, 8.6:1 to 9:1 compression ratio, 1600cc to 1700cc displacement.
88-3605Y— 1-Kit **$254.95**

ALL RENAULT DAUPHINE, Gordini & Caravelle
INCREASES: 58mm to 60mm bore, 7.25:1 to 7.7:1 compression ratio, 848cc to 904cc displacement.
89-1049P— 1-Kit **$119.95**

REPLACEMENT RING SET.
89-4066A— .... Each **$12.98**

ALL RENAULT R8, R10 MAJORS 110cc.
INCREASES: 70mm to 72mm, 8.5:1 to 8.9:1 compression ratio, 1108cc to 1170cc displacement with forged pistons.
88-3613B— 1Kit **$199.95**

Increase Power and Speed
BIG BORE HIGH COMPRESSION PISTON & LINER SET for Triumph TR2,3,3A,4,4A



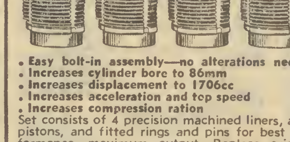
- **Easiest way to improve engine performance**
- **Simple installation—as easy as replacing stock pistons, cylinders . . . no boring or alterations**

Increases horsepower up to 15%!
Increases Cylinder Bore:
TR 2, 3, 3A from 83mm to 87mm
TR 4, 4A from 86mm to 87mm
Increases Displacement:
TR 2, 3, 3A from 1991cc to 2187cc
TR 4, 4A from 2138cc to 2187cc
Increases Compression Ratio:
TR 2, 3, 3A from 8.5-1 to 9.24-1
TR 4, 4A from 9.1 to 9.24-1

Kit consists of four precision machined special aluminum alloy pistons, fitted pins, matching wet type, centrifugally cast nickel chrome iron sleeve liners, hand gapped rings fitted to pistons, cylinder liner gaskets, and special 87mm head gasket.

89-2807P 1-Set **$179.95**

Big Bore High Compression
PISTON & LINER SET
for all Porsche 356 & 912 with 1600cc Engine

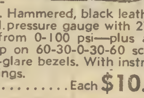


- **Easy bolt-in assembly—no alterations needed**
- **Increases cylinder bore to 86mm**
- **Increases displacement to 1706cc**
- **Increases acceleration and top speed**
- **Increases compression ration**

Set consists of 4 precision machined liners, alloy pistons, and fitted rings and pins for best performance, maximum output. Replace original pistons and cylinders perfectly with no alterations.

88-6996Y— 1-Set **$149.95**

AMMETER & OIL PRESSURE GAUGE KIT for ALL DATSUN & TOYOTA



Stop trouble before it happens—replace "idiot lights" with this dressy high performance twin metel panel. Hammered, black leather-like panel features oil pressure gauge with 270° sweep racing scale, from 0-100 psi—plus ammeter with 90° sweep on 60-30-0-30-60 scale. Self-illuminated. Non-glare bezels. With instructions, installation fittings.

88-7100W— .... Each **$10.98**

36-Pc. PORTING & POLISHING TOOL KIT

Palm sized power workshop with 101 uses:
- **Grinds** • **Drills**
- **Engraves**
- **Sands** • **Routs**
- **Polishes**
- **Carves**
- **Deburrs**
- **Hi-power 5 amp. motor delivers 30,000 RPM**
- **Light, Compact**

Easily relieve, enlarge and polish intake manifold ports, many other uses. Powered by a constant-torque, stall-resistant, permanent-magnet 5 amp motor. Performs detailed work with pinpoint accuracy. Large air vents and high velocity fan assure cool operation. Handy hanger hook and finger grip extension. Size: 6-1/2" x 1-1/2". Weighs 9 oz. Complete kit with porting tool and 34 accessories plus molded storage case. Includes: high speed steel cutters, grinding wheels, wire and bristle brushes, rubber polishing tip, sanding discs, drum sander and sanding bands, mandrels, dressing stone, collet wrench. 1/8", 3/32" collets. 115 volt 60 cycle AC.

90-2772T— 1-Kit **$47.95**

PORTING & POLISHING TOOL ONLY. Includes 1/8" collet and collet wrench.
90-2771N— .... Each **$35.95**

14-pc. Porting & Polishing Tool Kit. Tool is similar to above except has more powerful 6.5 amp motor which produces 26,000 RPM (ideal for porting & polishing), weighs just 12 oz. and is 7" x 2". Includes 3 emery cut off wheels, emery wheel point, silicon grinding wheels, 3 sanding discs, felt polishing wheel, 2 mandrels, 1/8" drill bit and chuck wrench. 115 volt 60 cycle AC.

15-3830P— 1-Kit **$35.95**

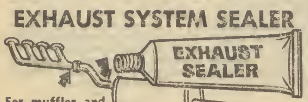
LARGEST and MOST COMPLETE STOCK OF ACCESSORIES and PARTS

STAINLESS STEEL Rust-Proof Coating

• **Easy to use. Aerosol or Can. Lasts for years!** For cars, bikes, machinery, anything that needs the satin finish, long-lasting, rust proof protection of stainless steel. Contains stainless steel pigment with a high percentage of chrome and nickel for maximum resistance to salt spray, sulphur dioxide, and corrosion. Keeps its lustrous appearance and hard surface under severest conditions. Electrically non-conductive. Forms a barrier against ultraviolet rays on all metals, plastics, wood, leather, and many fabrics.

7-oz. Aerosol can.
10-4856R— ....Each **$2.69**
14-oz. Aerosol can.
10-5181A— ....Each **$4.98**
32-oz. can (paint-on, not aerosol).
10-4857X— ....Each **$8.49**

EXHAUST SYSTEM SEALER



For muffler and exhaust system installation. Assures gas-tight seal on all exhaust system connections, including manifold gasket. Prevents dangerous monoxide fume leaks. Sets rock hard—resists heat, vibration, corrosion. Withstands white heat. Use as is from the tube—no mixing necessary.
17-9619R— ....Each **$1.69**

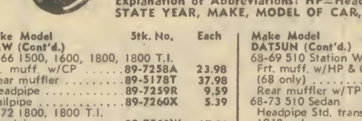
Install a new muffler for better performance.

MUFFLERS, TAILPIPES and HEADPIPES for IMPORTED CARS,



TAILPIPE fits behind muffler and extends to rear of car.

CONNECTOR PIPE connects headpipe to muffler or front muffler to rear muffler.

Insufficient exhaust systems can rob your car of power, efficiency, and be a safety hazard, filling your car with deadly fumes. Restore the original performance and safety of your car with custom made, custom

Explanation of Abbreviations: HP=Headpipes, TP=Tailpipes, CP=Connecting Pipe. STATE YEAR, MAKE, MODEL OF CAR, ENG. NO., CHASSIS NO. and STOCK NO

FOR ALL IMPORTED CARS

FOR PARTS AND ACCESSORIES NOT SHOWN SEE INDEX

DUAL EXHAUSTS for DATSUN and TOYOTA

Sedans and PICK-UPS

The easiest, fastest and simplest way to add "kick" to your sedan or pickup. Get:
- **Up to 20% increase in horsepower**
- **Better engine performance and longer life**
- **Reduced back pressure • Better gas mileage**

Custom made system consists of dual headpipes, connector pipes, tailpipes, fiberglass mufflers. Straight-thru bullet-shaped mufflers have radial cut cores for less back pressure, more power and deep, pleasant sound. All hardware permanently mounted for easy installation—no cutting or welding required.

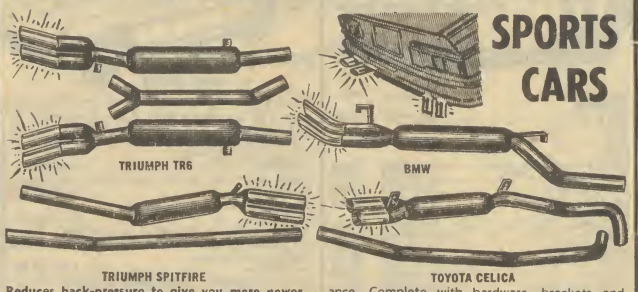
EXHAUST SYSTEMS for IMPORTED SPORTS CARS



Reduces back-pressure to give you more power —faster acceleration—better gas mileage—a better performing, longer lasting engine!
- **Custom engineered for your car**

Free-Flow Exhaust Systems add that crisp, powerful sports car tone. Gives your engine back the power that inefficient stock exhaust systems steal away. Made of heavy gauge steel tubing with bullet-type mufflers. Mandrel bends give smooth exhaust flow. Beautiful, heavy chrome olated outlets add to custom sports car appearance. Complete with hardware, brackets and complete instructions for installation.

♦Connects to rear of front resonator. All others connect to rear of front headpipe. For the following cars and pickups.

Full (Ownership Duration) Warranty
These exhaust systems are warranted for the life of the car as long as original purchaser owns car upon which exhaust was installed. Should exhaust system fail, it will be replaced free of charge excluding labor cost.

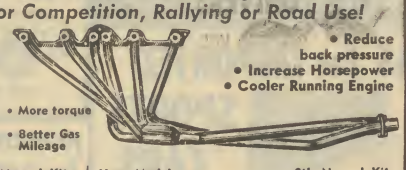
TUNED EXHAUST HEADERS to fit Imported Cars

The "Hot" Set-Up for Competition, Rallying or Road Use!

Replaces original power-restricting single tube cast iron exhaust manifold. Wrinkle-free mandrel-bent steel tubes lead into single collector pipe, providing perfect scavenger action of exhaust gases. With precision fit heavy steel flanges, easy bolt-on installation. Will hook-up directly to stock exhaust system, turbo muffler exhaust system, or dual exhaust system.



- Reduce back pressure
- Increase Horsepower
- Cooler Running Engine
- More torque
- Better Gas Mileage

♦**NOTE: Emission controls (some cars have both types)**

A.I.R. or air injection type controls are the most common. You can identify the A.I.R. type system by looking for the air pump. If the air pump is connected to the exhaust manifold, you need a header with A.I.R. type connections (♦). **E.G.R.** or exhaust gas recirculation systems are characterized by a small tube connected between the exhaust manifold or header pipe and a metering valve connected to the intake manifold or carburetor base. If your car has such a device, you need one of the following Kits:

(1)	21-2773N	(3)	21-2869A	Each
(2)	21-2774T	(4)	21-2870R	$11.95

REPAIR MANUALS for IMPORTED CARS & TRUCKS

DO-IT-YOURSELF and SAVE

Do-it-yourself manuals to help you keep your car in top condition, save $$$ on repair bills. Fully illustrated, with non-technical step-by-step instructions, exploded views, photos and diagrams, covering repair, maintenance, dismantling, overhauls,

ALFA-ROMEO. Giulietta, Giulia 1300, Giulia 1600, Giulia 1750 incl. Duetto. 136 pages. For models from 1959-68.

Turbo Muffler Exhaust System

for Mini Cars and Trucks

Reduces back pressure to give you more power—faster acceleration—better gas mileage—a better performing, longer lasting engine!

LOW AS **47.95**

Thin profile mini-turbo muffler and smooth bend, very large diameter, heavy duty tubing turn out BRUTAL POWER without excessive noise. Get better performance, better gas mileage! Kit is complete and ready to install with all necessary clamps, hangers, gaskets, and installation instructions. Kits for car applications also include beautifully chrome plated tailpipe tip. Buy exhaust system alone to hook up to headers (see index for header listings) OR buy exhaust system AND headpipe to hook up to your stock cast iron manifold.

Specifications:

Tubing: smooth bent, 18 gauge CREW.

Turbo-muffler: low restriction, galvanized double wall, oval turbo-charge racing style.

Size: 4 cyl. cars—2" pipes, one 2" core turbo-muffler.

In line 6 cyl. cars—2-1/2" pipes, one 2-1/2" core turbo-muffler

V6 cars—dual 2" pipes, dual 2" core turbo-muffler

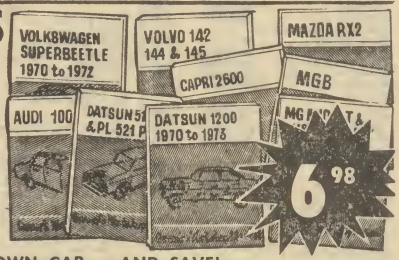
IMPORT CAR REPAIR MANUALS

Covers every vital system in your Car—In Language you can understand!



BRAKES Front, rear, hand brakes, pedals, cylinders, etc.
BODY WORK Everything from grille to door handles.
CLUTCH Bearings, sleeves, master cylinders, etc.
COOLING SYSTEM Fan, radiator, water pump, thermostat.
ENGINE Includes lubrication system, rods, etc.
FRONT & REAR SUSPENSION Includes wheel aligning.
FUEL SYSTEM Carb, fuel pump, emission control.
IGNITION SYSTEM Coil, distributor, rotor, etc.
MAINTENANCE & TUNE-UP All the information!
STEERING Removal, Installation, inspection.
SPECIFICATIONS Pages of precise specs!
TRANSMISSION Charts, diagrams, step-by-step rules.

TUNE-UP AND REPAIR YOUR OWN CAR . . . AND SAVE!

- The only Automotive manuals written from practical experience. Before writing the manual, the vehicle concerned is stripped down and rebuilt. Only after each operation is performed and all technical problems solved, is the manual written.
- Dozens of exploded views, charts and diagrams
- All manuals produced with the cooperation of the manufacturer concerned.
- Repair instructions and photos are correlated and number coded to make do-it-yourself repairs a snap. More step-by-step illustrations than in any other manual.
- Attractive varnished covers are grease and oil-proof. Large 10-3/4" x 8-1/4" book size.

Finally, it's possible for you to save big dollars by doing your own repairs—even if you've never touched a tool before! The secret? Fully illustrated workshop manuals with step-by-step illustrations that show you how! You don't have to be a mechanic to understand these manuals—all you have to do is be able to look at a picture! Each manual is written specifically for YOUR CAR too . . . and that's what makes such detailed illustrations possible. The language is nontechnical, and the exploded views, charts and diagrams speak for themselves. The big 10-3/4"x8-1/4" page format is easy to follow. The Quick Reference Index gives instant referral to the correct section. Do your own maintenance, repairs, and tune-ups—and SAVE!

TIRED OF BEING SOCKED WITH HIGH REPAIR BILLS? It's getting more and more expensive to own and drive a car . . . the cost of repair bills and gas is skyrocketing! With no price relief in sight, it's time you realized that you can diagnose and repair troubles yourself. Your workshop manual, written specifically for your car, will PAY FOR ITSELF almost immediately . . .

And remember—with your own manual, you can keep your vehicle in shape and prevent troubles before they happen! That means longer life, better all-around performance and BETTER GAS MILEAGE! You can't help but save!

Your manual will cover every vital system—separate sections include: brakes, body work, clutch, cooling system, engine, front and rear suspension, fuel system, ignition system, maintenance and tune-up, steering, transmission, and pages of precise specifications. Everything possible is illustrated, diagramed, charted or shown in exploded views. You'll be surprised and gratified to learn that there are no "mysteries" to automobile repair, maintenance and tune-up. And the language is written for you—the non-professional.

YOU CAN'T MAKE A BETTER INVESTMENT FOR YOUR AUTOMOBILE! If you're one of those drivers who is fed up with high repair bills . . . who can't afford the newer, higher gasoline costs . . . who's afraid of being sold a bill of goods by strange mechanics . . . then it's time to start doing your own repairs the EASY ECONOMICAL WAY. (You may also be interested in our complete selection of tools and other manuals—please see index.)

CLUTCH AND PRESSURE PLATES AND RELEASE BEARINGS

FOR IMPORTED CARS • NEW! NO EXCHANGE NECESSARY!

PRESSURE PLATES
Brand new—not rebuilt! No exchange necessary. Precision made to exact factory specifications. Accurately adjusted for positive clutch action.

CLUTCH PLATES
New—no exchange necessary. Flexible spring center. Woven or molded lining. Distributes torque load evenly for smooth action — just like original equipment.

CLUTCH RELEASE BEARINGS
Exact duplicate of factory equipment. Install when replacing clutch or pressure plate for smooth, quieter operation. Insures longer life of all clutch parts.

Year, Model	Pressure Plate Assembly Stock No.	Each	Clutch Plate Stock No.	Each	Clutch Release Bearing Stock No.	Each

UNIVERSAL JOINT, CROSS & BEARING KITS FOR IMPORTED CARS

Joints, cross and bearing kits are complete, ready to install.

A worn joint causes excessive vibration that can ruin the rear end and transmission. Replace original perfectly. All bearings, pins and balls are of special heat treated bearing steel — for dependable service. **Fit front or rear exc. where specified.** Rr.=Rear; Frt.=Front.

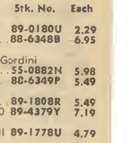
SPEEDOMETER CABLE AND HOUSING

for IMPORTED Cars

Complete with fittings, ready to install. Usually cable breaks because housing becomes kinked and corroded on the inside. Complete unit costs a little more than the cable alone, does away with constant replacement.

Each cable prelubricated for immediate installation.
Fit perfecty — no cutting or fitting necessary.



State Make, Year, Model, Type of Transmission and Stock No.

DISC BRAKE PADS For Imported Cars

BIG BRUTE BRAKE PADS
FULL (3 Year/30,000 Mile) Warranty—Whichever Occurs First

Full refund or exchange of disc brake pads (not including installation costs) if disc brake pads wear out within Warranty period.

Big Brute Brake Pads are heat resistant, will not grab, swerve or squeal. Give positive pedal action without fade; smooth stops every time. Fully bonded for maximum shear strength. Fine quality pads . . . for our best—see Kar-Life.

—DO-IT-YOURSELF—
Save time and money & do-it-yourself! With each set of disc brake pads you order, you get easy-to-follow, illustrated, step-by-step instructions. Easier than you think!

KAR-LIFE Brake Pads
FULL (5 Year/50,000 Mile) WARRANTY—Whichever Occurs First

Full refund or exchange of disc brake pads (not including installation costs) if disc brake pads wear out within warranty period.

Kar-Life—Our Best Brake Pads!

Linings have more aging material, for longer wear. Dissipate heat faster for less brake fade. 70% metallic base for greater oil, grease, moisture resistance. Integrally molded and fully bonded, won't shear or separate from metal.

Be safe! Replace worn pads! Toughest, finest brake material made. Integrally molded and bonded to shoe for greatest strength. Heat-resistant resin base for long life. Oil, grease, water resistant. Meet or exceed SAE standards.

Sold in sets of 4 for 2 front wheels, unless otherwise stated. State Make, Year, Model, Stock No. when ordering.

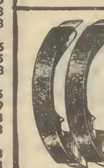
Lined BRAKE SHOES for Imported Cars



FULL (4 Year/ 40,000 Mile) WARRANTY— Whichever Occurs First

Full refund or exchange of brake shoes (not including installation cost) if brake shoes wear out within Warranty period.

NO TRADE-IN NEEDED

Top quality bonded brake shoes, custom fit for each make of car. Linings are securely bonded to brake shoes under intense heat and rivets are eliminated completely. Drum scoring is done away with, brake shoes and drums last far longer. Bonding gives more useful lining and you get fadeless, smoother, safer stops, firmer pedal action, less brake adjustment. Sold per set of 4 remanufactured shoes for front or rear wheels. **(See Index for disc brake pads.)** For the following cars.

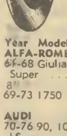
Disc Brake Plates (Rotors) for Imported Cars



Replace worn, faulty Disc Brake Plates to Restore Brake Efficiency and Safety!
Brake Safety experts recommend changing Disc Plates every second Disc Pad replacement or every 25,000 miles.

Brake plates with rough surfaces or with lateral run out result in faulty, chattering brake operation. Restore brake performance by installing a disc brake plate—custom made to replace original perfectly, and with no alterations. Top quality cast iron construction. Fits left or right side.

Fits front wheels except where otherwise noted.

LARGEST and MOST COMPLETE STOCK OF

ACCESSORIES and PARTS

REPAIR KITS for McPHERSON STRUTS on IMPORTED CARS

Now you can repair leaking struts without replacing the entire assembly. Save money on labor and parts by replacing the cartridge only—the most common cause of faulty struts. Brand new cartridge (not rebuilt) replaces original perfectly—no alterations to make. Get back that even, smooth ride. Help eliminate bottoming, sidesway and excessive tire wear. Get better control on curves and stop dangerous front wheel shimmy. **Check these constructional features:**

- **Piston rod**—induction hardening and hard chrome plating processes guarantee outstanding strength and durability
- **Cylinder**—drawn tube with mirror finish
- **Seal**—perfect sealing totally shuts out dust
- **Piston unit**—damping force properly matches each type of vehicle; stabilized driving is always guaranteed
- **Collar**—designed to be perfectly set to outer cylinder assembly of strut
- **Oil**—applied for a wide range of temperatures —from extremely cold to extremely hot

NOTE: All strut repair kits are for front use except where stated for rear.

HEAVY DUTY GAS FILLED SHOCK ABSORBERS for Mercedes Benz

Double acting heavy duty gas filled shock absorbers give a smoother, more cushioned ride. Shock consists of one tube with rebound and compression valves, a piston rod and gas-filled reserve chamber. Complete with fittings. Replace original equipment perfectly. Note: Order in pairs for best performance.

IMPROVE HANDLING & CORNERING WITH HEAVY DUTY FRONT & REAR Stabilizer-Equalizer Bars

Scientifically designed and tested torsion bar replaces lightweight original equipment bar for quick, sure-footed sportscar handling with flat, safe cornering. Stops wheel hop, spinning, tire squeal and uneven tread wear. Prevents understeer and rear wheel breakaway. Equalizes traction to keep both rear wheels on the ground for faster acceleration. Eliminates roll and sway, improves stability in crosswinds. This is the same type axle attachment as those on Ferrari, Hawk, Avanti, Corvette and Jaguar sports cars. Easy bolt-on installation. Instructions.

Front and Rear SHOCK ABSORBERS For IMPORTED CARS

Telescopic Type Shock Absorbers—Brand-new double action shocks featuring sealed-in steel construction; wiper action piston rod seal prevents leakage; 2-way valve action for positive control of bounce and rebound. Outperform and outlast original equipment.

Take the jar out of your car with these perfect-fitting, top quality shocks. Replace old, worn shocks for added riding comfort. New shocks eliminate bottoming or hitting roof after striking hole or bump; do away with excessive bouncing, pitch and dive, side sway on curves, excessive and uneven tire wear, as well as wheel shimmy, spin and hop caused by worn shocks.

Lever Action Type Shock Absorbers—Brand-new shocks—same type & style as original equipment.

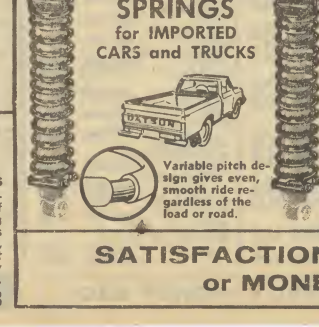
COIL SPRING COMPRESSOR for McPherson Struts

Permit quicker, safer removal and installation of springs when repairing struts. Set of 2 compressors maintain spring curvature, which is necessary to seat springs. Adjust to fit any size McPherson strut spring.

88-7517A—
1-Set **$11.98**

REAR SHOCK ABSORBER OVERLOAD SPRINGS for IMPORTED CARS and TRUCKS



Variable pitch design gives even, smooth ride regardless of the load or road.

Add Up To 1,250-lbs. Capacity

Oil tempered spring steel. Vinyl coating cushions against squeaks and rattles. Heavy duty vinyl coated top and bottom retaining caps for smooth and silent ride. Easy to install. For best results, shocks should be in good condition. Will not fit heavy duty shocks. Fits rear of the following cars and trucks with airplane type shocks.

CUSTOM FIT CARPETS for Imported Cars and Trucks

Choice of Luxurious Nylon Pile or Polypropylene Loop

A 100% Nylon Plush Cut Pile

B Polypropylene Deep Loop Pile

All carpets are custom fit in every detail—for front, rear and center sections. Crafted from your choice of 2 finest quality carpeting materials: Long wearing, easy to clean 100% Nylon plush cut pile . . . or Polypropylene deep loop pile. Custom tailored throughout, for perfect fit. All exposed edges fully protected with **reinforced** edge binding. Thick, sound deadening 1/4" polyfoam underpadding is laminated to the carpets, not packed loose. Driver's heel protector pad in matching color. **Choice of Red or Black.**

Front means left and right sides only (does not fit center trans. tunnel section). Center means center trans. tunnel section only. Rear means left and right sides only (does not fit center trans. tunnel section). Carpets are shipped from New Jersey.

Ordering Information: **State Make, Year, Model, Color desired, whether Coupe, Hardtop or Convertible, Automatic or Standard Transmission and Stk. No.**

LEATHER BOOT for American and Imported Floor Shifts

- **Adds luxury look**

Replace rubber boots that easily deteriorate with a soft black glove leather boot. Built to withstand the kicks, heat and cold that destroy rubber.

Double stitched with nylon thread. Closes with nylon drawstring for tight fit around shift lever. Drawstring can be tucked inside and hidden. 7" high x 7" wide at base. Fits all floor mount shift levers.

85-2239P— . . . . . Each **$8.98**

TUBELESS TIRES to fit Volkswagen & Imported Cars

- **4-ply rated nylon construction . . . guards against heat build-up . . . adds miles of life to tire**
- **Choice of Black or White sidewalls**

Continental style wraparound tread of special polybutyl rubber for smoother steering, safer cornering, improved traction and braking. Tread design insures quieter ride . . . no humming or singing regardless of speed. Built to meet or exceed specifications and requirements of the Department of Transportation. Prices include Federal excise tax.

LIMITED ((36,000 mile /36 month) WARRANTY

These new tires are warranted for 36,000 miles or 36 months (whichever occurs first) against defects in workmanship and materials, normal road hazards, premature tread wear, when installed on passenger cars and station wagons except taxis. Does not apply to useage for racing or tires which are run flat or damaged in any other way except those noted above. If tire fails during the warranty period we will replace it at a prorated charge based on original selling price for number of months owned or number of miles used. Tires should not be returned without writing to us in advance for instructions.

RADIAL TIRES GIVE DOUBLE MILEAGE! PLUS Revolutionary Driving Features

WE CAN FIT THE FOLLOWING CARS: Volkswagen, Toyota, Renault, Volvo, Fiat, Opel, Austin-Healy, Mercedes, MG, Jaguar, English Ford, Datsun, Porsche, Triumph, Saab, Simca, and many others.

- **DOUBLE WEAR**—Millions and millions of these tires on the road have proven that radials give at least twice the wear of ordinary tires.
- **FULL GRIP**—Full traction at all times — unmatched on wet roads or slick curves. Same traction in snow as a snow tire!
- **BETTER STEERING**—Steer with less effort, less wandering. You can't beat them for "cornering!"
- **QUICKER STOPPING** — You get a wider "foot print" at all times. More tread on the road for quicker stopping.
- **ACTUAL GAS SAVINGS** — Up to 10% savings on fuel — because tire keeps its shape . . . there's less resistance to rolling on the road.
- **GREATER SAFETY**—Greater resistance to bumping and pounding . . . they run cooler for fewer blowouts.

LIMITED (42,000 mile /42 month) WARRANTY

These new tires are warranted for 42,000 miles or 42 months (whichever occurs first) against defects in workmanship and materials, normal road hazards, premature tread wear, when installed on passenger cars and station wagons except taxis. Does not apply to useage for racing or tires which are run flat or damaged in any other way except those noted above. If tire fails during the warranty period we will replace it at a prorated charge based on original selling price for number of months owned or number of miles used. Tires should not be returned without writing to us in advance for instructions.

Radials are the No. 1 premium tire in many of the European countries, where they have been in use for over 10 years. Our rayon cord radial tires are comparable in every way to those used as standard equipment on European cars. As of today, radial tires are the last word in tire wear . . . smooth steering and riding . . . stopping and starting . . . actual gas savings . . . and greater safety. Tube type only . . . Blackwalls only—just like on the European cars. Can be used on standard or custom rims. **Prices include Federal Excise Tax.**

NOTE: No. 1—Radial tubes above are required for these radial tires or warranty is not valid. **No. 2**—For very best performance we recommend radial tires on all four wheels. **No. 3**—If only two radial tires are used, they must be mounted on rear axle. Radial tires are so radically different in performance that they should not be mounted opposite a conventional tire.

INNER TUBES

Heavy Duty

Use in tube or tubeless type tires. Prices include Federal Excise Taxes.

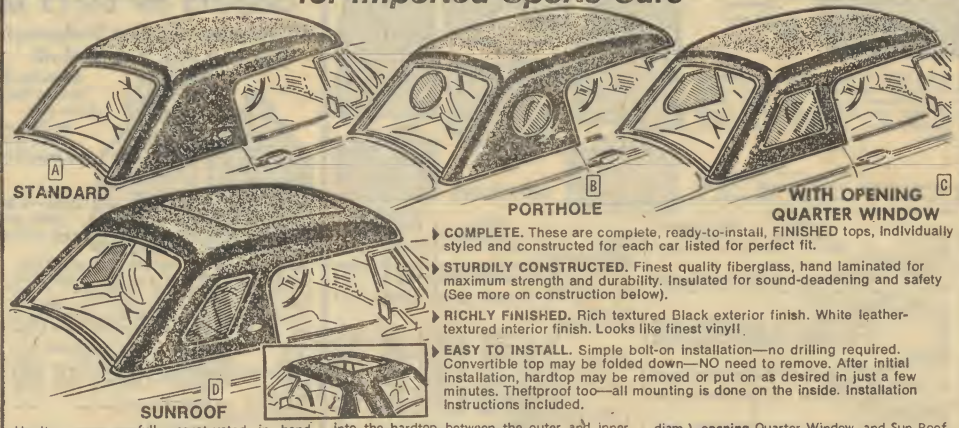
Custom Fit FIBERGLASS HARDTOPS for Imported Sports Cars



- **COMPLETE.** These are complete, ready-to-install, FINISHED tops, individually styled and constructed for each car listed for perfect fit.
- **STURDILY CONSTRUCTED.** Finest quality fiberglass, hand laminated for maximum strength and durability. Insulated for sound-deadening and safety (See more on construction below).
- **RICHLY FINISHED.** Rich textured Black exterior finish. White leather-textured interior finish. Looks like finest vinyl!
- **EASY TO INSTALL.** Simple bolt-on installation—no drilling required. Convertible top may be folded down—NO need to remove. After initial installation, hardtop may be removed or put on as desired in just a few minutes. Theftproof too—all mounting is done on the inside. Installation instructions included.

Hardtops are carefully constructed in hand laminated fiberglass for maximum strength and durability; richly embossed to simulate finest vinyl. White inner fiberglass liner is securely bonded to outer fiberglass shell, with thermal insulating, sound-deadening foam between. A special header laterally molded into the liner increases overall strength and rigidity, and all mounting hardware is secured through the liner with metal back-up plates for maximum strength. A structural exclusive is the full-width, rear window, which is firmly integrated into the hardtop between the outer and inner shell for greater structural strength. Rear window may be removed, if necessary. Porthole and quarter windows are made of clear safety acrylic.

Continuous length, polished aluminum trim. Side window seals and molded-in rain gutters help keep wind noise at a minimum—prevents entry of dust, moisture. Seals of the finest rubber extrusions assure firm seating to the windshield and body.

Tops include all necessary mounting hardware. Available in 4 styles: Standard, Porthole (7" diam.), **opening** Quarter Window, and Sun Roof. Sun Roof style features easily removable top panel for ventilating, "open air" feeling. Top becomes completely sealed and weatherproof when panel is secured in place. Sun Roof style also features opening quarter windows.

IMPORTANT ORDERING INFORMATION. These are custom fitting tops and will fit **ONLY** those cars which are listed below. All available tops are listed. When Ordering, State Year, Make, Model of Car and Our Stock Number. **Note:** Shipped from California. Avg. shpg. wt. 45 lbs.

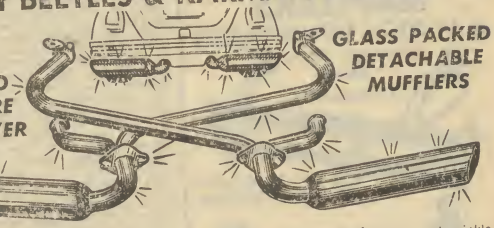
DYNO-TUNED DUAL HEADER EXHAUST to fit BEETLES & KARMANN GHIA



GET UP TO 20% MORE HORSEPOWER

GLASS PACKED DETACHABLE MUFFLERS

- **Up to 20% more horsepower**
- **Dyno-tuned for hi-performance**
- **Large 3" fiberglass packed mufflers — triple chrome plated — detachable for strip or off road use**
- **Choice of all chrome plated system or black finished system with chrome plated mufflers**

Scientific research and engineering were used in the development of this outstanding exhaust system. Features four individual free-flowing tubes that form four precision chambers and merge into dual outlets for a super-scavenging effect that will give precise exhaust tuning. System is dynamometer tuned and of equal length design for best performance. Heavy duty 18-gauge tubing is mandrel bent and wrinkle-free for maximum scavenging action. Muffler is packed with chopped fiberglass and has bullet shape plus slant cut end for deep throated pleasant sound. 14-gauge seamless steel case will not rust or blow out.

Entire system is available in beautifully finished triple nickel-copper-chrome plate or painted black with all chrome muffler. Easily installed, complete with gaskets and instructions. Custom fabricated—perfect fit without alterations for following Beetles and Ghias exc. 411.

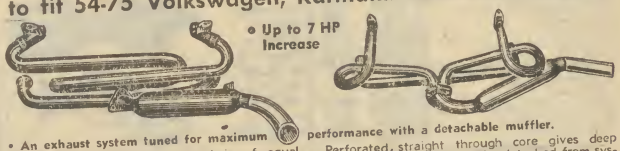
HEADER EXHAUST SYSTEM
to fit 54-75 Volkswagen, Karmann Ghia and Porsche



- **Up to 7 HP Increase**

- **An exhaust system tuned for maximum performance with a detachable muffler.**

System is accurately tuned and is of equal length, design, popular in today's hi-performance cars. All tubing is heavy duty 18 gauge steel, 1-1/2" O.D. and wrinkle-free mandrel bent. Equipped with a DEEPTONE FIBERGLASS PACKED BULLET MUFFLER AND 9" FLARED CHROME TAILPIPE. Muffler is a 14 gauge seamless steel case and will not rust or blow out.

Perforated, straight through core gives deep mellow tone. Muffler can be detached from system for wide-open sports car sound, easily reinstalled at any time. Custom fabricated for perfect fit without alteration. All headers below have 3-bolt flanges. With gaskets and instructions. For the following:

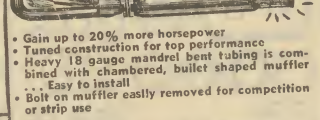
HEADER EXHAUST SYSTEM
with Chambered Mufflers to Fit VOLKSWAGEN



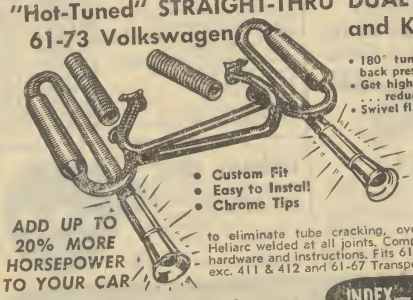
Sedans, Karmann Ghias, Buses, Vans & Station Wagons

- **Gain up to 20% more horsepower**
- **Tuned construction for top performance**
- **Heavy 18 gauge mandrel bent tubing is combined with chambered, bullet shaped muffler . . . Easy to install**
- **Bolt on muffler easily removed for competition or strip use**

Add more "go" power to your Volkswagen with this tuned exhaust system! Available with either all-chrome or chrome-tipped muffler. Muffler is a chambered type for quiet, longer life and top performance. Large 2-1/4" diameter muffler tip is flared for custom appearance—gives low quiet, pleasant sound. All tubing is heavy 18-ga. steel and scavenges into large size 2" collector. Exhaust header has swivel flange so that system can be positioned as required for custom fit.

For all 66-73 except Squareback 411, 412, Fastback and Variant.
21-1736T—w/chrome-tipped muffler 1-Kit **$41.95**
21-1737A—w/all-chrome muffler 1-Kit **$47.95**

"Hot-Tuned" STRAIGHT-THRU DUAL EXHAUSTS for 61-73 Volkswagen and Karmann Ghia



- **Custom Fit**
- **Easy to Install**
- **Chrome Tips**

ADD UP TO 20% MORE HORSEPOWER TO YOUR CAR

- **180° tuned dual header system reduces back pressure to a minimum**
- **Get higher top speed . . . better mileage . . . reduced engine heat**
- **Swivel flanges for easy installation**

Mandrel bent 18-ga. steel tubes of equal length provide perfect scavenging action. Chambered bullet mufflers give quiet, low sound of power. Chrome muffler tips exit at rear, under bumper. Tubes are balanced at flanges to eliminate tube cracking, overhang and excessive vibration. Heliarc welded at all joints. Complete with all necessary mounting hardware and instructions. Fits 61-73 Beetle, Super Beetle and Ghia exc. 411 & 412 and 61-67 Transporter, Bus and Van exc. 411.

21-1887U—Fits 61-62
21-1888B—Fits 63-73 . . . . . 1-Kit **$54.95**

Muffler Installation Kit to fit 55-74 Volkswagen

Muffler can be installed easily, quickly with this kit. Includes all necessary gaskets, graphite rings, bolts and nuts, conic rings and clamp halves to install muffler to motor.

Kit for:	Stk. No.	Per Kit	Shpg. wt.
55-Aug./60 36 HP	89-5147 Y	$1.69	6 oz.
Sept./60-Dec./62 40 HP 1200 Series	89-5009 P	2.19	6 oz.
61-64 1500 Ser. to eng. #713138	89-5161 R	3.49	6 oz.
64-74 1500, 1600 ser. from eng. #713138	89-5208 Y	2.98	6 oz.
Jan./63-74 Beetles (incl. tailpipe installation kit)	89-5206 B	2.25	6 oz.
63-71 1500, 1600 Bus, Transp. & Truck	89-5435 X	2.98	5 oz.

HEAT EXCHANGER REPAIR KIT

for All 63-75 Volkswagen except 411 & 412

Connector Hook-up

Avoid replacing costly heat exchanger units with this kit which repairs connection between heat exchanger and muffler—the weakest part and cause of heat loss. Simply saw old connection off and slip specially formed pipe in place. Consists of two repair pipes to service both heat exchangers. No need to remove either muffler or heat exchanger.

89-5579B— 1-Kit **$3.98**

FIBERGLASS PACKED Tapered Muffler Tips to fit 55-74 Volkswagen & Ghia

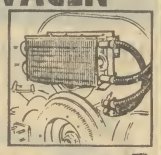
Chrome Plated

- Increase horsepower, gas mileage by 5% — reduce exhaust back pressure by 50%

Change annoying exhaust whistle to a low pleasant sound. Packed with finest fiberglass to effectively reduce sound of exhaust. Tips measure over 2" in diameter at large end, taper to about 1-3/8". Easily installed. Fit 55-74 cars and Ghia exc. F'back, Sq'back and Transporter

89-2138P— 1-Pair **$14.98**

OIL COOLERS for VOLKSWAGEN and PORSCHE Engines

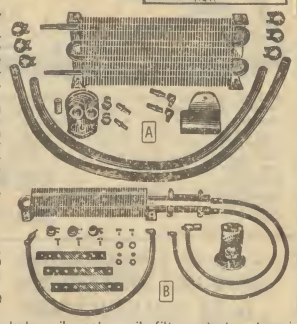


Needed on all Volkswagens . . . a "must" for tow cars, off-road vehicles, vans, competition! Most Volkswagen engines run up to +300°F at highway speeds in warm weather. This kind of heat breaks down lubricants, causes premature wear and can cause expensive engine damage! These heavy duty oil coolers keep your engine at the proper running temperature (below 200°F.) for peak performance, best gas mileage and longer engine life. Oil lasts longer and lubricates better, because every 20° drop in temperature doubles oil life!

A FULL-FLOW COMPETITION 4 OR 6 TUBE OIL COOLERS. Cools both sides of engine equally! Because of stock oil cooler location, Volkswagen engine temperature can vary 40° to 100° from one side of the engine to the other. This shortens the life of the hotter cylinders and makes regulation of carburetion very difficult. These full-flow oil coolers mount outside of the fan housing for full air flow. Full-flow adapter replaces stock oil cooler, resulting in equal temperatures on both sides of the engine. Tests of this system prove a 30° to 40° decrease in oil temperature with a 50° to 55° drop in cylinder temperature—from 250° - 275° to 200° - 220°. Efficient full-flow system receives and cools all of the circulating oil. Adds 1-1/2 qts. of oil to system. Oil cooler is complete with adapter for Ford spin-on type filter (order filter below), adapter to replace stock oil cooler, mounting brackets, all hoses, fittings, clamps, hardware and instructions. For all Volkswagen and 4-cyl. Porsche exc. Volkswagen Fastback, Squareback, and fuel injection.

37-6041N—4 tube cooler 1-Kit **$47.95**
37-6042T—6 tube cooler 1-Kit **$53.95**

OIL FILTER FOR ABOVE COOLERS
74-1356W— ..... Each **$2.49**

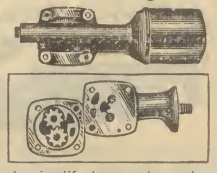


B 2-TUBE BI-PASS OIL COOLER. Exclusive, patented inner/outer fin design around oil flow tubes gives 2-way cooling action—reduces high engine temperatures as much as 80°F. Compact, lightweight system works instantly every time, needs no priming. Cannot obstruct oil flow, allows nomal cold weather starting. Kit includes oil cooler, oil filter adapter, hose, fittings, clamps, hardware and instructions. Requires oil filter cartridge below. **Fits all 60-75 Volkswagen engines exc. fuel inj.**

37-5713P— 1-Kit **$34.95**

OIL FILTER CARTRIDGE FOR ABOVE.
73-1398R— ..... Each $4.19

1-Pc. HI-VOLUME HI-PRESSURE OIL PUMP-FILTER ASSY for 54-75 Volkswagen



Increases idle oil pressure from 7-lbs. to 20-lbs. Maintains 40-50 lbs. pressure at 60 MPH.

Increase engine bearing life, keep engine cooler. Get full protection at all speeds. Heat treated cast aluminum with steel gears. Full-flow style assembly with bolts, filter.

37-6307P—Fits 54-66 Beetle, Ghia, Kombi 36, 40, 50 HP ..... Each **$39.98**
37-6308Y—Fits 67-70 Beetle & Ghia and 1967 Kombi ..... Each **$39.98**
37-6628R—Fits 71-75 Beetle & Ghia 1500, 1600 eng. ..... Each **$42.95**

REPLACEMENT ELEMENT for above
73-1401A— ..... Ea **$3.89**

SAVE Largest Selection

OIL CHANGE KIT for 54-75 Volkswagen

Everything you need when changing your oil, to guard against oil leaks. Kit includes oil drain plug, plug gasket, bottom plate and strainer gasket. These should be changed with every oil change. Kit contains enough parts to service two oil changes.

88-5926W—For 54-60 36 HP
88-5927U—For 61-76 exc. 411, 412 and 72-75 Transporter.
Above Numbers— 1-Kit **$2.39**

Combination Drain & Transmission FILLER PLUG WRENCH to fit Volkswagen

Heat treated alloy steel, nickel plated. Fit all Volkswagen vehicles.

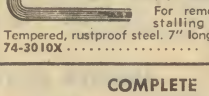
16-0157P— ..... Each $5.98

MAGNETIC DRAIN PLUG to fit All Volkswagen

Powerful permanent magnet traps damaging metal particles resulting from normal engine operation. Keeps oil cleaner—reduces wear. Replaces original plug perfectly. Fits all 60-76 Volkswagen engines.

16-0133A— ..... Each **98c**

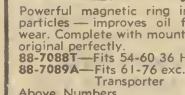
CRANKCASE & TRANSMISSION DRAIN KEY TO FIT 55-76 BEETLES



For removing and installing drain plug. Tempered, rustproof steel. 7" long.

74-3010X ..... Each **$4.19**

MAGNETIC OIL STRAINER for Volkswagen



- Prolongs engine life
- Reduces friction
- Easy installation
- Gaskets included

Powerful magnetic ring in strainer traps tiny particles — improves oil flow, reduces engine wear. Complete with mounting gaskets. Replaces original perfectly.

88-7088T—Fits 54-60 36 HP
88-7089A—Fits 61-76 exc. 411, 412, and 72-75 Transporter
Above Numbers ..... Each **$5.98**

OVERSIZE OIL (Sump) PAN to fit Volkswagen & 912 Porsche

Increases oil capacity up to 2 quarts. Helps keep oil temperature down. Increases bearing life. Prevents oil starvation during hard cornering, high speeds, heavy hauling, or hot weather. For street or competition. Deep finned cast aluminum. With gaskets, hardware and instructions.

For 61-74 Volkswagen exc. fuel inj.
37-6245U—1-1/2 qt. ..... Each **$33.95**
For 48-75 Volkswagen.
37-6842W—2 qt. ..... Each **$39.98**
For 61-75 912 Porsche.
37-6309W—1-1/2 qt. ..... Each **$39.98**

HEAVY DUTY OIL PUMPS to fit 54-66 Volkswagen Engines

25% greater capacity than original for better lubrication and cooling—increases engine life. Porsche capacity oil pump circulates more oil through engine. Reduces engine temperature, cuts down wear of moving parts. Ideal where high operating temperatures develop—on trucks, station wagons, on vehicles in hot climate areas, and on race and rally cars. Replaces stock pump perfectly. Fits 36, 40 HP engines.

89-2554Y— ..... Each **$8.49**

TIMING DISC

Makes valve adjusting easy. Permanently etched markings in increments of 1°. For all Volkswagen and Porsche engines.

37-5088X— Each **$4.98**

HIGH COMPRESSION 92mm BIG BORE CYLINDERS & PISTONS to fit VOLKSWAGEN

1300, 1500 and 1600 Series

Increased Power, Faster Pickup, Higher Top Speed

NOW! Big, Powerful 92mm Kit gives
- **A Full 1800cc's Displacement**
- **9.5:1 High Compression Ratio**

Turn your Volkswagen into a real powerhouse, with this easy to install kit. Big bore cast iron cylinders are heavily finned for faster, more efficient cooling. Competition design ribbed steel slot pistons have close-tolerance expansion characteristics for maximum compression and performance. High strength steel alloy fitted pins. Hand gapped rings are perfectly matched and fitted to both pistons and cylinders. Complete set includes 4 cylinders with 4 matched pin fitted pistons with rings.

INCREASES:

	Cylinder Bore	Compression Ratio	Cubic Inch Displacement
Engine	From To	From To	From To
1300	77mm-92mm	7.3:1-9.5:1	1285cc-1800cc
1500	83mm-92mm	7.8:1-9.5:1	1493cc-1800cc
1600	85.5mm-92mm	7.7:1-9.5:1	1584cc-1800cc

NOTE: For use with stock crankshaft only. Not for use in stroked engines. Cylinder head and crankcase must be bored with all engines. Instructions included with each kit.

88-3784 A— ..... Set **$119.95**

"Bolt-On" Increased Horsepower and Displacement! 87MM BIG BORE CYLINDERS & PISTONS to fit VOLKSWAGEN

1500 & 1600 Series — Only **99.50** Set

- **More power, faster pickup, higher top speed**
- **Increase displacement to 1650cc**
- **Increase horsepower 20%**

Add power and muscle! Easy to install—just slip in and bolt on. No modifications or machining necessary. Complete set includes 4 Big Bore 87mm cast iron cylinders, heavily finned for maximum cooling; precision, machined alloy pistons; high strength steel alloy fitted pins; hand gapped rings—all perfectly matched and fitted. Fit all 1500, 1600 Volkswagen engines with stock crankshaft. (Not for use in stroked engines.)

88-6093U— ..... Set **$99.50**

Increase Horsepower in Your 60-65 Volkswagen 40 HP with 83 mm Big Bore Hi-Compression PISTONS & CYLINDERS

ONLY **79.95**

EASY BOLT-IN INSTALLATION
- **Increases cylinder bore from 77mm to 83mm**
- **Increases compression ratio from 7.0:1 to 7.9:1**
- **Increases displacement from 1200 cc to approx. 1385 cc**
- **Increases HP up to 22%—Improves engine cooling**

Simple installation—As easy as replacing stock cylinders, pistons. No expensive machining, grinding or filing required. No alterations to other stock parts.

Improved Steel Alloy Porsche Pattern Cylinders. Have superior thermal characteristics, more cooling fin area than stock cylinders.

Precision Machined Special Alloy Pistons. Have correct expansion features to insure maintenance of close tolerances in cylinders. High strength steel alloy pins fitted to pistons.

Hand Gapped Rings fitted to pistons, cylinders. **Completely matched** for smooth performance. Sets contain 4 cylinders, 4 matched pin fitted pistons with rings. Fit all 60-65 1200 series 40 HP engines with stock crankshaft (not for use in stroked engines.)

89-4245A — ..... Per Set **$79.95**

GET MORE POWER IN YOUR VOLKSWAGEN with HIGH COMPRESSION BIG BORE CYLINDERS and PISTONS

to fit ALL 1500 Series — Only **79.95**

INCREASE COMPRESSION 5%! IMPROVE PERFORMANCE! INCREASE POWER, TOP SPEED!

Increase Cubic Inch Displacement from 1493cc to 1584cc. Have superior thermal characteristics, more cooling fin area than stock cylinders.

Precision Machined Special Alloy Pistons. Have correct expansion features to maintain close tolerances in cylinders for best performance. High strength steel alloy pins fitted to pistons.

Hand Gapped Rings fitted to pistons, cylinders, are **completely matched** for smooth performance. Sets contain 4 cylinders, 4 matched pin fitted pistons with rings. Fit all 1500 series with engines having stock crankshaft (not for use in stroked engines). Replace original cylinder assembly perfectly. No alterations.

88-2270B— 1-Set **$79.95**

"SUPER COOL" CYLINDERS & PISTONS to fit 60-65 40 H.P. Volkswagen

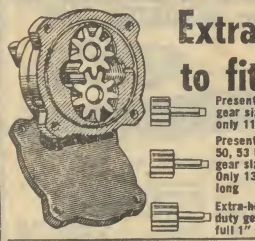
Improved Type Full 18 Fins — Original Type Only 12 Fins

Improves Engine Cooling—Life Insurance For Your Engine

18 fin steel alloy cylinder dissipates heat faster, cools oil, helps car heater. Excellent for severe duty. Special alloy pistons insure maintenance of close tolerances for best performance. High strength steel alloy pins and hand gapped piston rings are fitted to pistons and completely matched. Set: 4 super cool cylinders, 4 matched pin fitted pistons with rings. Replace original cylinder assembly perfectly. Fit all 60-65 Volkswagen 40 HP engines. Available in 77MM std. bore only.

88-2197X— 1-Set **$65.98**

INCREASE OIL PRESSURE & VOLUME up to 45% Extra-Heavy Duty OIL PUMP to fit 54-76 VOLKSWAGEN



Present 36 HP gear size—only 11/16"
Present 40, 50, 53 HP gear size—Only 13/16" long
Extra-heavy duty gear—full 1" long

- **Maximum lubrication to engine at all speeds**
- **Better engine cooling — increased engine life**

Precision-machined to circulate more oil thru the engine—greatly reduces engine temperature—cuts down wear and tear on moving parts. A "must" for Volkswagen engines that develop high operating temperature, i.e.—trucks, dune buggies, competition cars. Ideal for street dragging, hot climate areas, towing, racing, rallying, any heavy duty use. Replaces stock pump perfectly. Complete with special mounting studs and cover plate.

OVERSIZE GEAR HOUSING

36 HP OIL PUMP Constricted size for std. oil pump — 40, 50, 53 OIL PUMP Only slightly larger than 36 HP pump — Extra-heavy duty relieved to insure increased volume over standard pump

Fits 54-66 Volkswagen & Karmann Ghia 36, 40, 50 HP 1200, 1300 Ser.
88-6203R— ..... Each **$10.98**

Fits 67-69 Volkswagen Beetles, Karmann Ghia and 62-69 Kombi, Fastback and Squareback with 53, 57, 65 HP engines (1500, 1600 series).
88-6204X— Each **$10.98**

Fits 70-76 Beetles, Karmann Ghia except 411, 412 Series.
88-6733N— ..... Each **$12.98**

Fits 72-75 411, 412.
37-6472B— ..... Each **$23.98**

VOLKSWAGEN & KARMANN GHIA

FOR PARTS AND ACCESSORIES NOT SHOWN SEE INDEX

See Index for Other Items

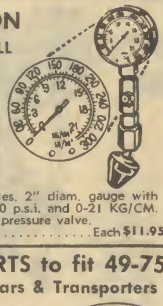
POLISHED CAST ALUMINUM Deep Finned Valve Cover For 60-75 Volkswagen

Improve engine performance. Deep finned design reduces head temperature, reduces tappet noise. Rigid construction prevents warpage and oil leaks. With dual threaded nuts—one end is metric thread to fit original bolt on engine, other end is standard thread to accept regular hold down bolt. Mounting instructions included. Fits all 60-76 Volkswagen exc. 411, 412 & 1972-76 Transporters.
37-47558— 1-Pair **$13.95**

CAST ALUMINUM COVER. Attach like original using chrome clips supplied. Available in polished or chrome finish. For all 60-76 40, 50, 53 HP engines exc. fuel injection.
97-5777N—Polished finish 1-Pair $12.95
97-5778T—Chrome Finish 1-Pair 14.95

VALVE COVERS WITH BREATHERS. Breathers reduce crankcase pressure to a minimum. Valve covers have same features as above. Fit 60-76 40, 50, 53 HP engines.
37-55148— 1-Pair **$29.98**

COMPRESSION TESTER for ALL Volkswagens



A "must" tool—indicates exact compression in any Volkswagen cylinder. Compact tester allows you to maneuver easily in hard-to-reach engine compartment. Swivel action tapered plug fits all spark plug holes. 2" diam. gauge with scale readings of 0-300 p.s.i. and 0-21 KG/CM. With hold and release pressure valve.
15-3999T— ..... Each $11.95

CYLINDER HEAD TEMPERATURE GAUGE KIT to fit 63-76 VOLKSWAGEN

Avoid Engine Repairs! Warns you in advance of dangerously low or high engine temperatures. Sending units mount between fins in cylinder head, away from oil checking area, no dangling wires in fan belt area. 2-1/16" diameter gauge has easy-to-read dial—registers from 270° to 500° F. With illumination window and chrome bezel. Mounts in dash or in panel under dash. **Fits 63-76 Beetle, Buses, Fastbacks, Squarebacks, Transporters, Karmann Ghias, 411 & 412 & Porsche.**

DELUXE KIT. Checks each individual cylinder. Includes gauge, four sending switches, 4-position rotary switch (allows you to check cylinder desired with a flick of the switch), necessary wiring and instructions.
75-1894N— 1-Kit **$19.98**

ECONOMY KIT. Checks only one cylinder. Includes gauge, sending unit, necessary wire, and instructions.

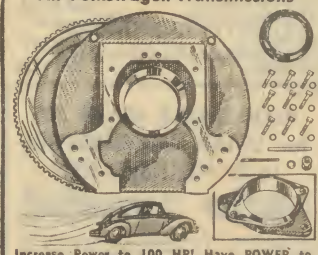
CORVAIR to VOLKSWAGEN ENGINE ADAPTER KIT

Adapts any Corvair Engine to All Volkswagen Transmissions

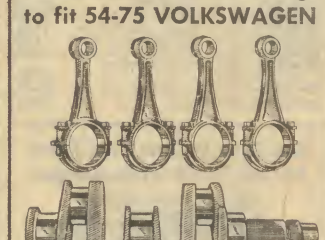


Increase Power to 100 HP! Have POWER to spare by installing a larger, more powerful Corvair engine in your Volkswagen car, Transporter, Karmann Ghia, or Dune Buggy (using Volkswagen chassis). Precision fit adapter and flywheel makes it easier, less costly to convert your car to a real "bomb." Kit includes adapter, **NEW MODIFIED Volkswagen 1500 Transporter type flywheel (stronger than passenger car flywheels),** all necessary parts, (except starter adapter and starter drive kit—see below), grease retainer, bolts and instructions. No exchange necessary on any parts. Some modification to engine compartment is necessary in sedans and transporters to accept the Corvair engine.
85-0907U— 1-Kit **$169.98**

STARTER ADAPTER. Permits easy installation of 6 volt, 6 cyl. or 12 volt Chevrolet starter. (6 volt starter may be used to retain original Volkswagen 6 volt system if desired.)
85-0908B—For 6 volt starter
85-0909P♦—For 12 volt starter. Ea **$22.49**
♦Note—For 12 volt systems order 85-0910Y below.

STARTER DRIVE KIT. Adapts Corvair starter to flywheel gear (not shown). Used with 85-0909P adapter for 12 volt systems.
85-0910Y— 1-Kit **$24.98**

Crankshafts, Connecting Rods, Rod & Main Bearings to fit 54-75 VOLKSWAGEN



Replace worn parts with these new, perfect-fitting parts. Improve oil pressure, reduce oil burning. Crankshaft has standard size main and rod journals all highly polished. Main and rod bearings (sold in complete matched sets only) of finest materials to exact factory specs. Std. size.

54-60 Cars, 54-58 Transporters, 36 HP

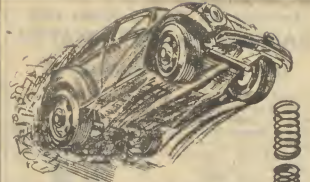
HIGH PERFORMANCE CAMSHAFT KITS for 61-75 Volkswagen



• POWER for your Volkswagen!! Get higher top speeds, faster acceleration, more horsepower

Choice of grinds, each designed to give maximum performance. Brand new hardened billets are precision ground to exact specifications. Lobes are of uniform hardness for long and trouble-free service. Kit contains: camshaft with bolt-on timing gear, hi-rev valve springs, lightweight aluminum retainers, heavy duty alloy tappets and timing disc.

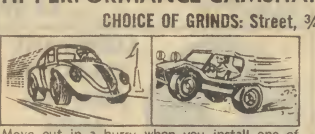
CHOICE OF GRINDS:
3/4 Street Grind. .338 lift, 278° duration. Same idle as stock, but w/performance increase.
Street Eliminator. .385 lift, 275° duration. Solid low end torque with top end performance to 5500 RPM. Ideal for off-road use.
Super Street Eliminator. .410 lift, 286° duration. Slight rough idle, performance up to 6000 RPM. Ideal for slightly modified engines.
Super Eliminator. .418 lift, 296° duration. Idles at 1400-1500 RPM. 4500-6500 RPM power range. The maximum street cam.
Competition. .428 lift, 312° duration. Reasonable low and mid-range power at 4500-6500 RPM. General use as competition cam.
Super Competition. .440 lift, 318° duration. Idles at 1500 RPM. 5000-7000 RPM power range. Top of the line for all road racing.
Super Drag Competition. .445 lift, 342° duration. Idles at 2000 RPM. 5000-7000 RPM power range. For all-out drag racing.

FOR 61-71 VOLKSWAGEN exc. fuel injection.
37-6474Y—3/4 street
37-6475N—street eliminator
37-6476T—super street eliminator
37-6477A—super eliminator
37-6478R—competition 1-Kit
37-6479X—super competition **$59.98**
37-6480N—super drag competition

FOR 72-75 VOLKSWAGEN except 72-73 Transporter, 411 and 412.
37-6481T—3/4 street 1-Kit
37-6482A—street eliminator **$89.98**
37-6483R—super street eliminator

For Improved Performance—Increased Power—Faster Acceleration HI-PERFORMANCE CAMSHAFTS to fit Volkswagen & Ghia

CHOICE OF GRINDS: Street, ¾ Full Race, or Super Track!



LOW AS **26.98**

Move out in a hurry when you install one of these hi-performance cams in your Volkswagen or Dune Buggy! Brand new hardened castings have been ground to exact specs. Lobes are of uniform hardness for long, trouble-free service.
STREET GRIND—Designed for street and Dune Buggies that need extra low-end and mid-range power. Has excellent idle.
3/4 GRIND—For street and short track use. Approximately 15% boost in power. Good idle.
FULL RACE—In competition, best performance over 1,000 RPM. Rough idle. Approximately 20% boost in power.
SUPER TRACK—Our top performance cam designed for all out competition. Best suited for use with multiple carbs, extractor exhaust systems, gears to allow higher RPM. Very rough idle. Approximately 30% boost in power.
FULL COMPETITION—Not recommended for street. Erratic idle. Pulls strong from 1500 RPM.

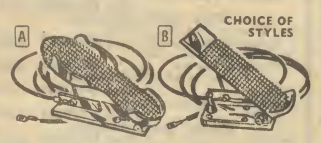
Good low end torque with maximum hi-rev horsepower, for use with tuned intake and exhaust. Each camshaft has tag showing exact degree of opening and closing of valves and valve lift. Complete with aluminum gear. **NOTE:** Not for use with hi-lift rocker arms. Shpg. wt. 6 lbs.

For 55-60 Volkswagen with 36 HP engines.
37-0823B—3/4 grind ..... Each $37.95

For 60-71 Volkswagen & Ghia with 40, 50, 53, 60, 65 HP engine exc. Fuel Injection.
88-4105Y—Street Grind ..... Each 26.98
37-2682P—3/4 Race ..... Each 29.95
37-3875R—Full Race ..... Each 31.50
88-4106W—Super Track ..... Each 32.50

For 72-75 Volkswagen exc. 72-73 Transporter, 411 and 412.
37-6314W—3/4 Race ..... Each
37-6315T—Super Track ..... Each **$47.95**

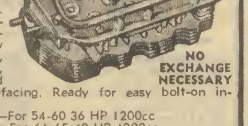
THROTTLE WITH 48" CABLE for RV's, Dune Buggies, and Off-Road Vehicles



CHOICE OF STYLES

Solves throttle linkage problems on engine changeovers. Can also be used as left foot throttle. Cast aluminum construction with non-slip waffle design pedal and universal style base for easy installation. Speed limiting control. 48-inch, cam-slot action cable. Complete with mounting hardware and easy-to-follow instructions.
A **Throttle kit with contour pedal.**
73-2315B— 1-Kit **$35.95**
B **Throttle kit w/rectangular pedal.**
73-2316P— 1-Kit **$33.95**

COMPLETE RECONDITIONED CYLINDER HEAD ASSEMBLIES for 54-70 Volkswagen



Heads are rebuilt to exact factory specifications. Reconditioning includes new valves, springs, guides and surface refacing. Ready for easy bolt-on installation.

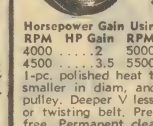
NO EXCHANGE NECESSARY

37-6703P—For 54-60 36 HP 1200cc
37-6704Y—For 61-65 40 HP 1200cc
37-6705N—For 64-66 1500cc Transporter & Variant
37-6706T—For 1966 1300cc Beetle
37-6707A—For 67-70 1500 & 1600cc Beetle & Transporter (single port)
Above Nos. ..... Each **$64.98**

ONE PIECE DRESS-UP FAN & CYLINDER SHROUD for 61-76 Volkswagen

Forces air around cylinders and heads to cool 20% better than stock equipment. Lightweight, durable 1-pc. hand laminated fiberglass shroud requires only minor cutting for that tight custom fit. Fits all 61-76 Volkswagen upright engines, including dual port, with any manifold combination. Must be used with an external oil cooler (see Index). Installation eliminates heater on all air cooled engines. Complete with hardware and instructions.
19-6933N—Hi-Gloss White finish . . Each $47.98
19-6934T—Silver Metal Flake finish . Ea. 59.98

Power CRANK PULLEY with DEGREE RING for VOLKSWAGENS



• Bolt on up to 10% more horsepower

Horsepower Gain Using Power Pulley:

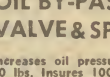
RPM	HP Gain	RPM	HP Gain	RPM	HP Gain
4000	.2	5000	.6.5	6000	.7.8
4500	.3.5	5500	.6.7	6500	.10.1

1-pc. polished heat treated aluminum alloy. 1" smaller in diam, and 33% lighter than stock pulley. Deeper V lessens possibility of throwing or twisting belt. Precision balanced, vibration-free. Permanent clear white numbers on black background in 1-degree precision increments. Top dead center (TDC) clearly marked. A must for the serious racer. For street Volkswagen and Karmann Ghia, Formula V cars and Dune Buggies. Fit all 61-75 exc. fuel inj.
37-4323R— ..... Each **$11.98**

FAN BELT FOR ABOVE PULLEY
74-2599P— ..... Each $2.49

CRANK PULLEY BOLT. Triple chrome plated.
37-4324X— ..... Each $2.49

Oil & Grease Seals to fit Volkswagen Beetle



Year Description	Stk. No.	Each
54-67 Front Outer & Rear Wheel Seals. Set of 4	89-3465W	$2.79
49-65 Front Wheel Inner	87-3200R	.79
49-75 Rear Axle Outer	87-3201X	.79
53-59 Crankshaft	87-3203T	1.29
60-75 Crankshaft exc. 1700-1800cc	87-3204A	1.29
53-70 Trans. Mainshaft	87-3205Y	1.29

SWIVEL BASE VALVE ADJUSTING SCREWS for ALL Volkswagen Engines

STOCK TIP NOT THIS

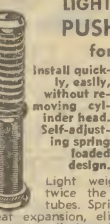
FOR LONGER VALVE LIFE! Same type as used in 911S Porsche engines — replaces original perfectly. Stops top of valve from mushrooming. Permits more accurate setting. Increase valve guide life due to cut down of side thrust. Allen wrench type end gives easier adjustment. Complete set of 8, plus Allen wrench.
37-6129Y— 1-Set **$14.49**

Increase Engine Efficiency! SILICONE-BRONZE VALVE GUIDES for 61-75 Volkswagen

For more pep and power-smoother operation! Decreases engine wear—gives better heat dissipation. Self-lubricating—machined and honed to exacting tolerances. Last up to 3 times longer than stock guides! Replace original intake or exhaust valve guides perfectly, in all 61-75 1300, 1500, 1600 Volkswagen engines.
37-6023T— 1-Set **$5.98**

SAVE Largest Selection

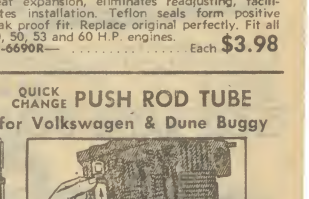
LIGHTWEIGHT NYLON PUSH ROD TUBES for Volkswagen



Install quickly, easily, without removing cylinder head. Self-adjusting spring loaded design.

Light weight, yet have more than twice the strength of original type tubes. Spring loading compensates for heat expansion, eliminates readjusting, facilitates installation. Teflon seals form positive leak proof fit. Replace original perfectly. Fit all 40, 50, 53 and 60 H.P. engines.
37-6690R— ..... Each **$3.98**

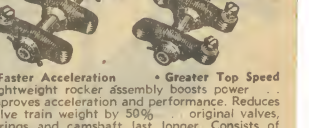
QUICK CHANGE PUSH ROD TUBE for Volkswagen & Dune Buggy



Now . . . replace broken, bent, leaking pushrod tube without removing engine!

Just pull out defective tube and replace with adjustable quick-change tube. Install in minutes with hand tools. Save time and expense of removing cylinder head. Heavy aluminum alloy. Fits all Volkswagen exc. fuel injected, 411, 412.
88-6020X— Each **$3.98**

ALUMINUM HI-LIFT ROCKER ARM ASSEMBLIES to fit VOLKSWAGEN



• Faster Acceleration • Greater Top Speed

Lightweight rocker assembly boosts power . . improves acceleration and performance. Reduces valve train weight by 50% . . original valves, springs and camshaft last longer. Consists of eight adjustable aluminum rocker arms, two tubular steel rocker shafts, and instructions. Replaces original equipment. Use with stock camshaft and stock push rods 1-Kit
37-6840P—61-65 40 HP
37-6841Y—66-75 50, 53, 60 HP **$59.98**

Volkswagen & Porsche! OIL BY-PASS RELIEF VALVE & SPRING KIT

Increases oil pressure from 40 to 60 lbs. Insures 100% oil pressure to main oil galley. Special steel springs increase valve tension to insure constant pressure in oil galley under all driving conditions. A must when using an oil filter or oil cooler. Easy to install.
37-6352W—Fits 61-70 Volkswagen . 1-Kit $2.29
37-6353U—Fits 71-75 Volkswagen . 1-Kit 2.98
37-6354B—Fits Porsche 356, A, B, C, 1600, Super, 912 ..... 1-Kit 2.98

See Index for Other Items

MOST COMPLETE SELECTION OF ACCESSORIES and PARTS TO FIT

HEAVY DUTY SPRING CENTER CLUTCH PLATES for Volkswagen & Karmann Ghia

Better Than Original
STOPS clutch chatter and jerky starts—assures, fast, smooth get-away. Get smoother clutch action by replacing original rigid type clutch plate with these heavy duty, spring center clutch plates. Long lasting full molded lining riveted to spring steel disc. Spring loaded hub cushions shock to eliminate harsh, chattering shifting. Helps increase life of transmission, gears and other drive line parts. Replace original perfectly.
89-4306X—Fits 54-66 1200, 1300 series Beetles, Ghia and Transporters . . . . . Each **$9.59**
89-4926W—Fits 67-75 All 1500, 1600. Ea. **10.98**

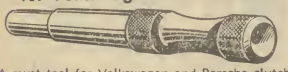
Heavy Duty BALL BEARING TYPE Clutch Release Bearing for 47-70 Volkswagen

Replaces original carbon type bearing perfectly — no alterations necessary. Improves clutch operation — clutch operates much smoother with reduced effort. Extends life of clutch assembly. With retainer spring clips. Fits Cars and Transporter.
89-2046N— . . . . . Each **$7.19**

Clutch Adjusting Tool Set to fit All VOLKSWAGEN

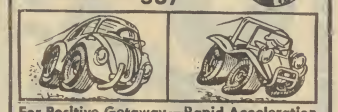
Set of two reversible ratchet wrenches designed especially for adjusting Volkswagen clutch. Each wrench is exactly the right length for working in restricted areas. Short wrench has 11mm hex head for fitting over and holding lock nut. Larger wrench with 14mm hex head is used to adjust clutch. For all Volkswagen vehicles, and 55-65 Porsche 356 series only.
75-0807Y— 1-Set **$5.95**

CLUTCH PILOT TOOL for Volkswagen and Porsche



A must tool for Volkswagen and Porsche clutch installation — lets you align clutch disc with pilot bearing. Precision machined steel.
15-3540N—
Each **$4.49**

Extra Heavy Duty COMPETITION PRESSURE & CLUTCH PLATE for Volkswagen & Dune Buggy



For Positive Getaway—Rapid Acceleration
Pressure plate is more than 30% stronger than stock plate to give you more torque from clutch for positive getaway, rapid acceleration. For racing, rallying or extra heavy duty on-or-off road use. Ferile iron throwout bearing collar is steel backed to prevent pressure plate fingers from eroding the cast iron material. Gives trouble-free operation and longer service under the most rugged driving conditions. Heavy duty spring center clutch plate stops clutch chatter and jerky starts. Increases transmission life. Ready to install. Replace original perfectly. (See below for clutch release bearing.) Fits 67-70 Beetles and Ghias, 62-70 1500, 1600 Transporters, Squareback, Fastback, Variants and all Dune Buggy with 1500, 1600 engines.
PRESSURE PLATE—
85-3390P— . . . . . Each **$28.95**
CLUTCH PLATE—
89-4926W— . . . . . Each **$10.98**
CLUTCH RELEASE BEARING—
Heavy duty ball bearing type.
89-2046N— . . . . . Each **$7.19**

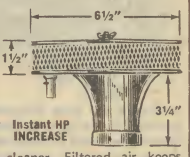
CLUTCH OPERATING SHAFT for 61-75 Volkswagen Beetle

Replace worn or broken clutch shaft for safe, trouble-free clutch operation. For standard transmissions only. Replace original perfectly.
88-7168T—For 61-70 Beetle
88-7169A—For 71-75 Beetle
Above Numbers . . . . . Each **$3.59**

Bushing Driver & Reamer TO FIT 47-65 VOLKSWAGEN CARS

Performs double duty. Bushing driver is used to remove old bushings . . . to install new bushings in proper position ready for reaming. Assures accurate alignment for reaming. Saves time and labor. Fits all Beetles and Karmann Ghias.
74-6348T— . . . . . Each **$3.19**

Increase Air Flow 5 Times with RAM AIR VELOCITY SYSTEM for 54-74 Volkswagen



Easiest, fastest, most economical way to **gain 5% more horsepower.** Gleaming chrome plated full flow velocity stack has ultra-high efficiency replaceable filter element—increases air flow up to 5 times more than original air cleaner. Filtered air keeps engine and carburetor clean. Constructed of spun steel, offset to insure correct, trouble-free installation. Just remove air cleaner and bolt on velocity stack. With filter element, smog attachment and clamp. Fits 54-74 Beetle, Transporter exc. 411, 412 fuel injector.
73-1279A—With paper element
73-1280R—w/foam element . . 1-Kit **$9.49**
REPLACEMENT ELEMENTS for above.
73-1281X—paper element
73-1282N—foam element . . . . . Each **$2.39**

HI-PERFORMANCE LOW RESTRICTION AIR CLEANER to fit 60-74 Volkswagen & Karmann Ghia

- **Increases Power and Gas Mileage**
- **Improves Performance**

Triple chrome plated housing and cover for custom look. Washable polyfoam filtering element permits maximum air intake yet filters all of the air. Restores lost pep and power caused by clogged original cleaner. Easy to install—replaces original perfectly. Complete with clear crankcase vent tubing and instructions. Fit all 60-75 Volkswagen, Ghia exc. 411, 412 fuel injection.
73-0924T— . . . . . Each **$8.49**

CONSTANT VELOCITY JOINT for 68-76 Volkswagen

Replaces original perfectly. Fits 68-76 Beetle, F'back and Sq'back exc. 411, 412.
88-6859Y— . . . . . Each **$35.95**
Above for 68-75 Transporter.
88-6860W— . . . . . Each **$35.95**

CLOSE RATIO GEARS FOR VOLKSWAGEN & DUNE BUGGY

Now you can eliminate the power-robbing RPM drop when you shift gears. You stay on the engine's power curve.

3rd & 4th GEAR SETS ONLY 54.95

YES — Both 3rd & 4th Gear Sets at this Unbelievable Low Price! ! !
NECESSARY FOR ALL PERFORMANCE DRIVING, these new close ratio gears give back the power you lose when you install big fat oversize tires. **LOWERS THE 3rd & 4th GEAR'S FINAL DRIVE RATIO, FOR MAXIMUM POWER TRANSFER AND ACCELERATION.** Set up your transaxle for road racing, drag racing, off-the-road racing, rallies, auto crosses, sedan racing, oval track racing, any and all kinds of competition and performance driving. Power loss when shifting gears is eliminated — you stay on the engine's power curve at all times. Gears are engineered for peak power transfer and endurance. Accurately machined to replace original gears perfectly. No modifications—no shims needed for fitting. Gears' features: (1) Precision cut (2) Ground to exacting tolerance, (3) heat treated, hardened alloy steel, (4) matched sets for peak power transfer. 3rd gear ratio: 1.38:1, 4th gear ratio: 1:1. Matched set of 4 gears fit all 61-66 **VAIR ENGINE CONVERSIONS.**
88-2616W— 1-Set **$54.95**

SPECIAL SERVICE TOOLS for VOLKSWAGEN

Top quality, solid steel construction—make your own repairs and save!

A Valve Spring Compressor. Makes it easy to remove valves. Eliminates valve spring breakage.
88-5933B— . . . . . Each **$21.98**
B Crankshaft Stand. Holds crankshaft firmly in position while cleaning and polishing journals.
88-5934P— . . . . . Each **$23.98**
C Caster-Camber Gauge. Avoid expensive alignment charges. Easy-to-use.
88-5936N— . . . . . Each **$19.98**
Camber Wrench. 36mm.
88-6445W— . . . . . Each **$13.98**
D Rear Seal Installer. For easy, precise installation of rear main seals.
88-5935X— . . . . . Each **$13.98**
E Tie Rod Extractor. Allows easy removal of tie rod ends without damage.
88-5937T—Beetle . . . . . Each **$8.49**
Tie Rod Extractor (Cont'd)
88-6446U—F'back & Sq'back . . Each **$21.98**
F Pinion Removal Tool. Specially designed tool removes pinion quickly, easily.
88-5940X— . . . . . Each **$9.98**
G Crank Pulley Puller. Removes pulley from crank effortlessly.
88-5938A— . . . . . Each **$12.98**
Economy Crank Pulley Puller.
88-6233W— . . . . . Each **$5.98**
H Transporter Steering Sector Puller.
88-6444R— . . . . . Each **$11.98**
J Oil Pump Puller. For quick and easy removal of oil pump without case damage.
88-5939R— . . . . . Each **$5.98**
K Drain Plug & Sump Cover Wrench. 21mm end removes crankcase drain plug, 10mm end removes studs or nuts from sump cover. (Volkswagen recommends periodic removal, for cleaning screen before oil changes).
75-3023R— . . . . . Each **$6.49**

SPEEDOMETER & FLEXIBLE CABLES for VOLKSWAGEN

Replacement cable and housing. Pre-packed, ready to install.

SPEEDOMETER CABLES	Stk. No.	Each

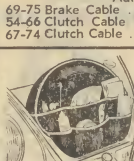
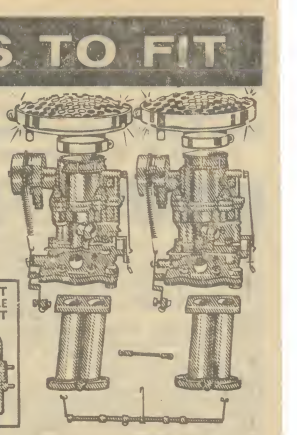
TRUNK CADDY to fit Volkswagen



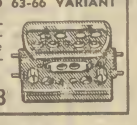
Slips over spare tire, holds tools and small items. Durable vinyl, six handy pockets.
75-1158N—Red **75-1160A**—Black
75-1159T—Blue . . . . . Each **$4.49**

DUAL HOLLEY Bug Spray POWER PACKAGE for Beetle, Transporter, Variant & Ghia



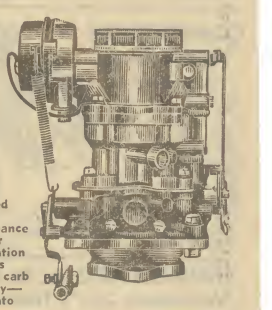
Delivers a full 600 CFM of carburetion — 4 times the CFM of original. Complete kit contains two 300 CFM Holley bug spray carburetors, linkage assembly, dual port manifolds, and 2 low profile air cleaners. Fits 71-74 Volkswagen exc. 411 & 412, or by adding modified dual port heads below, fits 67-70 Beetle & Ghia, 63-71 Transporter and 63-66 Variant.
37-6087Y— 1-Kit **$179.95**

MODIFIED DUAL PORT HEADS with HI-REV SPRING KIT REQUIRED TO INSTALL ABOVE KIT INTO 67-70 BEETLE & GHIA, 63-71 TRANSPORTER AND 63-66 VARIANT



Also recommended for better performance on 71-72 Volkswagen. Hi-performance, with dual intake ports, large 35.6mm intake valves and 32mm exhaust valves. Assembled.
99-4454XF—20lbs. 1-Pr. Shipped from Calif. **$224.98**

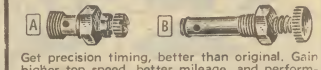
REPLACE Your TROUBLESOME Solex Carburetor with a HOLLEY 2-BBL.—fits ALL 54-74 Volkswagen Stock Manifolds



Special 2-bbl. carburetor lets your engine produce higher torque and smoother operation from idle to full throttle with the stock manifold. Delivers larger fuel-air volume with a venturi area 2-1/2 times greater than stock carb. Gives all the basic advantages of dual carburetion, without synchronization problems. Simply bolt-on—no modification to linkage or gas lines necessary. **NOTE:** 73-1843 air cleaner listed below must be used with this carb for even greater performance. A centrifugal advance distributor is also recommended. (See Index).
73-1779P—Fit 54-70
73-2165A—Fit 71-74 . . . . . Each **$71.95**
LOW PROFILE AIR CLEANER FOR ABOVE
73-1843U— . . . . . Each **$8.49**
CARBURETOR REPAIR KIT FOR ABOVE
73-2300U— . . . . . Each **$2.39**

- **Gives improved overall performance —faster acceleration**
- **Replaces original carb perfectly—bolts onto stock manifold**

ADJUSTABLE MAIN JET for SOLEX CARBURETORS to fit VOLKSWAGEN

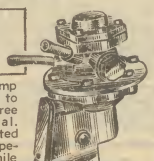


Get precision timing, better than original. Gain higher top speed, better mileage, and performance. A **must** when engine or exhaust modifications are made for correction of fuel mixture. Allows ignition advance of approx. 5°. Compensates for different driving, altitudes and climatic changes. With instructions.

		Each
A 50-67 with PiCT-28, 30, 30-1	**73-1851X**	$4.19
B 66-74 with PICT-30-2, 30-3, 32	**73-1852N**	4.98
B 71-74 with PICT-34	**73-1849A**	4.98

FUEL PUMPS for VOLKSWAGEN

NEW FUEL PUMP LOW AS 10.75



New, die-cast fuel pump —precision engineered to give longer trouble-free service than original. Leak-proof, factory-tested for correct pressure. Specially treated, 50,000 mile diaphragm. Built-in fuel filter.

FUEL PUMPS FOR VOLKSWAGEN & GHIA	Each
74-5154A—52-60 1200 36 HP	$10.75
74-5155Y—59-65 1200 40 HP	11.95

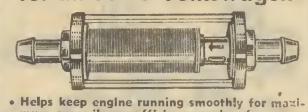
88-6260R—71-73 411, 412 exc. fuel inj.	32.50
88-7730P—73-76 Beetle	19.98

See-Thru In-Line Fuel Filter for all 61-76 Volkswagen



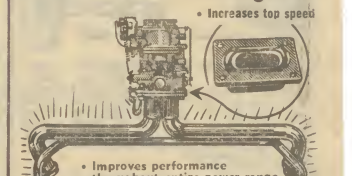
- **Helps keep engine running smoothly for maximum gas mileage, efficiency, and performance.**

Removes harmful foreign matter before it can jam carburetor needle. Allows you to see condition of filter. Filters every drop of fuel for dependable, miss-free operation. Easily disassembled for cleaning and filter replacement. A "must" for Dune Buggies and cars used in dusty areas. Install on fuel line in seconds. **$3.95**
73-1184T— . . . . . Each
REPLACEMENT FILTER ELEMENTS.
73-1185P— . . . . . 1-Pkg. of 2 **$1.19**

Carburetor Pre-Heating Pipe for 60-74 Volkswagen Cars and Trucks

Fits between air cleaner and left side engine heater box—conveys heated air to carburetor during cold weather preventing carburetor icing, hard starting.
89-2695R— . . . . . Each **88c**

2-bbl. Plenum Ram Induction Manifold & Holly 300 CFM Carburetor for 61-74 Volkswagen



- **Improves top speed**
- **Improves performance throughout entire power range**
- **Increases horsepower up to 50% at top speed**
- **Beautifully chrome or cadmium plated**
- **Plenum design allows cylinders to draw fuel equally from both venturies of the carburetor, eliminates cycling effect prevalent in non-plenum designs**
- **A denser fuel mixture reaches the cylinders, boosts horsepower throughout power range**

The plenum ram induction manifold produces higher torque and smoother operation from idle to full throttle. Smooth bore tubing with mandrel bends provides low resistance path between heads and carburetor — eliminates congestion normally found in stock manifolds. Improved manifold flange design insures leak proof installation. Manifold heater passes is used for faster warmup just like stock manifold. Choice of cadmium plated or triple chrome plated finishes. With fittings and instructions.

MANIFOLDS
Fit 61-65 Volkswagen 1200 series 40 HP cars, trucks, buses, transporters and Ghia.
37-5158Y—Cadmium plated . . . . . Each **$29.95**
37-5160U—Chrome plated . . . . . Each **35.95**
Fit 66-70 1300, 1500, 1600, Beetles, & 62-70 1500, 1600 trucks, buses, transporters and Karmann Ghia with single carb and upright fan housing.
37-5159W—Cadmium plated . . . . Each **$29.95**
37-5161B—Chrome plated . . . . . Each **36.95**
For 71-74 Volkswagen and all Volkswagen w/ dual port heads with upright fan housing exc. 411 fuel inj. Complete manifold—replaces original manifold castings.
37-5657R—Cadmium plated . . . . . Each **$33.95**
37-5775R—Chrome plated . . . . . Each **37.95**
For 71-73 Volkswagen and all Volkswagen w/ dual port heads with upright fan housing, exc. 411 fuel inj. Manifold only—use orignal castings.
37-5912Y—Cadmium plated . . . . . Each **$18.95**
37-5913W—Chrome plated . . . . . Each **24.95**
SPECIALLY DESIGNED HOLLEY CARBURETOR FOR USE WITH ABOVE MANIFOLDS. Flow a full 300CFM—over twice as much as original carb. Assure complete carburetion at all levels—prevent starving. Has improved throttle linkage for easy hookup to original throttle cable, 4-bolt mounting base for positive sealing. Complete with electric automatic choke.
73-1388P— . . . . . Each **$65.95**
CHROME AIR CLEANER.
73-1843U— . . . . . Each **$8.49**

AUTOMATIC To MANUAL CHOKE CONVERSION KIT to fit Volkswagen & Karmann Ghia

Ends hard starting, stalling, flooding and poor gas mileage due to a troublesome automatic choke. Ends seasonal adjustment of automatic choke. With all parts, cable, instructions. Fits all 60-69 1200, 1300, 1500 series using Solex No. PICT carb.
74-5723T— . . . . . Per Kit **$7.15**

VOLKSWAGEN & KARMANN GHIA

MAINTENANCE and REPAIR OWNERS HANDBOOKS for Volkswagen

For Type I Beetle, Super Beetle & Ghia. Contains full details on care and servicing in non-technical language. Includes latest specifications and changes for 61-76 models. 312 pages with photos, charts and drawings.
16-5896Y— ..... Each **$7.00**

For Type III 1500, 1600 Squareback, Fastback, Variant. Over 250 pages, 500 illustrations. Covers all 62-73 models (exc. 411).
16-5633N— ..... Each **$8.00**

For Transporters. 280 fact filled pages with photos, diagrams and specifications. Covers repair and maintenance of all models, including all trucks and station wagons 1961-74. Covers 1200, 1500, 1600 and 1700 engines incl. emission controls and latest fuel systems.
16-5363R— ..... Each **$8.00**

For 1968-74 411 and 412 Models. 221 pages. Full information on repair, maintenance, and overhaul of all mechanical & electrical systems including new fuel injection system, with photos, illustrations, specifications.
16-5776B— ..... Each **$8.00**

For 1974-75 Dasher, Sedan & Station Wagon. Comprehensive information on repair, maintenance, tune up & trouble shooting. Complete with exploded views, illustrations, specifications. 136 pages.
16-5777P— ..... Each **$7.95**

For 1975 Rabbit and Scirocco
194 pages. A detailed comprehensive service manual. Everything from periodic maintenance to major repair covered in depth. Hundreds of photos and drawings.
16-5829R— ..... Each **$8.00**

Repair and Tuneup Guide for VOLKSWAGEN

Covers Beetle, Super Beetle, Ghia, Transporter, Fastback and Squareback. • Trouble shooting, tuning and repair explained in simple language. Covers engine, carburetor, lubrication, cooling, ignition, suspension, brakes and transmission. With diagrams, photographs, and exploded views.
Vol. I. Covers all 49-71 Volkswagen. 212 pgs.
16-5160R— Each **$7.95**
Vol. II. Covers Beetle, Super Beetle, Ghia and Transporter 1970-75; Fastback and Squareback, 70-73; 411 & 412. 1971-74. 220 pgs.
16-5836U— ..... Each **$7.95**

FIX YOUR VOLKSWAGEN

272 pages cover repair and maintenance for all 54-76 Beetles, Super Beetles, Fastbacks, Squarebacks (Type III), 412, Type IV, Dasher, and New Rabbit & Scirocco. Tells how to get better than average speed, power and economy. Many labor-saving tricks.
16-5900Y— Each **$4.96**

Fuel Injection Manual for Volkswagen & Porsche 914

Detailed information on trouble shooting, removing, installing components, checking procedures. Many illustrations, charts. For all Volkswagen including 411, and Porsche 914 w/in-board rear Volkswagen engine. 88 pgs.
16-5340X— ..... Each **$3.50**

TOOL KIT for Volkswagen

12-pcs. in a heavy vinyl storage pouch. Everything needed for emergency repairs! Kit includes fuel pump bleeder nut wrench, allen wrench, two open-end wrenches, one phillips and one straight screwdriver, special screwdriver for fan belt removal, hub cab remover, pliers, hub bolt & spark plug socket, leverage bar and polishing cloth, all in storage pouch.
88-6234U— 1-Set **$13.98**

TIMING LIGHT

with Step-by-Step Timing Instructions for **VOLKSWAGEN and All other Imported Cars**

Simplest, quickest method of accurately timing your engine. Permits setting distributor to exact degree for top performance, acceleration, easy starting, and best gas mileage. "Stroke" type timing lights cannot time engine in this manner. Easy-to-follow, step-by-step instructions to time your engine in minutes—save time and money. Easy to handle 4-3/4" long tube has bright-elite bulb, alligator style clips. For 6 or 12 volt systems.
75-1543Y— ..... Each **$3.59**

TOOLS for VOLKSWAGENS

Drop-forged, lasting chrome vanadium steel.

A **Spark Plug Wrench.** 20.8mm size for removing installation plugs safely, easily.
89-2812P— ..... Each $6.49

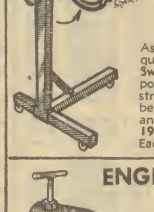
B **Front Wheel Bearing Wrench for Transporters.** 32mm single head, open end wrench. With straight or offset head. One of each needed for removing front wheel bearing nut on all transporters.
89-2815T—Straight Head.
89-2816A—Offset Head ..... Each $3.98

C **Offset Box Wrench for Oil Cooler, Carburetor and Exhaust Pipe.** 10x14mm size.
89-2817R— ..... Each $7.69

D **Piston Ring Compressor.** Split-ring type tightening clamps. For re-ringing engines.
88-2799P—75-76mm 88-3001P—83mm
88-3000B—77-78mm 88-3002Y—85.5mm
Above Numbers ..... Each $5.49

E **Offset Box Wrench.** Designed for use in removing and installing starter. 11x13mm.
88-2798B— ..... Each $3.98

ENGINE REPAIR STAND for Volkswagen and Porsche



Assembles and disassembles quickly for easy storage. Swivels 360°, locks in any position. Solid 3-leg construction, rolls easily on rubber casters. For Volkswagen and Porsche engine only.
19-8141T— Each **$59.95**

ENGINE STAND for Volkswagen & Porsche

Bolts to workbench. Allows you to have engine at proper height and angle for work. By twisting top handle you can rotate engine a full 360°.
12-2100B— ..... Each **$24.98**

IGNITION PARTS to fit Volkswagen Cars, Karmann Ghia Kombi and Transporters

♦**IMPORTANT:** 61-65 Volkswagen, Karmann Ghia and Transporters use Bosch or Volkswagen distributors. Check identification plate on present distributor before ordering.

HIGH PERFORMANCE—CENTRIFUGAL ADVANCE DISTRIBUTOR to fit 55-76 VOLKSWAGEN

Faster advance insures maximum power curve for smoother, faster acceleration for street, racing & rally cars.

Easier to adjust — points mounted on solid grounded breaker plate. No breaker plate or point float or wobble to cause spark miss. Centrifugal advance eliminates vacuum chamber and possible diaphragm failure, power loss during acceleration. Easy to install—replaces original perfectly (vacuum outlet in carburetor must be plugged). Fits all 55-76 Volkswagen Beetle and 55-71 Transporter.

EXTRA HEAVY DUTY IGNITION TUNE-UP KIT for 64-75 Volkswagen and Karmann Ghia with Bosch Distributor

Pre-aligned, matched, balanced points with extra-large ventilated tungsten contacts. Help prevent burning, pitting, spark miss and hard starting — greatly reduce frequency of replacement. Sealed leakproof condensor, hi-dielectric bakelite rotor for maximum spark to plugs. Metal parts are nickel-plated to resist rust and corrosion, also for better conductivity of electricity.

Mallory Centrifugal Advance Hi-Performance DUAL POINT DISTRIBUTOR for 55-76 Volkswagen

Assures perfect timing at the right RPM for the smoothest, most economical performance.

Custom-built with dual overlapping stabilized points with greater point clearance and cam dwell to insure longer coil build-up time providing a hotter spark for starting, idling and extremely high speeds. Solid breaker plate (bolted to distributor) points prealigned with increased spring tension — won't bounce, chatter or miss regardless of engine speed. Special bronze cam sleeve moves with the distributor advance—will never freeze to shaft. Large rubbing block with felt lubrication pad for longer point life, less re-gapping. Replaces original perfectly. With rotor, distributor cap and condenser. Fits all 55-76 Volkswagen exc. w/air conditioning and 411, 412, 72-76 Bus. Easy to install.

DELUXE ILLUMINATED AMP & OIL PRESSURE GAUGE KIT for Volkswagen

only **8.50**

Take the guess-work out of your oil pressure and generator output. Flashing indicator lights show only that oil pressure system and generator are working—these gauges show **exact** oil pressure and **exact** rate of generator output. 2" diam. matching gauges have chrome bezels and mounting panel. Includes wood tone and black leather grain inserts for an optional custom look. Black dial with white numerals. Ammeter reads—60 to +60, 270° sweep oil gauge 0 to 80 lbs. Kit includes oil line, special "T" fitting bracket for oil sending unit permitting oil dash light to work, bracket, tunnel light and instructions.
88-7789W— 1-Kit **$8.50**
Economy Kit. Like above, ammeter reads —60 to +60, 90° needle sweep oil pressure 0 to 80 lbs.
88-6881B— 1-Kit $5.98

Tune Up & Ignition Gauge Set for 56-76 VOLKSWAGEN

& ALL TAUNUS, VOLVO — FITS POINTS ONLY ON OPEL, PORSCHE

Makes it easy to adjust and set points, correctly gap spark plugs. Set contains two precision rings (fit over cam, eliminate turning over engine to locate high spot of cam), gauge, and plug adjusting tool. Instructions included.
16-0142B— 1-Set **$1.79**

BOSCH Original Equipment Type SPARK PLUGS FOR VOLKSWAGEN AND Karmann Ghia

Identical to spark plugs used as original equipment. Restore lost pep, power and economy caused by worn, burned plugs.
90-1177W—Fit all 52-66 Volkswagen & Karmann Ghia.
90-1231A—Fit all 67-76 Volkswagen & Karmann Ghia.
Only **59¢** Each

SPARK PLUG CABLE SETS to fit ALL 55-76 Volkswagen Engines

Restore hot spark, fast starting, top performance and economy. Include pre-cut cables, coil wire, distributor nipples and air seals.

Heat Resistant Silicone Insulated

Silicone insulated cable is the ultimate in protection against extreme heat created in hi-performance engines and manifolds. Designed to operate at temperatures up to 450°F., yet remains flexible at extremely low temperatures down to —65°F. 7mm O.D., 7 strand stainless steel wire is covered with tough silicone insulation that has high abrasion resistance and complete uniformity in dielectric strength. Sure lock silicone spark plug boots assure snug fit to plug . . . high heat won't crack or loosen.
Fits 55-76 Beetle, Super Beetle, Bus, and Transporter
75-2960T— 1-Set **$10.59**
Fits 74-76 Dasher, 75-76 Rabbit, Scirocco.
75-2959N—
1-Set **$9.59**

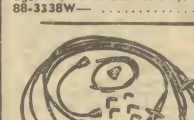
DO-IT-Save YOURSELF

Resistor Type

Eliminates radio interference. Eliminates static, cracking noises without voltage loss.

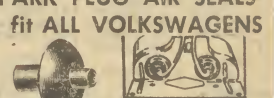
Copper wire insures hot spark to plugs in all weather, under all driving conditions. Insulation resists heat, cold, gas, oil—retains flexibility. Has built-in heat resistant bakelite resistors, brass connectors to insure full voltage. Fits 55-76 Beetles only.
88-3338W— 1-Set **$5.98**

Hypalon Insulated



Stand up longer than ordinary cables — resist voltage leaks — cannot be damaged by temperatures up to 400°F.! Hypalon stays flexible, won't harden and crack—gas, oil, grease, air & moisture resistant.
Fits 55-76 Beetle, Super Beetle, Bus, and Transporter
74-6547N— 1-Set **$3.59**

SPARK PLUG AIR SEALS to fit ALL VOLKSWAGENS



Increases heater and defroster efficiency. Prevent serious damage to engine because of faulty air seals. Install a set of heavy duty air seals which lock in and directs 100% of the cooling and heating air thru the cylinders and thermostat as intended. Complete kit has 4 neoprene air seals, spark plug terminals, and wire terminal ends.
74-6846A— 1-Kit **$2.59**

FAN and GENERATOR BELT to fit VOLKSWAGEN

Heavy duty. Long wearing. Easy to install.
15-3605W—54-76 Beetles, Ghias, Buses & Trans.
15-3606U—61-75 Fastback, S'back
Above Nos. ..... Each **$2.19**

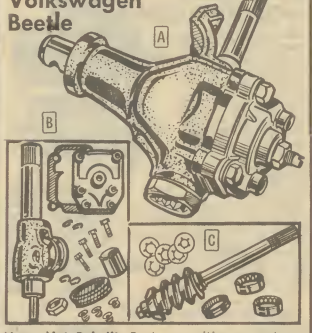
STEERING GEAR BOX and KITS for 1962-75 Volkswagen Beetle



New—Not Rebuilt. Restore positive sure steering by replacing worn or broken steering gear box with our complete unit, or by rebuilding your own gear box with our steering shaft and steering worm kits. All units are complete and ready to install. Steering shaft kit includes shaft and all seals and bushings necessary. Steering worm kit includes worm gear and all bearings and seals necessary to rebuild worm assembly. All units complete with instructions. (Will not fit Super Beetle). We suggest rebuilding both steering shaft and worm for safest, surest steering action.

HEAVY DUTY DOUBLE ACTION Hydraulic Steering Stabilizer

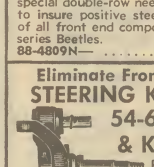
for Volkswagen Cars & Transporter

1-1/4" diameter tube (25% larger than original), 40% thicker damper and piston rod for super-dampening capacity. One-way oil circulation eliminates heat fade, foaming. Exclusive oil filter valves never clog or stick — fitted with special coil valve springs for wider control range, more holding power and increased safety. Easy bolt-on installation. Fit 60-76 Beetle (exc. Super Beetle) and 61 74 Karmann Ghia (also late 1960 with factory stabilizer).
89-4957A— ..... Each $10.98
Standard Replacement Steering Stabilizer.
88-2541W—61-76 Beetle & Ghia (exc. Super) ..... Each $7.69
88-6373P—71-76 Super Beetle ..... Each 9.98
Heavy Duty To Fit 55-75 Transporter. Replaces original. Must use original brackets.
89-4120W— ..... Each $8.49

HEAVY DUTY Needle Roller Bearing LINK PIN KIT

Replace original metallic bushings with roller bearings for smoother, easier, more positive steering—increased front suspension life. Heavy duty type link pin kit has special double-row needle roller bearing bushings to insure positive steering response, longer life of all front end components. Fit all 53-65 1200 series Beetles.
88-4809N— ..... I-Kit $14.98

Eliminate Front End Problems! STEERING KNUCKLES for 54-65 Volkswagen & Karmann Ghia



Rebuilt to exact factory tolerances with all new king pins, link pins, grease fittings, shims and bushings. Easy to install — no special tools needed. **Sold Outright — NO EXCHANGE NECESSARY!**
88-4111W—Right side
88-4112U—Left side ..... Each $35.98

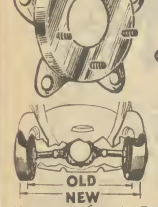
Rear Axle Joint Vinyl Boot Kit to fit Volkswagen, Ghia and Porsche

Replace worn, torn joint boot to keep grease in, dirt out. Fits perfectly, outlasts original. With clamps.
88-6213Y—Fits all Beetle, Ghia, Fastback & Squareback thru 1968. All Transporter thru 1967, also all Porsche thru 1965. . . . Each $2.10
88-6840Y—Fits 69-75 Beetle, Fastback, & Squareback. ..... Each $2.69

WHEEL ADAPTERS

To Mount Wide Width Wheels on VOLKSWAGEN, KARMANN GHIA & DUNE BUGGIES

Get that "W-I-D-E" Track Look"!



Increase wheel track width 1" or more. Improve stability, steering. Permits use of 13", 14" or 15" American or custom wheels—larger size tires for improved ride. VOLKSWAGEN & KARMANN GHIA

FOR PARTS AND ACCESSORIES NOT SHOWN SEE INDEX

HEAVY DUTY SHOCK ABSORBERS with Overload Springs for 52-75 Volkswagen Cars & 55-75 Transporter

ADD UP TO 750-LBS. EXTRA LOAD CARRYING CAPACITY!

- Stop rear end sag, bottoming, and side sway
- Improves traction and road control for faster acceleration on street or in competition
- A "must" addition when installing Corvair or other high horsepower engines in your Volkswagen
- Increases torsion bar life

NOW! Level your ride and increase your load carrying capacity. Heavy duty shocks are fitted with variable rate, tempered coil helper springs that adjust to road conditions and yet give normal car comfort. Built to take punishing treatment. With rubber cushion sleeve for quiet operation—no rattles or squeaks. Easy to install—replace originals perfectly. Fit rear of the following:

SHOCK ABSORBERS to fit VOLKSWAGEN CAR & TRANSPORTER

FULL 20,000 MILE WARRANTY Only 5.77 Each

Exclusive sealed-in construction wiper action piston rod prevents leakage. Positive 2-way action valves with coil springs for lower stresses. Mirror finish cylinder tube assures more uniform control, less change in resistance due to temperature change. Better than original equipment. Easy to install — all bushings furnished.

FULL 20,000 MILE WARRANTY
Full refund or replacement of shock (not including installation costs) if shocks wear out within warranty period.

FRONT AND REAR SHOCK ABSORBER to fit Volkswagen Cars, Transporters, & Dune Buggies

- Level car—stabilize car for positive cornering
- Prevent bottoming
- Increase torsion bar life
- Help carry heavier loads

Improve steering stability, road handling and cornering on any road or during off road use. Give maximum support for all loads under any road conditions. Easily fit over present shock absorbers. Will not fit heavy duty shocks. Shocks should be good for best results. Fit 55-76 Volkswagen and Dune Buggy. 57-74 Ghia & Transp. exc. Super Beetle, 411, 412.

87-9584P—Rear 1-Pair $11.49
87-9585X—Front 1-Pair 11.49

REAR AIR SHOCK KIT for 53-75 VOLKSWAGEN CARS and 55-75 TRANSPORTER

Adjusts Rear End Up To 4"

- Positive way to increase weight transfer and rear tire clearance.
- Improve traction for faster acceleration on street, strip or track—lower ET's.

Easily adjusted to desired height. Ideal for that extra lift needed when carrying full passenger load. Heavy duty air adjustable lift kits replace your present shock absorbers. Lets you ride on a cushion of air. Easy to install. Complete with bushings, fittings, and nylon tubing.

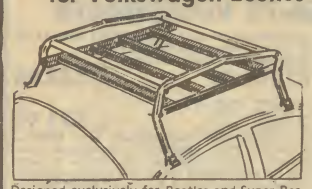
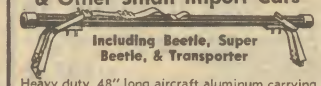
LUGGAGE CARRIERS for Volkswagen Beetles



Designed exclusively for Beetles and Super Beetles. Side rails of 3/4" round aluminum tubing—bottom cross rails of enameled steel. Four clamps attach to rain gutter, do not rest on roof. 36" wide by 41" long.
19-6586X— . . . . . Each $17.95

TOP CARRIERS for Volkswagen & Other Small Import Cars



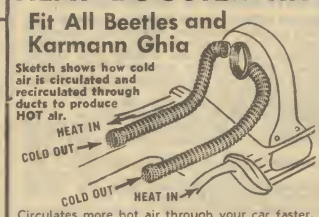
Including Beetle, Super Beetle, & Transporter

Heavy duty, 48" long aircraft aluminum carrying bars with sturdy, clamp-on chrome plated gutter brackets. Quick ratchet adjustment with 85" long, gray lashing straps. Plated side buckles ensure safe clinching of load.
19-9797A—Fit Beetle & Super 1-Pair $17.98

For Transporter, Bus, and vans. Extra long 76" length. 96" long nylon lashing straps.
19-5345T— . . . . . 1 Pair $21.98

HEAT BOOSTER KIT

Fit All Beetles and Karmann Ghia



Circulates more hot air through your car faster. Circulation starts the instant you turn on ignition. In a few moments you get all the heat you want in front and rear, for defrosting side and rear windows. Boosters improve heater efficiency . . . heater controls work same as before. Built-in filters keep air clean. Easily installed (requires cutting of 2 holes thru firewall). Kit includes 2 sections of flexible tubing: 34" long and 43" long, 2 filtered ends, plus instructions.
54-0612X—
1-Kit $11.95

BUG and GRAVEL SCREENS for VOLKSWAGEN

Protects front of car and prevents bugs and gravel from messing up front end. Special support bracket allows easy access to luggage compartment. Made of sturdy nylon screen with plastic coated steel frame.

Easy to install and remove.

♦**WILL NOT FIT CONVERTIBLE.**

SPOILER STABILIZER For all Beetles & Super Beetles

Saves gas, saves tire wear, improves handling, engine runs cooler! The aerodynamic design of the spoiler stabilizer allows air to flow around it, thereby causing the air stream to flow over the rear of the Beetle to reduce vacuum drag and provide more air for the Beetle's air-cooled engine. Results: a cooler running more efficient engine . . . better gas mileage and handling and $$$ savings! **Installs in minutes—no drilling or special tools needed.** 20-ga. cold rolled steel with black finish—may be painted if desired. 36-1/2" long x 4" wide. Fits all Beetles and Super Beetles. (Will also fit convertible—some drilling required). Instructions and mounting hardware included.
19-6603U— ..... Each **$11.98**

FRONT SPOILERS For Volkswagen Beetle & Super

• **Cuts wind resistance for better, safer handling**
• **Improves gas mileage**
• **Built-in air ducts cool front brakes**
• **Custom-fit, easy bolt-on installation**

Aerodynamically designed spoiler gives greater driving stability and safer, surer braking on street, highway or drag strip. Heavy duty hand laminated fiberglass with black finish that's ready of use as is, or easy to paint. Custom fitting. Complete with hardware and instructions.
19-6631NE—For Beetle ..... Each **$23.95**

Self-Adhesive Mount ALTIMETER

Know the altitude as you drive. Precision instrument gives you fast, accurate readings from 0-15,000 feet. Dial graduated in 200 ft. markings. Self-adhesive mount allows wide variety of mounting locations and positions. With bracket removed it's a portable altimeter for hikers or campers. Has attractive gray ABS plastic case, black dial, contrasting white markings, and red pointer. Case diameter: 3-3/8".
90-1294R— Each **$13.98**

ILLUMINATED AUTO COMPASS

Self-Adhesive Mount
Beautifully styled, illuminated compass wires into and turns on with the dash lights. Control knob on front of compass brightens and dims light.

Windshield Window Moulding Top of Dash

Alnico 5 magnets, aircraft type compensators for pinpoint accuracy. Self-adhesive base mounts anywhere. Size 3-3/8" x 2-1/2". For 6 and 12 volt cars.
90-2412W— ..... Each **$10.98**

BATTERY-LIGHTED COMPASSES
Same as above, but with self contained, battery operated light. Battery included.
90-1293A— ..... Each **$7.98**
BATTERY for above.
90-2986R— 29c

ADJUSTABLE AIR & OIL FRONT FORK SUSPENSION KIT for Motorcycles

Replace front fork springs with air pressure! New 2024 aluminum caps with air fittings adjust to desired pressure and maintain pressure under continuous heavy use. Won't fatigue like fork springs. No modifications needed to install. Just remove old fork caps and spring and install new 2024 aluminum caps with air fittings. Adjust by adding or letting out air as desired. Complete with left and right fork caps, air valve fittings, "O" rings (if necessary) and instructions. Custom fits the following motorcycles:

HONDA

Motorcycle Repair Manuals The Easiest To Use

- **The only authentic manuals written from practical experience**
- **Dozens of exploded views, charts and diagrams**
- **All manuals produced with the cooperation of the cycle manufacturer**
- **Repair instructions and photos are correlated and number coded to make do-it-yourself repairs a snap. More step-by step illustrations than any other manual**
- **Attractive, varnished covers are oil and grease-proof. Large 10-3/4" x 8-1/4" book size**

TUNE-UP & REPAIR YOUR OWN MOTORCYCLE & SAVE!

Finally, it's possible for you to save big dollars by doing your own repairs—even if you've never touched a tool before! The secret? Fully illustrated workshop manuals with step-by-step illustrations that show you how! You don't have to be a mechanic to understand these manuals—all you have to do is be able to look at a picture! Each manual is written specifically for YOUR CYCLE . . . and only after a cycle just like yours is stripped down, rebuilt, and all technical problems solved, is the manual written. That's what makes such detailed instructions and illustrations possible. The language is nontechnical, and the exploded views, charts and diagrams speak for themselves. The big 10-3/4" x 8-1/4" page format is easy to follow. The Quick Reference Index gives instant referral to the correct section. Do your own maintenance, repairs, and tune-ups—and SAVE!

Your manual will cover every vital system in your cycle—separate sections include: brakes, clutch, engine, front and rear suspension, fuel system, ignition system, maintenance and tune-up, steering, transmission, and pages of precise specifications. Everything possible is illustrated, diagramed, charted or shown in exploded views. You'll be surprised and gratified to learn that there are not "mysteries" to motorcycle repair, maintenance and tune-up. And the language is written for you—the non-professional.

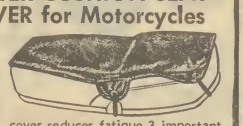
01-1580R— . . . . . Each **$29.98**

WATER CUSHION SEAT COVER for Motorcycles



Best idea yet in motorcycle riding comfort! Water cushion cover reduces fatigue 3 important ways: (1) by isolating rider from bumps and vibrations; (2) by adjusting to the shape of the rider; and (3) gives a cooler ride by keeping seating area from getting uncomfortably warm. Vinyl plastic cover consists of two water-fillable bags (one for driver and one for passenger) which fit into a black, leather-grained pouch. Foam pads inside bags keep water from sloshing and also prevent water from overreacting to movement. Cover straps on and off in seconds, can be used as seat or pillow when camping. Straps and instructions included.
Stk. No. 02-1429Y fits the following: BMW 900/S; **Ducati** 750; **Honda** 360, 450, 500; **Kawasaki** 250, 400, 500; **Norton** 850; **Suzuki** 185, 250, 380, 500, 550; **Triumph** 750; **Yamaha** 250, 350, 500, 650, 750.
Stk. No. 02-1430W fits the following: BMW 500, 600, 750, 900/R; **Honda** 550, 750, 1000; **Kawasaki** 750, 900; **Moto Guzzi** 750, 850; **Suzuki** 750.

02-1582U— . . . . . Each **$2.98**

F Kick Stand Spring Plate. Fits 36-76 models "61", "74", "80"
02-1583B— . . . . . Each **$2.98**

Swing-Arm Handling Kit for Honda, Kawasaki, Suzuki, and Yamaha

• **Eliminates Dangerous Rear Wheel Wobble**

• **All Metal Construction.** Unlike most equipment found on newer bikes, such as short-lived plastic bushings, small diameter pivot bolts, and lack of close fitting tolerances, this kit uses quality, long-wearing all metal parts for safe, sure handling. Kit consists of SAE 4130 chromemoly steel spindle, 2024 aluminum precision and centerless ground bushings, spacer shims, and positive locking bolts. Can be installed on most models using common hand tools. (Early "S" model Kawasakis require some welding). Instructions included. Custom fit for the following:

Model	Stk. No.	Model	Stk. No.

Adjust Brake & Clutch While Riding! Universal, Chromed Lever Sets for MOTORCYCLES

These ball-end, sports type levers feature a built-in adjuster and nut that allow you to adjust clutch and brake while you ride! Necessary on competition machines — adds convenience and "racing" styling to your street machine. Gives good leverage for fast, sure shifts—and positive braking. Rust-proof, heavy steel construction—will not bend like original equipment, lasts longer. Heavy bracket.
01-0781U—Fits 7/8" handlebars. . . 1-Pair **$4.79**
01-0782B—Fits 1" handlebars 1-Pair **$4.79**

HANDLEBAR GRIPS QUICK-THROTTLE TWIST GRIPS for CYCLES

Fit all 7/8" diameter handlebars.

A Competition Grips. Black grain cushioned grips with ribbed, slip-proof design for safer, easier handling. 5-1/4" long.
01-0121T— . . . . . Pair **.89**

B Trail Type Grips. Deluxe grip design, used on many new machines. Deep ridged, wide flange styling. Comfortable, non-slip. Black plastic. 5-1/4" long.
01-1126A— . . . . . Pair **.99**

C Beston-Type Grips. Comfortable, easy-grip Black plastic grips with ridged, slip-proof design. 5-1/4" long.
01-1125T— . . . . . Pair **$1.49**

D Nylon Quick-Throttle Twist Grip. Ideal for all competition machines as well as street use. Ultra-quick action, extremely sensitive control. Water and dustproof, cannot corrode—never needs lubrication. Twist grip has slotted nylon cable stop for easy installation. Trail design black ribbed grips are comfortable and shock absorbing. Special durable nylon construction. One twist grip and one matching dummy grip. 5-1/4" long.
01-1127R— 1-Pair **$2.39**

E Quick-Throttle Twist Grip. A must for rapid acceleration—a twist of the wrist gives instant full throttle. Chrome plated metal with non-slip Black mesh rubber grip. One twist grip and one matching dummy grip. 4-1/2" long.
01-2203X—
1-Pair **$4.19**

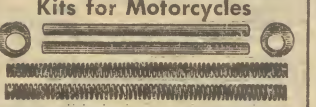
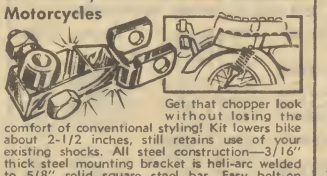
Internal Fork Tube Spring Kits for Motorcycles



Eliminate external fork springs—convert to inside springs to give extended fork tubes a slim custom look. Kit includes 2 fork springs with 2 fork spring spacers, and 2 rubber fork boots.
02-0355W—64-70 BSA and Triumph.
02-0356U—Honda 350.
02-0357B—Honda 450.
Above numbers 1-Kit **$10.98**
SPACERS AND BOOTS ONLY. For Honda 750,
02-0358P— 1-Kit **$4.29**

ALL STEEL LOWERING KIT for Honda, Kawasaki and Yamaha Motorcycles



Get that chopper look without losing the comfort of conventional styling! Kit lowers bike about 2-1/2 inches, still retains use of your existing shocks. All steel construction—3/16" thick steel mounting bracket is heli-arc welded to 5/8" solid square steel bar. Easy bolt-on installation—no drilling, welding, or cutting necessary. Mounts over original lower shock mount. Available in black or chrome plated finish. Complete with instructions and all necessary hardware and spacers.

Complete Line of Motorcycle Parts

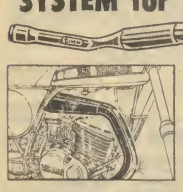
15-In. "SHORTY" 4 Into 2 EXHAUST SYSTEM

Custom fits Honda CB500, 550, & 750

Specially designed 4-into-2 pipe system dissipates heat faster, improves engine performance! Triple chrome plated. Easy bolt-on installation—no drilling or welding required. Straight-through glass packed mufflers reduce back pressure, increase engine power and performance, give a deep mellow sound. Mandrel bent pipes allow smooth, free-flow exhaust scavenging. Custom fits following Hondas:

01-7279B—Fits CB500 and 550
01-7280P—Fits CB750
Above Numbers 1-Set **$84.98**

OVERHEAD EXHAUST SYSTEM for Yamaha



3-IN-1 DESIGN!

Combine styling, performance and sound dampening in one, easy-to-install part! All-in-one exhaust system increases horsepower while keeping sound levels well below present sound decibel requirements. Streamlined over-cylinder-head design keeps hot pipe out of rider's way. System comes complete with specially designed silencer and forestry approved spark arrester. Black finish. Custom fits the following Yamaha 2-stroke motorcycles:

02-5494Y—Fits 73-74 250cc MX
02-5492B—Fits 73-74 360cc MX

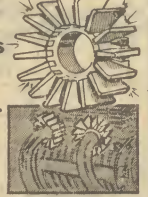
EXHAUST PIPE DIFFUSERS for Motorcycles



- **Oversize for extra cooling**
- **Chrome plated die cast aluminum**

Big, finned diffusers cool exhaust for a smoother running engine and improved high speed performance. Easy clamp-on mounting.

01-2376A—Fits 1-1/2" O.D. Exhaust Flange
01-2377R—Fits 1-5/8" O.D. Exhaust Flange ..... Ea. **$3.59**

NOTE: On 4 cyl. motorcycles there must be at least 1-1/2" between exhaust pipes. When ordering make certain **SIZE** will fit over pipe at exhaust flange.

High Performance HEADERS AND EXHAUST SYSTEMS for Motorcycles

CHOICE OF THREE TIPS

- **Adds up to 20% more horsepower!**
- **Triple chrome plated for gleaming beauty**
- **Bolt on—no drilling or welding**

Custom made exhaust systems add looks, styling and boost horsepower up to 20%! Top quality steel tubing with smooth flowing mandrel bends give superior scavenging. 4-into-1 and 2-into-1 header systems are complete from cylinder head to exhaust tip. Include super quiet 16 gauge steel muffler with powerful deep mellow tone, never needs to be replaced as there is no fiberglass to burn out. All systems end at rear axle. 4 into 2 exit one each side; 4 into 1 exit on right side; 2 into 1 exit on right side, except Honda CB/CL 450 and Kawasaki 400 which exit on left side. ♦Indicates matte black finish—all others are triple chrome plated.

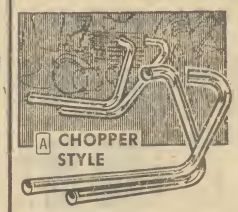
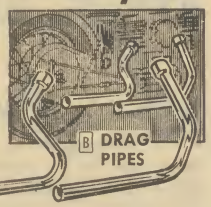
Hi-Performance PIPES for Motorcycles





Dress up your bike, improve its performance with these triple chrome plated steel pipes. Use original mounting hardware. Designed to use internal Mini Mufflers (See below). If used with external mounted mufflers, pipes may have to be bent to allow clearance for muffler.

A **CHOPPER STYLE PIPES.** Crossover style. Both pipes exit on the right side except Honda 450 which exits on the left side—give "chopper look" to all vertical twin motorcycles.
♦**CL Models must use CB Foot Peg Assembly.**

NOW! Give Your MOTORCYCLE Blazing Power . . . Faster Acceleration . . . Quick Starting . . . and Eliminate Tune-Ups for up to 40,000 Miles!

ELECTRONIC IGNITION

- **Gives a hotter, more powerful spark—improves performance in all RPM ranges—starts fast in coldest, dampest weather**
- **Reduces spark plug fouling—steady low RPM idle lets cycle "creep" in traffic under steady throttle**
- **For single, dual, three, and four coil motorcycle ignition systems**
- **EASY TO INSTALL**

SOLID-STATE SCR IGNITION SYSTEM
Works with your motorcycle's present battery-coil ignition system. A silicon rectifier switch and other advanced electronic components build voltage faster and produce a hotter spark at the spark plug. This more powerful, longer duration spark reduces point arcing and spark plug fouling. Missing and ignition "flat-spots" and faltering are eliminated. Every atom of fuel is burned efficiently, releasing all of the horsepower your cycle is capable of producing. Power and acceleration are increased all the way up the RPM range, and you get higher top speed because this powerful, new spark won't break down! Your bike will idle smoothly through traffic at steady throttle, then take all the throttle you can give it right up to top speed, without hesitation. You get quick, sure starts in hot, cold, or wet weather. Performs well under extreme temperatures. Gas mileage is improved. Plug and point life are lengthened and 2 out of 3 tune-ups are eliminated.

FULL "5 YEAR" WARRANTY
This **fail-safe solid-state** Electronic Ignition System is engineered to give absolutely dependable service. Should it fail to perform perfectly at any time within five years, we will repair or replace at our option. This warranty void if the unit is altered, modified, abused or damaged by customer.

Complete, easy to install. **For use with battery type 6 or 12 volt negative ground ignition systems only, with one, two, three or 4 coils.** For 3-coil systems, order one each no. 02-1117R and no. 02-1118X. For 4- coil systems order two each no. 02-1118X.
FOR SINGLE COIL IGNITIONS.
02-1117R— .....Each $14.95
FOR DUAL COIL IGNITIONS.
02-1118X— .....Each $24.95

Chrome Plated TACHOMETER & SPEEDOMETER for Motorcycles

Ideal for cafe racers, custom choppers, or to replace damaged original units. Mechanical drive gauges have illuminated 2-3/8" diam. black faces with white numerals and red indicator. Show-chrome plated housing. Speedometer with odometer reads to 160 MPH. Tachometer reads up to 12,000 RPM's. Complete with cable. (For bracket, see below). Easy to install. Custom fit the following motorcycles with mechanical gauges:

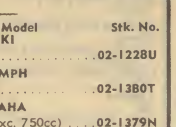
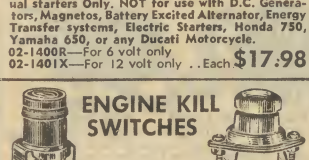
BATTERY ELIMINATOR for Motorcycles with Alternator Rectifier Systems



No More Acid Spillage, Corrosion, or Dead Batteries

Solid state battery eliminator is 4 ways better than your outdated battery:
(1) Maintenance-free solid state circuitry. (2) High capacity components that compensate for bikes with low alternator output. (3) Never runs out of energy to leave you stranded. (4) Is less than half the size and weighs less than 10 oz. Can be used with or without lights. Built-in overload feature makes it possible to remove lights without disconnecting lighting coils. Easily installed with just a two-wire connection. With instructions.
For Alternator/Rectifier systems that use a permanant magnet Alternator on cycles with manual starters Only. NOT for use with D.C. Generators, Magnetos, Battery Excited Alternator, Energy Transfer systems, Electric Starters, Honda 750, Yamaha 650, or any Ducati Motorcycle.
02-1400R—For 6 volt only
02-1401X—For 12 volt only . .Each $17.98

ENGINE KILL SWITCHES



A **On-Off Type.** Weatherproof cap . . . ideal for all weather. Excellent for snowmobiles. Flick of the switch kills engine; another flick and engine restarts.
01-0845X— .....Each $2.98

B **Momentary Type.** Excellent for speed shifting. Cuts off engine to allow faster, easier shifting than by using clutch pedal.
01-0844P— .....Each $1.98

Motorcycle & Snowmobile 1 AMP BATTERY CHARGER

For charging, boosting, trickle charging.
Keep your cycle or snowmobile battery in top condition for instant starting. Solid state unit features built-in 6 and 12 Volt selector switch, automatic reset circuit breaker and heavy duty transformer. 6-1/2 ft. charging cables with sure-grip copper plated battery clamps. 8 ft. heavy duty 110 Volt AC cord and plug. Input: 120 Volt, 60 Cycles, .5 Amp; Output: 6 or 12 Volt DC, 1 Amp. Rugged steel case, baked enamel finish. Compact: 3-3/8" high x 5-1/4" wide x 2-7/8" deep. UL listed.
54-0888T— .....Each $11.98

LUGGAGE RACKS

ADJUST TO FIT ANY MOTOR-CYCLES

Gain extra carrying space with these tubular steel racks, chrome plated for gleaming beauty and rust resistance. Complete with adjustable mounting hardware. Fit all bikes from 125cc to 750cc.

A **Standard Rack.** Approx. carrying space of 8-1/2" x 9-1/2". Approx. 24" long overall.
01-7290R— .....Each $9.98

B **Deluxe Rack.** Upright support helps keep packages from shifting. Approx. carrying space 9"x9". Approx. 25" long.
01-7291X— .....Each $11.98

EXHAUST SYSTEM REPAIR KIT for Honda & Kawasaki Motorcycles

- **Economical way to repair multi-muffler exhaust system or convert stock system to 2-into-1 custom style • All parts chrome plated • Easy to install—No welding.** Just cut off existing mufflers, slip on 2-into-1 "Y" collectors, then slip on mufflers. Kit consists of 2 chrome plated 2-into-1 "Y" collectors, 2 straight megaphone style, chrome plated, fiberglass-pack mufflers, and step-by-step instructions. Mufflers are 18-1/2" long with 2-3/4" body diam.; welded-on hanger brackets. Custom fit the following motorcycles:

Model	Stk. No.	Model	Stk. No.

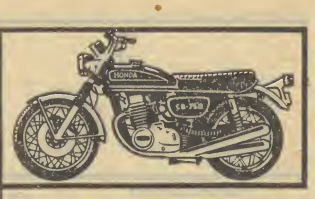
HEAVY DUTY CHAIN BREAKER

Pushes pin **completely** out; assembles press-fit cover plates, 6" removable handle for easier breaking of chain. Heat treated steel. In storage tube.
02-1745X—For 530 & smaller chain Each $8.49
02-1746N—For 630 large chain . . . .Each 8.49



TIMING LIGHT with INDUCTIVE PICKUP for Motorcycles

Times all motorcycle engines easily, accurately! Inductive pickup feature means you simply clip lead onto spark plug wire and go to work. No shock hazards, no burned fingers. Does not affect idle speed of engine or take away electrical energy from ignition system. Xenon tube flashes brilliant blue-white thru precision, prefocussed lens. Solid state circuitry. Internally protected against incorrect hookup. Trigger activated. With instructions.
17-9693U— .....Each $35.98

CRUISE CONTROL for Motorcycles

Take the Strain Out of Highway Driving. Simply twist throttle grip to attain desired speed, flip lever, and cruise control will maintain speed until lever is released. Non-locking and easy release safety features—throttle can still be controlled by twisting action, as control does not lock throttle but merely holds it in position. All chrome plated—easily attached to handlebar and grip.
02-1758P—Fits all Honda, Kawasaki, Yamaha
02-1759Y—Fits all Suzuki and Triumph
02-1760W—Fits all BMW
Above Numbers 1-Kit $21.95

VINYL RACK BAG for Motorcycles

Straps to any flat, rear luggage rack in seconds—stores all your small items. Made of 32-oz. heavy duty black expanded polypropylene upholstery vinyl with jersey knit backing. Polypropylene straps and D rings. 12" long, 9-1/2" wide, 4" high; 12" easy-access zipper opening.
02-1707X— .....Each $7.19

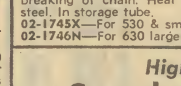
CARRY-ALL TOURING BAG for Motorcycles

Stores extra clothing, small items. Heavy duty 32-oz. black expanded polypropylene upholstery vinyl with jersey knit backing. Straps over rear fender and ties down to fender struts. Vinyl straps with D rings included. 14" long, 8-1/2" diam., 12" zipper opening.
02-1706R— .....Each $7.19

Install It Yourself and SAVE

High Performance or Extra Heavy Duty

Complete CHAIN and SPROCKET KIT



Replace both chain and sprocket for best performance—replacing one and not the other will cause damage to both parts as well as premature loss of horsepower. Choice of high performance or extra heavy duty kit. Each kit consists of the following all new, precision fitting parts: one bolt-on aluminum rear wheel sprocket, one heat treated steel countershaft sprocket, correct length of chain, and one master link. Kits are available only for models listed below.

HIGH PERFORMANCE KIT. Consists of heavier duty chain and heavier sprocket and countershaft than stock. Gear ratio is changed either higher or lower (see listing for comparison of stock ratio to new ratio). Higher ratio gives better low end speed for more power and faster starts. Lower ratio gives more top end speed for better cruising speed and better gas economy.

EXTRA HEAVY DUTY KIT. 7/16" thick countershaft and sprocket to accommodate extra heavy duty #60 industrial size chain.

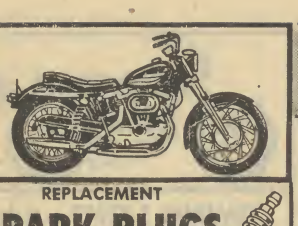
Complete Line of Motorcycle Parts



REPLACEMENT SPARK PLUGS

For Honda, Kawasaki, Suzuki, & Yamaha Motorcycles

Restore lost power, pep and economy caused by worn, burned or fouled plugs. Quality spark plugs have excellent heat conductivity and stability and are specially sealed to maintain proper heat and prevent penetration of hot combustion gases. Replace original perfectly. When ordering, **State Make, Exact Model, Engine Size (cc's), and Stock Number.** If unsure of exact model, also state make and part number of existing spark plug. **Note:** if your motorcycle requires competition, surface gap, gold or nickel electrode plug, see listing below.

55-2109A— ..... Each **$1.19**

Motorcycles Listed Below Use Competition, Surface Gap, Gold, or Nickel Electrode Plug. When ordering, State Make, Model, Engine Size (cc's), and Stock Number.

MOTORCYCLE IGNITION TUNE-UP KITS

for Honda, Kawasaki, Suzuki, & Yamaha

Each complete kit includes correct number of matched and pre-aligned points, sealed leakproof condensers, and spark plugs. All parts matched for more power, faster and easier starts, better gas mileage. Replace original perfectly. Pre-aligned, matched points with tungsten contacts—help prevent burning, pitting, spark miss, hard starting. Steel springs assure maximum conductivity and uniform tension. Sealed leakproof condenser. Spark plugs have same heat range as original. Metal parts are plated to resist rust and corrosion, also for better spark conductivity.

NOTE: Where specific types of ignition systems are listed, check your owner's manual or distributor breaker plate for type of system before ordering.

Motorcycle AIR FILTERS

Open Pore Foam for 100% Breathing!

LIFETIME QUALITY—requires only occasional cleaning and oiling. Polyurethane foam allows full breathing for your engine, filters out all the dirt and dust. One-piece construction—no stitched or glued seams to interfere with breathing—nothing to come apart. **"FLEX-CORE" DESIGN** permits you to curve or bend filter for a perfect fit. Flexes and vibrates to prevent excessive dirt build-up on outer surface. Available in 2 styles:

A **Deluxe Filter** has durable rubber, air tight mounting flange that is an integral part of the filter and insures a perfectly tight fit.

B **STANDARD FILTER** without rubber mounting flange.

Now . . . Easily Tune Your Own Motorcycle, Snowmobile, Outboard or Power Mower!

MICROMETER TIMING KIT

Easy-to-use Timing Micrometer saves time and money, quickly and accurately times any one, two or four cylinder, 2 or 4 cycle air-cooled engine to peak performance. Precision micrometer tool inserts into spark plug hole and positions piston at precise specified location from top dead center. Then, merely attach continuity light, included, and set points. No complicated calculations or expensive gauges needed. Can be used by anyone. Compact, portable kit is complete with step-by-step instructions. Fits all 10, 12, 14 and 18 mm spark plug holes.

75-3195N— 1-Kit **$15.50**

ENGINE TIMER

for Motorcycles, Boats, Snowmobiles, Lawn Mowers and All Small 2 and 4 Cycle Engines

Do your own tune-ups—easy to use small engine timer eliminates calculations, gauges and guesswork. Just insert into spark plug hole and rotate engine. Indicator light tells when piston reaches top dead center. Attach continuity light to get point readings. Fits 10, 12, 14 and 18mm spark plug holes. With instructions.

13-1780A— ..... Each **$11.98**

Velocity Stacks for HONDA

Spun aluminum velocity stacks improve performance. Complete with mounting bracket and wire mesh dust screen. Fit these Hondas:

CB/CL 350, 450 2 cyl. **01-1463Y**—(2" diam.)
CB500, 750 4 cyl. **01-1464W**—(1-5/8" diam.)
Above Nos.—..... Each **$2.98**

MOTORCYCLE TIMING TESTER

Heavy duty, continuity timing tester signals ignition point opening and closing with a loud buzzer, flashing light, or both. Safe and easy to use. Works on all 2 and 4 cycle engines including mini-bikes and snowmobiles with magneto. 6" x 3-1/2" x 2-1/4" shockproof case. Lightweight, portable—for home or shop use. Batteries included.

75-3315R— ..... Each **$12.98**

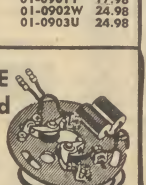
Replacement Batteries for above. (Requires 1) **90-2384X—** ..... Each **35c**

Economy Continuity Timing Tester. 4" x 2-3/4" x 1-5/8" case size. Batteries not Included.

13-1717T— ..... Each **$10.79**

Batteries for above. (Requires 2) **90-2385U—** ..... Each **30c**

BREAKER PLATE for HONDA and KAWASAKI



Get full ignition efficiency for top performance in all driving ranges. Pre-assembled, distributor breaker plates are complete with contact points, condensers and wires. Quickly and easily installed. Custom fit.

Honda Model	Stk No.	Each
CB72, CB77	01-1087N	$8.49

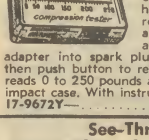
Kawasaki Model		
Z-1	01-2357A	11.98

MANIFOLD ADAPTER KIT for Harley-Davidson "74"

Replaces and updates original equipment brass adapters on 1940-54 "74" manifold. Allows use of late model carburetors and manifolds. Helps eliminate leaks caused by old, worn adapters. Kit consists of 4 rubber O-rings, 2 cadmium plated steel adapters and 2 steel rivets.

02-1639B— 1-Kit **$11.98**

COMPRESSION TESTER FOR ALL MOTORCYCLES



Accurate, easy-to-use compression tester comes complete with flexible hose, pushbutton pressure release, and universal adapters sizes 10, 12, 14, and 18mm. Just screw adapter into spark plug port, take a reading, then push button to release. Easy-to-read scale reads 0 to 250 pounds and 0 to 50 kg/cm. High impact case. With instructions.

17-9672Y— ..... Each **$9.98**

4-CARB to 1 CARB KIT

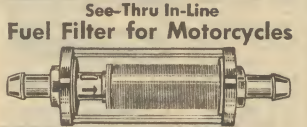
for ALL 750, 550, 500 HONDA

Eliminate 4-Carb Problems with One Simple, Easy-to-Adjust Carburetor!

Do away with aggravation and costly special tools when you replace your finicky 4 carburetor system with this single basic carburetor. Once installed, all you have to do is adjust one screw to quickly tune your Honda 750 engine for top performance. Kit comes complete with carburetor, manifold, air cleaner, linkage, necessary hardware, and complete instructions. State Year and Model when ordering.

99-6633UF—Shpg. wt. 5 lbs. 1-Kit **$99.95**
Shipped from California.

See-Thru In-Line Fuel Filter for Motorcycles



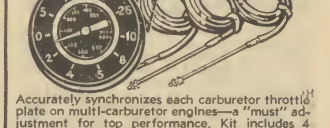
- **Helps keep engine running smoothly**
- **Traps water, foreign particles**

Keeps carburetor float valve and jets clean, helps prevent flooding and stalling. Easily disassembled for cleaning and filter replacement. Can be installed in seconds.

73-1336R—For 1/4" O.D. gas line.
73-1337X—For 5/16" O.D. gas line.
Each **$3.49**

REPLACEMENT FILTER ELEMENTS.
73-1185P— ..... 1-Pkg. of 2 **$1.19**

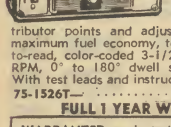
Motorcycle CARBURETOR SYNCHRONIZER for Multi-Carburetor Engines



Accurately synchronizes each carburetor throttle plate on multi-carburetor engines—a "must" adjustment for top performance. Kit includes 4 vacuum gauges, 2-1/2" diam. calibrated 0-28" of mercury and 0-700mm Hg for vacuum; 4 controllable dampening valves. For motorcycles with 2, 3 or 4 carburetors.

15-3275Y— 1-Kit **$35.98**

DWELL TACHOMETER for Motorcycles, Scooters, Snowmobiles, Lawn Mowers and Outboard Engines



For tuning up 1 and 2 cylinder, 2 and 4 cycle small gas engines. Makes it easy to accurately set distributor points and adjust carburetor to give maximum fuel economy, top performance. Easy-to-read, color-coded 3-1/2" meter. 0 to 4,000 RPM, 0° to 180° dwell scales. Self-contained. With test leads and instructions.

75-1526T— ..... Each **$23.95**

FULL 1 YEAR WARRANTY

WARRANTED against defects in workmanship and materials for 1 full year. **Will be repaired or replaced at our option. Cannot be Returned for Refund or Credit.** This warranty void if unit is altered, modified, abused, or damaged by customer.

SATISFACTION GUARANTEED or MONEY BACK

ELECTRONIC REGULATOR-RECTIFIER for Motorcycles

- **Replaces existing selenium rectifier/zener diode or silicon rectifiers and regulators**
- **Makes complete, useful alternator output available to the electrical system without the heavy power losses characteristic of selenium rectifiers and zener diodes**
- **Solid state • Simple installation**

Assures a FULLY charged battery at ALL times and at ALL temperatures. Makes complete alternator output available to the electrical system. If battery is removed or disconnected, regulator rectifier maintains system voltage over the full range of engine RPM and electrical load. Provides complete control over the current delivered from less than amp to more than 10 amps. Will not drain battery when engine is off. For the following:

HIGH PERFORMANCE PUSH ROD KITS for Harley "74"

KIT WITH PUSH RODS ONLY. Weigh half as much as stock push rods for increased performance with less engine output. High tensile-strength aluminum alloy tubing with hardened steel adjustable ends. Can be used with stock lifters. Complete with instructions. Fit the following Harley "74"s.

02-1640P—48-52 ..... 1-Set of 4 $14.49
02-1641Y—53-65 ..... 1-Set of 4 21.49
02-1642W—1966 up ..... Set of 4 21.49

KIT WITH PUSH RODS, SPRINGS, and ADAPTORS. Heat treated steel adapters replace hydraulic lifters, eliminate valve floating. Same push rods as above. Complete with instructions for fast, easy installation. Fit the following Harley "74"s:

02-1643U—53-65
02-1644B—1966-Up 1-Kit $35.98

HI-PERFORMANCE CAMS for Honda 750 Motorcycles

• **Brand new cams—choice of two grinds**
Increase top end performance and torque. New billet cams are precision ground to exact tolerances and parkerized for long life. Designed to put you far ahead in competition or riding trails.

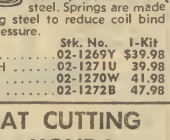
02-0668B—Street eliminator (.325 lift, 284° duration)
02-0669P—Super street eliminator (.351 lift, 298° duration)
Each $71.95

VALVE & SPRING KIT For Harley Davidson

Replace old, burnt, pitted valves and weak springs. Kits meet O.E.M. specifications. Include 2 intake and 2 exhaust valves, and 4 intake and 4 exhaust springs. Valves for 57 thru 69 model are steel, heat treated to eliminate galling. Valves for 1970-up XLH, XLCH models are I-piece stainless steel. Springs are made of high quality spring steel to reduce coil bind and increase spring pressure.

Year, Model	Stk. No.	I-Kit
57-65 FL, FLH	02-1269Y	$39.98
57-69 XL, XLH, XLCH	02-1271U	39.98
1966-Up FL, FLH, FX	02-1270W	41.98
1970-Up XLH, XLCH	02-1272B	47.98

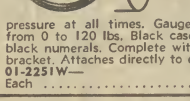
VALVE SEAT CUTTING TOOL for HONDA



Restore your Honda's peak efficiency with this easy-to-use, drop-forged tool. Cuts valve seats to like-new condition. Includes 1 handle and bar, 2 pilot shafts, and 3 cutters (1", 1-1/4", and 1-1/2"). Fits all Honda motorcycles.

01-1793Y .... Ea. $29.98

OIL PRESSURE GAUGE for Motorcycles



Custom Fits All Honda 750, Kawasaki 500CC & Up, & Harley Davidson 74's
Now you can be sure of your oil pressure at all times. Gauge reads accurately from 0 to 120 lbs. Black case with white face, black numerals. Complete with elbow mounting bracket. Attaches directly to engine case.

01-2251W— $10.98

NEW! Chrome Plated SPIN-ON OIL FILTER for All Honda 4-Cylinder Motorcycles

Makes oil changing easier and cleaner; also ends bolt thread stripping common to these models. Chrome plated finish blends with engine accessories. Filter housing is shorter than the original, yet has a larger filter area for longer life and increased engine protection. Shorter length also permits installation of custom pipes and oil coolers. Large sealing area insures leak-free operation. Pressure relief valve insures proper oil flow even if filter is clogged with dirt. Can be replaced in less than 30 seconds. Fits all Honda 4-cylinder bikes.

01-1564B— ..... Each $4.98

REPLACEMENT OIL FILTER ELEMENTS FOR MOTORCYCLES

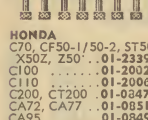
Motorcycle OIL COOLER

• **Increases Oil Capacity . . . oil and engine life**
• **Keeps oil cooler to prevent engine damage**
When oil temperature rises above 200° F., additives begin to break down. For each additional 20° increase in temperature, useful oil life is cut in half. Specially designed aluminum-brazed cooler has louvered fins to create greater air turbulence for more efficient cooling. Lightweight and rugged. With instructions. Available in either Black or with deluxe dress-up chrome housing and chrome grille. Fits the following:
BSA 500, 650, 750.
Harley "74" Sportster, Superglide.
Honda 350, 550 Twins (for 4-cyl. see below).
Norton 750.
Triumph 500, 650, 750.
Yamaha 650.
02-1631R—Black ..... Each $23.95
02-1632X—Chrome ..... Each 31.95

For 4-Cyl. HONDA AND KAWASAKI 900ZI
Above oil cooler with specially designed adaptor and hardware for mounting to all 4-cylinder Honda 350, 500, 550, 750, and Kawasaki 900ZI.
02-1633N—Black ..... Each $35.95
02-1634T—Chrome ..... Each 47.95

ALLEN SCREW KITS for CRANKCASE COVERS on Honda, Kawasaki, Suzuki & Yamaha



Wrench Included

Eliminate stripping the Phillips head screws when you remove your crankcase covers. Replace them with these top quality, cadmium plated precision machined steel Allen type screws. Kit for both sides of crankcase covers, includes Allen Key wrench.

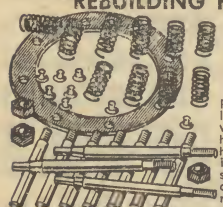
CLUTCH HUB REBUILDING KIT



For All 41-76 Harley-Davidson "74"'s

Replace worn, loose studs, weak springs; help eliminate harsh, chattering and jerky starts. Kit includes all parts necessary to completely rebuild clutch hub; replaces original parts perfectly. Includes: heat treated steel studs (7 short, 3 long), heavy duty clutch hub lining, 3 clutch hub stud nuts, 10 clutch springs made of carbon spring steel wire, and 8 brass rivets.
02-1334P—for 41-67 Harley "74"
02-1335X—for 68-76 Harley "74"
1-Kit $29.95

16" Chrome Plated Steel CHOPPER WHEEL for Motorcycles

Only **17.98**

For all bikes which require 40 spokes. 16" diameter triple chrome plated steel rim lowers bike and allows use of wider tire for that low chopper look. 3.50 x 16" rim takes 5.10 x 16" or 5.00 x 16" wide tires.
01-7282W— .....Each $17.98

Chromed SPOKE & NIPPLE SET for Honda & Triumph Motorcycles. Allows conversion from 18" or over stock narrow rim to lower chopper style 16" rim. Simply lace up spokes to existing wheel hub and a 16" chromed rim. Complete set consists of 40 chromed spokes and 40 chromed nipples. (See index for 16", 40 hole chromed rear rims).
01-2197A—For Honda 450, 500, 750 1-Set$11.98
01-2198R—For Triumph thru 1970 1-Set$11.98

Your Satisfaction is Our Goal

ENGINE AIR TIRE PUMP for Motorcycles

Inflate your tires anywhere—anytime—on the road, in the garage or parking lot! No more bulky, slow tire pumps! Easy to use—simply remove one spark plug and insert adapter and pump into cylinder hole. Start engine and tire inflates quickly. Complete with 3-1/2 ft. heavy duty braided rubber hose, valve connection, air pump unit and 12, 14 and 18mm spark plug adapters. For 2, 3 or 4 cyl. cycles.
83-0639N— .....Each $4.79

TIRE SEALANT for Motorcycles

Prevent Flat Tires
Seals punctures up to 1/8" diameter—instantly! No more tube replacements, tire patches, or tire repair. Simply apply through valve stem — coats entire inner liner — plugs leaks as they happen, to prevent flats and reduce danger of high speed blowouts. 8-oz. bottle seals 2 tires.
10-5168Y— .....Each $1.99

REFLECTIVE SIDEWALL TIRES

Make Motorcycle Driving Safer. 1/2-inch wide silver reflective material on sidewall makes motorcycle really stand out for safer night driving! Tires are constructed of long wearing 2-ply nylon cord with 4 ply, load range "B" rating. Deep tread design delivers road-hugging performance. Tires meet D.O.T. Highway Requirements. **Prices include Federal Excise Tax.**

Size	Stk. No.	Each
3.50 x 19"	62-1159Y	$35.98
3.50 x 18"	62-1160W	42.98
4.00 x 18"	62-1161U	45.98
4.50 x 18"	62-1162B	47.98
5.00 x 16"	62-1163P	51.98

MOTORCYCLE CARRIERS

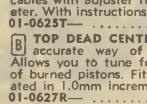
Hauling Device Bolts Onto Trailer Hitch
HEAVY DUTY SELF LOADING: For cycles from 175cc to 1000cc. Utilizes existing trailer hitch to haul motorcycle behind car. Unique lifting arm swings to ground for easy loading by one person. Solid steel construction, black enamel finish. Handles tires up to 4.00 x 21. Fits hitch tongues up to 2-1/4" wide. Complete with tie-downs for handlebars and bumper. To use 2 carriers on 1 hitch see below.
15-3709W— .....Each $49.95

Ready to Roll

LIGHTWEIGHT. For cycles from 100cc to 400cc. Similar to above, but without lifting arm. Handles tires up to 4.00 x 21.
15-3710U— Each $32.95

TWO-BIKE ADAPTER. For use with above.
15-3711B— Each $25.95

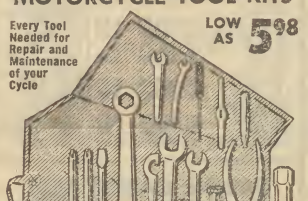
Make the Job Easier with these TOOLS for MOTORCYCLES



A HYDRAULIC ACTION CABLE OILER. Makes old and new cables operate smooth-as-silk. Specially designed hydraulic action insures cable is oiled throughout its entire length by finger pressure only. Self-contained unit will take all popular type cables with adjuster fittings up to 3-1/4" diameter. With instructions.
01-0625T— .....Each $7.49

B TOP DEAD CENTER TIMING GAUGE. Most accurate way of setting ignition timing. Allows you to tune for top power without risk of burned pistons. Fits all 14mm plugs. Graduated in 1.0mm increments with a 40mm travel.
01-0627R— .....Each $3.29

MOTORCYCLE TOOL KITS



Every Tool Needed for Repair and Maintenance of your Cycle

LOW AS **5.98**

Exact duplicate of kits supplied with new cycles. Perfect for servicing.
• Cylinder Heads • Wheels • Spark Plugs
• Carburetors • Manifolds • Points
Include axle wrench, screwdriver handle with assorted heads, pliers, spark plug wrench, ignition tools, and others. In easy-to-store roll up case.

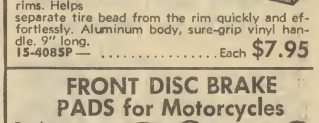
MAINTENANCE KIT for Motorcycles

Kit contains 6 maintenance chemicals in compact aerosol cans. (1) **Instant Starting Fluid.** Allows instant starts, even in cold, wet weather. Simply spray into carburetor or air filter. 4-oz. can. (2) **Spark Plug Contact and Chain Cleaner.** Removes excess oil and carbon deposits from spark plugs in seconds. Also cleans contact points, distributor, starter, switches, etc. 4-oz. can. (3) **Chain Lubricant.** Cleans and lubricates for quiet, efficient, extended chain life. 4-oz. can. (4) **Rust Preventative.** Special formula oil dries out and waterproofs ignition system, lubricates and inhibits rust. Spray oil over entire bike after washing, then wipe off. Surface will have a gleaming finish that's water and rust resistant. 4-oz. can. (5) **Cable Lubricant.** Displaces moisture, lubricates and rustproofs all moving parts. Insures smooth throttle operation. Remains fluid to 70° below zero. 3.2-oz. can. (6) **Hand Cleaner.** Waterless, foaming cleaner with lanolin removes oil, grease, and paint in seconds. 3-oz. can.
17-9483P— 1-Kit $7.49

MOTORCYCLE TIRE CHANGER



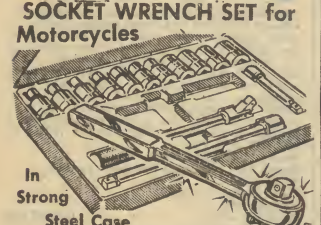
for All Sizes of Rims & Tires

Eliminates tube pinching and scratched rims. Helps separate tire bead from the rim quickly and effortlessly. Aluminum body, sure-grip vinyl handle. 9" long.
15-4085P— .....Each $7.95

SPARE TIRE IN A CAN for Motorcycles

• **Seals Leaks, Inflates Tire in Seconds**
• **Excellent for Emergency Repairs**
• **Won't Harm Tires or Tubes**
Seal punctures, fix flats fast without tools or tire patches. Simply apply through valve stem using convenient tube attachment. 7-1/2 oz. can.
12-2344W— Each $2.99

16 PC. 1/4" DRIVE METRIC SOCKET WRENCH SET for Motorcycles



In Strong Steel Case

• **All the sockets you're likely to need for maintenance of your cycle—all chrome plated**
Set includes the following channel steel socket sizes: 4, 4.5, 5, 5.5, 6, 7, 8, 9, 10, 11 and 12 mm. Plus 5-1/2" reversible ratchet, 5-1/2" flex handle, 6" and 2" extensions. In strong steel case.
15-4356N— 1-Set $8.98

BASKET TYPE CARRIERS for Cycles & Mini-Bikes

Steel, with coated caps to protect car bumper. Fully adjustable, easy to install or remove.

OUR BEST. For cycles or mini-bikes. Up to 300 lb. capacity. Accepts tires to 4.00 x 19. Fits cars and trucks up to 3/4 ton.
17-8631N—Chrome finish 1-Pair $23.45
17-8632T—Aluminum paint 1-Pair 19.95

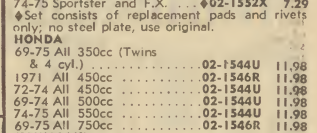
ECONOMY CARRIER. Like above, but 200 lb. capacity. Black enamel finish.

For Motorcycles with Tires up to 3" Wide
10-3664Y— 1-Pair $16.95
For Motorcycles with Tires 3" to 4" Wide
10-3665N— 1-Pair $16.95

MINI-BIKE CARRIER. Fits all bumpers. For mini-bikes and scooters with tires up to 6" wide. Black-enamel finish.
10-3666T— 1-Pair $16.95

STRAPS FOR ABOVE CARRIERS. 1000-lb. test. Hooks covered with 100% latex rubber. Nickel plated, spring tension nonslip buckles.
6 feet long. For compacts and sports cars.
15-1791W— .....Each $2.39
12 feet long. For all American cars and trucks.
15-1792U— .....Each $2.98

FRONT DISC BRAKE PADS for Motorcycles



Replace worn disc brake pads and eliminate fading, grabbing, swerving, and squealing. Long wearing brake pads are water, grease and oil resistant. Superior, rivetless construction—lining is integrally molded to steel plate for longer wear, increased surface area, and less rotor scoring. Fit front wheel only on the following motorcycles:

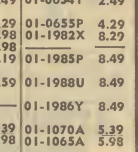
FRONT DISC BRAKE ROTOR for Honda, Kawasaki, Suzuki & Yamaha Motorcycles



Eliminate brake fade, restore safety and performance. A rotor with rough, scored surfaces results in faulty, chattering brakes. Replace it with this quality rotor of blanchard ground, 0.220 mild steel. 11" outside diameter. Center hub is aircraft specification aluminum alloy. Rotor weighs only 4-1/2 lbs. Fits the following with front disc brakes:

CHAIN LUBRICANT for MOTORCYCLES

CLEANS AND LUBRICATES. Foam aerosol instantly and deeply penetrates into roller and link surfaces. Slippery, oilless surface clings under fastest chain speeds. Withstands heat and centrifugal force. Unaffected by sand, water and grass—won't attract or hold dust.

4-oz. Aerosol Can.
10-3766A— 1-Can **$1.19**
16-oz. Aerosol Can.
10-3767R— 1-Can **$2.39**

Complete CHAIN & SPROCKET KIT

Replace Both Chain & Sprocket for Best Performance

Chain and sprockets should be replaced at the same time — replacing one and not the other will cause damage to both parts as well as premature loss of horsepower. Complete kit consists of the following all new, precision fitting parts: one bolt-on aluminum rear wheel sprocket, one heat treated steel countershaft sprocket, correct length of standard chain, and one master link.

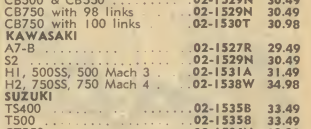
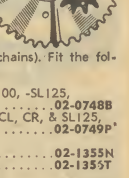
REDUCE CHAIN BREAKAGE! Dual Row SPROCKET SETS for Honda, Kawasaki & Suzuki



- **A big, tough sprocket set for the big bikes**
- **12,200-lbs. ultimate tensile strength — twice the strength of standard sets!**

Finally! A solution to the chain and sprocket breakage so common on the big bikes. New dual row sprocket sets are twice as strong . . . yet actually add less weight to your bike than standard sprocket sets. Dual row #520 chain utilizes 8 sideplates instead of 4 . . . dual rollers give twice the torque. Lightweight aluminum alloy rear sprocket is super-tough—outlasts original equipment.
02-0622R—Fit Honda 750 (17-45 Gear Ratio) ..... Each **$79.98**
02-0623X—Fit Kawasaki 900cc (17-39 Gear Ratio) ..... Each **$79.98**
02-1599Y—Fits Suzuki RE-5 Rotary (500cc) (16-48 Gear Ratio) Each **$89.98**

SPROCKET CONVERSION



Convert Your Motorcycle With Small 1/2 x 5/16 #428 Chain to the Big #520 Chain

- **Get longer chain wear** Hardened aluminum alloy rear sprocket with 42 teeth, and hardened steel countershaft sprocket with 12 teeth lets you use the #520 chain. (See Index for drive chains). Fit the following motorcycles:

HONDA
Up to Early 1972 CB, CL, SL100, -SL125, CB, CL160, -CB, CL 175 ..... 02-0748B

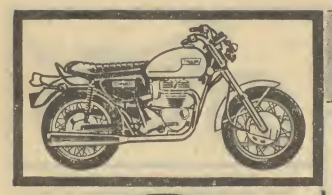
Complete Line of Motorcycle Parts



SAFETY HELMETS for CHILDREN from 6 to 12 Yrs.

• For all headsizes less than 6-5/8
Not a toy—built for maximum safety and comfort. Full energy-absorption liner — contoured cheek, neck pads and crown have thick polyfoam padding. Completely lined with perspiration-resistant, easy-to-clean trilon. Heavy duty nylon chin strap with swivel strap fasteners and chrome safety "D" ring. Leather-grained trim and built-in snaps for face shield.

Full Coverage Helmet
17-9095B—Solid White .....Each $17.95
17-9096P—Solid Black .....Each 17.95
17-9097Y—Metal Flake Red .....Each 18.95
17-9098W—Metal Flake Blue .....Each 18.95

TWO-WAY INTERCOM for Motorcycle Riders

At last . . . a reliable, comfortable, low-cost communication system between cyclist and passenger. No more need to shout. Sound system consists of two 2-oz. adjustable headsets which fit comfortably under helmets. Sets are connected by lightweight, virtually indestructible acoustical tubing. Provides distortion-free conversation; disconnects instantaneously. All plastic and non-electric—no maintenance required.
17-9233R—
1-Set **$9.95**

Now . . . Lock Your Helmet Safely to Your Cycle!

Strong, chrome plated lock attaches in minutes with tamper-proof screws, to handlebars of all popular cycles (exc. Harley "74" and "Sportster"). Lets you park your helmet with your bike, without fear of theft. With 2 keys.
75-3175X— .....Each **$4.79**

EXTRA-WIDE 8 Inch REVERSIBLE RIDING BELT

- Gives maximum support to back and kidneys
- Extra-wide 8" belt—resists rolling
- Strong Velcro fasteners
- Reverses from black to brown

Powerful woven elastic belt fits all waist sizes from 28 to 38. Provides necessary kidney and sacroiliac support needed by motorcycle riders, truck drivers, and off-road competitors.
01-0456T—
Each **$11.98**

Motorcycle SAFETY BELT for the Extra Rider

Provides a safer, more secure ride for the motorcycle passenger! 2" wide belt is worn by the driver—passenger holds on to belt's 1" wide nylon loops. Designed to be worn over regular clothing—is not a pants belt. Black leather-like synthetic with nickel plated buckle. **Order by actual waist size:** allowances have been made for average clothing.

Heavy Duty SHOCK ABSORBERS

for WILLYS Jeep®, BLAZER, FORD BRONCO, TOYOTA & SCOUT
Designed for Off-The-Road or Highway Use

Smooths out dips and chuck holes

Better traction on washboard roads

These extra heavy duty double action shocks will outperform original equipment shocks. Give safe, sure control under any conditions. Easy to install—complete with bushing—nothing else to buy! If you desire extra heavy duty shocks for trucks see Index.

FULL "OWNERSHIP DURATION" WARRANTY
An exchange of shock absorbers will be made (not including installation costs) if heavy duty shock absorbers wear out while original purchaser owns the vehicle on which shocks were originally installed.

FULL (OWNERSHIP DURATION) WARRANTY
Made heavier than original to help eliminate:
- **Bottoming or hitting roof after striking bump or hole**
- **Excessive or uneven tire wear**
- **Bouncing, dipping, and sidesway on curves**
- **Front wheel shimmy**
- **Hopping and spinning rear wheels**
- **Front end dive and pitching**

Heavy Duty Deluxe Vinyl Coated Tops

for JEEPS®, JEEPSTER, SCOUT, BLAZER, BRONCO, DODGE, and TOYOTA LAND CRUISER

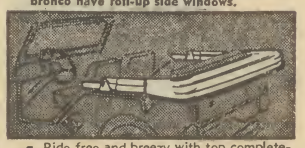
4-Way Deluxe CONVERTIBLE TOP

NOW

Choice of 3 Deluxe Styles—-All with these Exclusive Features!

1 Use with the top and sides down for snug protection from rain, snow, cold. Wards off wind, dust too!

2 Exclusive—Window Roll Back (Not Up)! Side windows roll back and inside for summer comfort. Gives clean exterior lines — no bulky rolls outside outside vehicle. Protects windows and flaps, gives easy access to cargo. **NOTE: This feature is available on Jeep® and Toyota only. Jeepster, Scout, Blazer and Bronco have roll-up side windows.**



3 On hot, sunny days, roll both sides and back out of the way for maximum ventilation. Heavy duty fabric top wards off sun's rays.

4 Ride free and breezy with top completely down . . . and you don't loose any space in back with top folded down.

- Extra heavy duty flexible vinyl coated preshrunk fabric gives long life and good looks
- CUSTOM TAILORED for each individual model listed
- Fitted with durable .040 vinyl windows — approved in all 50 states for perfect visibility
- Electronically sealed seams and windows give snug, year round weather-tight protection and comfort
- Extra wide, removable doors feature curved—zipper windows that roll out of the way, store neatly. Rear window rolls up to store neatly inside. Covered zipper keeps cold air out, heat in
- Complete with doors, bow, all hardware and easy installation instructions
- Choice of Black or White Top, both with black interior

Finest top of its kind on the market! Has all of these features in additions to the above:

- **Panoramic wraparound side windows for full visibility.**
- **Adjustable bow release bracket lets you raise or lower top in minutes—easiest of all tops to handle!**
- **Exclusive QUICK LOCK TOP ATTACHMENT (exc. on Chevrolet Blazer where top snaps to windshield frame) — a ridged plastic lock is electronically sealed to the top and fits into groove on windshield for weather-tight seal without pushing, snapping or threading.**
- **One piece single seam design assures a snug fit, always.**

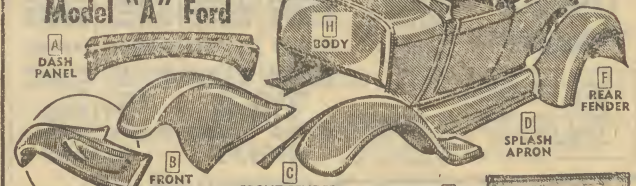
Fiberglass Body Parts for 1928-1931 Model "A" Ford



Authentic, exact reproductions of the original! Build your own street, rod, or drag machine using all fiberglass parts or a combination of fiberglass and original parts. Strong, durable, top quality fiberglass parts are structurally reinforced at all edges and stress points; can't rattle, rust or corrode. Can be easily repaired in case of collision. Gray finish is ready to paint after light sanding. Body mounts easily to frame and to other fiberglass or metal parts by using a fiberglass repair kit (See Index). **Note:** Front fenders are available with or without spare tire well.

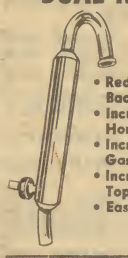
Give Your Corvair More Z-I-P, More Z-O-O-M!

DUAL MUFFLER SYSTEM for 60-69 CORVAIR



- Reduces Back Pressure!
- Increases Horsepower!
- Increases Gas Mileage!
- Increases Top Speed!
- Easily Installed!

COMPLETE KIT with TWO FIBERGLASS MUFFLERS

Simplest, easiest, most economical way to improve all-around performance. Get sports car performance out of your 60-69 Corvair—install this performance-improving dual exhaust system. **Eliminates back pressure and congestion of crossover pipe and stock mufflers—allows exhaust gases to flow freely, lets engine deliver its top power, top economy.** Complete, easily installed. Kit includes two fiberglass packed bullet mufflers, exhaust pipes, tail pipes, clamps and instructions.

21-1697XE—Fit all 60-69 except with super charger, station wagons and trucks.
21-1697XE—Fit 61-65 station wagons and trks.
Shpg. wt. 23 lbs.
1-Kit **$29.95**

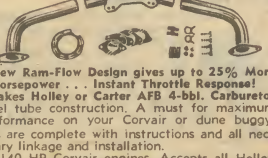
GAUGES for 60-69 CORVAIR

A **Illuminated Electrical Cylinder Head Temperature Gauge.** Protects your engine from damage caused by overheating. Gauge mounts in or under dash. Has white numerals on black face with pointer. 120° to 300°F. heat range. 1-7/8" diam. body. Electrical sending unit bolts against cylinder head. Kit includes chrome plated mounting bracket, light socket and bulb, wiring and instructions.
74-4504Y— 1-Kit **$15.50**

Replacement sending unit for above.
75-2974U— .... Each $2.69

B & C **Ammeter and Oil Gauges.** Black face gauges have white numerals, markings, and pointers. Stainless steel bezel, slotted case for illumination. In-panel mounting bracket is included.
Ammeter Gauge. Reads —50 to +50 emps.
74-1405A— ..... Each **$2.98**
Oil Pressure Gauge. Registers 0 to 80 lbs. Mechanically operated.
74-1398Y— ..... Each **$6.39**
Installation Kit for B & C above. All fittings, wire, terminals, nylon tubing, instructions.
74-4601B— ..... Each **$5.39**

INDUCTION MANIFOLD For CORVAIR

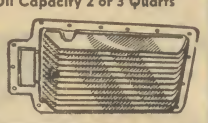


- **New Ram-Flow Design gives up to 25% More Horsepower . . . Instant Throttle Response!**
- **Takes Holley or Carter AFB 4-bbl. Carburetor** Steel tube construction. A must for maximum performance on your Corvair or dune buggy. Kits are complete with instructions and all necessary linkage and installation.

Fit 140 HP Corvair engines. Accepts all Holley or Carter AFB 4-bbl. carbs.
37-5781X— 1-Kit **$71.98**

Large Capacity Finned Aluminum OIL PANS for CORVAIR

Increase Oil Capacity 2 or 3 Quarts



Finned inside and out—offer following advantages:
- **237 sq. in. cooling area keeps oil temperature down . . . helps engine run cooler**
- **Increase bearing life—strengthen bottom end**

A "must" addition on supercharged engines.
37-1390A—Adds 2 Qts. ..... Each **$41.95**
37-5624R—Adds 3 Qts. ..... Each **46.95**
37-1000W—Rubber Gasket for above. Ea. **$2.79**

Neoprene Covered Copper Center SPARK PLUG CABLE SET for 60-69 CORVAIR

- **Replace original graphite packed cables**
- **End power loss due to leaky original cables**
- **Assures longer spark plug life, maximum voltage at high RPM**

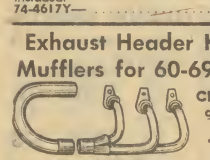
Eliminates spark plug cable deterioration resulting in spark plug miss. 1-pc. molded neoprene spark plug covers seal out moisture, oil and dirt. Distributor nipples, terminals and coil wire included.
74-4617Y— 1-Set **$4.79**

Polished Finned Cast Aluminum VALVE COVERS for 60-64 CORVAIR

Dress Up Engine

Add additional cooling surface — reduce valve noises. Will not bend or warp like steel covers. Six hole mounting.
37-1405X— 1-Pair **$34.98**
VALVE COVER GASKETS FOR ABOVE.
37-1143U— 1-Pair **$2.49**

Exhaust Header Kits and Mufflers for 60-69 Corvair



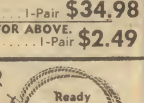
Choice of Fiberglass or Stock Mufflers
- **Eliminates power restricting manifolds**
- **Improves the exhaust system**
- **Reduces back pressure**
- **Increases horsepower up to 22%**
- **Saves up to 22% on gas**
- **Additional improvement in performance can be obtained by installing Fiberglass Straight Thru Mufflers—See Below**

New design headers replace old style manifolds. Give each exhaust port its own pipe, providing scavenging action that clears exhaust system of gases, eliminates congestion of stock manifold. Headers can be used with stock or straight-thru mufflers —See Below. Complete with U-pipes, clamps, instructions (mufflers not included).
21-1345T—For all 60-69 exc. Sta. Wagon, Van, Corsa & Spyder . 1-Kit **$44.49**

MUFFLERS FOR ABOVE HEADER KITS

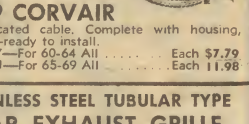
	Stock No.	Each
Lifetime Bullet Deep Tone Fiberglass Muffler	22-2835A	$9.59
Stock Muffler	23-0495N	15.98

SPEEDOMETER CABLE & HOUSING for 60-69 CORVAIR



Pre-lubricated cable. Complete with housing, fittings—ready to install.
74-5513Y—For 60-64 All ..... Each **$7.79**
75-2790U—For 65-69 All ..... Each **11.98**

STAINLESS STEEL TUBULAR TYPE REAR EXHAUST GRILLE for 61-69 CORVAIR



Replaces original exhaust cover without alterations. 3/4" diam. 2/3 full tubing.
19-5294T—61-64. 5 bar **$21.95**
19-5295P—65-69. 6 bar **31.95**

Red or Black Radiator Hose

- **Ideal for restoration use on antique and vintage cars, for all cars using straight hose.**

Heavy duty, braided, flexible hose is highly resistant to steam, hot water, rust, radiator solutions. 3 ft. lengths only.

COMPLETE BODY & CHASSIS WIRING HARNESS

Rewire Your Vehicle From Bumper to Bumper. Replace worn, frayed, defective wiring with this complete wiring harness set. Contains everything needed to completely rewire your vehicle from bumper to bumper (except battery and spark plug cables). Electrical equipment, such as starter, solenoid, ignition switch, light switch, lights, and other electrical components will operate at peak efficiency to insure driving safety and prevent premature breakdown. These deluxe harness sets are made up of top quality copper wire with plastic covered looming and include all terminals and loom fasteners. Easy-to-read color coded wiring diagram insures fast accurate installation. Harness is factory tested to insure positive circuitry and quality.

IMPORTANT
These harness sets are designed to service vehicles equipped with directional signals, standard transmissions and sealed beam headlights (either original equipment or conversion sealed beam kits). If installed on vehicles without sealed beam lights, old headlight connectors and terminals must be used. See Index for sealed beam conversion kits.

NOTE:
On 34-39 Ford cars and trucks, harness is designed for use with dash mounted universal headlight switch. Will not service original bottom of steering column cup design. **State Make, Year, Model of Car and Stock. No.**

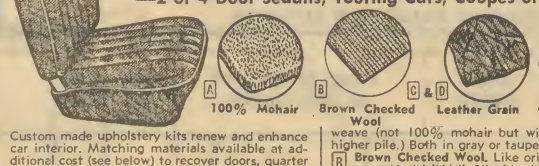
Deluxe SEAT UPHOLSTERY KITS

CUSTOM TAILORED FOR 28 THRU 59 EARLY AMERICAN CARS —2 or 4 Door Sedans, Touring Cars, Coupes or Roadsters



A 100% Mohair — B Brown Checked Wool — C & D Leather Grain

Your Choice of Deluxe Materials

Custom made upholstery kits renew and enhance car interior. Matching materials available at additional cost (see below) to recover doors, quarter panels and headliners. All seat upholstery kits (except (D) below) have channel pleats over vinyl foam padding to add comfort and classic beauty. Trimmed with leather grain piping. Complete easy instructions.

A 100% Mohair. Long fibered, like original mohair used in most Model "A"s. 3" wide channels. Also available in wool blend mohair weave (not 100% mohair but with denser and higher pile.) Both in gray or taupe.

B Brown Checked Wool. Like original fabric of some Model "A"s", 3" wide channels.

C Channeled Leather Grain. Heavy duty vinyl looks and feels like genuine leather. Waterproof. Resistant to abrasion, scuffing, oil and gasoline. Wipes clean with a damp cloth. 2-3/4" wide channels. In 5 colors: Brown; Black Red; Gray and Ivory White.

D Smooth Non-Channeled Leather Grain. Same properties and colors as (C) above.

DRIVE YOUR CAR OR TRUCK . . .

50,000 Miles without a Tune-Up!

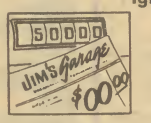
only 19.95

NEW GENERATION SCR ELECTRONIC IGNITION SYSTEM

★ *Increases Power, Performance, Acceleration!*
★ *Gives Better Gas Mileage!*
★ *Powerful 50,000 Volt Spark Fires Hot To 10,000 RPM!*
★ *Spark Plugs and Points Last Up To 50,000 Miles!*
★ *Instant Starting in Coldest or Hottest Weather!*

15 Reasons Why

You should install this amazing Electronic Ignition System now!



Drive up to 50,000 miles without an ignition tune-up!

Spark plugs will burn cleaner—last from 5 to 10 times longer!

Points will last up to 5 times as long!

Because engine remains in tune for 50,000 miles you save on gas!

American made... featuring semi-conductors by famous manufacturers!

Eliminates engine bucking even at lowest speeds . . . provides faster pick-up!

Increases top speed 5 to 10 mph—completely eliminates high-speed miss!

There is no condenser to burn out or cause trouble and need replacing ever!

Because you will get faster starting your battery will stay newer longer!

Enjoy instant starting in all kinds of weather!

Fits all years, all models of American and foreign cars and trucks!

Save—superior to systems selling for $100.00 and more!

Previously optional on new cars and trucks—here for your car . . . NOW!

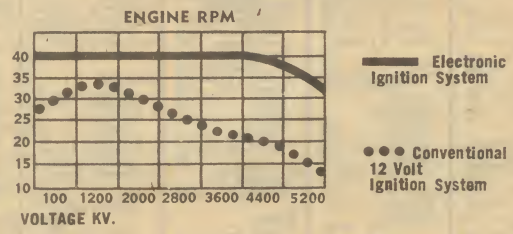
Makes engines run smoother, quieter for better performance at all speeds!

Easy to install in any car or truck with ordinary tools!

This New-Generation, Silicon Controlled Rectifier Type Ignition System will give you the most powerful and dependable ignition performance you have ever experienced. Working with your standard coil and distributor, it controls up to 400 volts of primary power to deliver an improved 50,000 volts or more of power to the spark plugs.

When you install This Electronic Ignition System on your car or truck—no matter what make or year—you can expect to go 50,000 miles without an ignition tune-up! You can also expect easier, battery-saving starting in all kinds of weather . . . faster, smoother acceleration . . . higher top speeds and increased gas mileage. And, because you get more complete combustion, carbon formation is reduced, your engine stays cleaner to SAVE YOU BIG MONEY on engine maintenance and repair costs.

COMBINES ALL THE ADVANTAGES OF TWO IGNITION SYSTEMS



The Electronic Ignition System combines the advantages of a battery system at low speeds, and the advantages of a magneto system at high speeds. Graph above shows how System delivers virtually same voltage at all speeds, while conventional system loses up to 50% efficiency at high speeds.

NO MORE PITTED CONTACTS

Contacts of conventional ignition system after just a few miles of use . . . pitted and burned.

Contacts used with Electronic Ignition System good as new after thousands of miles of use.

Plugs Last 5 to 10 Times as Long

Standard Ignition

Electronic Ignition

Because the Electronic Ignition System delivers more voltage and a hotter spark to the plugs—up to 50,000 volts—the spark will leap a gap 3 times as wide as is possible with a standard ignition system.

". . . Since this system eliminates destructive overloads, all ignition parts can now be specified within tolerances for much greater life. Full voltage and power is produced at top engine RPM. Better cold weather operation and starting is combined with no overheat problem when engines are run for long periods. There is no capacitor to break down. Smooth clean points mean silk acceleration at all speeds, with improved combustion and less gas consumption. There will be far less plug fouling because of a hotter cleaner spark. And you have a clean engine—which may prove to be the greatest long-term advantage of all."

LIKE A PERMANENT TUNE-UP!

Experts agree that stock ignition systems can't stand up to today's engines . . . plugs and points lose efficiency after only a few thousand miles. That means constant, costly tune-ups. The Electronic Ignition System can eliminate 9 out of 10 tune-ups by increasing plug and point life. You get 50,000 volts or more (compared to only 15,000-30,000 volts from a stock ignition system) of thunderbolt spark power to your plugs, blasting away oil and carbon—actually cleaning them as you drive! Think of it . . . 50,000 volts, even up to 10,000 RPM's!

Installs In Minutes . . . Using Only Common Hand Tools.

Even if you've never touched an engine before you can install this system in minutes. Just mount under hood with two screws and connect wires following **easy, illustrated instructions included.** That's all there is to it!

ELECTRONIC IGNITION SYSTEM FULL (OWNERSHIP-DURATION) WARRANTY

Use this remarkable, New Generation SCR **ELECTRONIC IGNITION SYSTEM** in your car entirely at our risk . . . give it every test you can think of . . . POWER—ECONOMY—STARTING — SURE-FIRE SMOOTHNESS — PERFORMANCE, etc. Now, if you are not completely satisfied in every possible way at the end of 30 full days, simply return your **ELECTRONIC IGNITION SYSTEM** for a **FULL** and **IMMEDIATE REFUND.**
We further warrant **FREE REPLACEMENT** of the **Electronic Ignition System,** regardless of the reason, for as long as you own that car (labor not included).

Fits All American and Imported Vehicles with 12 volt negative grounded ignition systems.

ORDER BY PHONE

7 AM TO 10 PM MONDAY THRU FRIDAY • 7 AM TO 4:30 PM SATURDAY • 8 AM TO 4:30 PM SUNDAY

WARSHAWSKY & CO.
312-431-6100

Here's All You Do . . .

We will handle your call more quickly if you have the following information ready: Catalog number, page number(s), stock number(s), and description(s) for the merchandise you want; Make, Year and Model of the vehicle you're ordering the merchandise for; and any additional merchandise information (size, color, etc.) and vehicle information (6 or 8 cyl. engine, cu. in. engine size, etc.) requested in the catalog description of the item(s) being ordered. (Stock No.'s which have an "F"—as 99-6776PFE—cannot be shipped C.O.D.)

PLEASE . . .
If you have questions about merchandise or the status of another order, **don't** call the above number. Our telephone order takers are unable to answer such questions. To receive a prompt reply, send your questions to

WARSHAWSKY & CO.
1916 S. State Street
Chicago, Ill. 60616

HOW TO ORDER FROM THIS CATALOG

It's Easy and Convenient to Order by Mail

Fill out one of the easy-to-use self-mailing order blanks bound in the back of this catalog. If these are used up, there is an extra order blank on a page in front of the index. **Please give all of the following information when ordering:**

(1) **Your name and complete address including your Zip Code.** If this is a new address, please also give us your old address and zip code. If you want your order shipped to a different person or address, write this in the space below your own address.

(2) **Give catalog number.** You will find it on our front cover or on the bound side of the catalog from which you are ordering.

(3) **Vehicle information.** Give year, make, model of your car, truck, motorcycle or other vehicle and any additional information we requested to supply you with the correct item.

(4) **HOW TO ORDER MERCHANDISE:** Give page no., stock no., quantity, description and price of each item. Give size or color if required to fill your order.

(5) Add up amounts in the Total Price column and enter total in the Total for Goods space.

(6) **Add E-Z Rate Amounts** for shipping, handling and assured safe delivery. **See E-Z Rate instructions and Chart and Zip Code Table on this page.**

(7) Illinois Residents add 5% Sales Tax.

(8) Add any amount you owe from a previous order (enclose due bill).

(9) Total all above items and remit this total with your order.

HOW TO SEND MONEY: The best way to send money is your own personal check, post office money order, express money order or by bank draft or check. The mail carrier will buy a post office money order for you if you live on a Rural Route. **DO NOT SEND CURRENCY OR STAMPS.**

C.O.D. ORDERS

We do **not** recommend ordering by C.O.D. because of the high extra Post Office C.O.D. charges and delays of 1 to 3 days that you will incur. If you specify C.O.D. shipment, send a 25% deposit with your order.

C.O.D. CHARGES

Value of Order	C.O.D. Fee	Money Order Fee	Total Add'l. Cost for C.O.D.
$ 0.01 up to $ 10.00	$0.85	$0.45	$1.30
$ 10.01 up to $ 25.00	1.05	.60	1.65
$ 25.01 up to $ 50.00	1.25	.60	1.85
$ 50.01 up to $100.00	1.45	.80	2.20
$100.01 up to $200.00	1.65	.80	2.45
$200.01 up to $300.00	1.85	.80	2.65

COMMERCIAL ACCOUNT TERMS of net 10 days are available to well-rated firms upon approval of our Credit Dept. Minimum commercial account order must be $50.00 or more.

TRUCK and EXPRESS SHIPMENTS

Items with "E" suffix are too large or too heavy to be shipped Parcel Post. In addition, some items not suffixed "E" cannot be shipped Parcel Post to some Post Offices. We ship such items by express or freight, whichever is cheaper.

All freight or express shipments, except those ordered from the FACTORY or C.O.D., are shipped freight prepaid. Factory ship orders and C.O.D. orders are shipped transportation charges collect to you. See estimated express rates below and include the amount with your remittance. If more or less than actual amount is used, we will refund or send a due bill.

Freight and express shipments are based on weight, kind of merchandise, and distance; therefore, it rarely pays to ship by express unless your order weighs nearly 100 pounds, or more, or cannot be shipped Parcel Post. Shipments of less than 100 pounds are charged at a rate of 100 pounds. Minimum charge is rate for 100 pounds of highest rated article in shipment.

Using the "EXPRESS RATE TABLE" appearing below, determine your estimated freight charges and include this amount with your remittance.

If you included an **E-Z Rate** amount with your order, and it is necessary to ship your item(s) freight or express, the amount you send will be applied against transportation charges. We will send you a Due Bill or refund any difference.

ESTIMATED EXPRESS RATES
(Based on distance to your home from shipping point)

SHIPPING Weight 0-100 lbs.	100-400 Miles $13.00	500 Miles $14.00	600 Miles $15.00
	750 Miles $16.00	1000 Miles $17.00	1500 Miles & Beyond $21.00

PRICING POLICY

We make every effort to maintain the lowest possible price on every item. Increases in prices from previously issued catalogs, if any, reflect increased costs to the company.

REFERENCE: Chicago Association of Commerce.

COUNTER SERVICE
STORE HOURS: Daily 9:00 A.M. to 6:00 P.M. (Mondays & Thursdays to 8:30 P.M.) Sundays 9:00 A.M. to 4:00 P.M. Closed on holidays.

MAIL ORDER ADJUSTMENT DEPT. Closes 4:00 P.M. daily. Not open Staurdays, Sundays, holidays.

SATISFACTION GUARANTEED

Buy With Complete Confidence. When you buy from us, you're sure of receiving high quality merchandise . . . and you deal with a company whose reputation for dependability and fairness has helped it to become the largest and oldest firm of its kind. Our years of leadership in the automotive mail order field have been based on our guarantee of full satisfaction or your money back.

FULL CREDIT ALLOWANCE

On Exchange Parts and Motors. Parts or motors traded in for credit allowance must be shipped to us prepaid within 60 days of purchase of replacement part. Unless otherwise stated, parts exchanged for credit must be of the same model and year as the replacement part purchased from us.

E-Z RATE — Shipping, Handling and Assured Safe Delivery

For orders which can be shipped via Parcel Post or United Parcel Service. (For stock numbers not mailable, or followed by "E," see **Truck and Express Shipments**). Using the chart below, you can figure your shipping charges quickly and easily.

1. Find your zone in the **Zip Code Chart** below.
2. In **E-Z Rate Chart** below, find the total dollar value of your order (the figure in "Total for Goods" space on the Order Blank). Read across to your parcel post zone. This is your **E-Z Rate** amount.
3. Enter this amount in the **E-Z Rate** space on your order blank. This amount is your total cost of shipping—we pay any additional shipping costs. With **E-Z Rate** your order is fully protected against loss or damage—and our policy of **Satisfaction Guaranteed or Your Money Back** always applies!

E-Z RATE CHART

TOTAL DOLLAR VALUE OF YOUR ORDER	PARCEL POST ZONES							
	LOCAL	1 & 2	3	4	5	6	7	8
.00– 8.99	2.50	2.60	2.65	2.80	2.95	3.10	3.25	3.40
9.00–19.99	2.05	2.20	2.35	2.55	2.70	2.90	3.15	3.35
20.00–29.99	2.75	3.00	3.30	3.50	3.70	3.95	4.25	4.50
30.00–39.99	3.25	3.50	3.70	3.95	4.15	4.40	4.70	4.95
40.00 and up	4.70	4.95	5.15	5.45	5.65	5.85	5.90	5.95

HOW TO FIND YOUR ZONE FROM CHICAGO

Compare the FIRST THREE NUMBERS of your Zip Code with the numbers listed for your state on the following chart to find your zone from Chicago. For example, if you live in Pleasantville, Ohio and your zip code number is 45316 the first three numbers, 453 shows that from Chicago you live in Zone 3.

DOUBLE GUARANTEE ON REPLACEMENT PARTS*

Car manufacturers guarantee replacement parts for 90 days or 4,000 miles. So confident are we of the quality of our replacement parts we do not hesitate to guarantee them for TWICE AS LONG or DOUBLE THE GUARANTEE normally placed upon new automotive replacement parts by car manufacturers.

We guarantee all replacement parts purchased from us and will replace any specific part which is defective within our Double Guarantee period (*unless otherwise stated in the description of the respective item). This Double Guarantee **does not** apply to Speed and Racing Equipment, and does not include rebuilt articles or other used parts, which are guaranteed for 30 days from date of sale. Reconditioned Motors are guaranteed for 90 days from date of sale. **In all cases our liability shall not exceed cost of unit purchased.**

HOW TO RETURN MERCHANDISE

The following instructions do not apply to trade-in items, or items with special warranties, where specific instructions are given, nor does it apply to merchandise purchased from our Retail Store, which must be returned directly to the store.

1. Always refer to an item by both stock number and description when writing, to avoid delay and additional correspondence.
2. **Merchandise will not be accepted for credit or replacement if altered or painted.**
3. **Damaged items**—if damaged via shipment by freight or express, notify transportation company at once so that you do not lose your right to file claim with the carrier. Do not return broken or damaged merchandise to us without our authorization.
4. Any merchandise that has been used by you is not returnable without our authorization. State reasons why you wish to return merchandise and include original order papers.
5. Any merchandise returned to us that has not been used by you must be complete with all parts and instructions, and must be accompanied by a letter giving detailed reasons for return—plus original order papers. Inform us whether you want a replacement, a different item, or a refund, unless otherwise stated in the description of the respective item. (If a different item is desired, State Make, Year, Model of Car it is for.) **Return all merchandise Prepaid to 1D W. Cullerton St., Chicago, Illinois 60616.**
6. Wrap and tie package securely. Whenever possible, return merchandise in original carton. **Your letter of instructions to us should be enclosed with the merchandise.** If returned by Parcel Post, add 10c additional postage for return letter enclosed. **Insure Parcel Post Shipments.**
7. **SPEED OR COMPETITION EQUIPMENT** will not be accepted for return if in your possession over 30 days. Return of Speed or Competition Equipment in your possession less than 30 days will be accepted only after written authorization has been requested and granted. Speed or Competition Equipment which has been authorized for return will be thoroughly inspected upon receipt, and if found to be defective in material or workmanship, credit or replacement will be issued, providing it has not been misused or abused, and is complete with all parts.

THROW AWAY YOUR OLD GAS-GULPING, POWER-ROBBING SPARK PLUGS!

Now!...*Run Your Car Without Spark Plugs...

GET MORE HORSEPOWER, MORE MILES PER GALLON USING ONLY YOUR ORDINARY GAS!

; revolutionary new invention, installed in less than 15 minutes, is so different it had to be given a brand-new name ... the FIRE INJECTOR. It must give MORE HORSEPOWER ... MORE MILES PER GALLON ... for the life of your car. See the unprecedented WARRANTY below!

:ar runs because gasoline is o the cylinders where a spark it to fire. This action causes soline to explode — this ex- n pushes down the pistons. here is the important thing u. The larger this spark is, ore powerful the explosion. ore powerful the explosion, ore **power** you get from a amount of gasoline.

or explosion means wasted ss of power, poor getaway, arting, a sluggish car. Good ion means more miles per , more horsepower, better , quick starting, an exciting drive.

What Controls Your Engine Efficiency?

ur spark plugs control the ncy of that explosion. And y are borderline plugs, not lo they give a small spark to with, but they get worse mile you drive. And **that** you early see for yourself. Put a t of spark plugs in your car en look at them at 100 miles, 00 miles, at 5,000 miles. time you look you will see filth and carbon...more of ectrode burning away.

y, some of the new high ession engines can burn up a spark plugs in a couple of nd miles of driving. *Now, ell me how a weak, ineffi- park from a filthy, burned- ug can possibly give you the f flashing, economical per- nce you want from your car!*

Stop Using Your Old erline Spark Plugs Now!

w, read very carefully what ping to suggest. I am going e you the idea to **stop using 0-mile spark plugs in your** 'hat's right...get rid of them r! But, you may immediately If I get rid of my spark plugs, vill make my engine run?"

Well, please remember that if you were told a couple of years ago that your car could run without a carburetor, you simply wouldn't have believed it — yet today you can have gas injection and get more mileage, efficiency and power from less gas — and in a few years gas injection will have replaced carburetors on most cars. In the same way, all you have to do is replace your old, borderline, inefficient spark plugs with a modern fuel ignition system, and you can do it yourself in 15 minutes if you've never had a tool in your hand in your whole life!

Mechanics and Engineers Read the Following Carefully!

Now, the new fire injection I am talking about is so inexpensive that it can pay for itself in gasoline savings alone. For the moment, forget about the **extra pep, power** and **performance** that can be in store for you. Forget about the savings in spark plug servicing and replacement, the savings in wear and tear on pistons and cylinders. Just remember that *one plug mis-firing in a V-8 engine can cut mileage by as much as 12%!* Just remember that this fire injection system can pay for itself in gas savings. How?

A spark plug jumps a spark of electricity across an air gap; this is most wasteful, and limits the size of the spark.

A fire injector fires on the *surface* of an electrical conductor. You get a heavy, powerful flame that will not blow out at pressures far greater than those created by the highest compression engine!

On borderline spark plugs, the air gap is always getting bigger, wasting power and gasoline. Your plugs are constantly accumulating filth and carbon because of inefficient ignition.

A fire injector has no air gap and no electrode to burn away. It will actually outlast your car, delivering maximum efficiency without servicing or replacement. There is no waste gasoline, no loss of power to which you are entitled.

Ordinary spark plugs have to be replaced regularly. In some of the new high-compression cars, a set of spark plugs will burn up in as little as two months!

A fire injector installation is warranted for the life of your car —no cleaning, servicing, replacing.

Positive, Scientific PROOF!

When you get your set of **Fire Injectors**, here is all you do. If you have automatic transmission, make a note of how fast your car crawls forward when it is in the drive position with the motor idling. If you have a sports car, a racing car or a boat, make a note of the tachometer RPMs when idling.

If you have a regular transmission, put your car in low gear on a level road and notice its speed with the motor idling. Next, take any inexpensive auto spark plug wrench and remove your spark plugs. You will never need them again! Just screw your **fire injectors** right into the spark plug openings.

Check Your Results Carefully!

If you have automatic transmission, now put your car in drive and let your engine idle. If your car stood still with spark plugs, it will now move forward at from 4 to 6 miles per hour; that means that the amount of gas that just kept your engine turning over will now carry you **further — faster — cheaper!**

If you have a racing car, sports car or boat, your RPMs will increase up to 200 *more* at idling — up to 300 *more* at high speed.

CHECK THESE RESULTS ON YOUR OWN SPEEDOMETER!

CHECK THESE DIFFERENCES

SPARK PLUG	FIRE INJECTOR
• Fires across air gap	NO air gap required
• Wire electrode burns away	NO wire electrode
• Carbon ruins firing tip	NO tip deterioration
• Needs cleaning and setting	NO cleaning or setting
• Needs periodic replacing	NO replacing
• Spark blows out under pressure	NO blowing out even at highest compressions

EVERY FIRE INJECTOR CARRIES THIS NO-RISK, MONEY-BACK WARRANTY

FIRE INJECTOR

FULL (OWNERSHIP DURATION)

WARRANTY

Use these remarkable **FIRE INJECTORS** in your car entirely at our risk . . . give them every test you can think of . . . **POWER — ECONOMY — STARTING — SURE-FIRE SMOOTHNESS—PERFORMANCE**, etc. Now, if you are not completely satisfied in every possible way at the end of 30 full days, simply return your **FIRE INJECTORS** for a **FULL** and **IMMEDIATE REFUND.**

We further warrant **FREE REPLACEMENT** of any **Fire Injector**, regardless of the reason, for as long as you own that car (labor not included). Remember: every set of **Fire Injectors** is fully protected by an internationally famous insurance company.

If you have regular transmission, in low gear and with your motor idling, your car will move forward 4 to 6 miles per hour faster. In other words, no matter what you drive, here is **absolute proof** that you can go **further — go faster — go cheaper** when you have proven **fire injectors** in your car.

Order Your New FIRE INJECTORS Now!

You can have your set of **Fire Injectors** for the year and model of your car for a fraction of their value, and if they do not deliver maximum performance, you get your money back within 30 days, or FREE replacement for as long as you own that car. So — if you're a driver who wants his car to **move** when he steps on the gas ... to **start** when you turn the key ... who wants every nickel's worth of mileage from every gallon of gas ... if you're not too lazy to take 15 minutes to remove a set of plugs and install a set of **Fire Injectors** and not too proud to save money — then order yours **NOW!**

IMPORTANT—HOW TO ORDER: When ordering, state make of car, year, number of cylinders, Engine model, cubic inch displacement, or C.C. and stock number.

Set of 4 Fire Injectors (not for 1919-31 Fords)
55-1126W— .....1-Set **$ 7.90**

Set of 6 Fire Injectors
55-1127U— 1-Set **$11.85**

Set of 8 Fire Injectors

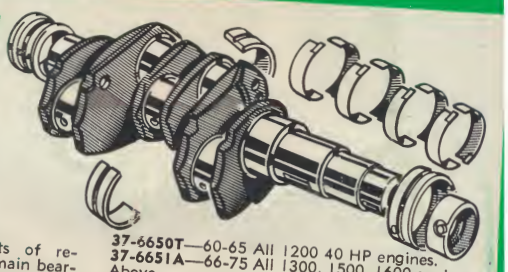
CRANKSHAFT KITS FOR VOLKSWAGEN



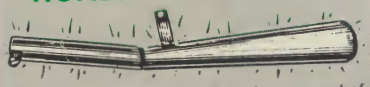
Precision reground—with matching rod and main bearings. Sold outright—no trade-in necessary. Crankshaft is precision ground and polished—none ground more than .030. New, top quality rod and main bearings are precision matched and fitted to each journal. All bearings made to exact factory specifications. Complete kit consists of reground crank and matching rod and main bearings. Ready to install. For the following:

37-6650T—60-65 All 1200 40 HP engines.
37-6651A—66-75 All 1300, 1500, 1600 engines.
Above Numbers 1-kit **$49.95**

GAS TANK for Willys Jeep®

New heavy gauge galvanized steel tanks. Reinforced, with electrically welded seams.
NOTE: Does not include provisions for anti-pollution devices. Not mailable, shipped via truck or express. Shpg. wt. 19 lbs.
89-9523WE—Fit CJ2A, 3A, 3B....Each **$52.95**
89-9524UE—Fit CJ5, CJ6 .....Each **59.95**
19-6338XE—Fit MB (Not for M38)..Each **64.95**
GAS TANK STRAP.
75-3304T—48" long .....Each **$1.89**

Chromed MEGAPHONE SPORTS MUFFLERS for HONDA CB350 TWIN



Precision engineered to lower back pressure, baffle sound, yet give a mellow tone. Best for maximum performance. Welded-on mounting bracket. Has 3" body diameter. 24-1/2" long.
02-5572A—Fit CB350 Twin only
1-Pair **$35.98**

ROOF VENTILATORS FOR RV'S AND VANS

Available in Colors: Smoke, Bronze Amber and Translucent White Lids.

Crank Operated Free-Flow Gravity Vent. Opens to 12". Fits 14" x 14" opening. White plastic inside trim. Includes rust resistant outer flange. Ventilators fit 1-1/2" to 3" roof thickness. Aluminum screen included. Weathertight closing.
17-9150N—Smoke .....Each **$13.49**
17-9151T—Bronze Amber .....Each **13.49**
15-3202B—Translucent .....Each **13.49**

Powered Vent (not shown). Same as above but with 12 volt motor driven 7" diam. fan. Crank to open. Adjust from 1-1/2" to 3-3/4" roof thickness.
17-9152A—Smoke .....Each **$29.95**
17-9153R—Bronze Amber .....Each **29.95**
15-3203P—Translucent .....Each **29.95**
